

# Chapter: 995

Before, Lin Fanque actually said that the Yang family would come to kowtow to apologize, and even give Bai Yi a big gift.

And now!

It turned out to be...all in!

boom!

Thinking of this, everyone in the ward had a horrible feeling. They looked at Lin Fan together, and everyone's eyes were filled with consternation, doubt and scrutiny.

It seemed that they wanted to see through Lin Fan, to see whether this guy was a magic stick or a devil.

"Xiao...Xiao Fan, how did you know?" Bai Shan looked at his son-in-law with horror.

He felt that his son-in-law was like a prophet.

Every time you think he is talking crazy, but his words are all hit.

Every time you think he is talking nonsense, but in a blink of an eye, it will come true.

This guy is so mysterious and terrifying.

"Xiao Fan, will all of this have something to do with you? I remember, you said before, to deal with grandpa's affairs, could it be that the reason why those Yang family members came and even gave such a big gift, all and Are you concerned?"

Shen Yumei also stared at Lin Fan with a full face.

And her words, to everyone, seemed to be a thunder, making them all bewildered.

That's right... That's right!

Bai Yi and Baishan father and daughter remembered everything.

At the airport, Lin Fan left alone, and once said to deal with grandpa's affairs.

At that time, they all thought that Lin Fan was afraid of death and that he acted alone in order to avoid Jiangnan Bai's family.

And now it seems!

None of this seems that simple.

Lin Fan, what exactly did he do, how could the Yang family of the top chaebol be frightened to such an extent.

Even at the expense of the family's most valuable asset, begging to give Bai Yi to make amends.

This is too scary.

Everyone looked at Lin Fan as if they were looking at a devil.

But, after feeling everyone's scrutiny.

Lin Fan couldn't help but smiled, and said faintly:

"Parents, wife, don't look at me like this! Actually, I really didn't do anything!"

Yes!

He really didn't do anything, he just went to the Yang's house, nothing more.

"Really not because of you?" Bai Yi didn't believe it.

She stared at Lin Fan's expression, as if she wanted to see some clues from Lin Fan's face.

just!

Haven't waited for Lin Fan to reply.

Chang Yuan on the side laughed and said:

"Hahaha... Bai Yi, you don't have to doubt, this matter absolutely has nothing to do with Lin Fan!"

Huh?

Hearing this, everyone turned their eyes and couldn't help but look towards Chang Yuan, with all their faces full of doubts.

"Senior, how did you know?" Bai Yi asked curiously. Mobile:

And heard this!

Chang Yuan couldn't help but stared at Lin Fan with contempt, and then said proudly:

"I know it naturally! Because I did all of this!"

What!

This sentence stunned Bai Yi and everyone.

Chang Yuan did it?

This, how is this possible.

Before, didn't he still blame Lin Fan for hitting Yang Mingpeng? For a while, Yang Mingpeng was frightened and his body trembled.

How could he do it.

Everyone's gaze towards Chang Yuan was full of doubts.

And Chang Yuan seemed to be able to guess what everyone was thinking. He smiled more and more proudly:

"You don't have to doubt, this thing is indeed true, I did it!"

"Because I was looking for the most powerful one in Jiangnan Province. Grand Prince!"
