

# Chapter: 1842

Lin Fan asked with a sneer.

“So what, what nonsense, Shao Te! Either give money or ruin, you choose!”

Wang Zhijun scolded impatiently:

“Lin Fan, don’t blame me for warning you, if you divorce Bai Yi, then you are not a bullshit!”

“Just like you waste, I think you are afraid that even eating and drinking will be a problem!”

At this time, Wang Yanli also jumped out, pointing to Lin Fan’s nose and cursing:

“Also, stay away from our home Xu Yourong, and you are not allowed to see her again, otherwise I won’t let you go!”

“Mom, what are you talking about? What are you saying about Lin Fan and I!”

Xu Yourong said angrily, what’s this?

“That’s not okay! I just don’t allow you to interact with this cheap species!”

Wang Yanli roared, looking like a shrew:

“If I find out that you are in contact with Xu Yourong, I will also expose those photos.”

“Lin Fan, if you want to die, just try it!”

Hahaha!

Hearing this, Lin Fan burst into laughter immediately, as if he had heard a big joke.

A group of mobs thought they could order him just by relying on a few photos?

Really naive!

“Are you still laughing? Do you think I’m joking?”

Wang Yanli was so angry that this trash dared to make fun of her?

Really think she Wang Yanli is a vegetarian?

however!

Lin Fan sneered and nodded:

“Okay, I will give you five hundred million!”

what!

Just listen to this!

Wang Yanli, Wang Zhijun and others were completely stunned!

There was a thick and unbelievable glow in those eyes!

Lin Fan promised to give the money?

Are they dreaming?

That’s five hundred million!

He didn’t even have a counter-offer, so he just agreed to pay?

This...it’s a bit outrageous, isn’t it?

at this time!

The first thought in the hearts of Wang Zhijun and others was not gratitude, but regret!

They offer too low a price!

So Lin Fan didn’t even think about it, so he directly agreed to their request!

It should cost one billion!

“Lin Fan, are you crazy? They are clearly blackmailing you, how can you give them money?”

Xu Yourong scolded angrily, a look of hatred for iron but not steel.

Based on her understanding of Wang Zhijun and others, even if Lin Fan gave them money, they would continue to blackmail Lin Fan.

They are vampires!

Unfilled loopholes!

“Bitch, when is it your turn? Shut up!”

Wang Yanli reprimanded angrily, seeing that the money was about to be available, how could Xu Yourong cause trouble at this time?

Wang Yanli was so angry that she really didn’t want to stay in the female college.

As her daughter, Xu Yourong actually helped an outsider to speak?

But Lin Fan waved his hand and sneered:

“I don’t want to be extravagant, the most important thing is that I don’t want Bai Yi to be sad! So I am willing to give these five hundred million yuan to calm people down!”

Hear the words!

Xu Yourong felt a little jealous for no reason!

Just in order not to make his wife sad, Lin Fan is willing to spend five hundred million to settle things down?

Under this circumstance, how many men can do like him?

Bai Yi, what a fate!

“Good, good, then give the money soon!”

Wang Zhijun’s eyes gleamed, and he stared at Lin Fan fiercely, looking impatient.

Five hundred million, so easy to get it?

This is faster than robbing the bank!

Lin Fan sneered, took out a check directly, and then eloquently signed his name on it.

Wang Zhijun was about to grab it quickly, but Lin Fan warned:

“I give you this money, not because I am afraid of you, but because I don’t want to be troublesome, and I hope it will be the last time!”

“Otherwise, I can assure you that the consequences are beyond your ability!”

Wang Zhijun nodded quickly like a chicken pecking rice:

“Yes, yes, I promise the last time!”

Let’s talk about it when I get the money!

As for what Lin Fan said, he didn’t even listen! !

Lin Fan handed the check to Wang Zhijun!

Wang Zhijun glanced at the check in his hand, but stared at Lin Fan suspiciously:

“This check, should it be true?”

He felt a little unconfident in his heart when he saw what Lin Fan gave so simply.

Wouldn’t this guy fool him with a fake check?

I heard that I got a fake check, but I was going to jail!

just!

When Lin Fan heard this, he smiled directly and said:

“If you think it’s fake, you can return it to me!”

Hear the words!

Wang Zhijun immediately took the check tightly into his arms, and then coldly hummed:

“Forgive you and dare not lie to me!”

Then, Wang Zhijun and others left happily.

After they left, Xu Yourong walked over angrily and accused Lin Fan:

“Are you stupid? Just Wang Zhijun’s virtue, even if you give him one hundred billion, one trillion, he will not be content!”

“Your five hundred million is tantamount to having meat buns hitting dogs without ever returning!”

Xu Yourong really couldn’t figure out why Lin Fan was so stupid that he actually gave the money to Wang Zhijun!

Isn’t this giving away money for nothing?

“I know!”

But Lin Fan smiled.

“you know?”

Xu Yourong became even more puzzled, knowing that he would send money to Wang Zhijun?

“I have given them the opportunity. If they still don’t know how to grasp it, then they will have nothing to complain about if they die in my hands?”

boom!

Xu Yourong felt his scalp numb, and instantly understood Lin Fan’s plan.

These five hundred million are Lin Fan’s last patience, if Wang Zhijun and the others still blackmail Lin Fan from death or death.

Then facing them, it’s dead time!

With Lin Fanna’s strength as a great master, killing Wang Zhijun and these ants is simply easy and effortless.

Xu Yourong panicked!

His face was as pale as paper!

Because she knows very well what Wang Zhijun and others will face next!

They will come to blackmail Lin Fan, and Lin Fan will definitely kill them!

Right now, Xu Yourong begged Lin Fan:

“Lin Fan, I beg you! If there really is such a day, they still won’t repent! Can you please...”

Lin Fan waved to interrupt what Xu Yourong wanted to say:

“The only thing I can assure you is to let your mother go. As for Wang Zhijun and Wang Youcai, you won’t have to worry about it!”

Lin Fan’s words are full of cold murderous intent!

Obviously, Wang Zhijun’s family has repeatedly found faults, and he has completely lost patience!

If they are willing to stop after taking the five hundred million, Lin Fan is unwilling to see them in general, but if they still don’t know how to live or die.

Lin Fan is not a vegetarian either!

Patience is limited!

Hearing this, a wry smile appeared on Xu Yourong’s face, and he didn’t want to continue speaking.

Because she knew that even if she went on, the result would be the same.

“Also, we won’t meet again in the future, you have heard what your mother said!”
