

Chapter: 1706

And this time!

Lin Fan looked at him condescendingly:

“I touched, but you don’t have to call daddy!”

“Because you don’t tell me to be a son, it’s not worthy to be a grandson!”

puff!

Wang Boyi immediately had the urge to vomit blood. How could this be so special?

I am a master!

For him, a punch from an ordinary person was tickling him, unable to cause any harm.

But this guy stunned himself with a punch?

Is he dreaming?

Right now, Wang Gamei was completely dumbfounded, looking at Lin Fan in disbelief:

“You, are you also a master?”

Only the grandmaster can hurt the grandmaster!

Lin Fan sneered and said proudly:

“How can a woman as good as Li Xunran fall into a crap?”

Now!

Wang Boyi’s face is as ugly as it is, he believes at this moment that Li Xunran really betrayed him!

And this chopstick in front of him is really his wild man!

Wang Boyi is a hate!

I really let people get on the ground first!

Immediately, Wang Gamei was furious and roared at Li Xunran:

“Li Xunran, you shameless slut, you dare to go against the wishes of the family and find a wild man casually. I will report this matter to the family truthfully.”

“I’m telling you, you’re done!”

Ok?

Lin Fan frowned, then raised his fist, threatening viciously:

“You still want to be beaten, don’t you?”

Hear the words!

Wang Boyi suddenly took a few steps back in horror, apparently already aware that he could not deal with the man in front of him.

After a safe distance from Lin Fan, Wang Boyi finally said angrily:

“Boy, it won’t be long for you to be proud! If you dare to destroy the marriage between the Li family and the Wang family, the two families will definitely take your head. You are dead! Hahaha!”

What if Lin Fan is the master?

With the abilities of the two families, it is easy to kill a grandmaster, and it can even be said that it is effortless.

“Dog men and women, wait for it!”

Looking at Lin Fan and Li Xunran bitterly, Wang Gamei turned to his Ferrari and walked away in an instant.

“Counsel!”

Seeing Wang Gamei fleeing, Lin Fan suddenly sneered, then turned around and walked towards the Washington Pharmacy.

“Are you leaving now?”

Li Xunran frowned and asked.

“if not?”

Lin Fan looked back at Li Xunran and said jokingly:

“Could it be that you really intend to treat me like a boyfriend?”

Li Xunran’s face suddenly sank, and he said extremely unhappy:

“Who is rare!”

She originally thought this guy would comfort her, but she didn’t expect this guy to be so incomprehensible.

Not even willing to ask more, it’s too much!

They are beautiful women, okay?

“Lin Fan, can you send the Buddha to the west and pretend to be my boyfriend?”

Li Xunran suddenly thought of something and begged Lin Fan.

just!

Lin Fan is still puzzled by the style:

“No, I don’t want to get involved in any inexplicable things.”

But Li Xunran, who heard this, smiled sinisterly:

“But you have been involved. Didn’t you hear what Wang Boyi said?

The Li family and Wang family will soon know that you are my boyfriend. Do you think they will let you go?”

Lin Fan was taken aback, then annoyed:

“Knowing you, I really have lost my blood for eight lifetimes!”

For some reason, seeing Lin Fan deflated, Li Xunran felt a sense of pride inexplicably.

“Don’t be so angry, I won’t let you do it in vain. As long as you help me this time, when I become the head of the Li family in the future, I will definitely repay your kindness today.”

Li Xunran said with a smile.

But when he heard this, Lin Fan curled his lips and said in a good tone:

“I just ask you not to harass me in the future, then I will thank God.”

After saying this, Lin Fan didn’t bother to talk to Li Xunran again, and walked in toward Washington Pharmaceuticals.

And Li Xunran was taken aback for a moment, and then he stomped his feet angrily, and cursed angrily:

“Dead guy!”
