

Chapter: 1634

What's more, not just him, even his family members can't escape death!

The other party clearly came to force the palace!

Surrender or die, this is the choice Lin Jiangchao gave him!

“Old Long, how are you thinking about it?”

Lin Jiangchao looked at Long Jiu with a faint smile, and then there was a fierce flash in his eyes.

As long as Long Jiu dared to refuse, Lin Jiangchao would instantly give an order to let the great master behind him kill the Long Jiu family.

At this time, the Lin Family and Lin Fan had already started a full-scale war. The Lin Family would not hesitate to die at all consequences, regardless of all costs!

Therefore, people like Long Jiu must also make a choice, either to bury Lin Fan, or to be loyal to their Lin family.

Looking at the little grandson who was kneeling on the ground playing not far away, Long Jiu hesitated, frowning tightly together.

At the moment, you can't refuse!

So Long Jiu is pretending to be tempted:

“How do I know that your Lin family will definitely win, but you have been losing steadily during this period of time. If you lose to that guy, wouldn't my Long family be buried with you?”

Upon hearing this, Lin Jiangchao did not suspect that he was there, and thought that Long Jiu was really tempted!

At the moment, Lin Jiangchao made a pledge:

“The reason why our Lin family failed steadily before was because the Patriarch didn't take him seriously!”

“But it's different now. The Patriarch has decided to deal with him personally. For this reason, he has mobilized all the strength of the Lin Family in China. This time he will besiege Lin Fan anyway!”

“Elder Long, do you think it is a great master who can withstand the crazy revenge of my Lin family?”

Lin Jiangchao looked extremely confident, as if Lin Fan was already dead in his eyes.

Hearing this, Long Jiu just pretended that it was difficult to make up his mind, and it took a long time to finally gritted his teeth:

“Mother, then I will accompany Lin Shao to make a bet, but I still have one condition!”

Lin Jiangchao raised his brows, as if he didn't even think he could convince Long Jiu so quickly. This was simply unexpected.

If the Lin family knew that he had accomplished the task brilliantly, that would definitely be a great achievement, and it would not be impossible to compete for the position of Patriarch in the future.

After all, Lin Hongtu's three direct grandchildren were all dead, but his sons were all a bunch of wine and rice bags, and it was difficult to convince the crowd.

As for the conditions Long Jiu put forward, he didn't care at all, let alone one condition, even if it was ten conditions, he still met.

Even at this time, in his opinion, if Long Jiu didn't mention any conditions, it would be a ghost.

The old fox Long Jiu obviously knew this, so he said with a smile:

“I want my whole family to be officials, and all of them cannot be below the head of the game!”

This!

Lin Jiangchao hesitated for a moment, and then nodded voluntarily:

“Yes, I promise you!”

As long as Long Jiu helped kill Lin Fan's family, it would be a grasshopper on the same rope with them.

Even if he turns back then, what can Long Jiu do to him?

The whole family is the official, and the lowest is the head of the game, this old thing really dares to speak loudly!

How much resources did the Lin family consume?

Thinking of this, Lin Jiangchao suddenly sneered, and a hint of sinister flashed in his eyes. At this time, he was planning to play Long Jiu as a monkey!

just!

He didn't know that Long Jiu was playing him like a monkey too!

Both of them laughed treacherously with ghosts in their hearts.

And Hou Longjiu was kindly invited and wanted to invite Lin Jiangchao to eat out. In fact, he wanted to draw Lin Jiangchao out of here and save his family's lives.

But Lin Jiangchao has been dazzled by joy, and he doesn't even think so much at all.

just!

Just after Long Jiu greeted Lin Jiangchao and the others, he found an excuse to leave the door and directly called Lin Fan to inform him.

just!

He underestimated the great master's ability!
