

# Chapter: 1670

Lin Fan was a little curious, but it was the first time he heard that Bai Yi had a cousin.

After further questioning, I found out that the other party was a child of Baishan's second uncle's family. He had been studying abroad and only recently returned to Huaxia, and he was very good. It is said that he has obtained a double doctorate degree.

Bai Yi also said that when she was a child, she targeted her cousin, because her cousin is the best no matter what she does, she is a super woman!

Half an hour later, Lin Fan and Bai Yi met the legendary cousin. At the age of nearly 30, she did not leave too many traces of time on her body, but added a bit of mature charm and charm. Intellectual.

It's like a peach, you can't wait to bite it when you look at it.

She wore a capable little suit and professional short skirt, giving people a sense of social elite.

At this time, she embraced Bai Yi enthusiastically, and then said to Bai Yi in a bit annoyed manner:

"Thin!"

"It's good to be thinner, which woman doesn't want to be thinner?"

Bai Yi said with a smile, then pulled Lin Fan over and introduced to his cousin:

"This is my husband Lin Fan!"

Lin Fan nodded to the other party as a greeting.

The other party also enthusiastically stretched out his hand, shook hands with Lin Fan, and introduced himself:

"Hello, my name is Xu Yourong, I am glad to meet you!"

just!

When saying this, a faint hatred flashed through Xu Yourong's eyes.

At the same time, the hand that shook Lin Fan's hand was also one-touch and left, as if he was afraid that he would get his hand dirty if he held it for a long time.

"Let's find a place to have a meal, I'm almost starving to death!"

Xu Yourong said with a smile, still looking enthusiastic, I have to say that this acting can be described as an expert level.

Then, they went to a restaurant.

Bai Yi went to the toilet halfway through, and with her walk, Xu Yourong's attitude changed three hundred and sixty degrees.

I lighted myself a cigarette, and then looked at Lin Fan condescendingly:

"Leave Bai Yi!"

The voice is very cold, it is chilling!

It's like saying that with Lin Fan, and it feels disgusting.

From beginning to end, Lin Fan was not looking straight at him!

"what did you say?"

Lin Fan's expression was stunned, and he thought he had heard it wrong. It was the first time he and Xu Yourong met. How could Xu Yourong be so hostile to him?

Where did this offend this woman?

Xu Yourong frowned suddenly and said with an unhappy expression:

"I told you to leave Bai Yi, a person like you is not worthy of her!"

"And I also know that she was forced to marry you because she was forced to have no choice. She still has a more splendid life and shouldn't be dragged down by waste like you."

At this time, Xu Yourong did not hide his hatred for Lin Fan in the slightest.

Hear the words!

Lin Fan was stunned and said with a smile:

"Why?"

Ok?

The disgust in Xu Yourong's eyes was immediately exposed, and he looked at Lin Fan coldly:

"What I hate the most is your stubborn, shameless man, do you find it interesting to pester her like this? Do you think you are a good match for her?"

"Since the divorce is going to happen sooner or later, why bother to make each other unhappy?"

Xu Yourong firmly believes that a marriage that does not fit together will never come to the end.

Because the three views are different, the two sides will be dizzy due to the short-term passion in a short time, but the contradiction will naturally appear over time.

By that time, Bai Yi would definitely divorce Lin Fan.

And Xu Yourong also looked down upon Lin Fan, a son-in-law who relies on soft food, he is not worthy of Bai Yi, Bai Yi should be worthy of a better man!

At this time, Lin Fan also laughed and asked:

"Then consider that I really divorced Bai Yi, what will happen after that?"

"She won't be sad, won't she be sad?"
