

Chapter: 1776

It's fine to watch Xu Yourong being insulted and indifferent, and even call his wife and let his wife come here to be humiliated?

Today, if he hadn't come here in advance, no one could predict what would happen to Bai Yi!

At the moment, Lin Fan had already murdered Wang Zhijun!

And Wu Zhizhong also smiled gloomily:

"The king of soft rice, listen carefully, and I will play with your wife in front of you for a while!"

"And you can't do anything with a waste like you!"

Wu Zhizhong is confident that Lin Fan will be determined.

In the imperial capital, he is heaven!

If a little white face who eats soft rice dares to pretend to be in front of him, he will die directly!

Upon hearing this, Xu Yourong's face suddenly turned pale, and her delicate body trembled constantly.

Then he pushed Lin Fan:

"You...you go! Go away, you! Just go out and call the police for me while his people are still not here!"

But Lin Fan didn't move, but gave Wu Zhizhong a cold look:

"Ho ho, if you can do it, you can try it!"

Lin Fan, he has never been afraid of anyone!

Then, Lin Fan helped Xu Yourong and asked softly:

"Can I go now?"

Xu Yourong sighed, with a self-blaming expression on his face:

"Sorry, it's me! It's me who killed you!"

If Lin Fan wasn't trying to save her, he wouldn't offend Wu Zhizhong, let alone end up like this.

Now Xu Yourong has finally made a difference to Lin Fan.

Although this guy is a little incompetent, he is at least like a man and can stand up for women at critical moments.

Unlike Wang Zhijun, it is a complete waste.

"Come on! Give me this waste! I want a hero to save the United States, I will make you a bear!"

Wu Zhizhong said viciously, and then a group of bodyguards rushed towards Lin Fan unkindly

"Wu Zhizhong, I warn you not to mess around. You also said that the great doctor Lin will be here soon. If you dare to do something to me, do you think the great doctor Lin will cooperate with you?"

Xu Yourong scolded angrily, but he was stern, and at this moment he held Lin Fan's arm uneasy.

At this time, she could still come up with a clever plan to drive away tigers and devour wolves, which made Lin Fan a little bit better about this woman.

But at this time, Wu Zhizhong sneered:

"Scaring ghosts, do you think that Doctor Lin will coax me out for your little employee? You are too overestimating yourself?"

"Hahaha, I will invite Genius Doctor Lin to play with you soon, so he shouldn't be angry, right?"

"you!"

Xu Yourong was embarrassed by Wu Zhizhong's shamelessness, but he was also a little worried.

Wu Zhizhong was right. In his capacity, Master Lin would not necessarily offend a big man like Wu Zhizhong for being an ordinary supervisor.

But at this moment, an unsuitable voice sounded:

"Mr. Lin, I won't cooperate with you! I promise you!"

Is this waste again?

Wu Zhizhong immediately looked at Lin Fan angrily. What qualifications does this soft meal have to speak for Lin Fan?

Is he the genius doctor Lin?

Even Xu Yourong looked at Lin Fan with a look of astonishment, wondering why this guy was so confident.

Does Lin Fan know anything?

However, Lin Fan didn't understand everyone's astonishment, and there was a sneer at the corner of his mouth!

Wu Zhizhong didn't even know who he was, so he said he wanted to sleep with his wife?

Even more, dare to threaten him?

"Dog stuff, who are you scaring? Don't tell me this trash, you will know such an existence as the genius doctor Lin!"

Wu Zhizhong also looked at Lin Fan suspiciously, and was frightened by Lin Fan's self-confidence.

This guy, doesn't he really know the genius doctor Lin, right?

If that were the case, his fun today would have to be forced to end, after all, he is more keen on making money than playing with women.

But Lin Fan smiled:

"I don't know the genius doctor Lin!"

At the same time, he added in his heart: Because I am the genius doctor Lin!
