

Chapter: 1864

For the next three days, Lin Fan was attentively accompanying the Bai Yi family, enjoying every minute and every second.

“Why are you so free all of a sudden?”

Bai Yi jokingly said that Lin Fan has been with her every day for the past three days. It can be said that he has never left.

This makes Bai Yi feel incredible

Because she knew that Lin Fan actually had a lot of things to do.

And Lin Fan just smiled, and casually found an excuse to prevaricate:

“Before there was no time, now that the Lin family’s problem is solved, I naturally want to spend time with you.”

He knew that he deceived Bai Yi too much, including his own identity, including his past actions.

But he didn’t regret it. The only guilt was that he could only lie to Bai Yi for a while, but he could not lie to her for a lifetime.

And in the early morning of the third day, Lin Fan was ready to go!

The Baiyi family is sitting in front of the TV, watching the latest news from Jiang Shi.

“Oh my God! Those foreign nations actually attacked collectively and gathered more than one million people. This is an obvious provocation to China!”

“It seems that we can’t go back to Jiang City at this time, there will definitely be a huge riot!”

“How can it be so good, those foreigners who are fed up and have nothing to do, come to harass us?”

“I heard that they wanted to kill someone, as long as they kill him, they will leave willingly!”

“Who? Such a great ability can let millions of people come and kill him?”

Listening to their discussion, Lin Fan just smiled bitterly.

I don’t know what kind of mood they would feel when they knew that millions came to kill him!

But at this time, Lin Fan had no time to take care of it.

“Husband, where are you going?”

Seeing Lin Fan dressed up as he was about to go out, Bai Yi asked suddenly inexplicably.

“Nothing, I’ll go out and buy a pack of cigarettes.”

Lin Fan said with a smile, his smile at this time was already very unnatural. .

But fortunately, Bai Yi did not find out, but with a sigh, he continued to watch TV.

At the moment when Lin Fan was about to close the door, he gave Bai Yi a reluctant look before finally closing the door.

And just half an hour after Lin Fan left!

The hotel door was knocked open!

The dozens of people under the pressure of Uzbek have all poured into the hotel.

The entire presidential suite suddenly seemed a bit crowded.

“Who are you? Who allowed you to come in?”

Bai Yi said anxiously.

“Miss Bai Yi, we are here on the order of Mr. Lin to transfer your property!”

what!

Bai Yi was stunned, Lin Fan wanted to transfer the property to her?

“Xiaofan loves Huhong, how much wealth can he have?”

Shen Yumei teased.

The executive of Global Bank glanced at the report in his hand, and then said:

“Mr. Lin Fan, so far, there are 13,220 billion in cash alone, including other assets such as jewellery, real estate, etc., adding up to a total of 78,440 billion in total assets!”

Huh!

The audience seems to have been turned on the mute switch!

All Bai Yi’s family are dumbfounded!

Lin Fan, 78,440 billion assets?

Are they dreaming?

“Did you make a mistake?”

Bai Yi was also dumbfounded, and couldn’t believe that her husband had such a terrifying legacy to inherit for her.

“Miss Bai Yi, we are not mistaken! You probably don’t know yet, Mr. Lin is actually the chairman of Universal Group!”

boom!

The Baiyi family was immediately stunned.

There was a shiver all over.

A look of fear and disbelief!

Global Group, the top ten super group in the world’s top 500?

And Lin Fan, turned out to be the chairman?

dream!

They must be dreaming!

However, waiting for them to recover from the shock, the Dragon and Tiger Legion members came forward again and said:

“Miss Bai Yi, because of the complicated domestic affairs recently, we are on Mr. Lin’s order to ask your family to stay in the Dragon and Tiger Corps temporarily. After the child is born safely, you can decide to stay at will!”
