

Chapter: 1737

“Grandpa?”

The next morning, Lin Fan and Bai Yi set off together to Song’s house! Only then did Bai Yi know that it was his grandfather that Lin Fan was going to take her to.

This made Bai Yi a little nervous, and felt like an ugly daughter-in-law sees her in-laws.

At the moment, she complained a little:

“Why don’t you tell me in advance that I can buy something so I can just go empty-handed, it’s too shameful!”

Lin Fan glanced at her with a smile, shook his head and said:

“No, I have prepared a big gift. Grandpa and his old man will love it!”

“Today, I will give his old man a surprise! Likewise, I will give you a surprise too!”

Bai Yi stopped talking, held Lin Fan’s hand tightly, and then docilely put his head on Lin Fan’s shoulder.

.....

And this time!

The Song family has completely exploded the pot!

“What are you talking about? Genius Doctor Lin, want to come to our Song’s house?”

A scream cut through the entire Song family in an instant.

An old man in his seventies stared at his son in disbelief. His face was completely red at this time.

He is Lin Fan’s grandfather, Song Yuerong!

Not only him, but even the Song family present were all dumbfounded, with an unbelievable appearance.

What a joke!

That’s the genius doctor Lin, a leader in the contemporary pharmaceutical industry. Even the veteran of medicine has to respect him three points, and he is now the chairman of Washington Pharmaceuticals.

Such characters, in the eyes of their Song family, are the aloft Haoyue, and they are humble ants like dust.

How could he be worthy of their little Song family?

dream!

Everyone feels that this is a dream!

That kind of feeling, as if an ordinary person has won tens of millions of pornography, ecstatic and can’t believe it is true.

“Dad, it’s true! It was Zhang Jianjun’s call personally. Let us prepare in advance, and Zhang Jianjun will come soon!”

boom!

The entire Song family was instantly pushed to an unprecedented level.

Zhang Jianjun is calling?

Such an existence calls them in person, can it be fake?

They Song family, is this to make a sparrow fly on a branch and become a phoenix?

“God bless my Song family! I am favored by the genius doctor Lin, and my Song family is flying up and down. It’s just around the corner!”

Song Yuerong’s old tears of excitement spread, and then shouted loudly:

“Quick! Prepare the best food and drink, and entertain the genius Doctor Lin with the highest courtesy!”

“If anyone dares to neglect the psychiatrist Lin, expel from the Song family!”

All the Song family were in an uproar, and then they hurriedly prepared.

Where would they dare to neglect the genius doctor Lin?

He was bestowed upon them by the Song family, a great and beautiful future.

Although I don’t know why such a big man would like their little Song family, but this kind of opportunity is not to be missed.

At the moment, Song Yuerong ordered to his grandson:

“Song Jingteng, immediately go to the five-star hotel and ask their chef to take care of it. No matter how much money is spent, I will invite people to come!”

“understand!”

Song Jingteng hurriedly agreed, and then rushed out the door full of excitement. He knew that at this time, he had a major task.

just!

When Song Jingteng came to the door, he saw a pair of plainly dressed men standing in front of their house, about to knock on the door.

Because the two of them were too low-key, Song Jingteng didn’t even think about them at the genius doctor Lin.

Now he asked impatiently:

“Who are you guys doing sneakily here?”

Bai Yi and Lin Fan were both stunned. They never thought that the first Song family who came out had such a bad attitude.

However, Lin Fan didn’t want to care about him either, and said with a smile:

“I’m Lin Fan, I’m here...”

But Lin Fan only said his name, and he didn’t have time for the next round.

Song Jingteng had already called out in shock:

“Lin Fan, are you that wild species?”
