

Chapter: 1643

The moment Lin Fan's voice fell, the audience fell into a dead silence!

Everyone seemed to have heard something terrifying, and a stormy sea roused in their hearts, and they all stared at the unconscious man in front of them!

Zhou Boxong is a big boss in the imperial capital, and is by no means comparable to Zhou Junyu.

He really has the ability to determine life and death, but Lin Fan actually said that he didn't put him in his eyes?

This is so desperate!

Zhou Botong nodded and said with a fierce look:

"Okay, I will fulfill you!"

Then, he looked at a man who looked like an iron tower beside him, and said sharply:

"Kahn, interrupt his leg and throw it out!"

"Master, don't mess around, he is Master's distinguished guest!"

Li Xunran hurriedly stepped forward to obstruct him, for fear that Zhou Botong would really irritate Lin Fan. In that case, something really happened.

Zhou Boxong glanced at Li Xunran, but he reprimanded him with a good face:

"Get out! What's the matter with you here?"

He was originally Yao Lao's most respected disciple, but in the past few years, his focus has been on business, and he has gradually lost his original mind as a doctor.

Therefore, Yao Lao gradually became disappointed in him, and then alienated him. On the contrary, he was green eyes with the youngest Li Xunran, and even declared her as his successor.

How can Zhou Botong not be jealous?

Right now, when he heard that Li Xunran actually helped Lin Fan speak, he immediately became angry, and directly insulted indiscriminately.

"you!"

Li Xunran gritted his teeth, and then nodded in anger:

"You want to die, I don't care about you, I just hope you can bear the consequences!"

With that, she walked to the side, and as expected, she stopped being nosy!

Ho ho!

Zhou Botong just smirked and didn't take Li Xunran's words to heart.

Does a little girl think that a few words can scare him Zhou Botong?

It's so funny!

"Kane, do it!"

Zhou Boxong sternly said, he wants Lin Fan to die now!

On the side, Zhou Junyu also flushed with excitement, glaring at Lin Fan:

"Dog stuff, do you dare to interrupt my hand? I want to abolish your limbs and play with your woman in front of you!"

"You are dead!"

Boom boom boom!

Kane walked towards Lin Fan, the sound of footsteps was like a giant mountain moving, causing a terrifying shock!

Boom!

Everyone in the audience was shocked!

Everyone knows how terrifying this foreigner is, he is a top master!

Because he received the favor of Yao Lao in his early years, he was willing to serve Yao Lao, and later Yao Lao sent him to protect Zhou Botong!

Legend has it that this monster once dented a tank with one punch!

Now that he takes action to clean up Lin Fan, then Lin Fan must be dead!

Upon seeing this, Bai Yi also nervously grabbed Lin Fan's hands, trembling uncomfortably.

But Lin Fan still looked calm and composed, with a playful smile on the corner of his mouth, just watching Kane come.

Boom!

At this moment, Kane stood in front of Lin Fan, the tiger's body over two meters high was very oppressive.

In front of him, Lin Fan looked like a child, a lot shorter!

Puff!

But in the next moment, a shocking scene happened!

The Kane who was supposed to maimed Lin Fan, kneeled directly in front of Lin Fan at this moment!

At the same time, he lowered his proud head and said in a respectful and awe-inspiring voice:

"king?"

boom!

The atmosphere of the audience, at this moment, seemed to burst completely, everyone was stunned!

Each of the eyes was full of horror and disbelief!

Kneel down!

Kane didn't beat Can Lin Fan, but instead knelt down toward him?

dream!

This scene is like a dream!

Kane is obviously Zhou Botong's bodyguard, but now he kneels to a strange man?

how can that be!

Upon seeing this, Zhou Botong was also crazy, and roared extremely embarrassedly:

"Kane, what are you doing? Disable him, I order you to mutilate him immediately!"

just!

Kane looked back at him:

"I can't beat him because he..."

"Kill me like a dog!"
