

Chapter: 1626

Guo Tianlin's furious words aroused a crazy killing intent towards Lin Fan in his heart!

He didn't know the origin of that kid, but since Guo Tianlin became the master of the Qingmen, he has never been threatened like this.

Whether it is Xu Longxiang or Longjiu, even if he kills the genius doctor Lin, will they still be able to chase him overseas to kill him?

to be frank!

Out of China and discussing power overseas, these two people may not have played with themselves!

just!

Jingle Bell!

The bell that seemed like a life-threatening ring once again rang in this conference room.

Everyone swallowed nervously at this moment, and their hearts were extremely uneasy. Which boss is calling this again?

Why is it still over?

Even Guo Tianlin panicked, holding the mobile phone in his hand, and dared not to connect.

I'm afraid that once it is connected, I will set up a great enemy for no reason!

But after a while, he finally gritted his teeth and pressed the amplifier!

This time, the other party even more simply:

“Guo Tianlin, do you want to die?”

Do you want to die?

The words that were so cold to the bones resounded through the audience at this moment!

Everyone present had scalp tingling!

The other party must have a huge background, so he dared to threaten Guo Tianlin so arrogantly.

At the moment, Guo Tianlin's face was completely gloomy, and he asked angrily:

“Who are you so special? Dare to talk to me like this?”

Over there, there was silence!

Everyone felt that at this moment, the atmosphere was frozen!

He raised his ears very nervously, waiting for the answer from the other party!

just!

The voice coming from the phone made the entire Qingmen completely mad!

“Northern Army, Nihuang!”

Puff!

In a word, Guo Tianlin was paralyzed by fright!

The cruelty and viciousness on Guo Tianlin's face disappeared at this time, and some were just endless horror and horror!

Northern Army, Nihuang!

One of China's four major military seats!

Who doesn't know this title?

“This... how is this possible, even the army seat stood up to support that genius doctor Lin?”

“No, that's not right! That genius doctor Lin is definitely more than just a doctor!”

The other big guys in Qingmen were almost scared to pee at this moment.

There was a deep panic in his eyes!

The first two, they can take it seriously!

But how dare they ignore the Nihuang Army Seat?

That's a terrible woman well-known all over the world!

The soldiers she led were notoriously fierce and not afraid of death.

They guarded the country for many years and no one dared to provoke them.

Dare to contend with such a hero in female middle school?

Just a phone call, the oppressive feeling made them breathless, and even their souls trembled.

They simply don't have the courage to challenge each other!

“When your Qingmen entered China, it was the day when my Northern Territory Army wiped out your Qingmen power. If your Qingmen wants to destroy the door, I will perfect you!”

The Nihuang attitude on the other end is also exceptionally tough, revealing a strong murderous intent!

And Guo Tianlin and others also know that Nihuang has always done what it says!

Moreover, if she really wants to wipe out the power of their blue sect, it is just a flick of a finger, it is not a difficult task!

A deep wry smile suddenly appeared on Guo Tianlin's face:

“Can you tell me, who the hell is that genius doctor Lin?”

If the Nihuang Army Seat can come forward, that genius Doctor Lin will definitely not be an ordinary person.

This time, they believed too much!

Cooperate with psychiatrist Lin?

I'm afraid they won't look down on them at all, right?

And Nihuang on the other end sneered and said:

“As you are, you are not qualified to know who he is!”

Finished!

Just hung up the phone!

At this time, Guo Tianlin was shivering with his legs, and he was not qualified to know who he was?

In other words, does that man have a terrifying background?

If you let him know and send someone to kill him, then I'm afraid...

He has not dared to continue thinking about it!

“Quick! Let everyone in Qingmen come back! Come back!!!”

Guo Tianlin roared hysterically, he was going crazy at this time.
