

Chapter: 1853

boom!

At this moment, the atmosphere completely burst!

The Nihuang Army Seat came here to see how they died?

how can that be?

Lin Hongtu and his son didn't say anything, Xu Longguan and He Lanxuan are dignified Chinese army seats, will they die?

Let alone China, who would dare to kill them in the whole world?

What Nihuang Army Seat said is nonsense at all!

Hahaha!

Right now, Xu Longguan laughed directly, staring at Nihuang and said:

"Nihuang Army Seat, it seems that you really came here for this kid, but do you think that if you frighten us with such a lie, we will let him go?"

what!

Was it to scare people?

The father and son Lin Hongtu were dumbfounded at once, and it seemed that the Nihuang Army Seat was indeed here for Lin Fan, but it was a pity that the tone was so loud that it was too much to help.

"In the entire China, besides the head of state is qualified to convict us, what else can we do?"

He Lanxuan snorted coldly, to see how they died?

Nihuang is too self-righteous, right?

however!

Nihuang's smile became more and more weird:

"Well, what if the country first punishes you for offending?"

Hahaha!

Xu Longguan and He Lanxuan burst into laughter!

It seems to have heard a big joke!

Nihuang is really, the more you talk about it, the more unforgettable it is!

Even the capital of the country has moved out!

"Nihuang Army Seat, don't you think this is ridiculous?"

Helan Xuan sneered and said:

"Will the head of state still condemn them for this little squad?"

Even if they kill Lin Fan here, they are afraid that the capital of the country will be regarded as not knowing anything, right?

"But what if you try to kill the Huaxia Army Seat?"

Nihuang smiled and asked.

But Xu Longguan and others are still smiling:

"When did we kill the Huaxia Army Seat? Nihuang Army Seat, don't we still do it on you?"

just!

Xu Longguan finished speaking, but his smile suddenly stiffened!

Then, as if seeing a ghost, he looked at Lin Fan in horror!

"you you!"

In the next instant, his whole body was trembling, and he looked horrified. At this time, he seemed to have seen a ghost alive.

Seeing Xu Longguan's appearance, Lin Hongtu and others were dumbfounded. I don't know why Xu Longguan's expression suddenly changed!

And this time!

Lin Fan smiled and took a step forward, saying:

"It seems that it's time to introduce yourself!"

Immediately afterwards, he took out a black token from his arms!

"Sorry, I am Lin Zuo!"

boom!

Some words fall!

Like thunder from the sky!

So everyone in the court shivered!

Lin Hongtu's father and son were almost paralyzed by fright at this time!

With endless astonishment in his eyes, he stared directly at Lin Fan with an unbelievable appearance.

This is simply dreaming!

crazy!

Lin Hongtu and Lin Zhanxi are completely crazy!

This is the most desperate thing they have ever faced!

If Lin Fan is the Lin Zuo, then how would the Lin Family deal with him?

How could they contend with the leader of a legion!

To know!

Lin Zuo, but China's youngest and most mysterious army seat, may become the commander-in-chief of the three armies in the future!

Megatron China!

If they didn't know the power and fear of Lin Zuo, how could their Lin family endure repeated humiliation and have to cooperate with them?

They finally understand!

Why is Lin Fan able to resolve the crisis again and again!

Why can Lin Fan not put his Lin family in his eyes!

It turns out that he is the mysterious forest seat!
