

King of kings

2314

"I want to go find a sharpshooter," Omi said.

"Where in the world are there so many sharpshooters for you to find."

"There's always one that's handy, and the sword I'm using right now, it's in the ground."

"Come to my place, I'll give you a sword, it's not a sharpshooter, but at least it's better than the one you used before."

"No need." Omi refused.

"Why don't you use it."

"The sword must be the one that you have made an effort to find in order to be the most suitable, swords and people have senses, besides, I don't want a sword that's better than the ground, I want a great divine weapon that suits me. Haven't even tried to find one, how can I say no."

"In that case, go ahead and look for it, but now that you've joined the Wolf Squad, don't forget your monthly missions."

"Don't worry, I will definitely return within a month."

Omi had a hidden feeling in his heart that he had to go in a certain direction, and he would find the sword that belonged to him.

Omi should not delay and set off immediately. One second to remember to read the book

Don Omi kept going east, east, east.

Flying for several days.

However, apart from the boundless sea, there were no more continents to continue east, and it was already long out of the Immortal Realm.

"Strange, is my feeling wrong? There isn't even a continent in the Earth Immortal Realm to the east, ah."

Omi's fantasy was that there was a sword stuck in some desolate wall waiting for him to fetch it, but there wasn't even a continent anymore, so where was the desolate wall, and it seemed that his fantasy was influenced by his previous thoughts.

Just then, Omi saw that a huge creature suddenly leapt out of the water on the sea surface.

"Ah, a dragon?" Omi was shocked to see a dragon in the Immortal World, but it wasn't strange.

Omi immediately flew down, and the dragon on the sea's surface had its eyes shot at Omi.

"What man?" The dragon roared, and in the next second, the dragon turned into a human, a man of about middle age with a mid-Xuan Xian realm, one level higher than Omi.

"What is this place? I came here to look for weapons, I subconsciously feel that there are weapons I want here, so I came here, and I expect this senior to tell me something."

"Hmph, looking for weapons, kid, you don't look at what kind of strength you have, you actually came to my East Sea Dragon Palace to look for weapons, why don't you go die."

"Dragon Palace of the East Sea?"

"Nonsense, how dare you trespass into our Dragon Palace, you don't want to hang around."

Omi didn't expect that this was the Dragon Clan's territory.

It seemed that in the future, if there was a chance, you could bring Little White and Purple Pupil here, as both Little White and Purple Pupil were dragons, this place should be to their liking.

"Senior misunderstood, maybe it's because I unconsciously heard someone say that the Dragon Palace has a lot of weapons in the past, so my subconscious mind found its way here."

"Kid, don't trespass into my East Sea Dragon Palace in the future, otherwise."

Omi said, "The Dragon Palace is so arrogant, I dare you to have the guts to come with me for a move?"

"Yoho, a pre-Xuan Xian, actually daring to provoke your mid-Xuan Xian grandfather, Grandpa Long. Eat my blade." After saying that, that dragon man suddenly took out a strange-shaped knife and fiercely killed Omi.

Omi had disdain in his eyes, this dragon man, was obviously not good at fighting, so what if his realm was one level higher than Omi.

"Swoosh." Omi defeated that dragon man after just one move.

"Ah." That dragon man's face changed.

"You, how did you

It's so strong?"

Omi said, "Truth be told, I am one of the members of the Sky Wolf Battle Team, and you are no match for me at this level. Alright, now that your life is in my hands, if you want to live, don't be arrogant in front of me."

"I dare not."

Omi asked, "Does the Dragon Palace really have a lot of weapons?"

"Of course, the whole world knows that our Dragon Palace is the place with the most weapons, but not just anyone can come to get weapons. Even the captain of your Skywolf Battle Team, the Three-Eyed War God, may not dare to come easily, let alone you."

Omi said, "Your Dragon Palace, what kind of powerful swords do you have?"

"Sword? Much to go on."

"I'm asking about the Exalted Sword."

"There is, our Dragon Palace has the strongest sword within the Three Realms, called the Dragon Gnosis Sword. This sword, even a me holding it, can have the power to exert at least the power of an Immortal, let alone, the power that someone who is an Immortal can exert."

"Wow, so powerful."

"Of course, this sword, it doesn't even have an owner yet, so our Dragon King is going to use this sword as a dowry for his most favored granddaughter in the future. By the way, do you know who our Dragon King's most favored granddaughter is?"

"I don't know, who is it."

"Hehe, her name is Ao Scuttle, one of the top ten genius beauties in the Immortal Realm, damn, you don't even know, is our Dragon Princess so unknown." That dragon man scolded.

"Oh, she ah, heard of her."

Omi's eyes turned thievishly, the Dragon King took out the Dragon Gnosis Sword as a dowry, this is interesting.

Omi asked again, "Apart from the Dragon Gnosis Sword, are there any other great divine weapons?"

"Nonsense, our Dragon Clan's similar Dragon's Gnosis Sword's Exalted Weapons have 20 to 30 pieces, to say the least. It's just that some of them have been left behind."

Omi asked, "What is your princess, Ao Ba, doing right now?"

"How should I know."

"Oh, by the way, when is she getting married?" Omi asked.

"Don't ask about that, you can't meet the requirements to participate in the marriage recruitment anyway, you have to be at least a Golden Immortal to be eligible."

"Just tell me directly, when."

"Within a million years, Princess Scutellaria isn't young anymore, a few days ago our Dragon King even said that it was time to find her a mother-in-law, Princess Scutellaria didn't seem to object, she always objected before, but this time she didn't, instead she blushed, I heard that she already has someone in mind."

"Oh, huh."

"But it doesn't matter, it's useless if that person in her heart can't satisfy the Dragon King."

"I see, can you take me on a tour of the Dragon Palace?"

"This."

"What, after all that talking to me, you're still wary of me? I'm at least a genius, consider me to call you a friend, my name is Omi, I don't know your name?"

"My name is Ao Qiu."

"Ao Qiu, we'll be friends from now on."

"This."

"Come on, take me on a tour of the Dragon Palace."

"Alright, but you're not allowed to mess around."

"Of course."

Omi entered the bottom of the sea, the world under the sea was huge, like a huge city, somewhat similar to the Sea of Death Shura Clan in the Spirit World, but hundreds of thousands of times more massive than the Shura Clan.

But unfortunately, Omi wasn't able to enter the Dragon Imperial Palace, that Ao Qiu wasn't of sufficient level.
