

# Chapter: 1803

“Okay, I promise you,” Lin Fan nodded, “If Grandma’s disease can’t be cured, I won’t bother with Bai Yi anymore. She can marry at will.”

With tears in Bai Yi’s eyes, he nervously took Lin Fan’s hand and choked.

“Don’t, Lin Fan, don’t do this...”

Lin Fan patted the woman’s hand, soothing.

“Why, my wife, I know that grandma will wake up soon.”

Wang Yanli rolled her eyes aside and sneered.

“Let him go crazy for a while, it won’t take long before he will get out of here!”

Wang Youcai glanced at the old lady on the bed who still had her eyes closed, and sneered.

“Lin Fan, just wait to get out of Jiang’s house!”

Wang Yanli added fuel and jealousy to the Xu family and said, “If he is shameless later, you can throw him out!”

“There’s a problem, aunt!” several young people promised, patted their chests:

“To deal with such waste, we are definitely ahead.”

Xu Dexiang on the side really couldn’t stand it, and scolded Wang Yanli.

“Lin Fan said that after taking the pill, it will take half an hour to see the effect. Do you want my mother to let go?!”

Wang Yanli quickly explained: “It’s not Dexiang. Of course, we hope that our mother-in-law will get better, but Lin Fan has nothing to do with this waste.”

Xu Yourong shouted angrily to Wang Yanli.

“Mom, since Lin Fan said that the effect can be seen in half an hour, it must be possible. Why do you still look down on him like this?”

Lin Fan picked up the phone and smiled to check the time.

“It won’t take half an hour. Twenty minutes have passed now. Just wait a few more minutes.”

“Hahaha, Lin Fan,” Wang Youcai pouted arrogantly.

“You are really cheeky! It doesn’t matter, I think how long you can last. It’s still a minute, I think grandma won’t wake up in another hour.”

Xu Dexiang, who had been staring at the old lady’s face, suddenly shouted.

“Don’t make noise, don’t make noise, look, my mother’s eyelids just jumped twice.”

Wang Yanli shook her head and sighed.

“Dexiang, I know that you are a filial son of your mother-in-law, but it’s impossible for her old mother to wake up.”

“Yes, Dexiang!” Wang Yanli said:

“We all hope that the old lady will get better, but after all, she is old and weak, and it is unlikely to get better.”

Before she finished her words, she could only hear a grunt in the throat of the old lady on the bed.

boom!

Everyone couldn’t believe their ears, thinking they had misheard.

Then, the old lady let out a long moan.

“Hey—yo—”

Everyone’s eyes widened, staring at the old lady on the bed in surprise.

The old lady opened her eyes, blinked, looked at her son Xu Dexiang nearby, and looked at the people around the bed.

“Dexiang,” the old lady said, “what are you doing by my bed?”

Xu Dexiang was overjoyed and said again and again.

“Mom, you are awake, you are really awake! Great, great!”

Wang Yanli stammered as if she had seen a ghost:

“Well, how is this possible? Are you always unconscious? Why, why did you wake up?”

At this time, Wang Youcai’s face was green!

Seeing the old lady wake up, he was about to knock Lin Fan’s head.

Xu Dexiang stood up and slapped Wang Yanli’s face severely with a slap in the face.

“Bitch, isn’t it a great thing for my mother to wake up? You mean, still want my mother to stay unconscious?!”

Wang Yanli covered her face, unable to speak.

Just staring at the old lady on the hospital bed blankly, she felt trembling all over.

Wang Youcai hurriedly walked over to protect his sister, while complaining:

“Dexiang, Yan Li is also your wife anyway, how can your husband beat her casually.”
