

# King of kings

Chapter 2386

"Dad, I'm sorry it's taken me so long to come back and see you."

"It's okay, it's good that you're still coming back to see me."

Then came a girl's voice, "Dad, who is he?"

omi looked for a little girl, and saw that it was a little girl, this girl was also already at the Human Immortal level.

omi was startled, calling Zhou Tie father?

Zhou Tie was busy saying, "Mi'er, let me introduce you to her, she is my daughter, named Zhou Zhou. She's another daughter I had after you left, and now, she's over a hundred thousand years old, huh?"

"Er." The woman named Zhou Zhou was a bit incredulous to see omi, and omi looked at Zhou Zhou and greeted her, "Hello, sister."

"You're the brother?"

"Right."

"Wow, I've been hearing about you from my father, but I finally met you today, brother, you're so strong, what level are you at now?"

"Golden Immortal." omi didn't hide it. A second to remember to read the book.

"What? Golden Immortal." Zhou Tie and Zhou Zhou both trembled.

"My god, our Cloud Gong Immortal Kingdom, the emperor is only in the middle stage of Earth Immortal, Golden Immortal, that's too."

"Oh, okay." omi didn't even tell her that he had pulled stinky ones in the Immortal Emperor's bed.

Zhou Tie Dao: "Mi'er, you're mixed really well now, you're all Golden Immortal, I think, there's no Golden Immortal so strong in the Upper Fey Yan Continent."

"Brother, don't stand at the door ah, let's go into the house."

"Good."

"This time back, how long are you going to stay ah, your room, dad has always kept it for you." Choo Choo said.

"Oh, I can't say for sure, it depends, I have a lot to do."

That evening, the Zhou family ceremoniously hosted a banquet in omi's honor, welcoming him home.

However, omi didn't intend to stay for long, almost left, returning to the Ten Thousand Violet Mountain first, not knowing if something had happened to Mu Qianji, the last time he went to the Beginning Ancient Ruins, so many powers were fighting together, just in case.

So, omi stayed for a day at most and left.

The next day, omi was ready to take his leave.

"Brother, is this the time to leave?"

"Yes, don't worry, I'll be back in the future, but at this stage, my own situation is not too good, and too much contact with me may not be beneficial."

Zhou Tie nodded his head, indicating his understanding.

Zhou Zhou asked, "Brother, can I see your real face?"

omi smiled, "There's no point, no matter what my face is, it's not the face of my previous life, I'm leaving first."

omi soon left the Zhou family, of course, before omi left, he separately made Zhou Tie and Zhou Zhou drink a bowl of Hong Meng Qi liquid, as for how much they could grow after drinking a bowl of this, it would depend on their own creation.

"Father, my brother just gave me a bowl of something to drink, I think it's a bit hot now, I'm going to close the door."

"En, father also feels like going on retreat, let's all go on retreat ."

After that, Zhou Tie and Zhou Zhou, respectively, went into seclusion for seven or eight days .

After seven or eight days, Zhou Zhou walked out of the room .

"Wow, am I dreaming?"

"Heavens, I've gone from being a pre-human immortal to directly becoming a late Earth Immortal, this must be a dream, if it's true, then wouldn't it be, the emperors of the Cloud Gong Immortal Kingdom are no longer my opponents?"

That Zhou Tie was also out of the border, he had gotten out the day before.

Zhou Zhou immediately went to look for Zhou Tie .

"Dad, see,

I've become a late Earth Immortal."

"Hehe, Zhou Zhou, Dad has also gone from being a mortal immortal, to an Earth Immortal, also in the late Earth Immortal stage. However, Dad's change is a bit less interesting compared to you. Mi'er has already said that how much we can enhance after drinking a bowl of that thing of his, depending on our constitution, which means, you have a lot of potential ah. However, I'm already satisfied." Zhou Tie

laughed, something seemed to flash in his eyes, he could spike the emperor now, perhaps, it was time for the emperor to take his turn.

omi flew for quite some time and finally arrived at the Ten Thousand Purple Mountains.

omi went straight back to his home and found Tang Huan just there.

"Huanhuan."

"omi, you're back?"

"Well, I'm back."

"Did you take a great accomplishment?" Don Flint asked.

"Uh, no."

"Then why are you back, didn't you say when you left last time that when you come back next time, you'll have."

"What? I haven't accomplished anything yet that I can't come back."

"No, no, my husband, I'm so happy that you've been able to come back, I'll go call them."

omi asked, "Is Thousand Absolute alright?"

"No."

"Well then, let's get everyone back."

A few hours later, all of omi's family members had returned home.

However, by this, the Ten Thousand Violet Great Sage also knew that omi was here.

Thus, the Ten Thousand Violet Great Sage was the first to invite omi to be his guest.

With no other choice, omi could only go to the Ten Thousand Violet Cave first.

"See the Great Sage."

"Hahaha, Brother Tang, I admire you so much." The Great Sage of Ten Thousand Violet laughed.

"What is the Great Sage happy about?"

"Brother Tang, I heard that you took a sh\*t on the Immortal Emperor's bed and the Immortal Emperor rubbed himself in it, right?"

omi said awkwardly, "The Great Sage is laughing, the Immortal Emperor had been hunting me for so many years before, I also wanted to give the Immortal Emperor a little bit of a fight back against him."

The Ten Thousand Violet Great Sage bowed to omi, "Brother Tang, from this moment on, I, the Ten Thousand Violet Great Sage, am at your disposal, I am convinced of you."

"Ah, what do you mean?"

"Remember how I used to say that I wanted to take the heavens so that you could help me, but now I've decided that I'm here to help you."

"Why? You weren't me, and you only helped me when I was able to defeat you."

"That was before, now, I'm convinced of you because, you did what I couldn't do, even if you can't beat me now, I'm convinced of you. Brother Tang, if there is anything you need me to do in the future, please command me."

"Eww."

omi didn't expect that taking a sht *on the Immortal Emperor's bed would make the Ten Thousand Violet Great Sage so impressed, but it seemed that he had really taken the right sht.*

"Great Sage, you're very polite."

"No courtesy, I'm such a straightforward person, when you're going to be king, let me know when you're going to be so I can go to the venue."

"Ah, this ah, hahaha, this, I'm a bare-bones commander right now, I don't have that strength ah, if I were to claim the title of king, the Immortal Emperor would definitely send his troops down to annihilate it right away, I have to be sure at least."

"That's true. Like when I was crowned king in the Ten Thousand Purple Mountains, the Immortal Emperor heard about it and sent several groups of heavenly soldiers down to annihilate me in succession, and in the end, I survived, so I was able to keep going. Anyone who claims to be king must have the strength to resist the Immortal Emperor's annihilation, and then only then can they be considered to have truly stood firm."

omi asked, "By the way, Immortal Emperor, do you know Gao Xiaolian?"
