"Really?"

"Of course it's true, there's no time or space here, no matter how long your dead relatives are, it's as if they just died."

"Ah, Senior, then can you do me this favor."

"Hahaha, it's theoretically possible."

"I thought you said it was simple."

"It is simple, but, those dead relatives of yours, they don't have a physical body ah, even if you send them back, they're still an undead spirit, undead spirits can't survive in the three realms for long, and after a long time, they come back here again. Unless, you prepare flesh bodies for them."

"Take away the body?"

"No, taking away the flesh is almost equivalent to replacing another person, besides, taking away requires one's own skills, and those relatives of yours may not have the skills to take away the flesh."

"Then what flesh body are you talking about?"

"I can teach you a body refining method, after that, you can use lotus roots to make a lotus root body, so that it can be resurrected, but lotus roots are very fragile, and such a body won't last long, besides, not everyone can do it, I have here, I happen to have a lotus root body refining method, it's up to you to practice it."

"Oh, it's indeed quite troublesome." One second to remember to read the book

"So, you'd better not think about that matter for now, you're still troublesome even if you've practiced the Lotus Pellet Body Refining Method, your flesh is too brittle, so you might as well improve your strength first."

"Mmhmm, thank you senior."

"Alright, your flesh body has been successfully reorganized, fortunately the Overturning Mirror saved you, otherwise, you would have been dead. I don't know, whether this is a good thing or a bad thing."

Omi wondered, "Why do you say that?"

"The Overturning Mirror is completely shattered, so you've lost a powerful divine weapon, if you want to hang around in the Three Realms, without a powerful divine weapon, it's hard for you to really rise, especially Nian Tian, that idiot, and he often stifles geniuses. However, don't be frustrated, I integrated the Overturning Mirror into your body, and your body, at least, has some of the material from the Mirror, so Nian Tian can no longer sense you, if you hide, he will never be able to find you, and he won't be able to speculate about your future, which means that your future will have infinite

possibilities, and your fate will finally no longer be determined by the heavens. In that respect, it's another good thing. There's a gain and a loss, I guess."

Omi said, "So, when I returned to the Three Realms, I still had my original strength, and I thought that I could at least dominate the world after I returned."

The original owner of the Overturning Mirror laughed, "You're thinking too much, I've only helped you reorganize your body, and your body has only incorporated the pieces of the Overturning Mirror, what happens after that will depend on you, I didn't give you any power, besides, I don't even know if I'm dead or alive myself right now. You, don't think too much about it, after going back, how you were, or how you are, the only difference is that your body is different. How to grasp the future, you'll have to work harder yourself."

"Mhmm, thank you senior."

At this moment, Omi couldn't feel his body, couldn't feel time, space, or distance either.

"Alright, I won't say any more nonsense, you can go back right away if you need to."

Omi asked, "Senior, didn't you say you could find my relatives, I can't bring them back to life yet, but can I talk to them?"

"No problem, who do you want to see, get it in your head and I'll be able to help you find it."

"Good."

"Remember, up to six or seven at once, beyond that, I'm afraid it's not accurate."

"

"Understood."

Omi immediately pictured Liu Xiangyun in his mind, as well as Li Xuan'er, Xu Mei Qian, Song Yu'er, and Shangguan Rou.

"Alright, they appeared, right in front of you, count your luck, they didn't enter the next life, if they do, they won't be found here, you can speak now." Omi's ears rang.

Omi tried to call out, "Xiangyun, Xuan'er? May Qian, Zoe? Do you hear me?"

"Ah, Omi, is that you?"

The first to make a sound was Xu Mei Qian.

"Yes, yes, Mei Chin, how are you?" Omi said excitedly, only, Omi couldn't see the other party at all, he could only sense their soul fluctuations.

"Omi, where are you, how did you appear here as well." Xu Mei Qian cried out.

"I'm right in front of you, but you can't see me, I can't see you either, this is the Three Nothing Space."

Liu Xiangyun also cried, "Honey, are you dead too? Why? You shouldn't have come here with us so early."

Omi laughed, "No, no, no, this is a three no space, no time, no space, so you all feel like you've just died, but in fact, you've been dead for countless millions of years, and even that world of ours, nowadays, has already died out. Because, I've already spent millions of years in the Immortal World."

"Ah, is that so? I feel like I've only just died, I'm at my big time, I've only lived a hundred and forty years and then I'm gone, and I still feel like you're crying at my bedside." Kaylee Lee said.

"Yes, I was very sad when you died at your big time, I sent you away one by one, you can imagine my pain, until my whole body had broken down after the last one left. But that was an incredibly long time ago for me."

"Has it really been that long, Tzu-Chen?"

"For a really long, long time."

"What happened to you after that, the fairy world you were talking about? Is there really a fairy world?"

"Of course there are, there are three realms of the universe, the mortal realm, the spiritual realm, and the immortal realm. The world that you and I met in was the mortal realm. I used martial arts to enter the world in the mortal realm, and eventually I stepped into the void and entered the spirit realm, and in the spirit realm, I cultivated and refined my body, and eventually I became an immortal again and entered the immortal realm."

"Wow, that feels like so much fun." Li Xuan'er said in shock.

"Omi, you're really amazing, we adore you so much, you're worthy of being our husband." Xu Mei Qian proudly said, just by listening to Omi's words, she could imagine what an amazing journey Omi went through.

"Hehe, now that I'm in the Immortal World, I've become a Tai Xian, only, I was killed by a traitor."

"Who killed you?"

"The supreme commander of the three realms, the Immortal Emperor, he had a son named Nian Qing, he's the one who killed me."

"So what now? Are you dead forever, like us?"

Omi smiled, "Don't you worry, fortunately I'm auspicious, I happened to get a broken mirror before, called the Turning Heaven Mirror, this Turning Heaven Mirror is from the beginning of the world. Nian Qing smashed my body to pieces, the Turning Heaven Mirror was willing to sacrifice itself and collected the fragments of my flesh, and entered the Three Nothingness Space, coincidentally, I met the former owner of the Turning Heaven Mirror, he was a divine powerhouse, he helped me reorganize my flesh and promised to send me back to the Three Realms, so I didn't die."
