

## A Billionaire's Reincarnation Chapter 161-170

### Chapter 161

Chen HaoXuan is a popular figure in the university, so Leah's shout attracted the attention of everyone in the cafeteria, and they all looked at Leah with questioning eyes, wondering if she was Chen HaoXuan's suitor.

Chen Yina and the others were two rows of tables and chairs away from Leah, and when she turned around, she saw a blonde foreign beauty looking around. Chen Yina said curiously: "Do you know her? What does she want with Brother Hen?"

"I know her, she just stalked the boss in front of the girls' dormitory and confessed to him that she likes him and wants to be his girlfriend." Li Mingmei spoke out.

"Hao Xuan, did he say yes?" Zhou Kexin asked anxiously.

"No, the boss seems to hate her." Li Mingmei explained.

"Brother Xuan will be back later, and if that goblin sees Brother Xuan - she will definitely haunt him, and I think if I tell her - Brother Xuan has already gone outside the school, she will run out so that she If you can't see Brother Xuan anymore, you won't be afraid of her pestering Brother Xuan." Chen Yina selfishly, the magic of love is like this, he has the powerful power to change your nature.

"I'll tell." Zhou Kexin Dao, in order to have a better relationship with Chen Yina, offending someone is worth it. Zhou Kexin stood up and shouted to Leah who was looking for Chen Haoxuan, "Hey, Miss, the Chen Haoxuan you're looking for has gone out, I think he's gone home, if you want to find him, just go after him quickly! Otherwise it will be too late."

Leah knew how to say Chen Haohuan's name in Mandarin, but as for the rest of Mandarin she couldn't. Zhou Kexin she thought that Leah understood Mandarin, so she spoke to Leah in Mandarin.

Leah scratched the back of her head in embarrassment and said to Zhou Kexin in English, "I'm sorry, I don't speak Mandarin, can you speak English with me?"

At Leah's words, Zhou KeXin repeated in English what she had just said.

After listening to Zhou Kexin's words, Leah didn't even hurry to say thank you, she turned around and ran outside. Seeing Leah leave, the students in the cafeteria sighed: "Alas, this beautiful girl has been poisoned by Chen Hao Xuan again."

Chen Hao Xuan, he came back with two plates, he put the plates in front of Kong Manni and Li Mingmei's table, he found Chen Yina and they all looked at him with strange eyes, he asked out of curiosity, "What are you guys doing? Why are you looking at me like that? Am I more handsome today than ever?"

"Brother Xuan, you've been messing around again, a blonde foreign beauty just came to see you, say - what's going on?" Chen Yina pursed her small lips and addressed Chen Haohuan seriously.

"Oh, you guys are talking about that Leah! She is the girlfriend of He Haoming, a very powerful woman, the daughter of the president of MiG FeiTeng Group. You must be wondering how I met her, right? Actually, I went to the girls' dormitory this morning to look for Kong Manni and the others, and I met He Haoming and Leah halfway, and He Haoming introduced his girlfriend to me to show off, but who knew that her girlfriend was my fan, so it's really a waste of money." Chen Haohuan explained with a smile.

"You like her?" Zhou Kexin asked.

"Don't think so badly of me, I have very high standards, ordinary women still can't get into my eyes, only the few people sitting here can attract my attention." Chen Hao Xuan joked.

Leah, she ran all the way out, everywhere she passed, every boy would stare at her, the two pieces of flesh on her chest jiggled up and down as she ran, the waves of the scene made everyone who saw her gulp.

Leah ran to the entrance of the school and searched for Chen HaoXuan, but she couldn't find him. She asked many students and all of them told her that they hadn't seen him.

"Do I really have to go to Ho Ho Ming's company?" Leah stood at the door, talking to herself.

In the end, Leah wasn't satisfied, she didn't believe that she couldn't conquer a man with her beauty, she had her handbag with her RMB and bank card, she couldn't go back even if she didn't go back. Leah bought a hamburger and a bottle of Coke at the kiosk in front of the school, and then stood in front of the school, eating and staring at the people coming and going.

It was a good thing that this was a university and there were a lot of people who spoke English, so Leah could ask people in English, but if it was anywhere else, it would be hard for Leah to ask for directions.

Chen HaoXuan and the others scattered after lunch, Zhou Kexin and the others went back to the dormitory for their lunch break, while Chen HaoXuan drove Chen Yina back for her lunch break. On the way out of the school, Chen saw Leah. Leah was conspicuous, with her blonde hair and tall figure, like a gold mountain in the crowd, shining in the sunlight.

Chen closed the window of the car, not wanting Leah to see him. Chen Yina, who was sitting on the passenger side of the car, turned her head and said to Chen Hao Xuan, "Brother Xuan, it seems that blonde really likes you."

"You say she likes to get laid - I believe it, but if you say she likes me - I don't believe it, how can you love someone so fast, what love at first sight is all nonsense, it's all an excuse to want to get laid. " Chen Hao Xuan Dao.

"Brother Xuan, do you have the feeling lately that Zhou Kexin is very polite to me, she listens to everything I say, this is not like her at all, do you know why?" Chen Yina questioned to Chen Haohuan.

"She's probably trying to turn you into an enemy!" Chen Hao Xuan Dao.

Chen Hao Xuan and the others went back to their residence to rest, and at around 2:00 pm Chen Hao Xuan drove Chen Yina to class in his BMW, they had one more class in the afternoon. When Chen Hao Xuan drove to the school, he saw Leah still standing in front of the school, and Chen Hao Xuan still didn't care about him.

He sat in the last row of the classroom, with Chen Yina on his left and Zhou Kexin on his right, and embraced the two beauties in class, which was a dream come true for many boys.

When Chen was in class, the door of the classroom was suddenly opened and a man in a security uniform walked in, followed by a blonde woman.

After greeting the teacher, the security guard shouted to Chen HaoXuan, who was in the last row of the classroom, "HaoXuan, this lady is looking for you."

"Xiao Song, I don't know her, take her out, I don't like to be disturbed in class." I don't like to be disturbed in class." Chen Hao Xuan said, "He knows that security guard, who was previously hanging out with Zhang Qing.

"Chen Hao Xuan, the person who brought me to school has left, I don't know how to go back, can you take me back?" Leah looked pitiful to Chen Haoxuan.

## **Chapter 162**

"Song, you brought her here, so just take her home!" Chen Hao Xuan to Xiao Song Dao, Chen Hao Xuan he does not like too casual people, if Leah is an ordinary beautiful woman, he might go to the hotel with her to shoot a gun, but Leah's identity is not simple, if he screwed her, there will be countless trouble, the first trouble is He Haoming will not let him go.

"I wish! But I don't speak English, how can I send her back?" Xiao Song was embarrassed, today at noon Leah told him through a female student, Leah is looking for Chen Hao Xuan, Chen Hao Xuan is a big money, can get into good relations with Chen Hao Xuan, soaring days are not long, just like Zhang Qing, now have a few employees, so he brought Leah to Chen Hao Xuan.

"Chen Hao Xuan, you as a boy you one to be a gentleman, quickly send this foreign friend of yours back." The teacher at the podium looked serious to Chen HaoXuan.

"I said I don't know her and I don't know her, so do what you like." He didn't even look at Leah as he spoke, as if he couldn't see Leah at all.

Chen HaoXuan could be so rude, but as a teacher, he couldn't. He couldn't do anything to Chen HaoXuan, after all, Chen HaoXuan was now the man of the hour, also a big money. The teacher smiled and asked Leah in English, "Miss, what is your relationship with Chen HaoXuan, and why do you need him to take you home?"

Leah held her head high and said proudly: "I am Leah, the daughter of the president of the Millet Group, and I like Chen Haoxuan, so I want him to take me home, you are a teacher - and he is your student, you have the right to let him take me home, you let him take me home now, or I go back to Millet! --I'll tell my father that I've been bullied at the University of the City of New Hill, and then your reputation will be finished." Leah would be polite to people of a little status, but to a little teacher she didn't give a damn and spoke in a commanding tone.

"I am his teacher, yes, but I have no right to control him except for the teaching aspect. It's class time, and Chen Haohuan is not willing to take you home, so please go home yourself." The teacher told Leah coldly, he is a small teacher yes, but even a small teacher has self-esteem, Leah said that he can't be happy.

Leah didn't give a damn about her teacher, she didn't care about anyone, and she wasn't afraid of the students in the classroom looking at her, she walked towards Chen HaoXuan step by step. Leah went to the last row of the classroom and sat down next to Zhou Kexin, because there was a person next to her, so she lay down on the desk and greeted Chen HaoXuan: "Hi."

Chen didn't react at all, and didn't give a damn about Leah.

The teacher at the podium shook his head helplessly and thought to himself, "Forget it! We can't afford to mess with these rich kids.

Leah tugged on Zhou Kexin's shirt and said, "Can I switch places with you? I can give you the money." Leah said taking out a few hundred yuan.

"I'll give you a few thousand RMB, will you stay away from me?" Zhou can be exhilarated, while her heart secretly said: "When I am a beggar ah! A few hundred RMB and you want to command me, huh, b\*tch, really cheap, if you can't afford it, use money to hit it."

"I'll give you tens of thousands." Leah spoke out again.

"Do I look like I'm short of money to you?" Zhou Kexin is exasperated with Leah, she is now wearing a name brand, a brand name, and has a noble temperament, and she can't understand why Leah treats her as a poor person!

"You don't like him, what are you doing next to him?" Leah had a straight face to Zhou Kexin.

"Who ....." Zhou Canxin almost said who didn't like it, thanks to her thinking about his relationship with Chen Haohuan, otherwise, if Chen Yina knew about it, she would never have the chance to be with Chen Haohuan. Zhou Kexin changed her words: "I am his good friend, and I am also the class president of this class, so I can sit beside him as a matter of course. You, on the other hand, are not from our school, nor are you Chen Haoxuan's friend, so why should I give up my seat for you?"

Chen HaoXuan finally couldn't help but speak out, he coldly said to Leah: "You can find other men if you want! Why come to me at all! I'm solemnly warning you now, if you keep making trouble like this, I don't care if you're a girl or not I'll still fix you."

"Yeah! Then you come and fix me! I love how bad you are." Leah Tian mouth, whining to Chen Haohuan, she looks like she's saying, "Come on! What are you waiting for, as long as you dare, I will lie down and let you pick.

When he heard Leah's words, Chen HaoXuan was furious, he had seen sluts before, but it was the first time that he had seen such a slut, and it was also a daughter. Chen HaoXuan stood up, pointed at Leah, then turned around and walked out of the classroom.

Leah understood what Chen Haoxuan meant, and she smiled proudly at Zhou Kexin: "Girls aren't bad, men don't love them. After saying that, she quickly followed Chen Hao Xuan out.

The teacher on the podium didn't care about Chen Hao Xuan. Chen Hao Xuan was a student he couldn't control, and a student he wasn't qualified to control, because Chen Hao Xuan was more knowledgeable than anyone else, take the last math problem for example! Not a single person in the world could answer for days. In addition, the principal of the city of Xinshan has said that he must be polite to Chen HaoXuan, and as long as what he does in the school is not too excessive, he will be left alone.

He took Leah to the deepest part of the school's garden, a place so secluded that you couldn't see what was going on inside from the outside. Chen Hao Xuan stopped, he coldly said to Leah, "Are you still trying to pester me?"

Leah walked up to Chen Hao Xuan and put her arms around Chen Hao Xuan's neck, her lips almost kissed Chen Hao Xuan, she said to Chen Hao Xuan in a delicate voice, "I like you, so I pester you, don't you like being pestered by a beautiful woman?"

Chen tugged away from Leah's hand, walked behind Leah, and quickly slapped his right hand on Leah's plump buttocks with a crack. Leah involuntarily screamed, "Ah-, what are you doing?"

"This is light, if you still want to pester me, then I'll be rude to you." He just slapped Leah's plump buttocks which felt very good, he tasted the sweetness.

The first thing I noticed was that I was not a virgin at the age of 16, but I was a virgin at the age of 16. "How do you want to be rude to me, then?" Leah ran her hands over Chen Haohuan's body.

## Chapter 163

"Take off your clothes." Chen Hao Xuan with a yin~slutty look on his face to Leah.

The first time I was in a position to do so, I had to take off my clothes, even my underwear, and I was very positive about it.

The company has been in the process of developing the new product for the past few years, and is now in the process of developing the new product.

Leah was trying to pounce on Chen Hao Xuan, only to see Chen Hao Xuan suddenly pulled out his cell phone, click click click ....., listen to the sound to know that Chen Hao Xuan is using the phone to take pictures.

"You - what are you doing?" Leah wondered, wondering if Chen HaoXuan had a hobby of collecting nude photos of young girls.

"I've already taken pictures of your naked~ body, and if you pester me again, I'll post them on the Internet, and then you'll be on fire, hehe ....." Chen Hao Xuan sneered.

Leah was so angry with Chen Haoxuan that her teeth were chattering, she did not expect Chen Haoxuan to be such a man, her identity is so noble, her body is so beautiful, but she took off her clothes, Chen Haoxuan did nothing to move even, but also used her naked~ photos to threaten her to leave, she doubted that Chen Haoxuan is not a man?

"Despicable ....." It took a long time for Leah to say two words.

"I am despicable, and you are a scoundrel, we are three catties and eight taels." Chen smiled evilly.

"Am I not good looking? Or do you believe in incompetence?" Leah was serious about Chen Haohuan.

"You're pretty and you have a nice body, but I only like you girl that with me, and you - I don't like it, so even if you stood naked in front of me, I wouldn't touch you. You suspect me of being letter impotent, and if you were still a virgin, I might try to show you whether I am letter impotent or not." Chen Hao Xuan explained.

Leah knew that Chan wouldn't want her anymore, she got her hands and feet busy and got dressed, and after she got dressed she told Chan, "I won't pester you anymore, but you have to delete my picture." Leah was a very protective of her reputation, and if Chen Haoxuan posted her nude photos on the Internet, her reputation would be completely ruined.

"Don't worry, my phone has a password, no one can use my phone except me, I'll delete it after some time." Chen Hao Xuan Dao.

"Hmph, I'm warning you, if you dare to post these photos on the Internet, you will become the enemy of our Mi soaring group, and then we will unite several big groups to crush the communication cell phone city where you are now." Leah coldly said.

"Don't think that you guys are cool, piss me off and I'll put your Feiteng Group out of business. Well, as long as you don't bother me again, I'll delete the pictures after a while. Now you go back!" Chen told Leah.

"I - I don't remember where I live." Leah was embarrassed.

"You're kidding, right? What kind of person is so stupid that they can't even remember where they live, and still say they are the daughter of the president of the Mi Futeng Group, I'm beginning to wonder if you are a fake." Chen Haoxuan looked as if he didn't believe it.

"I only arrived in China last night, it was He Haoming who picked me up, he took me directly to my residence, and the next day I asked him to come to my outing, and he drove me here in his car. It was night when I came here, plus it was my first time in China, I didn't know where I was staying, I didn't know what was so unusual about going back." Leah exhaled.

"Okay, I'll take your word for it, but you as Ho Ho Ming's girlfriend - you should have his cell phone number, right? Even if not you've heard of his company, right?" Chan asked.

"I know all this, but I just want to not find him, because I just had a fight with him over you, and all I want now is to go back to where I lived yesterday and get my bags out and find another hotel to stay in. I don't even want a boyfriend for you, can't you just send me back for me?" Leah looked pitiful and said to Chen Haohuan.

"You think I'm a fairy! I'm not Ho Ho Ming, how would I know where Ho Ho Ming put you yesterday, I advise you to call Ho Ho Ming! Or you can take a cab to Ho Ho Ming's company. Okay, I've said everything I need to say, I'm leaving, I wish you have a good time in China." Chen HaoXuan waved to Leah after saying that and left.

Looking at Chen's back, Leah exclaimed, "What a man with great personality, if he were my boyfriend!"

When Chen Haoxuan returned to the classroom, the class had already ended.

"She's gone." Chen Haohuan smiled.

"She was so difficult, how did you get her to leave?" Zhou Kexin asked curiously.

"I found her shortcomings and then threatened her with them, so she was good and left." Chen Hao Xuan proudly said.

"We're out of trees this afternoon, let's go back now!" Chen Yina sweetly told Chen Hao Xuan, as long as Leah, that goblin, left well, as for what method Chen Hao Xuan used to threaten Leah to leave, she didn't care.

"I'm going too." Zhou Kexin spoke out.

"Then let's go!" Chen Hao Xuan smiled.

Chen Hao Xuan knows, what else can Chen Yina say, but to acquiesce. In fact, she didn't want Zhou Kexin to go to her and Chen Hao Xuan's place, because as long as she loved Chen Hao Xuan - she felt dangerous and worried that Chen Hao Xuan would fall in love with other girls.

When Chen returned to his place, he saw Zhang Tianqi, who was having tea with Lin Hao and the others at his place.

"Zhang Tianqi, why do you, a busy man, have the time to come to my place to drink tea." Chen Hao Xuan joked.

"Hao Xuan, you're back, come here and sit down, I have a good news to tell you." I have some good news to tell you." Zhang Tianqi excitedly said to Chen HaoXuan.

Chen Hao Xuan sat down on the sofa in front of Zhang Tian Qi, he said out loud, "You look like you have something good to tell me."

"Hao Xuan, we are rich, our all-round cell phones are now so hot that the goods we had in stock are now sold out. In addition we have many businessmen in China who want to be our agents, even there are many over in Europe, do you think we should boast about producing and making omnipotent cell phones?" Zhang Tianqi was pleased. Zhang Tianqi came today to ask Chen Haoxuan to invest some

money in the Communication Mobile City, so as to boast about the production of all-powerful cell phones.

"How much are you going to invest yourselves?" Chen Haoxuan asked.

"Two hundred million RMB, this is our limit." Zhang Tianqi extended two fingers.

"Then I'll spend money to sell some more shares, I don't know if it's okay." Chen HaoXuanDao, he knows how big the profit of omnipotent cell phone, if exaggerated production and exaggerated market, the omnipotent cell phone sales to Europe, then the more shares he has, the more money he makes, it is likely to invest 100 million yuan, a few years later, dozens of times.

#### **Chapter 164**

"I need to discuss this with my dad." Zhang Tianqi, now Chen Haoxuan owns fifty-five percent of the shares of Omni Mobile, if Chen Haoxuan has a few more shares, then Omni Mobile is equivalent to Chen Haoxuan talking alone.

"Well, you guys can talk about this when you've discussed it. Now you are ready to invest another 200 million RMB down, and if I don't invest 200 million RMB, I will have fewer shares, so I will invest 200 million RMB as well. You guys get the factory up as fast as you can, and it's best to go directly to Li Jun, the developer, who has a large number of factories for rent." Chen Hao Xuan Dao.

Zhang Tianqi stood up, happily extended her hands to Chen Haohuan, shook hands with Chen Haohuan, and said, "Haohuan, it's really too pleasant to work with you."

"Just the same, you go back and get a contract! When it's done, I'll immediately transfer the money to your account." Chen Haoxuan smiled.

"Good, then I'll go back now and bring the contract over to you tomorrow." Zhang Tianqi was happy.

"Lin Hao, see Tianqi off for me." Chen Haoxuan said to Lin Hao.

After Zhang Tianqi left, Zhou Kexin looked at Chen Hao Xuan with adoring eyes and said in a delicate voice, "Hao Xuan, you didn't even blink an eye when you decided to invest 200 million RMB on the all-powerful cell phone, and you didn't even consider it, I can imagine how ambitious you are, otherwise why don't you care about these 200 million RMB at all, I'm sure you don't care about these 200 million RMB. "

If not for Yina Chen, Chen Haoxuan might have hugged Zhou Kexin and kissed her fiercely. Zhou Kexin understood him too well and could see his ambition in his words and actions. Chen Hao Xuan said to Zhou Kexin: "Not bad, you two are the only ones who understand my heart."

Hearing Chen Haoxuan's praise, Zhou Kexin was very happy and secretly proud of herself. Chen Yina, on the other hand, was not happy, she was still sore in her heart, and yes, she was jealous.

"Hao Xuan, I think that the all-around cell phone this commodity is too advanced, it can be said that no other cell phone can beat him, so as long as the price is not too high, there is no fear of not being able to sell it, and there is no need to worry about losing money, it is completely possible to invest a lot of money to start developing. So I propose that it's best to let my boss and his big money invest together to make the all-powerful cell phone bigger and bigger, to go all over the world, so that people all over the world can use the cell phones we produce." Don't look at Zhou Kexin is a girl, but what she said shocked the boys.

"Right! Even if Zhang Tianqi and I can make all-purpose cell phones available to everyone in the world, that will be many years from now. If Zhou Xiang and his family were to invest together, it would be possible to rapidly develop the omnipotent cell phone to the whole world. But would Zhang Tianqi's family agree? Just like just now when he said to increase investment, Zhang Tianqi's expression appeared worried." Chen Hao Xuan thought to himself.

Seeing Chen Haoxuan frowning, Zhou Kexin asked with concern, "Haoxuan, what's wrong with you? Did I say something wrong?"

"You didn't say anything wrong, but I have something on my mind. What you just said is absolutely right, if there are a large number of businessmen to invest together, the omnipotent cell phone will be

able to develop quickly, unlike the current so good goods can not even satisfy the market of a province, let alone a country and the whole world. I also want to increase the investment, even if some profits out is also willing to, because as long as to play their own brand, the brand is a huge wealth in the future. But the question is whether Zhang Tianqi and his family will agree to let go of the profits." Chen Hao Xuan Dao.

Zhang Tianqi's family he knew, their total assets combined can't even compare to half of his personal assets, otherwise he wanted to invest one billion RMB each with Zhang Tianqi down, adding up to two billion RMB of investment, the project is not just a big one.

"You talk to them, maybe they will really agree." Zhou Kexin said.

"Well, I'll talk to Zhang Tianqi tomorrow." Chen Haoxuan Dao.

On this side of Xinshan City University, He Haoming was kneeling in front of a blonde beauty, holding a bouquet of roses in his hand, and he said to the blonde beauty in front of him, "Leah, I'm sorry, I shouldn't have lost my temper with you today, please forgive me, okay?" Ho Ho Ming, he still left Leah to go back today when his boss yelled at him and insisted that he bring Leah back, if he didn't bring Leah back, his dad would break the father-son relationship with him, if that's the case, then he would have nothing.

"If you bring my luggage out, I won't go back, I'll go straight to the hotel later." Leah faintly told He Haoming, ever since she met Chen Haoxuan, she hated him more and more, probably because she compared Chen Haoxuan and He Haoming, the difference was too big, so she disliked He Haoming even more.

"Leah, I know I was wrong, you come back with me, and I'll listen to whatever you say when I get back, and I promise not to make you angry again." He Haoming bitter face, Dao, his heart and the words of his mouth are completely different, his mouth is to please Leah, but his heart is calling Leah a slut ~ b\*tch.

"No back." Leah turned her head to the side and exhaled.

"Leah, my dad is your uncle, he used to love you very much in the rice country, he gave me a death order, if you don't forgive me and come home with me, he will never recognize me as his son again. My dad misses you very much, just come home with me!" Ho Ho Ming begged and pleaded.

He Haoming brought out his dad, and Leah finally softened, He Haoming's dad was very good to her before in Mi, treating her as if she was his own daughter. Leah said, "All right! But remember, I promised you to go back because of my uncle's face, not because of yours. Also, you will help me investigate all the information about Chen Haohuan again, or I won't go back with you."

"Okay, as soon as I go back I'll immediately help you collect information on Chen Haohuan." He Haoming was full of promise, but in his heart he was saying, "You're a foreign girl - I can lie to you all I want, but you can't speak Mandarin or read Chinese anyway."

If you want to capture someone's heart, you have to understand him. This is what a famous European writer said, and Leah had read this book, that's why she wanted to get to know Chen Haoxuan, and then change herself to his liking, so that she could easily win Chen Haoxuan's heart, or so Leah thought.

Leah went back to Ho Ho Ming's house. As soon as Leah got back to Ho Ho Ming's house, Ho Ho Ho Ming's family kept apologizing to her, so she just said a few words and went back to her room.

## **Chapter 165**

Ho Ho Ming he asked his housekeeper to help him collect information on Chen Hao Xuan, he instructed his housekeeper to collect all the bad things Chen Hao Xuan had done, and if there was not enough, he could make up some of them himself, in short, make Chen Hao Xuan's things as bad as possible.

He Haoming's housekeeper also searched for Chen Haoxuan's information on the Internet, and when he found it, he started to change it to the way He Haoming wanted it to be.

Leah thought that the information Ho Ho Ming found might be more accurate, but when she opened the thumb drive the housekeeper gave him, she saw that all of Chan Ho Hin's information was bad. She gets angry and smashes her laptop on the spot, angry at Ho Ho for treating her like an idiot.

She just looked up Chen Hao Xuan's information on the website of Mi Guo and the information that He Haoming helped her to find is just the opposite.

The sound of something being smashed was heard from inside Leah's room, and He Haoming's housekeeper quickly ran to Leah's room door and asked in a panicked voice, "Miss Leah, what happened?" He didn't dare to run directly into Leah's room because he was afraid that Leah was changing her clothes or something.

"Get that bastard He Haoming over here." Leah squealed loudly.

Although there was a door, the butler could still feel Leah's anger, and he knew that Leah must have been so angry because she knew that Ho Ho Ming was lying to her.

He Haoming's room was on the third floor, while Leah's was on the second floor, and He Haoming's villa was soundproof, so He Haoming didn't hear Leah's roar.

The housekeeper quickly ran to the third floor and ran into He Haoming's room, probably because he was in such a hurry that he didn't even knock.

He Haoming heard the sound of the door being opened, he turned his head and saw that it was his housekeeper, he immediately put on a straight face and coldly said to the housekeeper: "You better give me a reason that will make me feel better, or you're out of here." He Hao Ming he is a lecherous man, he is itchy all day without a woman, he really wanted to go to find a woman, but Leah came, he did not dare to go, because his father told him, if he dared to go this break time, his father will stop his spending card.

"Young Master, you should go down! Leah-san is throwing a tantrum in her room right now! I think she knows we're cheating on her," The housekeeper explained.

Hearing the housekeeper's words, He Haoming stood up, pulled on his trouser chain, and quickly ran to the second floor. He ran to the second floor, and before he even entered Leah's room, he could already hear the sound of thumping ..... and things being smashed. He Haoming ran to Leah's room and

saw that Leah's room was smashed in a mess by Leah, and he asked Leah worriedly, "Leah, what are you doing?"

"He Haoming, you son of a b\*tch, you treat me like a fool, I'm going to tell my dad, I'll never be friends with you again." Leah yelled at He Haoming with an angry face.

"What the hell is going on?" Ho Ho Ming actually knew why, but he still played dumb, he didn't want to accept the fact.

"You're asking me what's going on? Don't you know what's going on? I asked you to help me find information about Chen Haohuan, but what did you find for me? All the bad side, is Chen HaoXuan really that bad? If he's so bad, why does the world think so highly of him? Ha, what do you think? Tell me! Aren't you smart?" Leah yelled at He Haoming.

"Leah, listen to me explain, all the information I found for you is true, I really didn't lie to you, and if you don't believe me - I can swear to God." Ho Ho Ming explained.

"I pooh, I've seen through you, you've been treating me like a fool, specializing in deceiving me, if I marry you, I'm sure I'm not serious." Leah exhaled to He Haoming.

"Leah, you must believe me, I definitely did not deceive you, if you don't believe me, you can ask the butler, he will not lie to you." He Haoming still didn't give up, it seemed that he really took Leah for a fool.

As Leah packed her bags, she scolded He Haoming: "You're a bastard, you're a liar, besides still lying and doing bad things - what else can you do? I don't want to live with you anymore, I'm leaving - I'm going to a hotel."

"Leah, I know it's wrong, isn't it? Would you please don't go? Count on me to beg you, don't leave, if you leave, my dad will kill me ....." He Haoming kept going to beg, but Leah had already made up her mind to leave, and her decision couldn't be changed by anyone but her dad, though Chen Haoxuan might be able to.

He Haoming couldn't stop her, and even when his dad went to stop Leah, Leah didn't even stay. Leah is a lady with a thousand dollars, and she won't allow others to look down on her, let alone treat her like a fool, so she hates Ho Ho Ming very much. Now even if her dad insisted that she and Ho Ho Ming be together, she wouldn't listen.

Leah, who came to China by herself, is all alone, walking down the street with her suitcase, feeling very lonely at the moment, as if she has been abandoned. What she wants most is for Chen Hao Xuan to come and accompany her and comfort her.

If he knew that Leah was still thinking about him, I don't know what kind of face he would have.

The more she thinks about it, the more frustrated and angry she gets, the more she simply goes out of her way to find Chen Hao Xuan, and she doesn't believe that Chen Hao Xuan really dares to post her nude photos on the Internet.

She has just seen Chen Hao Xuan's residence on the Internet, and she has stopped many cabs, and she is struggling with the fact that many of the drivers don't understand what she is saying. But as fate would have it, when Leah stopped the twenty-first cab, she met a driver who spoke English.

Half an hour later, she took the cab to a remote area, where the driver told her that Chen HaoXuan lived in a warehouse.

As she drove up to Chen's residence, a dignified voice came out: "Stop, what are you doing?"

## **Chapter 166**

Leah followed the voice and she saw a burly man in a suit and she explained in Mandarin, "I'm here to see Chen Haohuan?" This was taught to her by the driver who had just dropped her off.

"Looking for the boss? I've been following the boss, how come I haven't seen you before?" Lin Hao was curious, he was now on duty, and the three of them were divided into three shifts to protect Chen Hao Xuan's safety every moment of the day.

"I'm here to find Chen Haohuan." Leah repeated again, she would only say this one sentence and nothing else.

"You wait a moment." Lin Hao told Leah, who called Chen Hao Xuan on the intercom, "Boss, boss, there's a beautiful blonde woman who says she wants to see you."

The intercom in Chen Haohuan's room sounded Lin Hao's voice, and when he heard Lin Hao's words, Chen Haohuan was stunned, and then Leah's image appeared in his mind. "Damn, you're really a shade!" Chen Hao Xuan cursed. He was just doing something in bed with Chen Yina and was interrupted by Leah, a man who was angry.

"Brother Xuan, what's wrong with you?" Ina Chen asked curiously, she hadn't heard the voice from the intercom just then.

"It's that Leah, she's coming to see me." Chen Hao Xuan explained.

"What a goblin, brother Xuan, you tell Lin Hao to blow her away." Chen Yina was unhappy.

Chen Hao Xuan picked up the walkie-talkie and told Lin Hao through the walkie-talkie to tell Leah to go back, he didn't want to see her.

Hearing Chen Hao Xuan's words, Lin Hao said to Leah, "This lady, our boss doesn't have time at the moment, please go back."

Leah can't understand a thing! She said to Lin Hao directly in English this time: "You tell Chen Hao Xuan that I am Leah and I want to see him, and if she doesn't come out, I will stay here all the time, hmm."

Lin Hao his level of education only junior high school graduation, when he studied all day long just know fighting, did not learn any English, helpless to ask Chen Hao Xuan for help again. "Boss, she is speaking English, I don't understand." Lin Hao was embarrassed.

Hearing Lin Hao's words, Chen Hao Xuan just remembered that Lin Hao's and their cultural level is not high, he directly out of the voice in English, said: "Do you want me to post your naked ~ photo to the Internet, if you do not want - just leave."

"No go." Leah was stubborn.

"Boss, she's not leaving yet, and she's still got her luggage, so I think she wants to stay overnight with you." Lin Hao used the walkie-talkie to Chen Haohuan.

"Damn, she still wants to move in with me, I'm so angry." Chen Hao Xuan exhaled, then he said to Chen Yina, "You go back to sleep, I'll go out and deal with it."

"Hey-, don't ....." Chen Yina was tempted to say don't go, but Chen Haoxuan's men had already left the room.

Chen Hao Xuan came outside the house in his pajamas and he saw Lin Hao and Leah.

Leah was very happy to see Chen Haohuan out, and as soon as she stilled her luggage, she ran towards Chen Haohuan as if she wanted to give him a warm hug.

Chen Haohuan's body was one, and Leah pounced on it. "What do you want? Do you really want me to post naked pictures of you on the Internet?" Chen exhaled to Leah.

"If you dare to post it on the Internet, I dare to tell the whole world - I'm already yours." Leah was not to be outdone.

"You - you, I'm really mad at you, you said that you, a thousand-year-old lady, like what kind of person is bad, but prefer a man who already has a girlfriend, do you like being a mistress very much?" Chen Haoxuan exhaled.

"I don't like to be a mistress, I just want to be your wife." Leah said firmly.

"Fine, fine, count me convinced, say it! What do you want?" Chen Haoxuan had a shady face.

"I want to stay with you for a few days, just a few days, in a few days I'm going back to Mi." Leah looked at Chen Hao Xuan with expectant eyes and said tenderly.

Chen turned to Lin Hao and said, "You go find the landlord and ask him to spare a room for the young lady, I'll pay for it." Chen Hao Xuan said and turned around and walked into the house.

"Miss, you come with me." Lin Hao made a gesture of invitation to Leah.

Although Leah didn't understand Lin Hao's words, she could understand Lin Hao's actions, and she followed Lin Hao to the house.

Chen Haohuan's landlord was in the rental business, so Lin Hao asked Chen Haohuan's landlord to help Leah arrange a three-bedroom, one-bedroom house with all the furniture she needed.

The next morning, when Chen woke up, he saw Zhang Tianqi, and it seemed that Zhang Tianqi couldn't wait to sign a contract with Chen HaoXuan.

When Zhang Tianqi felt someone behind him, he turned around and saw that it was Chen Haohuan. He was overjoyed and said to Chen Haohuan, "Haohuan, I'm ready to sign the contract.

"You wait a minute, I'll go wash my face." Chen Hao Xuan said to Zhang Tian Qi, he now looks sleepy, he will be signing a contract of 200 million RMB, if there is a problem in the contract and he does not see it, then he will lose a lot.

Chen Hao Xuan went into the bathroom, washed his face and brushed his teeth before coming out. Chen Haoxuan sat in front of Zhang Tianqi and said to Zhang Tianqi, "I have a suggestion, I don't know if you want to hear it."

"Of course I want to! You say?" Zhang Tianqi Road.

"Our two families are too weak, if we rely on the strength of our two families, it will take at least five or six years to sell all-round cell phones all over the world, and five or six years when other cell phone manufacturers may have already developed better all-round cell phones, so we need to hurry up, while there is no cell phone that can compete with it, we should develop it quickly.

I thought about it overnight yesterday, we want to fast development must have a large amount of capital, we two is certainly not enough, so I want to invite Zhou Xiang these millionaires together to invest, gather a large amount of capital to produce all-round cell phone, and then to march into the world. Although we split the profits a little, but we have made the business so big, the money we earn will certainly not be less, and we have made the brand of all-around cell phone, which is also a kind of great wealth ....." Chen HaoXuan explained incessantly to Zhang TianQi.

Zhang Tianqi began to think deeply, Chen HaoXuan's words made his heart stirred, to do business to the whole world, this is not the ordinary people can reach. After a long time, Zhang Tianqi said to Chen Haoxuan, "Haoxuan, I need to talk to my family about this, because this is too big."

"Of course, you can tell your family, and tell them that if they agree, I can pull in a large number of investors, and it's not impossible to gather hundreds of billions of RMB." Chen HaoXuan bullishly said.

"On - hundreds of billions of RMB? It's - it's a bit of a big investment, isn't it?" Zhang Tianqi was surprised.

## Chapter 167

"Not great how to make the all-in-one phone fast." Chen Hao Xuan.

"Hao Xuan. Are you really sure you can find that many investors?" Zhang Tianqi still wasn't quite convinced because the amount of money was so large that he couldn't even think about it.

"Of course, I can vouch for it, as long as you promise, I will be able to gather a large number of investors to invest in our omni-phone in a short period of time." Chen Haoxuan was confident.

"Can't you find fewer investors? Finding so many at once, we're losing our interest." Zhang Tianqi was worried.

"You're wrong, our shares will be less, but the money we make will only be more, not less. So you don't have to worry, because I am just as concerned about my own interests as you are." Chen Hao Xuan Dao.

"So is this contract still signed or not?" Zhang Tianqi asked.

Chen shook his head and said, "No more signing, after you decide - I'll sign."

"All right! I'm going to go back right now and call a meeting with all the top executives of Communication Mobile City, and as soon as the results come out, I'll come to you." Zhang Tianqi was excited.

While he was making breakfast, Li Botao, who was on duty, ran to the kitchen and told him that the blonde girl from yesterday had come to see him again. When he got to the door, he saw Leah in a casual suit. The casual suit looked soft, which made Leah look very sexy, much better than the dress she was wearing yesterday.

"What do you want again?" Chen Hao Xuan was very impatient with Leah.

Leah put her hands behind her back, pretending to be very cute, and smilingly said to Chen Haohuan, "I came to play with you."

Chen Hao Xuan waved his hand and said indifferently, "I don't have time to play with you."

"It's okay if you don't play with me, you let me come to your house, you do your thing, and I'll just see where you live." Leah said petulantly.

"Librarian, you watch her! If you let her run into my place, then you can roll up your sleeves and leave." Chen Haoxuan told Li Botao, who was standing by the door.

Chen Haohuan continued to cook breakfast, and by the time he had finished cooking it, Chen yina was already up in bed. He saw that Leah was still standing in the doorway, standing on her tiptoes from time to time, stretching her neck to look inside the house.

He took out his cell phone and dialed Yang Lin's number: "Hey, Yang Lin, do me a favor, I need He Haoming's cell phone number."

Yang Lin's curious voice came out of the phone: "Hao Xuan, what do you need He Haoming's cell phone number for? He's not pissing you off again, is he?"

"It's not him, it's his girlfriend, and I need to tell him that his girlfriend is dying in front of my house." Chen Hao Xuan exhaled.

"Hao Xuan, big brother, why are you so charming? Other people's girlfriends are falling for you." Yang Lin's envious voice came out of the phone.

"Cut the crap, go find them for me." Chen Haoxuan bellowed into the phone. He Haoming knew a lot of girls in school and had sex with him, so he was sure Yang Lin would be able to find He Haoming's cell phone number.

Ten minutes later, Yang Lin called Chen Hao Xuan and said that he had found He Haoming's cell phone number. After Chen took down Ho Ho Ming's cell phone number, he hung up on Yang Lin and dialed Ho Ho Ming's cell phone. The call came through quickly, and Haoming annoying voice came out: "Who is it? Do you still want people to live in the early morning?"

"It's me, Chen Haoxuan, your girlfriend, Leah, is now at my doorstep, if you don't come and take her away, don't blame me for being cruel." Chen Hao Xuan coldly said.

"What? You said Leah was at your doorstep? No way?" He Haoming was surprised.

"Your sister, I don't have time to joke with you, come over and pick up your girlfriend! I'm annoyed when I see you." Chen Hao Xuan is not to give face to He Haoming.

The first thing you need to know is how to get the best out of your wife, and how to get the best out of her," he said. And Leah you bitch ~ goods, actually went to Chen Hao Xuan residence to slut, damn, want to let men grass, you can come to me, why run to Chen Hao Xuan that little white face it!

He Haoming didn't want to pick up Leah, but he already knew where she was, and if he knew, he couldn't not go, because if word got out, his family's company would be finished.

He Haoming quickly washed his face and brushed his teeth, and drove to Chen Haoxuan's place, where he arrived a few minutes later. He Haoming got out of the car and walked towards Leah with a shady face. He stopped two meters away from Leah and said, "Leah, come back with me.

When she heard the voice, Leah turned around and the first thing she said when she saw Ho Ho Ming was: "Are you following me?"

"I didn't follow you, it was Chen Haohuan who told me you were here." He Haoming replied honestly.

"Chen Hao Xuan? Doesn't he hate you very much? How could he have told you that I was here?" Leah was confused, she didn't believe what He Haoming said was true, she suspected that He Haoming was lying to her again.

"What I said is true, if you don't believe me, you can ask Chen Haohuan." He Haoming said indifferently, he no longer used a pleasing smile on Leah because he knew Leah didn't like that and he didn't want to do that to her.

Leah turned to the house and shouted, "Chen Haohuan, Chen Haohuan, come out, tell me, did you call Ho Ho Ming?"

Chen Hao Xuan came out with a bowl of noodles, and as he ate, he said to Leah, "I told him to come because I hate you, and I don't like girls who don't speak Chinese."

When she heard Chen's words, Leah's eyes lit up and she asked excitedly, "You mean you would like me if I could speak the Chinese language? Isn't it?"

"If it were someone else, I might like it, but if it were you, I wouldn't like it, because you're no longer a virgin." Chen Haoxuan said with an evil smile.

"If you like it, I can go learn the Chinese language and I can do the mending operation." Leah wasn't shy at all when she said this, as if she was familiar with the affairs of men and women.

"Damn, you're too open, aren't you? You have the nerve to say such things." Chen Hao Xuan was surprised.

He Hao Ming, who was ignored on the side, was so angry that he was blue in the face, and he kept calling Leah a slut in his heart, while he felt a little bit better about Chen Hao Xuan because Chen Hao Xuan didn't accept Leah's kindness and didn't take advantage of Leah.

## Chapter 168

"For you. I'd do it for anything." Leah was serious about Chen Hao Xuan.

Chen slapped his forehead and cried out, "Oh my god! Why is this woman so scary?"

Leah couldn't understand what Chen said in Mandarin, so she thought he said something to her. She spoke up and asked, "What did you say?"

Chen HaoXuan ignored Leah, he cried and said to He Haoming, "You should take your girlfriend back! I'm really scared of her."

"Leah, come back with me!" Ho Ho pleaded with Leah.

"No back, I want to be here." Leah pursed her lips, stubbornly.

"He Haoming, I doubt if you are a man or not, if I were you, I don't care whose daughter she is, if she is my girlfriend you have to listen to me, don't listen - and still go around seducing other men, I will slap her, and then carry her back to be severely disciplined." Chen Hao Xuan grinned at He Haoming.

Chen Haoxuan's words aroused He Haoming's manhood, and He Haoming went forward and grabbed Leah's hand and said to come with me, no matter how much Leah objected, he just didn't listen and dragged Leah away.

"He Haoming, what are you doing? Don't you dare do this to me, or I'll tell my father, let go of me." Leah kept struggling, but she was too weak, and no matter how hard she struggled, she couldn't free herself from Ho Ho Ming's hand.

Eventually Leah was taken away by Ho Ho Ming, and Chen asked Li Botao to take Leah's luggage to Ho Ho Ming's house.

Chen Yina, who saw all of this, walked up to Chen HaoXuan, put her arms around him and said tenderly, "Brother Xuan, you're so bad, yo! In order to get the goblin to leave, you have used Ho Ho Ming as an enemy. That He Haoming is also a bull to those weak women, but to these noble women like Leah, he wouldn't dare to let out a fart. If Brother Xuan hadn't just used a trick to provoke his strong heart, he might never have been able to get Leah to go home with him."

"I'm still afraid that you'll be jealous, aren't I? Come on, let's go have breakfast." Chen Hao Xuan warmly scratched Chen Yina's nose and smiled.

After breakfast, Chen Hao Xuan sent Chen Yina to school, and he skipped school again. He drove back to his apartment and waited for news from Zhang Tianqi. In the morning, Zhang Tianqi didn't come, and in the afternoon, Zhang Tianqi didn't come, and when it was almost dark, Zhang Tianqi finally came.

Zhang Tianqi's expression was very excited, red and glowing, and he knew something good was coming at first glance. "Hao Xuan, Hao Xuan, I have good news for you." Zhang Tianqi shouted happily as soon as she walked into Chen Haoxuan's place.

"I don't need you to say it, I can tell something good by looking at your expression, and if I'm right, your family should have agreed to my suggestion, right?" Chen Hao Xuan smiled inscrutably.

Zhang Tianqi walked next to Chen Haohuan, patted Chen Haohuan's shoulder and said to Chen Haohuan, "It seems that everything is in your calculations, you are absolutely right, my family and the people inside the company have agreed."

"Well, I'll start looking for investors tomorrow, I'm considered the first one, I'll invest 800 million RMB, you can get a contract to sign with me tomorrow! In addition, I will let those investors who want to invest to your company to talk to you about investing in all-round cell phones, so you better organize a working group responsible for talking to investors about investment right away after you go back." The company's main business is to provide a wide range of products and services, including a full range of products and services, and a wide range of products and services.

"Your investment is 800 million yuan, I believe Zhou Xiang they are almost this number, counting our communication cell phone city's strength is the worst, the only advantage is that we are doing cell phones." Zhang Tianqi joked, although joking, but what he said is true, his family's communication cell phone city total assets of only a few hundred million people RMB, definitely not more than 400 million RMB, and Chen Haoxuan, Zhou Xiang, Hua Tianyu, Li Jun ..... they are all big money, all-around cell phone so profitable, they will definitely come up with a lot of money to invest.

"Everything is done slowly, your family is a little worse now, but I'm sure that in a few years, your family will be one of the richest people in China." Chen Hao Xuan Dao.

"What about you?" Zhang Tianqi said.

"I - of course I'm number one on the list of the richest people in China! If you're lucky, you might even be number one in the world." Chen Hao Xuan bullishly said.

"Hao Xuan, you are so smart and so good at business, I believe you can become the world's richest man." Zhang Tianqi was serious to Chen Hao Xuan, he was telling the truth, he and Chen Hao Xuan have been together for quite some time, he knows how Chen Hao Xuan is and how to do business .....

"That's what I thought," Chen Hao Xuan Dao, then Chen Hao Xuan said: "Well, no more jokes with you, tonight I'll treat you to a meal at the villa hotel, I'll call Zhou Xiang, these rich people, by the way, and talk to them about investing in all-round cell phones."

At 8:00 p.m., more than ten business tycoons came to the Villa Hotel in Xinshan City, all of them were the richest businessmen in Xinshan City, and they were invited by Chen Haoxuan.

After all the invitees had arrived, Chen Haoxuan stood up, raised his wine glass, and spoke out, "It's a pleasure to invite you all here today, Haoxuan, come - I'll toast you all first."

Zhou Xiang and the others raised their wine glasses and drank it all.

"I have a good news to tell you, we are going to invest more to sell our products to the world, for which we need a lot of investors, now we have invested one billion RMB down. And my goal is to invest hundreds of billions of RMB down, if everyone here wants to invest in Omni Mobile, I welcome it.". Chen Haoxuan smiled.

"What a big deal!" Zhou Xiang exclaimed.

"Hao Xuan, you don't have to make such a big deal, right? A business of hundreds of billions of RMB is a big risk." Hua Tianyu was worried.

"I know this, but everyone here also knows how hot sales of our Omniphone are, right? Months of inventory, sold out in a few days, is now available on the market. Why is this? I believe we all know how big the market is in China, and just relying on a few factories to produce all-powerful cell phones is simply not enough to meet the demand of the Chinese market, so Zhang Tianqi and I have discussed and agreed to increase our investment so that all-powerful cell phones can be sold to every corner of the world." Chen Haoxuan loftily said.

"Omnipotent cell phone, I'm using them all now, it's very good, for the time being, there is not a cell phone in the world that can rival him, plus his price is not very expensive, even ordinary workers can afford to buy, so as long as there is no cell phone with the same function on the market, I'm not afraid of Omnipotent cell phone not selling." Zhou Xiang Dao.

## **Chapter 169**

Then Zhou Xiang said, "So I decided to invest 500 million RMB."

The people in the private room where the two tables were placed. Hearing Zhou Xiang's words, they all exclaimed: "Wow-."

"I also invest 500 million RMB." Hua Tianyu was not willing to lag behind, they were all businessmen, and they could guess the profit of the omni-phone without thinking about it.

"I'll invest ten million RMB."

"I'll invest twenty million RMB, I'll invest fifteen million RMB ....." The people in the private room spoke out, stating the amount they were prepared to invest.

Zhang Tianqi, who was holding a small notebook, wrote down everyone's names and the amount of money they were going to invest, so that he could talk to them tomorrow.

In order to put the investors' minds at ease, Chen said he would get a small module in the Thousand Buddha Stone Pagoda, and click into it to see the movements of all the omnipotent cell phones, and only the investors would go in.

The next day, Chen HaoXuan began to advertise in his Thousand Buddha Stone Pagoda, his advertisement immediately made his website sensational, as if he was not born an ordinary person, everything he did would cause a great sensation. His advertisement this time made more noise than his previous ones, for no other reason than that he wanted to rely on a large number of investors to gather tens of millions of RMB to invest in omni-phone.

Hundreds of billions of RMB! This is not a small amount of money, and there are very few businesses in China that invest hundreds of billions of RMB all at once, even in foreign countries. So what! Chen HaoXuan was investigated again, Chen HaoXuan was secretly investigated, and Zhang TianQi was caught directly to the police station to be questioned by two men in civilian clothes, Zhang TianQi knows that these two men in civilian clothes are not ordinary people, plus he is doing regular business, so he is not afraid, he told the truth.

He was released, and the person who released him told him not to say anything about the incident that brought him in for questioning. In this way, Chen Hao Xuan knew nothing, did not know that he was investigated by others, did not know that he was noticed by others.

He left all the investors to Zhang Tianqi, who was mainly in charge of the real tycoons, such as Amanci Binky and others. Chen HaoXuan knows that the rapid development of all-powerful cell phone can not just rely on the production, he also needs a strong strength, otherwise his all-powerful cell phone sold on a large scale, will certainly encounter the resistance of those in the cell phone business, but if he has a strong partner, others will not dare to do anything to him.

For example, if he cooperates with Amansi Binchy, Amansi Binchy will definitely help him for his own benefit. If someone comes to find fault with him, Amansi Binchy will use his power to trample down those who do not see eye to eye. In addition, the Chinese goods want to enter Europe, the European officials may deliberately make things difficult for them, but really pull some families with great strength in Europe, you do not have to worry about this, there are problems they will deal with their own, do not worry about you.

It may take a long time to find small people, but if you are looking for big people, Chen HaoXuan will find them in a few seconds. After finding the contact information of these people, Chen HaoXuan is directly using his real name to contact those people, because he is now very famous, the general public will give him three points of thin face.

Chen HaoXuan is very easy, just chatting and pulling people OK, because he is famous, the general public will trust him. But Zhang Tianqi's side, they are busy, they are often busy, they will have a large group of rich people from all over the world to come to them to talk about the investment.

Amanci Binky, who was also lured by Chen Haoxuan, had a lot of money, and he directly invested 10 billion RMB. The funny thing is that when Amansi Binch personally called Zhang Tianqi, he almost gave Zhang Tianqi a heart attack, and Chen Hao Xuan, a world class millionaire, was able to get him here.

In the end, Zhang Tianqi has been numb, no matter who he felt very normal.

Day by day, more and more people invested in Omni Mobile, and Omni Mobile successfully went public.

Li Jun, who had also invested 100 million RMB, now had all his industrial zones unrented. Not only his, but also the whole city of Xinshan and all the empty industrial zones and factories nearby have been rented out. Now every day a large number of cell phone production equipment is shipped to the city of Xinshan, and also a large number of electronic talents and white collar workers, as for the employees, this needs to wait until the equipment is almost installed before recruiting.

The company is very busy every day, while Chen HaoXuan sits in front of the computer every day, drinking tea and chatting. This is what Chen HaoXuan likes to do behind the scenes boss, omnipotent cell phone no matter how big it is, his power is the largest, unless all the other investors are against him. The purchase of bamboo and other things is the responsibility of Chen Yue Bin, and the Superstore is the responsibility of Miao Yu Xiang. Chen HaoXuan is the easiest boss in the world, he uses his head, let others do the rest, he waits to count the money.

On September 6th, Chen HaoXuan had already gathered 100 billion RMB, so he didn't let other investors invest any more, and if there were more, he wouldn't have much money to share.

This year, the city of Xinshan is the busiest month in its history, because there are many young people from different provinces coming to Xinshan to look for jobs, and they all basically enter the same company's factory, that is, Communication Mobile City. It's easy to get into one of the factories, as long as you have a health card, no tattoos and sound limbs. As for the salary, it's a few hundred more than the labor law.

The city of Xinshan has more people, which greatly improves its economic capacity.

Chen HaoXuan and the others did this, but it helped a lot of people, solved the employment problems of a small number of people in China, and made the economy of the city of Xinshan several times better than before.

There was no need to look for any more investors, so Chen Hao Xuan was relaxed again and could go play again. It's been a long time since he went back and visited his supermarket, so he suggested to Chen Yina that he go back. It's not that Chen Yina didn't want to go back, but she needed to take an exam, and she didn't want Chen Hao Xuan, whose teacher couldn't even compare.

He asked Lin Hao and the three of them to take turns to protect Chen Yina's safety.

He saw that his supermarket was very hot and that Miao Yuxiang was managing it very well. When he saw that the supermarket was on the right track, he wanted Liu Junfeng to come over and learn from Miao Yuxiang while managing the supermarket. As for Yang Lin, he is not suitable for this line of work, he is only suitable for entertainment, so Chen HaoXuan put Yang Lin aside for the time being.

## **Chapter 170**

Chen Haoxuan decided to wait until he returned to the city of Xinshan. He decided to wait until he got back to the city of Xinshan and then transfer Liu Junfeng to Super Supermarket to see what his abilities were.

He drove back to the Chen Village, parked the car inside the villa and came out again. He used to go to Chen Yina's house first every time he came back.

As soon as Chen Haoxuan stepped into Chen Yina's house, he shouted loudly, "Auntie, uncle, I'm back!".

Li Ping was in the courtyard with a group of women, chatting and cleaning up various dishes, it seems to be ready to cook. When she saw that Chen HaoXuan was back, she stood up happily, walked to Chen HaoXuan, warmly held his hand and said, "XiaoXuan, you haven't been back for a long time.

"I missed you too, by the way, where is uncle?" Chen Haohuan smiled.

"He went to buy bamboo, and now he's not home for three days, he runs outside all day, and I basically can't see him except at night." Li Ping explained.

"Uncle, he is so busy now, can his body stand it?" Chen Hao Xuan was a little worried.

"I was worried at first, and I even took him to the hospital for a checkup, and he was fine, even his heart disease was much better. Ping Li was happy.

"That's good! But don't let Uncle get too tired, and when he comes back, I'll let him find some helpers, so he won't have to go out all day himself." Chen Hao Xuan Dao.

"Little Xuan, most considerate, I'll take your uncle's place first, thank you." Li Ping was happy.

"What kind of relationship do we have, do we still need to thank you?" Chen Hao Xuan joked.

Suddenly Li Ping seemed to think of something, she pulled Chen Hao Xuan aside and said to Chen Hao Xuan, "Xiao Xuan, do you know about your father's hospitalization?"

"My dad? Are you talking about Chen Zhenghao? What happened to him?" Chen Hao Xuan asked.

"It's just that not long after Chen Haorong ran away, he fell ill, and I heard that he was out of breath. I've heard that he owes a lot of money to the hospital. Your mother borrowed money from every household in order to treat your father's illness, but the family's reputation was so bad that no one was willing to lend her money, so she had no choice but to sell the room they were living in. I felt sorry for them, so I gave them 100,000 RMB. Xiao Xuan, you are their son, you should go to see him." Li Ping said to Chen Hao Xuan.

"I won't go, they have never treated me as a son, they have beaten me and scolded me since I was a child, and they even tried to kill me some time ago, I don't have such parents." Chen Hao Xuan coldly, he remembered the previous incident he was full of anger.

"Little Xuan, I think they should have reformed this time, so you can forgive them! Ha, go see them and listen to your aunt." Li Ping advised Chen Haohuan.

"I'm not going, I'm sick of people calling me a bastard." Chen Hao Xuan said and turned around to leave.

Li Ping started to physically grab Chen Hao Xuan's clothes, and said to Chen Hao Xuan seriously, "They did a lot of things in the past, but if not for them, would you have appeared in this world? It's in the past and you're still attached to the past, do you want to live in the past forever?"

"Auntie, you're right, but do you know how I feel? I think if you were me, you would be like me in not wanting to see them." Chen Hao Xuan Dao.

"No matter how bad your parents are, your dad is dying in the hospital and you don't even go over to see him, do you have a clear conscience? If you do, can I trust Nana to follow you forever?" Li Ping is putting pressure on Chen Hao Xuan, and she is doing this only because she wants Chen Hao Xuan to help Chen Zhenghao. The problem is that Chen Zhenghao's blood type is the rarest RH-negative blood in the world.

The only one who can save Chen Zhenghao is Chen Hao Xuan, but there is no guarantee that he can be saved, because she doesn't believe that Chen Hao Xuan is Chen Zhenghao's child. But we won't know if it is or not until we have a blood test.

"How about this! I'll write you a check for one million RMB, and you can give it to them for me." Chen Haoxuan faintly said.

"What about you? Aren't you going to see him?" Ping Li asked.

"I'm not going, I'll be angry if I see them, so it's better for me to not see them in order to have a good mood." Chen Hao Xuan said.

"Little Xuan, let me be honest with you! It's true that your father's illness is not too serious, and a quick surgery will fix it, but the problem is that his blood type is the rarest RH negative blood in the world, and the hospital can't find such a blood type, and your brother is nowhere to be found, so if his

condition continues to drag on like this, his life may be in danger, so the only person who can save him now is you." Li Pingdao.

Chen pointed at his nose and said, "I - I'm not his birth, my blood type is definitely different from his."

"How do you know if you don't try? Don't you want to know if you're his child or not?" Li Ping spoke to Chen Haoxuan's heart in one word.

Chen Hao Xuan did want to know his identity, Chen Hao Xuan thought, and after a few minutes, Chen Hao Xuan looked up to Li Ping and said, "Okay, I promise, I will go to the hospital to test the blood."

"That's great, wait for me, I'll have someone else cook for me, I'll go to the hospital with you later." Li Pingdao, she has a lot of women friends, these women basically come to her every day to play, so as soon as she went on, those women full of promise to help him cook food.

Chen Zhenghao is now in the People's Hospital of Pingyuan County, so Chen Haoxuan drove Li Ping to Pingyuan County in his car. When he arrived at Pingyuan County People's Hospital, Li Ping bought some fruit at the entrance of the hospital before taking Chen Hao Xuan in.

He did not go to see Chen Zhenghao right away, but went for a blood test first, wanting to know whether he was Chen Zhenghao's seed or not.

Nowadays, the technology is quite developed, and the blood test is done in a few minutes. The results came back, and it was RH-negative blood.

Chen HaoXuan was dumbfounded. At this moment, he was very confused: "I-I am really RH negative blood, I am Chen ZhengHao's biological son, but do I look like his son? How could I have such a father? .....?"

Li Ping stayed by Chen Hao Xuan's side because she was afraid that Chen Hao Xuan would run away, and because she wanted to see the test results. She snatched the test results with one hand, and when she saw that it said RH-negative blood, she cried tears of joy, feeling happy for Chen Hao Xuan.
