

# King of kings

Chapter 2446

"Well, I'll keep trying."

"Come on, Tanti, let's go to the evil ruins together. Your family, let them live here, they're very safe, nothing will ever happen to them."

"Okay, but give me some time to say goodbye."

"I'll look for you the day after tomorrow."

Guyan left.

Omi watched Guyan's back as he left.

Originally, Omi thought that he had almost reached the top of his cultivation career and had become a High Tier Immortal, and any further cultivation would only increase his strength and his realm would still be a High Tier Immortal.

However, after listening to Gu Yan's words, Omi felt as if the real cultivation had just begun.

Once this world, all such powerful species were extinct, why were they exterminated?

So, will Omi, these humans, make the same mistakes in the future?

Nowadays, Omi and the other humans hadn't even reached the level of those once strong people, at least, no one of them had been able to create divine weapons, and they were far from the strong people who had gone extinct in the past. One second to remember to read the book

Omi sighed, "The road, there's still a long way to go, this time, it's no longer about cultivating for yourself, but for all mankind."

"Tzu-Chen." Xu Mei Qian came up.

Omi turned back and smiled at Xu Mei Qian.

"Mei Qian, are you still used to this place?"

"Well, everything feels so comfortable here, the mortal realm can't even compare, I wish it could go on like this forever."

"Will do."

"But, I just heard you talking to that Ancient Inferno, and that Ancient Inferno said that this world, there used to be other creatures? All extinct now?"

"Yes, that overturning mirror I had before was something created by those powerful people once upon a time. However, no one knows how those people disappeared."

"It's really kind of like the dinosaurs of our old mortal world, no one knows exactly how they went extinct."

"Oh."

"Omi, do you think we'll disappear someday in the future, just like those powerful creatures we once were."

"I don't know, even if such a day does come, I think it will be a long time from now."

"Well, we would have been dead anyway, and we've earned it by being alive now."

"Mei Qian, the day after tomorrow, I'm going to go to the Evil God's Ruins with big brother Guyan, after that, I may have to rush into putting in my training years again, I want to find out the mystery of the extinction of those who were once strong, and I want to be stronger than those who were once strong, so that I can protect you."

"Tzu-Chen, cheer up, only a few of you can rely on these things."

Omi spoke to his wives separately.

On the third day, Guyan came.

Omi followed Guyan and left the Immortal Realm.

Guyan was fast, in less than a month, they arrived at the Evil God's Ruins, while it had taken Omi a year to arrive before.

"Let's go, Brother Tang, let's enter the Evil God's Relic."

"Big Brother Guyan, they won't kill me again."

Gu Yan sighed, "I can't guarantee that, after all, I was killed before."

"Ah." Omi was shocked, yeah, wasn't Guyan just dead before, if he hadn't run into Omi, Guyan would still be in the Three Nothing Space, staying like trash.

"Big brother Guyan, who killed you before?"

"You might not recognize it, a man named Black Stone."

"Brother Guyan, what is inside this Evil God's relic? Why is it that the last time I went in, it was called the Killing Ritual?"

The people who don't want me to go in? It's like, afraid that I'll part with something."

Gu Yan said, "I heard that there is an Evil God's Will inside."

"What is the will of the Evil God?"

"I don't understand, it's just that, once the owner of this ruin, before he died, left a trace of his will, and if anyone can get that will, they can be much stronger, even, find out the truth about the extinction of those powerful people once."

"Oh, no wonder they don't want me to go in."

"One more person, and the hope of gaining it decreases by one point... I was also killed by a shade like this before. This Evil God's ruins are full of traps, so if you're not careful, you might not be alive."

"I know. How many people are inside this ruin now?" Don Omi asked.

"There used to be almost thirteen people when I wasn't dead. These thirteen people were divided into five gangs. Among them, the one you saw last time, Bitter Sacrifice, Blue Emperor, and Qin Zhong, the three of them were in one faction."

Omi said, "The last time I saw them, there were five of them, not three."

"Oh, five people, it seems that after my death, two more people joined. In addition, the second faction is Black Stone, Tian Gao."

"The third faction is Caiyun, Starmoon, and me. After my death, only Caiyun and Starmoon are left in the three factions."

"The fourth faction is Huang Xue, Fu Rong, and Blade Zi."

"The fifth faction is Purple Rain, White Fox."

"Of the above five factions, Bitter Sacrifice, Blue Emperor, Qin Zhong, Black Stone, Caiyun, Huang Xue, Purple Rain, White Fox, these eight people were the first group of humans to appear in the first place, including Nian Tian and I. There were exactly ten of them."

"Oh."

Omi was confused, but he basically understood.

The people who were cultivating inside the Evil God's Ruins were not working together, but each had their own thoughts and were divided into a total of five small groups.

Omi asked, "What about the rest of the people?"

"The remaining few are from the second batch of humans, and there are some humans from the second batch that appeared with great talent and thus also reached this height."

"En."

Omi, let's go in.

"Good."

Omi followed Gu Yan and entered the Evil God Relic.

Soon after entering, he saw the glowing hut that he saw last time.

Right now, in that glowing hut, Omi saw five more people cultivating there.

These five people were exactly the ones he had seen last time, Bitter Sacrifice, Blue Emperor, Qin Zhong, and two others he didn't know.

Guyan said, "Brother Tang, they were the ones you saw last time, right?"

"Yes, that one in black, he tried to kill me last time, fortunately Blue Emperor helped me."

"This favor can be remembered, but since you are now coming with me, then you will naturally follow me to the three factions, from now on, you are a member of our three factions, if the other factions want to harm us, you have to defend our three factions together."

"Good." Omi was a bit confused, there were only a few people in total, so why do we need to create so many factions.

It seemed that the human heart was the most complicated.

At that moment, the man in that glowing room suddenly looked out.

The man called Bitter Sacrifice, saw Omi and said, "Blue Emperor, that brat you warned last time, he's back."

"What." The Blue Emperor looked out and indeed saw Omi.

The Bitter Sacrifice snorted, "But this time, he actually came with Gu Yan."

Qin Zhong was puzzled, "This Gu Yan, isn't he dead? Why are you here?"

"Go, go out and intercept it." Said the one called Bitter Sacrifice, rushing out of the house and blocking the inevitable path of Omi and Gu Yan.
