

# There for You Till I Die Chapter 26

## Chapter 26

Sarah saw Tracy persuading her not to go out in order to prevent a disaster, she couldn't help touching her daughter's head with a smile, "Go and pack your things. Don't delay, the flight is in the afternoon."

She has emailed the headquarters yesterday, requesting to be transferred back to the country. No matter what Brian's choice was, she didn't want to accompany him anymore, and she didn't need a vacillating relationship.

Thinking of this, she received a message from Brian.

"I'm thinking about it, Milan Western Restaurant at two o'clock in the afternoon, I am waiting for you and Tracy, I have something for you."

Sarah said nothing.

He had something to give them instead of asking them to stay. His meaning couldn't be more obvious. It seems that asking her to meet this time is to give her a check.

The flight in the afternoon was at 3:30, and Sarah had no plans to go. Faced with such an answer, she actually didn't care.

But the closer she got to two o'clock, the more anxious she was getting and could not sit still.

"As\$hole! It's just to meet, I'll go!"

She was going to throw the check back on his face fiercely, telling him that she didn't care about his bad money!

The top of Davidson Heights.

The assistant is reporting the bill carefully.

"President, this is almost all of the assets of our Davidson Family. I think... Do you want to think about it again?"

Brian stood up in relief, "I don't need to think about it anymore. I have worked hard for Davidson Family and it has returned me as well."

He felt the warm sun pouring in, and the stone in his heart finally fell. He can give her an explanation.

On the other side, Sarah noticed that the tire had blown as soon as she started the car. She had no choice but to lead Tracy to take a taxi at the door. Fortunately, a taxi soon stopped in front of them and asked them where to go.

Sarah tightened her scarf, "Milan Western Restaurant."

After getting in the car, the driver asked, "Which Milanese restaurant?"

"Why, isn't there just one?" The driver started the car, "One in the east of the city, one in the west, but I just came from the east of the city, that restaurant is closed, It seems that you are going to the one in the west of the city."

Sarah waved her hand, "Go to the west." In the old house of the Davidson family, Mrs. Davidson was listening to the housekeeper's report.

"The hotel manager said Sarah took her daughter out, our people have been waiting for a private room, as long as she agreed to leave and took the check, our private jet will directly send them back to the country."

The old lady nodded, "Good job, how's the young master?" The housekeeper leaned, "Young master hasn't noticed it yet."

Lidya who was outside the door also quietly left, returning to the room and receiving a call from the other party.

"The people have already been brought."

Lidya nodded in satisfaction, "Okay, as long as you do well, I will add another five million!"

Hanging up the phone, she went downstairs and poured a cup of tea to Mrs. Davidson's room.

"You really know each other, but I advise you to spend more time with Brian. It's useless to please me, old lady."

Lidya lowered her head, "Mom, I know my reputation is messed up now, and I don't want to drag him anymore. Home, Ervin can stay in Davidson's house, but if I want to leave, it takes 50 million."

Mrs. Davidson is not surprised at all, "Okay, when Brian comes back, you will tell him personally, I will give you 100 million afterward. It's a reward for you to give birth to a grandson for the Davidson family."

Lidya was happy, the money was enough for her to eat and drink in the next life, and she didn't worry about finding another man, so why would she hang herself on a tree?

On the other side, Brian was sitting in the office trying to call Sarah, only to find that his mobile phone was missing.

The assistant searched all the conference rooms but couldn't find it. When Brian saw this, his heart sank, and he always had a vague premonition.

Through the tracking system on the computer, he found that the mobile phone had fallen into the old house. Just about to get up, he received a call from the housekeeper.

“Master, your mobile phone has been sent to the company for you. It will arrive in

five minutes .” Five minutes later, Brian got the mobile phone and immediately checked Sarah’s location.

” Get out of my car, the meeting will be postponed!”

...

In the Milan restaurant in the east of the city, Mrs. Davidson’s people waited and couldn’t wait to see Sarah, so they called the boss.

The housekeeper was puzzled, “Impossible. She went out an hour ago and didn’t go to the airport. She must be on the way to the appointment. You will wait!”

Mrs. Davidson smiled to herself. To our appetite? Where can a woman with a child go!”

“If you can’t find her, go to the road to block her! Be sure to get things done!”  
As

soon as she finished speaking, she saw the blockage in the front of her room.

“Brian? You dare to bring this woman home! And you, Sarah, you are not dead, do you have the face to see me?”

Sarah and Tracy stood behind Brian. Apart from dirty clothes, there are no wounds.

Mrs. Davidson didn't understand, this formation seemed to come to her to ask her for a crime?

Brian's face was ugly, "Mom, you asked them out in my name."

Lady Serena looked sideways, "Why, you came to support her? to vent your anger? Even if you, the rebel, don't recognize me, neither will I allow you to marry this woman."

Brian sighed deeply and took a contract from his assistant.

"This is a share transfer agreement, and I will leave the house alone."

## Chapter 27

Mrs. Davidson was furious, "What...what do you mean!"

Brian told her and Sarah.

"I don't want any share of the Davidson Family's property. I brought the transfer letter. From now on, I have nothing to do with the Davidson Family. You don't have to worry about my unfilial son."

Sarah stretched out her hand and pulled his clothes sleeves, "you do this for me, I would have is the way to go."

She stretched counter assaulted when they were holding him back, "you go take them after I rely on you to support the family?"

Downstairs Lidya was even more unwilling to hear the close words of the two people. How could Sarah not die!

Sarah caught a glimpse of Lidya and called her sideways.

“Miss Lidya, are you surprised that I am standing here well and alive?”

Sarah glanced at the Lady Serena. “I didn’t come today to be right with you. I knew I was not Brian’s. It is you, I was going to tell you that I will leave City.”

“As for me, just thank you for showing me the thief in the Davidson family.”

Two hours ago, Sarah did bring Tracy with her. She got off at the entrance of the western restaurant in the west of the city, but instead of walking to the original private room, she sat in the private room next door.

Until the gangsters in the originally planned private room became more and more unable to sit still, when she opened the private room door and came out, she immediately stepped in and brought down the little brother who was left behind and brought him back for a question.

The little b@stard was pressed to the ground by the bodyguard, and Brian stepped on his face.

“Tell everything you know, otherwise, you won’t be able to go back.”

The little b@stard was so scared by Brian’s aura that he almost peed his pants, collapsed, and shouted, “Lidya asked us to do it, she said, as long as we take the lives of mother and daughter, she will give us 15 million! she said it all, forgive me! Forgive me...”

Lidya immediately stepped forward and yelled at him, “Shut up! What benefit did you take by believing this sl\*t to slander me? Say I asked you to kill, what evidence is there!”

The little b@stard immediately jumped up to retort, “Lidya, I thought you were a beast. Yes, I didn’t expect to unload the grievance and kill the donkey at the

critical moment! When you were mixed up with our boss, how did we help you solve the paparazzi? Have you forgotten!”

Lidya screamed, “Shut up! You...you all Don’t believe him! Sarah must have bought him to talk about this! Mom, I told you a long time ago that I will leave the Davidson family. In that case, what is the point of Sarah’s life for me? “

Sarah laughed loudly, “First, because of Brian, you are not reconciled; second, if the Davidson family recognizes Tracy, if your son can’t get the property, then how will you wait for the old lady to pass away and sits in her seat?”

Lady Serena glared, “Lidya! Do you really think so!”

Lidya looked around helplessly, and when she saw Ervin, she pulled him over. , Took out a fruit knife from nowhere, and smiled sternly across his neck.

“It’s useless to say anything now! I want you to give me a billion, or I will kill him!”

Sarah glared, “You are really vicious, even you are using your own son!”

“Shut up. If it weren’t for you, I would have long been Mrs. Davidson!”

Ervin cried heartbreakingly, and no one could bear it.

Just when Mrs. Davidson wanted to compromise, Sarah stepped forward.

“Lidya, do you think you can leave here when you get the money? It’s really stupid. When you come back this time, the thing that surprised me is to learn that you are much stupid than five years ago. Look at how you look now. The temperament of a queen.”

“I advise you to hurry up with a dying gold lord without a son while you are still young so that you can divide your inheritance. Otherwise, with your current reputation, you can only make a third-level film. . “

This shook Lidya, getting her confused,” I will kill you .....

It’s my turn now!

Sarah saw the right time, and kicked off the knife in Lidya’s hand, then quickly grabbed her and handed her to the bodyguard.

The frightened Ervin immediately rushed into the arms of the Lady Serena and burst into tears.

Seeing that everything was a foregone conclusion, Lidya could only beg for mercy.

“Brian, please let me go to our old friendship, think about Ervin, I am his mother!”

“Ervin! Hurry up and beg your father and grandmother! Do you want to be a child without a mother!”

Lady Serena snorted fiercely, “You are such a cruel mother, Ervin will probably die in front of me if you are by his side!”

Ervin stared at this scene blankly, shaking ignorantly Lady Serena’s hand, “Grandma, although my mother sometimes beats me and scolds me to vent her anger, she loves Ervin very much. Ervin doesn’t want to... don’t want to be a child without a mother...”

Lady Serena stiffened. What did you say? She beat you?!”

Ervin nodded hesitantly, and whispered, “Every time my father says he can’t go home, my mother will block my mouth and pinch my thigh, sometimes with a needle Punch me.”

The Lady Serena shed tears distressedly, “Then why don’t you tell me! Why don’t you come and tell your grandmother to let your grandmother call you!”

Ervin shook his head, “Mom said that she would deny me...”

Davidson The old lady immediately pointed at Lidya’s nose with a cane.

“You b!tch! If I don’t teach you well today I won’t be able to feel comfortable in life ever, I’m sorry Buddha!”

## Chapter 28

At this point, everyone understood the ins and outs of the matter in their hearts.

The Lady Serena made an appointment with Sarah in the name of Brian, but Lidya took Sarah into the trap she dug with her hands and feet. In the end, the incident happened, and she even wanted to pour dirty water on the old lady.

The appearance of a good wife and mother she usually plays is also just to fool the old lady.

Mrs. Davidson has never been so angry.

“Throw out all of this b!tch’s things for me, drive her out of the city, and block her from the entertainment industry. She will die in oblivion somewhere!”

Lidya didn’t even have time to pack her luggage and was thrown out of the villa area wearing slippers.

It was already winter, and she was shivering in the street in her thin home clothes, with nowhere to go.

This is not all.

The next day, Brian came forward and held a press conference.

“A few years ago, Miss Lidya met me in order to star in certain film production, and then came over, that’s all. As for the children of Miss Lidya and I, it was an accident, but the Davidson family will not ignore it, and will give the child all he deserves.”

Sarah sat down and watched the man on the stage in her spare time.

This man is so powerful in the city, why is he so dumb when talking about this kind of problem?

She finally couldn’t stand it and interrupted him on stage.

“He didn’t know clearly. For me, Lidya had acted on me five years ago. Even though I had divorced Mr. Davidson at the time, this time I came back and became a thorn in her eyes. All she did was to keep my husband in the dark. Now that the Davidson Family has cleared the door, I also plan to return to Country from where I came to live a peaceful life.”

Brian frowned deeply, she has to leave?

After speaking, Sarah turned and wanted to leave, but was deeply pulled by Brian, and was taken into his arms unpreparedly.

“Want to leave again?”

Sarah glanced at the media that was pressing the shutter crazily, “Let go of me!”

Brian raised his eyebrows, “What can you do if I don’t let go?”

Sarah was about to explode, she was beautiful. She narrowed her eyes, smiled slyly, and stepped on his expensive leather shoes with a high heel.

In the next second, she was stunned. Her heels were long and thin. When someone stepped on the foot, they would jump up with pain, but he didn’t move!

He held her shoulders tenderly and affectionately and approached the microphone.

“As you can see, Ms. Sarah is now the object of my pursuit. Please bring Ms. Sarah with you as much as you want about my scandals.”

Sarah was exasperated.

After the press conference, Jin’s headquarters also sent an email, telling her not to return in a hurry, and when she wanted to take her marriage leave and maternity leave, she said it and the relevant department immediately approved it.

Brian didn’t give up his plan to leave the Davidson family. He also wanted to express his attitude to Mrs. Davidson, that he did not want to marry Sarah.

Over the years, he has also acquired many companies privately, and his personal property is only much more than Davidson’s assets.

It’s just that Lady Serena has been in a stalemate because of Ervin.

In the hotel room, Sarah panted roughly.

She just turned a few more laps on the road before she shook off the paparazzi who was following her. When she returned to the hotel, she ran into several squatting spots.

She suspects that Brian is deliberate, and wants to use these paparazzi who are doing the headlines at all costs to monitor her every move!

As soon as she sat down, the phone rang.

“Hey...you have read the news too. It seems that I am embarrassed and thrown back to the United States.”

The voice of the man opposite was calm, “Just resign and come back to our own group. You don’t have to go back to China involuntarily. The country is over.”

Sarah sighed, “I didn’t think about what you said, but...”

These times, she made up her mind to return to the United States, but every time she had to admit that she couldn’t bear the man in her heart.

Even if Brian hurt her deeply, she could not remain indifferent to his firmness and tenderness during this period of time.

“Stephen...Will you forgive him?”

Stephen, who was far away in the United States, squeezed his mobile phone. It took a long while to silence the dark surge in his eyes and hung up the phone without reply.

On the other side, Davidson’s top floor.

Brian was sitting in front of the huge floor-to-ceiling windows, drinking red wine to admire the beautiful views of the city, kneeling in front of him with a messy man.

“Why, want me to judge you personally?”

The people on the ground shook their bodies and leaned back, sweat and tears on their dark faces.

All of the bodyguards of the talented Brian couldn't pry open his mouth, he just wanted to see Brian.

"President Davidson, I know that after I have explained everything, I can't live anymore, so I want you to make a promise to let me go and send me abroad. I don't need money or anything, as long as you don't trouble me anymore. "

Brian got up and poured the wine in his hand on his head. "Zack, you are not qualified to negotiate terms with me. Your wife is still pregnant. If you know that you have been fooling around with Lidya, you must die. Live..."

"I said I said! As long as I don't touch my wife and children, I will say it!"

Zack put away his calculations.

"Five years ago, Miss Sarah's miscarriage was actually done by hands and feet. At the time of the explosion, she was handed over to Lidya for detention. She was locked up until she was close to giving birth. Actually... The son Lidya gave birth to you was Sarah's at that time. The kid in the belly!"

## Chapter 29

Brian's pupils shrank suddenly.

"What are you talking about! Dare to play tricks with me, believe it or not, I'm twisting your head now!"

Zack kept kowtowing in fright, "I dare not, I dare! What I say is true! I can do it now, find the doctor who was bought... Also, during your hidden marriage,

Lidya slept with several directors to fight for the role, took medicine, and had a miscarriage. She would have been barren!”

After seeing Zack, he quickly drove to find Sarah.

On the road, his hands holding the steering wheel were shaking.

Ervin’s face kept flashing before his eyes.

No wonder Ervin’s eyebrows are like hers, he once thought that he was missing Ervin because of illness!

At a turn, he didn’t have time to look at the road. Seeing that a big truck in front was about to hit, he quickly turned the steering wheel, but there was no response!

“Hey—” When Sarah rushed to the hospital, the operation had been in progress for two hours, and Tracy and a tall, handsome man followed behind her.

She anxiously stepped forward and held Ervin’s hand, “Don’t be afraid, how is your father?”

Ervin’s eyes rubbed with tears, “Auntie, my father lost a lot of blood when he was sent in, and he was still a bit in senses, he was calling your name auntie...”

Sarah rubbed his face distressedly, “It’s okay, the uncle doctor will heal him, let this uncle take you and Tracy to buy some cakes, okay? Cake? I will buy it when Dad wakes up.”

“I am here for that. Why don’t you get the cakes now?” Sara said, holding his hand.

Ervin nodded obediently.

Ten minutes later, Stephen took Ervin with his left hand and Tracy with his right hand, walking on the road very unnaturally.

“I...can't I go by yourself?”

Tracy curled her lips, “Little Uncle, I didn't need others to lead me since I was a child, how about you, Master Davidson?”

Ervin also nodded.

Stephen immediately withdrew his hand in embarrassment, “Then you want me to hold it?”

Tracy: “...”

Ervin: “...”

In the dessert shop, Stephen kept looking at Ervin calmly.

This child doesn't look like his parents, but a bit like Sarah.

“Hey, I ask you how your father treats you.”

Ervin swallowed the cake, “Uncle, I will protect Aunt Sarah in Davidson's house in the future, and my grandmother will be my side and will not allow Dad to bully her anymore.”

Stephen glared at him, “You are a wealthy family like the Davidson Family. Aunt Sarah is not interested. Moreover, your grandmother is not a good friend and can't help.”

Ervin's eyelids drooped, “I.” Forget it, my father will never come home again. He has severed ties with my grandmother and the Davidson family for Aunt Sarah.”

Stephen was startled suddenly, "What are you saying? Is it true?"

...

In the hospital, Brian leaned on the hospital bed leisurely, smiling as he watched the woman next to him feed him soup.

"Well, it's a bit hot."

Sarah immediately took it back to her mouth and blew it and handed it to him, and he swallowed it with satisfaction.

Seeing this little woman busily working like a bee, making soup for him and cutting fruit for him, he was about to fly in comfort and wanted to lie down like this forever.

When Stephen came back with the two children, he looked at this scene with a sluggish expression.

Sarah quickly got up, trying to introduce them to each other, but felt unable to speak.

The atmosphere condensed all at once, faintly tense.

It was Brian who broke the embarrassment, "Hello, I am Brian."

Stephen pushed the gold-wired glasses, the corner of his mouth smiled unclearly, "Long time no see, President Davidson, I am Stephen."

Five years ago, Stephen was imprisoned for stabbing Brian and was released early because of his good performance. After being released from prison, he found a job in the United States by virtue of the relationship he made in prison and took Sarah and Tracy back as well.

After a few years, he already had his own business. He has been persuading Sarah to cooperate with him, but Sarah never agreed.

Brian knew that something must be resolved, so he smiled and looked at Sarah.

“You take the two of them out, and the driver will take you to the restaurant. I want to have a chat with Mr. Davidson alone.”

Sarah agreed and looked at both of them with worry before leaving.

Stephen has become more stable and has gained considerable power in the past few years, She is afraid that Brian will not be easily let go because of Lara.

Brian is still in plaster now, and he doesn't know if he really starts his hand later, if the bodyguard at the door can rush in, in time.

And what about herself? Did the thorn that Lara planted in her heart just disappeared like this?

She has to admit that every time she comes into contact with Brian, she feels a little guilty. She thinks Lara died because of him.

In the dining room, Sarah went to the bathroom, and the two children cupped their faces with big eyes and small eyes.

Tracy collapsed, “I already ate dessert and dinner, is this not feeding the pig?”

Ervin smiled, “You eat so much, you don't need to feel it, you are a pig.”

Tracy glared at him, ” Right, I am five and you are five, so which month and day were you in?” The

the boy replied, "October fifteenth in the lunar calendar."

"I am also on this day! Are you born in the morning or at night?"

Ervin also felt Very surprised, "I was born at noon."

Now Tracy can't laugh, "I'm also at noon. It seems unlikely that you will call me sister in the future, alas..."

Ervin was startled after hearing this, "You're not against Aunt Sarah being with my father are you?" If you disagree, "Why would I oppose it? Uncle is so handsome and loves me so much."

Ervin's eyes dimmed suddenly.

## Chapter 30

Ward

Brian's face was indifferent, "Please sit down." Stephen remained motionless, "No need, Mr. Davidson has something to say, but I have something to say before that, Sarah, she can't stay by your side."

Brian raised his eyebrows deeply, "Do you like her?" Stephen frowned immediately, "Don't use your dirty and filthy thinking to examine me. From the beginning to the end, she is my lover's sister, and you, in my eyes, will also be a sinner for your whole life. If I had found definitive evidence, you would have been in jail long ago."

Hearing such provocative words, Brian was not at all annoyed, "I have someone to give you."

He ordered the bodyguard outside the door to bring the person in.

Stephen couldn't help kicking up when he saw Zack, "Brian, do you want to answer me?" Seeing Stephen's face clearly, Zack couldn't help but get goosebumps again, thinking about it. At Brian's previous instructions, he immediately knelt down in front of Stephen.

"I'm sorry! It's all my fault! I was deceived by Lidya, took her money, went to see Miss Lara several times when she was in the hospital, and brought her a photo, saying... that you had an affair with her sister. She couldn't stand it... Ah..."

Stephen punched him up, his face gloomy and terrible.

Zack said all the hands and feet he had done at the beginning. After listening, Stephen couldn't wait to kill the beast directly!

"Where is Lidya? Brian, do you still want to protect her?"

Brian cut the fruit deeply and placed it neatly on a plate. "She was sent to prison by me just now because of deliberately causing a car accident. As for how she lives in prison, you have the final say." A few hours later, Stephen had already left when Sarah returned.

Brian summoned her to come in calmly, "You must be tired, eat some fruit, don't have to stay with me all night, go back and have some rest, I bought an apartment for you, the key is in your bag."

Sarah nodded, gnawing at the apple without feeling any taste.

Looking at her worried look, Brian felt even more distressed, "I had a very successful conversation with Stephen. I think, when he finishes digesting, he will explain to you in person. There are some things that others cannot understand on his behalf."

...In the old house of the Davidson family, Ervin sat next to Mrs. Davidson and held her hands.

“Grandma...”

Mrs. Davidson opened her eyes, “Hmm... what is going on?”

Ervin lowered his head, “If Dad really wants to be with Aunt Sarah, won’t you stop him?”

“You don’t like that aunt? Grandmother looks away. if you disagree, there is no way. Fortunately, she gave birth to a girl, as long as it doesn’t interfere with my precious grandson. Why should I worry?.”

“Apart from not giving a dime of family property to Sarah and her daughter, and not including her in the family tree, I have no other requirements.”

Ervin said nothing.

Thinking of his dad seeing Sarah’s kind pampering, something he had never felt before, he felt worried and scared inexplicably.

Dad has left the Davidson family now. Will Dad stop looking at him after Aunt Sarah gave birth to another son?

Ervin got up and went back to the room with a dazed look. The next day, while Sarah was cooking soup in the apartment, Stephen knocked on the door with the toy he bought for Tracy.

“I’m going back to the United States.” Stephen took the hot tea, his expression unchanged.

Sarah was very surprised. He will leave after only two days? Was it unpleasant to have a deep conversation with Brian last time?

Thinking of this, her face sank, “Lara, I...”

“You stay with him.”

Sarah was stunned, “What did you say?”

Stephen pulled out a smile and looked at her with relief, “I forgive him, the real murderer is Lidya, she bought Zack to stimulate Lara, although it is also because of Brian, I am relieved since I forgive him, sister, I don’t have any more scruples.”

“If it’s Lara...she sees you in the sky to be happy, she will choose to forgive as well. Besides, you have two children, even for I can’t persuade you to come back to the U.S. for these two innocent children.”

Sarah was puzzled, “I gave birth to one child. Where did the other child come from?”

Stephen frowned, “What? , Brian hasn’t told you yet? Ervin is also your child. He and Tracy are twins, but he was taken away by Lidya’s people when he was born. Tracy was born half an hour later. A catastrophe.”

Ervin’s white face appeared in front of Sarah, and she murmured: “He is...my son...” In the

old house of the Davidson Family, Ervin received it as soon as he came out of the shower. Tracy’s voice message.

“Haha, I didn’t expect you to be born half an hour earlier than me, and I will have an older brother in the future, la la la...”

Ervin suddenly turned off the phone.

What brother, he didn’t want to be at all.

After turning off the phone, he even forgot to wipe his wet hair, and the cold water hit his thin body in this way. Soon after, a depressed cry came from under his deeply buried face.

Dad chose Aunt Sarah and her daughter. I never...cannot have Dad's love anymore.
