

King of kings

2337

After the banquet, Leng Tianling said to Omi, "Little friend Tang, an upper room has been prepared for you, I'll take you there."

"No no no, I have a place to stay."

"Where can you go to stay at this time of night, what, what's wrong with staying at my Leng's house?"

"No no, that's fine." Omi had no choice but to stay, people were so polite, if they were still preposterous, it would make them upset, after all, with Leng Tianling's power, he was already sincere enough to take the initiative to befriend Omi.

"Lone Moon, you take Omi to the VIP compound."

"Yes, grandfather."

Omi sighed, he knew that Leng Tianling would definitely send Leng Lone Moon to take him there, deliberately allowing Leng Lone Moon to have more contact with Omi.

A set pattern, it's all a set pattern ah.

"Omi, come with me." Leng Lone Moon said respectfully.

"Oh, good."

Omi had no choice but to follow Leng Lonesome Moon. Remember the URL . kanshu8 . net

Along the way, there were only the two of them.

Omi followed behind, and the two of them didn't speak, Leng Lone Moon's personality wasn't outgoing.

Omi asked, "Where is it?"

"It'll be here soon."

"Oh."

Truthfully, Leng Lone Moon was first-rate no matter her looks, figure, or talent, and under the moonlight, Leng Lone Moon's graceful figure irradiated on the ground, which had a different flavor, and there was a faint fragrance coming from her body, which made people fantasize.

At this moment, in Leng Tian Ling's study.

"Father, is this really necessary?"

"What, are you against it? Would I, as a grandfather, be less concerned about my granddaughter than you, as a father?" Leng Tian Ling said majestically.

One of the two people talking was Leng Tianling, and the other was Leng Leng Leng Yue's father, Leng Feng.

"But, father, with Lone Moon's excellence, I don't believe that he still can't attract Omi, and our family lineage is many times stronger than the Ding family."

"Leng Feng, you don't understand Omi too well, Omi is not at all the kind of person who is greedy for influence, otherwise, why did he reject Monta in the first place and chose Ding Cangding instead?"

"Er."

"Monta is my man, at first Monta really wanted Don Omi to be with him, but unfortunately, it didn't work out. It's also true that Omi has been fighting for his life, and now there are too many people who want to get him. Without using a little method, I'm afraid of becoming someone else's person."

"But what if Omi doesn't like this method?"

"Hahaha, I'm not harming him, instead, the medicinal wine I gave him still has the effect of helping him cultivate, it's just that, the medicine is a little too strong and needs a little bit of venting."

"Ugh." Leng Feng sighed.

Leng Tian Ling said, "In the first place, he should have chosen Monta and come into our Leng Department's power."

"I hope so."

Omi and Leng Lonesome Moon, however, knew nothing.

Omi walked behind Leng Lonesome Moon, only to find that Leng Lonesome Moon was becoming more and more attractive, and even, Omi had the urge to pounce on her.

"Pah." Omi gave himself a slap, secretly saying, "How could I give birth to such thoughts, I'm too dirty."

"But, Leng Lone Moon is so damn S*xxy, it's like she pulled her clothes off."

"No, I can't do that."

At that moment, Leng Lonesome Moon said, "Omi has arrived."

"Oh, good."

Omi walked into a large, luxurious courtyard in front.

"Such a big courtyard, and I'm the only one living there?"

"Yes, this is the VIP compound, it's for guests, and it's the best compound."

"Oh, your grandfather was really attentive."

"Mm." Leng Lone Moon nodded, while feeling a little dizzy.

"Leng Lone Moon, what's wrong with you?"

"I, I'm fine, alright, since you're already here, I'll leave first."

Leng Lonesome Moon felt something strange in her body and wanted to leave quickly.

"Lone Moon." Suddenly, a person behind her hugged her tightly.

This hug felt like an instantaneous ignition of flame.

At the moment, Omi felt so hot.

"What's going on?"

"Why is that?"

Omi was in no mood to think about that at the moment, panicking and pressing Leng Lone Moon against the wall, desperate to kiss her.

"Omi, what are you doing, don't, don't." Leng Guolue's 'don't' also seemed so fake because she couldn't control herself, otherwise, with her Golden Immortal strength, what else could Omi, a Tai Xian, do to her drop, it was completely half-hearted.

After that, Omi completely lost control, and of course, Leng Leng Yue as well.

After it was over, they both fainted, and several maids were busy coming in and moving them to their rooms.

The next day, Omi opened his eyes.

Omi saw that there was a naked woman lying in her arms.

"Ah." Omi was shocked, and when he looked, it was Leng Lone Moon.

"What's going on?"

At that moment, Leng Lone Moon also woke up.

"Ah." Leng Lonesome Moon let out a scream of hundreds of decibels.

"Shh, don't scream."

"Omi, what did you do to me."

"What do you mean what did I do to you, it should be what did you do to me."

"Yesterday." At that moment, Leng Lone Moon's brain ached, and a sudden scene about last night's events, and the crazy things that Omi did in the courtyard, made her blush and unbelievable, and there was also a burst of pain somewhere in her body.

Don Omi also had a flashback rushing into his head.

"Ah, how did this happen." Omi was stupid, last night, he gave Leng Lone Moon.

"Omi, what did you do to me?"

Omi snorted, "It should be your grandfather who has done something to us."

"No way, my grandfather loves me the most, he couldn't have drugged me."

"What's drugging in order for me to marry you."

"No." Leng Lone Moon shouted.

Omi sighed, I never thought that it was designed. Omi checked his body and suddenly realized that he had stepped into the late stage of Tai Xian.

"Hey, what's going on, I've become a late stage Tai Xian?" Omi was shocked, he had only become a mid Tai Immortal a few days ago.

Leng Gu Yue, on the other hand, hadn't and was still in the pre-Golden Immortal stage.

Reaching Golden Immortal, it wasn't so easy to get on, because above Golden Immortal, one had to be approved by the Immortal Emperor to break through. Although, those who could enter the depth space could avoid cultivating in the depth space, the effectiveness was too low and the depth space wasn't always there, so it caused difficulty.

Omi inspected his body and immediately understood why he had suddenly risen a realm.

It was the wine that he drank last night, and that wine, although there was an aphrodisiac drug, there was also a fetal pellet in it, and it was even a little stronger than the fetal pellet.

Leng Tian Ling was also really down to earth, and when designing Omi, he didn't forget to add a little benefit, which made Omi not know whether to hate or forgive.

"Ahhhh." Omi hissed in frustration.

Leng Guolue snorted, "Don't yell, the one who has suffered the most is me, my grandfather, definitely gave you and me, the Heavenly Love Potion Wine, and the wine also added Hong Meng Qi, the roots of the Tai Chu Tree, and so on."
