

# King of kings

Chapter 2497

“So let’s come, and not join in?” Don Omi said.

“Uh, how do you participate? I haven’t prepared anything, and besides, I’m not in the mood to prepare for this kind of competition ah.”

Omi said in his heart, Old Sang Senior’s personality was indeed strange and could not be thought of in a normal way.

Omi said, “Master, don’t worry, you’re a God Emperor and can’t participate anyway, so I’ll represent you.”

“Erm, you represent my family ah.”

“Right.”

At this moment, not far behind Omi and the others, a few people were talking.

“It’s a pity that that divine deer from the last Tianze divine Desolation wasn’t caught, if we had, I guarantee that we would have won the first place in this year’s food competition.”

“Yeah, what a pity, I don’t know if anyone has caught it.”

“It should be that no one has caught it, that divine deer has run away.”

“Pity, pity.” One second to remember to read the book

In the front row, Sonny asked, “Food Gods, you’re in? But you didn’t even know this before, you definitely didn’t prepare it.”

Omi said, “Master, you forgot, I caught a divine deer la before, I roasted that divine deer and it tasted really super good, I didn’t think so, but, today I came here, I ate a lot of the food here and then compared the divine deer and realized that my divine deer tasted a lot better. So, later on, when the food gods are here, I’ll serve up the meat of the sacred deer for evaluation. Of course, I don’t know if I can compare it, but it’s heavy on the participation.”

Old Sang’s body shook and smiled, “Wind Lightning, you really are a person with luck.”

“Erm, how did you say this.”

“Do you know why so many people went to the Tianze Divine Wilderness to hunt and kill that divine deer before?”

“I thought at first that the divine deer ate a great tonic, but afterwards I ate it but it didn’t have a great tonic, so maybe those people were greedy for the deliciousness of the divine deer.”

“Wrong, those people who went to the Tianze Divine Wilderness to hunt and kill the divine deer, their purpose was to bring it here for judging.”

"Eh, so, no wonder." It dawned on Omi that, as a result, none of them got it, but Omi got it.

"Master, so the deliciousness of the divine Deer is known to everyone?"

"Of course, why else would you go hunting, Windy, I have a feeling that your sacred deer will become a food god champion."

"Errrr, no way."

"Hahaha, you kid, you're so lucky, I suddenly feel that it's good to be a champion, I didn't participate in the past, it's not exactly my character like that, but, I'm alone, I simply don't have anyone or anything to take. If I can win a championship, why not, haha."

Old Sang seemed to be happy that Omi could win a champion for his family.

Every Super Banquet, there were only four items in total, hundreds of God Emperor families, which family wouldn't want to get a champion and be properly awesome.

Old Sang thought about it this way, maybe, between him and Omi, it wasn't exactly him helping Omi, Omi was helping him too ah.

"Are you all ready? Our food contest is about to begin." The host shouted.

"Get ready."

"Please, each God Emperor family, bring up the most delicious delicacies you've prepared, one by one."

The first God Emperor family brought up a plate of something unknown.

The ten judges tasted it one by one.

One by one, the final score was evaluated separately, removing a maximum and minimum score and taking an average score.

"Seventy points."

Just like that, one over the other.

A few hours later.

"Now that all three hundred contestants have finished comparing, the highest score has come out, and it's the Gollan God Emperor Family's cuisine, 'Heavenly King Flying Phoenix', which received the first highest score, eighty-nine points. Congratulations to the Goelan God Emperor Family."

"Pah-pah." The crowd applauded.

Mr. Go Jun was holding the plate of food prepared by their family, looking at everyone excitedly.

But at this moment, there was a loud shout, "Wait, I haven't even served it out yet, who told you guys that their Fruitland God Emperor Family is the champion."

The one who spoke, was precisely Omi.

Omi walked forward to the stage in full view of the crowd.

The host said, "Who are you? You're not in the registration, are you eligible or not? But only the God Emperor family is eligible to participate here."

Old Sang immediately stood up and snorted, "He is my disciple, is it possible that I, one of the ten God Emperors, am not qualified to participate?"

When the host saw Old Sang, he was busy saying, "Sorry sorry sorry, I didn't know he was representing your family."

When Mr. Gojun saw Omi come up, he glared at him and said, "Kid, don't come up here to be conspicuous, you guys are worthy of competing with my family for the food championship? Wash up and sleep."

Omi said, "Whether you are qualified or not, it's not up to you, it's up to the judge, you have the ability to have the judge blatantly favor you and deliberately give our family's food a low score."

The host said, "This gentleman, don't worry, the judges are the most impartial and will never be biased in any way, quickly bring out your family's cuisine for evaluation."

Omi looked at the crowd and shouted out, "Old Sang God Emperor Family, God Deer Called Heaven."

After saying that, Omi brought out a plate of grilled divine deer meat.

Because Omi had already eaten a lot of it, he couldn't bring it up whole, so it sold badly when it was brought up, a plate with a lump of meat in it, no one could tell if it was real divine deer meat or not.

Mr. Guo Jun snorted, "You say it's divine deer meat, is it? Moreover, such a sell-out, you dare to bring it up for comparison, go away, don't leave the eyes of the gods unattended."

Omi snorted, not bothering to pay attention to him.

Omi then took out a small knife, Omi was going to carve it on the spot.

Omi removed the lump of meat, brushing off the excess, and after ten minutes, Omi removed the scraped off excess meat, then a lifelike divine deer appeared in front of everyone's eyes, but it was a smaller version, the carved divine deer just happened to be standing in the plate, raising its head, as if it was screaming to the sky.

Omi picked up that plate and said, "The divine deer screams to the sky."

The host said, "This gentleman, now that your work is done, please take it to the ten judges."

The first judge tasted a bite and was shocked, "Yummy, yummy. I gave it 99 points, the reason why I didn't get a perfect score was because I was afraid he would be proud."

The second one also tasted a bite and said, "The divine deer is delicious, it's the only one in the world, I'll give it a perfect score, I'm not afraid that he'll be proud because it's delicious and worth being proud of."

With that, Omi's divine deer delicacy received ninety-nine points.

"I announce that the first place winner of this year's food competition is, the Old Sang God Emperor Family."

"Good." Old Sang himself applauded, but the rest didn't applaud much.
