## Chapter: 1824

what!

Upon hearing this, Lin Zhanxi was completely stunned!

"Dad, what are you talking about, didn't we win the battle today? How come it's over?"

And Lin Hongtu on the other end said in a deep voice:

"I just received the message that all the goods exported by sea from our Lin family have been looted by pirates. It is conservatively estimated that more than 200 billion yuan has been lost!"

"This is more than that, our partners are also implicated, so we all interrupted our cooperation!"

"In other words, all the commercial networks that we have established overseas over the past hundreds of years were all cut off a few hours ago!"

"Even if we grab the entire Jiangnan now, it won't make up for our loss!"

The mobile phone in Lin Zhanyu's hand fell directly to the ground, his face full of consternation.

Lin Fan, has such a great ability? Is he dreaming?

And the Li Yutang on the side also heard the dialogue between Lin Zhanli and Lin Hongtu and his son clearly, and his face was also full of shock!

Lin Fan, directly cut off the Lin family's export channels, how is this really possible?

How could he have such an ability?

"Dad, what the hell is going on, how can that guy be so capable?"

Lin Zhanli also hurriedly asked, and at the same time pushed the woman beside him away, he was already in the mood to play with women.

Lin Hongtu snorted coldly:

"The wild species you gave birth, I don't know what method was used to get Blackfoot to take action, block all the seas, and snipe all the merchant ships related to our Lin family?"

what!

Both Li Yutang and Lin Zhanxi were stunned.

Black feet?

How could the world's notorious One Piece help Lin Fan that waste? You know, that guy doesn't even look at all countries, the only one who is loyal and obedient is the king of the dark world...

Dark Emperor!

What method did that guy use to get Blackfoot to take the initiative to

 $\mathcal{O}$ 

work for him?

Is he also related to the King of Blood Prison?

Thinking of this possibility, Li Yutang and Lin Zhanli couldn't help shaking frantically.

"Dad, what the hell is going on? Isn't that wild species caught up? It stands to reason that he should be out tomorrow. How could he get in touch with Blackfoot?"

however!

Lin Hongtu at the other end said solemnly:

"Because someone fished him out!"

what!

Lin Zhanli suddenly became angry and roared:

"Who is it? Who dared to be so bold, the person my Lin family wants

to catch, they dare to catch?"

At this time, Lin Hongtu said astonishingly:

"The one who fished the wild species is Lin Zuo!"

boom!

Li Yutang and Lin Zhanxi felt that their brains were about to burst, and

they were completely confused!

Lin Zuo, it turned out to be Lin Zuo?

This... how is this possible!

That guy not only knows the Dark Emperor, but also has something to

do with Lin Zuo?

Are they dreaming?

The wine glass in Li Yutang's hand fell directly to the ground, and a deep fear appeared on his face.

After all, he underestimated that kid!

"This is impossible, Dad, you must be mistaken! This is impossible!"

Lin Zhanyu was a little hysterical, and couldn't figure out why the Lin Zuo, whom the Lin family had been working with for a long time, would have a relationship with Lin Fan.

"Stop talking nonsense, come back quickly!"

After Lin Hongtu said this coldly, he hung up the phone.

And this time!

In the hotel, Xu Yourong did not speak, but leaned on Bai Yi's shoulder and sobbed in a low voice.

Because Xu Yourong felt that this was all her harm.

If she hadn't let Lin Fan be his boyfriend, Lin Fan would not offend Huo Dongying, let alone be arrested.

"There is nothing wrong, there is nothing wrong, Lin Fan will have nothing to do with him?"

Bai Yi patted Xu Yourong's back with her hand. In fact, she felt very uncomfortable in her heart.
