

Chapter: 1730

just!

How could Zhu Qianlong let Lin Hongtu meet his father?

Immediately, a touch of ridicule appeared in his eyes:

“Patriarch Lin, I think you heard it just now, Yao Lao is talking with my father very happily, so I don’t want to be disturbed!”

“I think you should make another day! Please come back!”

boom!

All the bigwigs changed their looks, they underestimated the toughness of the Zhu family.

With so many people coming to visit, the Zhu family avoided seeing them, and instead ordered them to be removed.

This is clear, even if you don’t give them face, you still have to keep Yao Lao at Zhu’s house!

Today’s matter, I am afraid it will be difficult to end well!

For a moment!

Lin Hongtu’s face also became unsightly. I’m afraid that the old fox from Zhu Yuanchao has also developed a keen interest in the new vaccine, so he has such a firm attitude.

The vaccine must not fall into their hands, otherwise the Zhu family will surely resurrect one day, and by that time their Lin family will be in complete disaster.

The most important thing is that Lin Fan is still watching, Haikou has already praised, if Yao Lao can’t be saved at this time.

Wouldn’t it be a joke for Lin Fan this little beast?

At the moment, Lin Hongtu said solemnly:

“Zhu Qianlong, is your Zhu family really going to force us to make things big? If the outside world knows that your Zhu family has kidnapped the respected Yao Lao, I think even you will still be unable to eat!”

But Zhu Qianlong sneered!

“Patriarch Lin, let me say it last time, we are not kidnapped! We are just asking Yao Lao to be a guest. If you dare to maliciously slander, our Zhu family will also take corresponding measures for your own reputation!”

“you!”

Lin Hongtu suddenly became angry.

And Lin Zhanli also yelled in annoyance:

“Dad, talk nonsense with him, just go for it!”

Hard drive?

Zhu Qianlong’s expression suddenly became gloomy, and then he sternly said:

“You can try!”

The voice just fell!

Huh huh!

A series of masked black shadows appeared in the field one after another, and all of them showed their murderous intent!

Obviously it was broad daylight, but these people gave them an extremely gloomy feeling, like a ghost from hell.

Hidden Dragon Kill!

An assassin alliance that has been with the Zhu family for centuries!

The moment they saw them, the big guys suddenly felt weak, because they all knew that these people in front of them really dared to kill.

They are the dead members of the Zhu family. As long as the Zhu family gives an order, even if it is for them to kill their biological parents, wives and children, they will not blink their eyes.

At the moment, Lin Hongtu’s face also became ugly, he knew that there was no way to break through today.

“It turns out that your Lin family is nothing more than that!”

Just as Lin Hongtu was annoyed by it, Lin Fan’s ridicule came in his ear. Ok?

Lin Hongtu immediately stared at Lin Fan with a murderous look:

“What kind of thing are you, is there any place for you to speak here?”

“You have the ability, come!”

This guy is just talking about it!

If he has the ability to rescue Yao Lao, he doesn’t need to stand stupidly here!

Ho ho!

Lin Fan smiled, and then said:

“I’ll do it if I come!”

With that said, he said to Li Xunran on the side:

“Any paper and pen?”

Li Xunran glanced at Lin Fan suspiciously, not knowing what he wanted to do:

“There is a pen, but no paper!”

“Then get the materials on the spot!”

Lin Fan tore off a piece of clothing from his body, and then wrote something on it.

Immediately afterwards, he gave it to Zhu Qianlong, and said at the same time:

“Give this to Zhu Yuanchao, he will know how to do it!”

puff!

Hahaha!

And his behavior immediately made Lin Zhanli burst into laughter crazily.

“Lin Fan, do you have a brain? So many of our bigwigs have nothing to do here. You can write a few words to let Zhu Yuanchao let go. Who do you think you are?”
