

King of kings

2477

Omi didn't move a muscle either.

At this time, on the ground not far behind Omi, more than thirty gods appeared on the ground one after another, it was Cloud Fox and his clan.

Unfortunately, they were too late, the gods flying in the sky locked onto the ground in the first place, and when they saw the people popping out of the ground, it was needless to say that they must have just escaped.

Therefore, the god of Ton Ton suppressed down, and Cloud Fox and his clan were immediately unable to move.

As for Omi, he wasn't suppressed, and it seemed that they didn't know that Omi had just come out as well, Omi was a step faster.

Omi quickly used the disguise technique, his own face changed, this move might not necessarily fool the people of the Sorcerer God King, however, it was also likely that it would not attract their attention, because, the Sorcerer God King's people were of a different race than Omi. It was like, a rabbit that had changed its face in front of a human, could the human see it? To humans, all rabbits look the same. It was as if Omi looked at the Witchbond God King's people and they all looked the same.

Omi sent a message to the woman in front of him and said, "Save me, will you? I also escaped from a prison, I was captured by them from another world for sacrifice, I didn't realize that you and I looked so similar, I don't know if you're human or not, but I know that I can definitely impersonate you. Can you help me?"

The woman hesitated and said, "Then you can pretend to be my boyfriend, your name is Win Steal."

"Okay, thanks. I've just disguised myself, will they be able to tell?"

"Not usually, the Wobblies look at us, and all of us look alike, unless they've specifically gone out of their way to remember some of your features."

"Hehe." Omi's heart was happy, it was impossible for them to purposely remember Omi's features.

However, for the sake of safety, Omi had to find a way to hide his realm to the Xian level.

But, how to hide? Omi's lowest, he could only allow himself to display one lower god ah.

At this time, Omi thought of an idea, his godhood was a synthesis of ten wills, wills, to put it bluntly, were memories, if he took the ten wills and briefly forgot them?

Omi immediately forced himself to forget.

A few seconds later, Omi turned into a middle-ranked Immortal, not even a high-ranked Immortal, Omi had previously skipped the level of high-ranked Immortal directly after obtaining the Heart of the Hong Meng.

"Phew." Omi exhaled deeply, whether he could live or not depended on the will of God.

Omi's eyes looked not far away, the Cloud Fox and the others who were suppressed by the divine power were unable to move like a toad that had been stepped on.

At that moment, that cloud fox looked towards Omi, and the cloud fox transmitted a message, "Brother Light Cloud, it's still you who's lucky."

"Brother Cloud Fox, I told you not to save your clan, but you didn't listen."

"Oh, it's too late to say anything now, by the way, you must find a way to save me." Cloud Fox said.

"I simply can't think of a way." Omi was depressed.

Cloud Fox said, "I don't care what method you use, you must rescue me within a month, otherwise, I'll tell them about you, after that they'll definitely find out that there's still one missing, and when that happens, they'll definitely blockade the world, you won't be able to escape. Remember, you only have one month world. Don't think that no one will know if you change your face and hide your realm."

Omi was furious, "You white-eyed wolf, I didn't think you were this kind of person."

"I can't help it, who let you escape while I couldn't." That Cloud Fox said.

Omi really wanted to squeeze him to death right now, what a heart to heart.

At that moment, a few top gods came down and said angrily, "Who told you to run away?"

That cloud fox looked at Omi with a hint of warning in his eyes.

&nbs.

p; One of the gods, looking over at Omi, came over, "What do you do?"

Omi hadn't spoken yet, but the girl in front of him was busy saying, "Praise the Witchbonds, he's my boyfriend."

"Your boyfriend? What's his name?"

"He called."

"Didn't ask you, you said yourself, what's the name?"

"Praise the Witchbonds, my name is Win Steal, I was out with my girlfriend tonight and I heard you guys yelling at anyone in the sky not to move so I didn't dare move a muscle."

"You really don't know what's going on?"

"Praise the Witchbonds, I don't know."

"Alright, get out." That Wubang Clan god saw that Omi was a middle-ranked immortal and didn't even want to interrogate more.

Omi hurriedly ran to the girl in front of him and immediately pulled up her hand and left.

Yun Fox looked at Omi's departing back, his heart was very complicated, at this moment, he actually regretted inside that he didn't listen to Omi, it's such a time, what's the point of caring about the clan, he's not going to be able to save his own little life."

"Light Cloud, I hope you remember, one month, otherwise, I will have to divulge you, I can remember that woman's appearance deeply."

Omi was safely away.

"Who are you?" The woman asked.

"Hello, my name is Don Omi."

"Oh."

"Girl, thank you for saving my life."

"You're welcome, I was just raising my hand."

"No, it wasn't a show of hands, you risked your life doing it too, thanks again."

"Oh, well, you can run now."

"I can't run, it's more moving to rush out of the world, especially now, I can't even go up into the sky."

"I see, so when can you leave?"

"I don't know about that, but I don't dare take any chances, and I have to be absolutely sure before I choose to break out of the Wuban world."

"Uh-oh."

"So, I still need your help, is that okay?"

"Will that be discovered? And I don't know if my family would want to help you, but your family, have you seen your boyfriend, Win Steal?"

The girl blushed and said, "I don't have a boyfriend, there was a guy named Wen Stealing who was pursuing me, but my family heard that he was ordinary and didn't allow me to contact him. In fact, my family has never met Wen Stealing."

"You mean, I can continue to impersonate Wen Stealing? Follow you home?"

"If you don't have anywhere to go, just try."

"Thank you, girl, that's very kind of you, what's your name?" Omi asked.

The girl said, "My name is Jumei."

“Oh, that’s beautiful.”

In fact, this woman was average looking and didn’t match beauty, perhaps her parents named her so because they wanted her to look beautiful.

Omi followed Jumei back to her home.

The gods in the Wubang Clan had already found out that one had run away, so, they launched hundreds of gods to arrest them.

Unfortunately, there wasn’t much to be gained, which was mainly because Omi had hidden his realm, otherwise it wouldn’t have been hard to find him at all.

“Father, mother, I’m back.”

“You still know how to come back, say, what did you go for?” A man who looked almost human asked angrily, this man was Jemmy’s father.
