

## A Billionaire's Reincarnation Chapter 101-120

### Chapter 101

After Zhang Qing left, Chen Yina sat next to Chen Hao Xuan and asked him in a delicate voice, "Brother Xuan, what should I do if you leave the online store to Zhang Qing?"

Chen Hao Xuan made a warm gesture, he reached out and gently scratched Chen Yina's nose, smiling, "How can I be willing to let my Nana do such a tiring job? How about this! If you don't mind you can be my secretary, okay?"

Being Chen HaoXuan's secretary can work with Chen HaoXuan all day long, isn't that what Chen Yina wants? Chen Yina happily took Chen Haoxuan's hand and said, "Yes, of course! As long as I can be with Brother Hen, I'll do anything."

"Well, then, you start now! Help me answer all the netizens' questions, this job is very tiring, so you can answer if you can, and if you can't answer, just leave him alone, there are so many that can't be finished anyway." Smiled at Chen Hao Xuan.

"Well, I'm going to bring the laptop over." Chen Yina was happy. Chen Yina was getting better and better at doing business now, probably due to Chen Haohuan's influence!

Chen HaoXuan is in a very good mood these days, except for the thieves a few days ago, he might say that good things are happening all the time, in the Chen Village his business of acquiring bamboo is getting better and better, villagers in a ten-mile radius like to sell bamboo to Chen HaoXuan. The other good news is that Zhang Tianqi has successfully applied for the copyright of her all-powerful cell phone, and is going to start selling it to the public on August 15th.

Chen HaoXuan estimated that by the end of August, he should be able to earn about 600 million RMB. By the time Chen HaoXuan is a billionaire, he will be on an equal footing with Zhou Xiang and the others.

Chen Haoxuan's development was so fast that it made many people jealous, and many businessmen began to befriend Chen Haoxuan. Zhou Xiang, who is even more exaggerated, is now basically urging his daughter every day to take Chen Haoxuan, because he sees that Hua Lingwei and Chen Yina like Chen Haoxuan, and he is worried that Chen Haoxuan will be snatched away by Chen Yina and the others, and

he is not urging his daughter to go after Chen Haoxuan for the sake of benefits, he is completely concerned about his daughter's happiness, he is very satisfied with Chen Haoxuan, and he thinks that if his daughter can marry Chen Haoxuan, she will be very happy! The first time I saw it, I was in a hurry.

Zhou Xiang is urging his daughter to chase after Chen Haoxuan, and Hua Tianyu is likewise urging his daughter to chase after Chen Haoxuan, whose development speed is obvious to all, and who wouldn't want such an excellent son-in-law.

Zhou Kexin is different from Hua Lingwei, she dares to chase after Chen Haoxuan openly because she is afraid that Zhou Kexin will turn against her when she finds out.

Zhou Xiang and the others are all urging their daughters to hurry up and take down Chen Hao Xuan, something Chen Hao Xuan doesn't even know, he is answering every netizen's question with Chen Yina!

When it was almost noon, Chen Haoxuan turned his head to Chen Yina and said, "Nana, I'm hungry, you go cook." Chen Haoxuan said this very naturally, just as if Chen Yina was his wife.

"Well, then, get busy first, I'll do it and then call out." Chen Yina smiled, washing and cooking for Chen Hao Xuan was something she wanted to do for the rest of her life.

After Chen Yina had finished cooking, she shouted out to Chen Hao Xuan, "Brother Xuan, the food is ready, come and eat!"

When he saw the food on the table, he joked, "Nana, I wonder why I eat with you, no matter what we eat, it always smells so good. Is this the fragrance of the food or the fragrance of you?"

"Slick." Chen Yina gave Chen Haoxuan a glance and laughed.

"Wow, a pretty girl is a pretty girl, even the eye roll is so pretty, can you roll one more for brother Xuan to see!" Chen Hao Xuan joked to Chen Yina, Chen Hao Xuan said it was true, Chen Yina rolled her eyes in a really nice way, very personal.

"You just know to pick the words that people like to hear." Chen Yina was happy, she liked Chen Haoxuan praise her, every time Chen Haoxuan praise her, she felt very happy.

"If you weren't that good, I wouldn't be able to praise you even if I wanted to!" Chen Hao Xuan smiled.

"Brother Xuan, I want to tell you something." Chen Yina was suddenly serious to Chen Hao Xuan.

"Well, go ahead!" Chen HaoXuan picked up his bowl of rice and ate as he did.

"Can you give me a ride home tomorrow? I haven't been back for a long time, and I miss my parents." When Chen Yina said this, her face flushed a faint red. She was embarrassed, because she had lied. She didn't miss her parents, she wanted to go home and tell her parents that she liked Chen Haoxuan.

"Nana's request, when have I ever refused, tomorrow is it! No problem, I'll go buy a whole bunch of nutritious food for my aunts and uncles this afternoon." Chen Hao Xuan was very quick to say, Chen Hao Xuan has long taken Liping and the others as his own family, so Chen Hao Xuan will bring good food to Liping and the others every time he comes home.

"Thank you brother Xuan." Chen Yina was happy, if she was sitting next to Chen Hao Xuan now, she would have kissed Chen Hao Xuan happily.

In the afternoon, Chen Hao Xuan left his work to Chen Yina, while he drove back to buy something. That afternoon, he bought thousands of dollars worth of goodies and nutritious food.

The next morning, Chen HaoXuan drove back to Chen Village with Chen Yina in his car. He didn't tell Zhou Kexin and the others when he left, which made Zhou Kexin and the others jump at the chance.

Chen Hao Xuan and the others went to Chen Yina's house when they got back to Chen Village, and both Chen Hao Xuan and Chen Yina carried a large number of gifts in their hands. There were a few women in the yard of Chen Yina's house, and they were all helping Li Ping clean up the vegetables in the yard. When they saw Chen Haoxuan and Chen Yina coming back, they did not greet Chen Yina, but only Chen Haoxuan, because now Chen Yina, they did not recognize her.

"Li Ping, come out quickly, little Xuan is back." A woman shouted loudly to Li Ping who was in the kitchen. They all came to help voluntarily, they came to help because there was a benefit, they could take back the dishes they cleaned out to the pigs, and if there was more than what Li Ping had cooked, Li Ping would let them take it back to eat, so these women were very willing to help.

Li Ping came out from the kitchen, she saw that it was really Chen Hao Xuan who came back and brought a very pretty girl with him, she was very happy, she guessed that the girl must be Chen Hao Xuan's girlfriend, she was happy to Chen Hao Xuan: "Little Xuan, quickly introduce the girl beside you to auntie?"

"Gah ....." Chen Hao Xuan is speechless, how come Li Ping can't even recognize her own daughter?

## **Chapter 102**

Chen Yina, who was next to Chen Hao Xuan, covered her small mouth and laughed, she knew why her mother said that, it was all because the acne on her face was gone, that's why her mother didn't recognize her.

When he heard Yina's laughter, he turned his head to look at Yina and saw her white face, and then he remembered that Yina was no longer ugly. Chen Hao Xuan joked to Li Ping, "Guess who she is?"

What Chen Haoxuan did not expect was that Li Ping actually said, "I think this girl matches you so well, she must be your girlfriend, right?".

"Gah ....." Chen Hao Xuan was once again speechless, were he and Chen Yina that much of a couple, and could they tell at a glance that they were a couple?

"Little Xuan, you're amazing, you found such a beautiful girlfriend." A woman sitting under a tree said to Chen Hao Xuan.

Hearing their words, Chen Yina laughed even louder.

When Li Ping saw the girl next to Chen Hao Xuan laughing non-stop, she frowned and said in her heart, "Why is this girl so rude? Even if you don't shout when you see someone, you still keep laughing, is it because you are sick?"

Chen Haoxuan saw that Chen Yina was still laughing, so he pushed Chen Yina and seriously said, "Nana, you are still laughing, quickly explain to your mother."

Chen Yina smiled at her mother and said, "Mom, it's me! I am Nana."

Hearing the familiar voice, Ping Li was surprised: "You-you're really Nana? How did you become like this? What about the pimples on your face?" Li Ping said running to her daughter and looked at her seriously, she really couldn't believe that her daughter would have such a day.

Chen Yina grasped her mother's hand and smiled, "Mom, it's me! I've been treated for acne, so here I am! How about - is it good?"

Li Ping nodded her head incessantly and said happily, "Good-looking ....." Li Ping's heart was really happy, seeing her daughter's current appearance, she no longer had to worry about her daughter not being able to marry.

Chen Xiumin's mother often comes to play with Li Ping, she also came to help Li Ping today, she saw Chen Hao Xuan and the others, can't help but make a joke: "Xiao Xuan, you are carrying so many gifts, do you want to give a bride price?".

"He's my sister ....." Chen Hao Xuan was just about to say that he is my sister, he suddenly remembered Chen Yina's words, so he changed his words and said, "Don't talk nonsense, these are my treats to my aunt and the others."

"Little Xuan, why don't you give my family a bride price! I'll marry that girl of mine to you." Chen Xiumin's mother joked.

"Your daughter is so cute, you're still afraid that she won't get married!" Chen Hao Xuan cried and laughed to Chen Xiumin's mother.

Chen Yina turned her head and said to Chen Hao Xuan, "Brother Xuan, let's take the stuff inside the house! It's strange to be tired of carrying it like this all the time."

Chen Hao Xuan and Chen Yina took the gifts to the house, and after putting them away, Chen Yina took her mother's hand and walked to her room: "Mom, come here for a moment, I have something to say to you."

Chen HaoXuan left with a sense of humor. Chen Yina and the others, who were hiding from her, must have some secret they didn't want to tell him, so he simply left to go back to his house to see Li Botao and the others.

Chen Yina dragged her mother to her room and sat on the edge of the bed, she seriously said to her mother: "Mom, what do you think of Brother Xuan?"

"Xuan! He's nice, kind, smart and caring. He's a rare and good man. Huh? No, it's not! Why are you asking me this all of a sudden? He's with you every day, don't you know what kind of person he is?" Li Ping was curious.

"I-I know, I just want to hear what you think about Brother Hen. Mom, if I say I like Brother Hen, will you object?" Chen Yina lowered her head, shyly.

Li Ping laughed, she laughed very happy, before she might not want her daughter to marry Chen Haoxuan, but now it's different, her own daughter has now become a beautiful woman, now her own daughter is definitely worthy of Chen Haoxuan. In addition, Chen Haoxuan and his daughter grew up

together as childhood sweethearts and are very familiar with each other, so if they can become husband and wife, they will definitely be happy.

Li Ping said happily, "Of course I won't object! Not only I won't object, even your father won't object, because we had the intention of promising you to Xiao Xuan before."

Hearing Li Ping's words, Chen Yina threw herself into her mother's arms and said happily, "Thank you, mother, you are so good to me."

Li Ping stroked her daughter's hair and asked, "Nana, does Little Xuan like you?" Li Ping could see that Chen Haoxuan thought of her daughter as a sister, but she couldn't see that he loved her daughter.

"I don't know, he keeps saying that he thinks of me as his sister, Mom, I really don't want to be his sister, I want to marry him, Mom, what do you think I should do?" Ina Chen struggled to ask her mother for advice.

"Does he know you like him?" Li Ping asked.

Chen Yina nodded her head and said, "Well, I confessed to him, he only replied that he always thought of me as his sister, and then when I pressed him, he said he would consider it."

"Nana, listen to mom, if you want to win a man's heart, you have to move him and let him know that he can't live without you. Little Xuan is a kind child, if you keep treating him well, he will definitely fall in love with you slowly." Li Ping advised.

"But - but I don't have time, there are two school flowers in our school who are now pestering Brother Xuan all day long, they are not only the school flower but also the lady of a thousand gold, I am worried that Brother Xuan will be snatched away by them." Chen Yina was worried.

Li Ping frowned, she spoke out, "This is not good, the only way to do this is to destroy their contact with Xuan, so you have more chances."

If Chen Hao Xuan heard Li Ping and Zhou Xiang's words, he would have exclaimed, "In this era, it's not easy to be a good man! Everywhere is being counted."

On Chen Haohuan's side, he returned to his villa, and he saw Li Botao and the two of them in the garden, watering the plants in the garden. Chen Haoxuan shouted out, "Li Botao, Li Jun, I'm back!"

When Li Botao and the others saw that Chen Haoxuan was back, they immediately put down the watering pipe and ran to Chen Haoxuan, Li Jun said happily: "Boss Chen, you're back, we missed you so much."

"Boss Chen, can you drop us to the city of Xinshan too? It's so boring here, we have nothing else to do but water the plants in the garden and watch over the villa every day, it's so boring yo." Li Botao complained.

"If you're bored you can exercise! Let me tell you two, some time ago, ten thieves appeared in my residence in Xinshan City, those ten thieves are all very good, Lin Hao and the others are all in trouble, and now Lin Hao is still in the hospital. So you have to train hard, or else you won't be able to beat the little thieves, and it will humiliate your identity as soldiers." Chen Haoxuan was serious.

### **Chapter 103**

"Boss Chen, don't worry, we will definitely work hard on our training, if we embarrass you next time, we don't need you to rush, we will roll up and leave ourselves." Li Jun seriously to Chen Haoxuan.

"Well, that's good." Chen Hao Xuan nodded his head in satisfaction.

Chen Hao Xuan walked into the house and saw the already decorated house, Chen Hao Xuan felt like returning to the old home, the one from the future century. Chen Hao Xuan exclaimed, "This is like a home!"

"Boss Chen, many villagers from Chenjia Village want to come into your home and visit, but we have stopped them, I don't know what Boss Chen means?" Li Jun respectfully told Chen Haoxuan, they are now security guards and nannies, they need to give Chen Haoxuan housekeeping, and also need to clean up.

"All of them are from the countryside, it's obviously rude not to let them in, so how about this! You two arrange a time to gather those who want to come in to see my house, and then you can only let five villagers in at a time, and one of you need to follow in case they break the furniture." Chen Hao Xuan Dao.

"Yes Boss Chen." Li Jun should say.

"You guys go do your work! Don't worry about me." Chen Hao Xuan to Li Jun and the others.

Every villager who saw him asked if he wanted to acquire something this time. The villagers of the Chen Family Village had a sweet taste, and every time they saw Chen HaoXuan return, they would usually buy something, and every time they could earn a lot of pocket money. But unfortunately, Chen HaoXuan did not purchase anything for the time being.

Chen HaoXuan drove around the whole Chen Village, but he didn't see his family. I don't know if it's because of him that they are embarrassed to come out.

Afterwards, Chen went to his contracted fish pond again. After walking for half an hour to reach the fish pond, Chen Haoxuan stood at the edge of the fish pond and shouted loudly, "Uncle Shugen, are you there?". Chen Hao Xuan's voice was constantly echoing in the mountains.

"Well, I'm here, Little Xuan - you wait for me, I'm coming." Chen Shugen's voice could be heard from a corner of the mountain, Chen Shugen is also a native of the Chen family village.

After a while, Chen Shugen emerged from the bushes with a bundle of dry wood in his hand. He put the collected dry wood on the ground, walked over to Chen Haohuan and spoke out to Chen Haohuan, "Little Xuan, what's the matter?"

Chen took out a pair of cigars and handed them to Chen Shugen, who waved his hand and said, "You should smoke them. I can't afford to smoke such a high-class thing, I can just smoke silk." The most expensive cigarette Chen Shugen had ever smoked was the Red Rose King, a cigar he had seen on TV, but had never seen a real person smoking a cigar, except for Chen Haohuan.

"It's okay, I don't want your money - what are you afraid of, have a cigar and try it." Chen Hao Xuan smiled.

"Then - then I'll be more than welcome." Chen Shugen happily accepted the cigar that Chen Haoxuan handed to him. He had wanted to smoke this cigar for a long time, after all, he is a smoker, but this cigar was too expensive, cheap ones cost tens of yuan, if you want to buy one like Chen Haoxuan, you need at least a thousand yuan a box.

Chen Shugen excitedly lit the cigar, he took a deep puff, slowly exhaled a wisp of light blue smoke, the wonderful aroma of smoke lingered in the air, very tempting. "Not bad for a cigar, it tastes so good." Chen Shugen squinted his eyes and looked as if he was enjoying himself.

"I still have half a box here, if you like it, I'll give it to you." Chen HaoXuan pulled out a box with half a box of cigars and handed it to Chen Shugen. Half a box of cigars to buy a person's heart, Chen Hao Xuan absolutely only make a profit and not lose.

"I don't think I can do that. Give me one cigar, then give me all of them. Chen Shugen waved his hand and refused, Chen Haoxuan hired him to raise fish and gave him a few thousand a month, he was very grateful to Chen Haoxuan, so he didn't want to ask for more of Chen Haoxuan's things for fear that Chen Haoxuan would think he was an insatiable person.

"I have a whole bunch of them at home! Don't be polite to me. Here, take it." Chen HaoXuan shoved the cigar box at Chen Shugen. Chen Hao Xuan shoved the cigar box to Chen Shugen, who was too embarrassed to refuse Chen Hao Xuan's offer.

He swore in his heart that he would help Chen Haoxuan raise the fish well and earn more money for Chen Haoxuan in return. He asked Chen Hao Xuan, "Little Xuan, you haven't been here except for once on the day you put the fry in the fish.

"It's nothing, I just wanted to come and see how the fish are doing." Chen Hoxuan smiled.

"The fish raised by my Shugen will definitely not be bad, you wait - I'll go get some fish feed and you'll be able to see the fish when you feed them." Chen Shugen stood up and walked toward a thatched hut on the side of the mountain where Chen Shugen now lived. He not only had to raise fish, but also had to guard the fish pond to prevent anyone from stealing them.

Soon, Chen Shugen came out with a bag of fish feed. He sprinkled the fish feed into the fish pond by handfuls, and many ripples appeared in the water of the pond, and then many small fish emerged to eat the fish feed.

"Xuan, look at these fish, aren't they much bigger. You know, in addition to feeding the fish every day, I also go down to the mountains to cut grass for the fish to eat." Chen Shugen said.

"I am sure I have hired the right person. Uncle Shugen, you help me raise the fish properly, and when the fish are all a few pounds heavy at the end of the year, I will give you a big bonus. Chen Hao Xuan was serious.

"Little Xuan, don't worry, I will definitely help you raise the fish." Chen Shugen was happy, his family is not very good, his children are in school, he has no other skills besides fish farming, his wife is uneducated and can only farm, so he really needs the job Chen Hao Xuan gave him.

"I believe in you, do a good job." Chen Hao Xuan smiled.

It was already time for dinner, so in order to prevent Chen Yina and the others from waiting for him, he needed to go back early.

It was difficult to go up the mountain, but it was very fast to go down the mountain, and Chen used the parkour method to go down the mountain.

#### **Chapter 104**

Chen HaoXuan was sweating profusely when he ran from the top to the bottom of the mountain, but he was very happy, because if he had run down the mountain in the past, he would have been exhausted at the foot of the mountain. But now he was dripping with sweat, but he wasn't very tired, so it seemed his months of exercise hadn't been in vain.

When Chen HaoXuan returned home, Chen Yina and the others were waiting for him to eat, Li Jun and the others ate at Chen HaoXuan's house, and the food was sent over by Li Ping.

When Li Ping saw Chen Hao Xuan return, she smiled kindly and shouted to Chen Hao Xuan, "Xiao Xuan, go wash your hands, I've made your favorite roast pork today."

"I've made your favorite roast pork today." "I knew Auntie would love me the most, she always makes me my favorite food every time she comes back." Chen Hao Xuan was happy.

Chen Haoxuan went to the kitchen to wash his hands, and as soon as he left, Chen Yuebin spoke out, "Nana, why don't we ask him later if he likes you." All of Chen Yina's family knew about Chen Hao Xuan's liking, and there was a family meeting about it!

"Not good, right?" Chen Yina was shy, if her dad had asked Chen Haohuan in private it would have been more or less the same, but in front of the whole family, and she was there, she would have been embarrassed.

"Old man, is there a father like you? Nana would be embarrassed to ask Xuan in front of Nana. I think you and Xuan will drink some wine while we eat quickly at dinner later, and you can ask Xuan after we leave." Li Ping suggested.

"Still my wife is smart." Chen Yue Bin smiled.

"Of course, you don't look at who I am, thinking back then I was the flower of our village, and I don't know if I owed you anything in my last life, but I was just casually married by you." Li Ping joked.

"You are the village flower of the village, I'm not bad either! I'm a handsome man in our Chen Village, and there are a lot of women who want to fall for me, but I'm a weak man with only one ladleful of water to drink. Chen Yuebin laughed.

"Go go go, Nana they are all there!" Li Ping gave her husband a blank look, but her heart was sweet.

At this time, Chen Hao Xuan came back from washing his hands. Chen Hao Xuan sat next to Chen Yina and said to Li Ping and the others, "Let's eat."

While eating, Chen Haoxuan noticed that Chen Yina and the others were all eating very quickly, he turned his head to look at Chen Yina and noticed that her face was red, even her neck was red.

"Nana, your face is so red, are you sick?" Chen Hao Xuan was concerned about Chen Yina.

Chen Yina lowered her head, as if she didn't want Chen HaoXuan to see her red face, she shyly said: "No - nothing, just a little hot during the meal, it will be fine in a while."

Chen Hao Xuan was still unsure, he put down the chopsticks, and stretched out his right hand to touch Chen Yina's forehead: "Your forehead is so hot yo! I think it's a fever, let me take your pulse." Chen didn't care if Chen Yina agreed or not, he picked up Chen Yina's hand and took his pulse.

"Pulse is normal! But why is yours hot?" Chen Hao Xuan was curious.

Chen Feng, who was sitting across from Chen Hao Xuan, couldn't help but laugh, and he laughed, "Brother Xuan, you're really woody! Of course my sister's face is because of you! Can't you see that?"

When Yina heard her brother say that, she became nervous. She glared at her brother and snapped, "Xiao Feng, you'll die if you don't talk! Hurry up and eat."

"Sister, it's not that I'm talking about you, you're too timid to worry about this and that, you can just say it if you want to love! Even if you are rejected, so what? As long as Brother Xuan is not married, you have a chance." Chen Feng was unconvinced.

Li Ping gave Chen Feng a grumpy, laughing and scolding, "You're a little brat, what do you know."

Chen Feng was very unconvinced and said, "Who says I don't know? I was chased by a lot of girls at school! Some of them write me love letters, some of them confess their love directly to me, they are not as old as my sister, but they have more guts than my sister."

"Gah ....." Chen Hao Xuan was speechless, hearing Chen Yina and the others' words, he could understand what it meant even if he was a fool. His heart began to tangle, he looked at the expressions of Li Ping and the others, he knew that they had agreed, he was thinking: did he really want to marry Chen Yina? He has always thought of Chen Yina as his sister!

Having said that, Li Ping simply said to Chen Hao Xuan: "Xiao Xuan! You should know that our Nana has always liked you very much, and we like you very much too, and if you like Nana too, I would love for you to be a couple."

Chen Feng also chimed in, "Yeah! Brother Hen, be my brother-in-law! You know my sister is a big beauty now, and it would be a big loss if she were to be married by someone else. So what! It's better for Brother Xuan to marry my sister."

"But-but I've always treated her as my relative." Chen Hao Xuan was embarrassed.

"That's better! Kiss, kiss, kiss, kiss! You will be very happy after you get married." Li Ping smiled.

"Ah-ah auntie, you misunderstood my meaning, I mean it's the kind of feelings for Nana that a brother has for his sister." Chen Haoxuan explained.

Chen Yina didn't know where she got the courage, she turned around and spoke to Chen Hao Xuan with great emotion, "Brother Xuan, now that my family has agreed, just tell me! Do you like me or not?"

Chen Hao Xuan embarrassingly disturb the back of his head, said: "like is like, but not that kind of like."

Chen Yue Bin couldn't recognize the voice, and said to Chen Hao Xuan, "Little Xuan, you are a man, say it directly, like it or not, if you don't like it we will absolutely not force you, if you like it, we will be happy to bless you."

"Can you give me some time to think about it?" Chen Hao Xuan was embarrassed.

"Of course no problem, but don't take too long to think about it, don't wait until Nana marries someone else." Chen Yue Bin advised that he felt that Chen Hao Xuan would marry her daughter because he felt that his daughter and Chen Hao Xuan were really a good match, not only he felt this way, everyone who met Chen Hao Xuan and Chen Yina would feel this way.

"Okay, I will give you the answer as soon as possible." Chen Hao Xuan Dao.

As soon as he left, Li Ping said to her daughter: "Nana, you should go to Xiao Xuan's house quickly, you should strike the iron while it's hot, you know? It's best not to come back tonight, just spend the night at Xuan's."

## **Chapter 105**

Chen Yina really listened to her mother's words, her determined eyes, as if ready to be open-minded, she said to her mother: "Well, I'm going."

Chen Hao Xuan lived next door to Chen Yina, a few steps away, Chen Yina arrived at Chen Hao Xuan's house, and saw Chen Hao Xuan making coffee in the living room.

When he heard footsteps, he turned his head to see that it was Chen Yina coming, and he smiled: "Nana, do you want coffee or juice?"

"I drink coffee." Chen Yina smiled, she actually liked to drink juice, but she tried to change herself in order to have more in common with Chen Haoxuan.

He took a sip of his own coffee and noticed that Chen Yina put her hands between her feet and made a fist, as if she was very nervous. Chen Hao Xuan curiously asked, "Nana, what's wrong with you?"

"I-I'm fine, I just want to know quickly if you want to marry me." Chen Yina was shy.

Chen Haoxuan put down the cup, reached out to hold Chen Yina's hands, serious to Chen Haoxuan: "Nana, I told you exactly that I don't like you - is false, after all, you are so kind, and now so beautiful, is a man all want to marry you as a wife. But what I am struggling with is that, because I have always thought of you as my sister, and you are in love with me, I can't convert my love for my sister to love for my lover. That's why I asked you to give me some time to adjust my thoughts."

Chen Yina bit her lips, looking at her as if she had already decided on something, she suddenly pounced on Chen Hao Xuan and said in a delicate voice, "Brother Xuan, I love you." Chen Hao Xuan was directly jumped on the sofa by Chen Yina, this was originally something that boys did, but did not expect to be preempted by a girl.

At the door of Chen Hao Xuan's house, Li Ping pulled Li Jun and the others aside and told them not to go upstairs, her daughter and Chen Hao Xuan were up there. Li Jun and the others are also smart people, Li Ping said so, of course they understand!

The first thing you need to do is to take a look at the newest addition to your own website.

Chen Hao Xuan's hands were ghostly touching Chen Yina's hands, and the two of them kissed. After a while, Chen Haoxuan suddenly said to Chen Yina, "Nana, let's go to the room."

In the future century, he will have a lot of women, and his desires will be aroused by Chen Yina, and he will not be able to resist asking Chen Yina to do things between men and women.

Chen Yina also knew what Chen Hao Xuan said, she came to Chen Hao Xuan's house today is to give himself to Chen Hao Xuan, he lay on Chen Hao Xuan's chest, shyly responded: "Mmm."

Chen Hao Xuan picked Chen Yina up and carried her to his room. The door slammed shut and the room came out, "Brother Xuan, I'm afraid."

"Don't be afraid, I'll be very gentle."

"Brother Xuan, you be gentle ....."

An hour later, Chen Hao Xuan relied on Chen Yina's arms, he spoke out, "Nana, people's virginity are given to you, you have to be responsible for them in the future, yo!" Chen Haoxuan very much needs to lean into Chen Yina's arms, because this position is the most comfortable.

"People are also virgins, OK, and besides, which has made the girls responsible, the responsible should be you boys, right!" Chen Yina blushed, now she was happier than anyone else, she thought she was the happiest woman in the world now, because she was loved by her brother Xuan.

"But if you hadn't suddenly jumped someone down, would they lose their virginity? I don't care! It's your responsibility." Chen Haohuan joked.

"Alright, alright! I'll take care of it." Chen Yina was happy.

"Nana."

"Hmm."

"I still want it."

"No, I'm not in pain anywhere!"

"Oops! Brother Xuan, you be gentle ....."

In the evening, Chen Hao Xuan didn't go to Chen Yina's house for dinner anymore, he did it at home, and he wasn't afraid to tell Chen Yina's family that he had pushed Chen Yina down. So he made up a lie and said that he and Chen Yina would stay at his place tonight to make it easier to work. Chen Yina is having trouble walking, and her family will definitely notice if he lets her go home for dinner.

Chen Haoxuan personally cooked lean meat porridge for Chen Yina, and after it was done, Chen Yina fed Chen Yina herself: "Nana, come I'll feed you."

Chen Yina couldn't walk, it was the problem of her lower body, her upper body could be fine, she could carry the bowl and drink the porridge by herself, but she still chose Chen Hao Xuan to feed her, because it was Chen Hao Xuan's love for her.

"Brother Xuan, when are we going to get married?" Chen Yina looked happy to Chen Haoxuan.

"We're both still in school, I think we'll wait until we graduate!" Chen Haohuan smiled.

"Well, I hear you." Chen Yina was happy, she is now incomparably happy, because she is no longer sad, the ugly face is gone, the rival she is not afraid of, Chen Hao Xuan has said that he will marry her after graduation, she is still afraid of what, she believes that if Chen Hao Xuan says, he will do it.

That night, Chen Yina and Chen Hao Xuan spent a night in the same bed, that day, Chen Yina slept very soundly, she first felt that sleeping with her beloved is such a happy thing, especially the kind of security and tenderness, so that she does not have to think about anything, peace of mind is to sleep.

The next morning, Chen HaoXuan habitually woke up early, he opened his eyes, and saw a pair of beautiful eyes looking at her. Chen Hao Xuan smiled: "Nana, it's still so early, why don't you sleep for a while."

"I get up every day - as soon as it's light, I'm used to it. Brother Xuan, I only now realized that you look so cute when you sleep, like a girl yo!"

"Gah ....." Sweating, Chen Hao Xuan sweated furiously.

"Nana, are you saying that to remind me to get a sex~change operation! If you want, I'll go now." Chen Hao Xuan pretended to be angry, Chen Hao Xuan is also quite troubled by his little white face appearance, if he wears a suit people won't say that he is towards girls, but if he wears those more feminine clothes, even if he runs to the ladies room, no one will find out that he is a man.

"I'm just kidding! But I'm really jealous of you, if you were a girl, you would be better looking than me." Chen Yina smiled.

## **Chapter 106**

Chen Haoxuan frowned and wondered, "Am I really that much like a girl?"

"You don't believe me! Why don't I go get my clothes for you and dress you up a little bit to make sure no one will suspect you're a girl when you go out." Chen Yina smiled.

Sitting up on the bed with an open expression, Chen Haohuan said to Chen Yina, "Go get your clothes and come over, I'll change into them and see if I really look that much like a girl."

"Yeah!" I'm excited about this, and I want to see Chen Hao Xuan in male disguise more than Chen Hao Xuan.

She was so excited that she forgot that she had lost her first woman only yesterday, and when she got out of bed and stood up, she almost fell, but Chen Hao Xuan reacted quickly and held her up. "Forget your body hasn't recovered, it's better not to go, quickly lie down and rest." Chen Hao Xuan gently said to Chen Yina.

"I'm fine, I just stood up too quickly. I'll be fine if I walk slowly, brother Xuan, you wait here, I'll be here in a minute." Chen Yina left Chen Haohuan's embrace and walked with very ladylike steps out of Chen Haohuan's room.

Looking at the back of Chen Yina's departure, Chen Hao Xuan said to himself, "Do you want to see me dressed as a man or a woman that badly?"

As soon as Chen Yina returned home, she was dragged to her room by her mother, and Li Ping could see something different about Chen Yina by the way she walked, and she was sure that Chen Haoxuan must have eaten her daughter.

In Chen Yina's room, Li Ping asked her daughter happily, "Nana, did you and Xiao Xuan do it?"

Chen Yina nodded her head shyly and replied, "Yes."

"That's great, then he should agree to marry you, right?" Ping Li was happy.

"Well, he said we'll get married when we graduate." Chen Yina smiled happily and said.

"Great, I'm going to tell your father, he will be very happy when he knows." Li Ping said and ran out of the room. Li Ping, the mother, had to admit that she was great, persuading her daughter to take the initiative to attack, her daughter lost her virginity, she was happy and wanted to shoot firecrackers to celebrate.

After Li Ping left, Chen Yina took a set of her new clothes, as well as hats and make-up, and Chen Yina put everything into a small box and carried it to Chen Hao Xuan's house.

"Brother Xuan, I'm back." Chen Yina shouted happily.

Chen Hao Xuan was surprised to see Chen Yina holding a small cardboard box and said, "You really went to get it."

"I've got a new set of clothes I bought, try them on, they'll look great." Chen Yina put the cardboard box on the bed and said to Chen Haohuan.

"Okay!" Chen Hao Xuan also really changed into the clothes that Chen Yina brought, and after Chen Hao Xuan changed, Chen Yina helped Chen Hao Xuan slightly put on makeup and then gave Chen Hao Xuan a black beret.

After everything was done, Chen Yina stood in front of Chen Hao Xuan with a surprised face and exclaimed, "Beautiful, so beautiful Brother Xuan."

"It's not going to be a lie!" Doubtful, Chen turned around and walked to the closet, which had a large mirror in front of it. When Chen saw him in the mirror, he touched his face and said in surprise, "Is this - is this really me?". The black beret, the eyebrows modified by the eyebrow pencil, and the lips coated with a layer of lip balm, can be said to have completely changed the look of Chen HaoXuan as a boy.

Chen HaoXuan is now wearing a lovely beret, clear and bright pupils, curved willow eyebrows, long eyelashes flickering slightly, fair and flawless skin revealing a light pink, thin lips like rose petals delicate ..... The company has a large black shirt and a pair of tight jeans, which makes Chen's lower body perfect and his buttocks even more attractive under the tight jeans ..... If he had a full-figured shuangfeng like Chen Yina, he would have been perfect.

Click, click, click ....., Chen Yina pulled out her cell phone and took a picture of Chen Hao Xuan's current appearance.

When he heard the sound of taking pictures, Chen Hao Xuan quickly turned around and said to Chen Yina, "Nana, what are you doing? Delete him quickly." Chen didn't want others to see him dressed as a man or a woman.

Chen Yina hid the phone behind her back and smiled, "I'm not deleting it, I'm saving it as a souvenir."

"Alright! But just read it yourself and don't show it to anyone else, okay?" Chen Haoxuan was serious.

"Hmm." Chen Yina nodded her head seriously.

Chen Yina walked up to Chen Hao Xuan and said to Chen Hao Xuan with an envious face, "Brother Xuan, you look so beautiful in male disguise, more beautiful than me, if you go out and be seen by the boys, they will definitely still have no tea or food for you, and will be enchanted by the moment they see you all day long."

"Is it that exaggerated?" Chen Hao Xuan was puzzled.

"Of course, if you don't believe me, go out and try it, it's guaranteed that every boy who sees you will be unable to help but follow you." Chen Yina smiled, she had always known that Chen Hao Xuan would be beautiful in male costume, but she did not expect Chen Hao Xuan to be beautiful in male costume to this extent.

"You can't be serious, let me go out, do I dare to go out in my current state?" Chen Hao Xuan was laughing and crying.

"Brother Xuan, who knows that you are Chen Haoxuan besides me in your present appearance!" Chen Yina was excited, she really wanted to see the kind of enchanted expression those boys had when they saw Chen Haoxuan.

"I'm already a man, and I still go to seduce men, I'm not that cheap!" Chen Hao Xuan started to take off his clothes after he finished speaking.

"Brother Xuan, don't take off your clothes! Just let me take a few more pictures as a souvenir! Please." Chen Yina was tearful to Chen Hao Xuan.

Seeing the pleading look of Chen Yina, Chen Hao Xuan promised Chen Yina, he did not expect Chen Yina to be so excessive, take pictures just take pictures! He also asked him to strike some sexy poses.

Half an hour later, after Chen had changed back into his clothes, he shouted to Chen Yina who was playing on the computer in the living room, "Nana, I want to go out to sell some dried vegetables, are you coming?"

Chen Yina turned her head, waved to Chen Hao Xuan, and said, "Brother Xuan, come quickly, look at your photo, it's really pretty yeah."

Chen Hao Xuan walked over and sat on his butt next to Chen Yina, and when he saw the pictures on the computer, he couldn't help himself, "Yeah! I didn't know I looked so much like a girl." The photos that were uploaded to the computer by Chen Yina didn't look like Chen at all, because those photos were very feminine and sexy.

"How about it, beautiful!" Chen Yina was proud of herself.

"I've decided, I'm going to intensify my exercise from today, I'm going to exercise to become a pure man." Chen Hao Xuan was determined.

## **Chapter 107**

Dried vegetables are very common in the countryside, basically every family has them, and Chen Yina's family also has them, but they are all eaten up, and the dried vegetables make a very good soup, and also very nutritious, so Chen Hao Xuan wanted to buy some back and cook them with pig's feet for Chen Yina. It's not the same for boys and girls, as girls are very weak when they lose their virginity for the first time, so I wanted to cook something nutritious for Chen Yina to eat.

The door was closed, so Chen Hao Xuan raised his hand and knocked on the door: "Is anyone there?".

As soon as Chen Haoxuan's voice fell, the voice of Chen Xiumin's mother was heard from inside the house: "Who is it?"

When the door was opened, Chen Xiumin's mother smiled warmly when she saw it was Chen Hao Xuan: "It's Xiao Xuan! Quickly come in and sit down."

Chen Hao Xuan walked into Chen Xiumin's house, her house was now very messy, probably because she was preparing to move to a new house, so she didn't clean up the old house.

"Little Xuan, since the new house is almost finished, I didn't clean up and put things around, so please don't be offended." Chen Xiumin's mother apologized to Chen Hao Xuan.

"It's fine, my previous home was much worse than yours, and I've lived in the same house for so many years. Forget about that, I came to find you - I want to buy some dried vegetables from you, I don't know if you still have any in your home." Chen Haoxuan smiled and asked.

"I don't know if you still have any dried vegetables at your home," he asked with a smile. The reason why they make some dried vegetables every year is to prevent them from running out of vegetables to cook and eat, which is the reality of life in the countryside.

Soon Chen Xiumin's mother came out with a bag of dried vegetables, and judging from the size of the bag, there were at least ten pounds of dried vegetables inside. Chen Xiumin's mother handed the bag to Chen Haoxuan and smiled: "Here, take it back and eat it. Come back to my house when you're done, there's plenty more at my house."

"Thank you, but you still have to take this money, I will be embarrassed if you don't." Chen took out a hundred yuan and handed it to Chen Xiumin's mother, saying.

"I've told you, these dried vegetables are worthless, so take it back or I'll be angry!" Chen Xiumin's mother pretended to be angry, Chen Hao Xuan was so helpful to her family, if it wasn't for Chen Hao Xuan, how could her family build a house? Even if Chen Hao Xuan wanted to marry her daughter, she would be willing to do so, because she liked Chen Hao Xuan very much.

Chen Xiumin's mother said so, if Chen HaoXuan refused again, she would be embarrassed: "Then I am not polite." Chen Hao Xuan smiled. Rural people are generally very simple, and if you treat him well, he will treat you well, but Chen HaoXuan's family is an exception.

The dried vegetables are there, but there is still a shortage of pig's feet, and now at this time the village is usually out of pork, but pig's feet are expensive and few people want them, so Chen Hao Xuan bought pig's feet.

Chen HaoXuan returned to Chen Yina's house and gave the dried vegetables and pig's feet to Li Ping to cook. When Chen HaoXuan handed over the dried vegetables and pig's feet to Liping, he felt that Liping looked at him strangely, and he couldn't tell what was strange about it, but he could feel that Liping seemed to have something very happy, and that it was related to him.

When Chen HaoXuan walked out of the kitchen, he saw Chen Feng waving to him, Chen HaoXuan was surprised.

Chen Haoxuan walked up to Chen Feng and asked curiously, "Little Feng, why aren't you in class today?"

"Brother Hen, no - it's brother-in-law who is right, brother-in-law I heard from my mother that you and my sister have already been that, is it true?" Chen Feng excitedly asked Chen Hao Xuan, "I'm not married to your sister!

Chen Haoxuan raised his hand and gave Chen Feng a chestnut, laughing and scolding, "Your sister and I are not married yet! It's not too late to call your brother-in-law after you get married, and besides, you should ask less about these things in the future, so children don't learn bad things."

Chen Feng was very unhappy: "I'm 17 years old, if I were in ancient times, I would have already had children."

Chen Haoxuan pretended to look surprised and joked, "Wow, so you're a woman! No wonder I've always felt you were so charming!"

"What are you talking about! How am I a woman! I am a man." Chen Feng exhaled and explained.

"Then you just said that if you were in ancient times you would have had children, wouldn't that mean you could get pregnant? Isn't it women who can get pregnant?" Chen Hao Xuan joked.

"Brother Xuan, if you continue to bully me, I will ignore you." Chen Feng stomped his foot in anger.

The location of Chen Hao Xuan's home and Chen Yina's home, I don't know if it was too feminine, which made Chen Hao Xuan and the others all look very feminine.

"Alright, alright! No more jokes with you." Chen Haoxuan hugged Chen Feng's shoulders and smiled.

"Brother Xuan, just tell me, how did you guys cook raw rice yesterday?" Chen Feng asked curiously.

"Well! It's like this, yesterday your sister she ....." Before Chen Hao Xuan finished speaking, a squeak from Chen Yina was worn out behind her, "Chen Hao Xuan, tell me." It wasn't Chen Hao Xuan who pushed her down yesterday, it was her who pushed Chen Hao Xuan down, and as a girl, how could she let such a thing leak out!

Chen Hao Xuan turned around, and saw Chen Yina's angry expression, she sweated furiously, so Chen Yina also has the potential to be a housekeeper. Chen Hao Xuan smiled awkwardly and said: "Nana, listen to my explanation, in fact, I was trying to tell Xiao Feng that we talked about love all night last night, and had a very Lang Lang night."

Chen Feng spoke out to his sister: "Sister, don't be too fierce to Brother Xuan yo, be careful to scare Brother Xuan away, then you can't even cry in a hurry."

Hearing Chen Feng's words, Chen Yina was worried, she cared too much about Chen Haoxuan, she was really worried that Chen Haoxuan would be scared away by him like her brother said. Chen Yina nervously explained to Chen Hao Xuan, "Brother Xuan, I didn't mean that, I - I just - I just don't want you to tell anyone the secret between us, you mustn't be angry, okay? "

Chen Hao Xuan stepped forward, embraced Chen Yina in his arms, reached out and stroked Chen Yina's hair, and gently said, "You are my future wife, how could I be angry with you? Don't worry, I'm not angry."

"Brother Xuan, you're so kind." Chen Yina leaned into Chen Hao Xuan's arms and was touched.

Chen Feng, who was at the side, saw how warm Chen Haohuan and the others were, and his goosebumps rose as he protested in a voice, "I say can you guys go to a place where no one is around to say these meaty words?"

## **Chapter 108**

Chen Feng's words were met with two bursts of chestnuts. "If you don't like what you hear, go away." Chen Haohuan and Chen Yina spoke in unison.

Chen Feng pretended to be very sad and said, "Oooh ....., the one who marries out is the one who spills the water, my sister is not married yet! Just like that, if you marry out, you must not even recognize me as your brother."

"What are you talking nonsense, even if I marry out, it's not like I'm next door, it's not like I'm marrying far away." Chen Yina was shy.

At this time, Li Ping's voice was heard from the kitchen: "Xiao Xuan, the food is ready, you come over and help carry it out."

"Mm, I'll be right there." Chen Hao Xuan trotted off to the kitchen, and Chen Yina and the others followed closely to help.

While eating, Chen Hao Xuan said to Li Ping and the others, "Auntie, Nana and I are going back to Xinshan City in the afternoon, because Nana just took a day off, and she will be attending classes tomorrow."

"Oh, then you drive carefully, and remember to take care of yourself if you want to go to Xinshan City, okay?" Ping Li was concerned about the instructions.

"Well, we will take care of ourselves." Chen Haoxuan echoed.

"Little Xuan, I want to ask you - do you want to join our family, or do you want to start a family on your own?" Li Ping seriously asked Chen Hao Xuan, now that Chen Hao Xuan is willing to marry her daughter, she felt that Chen Hao Xuan is now very lonely alone with a family, so if Chen Hao Xuan agreed to join her family and live with them, Chen Hao Xuan will not be so lonely.

"Thank you Auntie for your kindness, I'd rather start a family on my own! I'm also used to this kind of life." Chen Hao Xuan smiled bitterly, Li Ping's words reminded him of those damned family members of his.

"Little Xuan, don't misunderstand, I don't mean anything else, I just feel as if you're living alone now, that's why I asked if you want to spend time with us." Li Ping explained.

"I know your intentions, let's not talk about that, let's eat!" Chen Hao Xuan Dao.

After eating, Chen Hao Xuan and Chen Yina packed some things and prepared to leave. When Chen was about to go to the car, Chen Feng ran out with a bag on his back: "Brother Xuan, can I go to school again?"

"Of course, it's on the way anyway." Chen Haoxuan nodded and responded.

After a short while, Chen Yina came out with a small bag, she sat on the passenger side, suddenly she felt as if there was someone behind her, she looked back and found that it was her brother. "How did you get up here? Do you want to go to the city of Xinshan?"

"I am going to school." Chen Feng explained.

"You guys sit tight, I'm going to go biking." Chen Hao Xuan reminded Chen Yina and the others, Chen Hao Xuan can't change his bad habits, he drives like to speed, if he is allowed to drive steadily, it may be more dangerous.

....., boom-, Chen Hao Xuan's BMW quickly ran ahead. He thought it would be cool if he could drift in a BMW like Chen Haoxuan.

Pingyuan County is not very far from the Chen Village, the normal driving only takes half an hour, while Chen Hao Xuan all the way speed, only took ten minutes. Chen HaoXuan parked the car in front of the Pingyuan County High School, just at this time many students are going to school, when Chen Feng from the BMW car out, many students are surprised to see Chen Feng.

In the past, Chen Feng used to take a bus to Pingyuan County Station and then walk to school. In the past, Chen Feng used to take a bus to Pingyuan County Station and then walk to school. But this time, Chen Feng came to school in a multi-million dollar BMW, which made many students very surprised.

As soon as Chen Feng got off the bus, he was surrounded by a group of girls. When he saw this, Chen turned his head to Chen Yina and said, "It seems that your brother is very popular in school.

"You yourself are still the same, every time you arrive at school there is a large group of girls around you." Chen Yina was jealous.

"Ugh-, I can't help it, who let us be handsome!" Chen Hao Xuan was very narcissistic.

"Let's drive! Narcissist." Chen Yina gave Chen Hao Xuan a glance and said in a delicate voice. To be honest, Chen Yina preferred Chen Hao Xuan to be average looking and not handsome, because if Chen Hao Xuan was average looking, then not so many people would steal Chen Hao Xuan from her.

When Chen Haoxuan and the others returned to their residence in Xinshan City, they found Zhou Kexin and Hua Lingwei there. When Zhou Kexin saw that Chen Haoxuan was back, she stood up happily, walked over to Chen Haoxuan and said sweetly, "Chen Haoxuan, where have you been for the past few days, I couldn't even find you to play with."

"I went to my home." Chen Hao Xuan smiled and replied.

Zhou Kexin reached out to hold Chen Haoxuan's hand and smiled, "Then did you bring me any gifts?"

Chen Yina stepped between Chen Haohuan and Zhou Kexin and forced them to separate. Chen Hao Xuan said to Zhou Kexin seriously: "Brother Xuan is already my boyfriend, so please pay attention to your behavior."

Hearing Chen Yina's words, Zhou Kexin felt a thunderbolt from the clear sky, she was incomparably surprised and asked Chen Haoxuan: "Chen Haoxuan, is what she said true?"

Chen nodded his head and said, "Hmm."

"It's impossible, impossible, absolutely impossible ....." Zhou Kexin couldn't seem to stand the shock, she kept asking for her head, saying the same thing.

Hua Lingwei, she was fine on the surface, but her heart was crying, Chen Haoxuan was snatched away by Chen Yina, she never had the chance to be with Chen Haoxuan again. Hua Lingwei he went over to Zhou Kexin and advised her: "Kexin, don't be sad, he's not the only man in the world, we'll find a better one than him."

"No - no, I don't want anyone else, I want Chen Haoxuan." Zhou Kexin said suddenly pushing away Chen Yina, jumping into Chen Haohuan's arms and hugging Chen Haohuan tightly, as if she was very afraid of Chen Haohuan leaving her.

"Zhou Kexin, how can you be like this, brother Xuan is already my boyfriend, do you want to be the third child?" Chen Yina exhaled to Zhou Kexin.

"As long as I can be with Chen Hao Xuan, I'm willing to be a mistress." The company's products and services have been sold in the U.S. and Europe.

"The company's products and services have been recognized by the company for their quality and reliability. Chen HaoXuan gentle to Zhou Kexin, he felt his chest cold, he knew it was because Zhou Kexin's tears invaded his clothes.

"Even if there are boys in the world who are better than you, I won't like them, because I love you." Zhou Kexin cried out.

## **Chapter 109**

"Zhou Kexin, don't be like this, I'll be embarrassed if you do." Chen Haoxuan was torn.

"Chen Haoxuan, you can not marry me, but can you let me be your extra-marital lover?" Zhou Kexin tearfully looked into Chen Hao Xuan's eyes and was serious.

Before Chen Haoxuan even answered, Chen Yina jumped out, Chen Haoxuan is now her boyfriend, how could she agree to Chen Haoxuan having another woman at the same time! She snapped at Zhou Kexin, "Zhou Kexin, you're at least a thousand-year-old girl, aren't you? You do this - don't you think you're cheap? Even if you're willing, but Brother Hen may not be willing, I won't say yes, and your family won't say yes."

"They love me so much, they will definitely say yes." Zhou Kexin was snotty and tearful to Chen Yina.

The first time I saw this, I thought I'd have to go back to my home country. After thinking about it, Chen Haoxuan still chose to reject Zhou Kexin's love.

Chen Haoxuan patted Zhou Kexin's soft back and gently said: "Zhou Kexin, listen to me, you like me, I know, but feelings are something that can't be forced, do you understand? If you really like me, you should like everything about me, including my current girlfriend Nana, you should bless us."

Zhou Kexin hugged Chen Haoxuan's waist tightly and cried, "I don't want, I don't want, I want to be with you." Chen Haoxuan was right, truly loving a person will love everything about him, but loving a person is also very selfish, because love has been greater than everything.

When Hua Lingwei saw Zhou Kexin's pitiful appearance, she couldn't help but leave glittering tears, she actually envied Zhou Kexin, although Zhou Kexin couldn't get Chen Haoxuan, but Zhou Kexin had the courage to boldly confess her love to Chen Haoxuan, and she! Worried about this and that, now well, Chen Haoxuan was snatched away, even if she had the courage to confess she couldn't say it.

Hua Lingwei tugged on Zhou Kexin's clothes again, her voice tinged with tears, and said, "Kexin, let's go back."

"I'm not going back without going back," Zhou Kexin decided.

"I'll take you back, okay?" Chen Haoxuan was gentle to Zhou Kexin.

Chen Haoxuan originally thought that Zhou Kexin would not agree, but he didn't expect Zhou Kexin to agree, and Zhou Kexin raised her head and said to Chen Haoxuan, "Mm."

"Then let's go!" Chen HaoXuan pulled Zhou KeXin's walk to go outside, and Hua LingWei also followed.

Just as Hua Lingwei wanted to get into the car, Zhou Kexin suddenly spoke out to Hua Lingwei: "Weiwei, will you help me drive the car back?" She said she took the key out.

Hua Lingwei took the key and looked at Chen Haoxuan and the others who were far away, her heart was sore, she really wanted Chen Haoxuan to send her home, because this might be the last time.

At the door, Chen Yina saw Hua Lingwei's daze, she knew why Hua Lingwei was dazed, she spoke out, "Is this your best friend? For the sake of the person you like, she still down you don't care."

Hua Lingwei turned to Chen Yina and said, "Nana, can you tell me how you got together with Chen Haohuan?" Chen HaoXuan and the others had only been back for a day and a half, and when they came back they said they were a couple, she was very curious, why did they develop so fast?

"The reason why I didn't agree to it first was because he was worried that my parents would object. And also secretly tell you, brother Xuan said, when we graduate, we will get married." Chen Yina was proud of her, also Chen Hao Xuan so good people were snatched up by her, who would be proud.

"I really envy you." The first time, she could feel that Chen Hao Xuan had a good feeling for her, if she took the initiative at that time and didn't take into account Zhou Kexin's feelings, perhaps Chen Hao Xuan was hers.

"Weiwei, you're so beautiful, you will definitely meet your destined prince charming in the future." Chen Yina seriously told Hua Lingwei, she still has a good impression of Hua Lingwei, because Hua Lingwei is not like Zhou Kexin who is against her in every way.

"How easy is it to meet a prince charming." She walked to Zhou Kexin's Ferrari, opened the door, got in, and drove away without even saying hello.

Chen HaoXuan drove only a short distance, Zhou Kexin seriously said to Chen HaoXuan: "Chen HaoXuan, drive to the countryside, I have something to say to you."

Chen Hao Xuan seemed to think of what Zhou Kexin wanted to do, so Chen Hao Xuan said, "Let's go to your house and talk about it."

"No, I'm going to the suburbs, and if you don't, I'm going to jump out of the car, I really am?" Zhou Kexin looked as if he was very serious.

"The door has been closed by me with an electronic lock, and you won't be able to get out." Chen Haoxuan faintly said.

"Can't jump, right? Then I'll make a mess, I can't be with you in life, and I'll be with you in death." Zhou Kexin cried out, she was like crazy, he reached for the steering wheel, as if he really wanted to die with Chen Haoxuan and go to the netherworld to be a ghost couple.

"Are you crazy? Stop quickly, or you will really hit the car." Chen HaoXuan controlled the steering wheel with his left hand and tried to block Zhou Kexin with his right hand.

The first thing I noticed was that I was not sure if I was going to be able to make it, but I did not know what I was going to be able to do.

Chen Haoxuan pretended not to know, he withdrew his right hand and said, "What do you have to say, we'll talk about it when we get to your house."

"You touched my body, you will be responsible for me." Zhou Kexin cryptically, to this time, Zhou Kexin also does not care so much, even if Chen Haoxuan said she was despicable, she also let, who let her love him so deeply.

"I haven't touched anything." Chen Hao Xuan played dumb.

"You did, you touched my breast." Zhou Kexin reluctantly.

"I said no." Chen HaoXuan still continued to play dumb.

Zhou Kexin got angry, she pounced on Chen HaoXuan, she kept interfering with Chen HaoXuan's driving.

Chen HaoXuan's car was swinging on the highway, scaring countless cars to go around, and thanks to Chen HaoXuan still had a little skill, or else he would have wrecked the car and killed people. In order to get Zhou Kexin to stop making noise, Chen HaoXuan was forced to agree to Zhou Kexin's request. "Stop it, I promise you to go to the countryside, all right!" Chen HaoXuan roared.

## Chapter 110

When Zhou Kexin heard Chen Haoxuan's words, she stopped making a fuss and sat down nicely.

Chen HaoXuan turned the steering wheel and drove to the suburbs. After ten minutes, Chen HaoXuan drove the car to the outskirts of the city and stopped at a grassy area by the highway.

"The suburbs are here, so if you have something to say, say it!" Chen Hao Xuan turned his head to Zhou Kexin.

Zhou Kexin lowered her head and did not look at Chen Haoxuan, she whispered, "Chen Haoxuan, can't you give me another chance?"

"I've promised Nana, so I can't be sorry for her, and please understand." Chen Hao Xuan apologized to Zhou Kexin.

"Chen Haoxuan, you should know that I am the only daughter, if you marry me, it would be like marrying a billionaire, don't you want that?" Zhou Kexin looked at Chen Hao Xuan seriously, Dao. The first thing you need to know is how to get the right amount of money for your business.

Chen Hao Xuan faintly smiled: "Billions of wealth in my eyes is similar to a few hundred dollars, I want to be rich and powerful, can you give me?"

"Are you trying to match the wealth of some small country?" Zhou Kexin asked in confusion.

Chen shook his head and said, "No, I want to compare it to a big country, to the richest country in the world, I want to take my wealth to compare all the wealth of one of their countries, in order to be considered as the righteously rich."

"You're kidding, right? Who has ever been rich and powerful?" The first thing you need to do is to get a good idea of what you are looking for.

"In the history of China, there have been many rich people who were incredibly wealthy, starting from Tzu Kung, Tao Zhu, Shi Chong, Deng Tong, all the way to Shen Wan San and Hu Xue Yan, all of whom were rich beyond counting. If they can do it, why can't I do it." Chen Hao Xuan was confident, he felt he had an advantage over Shen Wan San and the others, because he had the advanced technology of the future century.

"What kind of country is China? How have I never heard of it? And if Shen Wansan and the others are really rich and powerful, it's impossible for me not to have heard of their names, you're fooling me, right?" Zhou Kexin frowned.

Chen just remembered that he was not in China, but in a parallel dimension in a Chinese country that was very similar to China. Chen Hao Xuan explained awkwardly, "I'm sorry, I was just talking about the characters in the novel, of course you don't know."

Zhou Kexin was very angry at Chen Haoxuan's words. She and Chen Haoxuan were talking about a serious matter, but she didn't expect Chen Haoxuan to tell her a story from a novel. Zhou Kexin snapped at Chen Haoxuan, "Chen Haoxuan, no digressing, you honestly answer me, can I stay with you forever."

"Can't." Chen Hao Xuan said.

"You don't agree, do you! If you don't agree with me - I'll go back and say you molested me and almost raped me, and you just grabbed my breasts anyway." Zhou Kexin threatened.

"Zhou Kexin, will you stop threatening me? You say you're a beautiful woman, and you're worried about not getting married?" Chen Haoxuan was serious to Zhou Kexin.

"You've said I'm a beautiful woman, so why don't you want it?" Zhou Kexin came close to Chen Haohuan and said.

"I have Nana now, so I can't accept your feelings for me, sorry." Chen Haoxuan leaned sideways against the car door, he looked like this as if he was worried that Zhou Kexin would jump on him.

"Then I'll be an underground lover with you and not let Chen Yina know, okay?" Zhou Kexin said again.

"No, this is too unfair to you." Chen Haoxuan shook his head.

"Then I'll come hard." He was afraid of hurting Zhou Kexin, so he didn't dare to resist. He wanted to open the door, but he didn't expect Zhou Kexin to pull out the key directly, still in the back seat. Chen HaoXuan's car door was opened electronically, and now he can't get the key, how can he go out?

Chen HaoXuan feels as if he is being forced, which reminds him of the saying, "If life is a forced interval, since you can't refuse, just close your eyes and enjoy it. (Some words cannot be typed, so homophones are used, please include them) Chen HaoXuan remembered being pushed down by Chen Yina yesterday and now by Zhou Kexin, which made him laugh and cry, and he wondered if he came to this world to be pushed down by girls.

Chen Hao Xuan still resisted, or maybe he didn't want to be pushed down by a girl again, Chen Hao Xuan grabbed Zhou Kexin's wrist. Chen HaoXuan seriously told Zhou KeXin: "Zhou KeXin, don't be like this, you will ruin yourself."

"I'm willing to give my first time to the person I love the most." Zhou Kexin said to Chen Haoxuan with great emotion. Chen Haoxuan grabbed her wrist, but couldn't stop her sensual lips from kissing Chen Haoxuan's lips as she lowered her head.

"Her lips are so warm, what a strange feeling yo!" Chen HaoXuan's heart secretly, he unconsciously cooperate with Zhou KeXin's tongue kiss.

After kissing for a while, Zhou Kexin sat up, her clothes were torn because of the mess she had just made, which allowed Chen HaoXuan to see the alluring ru~groove that was covered with ru white gloss. "What do you want? If you really do that, you're the one who will suffer, and I won't be responsible." Chen HaoXuan saw Zhou Kexin trying to take off her clothes, so he felt warned. Chen HaoXuan saw that Zhou KeXin actually wanted to take off his clothes, so he felt warned.

"I love you, and I'm willing to give you everything I have, including my body." Zhou Kexin said with great emotion. Zhou Kexin's heartfelt words, her life was saved by Chen Hao Xuan, she gave her first time to Chen Hao Xuan, what's more, she loves Chen Hao Xuan.

The first time I saw it, I thought it was the first time I had ever seen it. The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public. Chen Hao Xuan said to Zhou Kexin: "You wait a moment, this is kilometer side, will be seen by people, I drive the car to a remote place first."

Chen Hao Xuan picked up the car keys from the back seat, started the car, Chen Hao Xuan to a place away from the highway, driving a few minutes before stopping. After the car stopped, Chen Hao Xuan said to Zhou Kexin, "You really have no regrets?"

"I have no regrets." Zhou Kexin said firmly.

"Ya Ya, if I don't get on, I'll look useless." Chen Haoxuan pounced on Zhou Kexin, pressed Zhou Kexin underneath him, and kissed Zhou Kexin.

It may be that Chen Hao Xuan's action was too violent, which made his car began to shake. In the car Zhou Kexin, tears were left in her eyes, she had seen pornography with Hua Lingwei, but the pornography was very comfortable, but how did she feel so painful!

Don't look at Chen HaoXuan's body is not very strong, but he himself does not know why he is so strong in this area.

Almost an hour later, Chen Haohuan's car finally stopped shaking, probably because Chen Haohuan was finished!

## **Chapter 111**

In the car, Chen HaoXuan looked at Zhou Kexin's current appearance and had to marvel at it. Zhou Kexin's skin was as creamy as jade, white and delicate, seemingly watery when squeezed, with the characteristic blush of shyness, almond face, peach cheeks and willow eyebrows. Her eyes seemed a little embarrassed and helpless, but also had a hint of pleading, seemingly with a foggy haze. "So beautiful." Chen Hao Xuan couldn't help but exclaim.

Hearing Chen Haoxuan's praise, Zhou Kexin suddenly felt the pain in her lower body decrease a lot, and she said to Chen Haoxuan with emotion, "So can I be your extra-marital lover now?"

"If you want to do it, do it! But if you meet someone you like, our relationship will end." Chen smiled, "Can you not be happy when you've just had a virgin?"

"I wouldn't like to talk about anyone else but you." Zhou Kexin firmly told Chen Haohuan.

"Who knows what will happen in the future." Chen Hao Xuan said indifferently.

"Chen Hao Xuan, can you promise me one thing?" Zhou Kexin asked Chen Haohuan.

"What is it." Chen Hao Xuan said.

"It's good that I'm your lover, you can't let any other woman be your lover." Zhou Kexin seriously told Chen Haohuan, she said this because she knew Hua Lingwei also liked Chen Haohuan, she didn't want to be the same man's lover as her best friend, or a lover who couldn't see the light of day.

"I'm a normal man, if a girl I also like comes to my door, how can I refuse? I don't want to talk about it, you get dressed, I'm driving back." Chen Haohuan.

"You drive me to a hotel to stay! If I go home, my family will find out that I lost my virginity." Zhou Kexin was shy.

"All right! But do you need to ask Vivienne to look after you?" Chen Haohuan asked.

"No, I don't want her to know, such as - if you have time, can you come and take care of me ah?" Zhou Kexin looked at Chen Haoxuan expectantly.

"Long time is not, but there is still time to spend a few hours with you every day." Chen Hao Xuan yin smile, seeing Chen Hao Xuan's smile, you know that Chen Hao Xuan is thinking of something bad.

Chen Hao Xuan drove Zhou Kexin to the highest class hotel in Xinshan City, and after arranging a room, Chen Hao Xuan accompanied Zhou Kexin for a while before leaving.

When Chen returned to his apartment, he saw Chen Yina standing at the door, looking at him with a questioning face. Chen Yina spoke out to Chen Haohuan and asked, "Why did you take so long to come back?"

Chen Hao Xuan walked to Chen Yina, hugged Chen Yina and smiled, "My Nana is becoming more and more like a housekeeper giggling."

Chen Yina sniffed Chen Haohuan's clothes, she found that Chen Haohuan smelled of perfume, it smelled good, so good that she didn't need to guess that it was a brand name. "You honestly say, did you do something with Zhou Kexin?" Chen Yina was serious about Chen Hao Xuan.

"I just sent her home! I'm only back now because I sat at her house for a while, so why - is there a problem?" Chen Hao Xuan Dao.

"You're trying to trick me, you're sitting in her house, I think you're sleeping in her bed, right? You have the smell of her perfume on you and still want to argue, hmm, it seems you don't take me seriously at all." Chen Yina exhaled.

"Perfume?" Chen Hao Xuan looked down and sniffed and found that he really did smell of strong perfume. Chen Haohuan tensed up and he said in his mind, "What should we do? What to do ..... If Nana finds out that I'm cheating on her, will she ignore me again?"

Chen Haoxuan nervously explained to Chen Yina, "Nana, listen to me, it's not what you think. It's because she was so sad, she hugged me and cried for a long time, that's why I smell of her perfume. You have to believe me, Nana." Saying such words, Chen Haohuan himself felt ashamed.

"Oh, so that's how it is! It seems I misunderstood you, I'm sorry." Chen Yina apologized, she was just angry that Chen Hao Xuan didn't explain it to her clearly, now that it's explained clearly, her anger will go away.

Chen Hao Xuan felt very embarrassed, stealing food outside and coming home and still lying to his best girl. In his heart, Chen Hao Xuan said, "So I'm not a good person, much less a decent person."

As it slowly got dark, Chen Hao Xuan and the others finished their dinner and went to rest after watching a bit of TV in the living room. When he returned to his own room and was about to close the door, he found that Yina Chen had followed him.

"Nana, aren't you going to bed?" Chen Haoxuan was curious about Chen Yina.

Chen Yina lowered her head and rubbed the corners of her clothes with both hands, shyly saying, "People are your girlfriend now, of course they want to sleep with you!"

"Looks like someone can't wait, yo!" Chen Hao Xuan smiled evilly as he hugged Chen Yina's small waist and closed the door. The next day, Chen HaoXuan accompanied Chen Yina to school. When Chen HaoXuan drove his BMW into the university, a deer-headed man pointed at Chen HaoXuan's BMW in a corner not far from the university, and said to a fierce-looking man beside him, "Brother, the man driving that BMW is Chen HaoXuan," he said. He's a sophomore in Business Administration Class 8. He has a female childhood friend, and we'll be rich when we kidnap them all."

"Mosquito, good, I'll give you a big share when things work out." The fierce and strong man was happy.

"Thank you big brother, I will try my best to investigate all the so things about Chen Haohuan." The man called Mosquito said excitedly.

"Good, it's best to investigate all of Chen Hao Xuan's closest people clearly, preferably with photos." The strong man said.

"Big Brother, don't worry, I Mosquito have no other skills, but I'm the best at investigating people." Mosquito was confident.

They are actually the infamous Black Heart Gang in Xinshan City, and the big brother of the Black Heart Gang is called Black Heart, and they are different from other gangs because they don't charge protection fees, and they don't open casinos and various entertainment venues. They only do robberies and kidnappings, they have many members, almost all the thieves in the city of Xinshan are members of them, they are ruthless and ruthless, so the ordinary gangs do not dare to provoke them, and the big gangs are reluctant to provoke them because they do not occupy the territory.

They targeted Chen HaoXuan because they wanted to kidnap him after his Thousand Buddha Stone Pagoda was auctioned off, and then the money from the sale of the Pagoda would be theirs, several hundred million! Can they not be impressed? Plus they investigated Chen Hao Xuan and found that he didn't have a strong background, such a person was their favourite prey.

None of this was known to Chen Haoxuan, and if he had known about it in advance, he would have recruited a large number of ex-soldiers to protect them again.

## **Chapter 112**

When Chen Haoxuan returned to Class 8 of the Department of Business Administration, he found Yang Lin and the others there, even Hua Lingwei and Zhang Bening, all of them sitting in the last row of the classroom.

Chen Hao Xuan took Chen Yina's small hand and walked over, smiling at Yang Lin and the others, "What brings all of you big shots to our class?"

"Hen, I heard you and Nana are together, is that true?" Yang Lin asked Chen Hao Xuan curiously, he always knew that Chen Hao Xuan regarded Chen Yina as his sister, so he often came to Class 8 of the Business Administration Department to play with Chen Yina, he thought he had a chance, but he didn't expect Chen Hao Xuan to take Chen Yina back for two days and become a couple as soon as he returned, he felt it was ridiculous, faster than a flash marriage.

"Well, it's true." Chen nodded with a smile.

Chen Yina also cooperated by gently resting her head on Chen Haohuan's shoulder, and she was happy that Chen Haohuan could tell her who they were in front of many friends.

"Didn't you always think of Nana as a sister? How come when you go back, you're a couple when you come back again?" Yang Lin asked again.

"We're going back to explain to my parents about my relationship with Brother Xuan, and if they agree, we can be together openly and honestly!" Elaine Chen is delighted.

"When did you start?" Ma Yichen couldn't help but speak out and ask.

"I've always liked Brother Xuan since I was a child, but he just didn't realise it, and I thought I wasn't good-looking before, so I didn't dare to tell Brother Xuan that I liked him, and it wasn't until I became pretty that I had the courage to express my heart to Brother Xuan." Chen Yina sweetly said.

Yang Lin secretly sighed in his heart, "The person I love has a name, the person who loves me is miserable, human tragedy!"

"Hohen, I'm jealous of you, my family is better than you, my people are no worse than you, but why am I not as happy as you! Benin and I grew up together as childhood sweethearts, so why is there such a big difference?" Ma Yichen joked.

Zhang Bening, who was next to Ma Yichen, heard Ma Yichen's words, she reached out and pinched Ma Yichen's ears, squealing, "What did you say? If you have the guts to say it again, can't you see how you look? He came from nothing, he is good looking and gentle. And you! You have what you have now because of your family, and you're still dull and dumb, and only a dumb girl like me still chooses you."

"Honey, listen to me, I'm joking, it's not true. Will you let go, so many people are watching! I will be very ashamed." Ma Yichen pleaded bitterly, looking at Ma Yichen's face you can tell that he must be a very afraid of his wife in the future.

"What face do you still have, if it wasn't for Hao Xuan helping you, would you have been able to chase me? Hmm. If I had known that Hao Xuan was such a Langman, I would have been better off with him than with you." Zhang Bening joked.

Hearing Zhang Bening's words, Ma Yichen became nervous, he had a hard time catching up with him, and he would be sad if he lost him like this. "Wife, I asked Hao Xuan to help out not because I care too much about you, so just forgive me!" Ma Yichen said to Zhang Bening with a bitter face, after which he turned his head and said to Chen Hao Xuan: "Hao Xuan, is it buddy or not? If you're buddies, don't steal Bening from me."

Pulling Chen Yina to sit at the back, Chen turned his head to look at Ma Yichen with a despicable look and said, "I despise you, no wonder Bening said you were dull, you don't even know that Bening is joking, if I were Bening, I would choose the red apricot wall too."

"Oh, so it was a joke! It scares me. Benin, don't be like this in the future, my heart can't take too much of a shock." Ma Yichen covered his chest and joked.

The company's website was opened by Chen Haoxuan and Chen Yina, who brought small laptops with them, as they needed to manage Chen Haoxuan's newly opened website. It's beautiful, yo!"

"Wow-, what a beautiful girl, Nana, isn't she some kind of big star?" Ma Yichen's eyes were starry and excited, he felt that looking at this picture was a wonderful pleasure. If he knew that the person in the picture was Chen Haoxuan, I don't know if he would still want to do something wrong.

Chen Yina covered her small mouth and laughed, she knew that others would not recognise Chen Haoxuan in male costume. Chen Yina smiled, "Guess who this is?"

"Nana, it's not your sister or sister-in-law, is it? Can you introduce me to it?" Yang Lin excitedly, Chen Yina already has a name, so the thoughtful Yang Lin was very straightforward to shift the target.

Chen Yina covered her small mouth, he laughed non-stop, said: "Oh ....., he will not agree to you, because he is very special."

Chen pretended he couldn't hear anything and looked down at the computer. He didn't want Yang Lin and the others to see his face, and if they were to see his face, they would likely associate it with pictures of him dressed as a man or a woman.

"How do you know she doesn't like me if you don't introduce me to her! Nana, please take pity on me! I'm in my twenties and I've never even held a girl's hand! I'm so pitiful." Yang Lin looked so pitiful to Yina Chen. If the ladies of the feng moon-place heard Yang Lin say such words, they would definitely point at him and scold him, "How many times have you f\*cked my mother?"

"Nana, when did you get a sister that beautiful?" Zhang Bening was curious and asked Yina Chen.

"He's not my sister lah!" Ina Chen smiled awkwardly.

"Who is that? Is it a sister or sister-in-law of Hohen?" Zhang Bening asked again.

"Xuan's sister? Yeah! Look, the girl in the photo looks just like Xuan." Still, Yang Lin found some clues.

"Right. No wonder she looked so familiar to me! Yes, she must be Hao Xuan's relative." Ma Yichen stroked his chin with a very profound look.

He turned his head to Ma Yichen and said, "The look-alike is my sister, right? There are over six billion people in the world, so there will always be a few that look alike!

"So who is she? Why does Nana have a picture of her?" Yang Lin wasn't giving up yet, his senses told him that Chen Haohuan and the others must know the girl on Chen Yina's computer desktop.

"I don't know, just ask Nana!" Chen Hao Xuan with a straight face.

Hearing Chen Hao Xuan's tone, Chen Yina did not dare to continue joking, Chen Hao Xuan is a boy, boys love to save face, if she gave Chen Hao Xuan an ugly face, Chen Hao Xuan still hated her. So Chen Yina explained, "I found this photo on the website of H. As for that address, I have forgotten it."

## **Chapter 113**

"Nana, you must remember, she is my goddess, I must know who he is." Yang Lin seriously told Yina Chen.

Pfft-, Chen Hao Xuan spat out, he was complaining in his heart why Chen Yina used the photo of him dressed as a man and a woman as the desktop of his computer, now well, Yang Lin and the others were thinking about him. If it was a girl who was thinking about him, it was fine, but if it was a boy, he felt so disgusted that he wanted to shout at Yang Lin, "I'm a man, don't desecrate my photos."

"Hahaha ....., laughing to death, Yang Lin you're so funny ....." Chen Yina hugged her little belly and laughed, whether Chen Haohuan would be angry or not, she really couldn't help it. Yang Lin thought of Chen Hao Xuan as a goddess, looking at his soulful eyes, he might even want to marry Chen Hao Xuan! Can she hold back her laughter at such a prank?

Yang Lin was bewildered, he couldn't understand why Chen Haoxuan and Chen Yina reacted so strongly, one spewing saliva and the other laughing maniacally while holding his stomach.

"What are you laughing at, Nana? Did I say something wrong?" Yang Lin touched the back of his head, embarrassed by the question.

"No - nothing, I just suddenly thought of certain funny things." Chen Yina gasped and laughed, she had just laughed until her stomach hurt, so that she could stop again, otherwise she would have laughed until she had cramps.

"Class is in session, you guys stop it." Chen Haohuan reminded.

Yang Lin he very unrelentingly handed his mobile phone to Chen Yina's desk and said to Chen Yina, "Nana, download that picture on your computer's desktop to my mobile phone."

Hearing Yang Lin's words, Chen Yina immediately closed her laptop, it was a picture of Chen Haoxuan dressed as a man and a woman, it was okay to look at, if it spread out, Chen Haoxuan would hate her to death. "No, absolutely not, and don't ask me why, it's just not okay." Chen Yina said seriously to Yang Lin.

"Nana, Nana, I'll call you sister, okay! Just give it to me!" Yang Lin smiled a pleasing smile at Yina Chen.

"Nana, I want it too, so pass it to me too!" Liu Junfeng finally revealed his **\*\*real\*** face.

"Nana, I also want to ....." Ma Yichen's ears were pinned by Zhang Bening before she could finish her sentence.

"What do you want? Say it!" Zhang Bening snapped angrily, although she also admitted that the girl in Chen Yina's computer desktop picture was beautiful, but as a normal girl, how could she allow her boyfriend to like another girl!

"Benin, I won't dare anymore, let go of me, it hurts!" Ma Yichen wailed.

Zhang Bening let go of Ma Yichen's ear and scolded petulantly, "Hmph, let's see if you still dare in the future."

"I really can't give you guys, please understand." Chen Yina seriously addressed Yang Lin and the others.

Seeing how serious Chen Yina's expression was, it didn't look like she was lying, so Yang Lin and the others were not good enough to push Chen Yina any further and they took their phones back.

Chen Hao Xuan put his head to Chen Yina's ear and whispered, "If you want to see it, save it and read it. Don't let anyone else see it, OK?"

"Hmm." Chen Yina responded apologetically.

At that moment, a middle-aged woman wearing glasses, her name was Yan Mei, today 39 years old, was Chen Haohuan's maths teacher in their class. She called into the classroom, she put her thick textbook on the podium and said loudly, "Good morning, students."

"Good morning, teacher." The students in the class returned in unison.

Yan Mei took the chalk and turned around to write a maths problem on the board, and when it was done, she turned to the students of Class 8 and said, " $62-63=1$  is a wrong equation, can you move a number to make the equation hold? Raise your hand if you know the answer?"

The entire class was frowning, and they looked like they were deep in thought. Except for Chen Haohuan, who had been chatting with others online and hadn't been listening to the class seriously at all.

"Don't all know?" Yanmei pursued the question.

All the students in the class shook their heads and said, "I don't know."

"When I give you ten more minutes, if any of you can come up with an answer, this pen in my hand will be his." Yan Mei took out a black fountain pen and smiled. The pen in her hand was no ordinary pen, as he had a beautiful body, and with the gold decoration in the middle and top and bottom of the pen, it was most likely made of gold.

Possibly because of the reward, many students started to scramble to raise their hands to answer, not caring if their answer was right or wrong, they wanted to try anyway.

"What kind of question is this? Why is it so hard." Hua Lingwei frowned and said to herself.

"Yeah! Even I couldn't figure it out." Ma Yichen was willing to do the same.

Chen Yina turned her head to Chen Haohuan, "Brother Xuan, do you know the answer?"

"The answer? What's the answer?" Chen Hao Xuan raised his head and looked at Chen Yina Dao curiously, he had been chatting on the computer, how could he know what the teacher was talking about.

"I'm not going to be able to do anything about it," he said.

" $62-63 = 1$ . How is this possible? Is there something wrong with this teacher? Even writing out such wrong equations." Chen Hoxuan.

"Teacher Yan says you can move a number to make the equation hold, but I don't know how to make his equation hold." Ina Chen explains.

" $2^6 - 63 = 1$ , the wrong equation, can you move a number so that the equation holds? Isn't the 6th power of 2 -  $63 = 1$ ?" Chen Hao Xuan said to himself.

When Yi Na Chen heard Chen Hao Xuan's words, she clapped her little hand in excitement and said happily, "Yes! Why didn't I think of that! 6 times of 2 -  $63 = 1$  right, yes that's right."

Yang Lin said to Chen Hao Xuan, "Xiao Xuan, you got it right, why don't you go up and get your prize?"

Chen Hao Xuan said indifferently: "I'm not interested, it's only one, I don't care."

Ma Yichen gave Chen HaoXuan a thumbs up and smiled, "You have a lot of money and personality, I like that. It's just one piece, isn't it? Let's go order a gold pen some day."

"Hao Xuan, I really like that pen, can you give it to me?" Zhang Bening spoke out to Chen Haohuan.

"Of course, you'll be able to go and answer the questions and receive the pen you want." Chen Hao Xuan was very generous.

To Chen Haoxuan's surprise, Zhang Bening raised his hand and loudly said to Yan Mei, who was at the podium, "Teacher, Chen Haoxuan knows the answer."

Hearing Zhang Bening's words, Yan Mei's eyes lit up, she had thought that no one would be able to answer it, but she didn't expect that someone would be able to answer the mathematical question that had made him think about it for days within ten minutes. What did this mean? Students are better than teachers.

"Chen Haohuan, will you stand up and say the answer out loud?" Yan Mei shouted excitedly.

## Chapter 114

"Benin, you can stand up and say it yourself if you want to, why do you have to force me to answer?" Chen Hao Xuan was dissatisfied with Zhang Bening.

"Hao Xuan, have you forgotten that I am not from your class. If I stand up to answer and she sees me, even if I say the right thing, she may not give me the fountain pen." Zhang Bening explained.

After hearing Zhang Bening's explanation, Chen Haohuan remembered that Zhang Bening and the others had skipped class to come here, so he had no choice but to stand up and answer the question: "The answer is 6 times of  $2 - 63 = 1$ ."

Popping ....., Yan Mei applauded happily and said, "Well, well, I didn't expect that none of the students in the class could answer the question, but it was answered correctly by the always low-key Chen Hao Xuan. I really admire your intelligence, you know? It took me days to come up with the answer, but you did it in just ten minutes! Can you tell me how you came up with the idea?"

"Wow - that was such a hard maths question." The student in the class exclaimed.

Chen spread his hands and said indifferently "I don't know why, I can do it as soon as I look at it."

"I know, because you're a genius." Yang Lin joked.

"That's right, I think you're a genius, it's not an answer that just anyone can answer, and it's in such a short time." Yan Mei was excited, she felt honoured that her student had surpassed her, it was something to be proud of.

Everyone else wanted to be praised, but what about Chen Haoxuan! He was so puzzled that he just blurted out, "Teacher, didn't you say that you would give the pen to whoever got the answer right? Now that I've got the right answer, can it be given to me?"

"Yes, yes, yes, look at me, I almost forgot, you come up and get it!" Yan Mei smiled kindly.

Chen Hao Xuan was not polite, he walked up to the podium, received the pen, said thank you, turned around and returned to his seat.

Chen didn't bother to see what the pen looked like, as soon as he returned to his seat, he handed it to Zhang Bening and said, "There, this is the pen you like."

"Thank you." Zhang Bening happily accepted the fountain pen handed to her by Chen Haoxuan.

"Wow, what a beautiful fountain pen, this colour is glowing black, graceful body, and the top also has a clasp made of gold." Zhang Bening exclaimed, after looking at it for a while, she turned her head to Ma Yichen, "Look at Haoxuan, how manly he is! I said I liked it, and he asked for it. And you! Hmph, and talk about the genius Shao Dong, dog sh\*t."

"Don't say that about Ma Yichen either, it's not that he can't answer, it's just that the time given to him is too little, if you give him a day or so, I'm sure he'll be able to answer." Chen Haoxuan helped Ma Yichen, saying.

"Buddy, iron buddy, you're really my good buddy." Ma Yichen gave Chen Haoxuan a thumbs up, touched.

Chen Haoxuan wanted to continue chatting online, but Yan Mei wouldn't let him go, and Yan Mei wanted to test Chen Haoxuan again to see how good he was.

He was asked to stand up and answer questions by name, but Yan Mei asked him to do so. In order to keep the conversation going, Chen Hao Xuan answered very quickly and basically gave his answer immediately after Yan Mei asked him a question.

Yan Mei completely forgot that she was in a class and became more and more interested in Chen Hao Xuan, asking him to answer all the maths questions that she had found difficult in the past.

Twenty minutes later, Chen HaoXuan became impatient and felt that Yan Mei just didn't want to leave him alone and had to give him a maths question that he couldn't answer.

If Yan Mei had asked Chen Hao Xuan to explain the calculation process, he probably wouldn't have been able to, because he didn't have much knowledge of the 21st century, but he would have been able to say something about the future century.

Chen Haoxuan spoke out to Yan Mei, saying, "Teacher, you have asked me so many questions, I should have the right to ask you one too!"

"Of course there is, you name it!" The more difficult the maths problem is, the more she likes it, so she can't wait to see what kind of maths problem Chen HaoXuan will come up with.

"The first time I was in the car was when I was in the car, and the second time I was in the car was when I was in the car, and the third time I was in the car, and the third time I was in the car. Now we are returning 1 yuan, which means  $10-1=9$ , only 9 yuan per person, 9 yuan per person for 3 people,  $3 \times 9=27$  yuan, + 2 yuan hidden by the waiter = 29 yuan, where is the remaining 1 yuan? Please answer?" Chen Hao Xuan smiled evilly.

The maths problem had caused a huge reaction in the modern times of the space Chen Hao Xuan's previous life, and he remembered it because he saw it while reading a history book.

"There were three people who went to pitch in, 30 RMB for one night, and each of the three people paid 10 RMB to raise 30 RMB ....." Yan Mei began to think.

The students in the class, too, were thinking about Chen Haoxuan's maths problem.

It was only after a minute or two that Yan Mei made a sound, and Chen HaoXuan thought she'd thought of it so quickly! What made him sweat furiously was that Yan Mei had not thought of it, but had forgotten the maths question.

"Chen Haoxuan, you - can you say the title again ah!" Yan Mei was embarrassed, she had just verbally asked the questions and Chen Hao Xuan had answered them all. The first time I saw him, I was so embarrassed that I couldn't say I was a teacher.

"There are three people to pitch in, 30 yuan a night, three people each paid 10 yuan to raise 30 yuan ....." Chen Hao Xuan repeated.

In order not to forget, Yan Mei wrote the maths problem on the blackboard. The Class 8 students also copied the maths problem and calculated it.

As Yan Mei read, she wrote on the board: "The owner took out 30 yuan and gave five yuan to the waiter, who hid two yuan and returned the remaining three yuan to the customers. The three customers each took out nine yuan, three ninety-nine twenty-seven, plus the two yuan hidden by the waiter, twenty-nine, what - what's this all about? And a dollar?"

"Yeah! There's still a dollar left! To where?" The class was in disarray, all of them felt the maths was strange, they could figure it out in one calculation, but the answer they came up with was wrong even they knew it was, they took out thirty dollars, but what they came up with was twenty-nine dollars, one dollar less.

"Have any of you come up with an answer yet?" To the class, Yanmei asks.

"No, all the answers we counted were one dollar short, I wonder why?" A female student speaks up.

## **Chapter 115**

Yan Mei was keen to know the answer and she said to Chen Haohuan, "Chen Haohuan, can you tell us the answer?"

Chan smiled and said, "It's no longer challenging to tell you, so take your time to think about it."

Chen Yina whispered to Chen Hao Xuan, "Brother Xuan, can you tell me the answer?"

"Hao Xuan, I'd like to know too." Zhang Bening looked expectant.

"I'll only tell Nana, but as for you guys, you can guess for yourselves." Chen Hao Xuan smiled wickedly at Zhang Bening and the others.

Chen Hao Xuan stuck his head into Chen Yina's ear and whispered mysteriously, "Actually that was a kind of logical error, the 2 yuan was already included in the 27 yuan, it should be 25 yuan of the total room charge + 2 yuan of the waiter's private stash + 3 yuan returned = 30 yuan. You've all been fooled by me."

"Ah-, it was that simple!" It was a surprise to know the answer.

"Nana, what is the answer? Tell me quickly?" Zhang Bening tugged on Yina Chen's clothes and asked anxiously.

Chen Yina covered her small mouth and smiled, "The answer is very simple, you just don't have to follow the order that Brother Xuan said, you will know the answer very quickly."

Hearing Chen Yina's words, Ma Yichen's eyes lit up and his mouth smiled in delight, "I know the answer, the answer is that the owner received 25 yuan, the waiter took 2 yuan and gave the three customers 3 yuan back, 25 plus 2 plus 3 equals 30, isn't that right? Hehehe ....., I'm smart, right?"

"Wow-, Ma Yichen, you're so smart, you've guessed this, it turns out we've all been caught in a trap set by Hao Xuan." Zhang Bening looked at Ma Yichen with an adoring face, happy.

"I don't know if we'll get any gifts this time." Yang Lin said to himself, looking as if he wanted to get some benefit from Yan Mei.

"Just ask and you'll see if there are any benefits!" Liu Junfeng smiled.

Yang Lin really dared to ask, he didn't stand up or raise his hand, he just sat there and asked loudly, "Teacher, if you answer correctly, will you give a reward?"

"Rewards?" Yan Mei looked at her body and found that she had nothing of value on her body anymore, she took out her wallet, pulled out a 100 yuan RMB and said, "Whoever gives the answer, this 100 yuan is his."

"It's only 100 yuan, what a cheapskate." Chen Hao Xuan muttered in a low voice.

Chen Hao Xuan was too little, Yang Lin was not too little, 100 RMB could buy a few packs of good cigarettes. The first time I saw him, he was in the front of the stage, and the second time I saw him, he was in the front of the stage, and the third time I saw him, he was in the front of the stage.

Yang Lin stretched out his right hand with a yin smile on his face and said, "Teacher, is it okay to give me this 100 yuan?"

"You're not one of my students, are you? I feel like I know you, called... called Yang Lin, right? You're that trouble-making student Yang Lin aren't you?" Yan Mei smiled at Yang Lin.

Yang Lin awkwardly disturbed the back of his head and laughed, "Hehe ....., I didn't expect that I was so famous that even Teacher Yan knew about it. All right! I'm surprised you know and I'll be honest with you! I actually admire you and really want to listen to your lecture, so I'll pose as a class eight student and listen to your lecture, please bear with me." After saying that Yang Lin himself felt disgusted, he said in his heart at the same time, "Mother of a b\*tch, when did I become so cheap that I can even say such disgusting things."

"Hehehe ....., I seem to feel like yours is kissing my ass yo! Just kidding, take it, here's your reward, you're smart, keep it up yo!" Yan Mei handed one hundred yuan to Yang Lin and said.

"Thank you." Yang Lin took the money and proudly returned to the last row of the classroom.

"Yang Lin, I've noticed that you're really cheap! How dare you say something like that, and in front of so many people, I have to admire your thick skin." Chen Hao Xuan arched his hand to Yang Lin and joked.

Yang Lin also arched his back and said to Chen Hao Xuan, "Admit it ....."

"Chen Hao Xuan, do you have any harder maths questions?" Yanmei wasn't satisfied yet, she wanted to know more about mathematics.

"You forced me to do this." Chen said to himself standing up, he was a bit angry, he was just a student and she was a teacher, how can a teacher consult a student all the time!

Chen Hao Xuan silently walked to the podium, picked up a piece of chalk and wrote on the blackboard,  $2N+1..... 6=3+3.....$  After writing a long string of numbers, Chen Haohuan stilled the chalk and said in a bullish voice, "Whoever solves this problem, I'll give him 100 million RMB, as promised."

"One-hundred million RMB? Did I hear that right?" Yan Mei was surprised.

"You heard me right, what I said is true, whoever it is, as long as he can figure it out, I will give him 100 million RMB. You can still doubt if I have 100 million RMB, right? I don't need to be afraid that you will know, you will know later anyway if I don't tell you. My total assets now are almost one billion RMB, so you don't have to worry that I can't afford to give it." Chen Hao Xuan was wildly proud.

"Wow, so Chen Hao Xuan is a billionaire, so rich yo!" When the students of Class 8 heard Chen Hao Xuan's words, they were all amazed, a young man like Chen Hao Xuan had become a billionaire, were there many people with such strength in this century, they didn't think there was one in their class. They had thought that Chen Hao Xuan had fallen in love with a rich woman, but now it seemed that those were all rumours, because they didn't believe that a billion RMB could be earned by being a white boy.

"Chen Hao Xuan, you're not joking, are you?" Yan Mei questioned, Chen Haoxuan's bet was so big that she couldn't believe it was real.

"This is a mathematical question that transcends this era, if you can really answer it, what if I give you 100 million RMB." Chen Hao Xuan smiled faintly as he finished and slowly walked back to his seat.

Yan Mei turned around and looked at the blackboard, her brow furrowed, she couldn't even understand the maths problem.

The students of Class 8 desperately copied the maths problem on the blackboard one by one, and they all secretly said in their hearts: "If you want to get rich, you'll depend on this problem."

When Chen Haoxuan returned to his seat, Ma Yichen was very curious and asked Chen Haoxuan, "Haoxuan, where did you learn this maths problem, I feel very profound, I can't understand it?"

"Everything is made by some kind of creature, so don't underestimate me, I'm a student but my knowledge already surpasses that of all the teachers at the University of New Hill. I just wrote that question, I researched it myself." Chen Hao Xuan proudly said.

"Little Xuan, you're really so awesome that you dare to say that for a 100 million dollar bet." Yang Lin gave Chen Hao Xuan a thumbs up and admired him.

## **Chapter 116**

"That's right, how can you make a lot of money without a little spirit!" Chen Hao Xuan is very proud of his smile. Chen didn't have to worry about anyone being able to figure out the answer! Because the maths questions he wrote were future century questions, not many people could come up with the answers even in the future century, let alone in the backward 21st century.

Ringling the bell ....., the class bell rang, and one by one the students of Class 8 scrambled out of the classroom, each of them holding notebooks and pens, all of them wanting to go to the library to look up information about mathematics. They all wanted to go to the library to look up information about mathematics. They could get 100 million RMB for the answer! This is a huge sum of money that ordinary people will never earn in a lifetime, so how could they not work hard to have a carefree life?

The word quickly spread and all the students and teachers of the university, including the president, were calculating the mathematical problems Chen Hao Xuan had solved. The library of the University of Xinshan was hit by the disaster, overcrowding, now it is difficult to squeeze in, the librarian even more angry want to close the door, but there are too many people, he can not stop.

The librarian was even more furious and wanted to close the door, but there were too many people. Seeing all this, Chen Hao Xuan could not help but say to himself, "Did I do something wrong?"

"Brother Xuan, it's not that I'm talking about you, the rewards you're offering are so big that people want them. Look at Yang Lin, Liu Junfeng, they've all gone looking for answers, even Ma Yichen, whose family grade is wealthy, and they've all gone looking for answers." Chen Yina complained a bit about Chen Haoxuan's tone.

"It's only 100 million, and it's still RMB, not much!" Chen Hao Xuan said something that made Chen Yina want to vomit blood.

Chen Yina was so angry that she stretched out her hand and pinched Chen Hao Xuan's waist, exhaling, "100 million RMB is not much, so give it to me! Hmph, one hundred million RMB will allow my family to live a carefree life for the rest of their lives."

Chen Haoxuan hugged Yina Chen's small waist and smiled, "When I sell the Thousand Buddha Stone Pagoda, I'll give you 100 million, okay? Don't get angry, okay?"

"Brother Xuan, don't be angry, I'm just talking casually, I don't want your money, don't misunderstand." Chen Yina anxiously explained to Chen Hao Xuan, she was afraid that Chen Hao Xuan misunderstood that she was the kind of woman who loved money.

"You should know that I'm single and alone, right? I don't have any relatives, only your family is my family, I'm rich, shouldn't I look after my relatives!" Chen Hao Xuan was gentle to Chen Yina.

"Brother Xuan, you are so good." Chen Yina happily leaned on Chen Hao Xuan's arms and was touched.

Chen Hao Xuan took Chen Yina's hand and smiled, "Nana, let's go to the library! Look at the 10,000 people gathered there."

"Mm." Being held by Chen Haohuan's hand, Chen Yina felt so happy.

On the way, it was deserted, as there was no one there, not even the school cleaners could be seen. When Chen Haoxuan and the others arrived at the library, they were shocked to see the crowd of people outside the library, "Damn, this is too exaggerated, isn't it?"

Chen Yina smiled, "That seems like a good move on your part! It made all the students enjoy learning, and it was great to see them discussing and learning seriously, as if they were happy!"

"Of course I'm happy! If they find out the answer, then they can live their lives without any worries. If I'm like them, I'm afraid I'll study like crazy." Chen Hao Xuan Dao. Chen Hao Xuan felt that he had made things too big, involving all the teachers and students of Xinshan Mountain University, and he was afraid that Xinshan Mountain University would not be able to return to normal in the next few days.

At that moment, a familiar voice came from the distance, Chen Hao Xuan followed it and saw Yang Lin and Liu Junfeng desperately trying to squeeze into the crowd. One of them, in his capacity as student union president, asked the students in front to give way, while the other threatened the students in front to get out of the way in a very brutal way, but their method was useless and the students in the crowd didn't give a damn. The students outside were themselves desperately trying to squeeze in! How could they recognize the way to Yang Lin and the two of them.

Chen Haoxuan walked over with Yina Chen and shouted to Yang Lin, "Yang Lin, what are you guys doing?"

Hearing Chen Haohuan's voice, Yang Lin turned around and smiled apologetically, "Hehe ....., nothing to do! Just wanted to get in there and find a few things."

"And you lie in front of me, you don't even look at how many pounds you are. I suggest you, if you want to read books and look up information, you can go to the Internet, or you can go to the library outside, why do you have to be in our school library! It's stupid." Chen Haohuan suggested.

Yang Lin slapped his thigh and said excitedly, "Yeah! Why didn't I think of that!" After saying that, Yang Lin turned to Liu Junfeng and said, "Buddy, let's go outside and check the information."

Boom ....., a large group of students quickly ran outside, that scene was like a million horses galloping.

"Cough cough ....., why are those people suddenly running!" Chen Hao Xuan choked on the dust, coughing as he did so.

He said, "I'm sorry, but I can't believe you're here. You see, they've heard it all and are now rushing outside to send out information. It looks like our hopes are a little smaller again, alas ....."

With a pleasant smile, Liu Junfeng said to Chen Haoxuan, "Haoxuan, we're good buddies, right?"

Chan nodded and echoed, "Yeah! What for!"

"So can you give us some hints?" Liu Junfeng smiled wickedly.

"Don't even think about it, if I tell you guys, doesn't it mean I'll just send you 100 million RMB? Although I'm generous, I'm not that generous yet. But I can give you some benefits, if you two can answer before anyone else, I'll give you another 100 million RMB, a total of 200 million RMB, but the requirement is to work for ten years, and you'll also get a salary and bonus during the work period, how about that?" Chen Hao Xuan crossed his arms and smiled.

Yang Lin and Liu Junfeng, excited one of them each took Chen Haohuan's hand and said, moved, "Buddy, good buddy, you're too generous, don't worry, we'll try our best to get the 200 million RMB, we'll succeed."

"I wish you guys will figure out the answer soon." Chen Hao Xuan smiled. If Yang Lin and the others could only find out the answer, Chen Haoxuan wouldn't lose anything at all, but rather earn a mathematical genius, such a talent was more valuable than 200 million.

"Then we'll go outside to look up the information, bye." Yang Lin and Liu Junfeng quickly ran outside after saying that, they were worried that the answer would be figured out before anyone else, if it was figured out by someone else, then they would be rich and their life would be gone.

## **Chapter 117**

Seeing Yang Lin and the others getting further and further away, Chen Haoxuan could not help but smile bitterly. In his heart, he secretly thought, "It seems that money is a very attractive thing."

"Brother Xuan, let's go home." Chen Yina told Chen Hao Xuan, now that all the students and teachers were studying Chen Hao Xuan's maths, and no one was teaching or taking classes, there was no point in staying here. Besides, Chen Yina wanted to go home and look up maths as well, she wanted to prove her ability.

"Okay!" Chen Hao Xuan took Chen Yina's small hand and walked towards the car park.

It was not long after they returned to their residence that word spread quickly about Chen Hao Xuan's topic, and basically everyone who went to the library knew about it. The reason why word spread so fast was because of the 100 million RMB prize money Chen Hao Xuan offered.

The whole city of Xinshan became a learning frenzy because of Chen's maths questions and the prize money.

As soon as Chen Hao Xuan and the others returned, Chen Yina said she was a little sleepy and wanted to go to bed so she went to her room. In fact, Chen Yina wanted to go to her room to study Chen Hao Xuan's maths problem, and she wanted to figure out if she would surprise Chen Hao Xuan. As for Chen Haohuan, he turned on his computer on the living room and chatted with the users of the Thousand Buddha Stone Pagoda website (which is Chen Haohuan's new website).

The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services. He said that he was from Gzhou and that his friend had told him about it on the internet. The netizen also said that he would give

Chen Hao Xuan 1,000 RMB if he could help him solve the problem. The netizen didn't know that the person he was asking was Chen Hao Xuan, who came up with the question.

"Damn, the power of money is so great, it's only been a few hours! It's just spread from the city of Xinshan to Gzhou." Chen Hao Xuan was surprised.

Chen Hao Xuan sent a message back to that netizen, saying he didn't know the answer. Joke, even if he knew, he wouldn't tell you, it's 100 million RMB! If I tell you it's only 1,000, I'll be a fool!

In order to see if many people on the internet knew about it, Chen HaoXuan went to Baidu and saw dozens of pages full of postings asking the same questions. He was stunned, and then he searched for foreign websites. Fortunately, there was little discussion on foreign websites, probably because they couldn't read Chinese.

Inside a luxurious private room, there were a few big spenders discussing things, they were some famous tycoons in the city of Xinshan, Zhou Xiang and the others. Zhou Xiang spoke out, "Did you hear that Chen Haoxuan was working on a maths problem this morning?"

"The whole of China was sensational, how could we not know. That kid too, he even took out 100 million RMB, not to mention others, even mine wanted to take the 100 million RMB." Hua Tianyu was surprised.

"This Little Xuan, with such boldness, he must be a big shot in the future." Li Jun was serious.

"I'm not good at maths, Tianyu, I know you're good at maths, do you think this question he came up with is really that hard? All the teachers and students of the University of the City of Xinshan, and a large number of members of the public, netizens, have still not answered." Zhou Xiang asked curiously.

"It's not difficult, but very difficult. Because he is a calculation method I have never seen before, he may be a calculation method that transcends this era. Otherwise Xiao Xuan wouldn't dare to offer a prize of RMB 100 million, and he should be confident that no one will be able to answer it." Hua Tianyu.

"A calculation method that transcends this era, how does he know about such advanced knowledge?" Zhou Xiang was full of questions.

"I think he must have created the knowledge himself, otherwise how could he be so smart to earn hundreds of millions of dollars of family wealth in just a few months." Li Jun guessed.

"Zhou, we are all businessmen, you should also be able to see Xiao Xuan's potential, right? He's so talented and so driven, his ambition Vivienne and I have told him that he wants to be rich and powerful, my goodness! He has the biggest ambition of anyone I've ever met, and it's harder to be rich than to be the head of a country. That's why I want to help him out as much as I can while he's still developing, so that when he achieves something big later on, we can follow suit," he said. Hua Tian Yu was serious.

"I have the same idea, but how do we need to help him? I'm sure he's got a lot of capital now, with a 55% stake in the most advanced all-powerful mobile phone in Communication Mobile City (Zhang Tianqi's family's mobile phone city), which I estimate to be worth billions of RMB. If we give him a few more months, our combined fortune may not be worth as much as his.

With him being the strength he is right now, he doesn't need our help at all, at most, he can only introduce some businessmen to him, and he probably doesn't need our help with the rest." Zhou Xiang Dao.

Hearing Zhou Xiang's words, Hua Tianyu smiled proudly, he said happily, "Hehe ....., Xiao Xuan begged my Weiwei to introduce a large number of businessmen to him some time ago, when he becomes rich in the future, he will definitely help our Huashi Group to go global."

"I'm wondering, our Kexin is his classmate, why don't you let my Kexin help, but ask your Vivi to help?" Zhou Xiang questioned.

Hua Tianyu raised his hand to tidy up his hairstyle and said proudly, "Who made our Vivian so loveable! So, Zhou, you'd better let your daughter find her ideal husband again! Because Xuan likes our Vivian."

"Xiao Xuan doesn't have a girlfriend right now, and we don't even know who the deer are yet!" Zhou Xiang was dissatisfied with Hua Tianyu's words.

Zhou Xiang and the others still don't know that Chen Haoxuan is already with Chen Yina, if they knew, I don't know if they would still force their daughter to give her to Chen Hao Xuan.

"There is only one Xiao Xuan, and you both want to marry your daughter to Chen Hao Xuan, I think it would be better if you all marry your daughter to Chen Hao Xuan, anyway, your daughters are so

close, they are like sisters, and they both like Xiao Xuan very much, if they all marry Chen Hao Xuan, they should be very happy." Li Jun touched his big belly and joked.

"Hey, hey, I said Li Jun ah! Don't you see what kind of status we have, we are all respectable people in the city of Xinshan, if word gets out, will we still have face?" Zhou Xiang was unhappy.

## **Chapter 118**

"I don't agree either, what age is it now, how can you still be monogamous! Vivian is my sweetheart, how could I possibly agree to her sharing a husband with someone else." Hua Tianyu had a straight face.

"Old Hua, no matter which one of us marries Chen Haoxuan's daughter, no one is allowed to be angry in the future, okay?" Zhou Xiang was serious to Hua Tianyu, they have been doing business together for more than ten years, if they hurt the harmony because of their children, this is what none of them want to see.

"This of course." Hua Tianyu smiled.

Zhou Xiang picked up a tall glass, stood up and said, "To our ability to get more out of Little Xuan, cheers."

Chen Hao Xuan who was in the rented room did not know that he had been set up by another group of people today, the difference being that one group wanted to harm him and one group wanted to help him.

At noon, Chen Hao Xuan felt strange, at this time of the day usually Chen Yina would have gone to cook, today she was clearly at home, but she did not come out to cook, this is not like Chen Yina's behaviour. Curious, Chen Hao Xuan stood up and went to Chen Yina's room, opening the door as he shouted, "Nana, what are you doing?"

"Ah-." Chen Yina, who was searching for information on her desk, was startled by Chen Haohuan's sudden voice, and she quickly closed her notebook, closing the book she used to remember things on her desk, before smiling falsely at Chen Haohuan, "Xuan - Brother Xuan, what's the matter?"

"It's nothing, I just wanted to ask if you have time, if you have time can you help me cook, I'm busy with online stuff and I can't leave at the moment." Chen Hao Xuan was gentle with Chen Yina, he could

see that there was something Chen Yina was hiding from him, but he didn't ask because he knew that everyone has privacy that they don't want to tell others.

Hearing Chen Hao Xuan's words, Chen Yina quickly looked at a small alarm clock on the desk and saw that it was already 12 o'clock. Chen Yina stood up and apologised to Chen Hao Xuan, "Brother Xuan, I'm sorry, I forgot the time. You must be starving! I'll do it now, you just wait, it'll be quick."

"I'm not very hungry, there's no hurry." Chen Hao Xuan was gentle.

Chen Yina went to cook the meal and Chen Hao Xuan continued to work on his website. 15 minutes, Chen Yina was super fast and the meal was ready in 15 minutes. During the meal, Chen Hao Xuan felt curious because Chen Yina suddenly asked him a lot of very profound mathematical knowledge, first Chen Hao Xuan did not find it, and later, he realized that Chen Yina also wanted to find the mathematical question he had asked.

The knowledge of the future century is an incalculable wealth, and the average person Chen Hao Xuan will not teach, but Chen Yina is an exception, because Chen Yina is the one who cares about him the most, and is also his girlfriend, and with these two points, Chen Hao Xuan is willing to teach the knowledge of the future to her.

The fact that Yina was very intelligent and the fact that Chen Hao Xuan was very detailed made Yina absorb Chen Hao Xuan's knowledge very quickly. Before they knew it, Chen Hao Xuan and the others had forgotten to eat and were discussing mathematics at the table.

After more than three hours, Chen Yina suddenly jumped up and shouted happily, "Brother Xuan, I've got it, I've got it ....., yay!"

"Congratulations, you've got 100 million RMB." Chen Hao Xuan smiled at Chen Yina.

"Brother Xuan, I don't want your money, I just want to prove to you that your girlfriend is actually very smart." Chen Yina was happy.

"I know, but as a man, I should be responsible for the promises I make." Chen Haohuan smiled.

Chen Yina walked over to Chen Haohuan and sat on Chen Haohuan's lap and said coquettishly, "Brother Xuan, you should stop laughing at people, if you were the one who taught so many things to people, how could they calculate the answers."

"Shouldn't you express it then!" Chen Hao Xuan's yin smile.

Seeing Chen Hao Xuan's yin smile and feeling Chen Hao Xuan's hand reach inside her clothes, she could have been more foolish and known what Chen Hao Xuan wanted! Chen Yina said shyly, "Brother Xuan, it's broad daylight! Why wait, OK?"

"Who says you can't play house with your girlfriend in broad daylight? Come, I'll carry you to your room." Chen Haoxuan didn't care whether Chen Yina agreed or not, he carried her and went to his room.

In one of the big libraries in Xinshan City, Yang Lin and Liu Junfeng were sitting on the floor looking through books, Yang Lin looked at the books about mathematics, he felt so dizzy, he felt that the books were heavenly books, books that humans couldn't understand. He turned his head to Liu Junfeng with a sleepy look on his face and said, "Liu Junfeng, how are you doing with your investigation?"

"I haven't looked it up yet, I think it's true that Hao Xuan said he came up with the maths question himself, otherwise how could we have looked up so much information and not been able to find it." Liu Junfeng said as he read the book.

"I don't think it's a maths problem at all, but rather Little Xuan is playing a trick on us." Yang Lin exhaled, he couldn't find out the method to calculate the maths problem Chen Hao Xuan came up with and he was anxious, so he became suspicious of Chen Hao Xuan.

"If it wasn't, those teachers at school would have stopped us, and look at them now, not only are they not stopping us, but they're even working on the maths problems that Hao Xuan came up with themselves. When I just went over there to look for books, I also heard an old man say that if we can study this set of maths by Chen Hao Xuan, then we will have a leading position in the world of mathematics in China." Liu Junfeng was serious.

"It's not that powerful, is it?" Yang Lin couldn't believe that a single maths problem could put China ahead of the world in mathematical knowledge.

Liu Junfeng gave Yang Lin a blank look and said, "If Hao Xuan's maths problem wasn't great, would he offer a bounty of 100 million RMB? Would the teachers and professors in our schools, including our headmasters, have left their jobs to work with the students on Chan Ho Hin's maths problems if he was not good at it? If you look around again, which of the people who are in the library right now are not working on Chen Hao Xuan's maths problem."

Yang Lin looked around and said to himself, "That's true, but I'm still curious, are the maths problems that Little Xuan comes up with that attractive, apart from the 100 million RMB?"

Liu Junfeng rubbed his eyes, he didn't even know how many white eyes Yang Lin had had today, even his eyes hurt. Liu Junfeng despised Yang Lin and said, "Of course you don't feel attractive! Because you can't read at all, and you don't like to read. Would you be so serious and come to me for information if you didn't have 100 million RMB to work out the answer?"

Yang Lin disturbed the back of his head and smirked, "Am I that bad?"

## **Chapter 119**

The next day, when Chen Hao Xuan went to the University of Xinshan City, he found that today, like yesterday, the school was deserted except for the library, which was occupied. No one was in class, so Chen Hao Xuan drove Chen Yina home.

On the third day, Chen went back to the school and found the same situation, but worse than before, as some students were so sleepy that they went straight to sleep in the classroom. Some of those who were hungry would just call for takeaway, and those who were anxious would take a book into the toilet and study while going to the toilet.

The school is full of rubbish, no one cleans it and no one cares, it stinks, and it is no longer the refreshing environment it used to be.

Chen Hoxuan decided to wait one more day and if it was still like this on the fourth day, he would tell us the answer.

On the fourth day, Chen Hao Xuan arrived at the University of Xinshan City early in the morning, after he saw that the situation in the school remained unchanged, he ran to the broadcasting studio in the school, there was no one in the studio, Chen Hao Xuan saw that these are like the electronic equipment of the primitive era, he wanted to be very mad, because he could not get it, not that he had not seen the world, but he had never seen such a low-class broadcasting equipment.

It's not that he hasn't seen the world, it's that he's never seen such a low level of broadcast equipment. People from the future century are different, their vision is terrifyingly high, and what others see as a high-tech product becomes an antique in the eyes of Chen Hao Xuan. The newest member of the team is Chen Yina, who has studied to be a broadcaster before, but because of her looks, she didn't end up being one.

Once Chen Yina got the announcing equipment ready, she said to Chen Hao Xuan, "Brother Xuan, when you're done, just turn it on here and you'll be ready to broadcast."

"Oh, thanks Nana." Sitting on a stool with a microphone, Chen Hao Xuan turned on a switch on the microphone and began to speak out, "Good morning, students and teachers. I'm Chen Hao Xuan, the one who gave you the questions, and I didn't want to tell you the answers so soon, but look at you now, doing nothing and working on my maths questions all day long.

It's not that I'm narcissistic, but I dare say that even if you were given ten years to solve this question, you wouldn't be able to solve it. Because it's a knowledge that is beyond this age, a knowledge that none of you know, and don't ask me why I say it's beyond this age, but I know it, and I wouldn't tell you even if you asked. Now I have come to the studio to tell you the answer to the mathematical question I asked the other day, and I hope that when you know the answer, you will resume your old life."

"I'll start with the calculations! I hope you will listen carefully, as it may help you in the future. He is ....." Chen Hao Xuan explained eloquently.

When all the students and teachers in the school heard what Chen Haoxuan said, they all quickly took out their pens and notebooks and wrote down what Chen Haoxuan said, word for word.

This is the 21st century, and much of the knowledge of the future century is incomprehensible to them, so Chen needed to explain it step by step from the beginning.

In the studio, Chen Yina, standing by the window, looking at the people downstairs who are desperately trying to record what Chen Hao Xuan said, turned her head to look at Chen Hao Xuan, who

is constantly explaining mathematical problems, she felt she was happy, her man is so smart and handsome .....

When Chen Yina was staring at Chen Hao Xuan, suddenly Chen Hao Xuan turned his head and said to her, "Nana, can you go buy me a Coke? I've talked so much that my throat's dry."

"Ohhh, brother Xuan, wait for me, I'll go now." Chen Yina heard Chen Hao Xuan's words, responded and ran outside.

Chen Yina quickly bought a bottle of Coke and Chen Hao Xuan drank it all in a few gulps, after which Chen Hao Xuan continued to speak. After two hours, Chen finally breathed a sigh of relief as the lecture was finished and he now realised how exhausting teaching was.

"Okay, that's all I have to say, do the math yourselves and see if you can't fail to figure out the answer! Bye." Chan said and closed the microphone.

"Nana, let's go home! The auction is tomorrow and we need to be ready." Chen Hao Xuan to Chen Yina.

Chen Hao Xuan and the others went back to their residence and started working on the new website, and Chen Yina was in charge of answering the questions of the netizens. While Chen was in charge of developing the software, he had to protect the personal data of each netizen, otherwise if those rich people who came to the auction, their data was stolen by others, then those rich people threatened.

After a while, Chen Yina had a bitter face and said to Chen Hao Xuan, "Brother Xuan, there are too many people for me to answer, what should I do? A few of the users are angry that I didn't take him seriously and didn't answer his questions for so long."

"You top it off again, I'll call Vivian and the others and have them come over to help." Chen needed to find someone familiar with the Thousand Buddha Stone Pagoda, and someone who understood what he wanted to do, so Hua Lingwei and the others were perfect for the job.

Chen Hao Xuan asked Hua Lingwei, Zhou Kexin, Zhang Bening, Yang Lin, Liu Junfeng, Ma Yichen, all of whom he often played with, to come over.

There are only two computers here and Chen Hao Xuan called six people over at once, two computers are simply not enough! So Chen Haoxuan made a phone call to Zhang Qing and asked him to buy six high-end laptops for him.

Zhang Qing, who had arrived at Chen Hao Xuan's house before Hua Lingwei and the others on a motorbike, was big and strong and carried six small boxes into Chen Hao Xuan's house. "Hao Xuan, I've sent the computer, where did you put it?" Zhang Qing asked.

"You help me take out all those laptops, put them on the dining table and turn on the power for me anywhere." Chen Haohuan did not turn his head back.

"Oh." Zhang Qing responded and started working, he unpacked the cardboard boxes, took out one laptop and placed it on the dining table.

Within a short while, Hua Lingwei and the others arrived one after another, and after Hua Lingwei and the others were all there, Chen Hoxuan had them sit on the dining table and use the laptop to answer each netizen's questions. "You guys come to my place often, you should know me very well, so whatever those netizens ask, you can answer, but it depends on what others ask, not everything can be answered, you should know this very well.

If they ask you when the auction will start, you will answer tomorrow at 12 noon. If they have a reserve price for the auction, you will tell them that the reserve price is RMB 100 million. Also you need to advise everyone that everyone who enters the auction webpage tomorrow must go in with their real identity, otherwise you will be responsible for the consequences." Chen Haoxuan instructed Hua Lingwei and the others.

## **Chapter 120**

"What's in it for us to come all the way out here to help you?" Hua Lingwei to Chen Haohuan, jokingly.

"Yeah! Why don't you just do yourself a favour! You should know that Liu Junfeng and I almost died in the last few days trying to work out the maths problems you came up with. We were close to working it out, but you were lucky enough to publish the answer. You've caused us a lot of trouble, and you've wasted our youth for nothing. Yang Lin joked.

"Tonight, villa hotel, how much you eat is on me, okay?" Chen is very generous.

"This is what you said, don't go back on your word." Yang Lin was delighted, he had never dined at such a high-class place!

"Of course." Chen Hao Xuan confirmed.

What to do had just been told to them by Chen Hao Xuan, so they began to answer the netizens' questions. With Hua Lingwei and the others joining them, the pressure on Chen Yina was suddenly much less.

Tomorrow is the 11th of August and many people are looking forward to tomorrow's auction, so today a particularly large number of netizens entered Chen Hao Xuan's website to see the latest news.

There were a lot of media outside Chen Hao Xuan's house, and they were all stopped by Jiang Dong and the others from entering the house and disturbing Chen Hao Xuan and the others. Thanks to the fact that Chen hired 30 ex-soldiers as security guards once again, otherwise how could Jiang Dong and the three of them (Lin Hao is still recovering in the hospital) stop so many news media from entering the house. It is important to know that among these media there are not only Chinese media, but also a large number of foreign media, all together today almost thousands of news media.

Zhou Xiang and Hua Tianyu were both very interested in Chen Hao Xuan's auction, they both knew where their daughter had gone to help Chen Hao Xuan, they also wanted to go and see how Chen Hao Xuan had organised the auction, so they drove to Chen Hao Xuan's residence. Zhou Xiang and the others were no exception, but they were all stopped by Jiang Dong and prevented from entering.

Zhou Xiang made great efforts to squeeze through the crowd, and when he saw Jiang Dong, he immediately said to Jiang Dong, "Comrade, we've met before in the Chen Village, I'm Zhou Xiang - don't you remember! Can you let me in?"

"Please wait for a moment, I'll go in and talk to Boss Chen." Jiang Dong was polite to Zhou Xiang, after which he turned around and went inside the house. He remembered Zhou Xiang and knew that he was the richest man in the city of Xinshan, but without Chen Haohuan's consent, even if the richest man in the world came, they wouldn't let him in. Because Chen Hao Xuan had affection for them and gave them a well-paid job.

Jiang Dong, after entering the house, walked next to Chen Hao Xuan, respectfully to Chen Hao Xuan, and said, "Boss Chen, Zhou Xiang from the Zhou Clan is here, he wants to come in to see you, should we let him in, or?"

Zhou Kexin, who was busy at the dining table, heard Jiang Dong's words, and she immediately snapped at him, "That's my dad, of course I let him in!"

"It's all familiar, let him in!" Chen Hao Xuan smiled faintly.

With Chen Haoxuan's consent, Jiang Dong returned to the door and said to Zhou Xiang: "Boss Zhou, our boss invites you in to sit down, please." Jiang Dong also made a gesture of invitation.

"That, I still have a friend outside! Can you pick him up for me?" Zhou Xiang was embarrassed. The person he was talking about was Hua Tianyu, he was now despising Hua Tianyu in his heart, he was so fat that he could squeeze in, but Hua Tianyu's slim figure had been squeezed in until now and he was still staying out.

"No problem, but what's your friend's name?" Jiang Dong asked.

"His name is Hua Tianyu, you should know him, last time he also went to Chen Village with me." Zhou Xiang smiled.

"You come in first before we talk!" Jiang Dong was polite and courteous.

After Zhou Xiang came in, Jiang Dong said to Zhou Xiang, "Zhou, boss, can you make a phone call to your boss Hua? Have him go to the back of the room, where there's a back door."

"Of course no problem." Zhou Xiang said and pulled out his mobile phone, dialing Hua Tianyu's phone: "Old Hua, you're too bad, aren't you? I've squeezed in and you're still with us. You can stop squeezing now and go to the back of the house! There's a back door there."

After hanging up the phone, Zhou Xiang saw that Chen Hao Xuan and the others were busy and he spoke out to Chen Hao Xuan, "Xiao Xuan, I'm here to learn how to do business with you."

"Boss Zhou, you're joking, how can my small business compare to your big business! I'm the one who learns from you!" Chen Hao Xuan was modest.

"You're selling a single Thousand Buddha Stone Pagoda for several hundred million, and my entire family fortune together may not be worth several hundred million! I'm not afraid of losing face, I'm really here to learn from you today because I only do business in reality, and I really don't know anything about doing business by the internet." Zhou Xiang was modest.

Chen Haoxuan and Zhou Xiang had only spoken a few words before Jiang Dong brought Hua Tianyu in through the back door. When Hua Tianyu saw her daughter, he said a silent word to his daughter, and judging by the shape of his mouth, he should be saying, "Go for it." What he meant was to work hard and compare the others so as to stand out and get Chen Haohuan's attention.

Chen Haoxuan saw that Hua Tianyu was also here, so he stood up and said to Hua Tianyu and the others, "You guys sit down, I'll go make you coffee."

Zhou Xiang and Hua Tianyu sat opposite to where Chen Haoxuan had just sat, and a curious Hua Tianyu moved Chen Haoxuan's computer in front of him, and when he saw all the strange numbers displayed on the computer screen, he couldn't help but say: "What is this? I can't understand how to read it."

Chen Yina was just seriously answering a netizen's question, she didn't notice that Hua Tianyu moved Chen Haohuan's laptop in front of him, she heard the voice she only found out, Hua Tianyu said those strange figures are the program written by Chen Haohuan, but Chen Haohuan has been writing for a long time is still not finished, if Hua Tianyu accidentally deleted those programs, then Chen Haohuan der to start all over again.

So Chen Yina was very nervous, very worried that Hua Tianyu would delete Chen Haoxuan's things, she hurriedly spoke out to Hua Tianyu, "Boss Hua, don't move, that's the program written by Brother Xuan."

"Program? Like astronomical numbers, it's unreadable." Hua Tian Yu frowned, hearing Chen Yina's warning, he was also worried about breaking the program written by Chen Hao Xuan, so he put the laptop back to its original position.

Chen made ten cups of coffee at once, one cup each. He sat back down in the seat he had just been sitting in and joked to Zhou Xiang and the others, "How many millions of dollars do you want to pay for my Thousand Buddha Stone Pagoda tomorrow?"

"Higher than 500 million RMB, I don't want it. It's not that I don't want it, but I can't afford it!" Zhou Xiang wept. He wanted to buy it not to admire, but to buy it and then take it out to speculate and sell it after flipping the price up to make a big profit from it.
