

A Billionaire's Reincarnation Chapter 131-140

Chapter 131

"What are you talking about! Who has become rich off their daughters? Don't talk nonsense." Li Ping was exasperated and snapped at Li Xin, she understood what Li Xin meant. Li Xin was completely saying that the reason her family had the life they had now was because her daughter had seduced Chen Haoxuan.

"Am I wrong? If your daughter hadn't seduced that brat, would you have the life you have now?" Li Xin sneered, splashing cold water on people, she was the best at it.

"People like you, no wonder Xiao Xuan doesn't recognize you, if it was me - I wouldn't recognize you either." Li Ping exhaled.

"He wants to acknowledge me - I don't want to acknowledge him yet! You go back and tell him that the place he is living now was left by my husband's ancestors, plus we have worked hard to raise him so much, he should rightly honour us with 100 million RMB." Li Xin was excited, her hands were shaking when she spoke of the 100 million RMB, 100 million RMB ah! How long does it take to spend this derringer?

"That house was given to him when you disassociated from him, so you have no right to ask him to give you money." Li Ping was angry, Li Xin is the most inhumane mother she has ever met, abandoning her son and extorting her own son.

"I gave birth to him, I raised him, I paid for his education, is it easy for me? If he didn't have any money - I wouldn't ask him for it, but he's rich now, he's got more money than he can use, and we're his parents, shouldn't he take some money to honour us?" Li Xin was cold.

"If you continue talking to people like you, you will be angry, I don't care about your business, if you want money, talk to Xiao Xuan yourself." Li Ping said and left. Now she no longer had to agonise over whether to give Li Xin an invitation or not, because people like Li Xin didn't deserve an invitation from Chen Hao Xuan.

"Remember to tell that brat that if he doesn't send the money over tomorrow, I'll go to him myself." Li Xin shouted out to Li Ping's back.

Li Ping did not turn around, she heard Li Xin's words and walked even faster, she was worried that she would be impulsive, to be honest, she wanted to run up to the first floor of Li Xin's house and kick Li Xin a few times.

Li Ping she continued to send out invitations in the village and she sent out all the invitations before she went home. She returned home and saw that Chen Hao Xuan was not at her house, so she went to Chen Hao Xuan's house to look for him.

Li Ping found Chen Hao Xuan in the living room inside the villa and she saw Chen Hao Xuan chatting with her daughter Chen Yina. Li Ping walked over and spoke out to Chen Hao Xuan, "Xiao Xuan, I just met your mother when I went out to distribute invitations, she - she" Li Ping was worried that Chen Hao Xuan would be sad, which made her say it a few times.

"Auntie, did that woman scold you again? Don't mind her, just take what she says as farting." Chen Hao Xuan comforted Li Ping, he knew what kind of person his mother was, as long as it was him and Chen Yina's family, his mother would count them out when she saw them.

"Little Xuan, actually it's like this, when I went out to give out invitations, I passed by your mother his house and met her, he wanted me to tell you that you were born by her, you were raised by her, she arched you to study, and the house you are living in now was also given to you by them, so she wants you to give them 100 million RMB in return." Li Ping explained.

Hearing such words, Chen Haoxuan laughed with a strange expression, a cryptic smile. He spoke out, "Don't they realize that I have already separated from them, and now this house is my private property and has nothing to do with them at all. And since the day they abandoned me, I've severed all ties with them, so I don't owe them anything, and they don't owe me anything, to get something from me, huh, dream on."

"Xiao Xuan, she also said that if you don't send her the money, she will come to you tomorrow, and she will probably make trouble then." Li Ping warned worriedly.

"Trouble, you can rest assured about that, there are 35 ex-soldiers in my villa, all of them are people who can fight ten people at a time, if they want to make trouble, unless they bring hundreds of people with them, I won't even bother to take care of them." Chen Hao Xuan bullishly said.

"Brother Xuan, why don't you just give them tens of thousands of yuan! You also know their people, they are not going to be happy until they reach their goal." Chen Yina suggested that she chose to take a step back from the sea.

"She's offering 100 million RMB and you're proposing to give her tens of thousands of RMB, don't you think that's too big a difference? She's so ambitious that you're only giving her a little, which makes her feel like you're humiliating her, and then they might get even more aggressive. Or if they think I've gone soft, they'll go one step further and force me to give more money. The way I think about it, I won't give them a penny, and if they dare to make trouble, I'll make them pay for it." Chen Haohuan had a stern face and was unhappy.

"Alright then! I hope that when your mother comes to see you tomorrow, you will be more patient, otherwise it will not be good to affect your banquet." Li Ping reminded with concern.

"I know, thank you Auntie for your concern." Chen Haohuan said this with his mouth, but in his heart he said coldly: "Tomorrow Li Xin dares to come and make trouble, I dare her to know that there are no regrets in this world."

Li Ping went back, she still needed to give her husband a hand! Her husband is now fully in charge of helping Chen Hao Xuan organise a banquet for the whole village, which is a huge event, so many people must be invited to help.

Now all the villagers in Chen's village will ask each other when they see each other: "Did you receive Chen Haohuan's invitation?"

Li Xin, she needed to go somewhere lively to play, playing mahjong was essential to her life and she went out to play mahjong not long after she met Li Ping. Not long after she went out, she came back

with a gloomy face, her expression was thick with anger, she was so angry! She goes out and everyone who sees her asks her, did you get the invitation from Chan Ho Hin?

If she answered no, people would laugh at her, her own son throwing a banquet to invite the whole village, but her own mother preferred not to invite them. It's as if Li Xin and her family are not from Chenjia Village, because Chen Haoxuan gave the word that all the villagers from Chenjia Village would be there on the 19th, and they are also from Chenjia Village, but they were not given invitations.

After Li Xin went home, she waited for Chen Hao Xuan to send the money, but when it was late at night in the early hours of the morning, Chen Hao Xuan still hadn't sent the money. Li Xin's heart was so angry! She knows that Chen Hao Xuan's family now has a lot of security guards, so for security reasons and to make Chen Hao Xuan feel more pressure, she asked her son to invite dozens of thugs to come and help out.

Chapter 132

The next day, at around 10am, Chen Haorong, his mother and a group of hangers-on went to Chen Hao Xuan's house together. When they arrived at the door of Chen Hao Xuan's house, they were stopped by Chen Hao Rong's hired security guard.

"What can I do for you guys?" Liang Jinlong, who was on duty, spoke out to Chen Haorong and the others.

"If you tell Chen Haoxuan to come out, tell him that I, Chen Haorong, am looking for him." Chen Haorong bullishly shouted at Liang Jinlong, he spoke with great strength because he had brought 50 thugs to help out today and he promised these thugs that he would give them 1,000 RMB each when the job was done.

The security guards on duty were worried that Chen Haorong and the others would burst in, so they closed the iron gate, after which one man stayed behind to keep an eye on Chen Haorong and the other went to inform Chen Haoxuan.

Liang Jinlong ran into the villa and went to Chen Haorong's door, knocked on it and shouted anxiously, "Boss, it's bad, there's a man called Chen Haorong with a group of thugs at the door, they're here to find you, they sound like they're here to cause trouble."

Chen Haoxuan's voice was heard from inside the room, "You go and inform Jiang Dong and tell them to guard the door, if Chen Haorong and the others dare to barge in, teach them a good lesson."

"Yes, boss." Liang Jinlong went to inform Jiang Dong and the others when he received Chen Haoxuan's order.

Chen Haoxuan slowly got up, and Yina Chen, who was in bed, was concerned about Chen Haoxuan, "Brother Xuan, don't make too much of a fuss ha!"

"I will." Chen Hao Xuan responded and Chen Hao Xuan got dressed and went to the washroom to wash his face and brush his teeth before going out.

When Chen Hao Xuan arrived at the door, he saw that Jiang Dong and the others were really in a standoff with Chen Haorong and the others.

"You watchdogs, let Chen Hao Xuan out or we'll kill him." Chen Haorong bullishly shouted at Jiang Dong and the others.

"You can try if you can? Anyway, the boss said, if you dare to force your way in, we can teach you a good lesson." Jiang Dong bullishly said, Chen Haorong and his men were many, but Jiang Dong didn't take Chen Haorong and his men seriously at all, all thirty-five of them were ex-soldiers, while Chen Haorong and his men were only fifty or so of them, all ordinary punks, in Jiang Dong's eyes, Chen Haorong and his men were just like little brats.

At this time, Chen Haoxuan spoke out, he said very rudely, "Chen Haorong, what do you want? Want to fight?"

"Boss, boss" When Jiang Dong and the others saw Chen Haohuan coming out, they greeted Chen Haohuan and made a way for him to pass.

"Kid, you've finally come out, I thought you were a turtle hiding at home and didn't dare to come out!" Chen Haorong sneered at Chen Hao Xuan.

Today's purpose is to extort, not to fight, Li Xin interjected to Chen Haoxuan: "Stinker, I asked you to give me 100 million RMB yesterday, why didn't you? I'm the mother who gave birth to you and raised you! Is this how you would behave as a son? Not a penny of the money you make goes to your mother."

"Are you my mum?" Chen looked at Li Xin as if he was very serious and asked.

"Isn't it?" Li Xin exhaled.

"You're my mother, why aren't you living with me? Am I the only one in my account?" Chen Hao Xuan Dao.

Chapter 133

"They had it coming, don't you worry! It will be fine." Chen Haorong smiled at Yina Chen.

Jiang Dong and the others didn't disgrace the soldiers and quickly took care of the thugs Chen Haorong had brought with him.

"All of you come here and squat, quickly." Jiang Dong and the others surrounded all the thugs brought by Chen Haorong and told them to squat down on the ground honestly, whoever was not honest, they would punch and kick him. This was Chen Haoxuan's order, no softness in treating the enemy.

Li Xin pointed at Chen Haoxuan and cried, "You wait, I'll call the police now, I'll sue you and sue you to jail."

"Oh, I'm scared yeah! Can you tell me what I can do to make you angry?" The corner of Chen Hao Xuan's mouth slowly picked up a sardonic smile.

Li Xin knew that it was unlikely that Chen Hao Xuan would give her RMB 100 million, so she tried to extort a small amount of money, and she pretended to be pitiful. To Chen Haoxuan: "You injured me, I want you to pay for my medical expenses or I'll call the police."

"You said, how much?" Chen Haoxuan smiled evilly.

"One thousand - no, it's one hundred thousand RMB." Li Xin stopped crying, and listening to Chen Hao Xuan, she felt that Chen Hao Xuan would most likely agree to him.

"I just saw that my man slapped you, so you want me to pay 100,000 RMB. How about this! I'll give you another 100,000 RMB to have my people slap you again, OK?" Chen Haoxuan smiled evilly, 100,000 RMB Chen Haoxuan did not care at all, he wanted relief because he was angry now.

"You - you" Li Xin didn't know whether to be angry or happy, taking a slap is 100,000 RMB ah! It was more than she had earned as a young lady and she wanted to say yes, but she was afraid of the pain.

"Zhang Tie Zhu, it's not easy for others to earn some money! Just listen to her! No action!" Chen Haoxuan to Zhang Tiezhu.

Unlike Jiang Dong and the others, Zhang Tie Zhu has the principle of not beating women, he doesn't care if you are a woman or a man, he will beat you up if he doesn't like what he sees. He walked up to Li Xin and sneered, "This is what you asked me to beat, so I'll be rude."

"You - you" Li Xin fidgeted, in fact, she wanted to say no, probably because she wanted the RMB 100,000 too much, so she never said it.

With a slap, Zhang Tie Zhu slapped Li Xin once again.

"Well, courageous, awesome. Now you already have 200,000 RMB, I'll give it to you now." Chen took out his pen and cheque book, wrote a cheque for 200,000 RMB, walked up to Li Xin and handed the cheque to Li Xin.

"Do you want more?" Chen HaoXuan smiles to Li Xin.

Li Xin divinely nodded her head.

"Zhang Tiezhu, you can help her earn some more money!" Chen HaoXuan to Zhang TieZhu.

Zhang Tiezhu waved his hand again and slapped it on the left side of Li Xin's face.

"Here, this is 100,000 RMB for the medical expenses, take it. Do you still want it?" Chen Hao Xuan smiled evilly.

Chen Haorong stood up, ran next to Li Xin and yelled at Li Xin, "Mom, how could you do this, it's only 100,000 RMB, is it worth it?"

Li Xin turned her head to her son and squealed, "100,000 RMB is not much - so give it to me! You only give me over a thousand dollars a month, not enough money to buy clothes."

"Mom, let's go back!" Chen Haorong advised his mother, he felt that she was humiliating him, he used to brag to others how rich he was, but now! His mother willingly let people beat and humiliate him for money, so how can he lose face?

"It's just a few slaps, isn't it? I can stand it." Li Xin was firm as she finished turning her head to Chen Haohuan, "You continue to let him fight!"

"Good." Chen Haoxuan sneered.

The sound of popping and giving kept echoing in the air. Chen Haorong couldn't watch anymore, he felt too humiliated, he turned around and fled. The villagers, who were watching, were all jealous of Li Xin, they wanted to replace him so badly, they could earn 100,000 RMB with a slap on the wrist, where could they find such a good thing!

When she saw Chen Haoxuan hand over a cheque for RMB 100,000 to Li Xin, Chen Yina was distressed. She felt that Chen Haoxuan was too unreasonably generous and couldn't be so generous.

If Yina Chen could feel Chen Haohuan's mood, Yina Chen would not think like this. Chen Haoxuan was now seeking revenge for the one he used to be, and money didn't matter, what mattered was that it would make him feel better.

When Zhang Tiezhu slapped Li Xin ten times, Li Xin's mouth left blood in her mouth, she couldn't hold back anymore, she shouted, "Stop, I don't want it." She had now received ten slaps and earned one million RMB, which was enough.

"Ah-, you just don't want it ah! I've got a lot of money here! What should we do?" Chen Hao Xuan looked as if he hadn't spent the money and was in pain.

Li Xin's greedy eyes looked at the cheque that Chen Hao Xuan took in his hand and flicked it around, she wanted to continue, but she couldn't take it anymore, she regretted letting her son go back, otherwise let her son take a beating for her while she collected the money, what a good idea!

Li Xin was slurring her words because her mouth was injured: "Can I - can I go back and get Chen Haorong to take the beating for me?"

Chen Hao Xuan agreed without even thinking and smiled, "Of course, but his value is not as high as yours, and he can only pay 10,000 RMB for a slap."

Chen Yina she did not want to continue to see the evil side of Chen Hao Xuan, she walked over to Chen Hao Xuan, hugged his arm and said in a delicate voice, "Brother Xuan, you stop this, you let them go."

Chen Hao Xuan also felt that it was almost time, so he waved his hand at Li Xin and said coldly, "Get lost! I don't want to see you again."

Li Xin turned around and ran home, if it was the old her who heard Chen Hao Xuan scold her like this, she would have jumped up and pointed at Chen Hao Xuan's shut up and scolded furiously, but not now, because she had so many advantages and was too embarrassed to scold for now!

Both Li Xin and Chen Haorong, who were the protagonists, left, leaving only the fifty thugs who were the supporting characters. Jiang Dong asked Chen Haorong, "Boss, what should we do with these thugs?"

Chen Haoxuan walked up to the group of thugs and sneered, "I think I just heard Chen Haorong call out to you brothers - did you? Why do I get the feeling that he doesn't treat you as brothers at all? Look at him, running away on his own, and he doesn't care whether you live or die. I'm curious, how can someone like him be your brother? You guys are hired by him, but you need to be punished for doing something wrong."

"Jiang Dong, you guys compete with them and then let them go." Chen Hao Xuan told Jiang Dong and the others, but he said "fight" in a different sense, he meant for Jiang Dong and the others to give these thugs a good beating.

Chapter 134

Jiang Dong and his men were not rude, 35 men beat up 50 thugs who dared not resist, Chen Haoxuan's point of view, to deal with those who are afraid of bullying, you must use violence to fight violence, let them know that they are afraid, so that they will never dare to mess with you again.

Chen Haoxuan went back inside the villa and the unlucky gangsters fled after being severely beaten up by Jiang Dong and the others, believing that they would hate Chen Haorong if they saw him again in the future.

Li Xin, when he returned home, her son yelled at her and even her husband and daughter-in-law counted her out, calling her a slut and so on. Li Xin is not a kind person, she was called names - according to her character could she not yell back?

The quarrel between Li Xin's family was so loud that it attracted many villagers to her doorstep to see what was going on.

Chen Hao Xuan, not sure if he did it on purpose or not, drove his BMW to Li Xin's doorstep, where he took down a box of cigars from the car and gave one to each male villager. After that, he sat on the front hood of the car and chatted with the villagers while watching the excitement at Li Xin's house.

Li Xin's family argued for three or four hours before it stopped, but it ended early because there were too many people watching in front of their house, otherwise it would have been a problem to see how much they argued until it got dark.

Today, as Chen Haorong brought in people to blackmail Chen Haoxuan, which made Chen Haoxuan feel very unhappy, so he decided that he would use business methods to crush the small shopping mall owned by Chen Haorong and let him know that no one who messes with him will end up well, even if you are a family member.

On the 18th of August, all the villagers of Chenjia Village moved their tables and chairs onto the concrete floor where the villagers of Chenjia Village were drying their rice, and thousands of tables and chairs filled the entire grain drying field in a majestic scene. In the previous history of Chen Village, there had never been a time when the whole village was invited to a banquet, because Chen Village is a large village, and inviting all the people of the village to dinner is not a small amount of money.

Chen HaoXuan is now considered a big man in the city of XinShan, so the people he invites will basically come, and on the 19th, the Chenjia Village is a sea of people, with cars driving to the Chenjia Village one after another. In the villages around Chenjia Village, some people who did not know that Chen Hao Xuan was hosting a banquet thought that some big people had gone to Chenjia Village.

Chen Hao Xuan invited so many people to the banquet and he definitely did not lose any money, because the red envelopes that Zhou Xiang and the other businessmen wrapped would not be small. In addition, Chen Hao Xuan also earned fame, which can be turned into money, just like in the past when Chen Hao Xuan earned a lot of money by relying on Hua Tianyu's fame and cooperating with others.

The company's main business is the development of its own business, and the company's business has been growing at a rapid pace since its inception.

Zhou Kexin, who was sitting on the far side of the room, looked for Chen Haohuan in the crowd, but there were too many people to find him. Zhou Kexin asked her dad, "Dad, why didn't Chen Hao Xuan come to greet us?"

"Oh, can't you see how many people have come today? He can't take care of it all by himself! Besides, he's a big man now, bigger than your dad, so it's normal that he doesn't have time." Zhou Xiang explained with a smile.

Hua Tianyu, who was also sitting at the same table, joked to Zhou Kexin: "Kexin, I haven't seen Xiao Xuan for only a few days and you're in such a hurry? If I don't see Xuan for a month, do I think you'll get lovesickness?"

"Weiwei is still the same, but she hides that miss." Zhou Xiang helped his own daughter to Hua Tianyu.

"Hey, I think that's fine, you guys don't want to stay here anyway, you two just go find Chen Haohuan!" Hua Tian Yu to Zhou Kexin and the others.

"Well, we're going then, Vivi, let's go." Zhou Kexin was happy.

Zhou Canxin and Hua Lingwei went to Chen Haohuan's house, and the security guard on duty at the gate told Zhou Canxin and the others that Chen Haohuan was at Chen Yina's house. If it was someone else's house it would be fine, but Chen Yina's house, they hesitated, they and Chen Yina were rivals, if they went to Chen Yina's house, would Chen Yina throw them out?

The yard of Zhou Kexin's house is now very busy, many people are cleaning the vegetables inside, Li Ping and her husband are very busy. She knew these two girls from the last auction Chen Haoxuan held, and she knew they were guests invited by Chen Haoxuan.

"Hi Auntie, I'm here to see Chan Hoi Hin, is he in there?" Zhou Kexin asked Li Ping politely.

When she heard these two girls say that they were looking for Chen Haoxuan, Li Ping felt a slight uneasy feeling in her heart, these two girls were too beautiful, although a little bit inferior to her daughter, but by looking at their clothes, she knew that they were either rich or noble, she was worried that these two girls would steal Chen Haoxuan from her daughter, if it was really what she thought, then her daughter would be in danger.

Li Ping asked Zhou Kexin and the others, "Can you tell me, what is your relationship with Little Xuan? What can I do for Xuan?"

"Auntie, we're all Chen Haoxuan's classmates, so of course we're here to find him and play with him!" Zhou Kexin smiled.

Girls usually don't take the initiative to play with boys, and girls with such a noble status, unless their relationship is extraordinary. This was Li Ping's own analysis of the situation as she tested Zhou Canxin and the others, asking, "Do you like him?"

When Zhou Kexin and Hua Lingwei heard Li Ping's words, they were stunned, they were curious, how did the auntie in front of them know that the two of them liked Chen Haoxuan? Did Chen Yina tell all their embarrassing stories to the villagers of Chenjia Village? Zhou Kexin spoke out again to Li Ping, saying, "Auntie, how did you know we like Chen Hao Xuan? Did someone called Ena Chen tell you this?"

Li Ping smiled bitterly and said: "No one told me, I guessed it myself, and then, I have to tell you, I am Chen Yina's mother Li Ping. My daughter is now with Xiao Xuan, and I hope you will wish them well, thank you. My house is too messy right now, you guys wait here for a while, I'll call Little Xuan out for you."

Li Ping turned back to the courtyard and shouted loudly to the house, "Little Xuan, come out for a moment, your classmate is looking for you."

"Oh, just come." Chen Hao Xuan's voice was heard from inside the house.

Chen Hao Xuan ran outside the house, only to find that the people looking for him were Zhou Kexin and Hua Lingwei. Chen Hao Xuan happily said to Zhou Kexin and the others, "I knew you guys would come, let's go! Go to my home and sit for a while."

At Chen Haoxuan's house, Zhou Kexin and the others had been silent, they were in a good mood, but after just hearing Li Ping's words, they couldn't be happier.

Chapter 135

When Chen saw that Zhou Kexin and the others were silent, he spoke up and asked, "What's wrong with you?"

"Just now Chen Yina's mother warned us not to ruin your and Chen Yina's happiness." Zhou Kexin pursed her lips, unhappy.

"Oh, so that's how it is." Chen looked as if he had suddenly realised.

"Aren't you going to comfort us? We've just been wronged!" Zhou Kexin is spoilt for choice.

"How can I comfort you? Encourage you to break up Nana and I or persuade you to give up as Auntie Li said?" Chen Hao Xuan looked at Zhou Kexin and the others and said indifferently.

Hua Lingwei, who was at the side, finally spoke up and snapped at Chen Haohuan, "Chen Haohuan, I didn't say I liked you, so why did you use the word 'you'?" It was painful to say that, Wallingway lied.

"Sorry, it was a slip of the tongue, I'm sorry." Chen Haoxuan apologized to Hua Lingwei, Hua Lingwei like this is what Chen Haoxuan wanted to see, Chen Haoxuan is lustful, but his lustfulness is based on principle, he doesn't like the girl he likes to be sad. Of course if Hua Lingwei could be his lover as willingly as Zhou Kexin, he might consider taking Hua Lingwei.

Zhou Kexin stood up, walked over to Chen Hao Xuan, took Chen Hao Xuan's hand, pulled Chen Hao Xuan up from the sofa, looked at Chen Hao Xuan with affection, and said tenderly, "Chen Hao Xuan, take me to your room, I have something to say to you."

Chen Hao Xuan could guess what Zhou Kexin wanted! Chen nodded and said, "Good."

Chen Haoxuan took Zhou Kexin to his room and left Hua Lingwei alone in the living room. Hua Lingwei was very unhappy, she and Zhou Kerxin had grown up together, so what important things needed to fill her up? The more Hua Lingwei thought about it, the more tangled she became, and after a while, Hua Lingwei saw that Chen Hao Xuan and the others hadn't come out yet, so Hua Lingwei decided to go and have a look.

Hua Lingwei tiptoed to the door of Chen Hao Xuan's room, she put her ear to the door, she heard the sound of breathing, Hua Lingwei was curious, what were they doing? Is it tiring?

Hua Lingwei gently pushed on the door and found that it wasn't locked, she looked inside the room. Hua Lingwei's mind went blank with a buzz, she - she actually saw Chen Haoxuan and Zhou Kexin doing that thing in bed, she couldn't imagine that Chen Haoxuan and Zhou Kexin were actually such people.

She had seen Zhou Kexin and Chen Haoxuan doing that thing happily, not as if they had been forced to do it, and Chen Haoxuan seemed to like Zhou Kexin very much and was very gentle with Zhou Kexin. Her heart had been struggling with the echoing words, "Why, why"

Hua Lingwei's hand was still holding the knob, she was now struggling with Chen Haoxuan and Zhou Kexin, she forgot about her current situation, she pushed her hand unconsciously and the door made a squeaking sound.

"Who is it?" Chen wanted to look sharply at the door of the room.

"Ah-, I didn't see anything." Hua Lingwei jumped beneath Chen Haoxuan's words, she was so nervous and confused that she uttered such a ludicrous sentence, she closed the door and leaned against the edge of the door to cover her nervous beating heart.

The first time I was in the room, Zhou Kexin covered her attractive body with a single blanket and asked Chen Hao Xuan, "Chen Hao Xuan, we weren't seen just now, were we?".

Chen Haoxuan quickly put on his pyjamas, not even coming to put on his underwear in a hurry, as he quickly ran outside and replied to Zhou Kexin's words, "I think that should be Hua Lingwei."

"Oh, it's good if it's Vivian, it would be bad if it's someone else." Zhou Kexin, who was lying on the bed, was reassured that Hua Lingwei knew that she liked Chen Haoxuan very much, so she did something like this, Hua Lingwei should be able to understand.

Chen Hao Xuan chased out, he saw Hua Lingwei who was descending the stairs, Chen Hao Xuan shouted loudly, "Weiwei, you stop."

Hearing Chen Haoxuan's voice, Hua Lingwei's body stopped uncontrollably, perhaps her heart was eager to hear Tian Chen Haoxuan's explanation!

Chen Haohuan walked to the stairway and seriously asked Hua Lingwei, "Weiwei, what did you just see?"

Hua Lingwei doesn't look back, her voice cryptic, and she coquettishly retorts, "What do you think I should see?"

"I don't care what you see, I want you to help me keep this secret." Chen Hao Xuan was serious.

Hua Lingwei turned around and looked at Chen Haohuan tearfully and cryptically, "Didn't you used to say that you were a decent man? But why would you do such a thing?"

"I'm a decent man, but I'm also a normal man, so do I need to put up with it when people come to my door? Besides, I'm quite fond of her, and if it wasn't for Nana, I might have chosen her. Don't say I'm a bad person, she and I are both willing, no one is forcing anyone, and I've said to her that we'll keep our relationship like this for now, and when she finds someone she likes, she can leave me at any time," he said. Chen Haohuan explained.

"I don't believe it, it must have been you who deceived Ke Xin's feelings to get her into bed." Hua Lingwei exhaled and yelled at Chen Hao Xuan.

Thanks to this time, Jiang Dong, Chen Yina and the others had all gone out to receive guests, or else Chen Hao Xuan would have a headache if they heard.

"You come in first." Chen Hao Xuan said to Hua Lingwei.

"I'm not going up there." Hua Lingwei was stubborn.

Chen Hao Xuan came hard and dragged Hua Lingwei into the first floor living room, Chen Hao Xuan also casually locked the door of the first floor living room, what did he want? Why do I have to lock the door? Does he want to push Hua Lingwei down?

Hua Lingwei watched Chen Haoxuan lock the door and watched as he approached her step by step, she kept backing away, she squeaked to Chen Haoxuan, "Chen Haoxuan, what do you want? Let me tell you, I'm not a carnation, and if you try to do that - that to me, I'll die for you?"

"That - which one is it?" Chen Haoxuan smiled evilly.

"It's the one you and Kexin just did." Hua Lingwei explained, listening to her tone, she seemed to be afraid that Chen Haohuan didn't know what the one she was talking about was.

"Your imagination is so rich, I've just told you, I've never forced anyone to do the one you want, I only do it with people I like, do you understand? If you don't like me, even if you put a gun to my head, I won't do that to you, so don't be so nervous, I just want to talk to you." Chen Hao Xuan faintly said.

Backing away from the sofa, Hua Lingwei had no more room to retreat, she sat on the sofa with her butt on the sofa and pitifully said to Chen Haoxuan, "What do you want? You've harmed Kosin and you want to come and harm me, ooooooh I hate you."

Chapter 136

"I didn't hurt her, and I won't hurt you, so don't think badly of me, OK?" Chen Hao Xuan said to Hua Lingwei.

At this time, Zhou Kexin, who had finished dressing, walked out of Chen Haohuan's room, sat down next to Hua Lingwei and said to Hua Lingwei: "Weiwei, you saw it all, didn't you? For my sake, can we keep this to ourselves?"

Hua Lingwei held Zhou Kexin's hand and asked with concern, "Kexin, did Chen Haoxuan force you to do this?"

Zhou Kexin shook his head and explained, "No, he wasn't pushing me, he was pushing him, I was threatening him with my life and he agreed to do it to keep me out of harm's way. Vivienne, you might say I'm stupid, right? I admit it myself, but I love him - so much that I would give him my life, not to mention giving him my body."

"When did you - when did you start?" With a numb expression, Hua Lingwei asks.

"On the day Chen Hao Xuan announced that Chen Yina was his girlfriend, he sent me back, and halfway there I forced him to go to the hotel, and we had sex. Vivienne, if you loved Chen Haohuan as much as I do, would you think I'm a slut anymore. Promise me, for the sake of Chen Haohuan, for my sake, for everyone's sake, please don't tell anyone." Zhou Kexin pleaded with Hua Lingwei.

"Alright!" Hua Lingwei lowered her head and whispered.

"Weiwei, I've found someone I like, I hope you'll also try your best to find a good boyfriend." Zhou Kexin smiled at Hua Lingwei.

"Mm." Hua Lingwei faintly responded, and in her heart she added: "I actually like Chen Haoxuan too."

"Weiwei, wait for us here, we'll go out for dinner later." Chen Haoxuan pulled Zhou Kexin and said to Hua Lingwei.

Hua Lingwei raised her head and said curiously to Chen Haoxuan, "Where are you going?"

"I've just been disturbed by you, so of course I'll continue! Otherwise it's not good for your health."
Chen Haoxuan yin smiled.

"Nasty, how can you say that!" Zhou Kexin blushed red and patted Chen HaoXuan's shoulder, saying coquettishly.

Chen Haoxuan and Zhou Kexin entered the room again, leaving only Hua Lingwei with a blushing face, Chen Haoxuan and the others went to the room, but Hua Lingwei still felt embarrassed. She blamed Chen Hao Xuan in her heart, why did she say such humiliating words to her.

Hua Lingwei, who was waiting in the living room, was constantly checking the time, and she often had uncontrollable visions of Chen Hao Xuan and Zhou Kexin doing that thing in her mind. When she looked at the time for the fiftieth time, she finally couldn't resist nagging, "Why isn't it over yet?" Afterwards she pinched her thigh, pursed her lips and exhaled, "What am I doing? What do I want them for?"

At this time, Chen Haoxuan and Zhou Kexin finally came out, Zhou Kexin was helped by Chen Haoxuan, and it looked like Zhou Kexin was exhausted.

Seeing Zhou Kexin being helped out by Chen Haoxuan, Hua Lingwei thought that something had happened to Zhou Kexin, she stood up, ran to Zhou Kexin's left side, held Zhou Kexin and asked with concern: "Kexin, what's wrong?"

Zhou Kexin blushed and shyly said, "No - it's nothing."

"Still saying it's nothing, you need help to walk now, let's go, I'll take you to the hospital." Hua Lingwei was nervous, she was still simple and didn't know that after a woman has done that with a man for too long, her body would be temporarily powerless, but it would be fine in a while.

"Weiwei, don't worry, it's normal, I'll be fine in a little while." Zhou Kexin gave a reassuring smile to Hua Lingwei. The one she had with Chen Haohuan today didn't hurt at all and was comfortable, unlike that first time in the hotel, which hurt so much that she couldn't get out of bed.

"Sit down for a while! We'll go out again in a little while." Chen Hao Xuan told Zhou Kexin.

"Haoxuan, you are the most important person today, go out and entertain the guests first! Vivienne and I will be here in a moment." Zhou Kexin said to Chen Haohuan.

"Alright then! Then I will go out first." Chen Hao Xuan.

After Chen Hao Xuan left, Hua Lingwei asked Zhou Kexin with a flushed face, "Kexin, are you - is that painful for you and Chen Hao Xuan? What does it feel like?"

"You just have to try it," Zhou Kexin joked.

"Kosin, just tell me!" Hua Lingwei pursued the question, she was quite curious about this type of thing, she even watched porn with Zhou Kexin to understand it!

"There's nothing to it, it's just where he enters" Experienced Chow Khoi began to impart her wealth of knowledge.

It was now time to eat, and everyone at the grain tanning farm had already started eating. Chen took Jiang Dong and Mao Yipeng to the grain drying farm, Mao Yipeng helped Chen to pour the wine, while Jiang Dong temporarily followed Chen Haohuan, if Chen Haohuan had anything to do with it. Chen Hao Xuan was very cunning, he chose a special glass, it was a transparent glass, from the outside it looked quite big, but inside it could not hold much wine, Chen Hao Xuan thought of this because he was worried about getting drunk.

When he wipes his mouth, he spits out the wine slowly so that it is absorbed by his sleeve. He toasted with so many people and drank from everyone who toasted him, but after drinking so many glasses, he didn't drink a single one and spat it all out into his sleeve.

Fifteen minutes later Chen HaoXuan found an excuse to go to the toilet and left temporarily, he was home, he took off his clothes, and when he twisted, wow, at least half a kilogram of wine was twisted out of him. Chen Hao Xuan changed into a clean suit and then went back to the grain drying field, Chen Hao Xuan was like that, whenever his sleeves were very wet, he would find an excuse to leave. Whenever his sleeves got very wet, he would find excuses to leave, but no one else knew about it except for Jiang Dong and Mao Yipeng.

Jiang Dong and Mao Yipeng were so impressed with Chen Hao Xuan! In the beginning they despised Chen Haoxuan for finding a special cup, now they despise him even more, you can drink less, but you don't drink at all, scoundrels can't be scoundrels to this extent!

Chen HaoXuan also has no choice, there are too many people here today, more than a thousand people! If he drank all the toast he was offered, he would have died of colossal drunkenness, and if he didn't drink, he wouldn't have given face to the others. Chen didn't drink a single mouthful, but he kept the wine in his mouth and was just as drunk.

Chen HaoXuan is in order, at each table he will go over and toast a glass, if someone toasts him, he will accompany him to the end. Zhou Xiang, they sit at the end, probably because they like quiet! When Chen Haoxuan toasted to Zhou Xiang's table, his sleeve was dripping, as Zhou Xiang and the others noticed.

Chapter 137

"Xuan, did it just rain?" Zhou Xiang smiled at Chen Haoxuan.

"Boss Zhou, you are drunk, aren't you? This is an open space, so if it has just rained, will your clothes stay wet?" Chen Hao Xuan smiled, he was now dizzy, plus Zhou Xiang's face was a little red, so he did not think too much about it, only that Zhou Xiang was drunk and talking nonsense.

"Did you look at your sleeves yourself?" Zhou Xiang smiled.

As soon as Zhou Xiang's words fell, Hua Tianyu and the others all looked at Chen Hao Xuan's sleeve in unison. Hua Lingwei she and curiously asked Chen Haoxuan: "Chen Haoxuan, why is your sleeve wet?"

Jiang Dong and Mao Yipeng, who were following behind Chen Haohuan, were smiling without saying a word, and Zhou Xiang and Hua Tianyu, who were cunning businessmen, were smiling at Chen Haohuan, they were all people who had done business with semi-sorrowful children, and they would usually drink alcohol when doing business with others, in order not to get confused when doing business, they would think of some ways, such as hiring an escort, such as pouring the alcohol on the floor, or spitting the alcohol on their sleeves like Chen Haohuan. So! They all knew why Chen Hao Xuan's sleeve was dripping.

Chen Haohuan looked down at his sleeve and saw the dripping sleeve, Chen Haohuan couldn't laugh or cry, he laughed awkwardly and said, "Boss Zhou, don't laugh at me, I have no choice but to do this, I think you should also do this often."

"We do a lot, but not as much as you. Come sit down and have something to eat! This will be better for the stomach." Zhou Xiang was concerned about Chen Hao Xuan.

Zhou Kexin and Hua Lingwei were confused, they couldn't understand what Chen Haoxuan and the others were talking about. Zhou Kexin spoke out to Chen Hao Xuan and asked, "Hao Xuan, what are you guys talking about?"

Chan smiled and explained, "They are laughing at me for cheating, I haven't been drinking with anyone else just now because I spat all the wine I drank into my mouth into my sleeve, which dripped as soon as it was too much."

"Hao Xuan, you're so sly." Zhou Kexin said to Chen Hao Xuan with great emotion.

Chen Hao Xuan raised his glass and said to Zhou Xiang and the others, "I didn't drink at all just now, but I will drink this time. Chen Hao Xuan finished his speech and drank it all.

Chen village, except for the grain drying field, no one could be seen anywhere else, this made the village streets very quiet, Li Xin's family stayed in the quiet, they were now eating, there was fish and meat, but they ate into their mouths dark and tasteless. They are not in the mood, yesterday they were humiliated by Chen Hao Xuan, today the whole village has gone where Chen Hao Xuan is, they are the

only ones who have not, they feel as if they have been abandoned and cannot fit into the Chen family community.

Chen Zhenghao suddenly put his chopsticks on the table as he was eating, and roared angrily, "That bastard is too much, the whole village is invited, but not us, I feel as if we are not from Chenjia Village, I don't know what the village will say about us in the future."

"Dad, don't worry, I won't let him go, I'll make him pay a heavy price when I get the chance in the future." Chen Haorong had a dark, angry face.

"Well, you must help me screw him over when you find the opportunity." Chen Zhenghao said coldly, he was now regretting more and more that he hadn't finished Chen Haorong off when he was young.

Li Xin, she suddenly shouted loudly: "Ah-, I thought of a good thing, I thought of a good thing, Haorong, you must find a way to get rid of that brat, because if you think about it - that brat apart from us is There are no other relatives, and if he dies, won't all that money he had belong to us?" Li Xin became more and more excited, and finally laughed wickedly.

Chen Zhenghao slapped the table in excitement and said happily, "Yeah! Why didn't I think of that! Even though he has separated from us, but we are his family anyway, and if he dies, we will rightfully inherit his money."

"For the sake of RMB 1.1 billion, he, Chen Haoxuan, must die." The corner of Chen Haorong's mouth slowly picked up a sardonic smile, eerie thoughts appeared in his mind, he had hated Chen Haoxuan since he was a child, now Chen Haoxuan was so rich, if he could really kill Chen Haoxuan, it would be killing two birds with one stone, he would no longer have to envy Chen Haoxuan's handsomeness, and at the same time he would get all of Chen Haoxuan's wealth. 1.1 billion ah! There's also a luxurious villa and a fancy car, and with such possessions, even the magistrate needs to be polite when he meets him.

"He has so many men around him, how can we kill him?" She used to seduce Chen Hao Xuan, but every time Chen Hao Xuan didn't answer her, she ended up hating him out of love, and was constantly pillowing Chen Hao Rong.

Only Fang Zhiyu and Chen Haoxuan's affair is known to Fang Zhiyu alone at this time, as the former Chen Haoxuan is no longer known to which world he has gone. If Chen Haoxuan now took the initiative to seduce Fang Zhiyu, perhaps Fang Zhiyu would abandon the darkness and fall into Chen Haoxuan's arms, but unfortunately Chen Haoxuan would not do that.

"Haven't you ever heard that money makes the devil grow fonder? I've been in business for a few years now and have saved some money, plus the one million RMB that Mum got from Chen Hao Xuan today, apart from the liquidity of the shopping mall that can't be touched, we'll have 1.5 million RMB, a few tens of thousands RMB and we can hire a killer, a few hundred thousand RMB and we can hire a senior killer. Spending over a million to kill Chen Haorong, we will get 1.1 billion RMB, and this business is definitely a profit only." Chen Haorong smiled proudly and wickedly, looking at his smug smile, it was as if he had seen the killer kill Chen Haoxuan.

"What if the border police find out? If you are found out you will be shot." Fang Zhiyu asked worriedly.

"I'll just be careful." Chen Haorong said.

Chen Haorong had great confidence that he could kill Chen Haoxuan because he would go for the killers who had robbed him so that no matter how good Chen Haoxuan was, he would die.

Chen Haoxuan who was eating and drinking on the tanning field still doesn't know that someone wants to kill him, if he knew that the person who wants to kill him is his closest relative, I wonder what kind of face he would have, I think it should be Chen Haoxuan would be so angry that he wants to kill someone!

On this day, Chen Hao Xuan was drunk, he was carried back by Jiang Dong and the others, and Chen Yina as his girlfriend was taking care of Chen Hao Xuan. Chen Hao Xuan was lying on the bed, from time to time, he said some drunken words, such as, "Kexin, your breasts are so big and white"

Chapter 138

Chen Yina was thunderstruck by Chen Haoxuan's words, her favourite brother Xuan actually complimented another woman's beautiful breasts, she guessed that her brother Xuan must have had something intimate with Zhou Kexin, maybe even slept with her, otherwise how would Chen Haoxuan know that Zhou Kexin's breasts were big and white.

Chen Yina didn't wake Chen Hao Xuan up right away, she is a smart woman, she knows when to do what. The first thing you need to do is to make sure that you're not going to cheat on your wife's husband, or that you're not going to cheat on her.

The next day, the early morning sunlight through the glass window to Chen Hao Xuan's room shining brightly, Chen Hao Xuan woke up, he opened his eyes, the first thing he saw is the ceiling, from the ceiling he can be sure that this is his room, he turned his head to look, see is sleeping Chen Yina.

"What's wrong with me? I'm so old - why am I still having spring dreams?" He dreamt last night that he and Zhou Kexin had that inside Zhou Kexin's room, so as soon as he opened his eyes he wanted to make sure he was dreaming or not.

As the sleeping Chen Yina felt a pair of eyes watching her, she slowly opened her eyes to find that it was her beloved brother Xuan who was looking at her. Chen Yina smiled a very sweet smile to Chen Haohuan, "Good morning, brother Xuan."

"Good morning, baby." Chen Hao Xuan tenderly kissed Yina Chen on the forehead and smiled.

"Do you want to get up?" Chen Yina reluctantly told Chen Hao Xuan, she went to bed very late yesterday and she wanted to sleep some more, moreover she wanted Chen Hao Xuan to sleep with her.

"Well, I got drunk before the banquet was over yesterday and I was a bit worried, so I wanted to go and see." Chen Hoxuan said.

"Don't worry, nothing happened at yesterday's banquet, everyone had a good time." Chen Yina smiled.

"I still need to go and have a look, you go back to sleep! I'll personally make breakfast for you later."
Chen Hao Xuan Dao.

Chen Hao Xuan got up and dressed properly, washed his face and brushed his teeth, and then went outside. After arriving at the grain drying yard and seeing that all the tables and chairs had been moved and the floor swept, Chen Hao Xuan went to Chen Yina's house.

Chen Yina's parents woke up very early every day as before, and when they arrived at Chen Yina's house, Chen Hao Xuan shouted loudly to the house, "Uncle and aunt, I've come to give you a warm welcome."

"It's Little Xuan! Come on in, we're having breakfast!" Li Ping's voice could be heard from inside the house.

Chen Hao Xuan walked into the house, he sat down, picked up the bread from the dining table and nibbled on it. Now Li Ping and the others have changed a lot, they used to only eat in the morning, but now that life is better, they should eat bread and fritters and the like.

"Auntie, Uncle, did yesterday's banquet go well?" Chen Hao Xuan spoke up and asked.

"Well, it went well. But there's one troublesome thing, and that's that there were a lot of dishes left over from yesterday's banquet, a big pile of cooked and uncooked ones. You were drunk yesterday and I didn't dare to make decisions without permission, so I didn't deal with it." Li Ping.

"Keep some for ourselves and distribute all the rest to the villagers." Chen Haoxuan was very generous.

"Good, I think the people in our village will be very happy." Li Ping was delighted that just yesterday after the banquet many women came to ask her if she still wanted those leftovers and if not they would take them home to eat.

"Well, I'll leave it to you, I'm going home, Nana hasn't had breakfast yet!" Chen Hao Xuan stood up and took two loaves of bread on his way, this was for Chen Yina.

After Chen Hao Xuan left, Li Ping went out, now this weather is very hot, if she didn't distribute those cooked vegetables to the villagers earlier, she was worried that they would spoil, it would be a pity if they did, so she needed to inform the villagers to come and distribute them before it was too late.

Every morning in Chenjia Village is very quiet, but today Li Ping broke this record. The villagers of Chenjia Village, after receiving Li Ping's notice, all went with large basins, which contained more vegetables than plates, which of course also represented their greed.

There were so many people that Li Ping couldn't handle it alone, so she just told the villagers to take it themselves and put whatever they liked back in.

Perhaps the aroma of yesterday's food and wine was carried elsewhere by the breeze, or else why are there so many wild dogs, cats and rats and the like in the Chen Village today?

Chen Haorong, who drove his minivan to Pingyuan County early this morning, couldn't wait any longer, he was so anxious to get his hands on Chen Haoxuan's fortune and hear about his death that he took a cheque for half a million yuan from Li Xin to the bank in Pingyuan County and took the money to hire an assassin. She said she wanted to buy clothes, and selfish people are hard to change.

Chen Hao Xuan he fried two eggs, poured two cups of milk, plus two breads that he brought along at Chen Yina's house, this is Chen Hao Xuan and Chen Yina's breakfast today.

Chen Haohuan ate his breakfast and went out in his car, he was out alone. Like Chen Haorong, he was going to Pingyuan County, but the difference was that one wanted to hire a killer to kill the other, and the other wanted to use business methods to crush the other's economy.

Chen Hao Xuan drove to a Wanhe shopping mall in Pingyuan County, which is the small mall owned by Chen Haorong. He put his sunglasses on before entering the mall. When he entered, he wanted to laugh. It was something more advanced than a supermarket, but the shopping mall that Chen Haorong opened was a mess, buying everything, and the shops were not comprehensive at all.

Chen Hao Xuan went out after a drive, as he walked out of the door, he looked back at the mall Chen Hao Rong opened and sighed, "It seems I overestimated you before, it turns out you're similar to trash, the difference is that you're a little luckier than trash."

Chen Haoxuan was strolling around the vicinity of the Wanhe Mall, he was looking for a suitable place, the place was quite lively, there were shops everywhere, he wanted to rent a place to fight with Chen Haorong, it seemed a bit difficult.

Chen HaoXuan couldn't find a big place, so he called up Wang Long and asked him to help him figure out what to do. People in the construction business generally have many paths, real estate, government offices, etc.

Chen HaoXuan has found the right person, and Wang Long happens to know someone who has built a 10-storey high-rise building just a block away from the Wanhe Shopping Centre. The problem is that the ground floor is all small shops and the first floor and above is all housing. It is not impossible to turn him into a shopping mall because the building is built with a skeleton and then walls, so as long as the walls and columns are not demolished, the building will not collapse. The big question is whether the owner of the building will agree.

Chapter 139

There are very few people who can resist money, and Wang Long's friend Wang Nan didn't. Chen Hao Xuan promised him to rent the first to third floors of the building, a total of three floors, at a monthly rent of 800,000 RMB.

Chen Hao Xuan hired Wang Long to do the renovation, but Chen Hao Xuan did the design himself, and Chen Hao Xuan was ready to invest 100 million RMB in the building to crush Chen Haorong.

The building is built, only part of the wall needs to be demolished and this will be completed soon. The next day he had Wang Long start the renovation work, and in addition he asked Zhou Xiang for

many manufacturers of household goods, and it was cheaper to buy directly from the manufacturers than to get goods from the wholesale department.

Chen Haorong is simply not a human being, he is too fast and advertises while renovating and buying goods. He advertised on the website of the Thousand Buddha Stone Pagoda, and he hired hundreds of pretty girls to distribute leaflets all over the streets of Pingyuan County, who were borrowed by Chen Haoxuan from Zhang Tianqi.

He is ready to open a supermarket, which is not as advanced as a shopping mall, but he wants to do it this way. He wants to use low-grade things to beat high-grade things, so that he will feel more fulfilled. Think about it, if a shopping mall that calls itself a mall doesn't have as many products as a supermarket, what will people think? I see only one word 'poor'.

The company's main business is in the area of the construction of the new building, which is located on the outskirts of the building. The building was renovated in just one day, and the goods will arrive tomorrow.

The company's employees can get more than 3,000 yuan a month plus commission if they work for Chen Haoxuan, and they all agreed to stay.

When Chen called to tell Zhang Tianqi that all the girls he had borrowed wanted to work for him, he also agreed to stay. Zhang Tianqi was so angry that she scolded Chen Haoxuan for being a liar, saying that he had borrowed them, but they were not returned.

He borrowed hundreds of beautiful staff members from other supermarket business owners, but I don't know if he will put them back.

On the night of the 22nd, a group of thugs came to the entrance of Chen HaoXuan's supermarket, 20 to 30 of them, with machetes, iron pipes and other weapons in their hands. He didn't know that the supermarket was owned by Chen Haorong, and if he had, he would have called more people over.

"Call out your bosses or I'll burn this supermarket down." Chen Haorong raised his machete in his hand and yelled loudly.

The sound of a pop was heard, and then a man in a tight suit came out clapping his hands. When Chen Haorong saw the person who came out, he was surprised and said, "Chen Haoxuan?"

"Yes, that's me, and I'm glad you remembered me. What - you've brought so many people to my supermarket today, think it's to show your support? If so then I'm sorry, my supermarket doesn't open until tomorrow." Chen Hao Xuan smiled evilly.

"Chen Hao Xuan, are you deliberately targeting me? You don't open any place, but you come to open a supermarket near my mall, I think you just want to fight against me." Chen Haorong roared at Chen Haoxuan.

"That's right, it's against you that I opened a mall here, do you remember when you used to call me a loser? Do you remember when you bragged to me that you had a big shopping mall? Your family has been coming after me all day and my patience is wired, so what I am doing is to get back at you. I would love to ask you how much money you have invested in your mall." Chen Haohuan sneered.

"I won't tell you." Chen Haorong turned his head to the side, like a child and an adult fighting.

"It doesn't matter, if you don't tell me how much money you have invested in your mall, I can tell you how much money I have invested in my supermarket, listen up, I will invest 100 million RMB down in my supermarket, I will make your mall the laughing stock of the public, I will crush your mall, see what you will compare it to me in the future." Chen Haoxuan snarled.

"Hmph, do you still think this is the Chen Village? Let me tell you, those security guards around you are all gone, you're the only one, and there are twenty or thirty of us, today is your bad luck." Chen Haorong smiled gloomily at Chen Haoxuan, after which he waved his big hand and bellowed, "Brothers, come together, crush him, I'll give you each 10,000 RMB."

For the money, every one of the thugs Chen Haorong called rushed towards Chen Hao Xuan with all their lives.

He took a wire from the corner of the door and made a boxing glove with a vise. The back of the boxing glove had an upright wire, which was very short and only about one inside.

After he had made two gloves, he slammed open the iron door of the mall and rushed outside. Chen quickly swung his fist and everyone who was touched by his fist screamed.

"Ah-, my face, my face" A punk covered his face with both hands and wailed miserably. The left side of his face had just been scraped off with a five-centimetre-long, four-centimetre-wide piece of skin by Chen Haohuan's boxing gloves, and it seemed certain that the punk was disfigured.

"Ah-, my hand." A punk grabbed his right hand and screamed, he had a small piece of skin scraped off by Chen Haoxuan's boxing gloves, it didn't look very serious, but it actually hurt, hot and painful.

It was only a few minutes after the fight, but the thugs Chen Haorong called to drop their weapons and scattered their legs, they felt Chen Haoxuan was too frightening, more frightening than chopping.

Chen Haorong was surprised to see that all the people he had called were beaten away by Chen Haoxuan, he couldn't understand when Chen Haoxuan had become an expert, 20 or 30 people couldn't beat him, this was simply too terrifying. Chen Haorong also wanted to run, but when he just turned to run, Chen Haoxuan called out to him, "Do you think you can run away?"

Chapter 140

Chen Haorong didn't care what Chen Haoxuan said, he continued to run, swoosh, Chen Haorong's afterglow saw a silver light flash past his ear, then the wall of a building in front of him emitted a loud crunching sound, he looked and felt a sudden chill in his heart, it was a machete, the machete was stuck in the wall and wobbled, but it wouldn't fall down, what does this prove? Proof that the machete went deep into the wall, the force and accuracy of which made him feel great fear.

Imagine if Chen Hao Xuan had aimed for his head, then he could imagine his head would have split in two. There was also a slight doubt in his mind that he wasn't sure if Chen was trying to scare him, or if he hadn't aimed at all, so the machete didn't still hit him?

Thought so, but he didn't dare to run again, he didn't dare to gamble with his life. Chen Haorong turned around and looked at Chen Haoxuan, who was standing ten metres away, with fear in his eyes, and said to Chen Haoxuan in a trembling voice, "What do you - what do you want?"

"I'd love to know how someone like you should go about making a change. I've never messed with you, but what about you! Time and time again, I don't resist and you still think I'm afraid of you, Chen Haorong I'm telling you clearly, what you did to me before needs to be paid a hundred times over, don't worry, I won't kill you, but I will make you regret living in this world." Chen Haoxuan coldly told Chen Haorong.

"You - you mean to let me go?" Chen Haorong asked in confusion.

"Yes, but I need to teach you some lessons, otherwise it's too cheap for you, in you get over here." Chen Haohuan told Chen Haorong.

Chen Haorong walked ten steps at a time, slow and fearful, "What do you want? I'm your brother, don't you dare mess with me."

Chen pulled out a small knife and a lighter, what was he doing after he struck the lighter and toasted the knife with the flame? Is the knife being sterilised or is it being roasted for fun?

"What are you doing?" Chen Haorong asked again, he saw Chen roasting the knife with a flame and he felt a sudden uneasiness in his heart, he felt that the knife had something to do with him.

"I know how much you like to trouble me, and I have a poor memory, so in order not to forget I thought of a way, a way that when I see you I will remember how many times you have troubled me, and guess what it is?" The corners of Chen's mouth slowly pick up a sardonic smile and say.

"What the hell are you doing? If you let me go, most - most I will never come to trouble you again." Chen Haorong was fearful.

"Your memory is as bad as mine, why else would you still dare to trouble me after I've taught you a lesson so many times. In order to enhance my memory and yours a little, I decided to carve a horizontal line across your face, and I will carve a horizontal line across your face if you provoke me once in the future." Chen Haorong sneered.

With a thud, Chen Haorong knelt in front of Chen Haoxuan, his voice thick with fear: "Chen - no, it's younger brother, younger brother, it's brother's fault, please let brother go? My brother really knows what's wrong and if you let me go, I'll let you move back in with me."

"Oh, am I your brother? Is this the first time you've called me that? When you said I should move back in, did you mean into your house? Do you think I'm going to live in your little 100,000-something house? I live in a multi-million dollar luxury villa and I don't live in a luxury villa to live in your shitty house - do you think I'm stupid! I'll tell you, I have a relationship with your family, but there is no affection in that relationship only hatred." Chen Hao Xuan was cold and icy.

"Brother, I'm your own brother ah! You can't harm me, please." Chen Haorong hugged Chen Haoxuan's thighs and begged bitterly. He was facing fear to be like this, if Chen Haoxuan didn't threaten him, he dared to hold a machete to Chen Haoxuan's head.

"Don't worry, I will be gentle." Chen Hao Xuan smiled faintly, his smile contained evil.

Chen Haoxuan put his lighter up, his left hand suddenly strangled Chen Haorong's neck, and the right hand holding the knife slowly forced its way towards Chen Haorong's face.

Chen Haorong could feel the hot temperature on top of the knife was very high, now his heart completely collapsed and he cried out, "No! Brother, I'm your brother, don't!" It was as if Chen Haoxuan was about to rape~ him.

"Boss, why didn't you just let us on! You're a big boss fighting with a bunch of thugs, how degrading!" Jiang Dongding, when Chen Haorong and the others arrived just now, they wanted to rush out and teach Chen Haorong a lesson, but they were stopped by Chen Haoxuan.

"Chen Haorong, he has always thought that I'm relying on you guys, that I'm just a punk to be slaughtered without you guys, and I'm exposing my skills today to show him that I don't have you guys - as usual, I don't care about him," Chan explained in a bullish manner.
