

Chapter: 1678

Lin genius doctor?

Huo Dongying's whole body suddenly shook, and he felt his legs weaken unconsciously.

Lin Fan's demonic face appeared in his mind for an instant.

That man is the devil, and because of his words, their family went bankrupt overnight, and his father almost beat him to death.

At this time, he already had an instinctive fear of Lin Fan. If this offends him again, then his Huo Family will really be over.

At the moment, Huo Dongying began to retreat.

just!

Soon, Huo Dongying reacted again, a sneer appeared on his face.

Xu Yourong has just returned to China, how could he be able to have dinner with the genius doctor Lin?

And I have never heard of Xu Yourong knowing the genius doctor Lin before. This woman must be scaring herself!

"Xu Yourong, do you think I am an idiot? Why do you think both cats and dogs are qualified to have dinner with psychiatrist Lin?"

Huo Dongying snorted coldly, and then stared at Xu Yourong unkindly:

"Grab this bitch for me!"

Xu Yourong's face turned pale for an instant, she knew that Huo Dongying was so easy to be fooled, and the mysterious doctor Lin was so mysterious, how could she be able to see it if she wanted to?

But when Xu Yourong was already desperate, she suddenly saw Lin Fan come out.

At the moment, she seemed to have grasped the life-saving straw, and shouted at Lin Fan:

"Mr. Lin, save me!"

At this time, she could only use a dead horse as a living horse doctor, and let Lin Fan pretend to be the genius doctor Lin to scare off Huo Dongying.

I hope Huo Dongying will believe it.

But at this time, Lin Fan looked confused, and then saw Lin Xu Yourong winking at him.

"Lin...Mr. Lin!"

The moment Huo Dongying saw Lin Fan, he was almost scared to pee.

It's really a genius doctor Lin!

Xu Yourong actually knew the genius doctor Lin!

How could Huo Dongying forget this devil's face?

Puff!

Huo Dongying was immediately paralyzed on the ground, crying and begging to Lin Fan:

"Mr. Lin, I... I didn't mean it. I didn't know she was your friend. Please let me go."

what!

Xu Yourong was stunned, Huo Dongying believed it?

Xu Yourong ran towards Lin Fan quickly, stood behind Lin Fan, and whispered:

"You pretend to be Doctor Lin and help me chase him away!"

Pretend?

Lin Fan was taken aback, and then he couldn't help laughing. He is a genuine genius doctor Lin. Does he need to dress?

Lin Fan took a step forward, looking at Huo Dongying coldly, and only uttered one word:

"roll!"

Hear the words!

Huo Dongying immediately nodded like an amnesty, as if he had recovered his life from a ghost gate.

"Yes, yes, I'll get out now! I'll get out soon!"

Huo Dongying ran away even scrambling, even without the courage to turn his head back, he was completely frightened.

call!

Xu Yourong breathed a sigh of relief and felt extremely grateful.

Fortunately, Huo Dongying was an idiot and was really scared away.

But this is too easy, right? Why is Huo Dongying so easy to listen to her one-sided words, so he has the courage to prove it?

This is not quite right!

Although Huo Dongying is an idiot, he shouldn't be so foolish, right?

But she didn't know, this was because Huo Dongying had seen the real genius doctor Lin.

And that genius doctor Lin was standing beside her.

"Can you let it go?"

Lin Fan said indifferently that Huo Dongying had already run away, but Xu Yourong was still holding onto his clothes.

Xu Yourong quickly loosened Lin Fan's clothes, but said with a good face:

"Don't think you helped me, I will be grateful to you!"

The speed of this turning face is breathtaking.

But Lin Fan snorted coldly, and said unkindly:

"Don't worry, I never expected it!"

After finishing speaking, he was striding away from the door.

Xu Yourong was stunned on the spot, then his face suddenly sank:

Damn it, what a cool trick!

Lin Fan said this as if she was an ungrateful person.
