The next day, omi was practicing when Mirror and Fatty came over.

omi opened his eyes and saw that they were more handsome than omi again today.

Moreover, the two of them seemed to have walked up to omi on purpose.

omi snorted, "Are you two looking for death? And you deliberately walked up to me."

Mirror said coldly, "Wind Lightning, I've already informed the captain of what happened yesterday, do you think, you can still force us to dress up even uglier than you?"

"That's right, Windy, just wait, the captain will be here soon to take care of you."

omi's eyebrows furrowed slightly, wondering if they were lying, omi had already beaten the captain into a pig's head yesterday, and the captain still dared to come after him?

"If you dare to try lying in front of me again, I believe I'll break your neck."

"Haha, lie, do you need to."

Just at this moment, footsteps came from outside.

"Haha, the captain is here." First URL m.kanshu8.net

Sure enough, omi looked up, and the captain of the janitorial team came.

"Haha, captain, you're here, this kid actually dares to be arrogant." Mirror said happily.

At this moment, the captain looked a bit bad, the swelling of yesterday's pig's head had gone down.

The reason why he came today was not really looking for what omi was doing, but to make it clear, after all, he was the captain, if omi was doing this every day, how else, let's see how omi would be willing to behave, don't tear down his stage, everyone's well water does not offend the river.

The captain said, "Mirror, Fatty, you guys go outside and wait, I'll settle this with Wind Lightning behind closed doors."

"Hehe, Captain, I understand." Mirror smiled and seemed to understand, then looked at omi with a smug face and said, "Enjoy yourself, kid, hahaha."

That fatty also looked at omi's smug face and laughed.

The captain glared at him, making it look as if he was going to shut the door and beat up omi's.

He closed the door just because he didn't want to be embarrassed by them seeing him.

Mirror and Fatty walked out and closed the door.

Captain Ton set up a restraining order.

omi looked at the captain with cold eyes, just to see what he wanted to do.

After the restraining order is set, Team Light Cloud, I think we need to have a talk."

"Talk about what?Did you think I didn't beat you enough yesterday?"

The captain was a bit angry and said, "Wind Lightning, if you say that, you're a bit disrespectful to me as the captain, no matter what, I'm also the captain of the janitorial team."

"Which so what, is the captain of the janitorial team of high status?You think being a janitor makes you proud, don't you?Do you want me to slap you first."Don said holding up his palm.

"You."The captain recoiled in fright.

omi yelled, "You dare to back away?Who told you to back off?Come here."

"Windy, don't bully me too much."

"I told you to come here."omi raised his palm and shouted.

The captain was so depressed at the moment, I should have known better than to come to him, hell knows why he's such an unreasonable person.

"Wind Lightning, I advise you not to do anything."The captain slowly moved to omi's front.

"Pah."omi slapped down hard while his mouth grunted, "Calling you arrogant."

"You."The captain looked angrily at omi.

omi said, "This is what you brought to my door, I don't have the heart to waste time with a small character like you, since I'm going to run into the

Here, I'll take it as a pastime to spice things up."

"You're simply a bully."The captain gritted his teeth.

"If you think I'm too much of a bully, then I am, and in the future, I don't want to see you more handsome than me, I'll hit you once if I see you, do you hear me."

"Don't you go too far."

"Pah."A slap.

"Too much?Which do you think is too much, me slapping you or twisting your head off?"

"Yah yah.Wind Lightning, what do you want to do to make peace with me?"The captain asked angrily.

"Why should I make peace with you, if you don't come and mess with me, I don't have time for you, so get out."

"Windy, it won't do anyone any good if you make a scene."The captain threatened.

"Pah."omi slapped the captain so hard that he broke through his restraint and then flew out the door.

Outside the door, Mirror hehehe laughed, "I wonder how badly the wind will beat up when we go in later."

"With that cautious heart of the captain, do you think Wind Lightning will be better off?The captain is famous for being a villain, people have some small backgrounds in the French Dynasty, who would normally dare to provoke him, our janitorial team, except for that Pillow who is someone the captain wouldn't dare to offend, the rest of us are all allowed to be ravaged by the captain."

Just at this moment, there was a boom.

A silhouette crashed through the fence and rushed out, falling to the ground before being buried in the ruins of the fence.

Mirror shouted, "Wow sh*t, the captain is really fierce, he just knocked that kid out of the wall."

Fatty was busy, "Mirror, the time for revenge has come, look at me."

Waste Fatty West saw a pail of urine in the corner not far away, and suddenly picked up that pail of urine to cover the person in the ruins who was struggling to get up.

At this moment, that captain's heart that anger went, omi actually did not give any face at all.

The captain was about to climb up, but at this moment, a shadow overhead fiercely covered down.

"Wow."The captain's head suddenly fell backwards into the urine bucket.

"Hahaha."Mirror and Fatty laughed as they watched 'Windy' who had his head stuck in the urine bucket.

"Boy, you've had your day."Fathy said.

The captain was furious and was about to crack open the urine bucket, when there was a roar, "Look at me again."

The words didn't come out of the open-mouthed captain's mouth, and he felt a big pile of something fly into his mouth.

"Hahaha, hahaha."Fatty and Mirror laughed again.

At this moment, at the wrecked gate, omi looked speechlessly at the two idiots, Mirror and Fatty.

However, that captain was also really miserable, just now omi had used too much force, the captain was not lightly injured, otherwise, at the moment, Mirror and Fatty, it was not so easy to cover his urine bucket and stuff him with animal dung bar.

The captain quickly spit, the mouth of the animal dung by the strong force, suddenly sprayed out.That jet out of the beast dung, swoosh, instantly sprayed into the mouth of the laughing Fatty and Mirror.

"Ah."The laughter stopped abruptly.

The captain crawled out from the ruins, wiped the urine all over his face, and said angrily, "You guys have revolted."

Mirror and Fatty also spat out the beast dung from their mouths for a moment, seeing that the person in the ruins was the captain, they were both stupid.

omi, who was now standing in the doorway watching with cold eyes, snorted, "Three fools." Then, omi flung his sleeves and turned around to go inside.

"Yah yah." The captain trembled with anger.

omi sat down to practice in his quarters, and they didn't come back in to disturb him, but there was a pig-killing roar from outside from Mirror and Fatty.
