

Chapter: 1808

Xu Yourong suddenly broke into a cold sweat, and quickly explained what happened to Bai Yi.

Not long after, Lin Fan walked out of the building and walked towards Huo Dongying.

Following Lin Fan was Xu Yourong with a panic expression.

Xu Yourong persuaded as he walked: “Lin Fan, don’t be impulsive. It’s fine if I don’t contact him anymore. Don’t be impulsive!”

Although Xu Yourong hadn’t seen the final outcome of what happened last night, she had already learned from the rumors that Li Yinsheng, who had almost ruined her, had already disappeared from the world.

Without thinking about it, Xu Yourong probably guessed that Lin Fan did it.

She is not worrying about Lin Fan’s life, she is worrying about Huo Dongying.

Lin Fan grimmed, walked to Huo Dongying and stood still.

“Huo Dongying, I’m down now, just tell me, what’s the trick? How do you want to play, I will accompany you to the end.”

A joke, would his dignified Devil Emperor have the slightest timidity in front of such dudes like Huo Dongying? !

The moment Huo Dongying saw Lin Fan, he was completely scared and paralyzed.

Isn’t this the genius doctor Lin?

Could it be that he was talking to yourself just now?

Grandma’s, he didn’t break up with Xu Yourong? Then why did Wang Yanli call him and deliberately pit him?

“You, are you not breaking up with Xu Yourong?”

Huo Dongying asked extremely uneasy, she was about to urinate at this moment.

“Does it need you to control?”

Lin Fan sneered.

“You... don’t go too far, I know you have a wife, so you dare to be foolish outside, you have to be shameless, believe it or not, I tell your wife?”

Huo Dongying took two steps back extremely nervously.

“Promising! If you have the ability, just do it with me, don’t play with those silly intestines!”

Lin Fan smirked, seeming to tease this idiot deliberately.

And Xu Yourong rolled her eyes madly when she heard this, don’t play tricks? You are always a great master, bullying an ordinary person, you are the one who has the most troubles, right?

Wang Yanli glanced at Xu Yourong, then straightened her back, pretending to be tough:

“Yes, but you have the ability, don’t retaliate against me afterwards!”

Lin Fan nodded:

“There is no problem, the person who loses today leaves Xu Yourong and is never allowed to harass her!”

“Lin Fan, I really can’t see it or I’m a bit spine. Today, do you want to pretend to be a man in front of Xu Yourong? It doesn’t matter, I promise you!”

Huo Dongying sneered, as long as Lin Fan doesn’t retaliate against him, everything is easy to say.

“Ho ho, Huo Dongying, do a passionate young man like me still need to dress?” Lin Fan replied, “If I am not a man, let alone a man like you.”

“Damn, this young master would like to see how much blood you have on this trash!” Huo Dongying cursed with gritted teeth.

Xu Yourong hurriedly stood in front of Lin Fan and said helplessly:

“Huo Dongying, Lin Fan has a bad temper these days, you should go back first, don’t ask for trouble.”

Her original intention was to persuade Huo Dongying to calm down and not to really do anything with Lin Fan.

But what she didn’t think was that it would be okay if she didn’t persuade. Her persuasion made Huo Dongying even more jealous and almost blasted on the spot.

Huo Dongying used many methods and spent how much money, before gradually approaching Xu Yourong’s side.

Seeing that he was about to succeed and embrace the beauty, he didn’t want Xu Yourong to act as a shield for Lin Fan in front of him.

Huo Dongying pointed at Lin Fan and cursed: “Lin Fan, you are a trash, what kind of man is you if you let a woman stand in front?”

Ask for trouble?

Lin Fan also has some medical skills, and he may not be his opponent when it comes to fighting.

After all, I am a black belt in karate!

Lin Fan pulled Xu Yourong aside with his hands, smiling and persuading him.

“It’s okay, it’s tolerant. This is a matter between us men. Don’t mix it up here if you are a woman.”
