## Chapter 2531

"No way, I've never been there before."

"You were in during the day and out at night, and I, on the other hand, was there all day and night and never came out for a moment."

"Ah." Ouya stayed, and Ouya knew how dangerous it had to be to be in there at night.

"Windy, you've worked hard." Ou Ya cried that omi was working so hard because of her.

"Silly, if I didn't work so hard, I wouldn't be here today, I'm already a Twelfth Realm God Emperor now, if I wanted to, I could become a God Emperor right now. I originally came here specifically to look for the Old Thief of Gu Chen this time, but I didn't expect that he went out and closed the door, I don't know where he's hiding."

"Why did the old thief of Gu Chen go out to retreat?"

"I just heard Gu Xinghe say that Old Thief Guchen is about to step into the Ten Realms God Emperor."

"Ah, a Ten Realm God Emperor, oh my." Ou Ya was shocked, Ou Ya's grandfather, Oude, was only a Second Realm God Emperor.

"Wind Lightning, so strong, are you okay?"

"Whether it works or not, we won't know until we fight, and it doesn't make much sense for me to say that much now. After all, it was a Ten Realm God Emperor, and I, on the other hand, can only become a One Realm God Emperor first. However, I have great confidence."

"Hmph. By the way, Wind Lightcloud, what about Gu Xinghe?" First web site m . kanshu8.net

"He has been killed by me, Ouya, did Guxinghe bully you all these years?"

"No, he can't pass through the prison's restrictions, and his strength is lower than mine, so without the help of the Old Thief of Gu Chen, he wouldn't be able to do anything to me even if he entered the restrictions."

"That's good."

At this time, Ouya saw Purple Leaf not far away and was busy saying, "Is he the girl called Purple Leaf that you said?"

"Exactly."

"I've heard you say before that she's a loving girl, too."

"Oh."

At this time, Zi Ye came up and was busy saying, "Zi Ye has met Miss Ouya."

"Ziye, why are you so polite to me, if you don't mind, call me Xiao Ya."

"Erm, Miss Ouya, hello."

"Uh-huh, Xiaoye, hello."

omi said, "Let's go, let's leave now and wait for the old thief Gu Chen to get out of the gate, then we'll come back to fight him."

"Where are we going?"

"I've been out for so long, it's time for me to go back to my home, my home wants Sky World, I'll take you there now." omi said.

"Mmhmm."

So, omi took Ziye and Ou Ya and left the main world and headed straight to the Sky World.

At this moment, the old thief Gu Chen was in a secret place to close the door, in order to impact the Ten Realms God Emperor, he closed all his consciousness, of course, no one knew where he was, because at such a critical moment, he couldn't be disturbed, so his grandson Gu Xing and was killed by omi didn't perceive it in the slightest.

In less than half an hour, omi returned to the Sky World.

It hadn't been so fast, mainly because omi had used his abilities, and any further distance would have been quick.

Entering the Sky World, suddenly, omi had the feeling of entering a small village.

Indeed, coming back from a place like the main world, it felt like the Sky World was as small as anything.

"Wind Lightning, is this your hometown? It feels so desolate." Oya said.

"Oh, so desolate." omi smiled bitterly.

Zi Ye was afraid that omi would think too much, and was busy saying, "Actually, it's fine."

"Alright, you guys don't disobey, it is indeed desolate, I've also been to the main world, and in comparison, my hometown is indeed like a remote mountain valley

Same."

The two men stopped talking.

omi flew into the Immortal Court.

It had only been a million years, but it felt like it had been away for a long time, mainly because, omi had experienced so much in these million years.

"I'm back." omi shouted.

Suddenly, all of omi's relatives in all corners of the Immortal Realm heard it, but of course, not omi's relatives, couldn't hear it. Here, omi was using an ability again.

"Husband."

"Prime Minister."

"Tzichen."

"Immortal Emperor."

At once, in all directions, countless people were pouring towards omi.

And Zi Ye and Ou Ya, feeling confused when they saw so many beautiful women flying in, with mouths shouting out for phase emperor and the like.

It turned out that Wind Lightning had a wife in the house, thanks to them, they thought that omi was only the two of them, in the future, Ouya was the big one and Ziye was the small one, it turned out that everything was blind.

Ou Ya and Zi Ye both looked at each other face to face.

"Hahaha, my dears, I'm back." omi greeted with a big smile.

"Husband, why have you been gone for so long."

"It's only been a million years."

"But a million years feels too long."

"Yes, we're worried about you all the time, after all, it's the first time you've left the world and traveled to the universe, so we don't know if you'll be bullied."

"Don't worry, nowadays, I'm the only one who bullies others. Let's go, go home, have a feast tonight." omi said.

"Brother Chen, they are?" Little Fire looked towards Ouya and Ziye.

omi said, "This is Ouya, my new daughter-in-law, and this is Ziye, my friend, but sooner or later she will be my daughter-in-law." omi was straightforward, there was nothing to conceal.

Ouya said timidly, "Hello guys."

"Hello, Miss Ou Ya."

Ouya and Ziye both nodded awkwardly.

omi turned back and said, "Ou Ya, Zi Ye, these are my closest relatives, these are my wives, this is my master and master's wife, and my parents and so on." omi gave a brief introduction.

That night, omi held a grand banquet, one, to meet with his relatives, two, to welcome Ouya and Ziyue, and three, omi recounted some of his experiences in the universe over the years.

When omi finished speaking, everyone was incredibly impressed with omi.

“Brother Chen, then if you meet up with the old thief Gu Chen now, are you sure you can defeat him?” Little Fire asked.

“Although I have a lot of confidence, but after all, I’m a Ten Realm God Emperor, so I don’t dare to say one hundred percent, but, he and I will have to fight it out sooner or later.” omi said.

“About when? Why don’t you wait until you’re stronger, too?”

“No, I can’t wait that long, I’ll go kill the Old Thief of Gu Chen when he’s out of the gate.”

Ouya said, “Wind Lightning, if the Old Thief of Gu Chen reaches the Ten Realms God Emperor, he will definitely feast the entire universe, when that happens, you can go directly to his divine banquet and fight him at his divine banquet.”

“Well, that’s good, there can be. Alright, let’s not talk about that old thief, let’s drink heavily.”

“Brother Minister, I’ll drink to you.”

“Brother Chen, you are truly my eternal hero, only out in the universe for such a short time and you can compete with the first God Emperor of the universe.”

Everyone congratulated omi and expressed their admiration.
