"Well?Where are the people?"

Everyone couldn't find Nian Tide.

When the Immortal Emperor saw the disappearing Nian Tides, he said depressedly, "It looks like it's hard to kill her, but his exquisite heart also has the ability to save his life."

The Three-Eyed War God flew to the Immortal Emperor's side and asked, "Immortal Emperor, what should we do now?Just now, Princess Nianzhi said that Omi's strength has now doubled again, I'm afraid that when he comes back, even though we've increased it 500 times, we're no match for him ah."

The Immortal Emperor perked up and shouted, "All of you, immediately enter my Honored Heart cultivation, whether Omi is powerful again or not, I want to enhance all of you by 1,000 times."

"Yes, Immortal Emperor."

More than thirty Battle Gods disappeared into a magical place, and there, was the Heart of Hong Meng.

The Immortal Emperor, being a person who was afraid of death, went to prevent this situation without even thinking about it.

Only half a day later, Omi and the others also arrived at the Immortal Realm.

Omi saw that the Immortal Realm was quiet and wondered if Nianxie was already waiting for him here.

The Ten Thousand Violet Sage was the first to yell, "Old Immortal Emperor, don't come out yet." One Second Remember to Read the Book

The Lord of Destruction, the Lord of Thunder Valley, and others were also calling out.

Omi said, "Everyone, don't be careless, after all, the Immortal Emperor has probably already raised the power of the War Gods under him by a thousand times.So powerful that a single glance might have beaten you to ashes."

"Ah."At Omi's words, the Ten Thousand Violet Saints and the others ducked behind Omi.

Omi shouted to the Immortal Court, "Niantian, come out, it's time to put an end to this."

At that moment, the Immortal Emperor slowly flew out.

He was the only one.

The Immortal Emperor snorted, "Omi, you really are not what you used to be."

"Niantian, don't struggle anymore."

“Omi, it’s a pity that you can’t kill me, you can’t take the Heart of Hongshen if you can’t kill me.”

“That’s not necessarily true, if you don’t believe me, you try.”

Omi instantly went up with a sword.

“Puff.” Without even expecting it, the Immortal Emperor was crushed by Omi’s sword.

However, in the next instant, a thousand meters away, the Immortal Emperor appeared there again intact.

“Hahaha, Omi, I possess the Heart of the Hong Meng, if you can kill me, then the Blue Emperor, Qin Zhong, Bitter Sacrifice, Overlord, those of them who were stronger than me, would have already taken away my Heart of the Hong Meng.” The Immortal Emperor said from afar.

Omi thought about it and it made sense, why was the Immortal Emperor even now still firmly in possession of the Hong Meng Heart? Is it true that those people aren’t interested? Those people, while they may not be interested today, it doesn’t mean they weren’t interested before.

“Hahaha, Omi, you want to be an Immortal Emperor, you’re really dreaming, you want the Immortal Court, then you can have it, after a year, see how I’ll deal with you.” After saying that, the Immortal Emperor disappeared.

Omi had no way out.

The Dragon King said, “Omi, it seems that it’s hard to control the three realms.”

“It’s beyond my imagination, but let’s take over the Immortal Court first.”

Omi flew into the Immortal Court and stood on the Nine Heavens Temple.

The Ten Thousand Violet Great Sage and the others left to kneel down and shouted, “Immortal Emperor above, please accept my worship.”

Omi smiled bitterly and said, “What kind of Immortal Emperor am I, like this.”

Just then, Gao: “Omi, go outside and take a look.”

Omi rushed out of the Immortal Court and stood in the sky, overlooking the entire Immortal Realm, Omi noticed that the entire Immortal Realm was withering away.

“How did this happen?”

It was just a moment ago. It was beautiful.

The Immortal Court, which was like a fairyland on earth, but right now, it was all withered, like a hellish trash place.

The Dragon King said, “There’s no need to say that, it must be that son of a bitch of an Immortal Emperor who has control of the three realms, he can do anything.”

Omi snorted, “Isn’t he afraid that all three realms will collapse?”

"Do you think that he will think of the three worlds of life and be afraid? Will he care for the safety of all creatures in the three realms?"

"Grass." The Ten Thousand Purple Sage cursed, really, if the Immortal Emperor had such a loving heart to care for the heavens, he wouldn't have killed so many babies in the first place.

Now, his Three Realms ruling position was going to be unprotected, he would definitely fight to the death, at the worst, the Three Realms would collapse and no one would be able to live.

Omi also wanted to curse, grass him.

The Dragon King said, "Once the Three Realms collapse, it's impossible to imagine the consequences of that, billions of creatures will be destroyed, including us."

"Even us will be destroyed?" Omi asked.

"Theoretically yes, all three realms have collapsed, so there's no room for us to survive, but of course, I'm just guessing." Dragon King said.

Omi rolled his eyes, "Saying it is the same as not saying it, it's all your guess."

"Although it's all speculation on my part, the collapse of the Three Realms and a bowl of living creatures is certain."

Omi didn't refute, the collapse of the Three Realms was really serious, perhaps, the entire universe was back to before the beginning of the world.

Only all at once, the entire Immortal Court had dried up, the land had cracked, the flowers and trees had withered, and the climate was so harsh that it was impossible for people to live in.

Many of the immortals who used to live in the Immortal Realm were now running out, some crying, some praying, they didn't know what had happened and why it was suddenly like this.

Omi said, "It's just that, let's go back to the ground first, it's useless to occupy this Immortal Court."

Divine Nun said, "If the Immortal Emperor knows where we live, I'm afraid he'll change the place into the same place as here, making it impossible for us to survive."

"The Immortal Emperor can't sense my location, so before I go to the Earth Immortal Realm, I'll go find a few people."

Omi immediately arrived at the Ming family.

Everyone in the Ming family was standing in mid-air, at a loss for words in the face of the sudden change.

Ming Cheng said, "Grandpa, what's going on, why has the entire Immortal Realm suddenly withered away, is it, the Immortal Emperor is dead?"

"I don't know, don't say such things."

"So what do we do now?"

"Let's observe for a while, see how the other Immortals are doing, it's not possible, go back to the ground, our ancestors lived on the ground to begin with anyway."

"It's damn weird."

Just at this moment, Omi flew in.

Ming Cheng was shocked to see Omi.

"Brother Tang."

"Oh, Brother Cheng, long time no see."

"Tang Di, why are you here?"

"It's a long story, by the way, where's Akatsuki?"

"My sister, she's still on duty at the Justice Shrine," Ming Cheng said.

Omi said, "Still on duty for nothing, the Immortal Court is about to be destroyed."

"What's going on here?" Ming Cheng's grandfather was busy asking.

"It has something to do with me, I have officially sent out an action to the Immortal Emperor to seize the heavens, just now the Immortal Emperor escaped, this madman, what a madman, there is a feeling that he would rather be broken by jade than by tile ah." Omi said depressedly.

"Ah, no way."

"Alright, I'm going to find Ming Yue, you guys lead your clan, go to the Earth Immortal Realm and find a place with a good view before it's too late, go and take your place first. Otherwise, by then a large number of heavenly immortals will go down and the good spots will be gone again."
