

King of kings

Chapter 2488

"Hey, how come it's you again." That distinguished gentleman shouted.

"Er." Omi was a bit conflicted, did, really make him kneel down?

Kneeling to someone else like this, Omi had never done this before in his life, right?

Omi resolutely said, "I've finished hunting the Per Beast, I'm taking it back to the shop, and tomorrow the customers are waiting for the Per Beast meat."

"Hahaha." The group of people laughed, not knowing what they were laughing at, perhaps laughing at Omi like a fool.

"Still tomorrow guests are waiting to eat, who do you think you are." That distinguished gentleman said with a sneer.

Omi didn't say anything, although he didn't want to kneel down, Omi wouldn't go to deliberately stimulate the other party with words.

That distinguished gentleman said, "Kid, you're rude you know that? When you see this gentleman, you actually dare to speak to me with a straight face."

Omi said, "I'm a member of our family, my family's big over, I'm not allowed to kneel anyone, if you think it's not right, you can go to my family's big over."

"Don't you dare threaten me with that Ah Luo."

"I don't dare." One second to remember to read the book

"Fuck him, slaughter him for me." That distinguished gentleman was busy ordering.

One of the underlings was busy saying, "Duke, yesterday Miss Ah Luo pleaded with you because of him ah, if you kill him again, wouldn't it be very disrespectful to Miss Ah Luo, I'm afraid it's not proper ah."

"If it's not proper, it's not proper, how about it, damn, threatening me, would I, Go Jun, still be afraid of that girl."

"Duke, a bottom creeper is just a bottom creeper, is it so bad that you should be acquainted with such people, let's go, let's go see if the divine deer was captured by someone."

The distinguished gentleman pointed at Omi and said, "Kid, your life isn't long."

Omi said, "Yeah."

"You wait for me." Saying that, the noble prince left first.

Inwardly, Omi said, "You too, wait for me."

Omi also returned to the main world and returned to the Per Beast Meat Shop.

"Light Cloud, you're back, tell me, where have you been for the past two days?" Acchan asked laughingly.

"Didn't go there, just wandered around." Don Omi said.

"Oh, okay, by the way, the captain turned the Per Beast you killed over to the shop."

"Okay, so when's the next time we'll probably go hunting for Per Beasts?"

"I'm not sure about that, I think it'll be a few months."

"Okay, then I'm going to close the door." Omi said.

"What, closed-door?"

"Right, don't hunters have to work hard."

Omi entered his room, set up a restriction, and began to close the door.

Omi didn't dare to release the divine deer in the spatial ring for fear of running away.

However, if he didn't release it, how would Omi take it?

After thinking about it for a long time, Omi couldn't even consume that Per Beast.

Omi secretly said, "I might as well try and find something very hot, and that divine deer will be roasted as soon as it appears."

So, Omi brought out a pill furnace, which was very hot inside, then threw the spatial ring in, and with a thought, released the thing.

"Bang bang." The pill furnace shook violently, as if something was struggling inside.

Omi smiled heedlessly, "It really works."

About an hour later, there was no more life inside the Dan Furnace.

Only then did Omi take it out, and it was indeed a divine deer, but it was already roasted at the moment.

Omi casually tore off a piece of meat and took a bite, the fragrant sweetness could be

Mouthful and extremely delicious, a hundred times stronger than the taste of Per Beast meat.

"Tsk, it's delicious." Omi smiled heedlessly.

This divine deer was huge, probably bigger than an elephant.

Omi couldn't eat that much by himself, nor could he save it to bring back to the Celestial World.

So, Omi was planning to gift some to Can, and of course, Miss Big.

Omi cut up over a hundred pounds for Acchan, although it wasn't much, it could be a very satisfying large supplement.

Omi cut another two hundred pounds down and was going to give it to the eldest Miss.

Of course, in addition to that, Omi himself had at least a few thousand pounds left over, which Omi could share over several meals.

Omi returned to his quarters at the Per Beast Butcher Shop.

Seemingly everyone was practicing, Omi entered Acchan's room.

"Acchan, come over to my room."

"Okay."

Because it was not convenient for Acchan and You Cong to sleep together.

In Omi's own room, Omi set up a restraint, then handed Acchan a hundred pounds of divine deer meat and said, "Eat it all as fast as you can."

"This?"

"Don't ask so many questions, finish eating."

"Oh, okay."

Acchan finished eating it in a few minutes.

"Good, now go ahead and absorb it, I'm sure you'll be able to raise your divine power by at least a horse or two after it's absorbed."

"Ah, no."

"When have I ever lied to you."

"Thank you, Light Cloud, I, Acchan, have no teeth to forget your great kindness."

"Don't come this way, go back to your house, don't let anyone know about this and I'll give you a share."

"Definitely don't tell."

Omi immediately went to look for Miss Ah Luo again.

Unfortunately, where was Missy to be seen casually by Omi.

At that moment, Omi thought of that waiter at the Per Beast Butcher Shop.

Omi found him and asked, "Can you take him to see Missy?"

"Uh, why do I have to take you?"

"Because no one else can see it, and, having seen it easily last time, you must have a remarkable status."

That spotter smiled, "Kid, congratulations."

"What do you mean?"

At that moment, that shopkeeper shook himself into a dark-skinned, middle-aged, mature man, but of course, the main thing was that his aura had also changed greatly, surprisingly, it made Omi not feel his realm at all.

"Ah, Senior, you?"

That shop: "Call me Old Sang, after all these years, someone can finally see that my identity is extraordinary."

Omi looked confused, he just wanted to ask for his help to bring Omi to meet his eldest sister.

"Senior Sang, I don't understand what you mean, why just now you were a weak shopkeeper, and in the blink of an eye, you've become a strong man. If you're such a strong person, why would you impersonate a shop assistant and impersonate almost no one can see it."

"Hahaha." That shop said, "So, congratulations. My name is Old Sang, I'm a God Emperor, but, unlike other God Emperors, I'm bored and I don't know what to do every day, so I'm posing as a shop assistant, and if someone can tell that I'm extraordinary in any way, then I can grant him a request, no matter what it is. Unfortunately, after all this time, no young junior here and there could even see that I was extraordinary, and they all damn well thought that I was a natural born cheapskate. Until today, hahaha, finally you brat has recognized me as extraordinary."
