

Chapter: 1838

“Cut, don’t cover up for your daughter-in-law.” Li Xunran said disdainfully, “If my man is despised and insulted by his relatives and friends, I will cut it off with them immediately. According to my judgment, your daughter-in-law It can’t protect you very well.”

Lin Fan nodded helplessly, the truth is exactly what Li Xunran said.

In the Bai’s family, Xu Yourong is quite weak. She can protect herself, which is pretty good. How can she have the energy to protect his disused son-in-law?

But Lin Fan, the king of thousands of demons, is he a man who let his beloved woman protect him?

Lin Fan, Shen Yumei, Li Xunran looked up at the sky and said coldly.

“I don’t need Xu Yourong’s protection. I, Lin Fan, is her man. Even if the arrow pierces my heart, I will stand in front of her.”

Li Xunran rolled his eyes and stretched out his hand to open the door of the luxurious dash.

“Don’t talk nonsense, your task today is to go shopping with me and get in the car.”

“I still have to think about it.” Lin Fan said slowly, pretending to be compelling.

In the next second, he regretted it.

Li Xunran reached out and grabbed his ears, then turned around, dragging him into the car.

“Oh, oh, it hurts, it hurts, it hurts!” Lin Fan whispered, grinning in pain.

Li Xunran didn’t have a chance to continue to delay Lin Fan. He stuffed his upper body into the car, then raised his leg and kicked him into the car.

“My eldest lady put down her dignity and invited you to go shopping with me. On the contrary, you are mother-in-law and mother-in-law, stay honest!” Li Xunran said.

With a “bang” closing the door, Li Xunran walked to the driver’s seat, started the vehicle, and drove towards the bustling neighborhood.

Sitting on the back seat, Lin Fan rubbed his torn ear and grinned.

“Miss, why are you inviting me to go shopping, it’s obviously kidnapping!”

Li Xunran snickered and glanced at Lin Fan in the rearview mirror, raised his eyebrows, and said.

“Even if it’s kidnapping, what’s the matter? This girl has lined up suitors. As long as I scream, those powerful children come to accompany me shopping, believe it or not?”

Lin Fan didn’t doubt this.

As the chairman of Huatian Pharmaceutical Group, Li Xunran, the veteran of medical masters, Li Xunran wants to have a figure and a look.

Being able to join hands with Li Xunran, from any point of view, it is a profit.

“Ahem,” Lin Fan coughed dryly, and touched his nose with his finger, “Miss, I have to remind you. Those so-called suitors of yours are all handsome, unmarried children with superior family background, and I am A married man, are you not afraid of others making irresponsible remarks?”

Li Xunran coldly snorted: “This girl doesn’t care so much. Whoever I like to be with is my freedom. Besides, I just ask you to go shopping with me, and nothing else will happen. What do you have? Worrying?”

Lin Fan smiled and said, “Well, then I have to be respectful rather than follow my life.”

Li Xunran thought of Lin Fan’s family status and couldn’t help but shook his head and sighed.

“Hey, I said Lin Fan, you are so unwelcome in the Bai family, and the whole family treats you like a dog. How did you endure it?”

Lin Fan took a deep breath and smiled:

“When you really love someone, you are willing to give up something for him.”

Looking at Lin Fan’s indifferent appearance, Li Xunran realized how important Bai Yi occupies in his heart.

What do you use to win against Bai Yi?

“She doesn’t know the blessing in the blessing, you will regret it sooner or later.”

Li Xunran said spoiledly.

Lin Fan laughed blankly:

“Do you want me to get divorced so much?”

“Of course not, I will play fair with her.”

Li Xunran said firmly, she would never give up easily.

But at this time, Lin Fan received a call from Shen Yumei.

“Lin Fan, come home for me right away! I have something to ask you!” Shen Yumei roared, and then hung up the phone directly.

Lin Fan smiled bitterly, knowing that it was Wang Yanli and the others. “what’s happenin?”

Seeing that Lin Fan’s expression was wrong, Li Xunran asked suspiciously.

Lin Fan stared at her with a bit of resentment:

“Isn’t it you? Now my mother-in-law is looking for me to settle the account.”

This culprit still has the face to ask him what’s wrong?

Li Xunran giggled and said:

“Then do you want me to visit your house to clarify for you?”

“Don’t, don’t!”

Lin Fan shook his head quickly. If Li Xunran was asked to go to his house, then he would not be able to clean up after jumping into the Yellow River.

“We will meet again when we have time. I will go home first.”

Lin Fan waved his hand, and then ran away in a hurry.

“Counsel! Wife slave!”

Li Xunran stomped angrily.

Not long after, Lin Fan returned home.

As soon as I entered the house, I saw the mean but sinister faces of Wang Yanli and others.

Even Shen Yumei’s face was ugly at this time. Obviously, Wang Yanli had already added fuel to the fire before he returned.

When Lin Fan came back, they all sneered.

And Wang Yanli even yelled at the fake tiger:

“Lin Fan, why don’t you kneel down and admit your mistakes?”

Ok?

Lin Fan’s face sank, he cast a murderous look at Wang Yanli.

Wang Yanli immediately trembled all over, and she lowered her head and never dared to talk nonsense again.

The boy’s eyes were too scary, as if he was going to eat people.

“Lin Fan, what is going on with that strange name Li Xunran? Are they true?”

Shen Yumei questioned Lin Fan, her face looking unpleasant.

And this time!

Bai Yi on the side said to Shen Yumei:

“Mom, what are you talking about? Miss Li is just our partner. It’s normal to have contact with Lin Fan.”

In fact, she was also extremely disturbed by the relationship between Li Xunran and Lin Fan, but she didn’t want to lose Lin Fan, so she could only swallow her anger as if nothing happened.

She worried that once the truth was revealed, then Lin Fan would leave her forever and leave this home forever.

“Lin Fan, explain to mom quickly!”

Bai Yi looked at Lin Fan in a panic. At this moment, no matter what Lin Fan said, she would believe it.

And Shen Yumei was also a little upset at this time. She was stunned by anger just now, so now that she calmed down, she was a little afraid.

What if Lin Fan really gets angry and leaves this home forever?

To know!

Isn’t it normal for a man with a little ability these days to have three wives and four concubines?

As long as Lin Fan still has this family in his heart, wouldn’t it be enough if there is Bai Yi?

Is this too fuss?

But it’s too late to regret!

Lin Fan is already here!

And just now!

Lin Fan smiled slightly and strode forward and said:

“Li Xunran and I are innocent, just ordinary friends!”
