

A Billionaire's Reincarnation Chapter 171-180

Chapter 171

"Xiao Xuan. Come on, let's go tell your parents the good news, they will be very happy." Li Ping was happy from the bottom of her heart.

"I'm not going, he gave birth to me and I owe him, so I'm willing to donate blood to him and bear all his medical expenses." Chen Hao Xuan said indifferently.

"Little Xuan, why are you so fond of getting into trouble? They are your parents no matter what, and even though they have treated you badly before, you should give them a chance to make it right, right? If they are still stubborn, I promise not to persuade you again." Li Ping took Chen Haoxuan's hand and advised.

"Auntie, everyone has his own freedom, and since I've already made up my mind - you shouldn't force me to go see them. Well, if you want to see them, you can go! I'm going to find a doctor to draw blood." Chen Hao Xuan said to Li Ping faintly.

Looking at Chen Haohuan's back with a touch of sadness, Li Ping sighed and said, "Alas-, poor child."

Li Ping, who was carrying a bag of fruit, took Chen Haohuan's blood test slips and went to the hospital room where Chen Zhenghao was. Chen Zhenghao is now in debt, so he is in an ordinary ward with six patients.

Seeing Li Ping coming, Li Xin stood up and smiled at Li Ping: "Sister Ping, you're here! Sit quickly." Li Xin gave the chair she was sitting on to Li Ping, now she had changed a lot, she knew what was a good person and what was a bad person. She knew who were the good guys and who were the bad guys. The friends who used to play very well with her now saw that she was down on her luck and cut her off, while Li Ping, who she always thought was her enemy, reached out to help her when she was down on her luck. Now she is grateful to Li Ping from the bottom of her heart.

"Sister Ping, you've come and gone, why do you buy so many fruits every time, how shabby it is!" Chen Zhenghao lay on the hospital bed and said to Li Ping.

"A big bag of fruit is only a few dollars, it's not expensive." Li Ping smiled.

Li Ping was also not polite, she sat by Chen Zhenghao's bedside, she put the fruit on the bedside cabinet, then she took out a piece of paper and shook it in front of Chen Zhenghao's eyes, smiling mysteriously: "You see what this is?"

Chen Zhenghao received the paper handed to him by Li Ping, and when he read the contents of the paper, his body did not even have the strength to sit up, but at this moment, he seemed to get some mysterious power, which made him sit up all of a sudden, his expression was very surprised, and his voice trembled, saying: "He... He's my son."

"Jung Ho, what son are you talking about, is it Ho-Rong who has come back?" Chen Haorong has always been the pillar of their family, she thought, if Chen Haorong comes back, then they won't worry about the medical expenses anymore.

When she heard Li Xin mention Chen Haorong, Chen Zhenghao was furious. If it weren't for Chen Haorong, he wouldn't be lying here, and she exhaled, "Don't mention that ungrateful son again. Just look at this!" Chen Zhenghao handed Li Xin the paper that Li Ping had just given him.

When Li Xin saw the contents of the paper, her eyes opened wide and she said in surprise, "Zhenghao, that brat - no, no, it's Hao Xuan, Hao Xuan is your biological son, not someone else's, it's yours."

"There are very few people with the same blood type as me, it can be said to be one in a million, but why doesn't he look like me?" Chen Zhenghao struggled with the fact that he used to conclude that Chen Haoxuan was not his biological son based on his looks.

Li Ping interjected, saying, "The child may not necessarily only look like his parents, but may look like his grandmother, grandfather, uncle, all these people who are related to the child by blood, the child may look like them."

Chen Zhenghao seemed to have thought of something, and he slammed his thigh, this violent movement caused his stomach to hurt as if he had been stabbed. He had acute appendicitis, and when he moved his stomach, it hurt. "Li Xin, go back quickly and go back and bring me the photo album that's in that wooden box of mine." Chen Zhenghao endured the severe pain and said to Li Xin.

Li Ping and Li Xin took the bus back, on the way back, Li Ping told Li Xin that Chen Haoxuan was already taking blood from the hospital to prepare for Chen Zhenghao's surgery, after Li Xin heard that, she felt very guilty, they did that to Chen Haoxuan, even wanted to kill him, even if Chen Haoxuan wanted to kill them, she felt very normal, but Chen Haoxuan also saved them, not only bear all the medical expenses, but also took his own blood to her! Hubby. Li Xin felt so guilty that she wanted to kneel down and apologize in front of Chen Haohuan.

Li Xin's house was sold, so their things were temporarily left at Li Ping's house. She arrived at Li Ping's house and found the wooden box that Chen Zhenghao talked about. She opened it, and the first page was a black-and-white photo of several old people, whom she didn't know, and she turned the page one by one. When she turned the last page, she shouted out, but Li Ping, who was behind her, took the lead.

Li Ping's surprise: "This person seems to be Chen Haoxuan yo!"

Li Xin said, "Yeah! It's like a mold carved out of the same mold, I think this must be Zhenghao's family."

In order to tell Chen Zhenghao the good news quickly, Li Ping went to Jiang Dong and asked him to send someone to drive them to the People's Hospital in Pingyuan County on a motorcycle. She asked Jiang Dong to send someone to drive them to the People's Hospital of Pingyuan County on a motorcycle. Li Ping was Chen Haoxuan's mother-in-law, so of course Jiang Dong gave Li Ping face and sent two people to drive them to Pingyuan County.

Back at the People's Hospital in Pingyuan County, Li Xin directly opened the last page of the photo album and handed it to Chen Zhenghao: "Look at who this is."

"She is my mother, and it turns out that Hao Xuan looks like my mother, not like us as a couple. Alas-, we were wrong to blame him." Chen Zhenghao said with a sigh.

"No wonder Little Xuan is so handsome, he looks like your mother." Li Ping said happily.

"If I had remembered my mother's face, if I had a conscience to look at the photos of them before they died, this wouldn't have happened. I'm sorry to Hao Xuan, I'm the one who caused him to be alone and miserable, and caused him to start being wronged as a child" Chen Zhenghao said, he can't help but cry, this is guilt, shame, regret tears of various emotions.

"Do you still want to recognize him?" Li Ping spoke out.

"He is my son, of course I want to claim him back! But he won't forgive me for what I did to him in the past." Chen Zhenghao was dejected.

"Whether he can forgive you or not depends on your sincerity. By the way, I forgot to tell you, Xiao Xuan is in the hospital right now to donate blood to you, he also helped you pay all your medical bills, if you want to recognize him, just hurry up and get well and go to him personally." Li Pingdao.

Chapter 172

"I will. When I'm well, I'll kneel down in front of him and beg his forgiveness." Chen Zhenghao was serious, he was a very honest man before he got married, and only became bad after he got married, strictly speaking, he was brought down by Li Xin.

Li Ping stood up and said, "That's fine I'll leave first, I still have to go back and cook for Xiao Xuan and the others."

"Wait a minute, please help me give this photo to Hao Xuan and tell him that I'm sorry." Chen Zhenghao handed the photo of his mother when she was young to Li Ping, ashamed.

"I'll help you persuade Little Xuan, don't worry!" Li Ping smiled.

When she walked out of the hospital room where Chen Zhenghao was, she took out her cell phone and called Chen Haohuan: "Hey, Xiao Xuan, where are you now?"

Chen Haoxuan's voice came out of his cell phone, "I'm at the entrance of the People's Hospital, you'll be able to see me as soon as you come out."

"I'm coming now." Li Ping quickly walked outside, she couldn't wait to tell him that Chen Haohuan looked like Chen Zhenghao's mother.

Li Ping walked out of the People's Hospital and got into Chen Hao Xuan's car. As soon as she got into the car, she pulled out Chen Zhenghao's mother's picture and handed it to Chen Hao Xuan, saying, "Look at this."

He was very sleepy and fatigued, and had just drawn so much blood that if it weren't for his strong willpower, he might have fainted. When he saw the person in the photo clearly, he said curiously: "Hey-, why does this woman look so much like me? Also, judging by the age of the photo, it must have been taken a long time ago, right? Who is she?"

"You guess." Li Ping said with a mysterious smile.

"There are a lot of people in this world who look like each other, so if you don't tell me, forget it! Sit tight, I'm going to drive." Chen Haoxuan pretended not to care at all.

"Wait, this is a picture of your grandmother when she was young, you are your father's own child, you don't look like your parents because you look like your grandmother." Li Ping explained.

Chen Hao Xuan couldn't help but touch his cheek with his left hand, and held the photo in his right hand, looking at the photo with his eyes, he said to himself, "No wonder I look so handsome, it's because I look like my grandmother."

"Xiao Xuan, your parents have regretted it now, and your father even said that when he gets well, he will kneel in front of you personally and ask for your forgiveness." Li Ping was smiling.

"Kneel? Humph, who cares about his kneeling, if one knee is worth more than twenty years of fault, then I'll go and kneel for him." Chen Haoxuan exhaled, he started the car and drove towards the direction of the Chen Village.

"Ugh-." Li Ping sighed, she thought in her heart, maybe Chen Zhenghao and the others had hurt Chen Haohuan too deeply, that's why Chen Haohuan had refused to forgive Chen Zhenghao and the others.

After Chen Hao Xuan returned to the Chen Village and sent Li Ping back, he hid in the villa, not even eating, and urged Jiang Dong and the others not to disturb him. In the villa, Chen Hao Xuan leaned on the sofa in the living room and stared at a photo. When he was reborn in this era, everyone he knew believed he was not born to Chen Zhenghao and his wife, even himself, and now that the hard evidence was in front of him, he felt that it was very funny.

A couple had always suspected that their son was someone else's seed, and when their relationship with their son was at its worst, they realized that the son was not someone else's seed, but theirs. Everyone suspected, and everyone turned out to be wrong. "I already know who I am, should I laugh or should I cry?" Chen Haoxuan laughed bitterly.

"I wonder, my grandmother is so beautiful, why does she give birth to a son who is so ugly?"

"Wouldn't he be happy to know that he's not a bastard if the old Chen Hao Xuan was still around? Will he forgive his parents??" Chen Haoxuan was alone inside the living room, talking to himself from time to time.

Chen Haorong, who is now in H province with his wife, often calls his friends in Pingyuan County to tell them about Chen Haoxuan's side of the story, and he learns from his friends that Chen Haoxuan is doing nothing, as if he has forgotten him. He also knew that his dad was so angry that he was in the hospital, and he had his parents' cell phone numbers, but he didn't call them to comfort them, and he didn't send any money to his dad because he had decided to cut ties with them.

Chen Haorong is now doing his old job in Province H. He opened a supermarket, but he wanted to open a shopping mall, but he didn't have much money, so he opened a supermarket first. He didn't tell his friends that he had opened a supermarket, because he was afraid that Chen Haoxuan would hire a hit man to kill him when he found out, or do the same business as before in the neighborhood where he did his business. If Chen Hao Xuan knew, he would really use his business methods to bring Chen Haorong down.

In the afternoon, Chen Hao Xuan took a walk in the Chen Village to take his mind off things. As he passed under a large banyan tree, he met a group of villagers, both men and women, who liked to cool off under the tree because of the hot weather. When the villagers saw Chen HaoXuan coming, they all greeted him and he smiled.

One of the villagers said to Chen Hao Xuan, "Little Xuan, when will you buy mountain goods?" It had been a long time since Chen Hao Xuan had acquired mountain goods and the like, which made the villagers of the Chen Village go back to their previous ordinary life, and the villagers who had eaten the sweets now looked forward to Chen Hao Xuan collecting mountain goods and the like again every day so that they could earn some living expenses.

"Except for bamboo, we won't collect anything else for now." Chen Hao Xuan said.

"Little Xuan, we all know that you are business material, do you have any way to make us a small fortune? If not, even if it allows us to make a little money on a regular basis, we can still do it."

"Yeah! Xuan, just help us out!"

"Little Xuan, how about we all work for you even" One by one, the villagers wanted Chen Hao Xuan to take them to be rich.

"You guys care most about agriculture, how about this! You raise some chickens and ducks, be sure to raise them wild, if you can, you put the chickens in the mountains and the ducks in the river. When their chickens and ducks are big enough, come to me and I will buy them all." Chen Hao Xuan said, he is now doing business with so many people, and those who work with him are rich people, they are tired of eating mountains and seafood, fruits and other gifts are too cheap, red wine and other things are too expensive, these native products are different, they have meanings and characteristics. Even if Chen Haoxuan can't send out so many specialties, he can still sell them in his own supermarket.

Chapter 173

"Chickens and ducks need to be raised for about six months before they can be sold. And each person can only raise a dozen or so, which is too few, and a dozen or so can make a little money for cigarettes, which is definitely not enough to make a living. Xiao Xuan, you can either let us raise more, or you can find other profitable ones for us to do." The one who spoke out was Li Dansong, who was in his thirties, full of beard, liked to gamble, he didn't like to make small money, he only liked to make big money, so he was dissatisfied that Chen Hao Xuan was so stingy.

"Then you guys go find it yourselves! I'm not a savior, and I can't help so many people." Chen Hao Xuan's face was expressionless, after saying that he turned around he left. What anger was in his heart? He was trying to help them with good intentions, and they spoke to him in such a tone: "Either let us raise a little more, or find other money-making jobs for us, your sister, you are my father! Begging me to still use such a tone." Chen Haoxuan cursed in exasperation.

"What do you mean! Making a little money and then putting up a fight, it's a pity he's still from the Chen Family Village." Li Dansong grinned at Chen Haoxuan's back and cursed. It's nice to say that the loss is that he is still from the same village, but what about himself? He seems to have forgotten how he used to bully Chen Hao Xuan, is Chen Hao Xuan not a member of the Chen Village?

"Dansong, we are asking for his help, but why are you talking to him as if you are threatening him? If I were him, I would be angry, too." An honest villager said to Li Dansong.

"Yeah! Dansong, you shouldn't talk to Little Xuan like that. Look, now that he's gone, who else can bring us rich in the future?" The villagers under the banyan tree put the blame on Li Dansong for making Chen Haoxuan angry.

Li Dansong got angry and stood up, shouting at the villagers who had just been bragging to him, "Did I say something wrong? Each person is only given a dozen or so chickens and ducks, and one chicken or duck is only one or twenty dollars, ten is only two or three hundred, and half of them can only make two or three hundred, so you might as well go to the gambling table and gamble a few times, and if you're lucky you can make a few thousand."

"You're so good, how come you're poorer than us?"

"I'm poor, damn you, is your family rich? Would you have been able to build a new house if your daughters hadn't married off for a lot of money?"

"What did you say? You mean I'm selling my daughter?"

"Doesn't it?" He said that Li Dansong and a few villagers quarreled, and the noise was so strong that if someone hadn't stopped them, they would have fought.

Li Dansong and the villagers fighting, Chen Hao Xuan temporarily do not know, he is now walking in the farmland, see the villagers working in the farmland, sweat dripping to endure, he sighed: "Everything is wealth, planting crops can also be rich, just depends on whether you are willing to research, see how to plant to improve the yield and quality."

After he passed an orchard, he met Chen Xiumin's dad, who was planting sweet potatoes, and Chen Hao Xuan walked over to him. He said, "Uncle Xing, he is planting sweet potatoes!"

Chen Xiumin's father, Chen Xing, heard a familiar voice and turned around to see that it was Chen Hao Xuan, a rich man in his village. "So it's Little Hen! Why are you free to come to the field." Chen Xing smiled.

Chen Haoxuan pulled out a cigar and handed one to Chen Xing, then lit one himself and took a drag before speaking out, "I'm just looking around."

"I see you're looking for a chance to get rich, right?" Chen Xing joked that he had heard Chen Yue Bin and Li Ping say that Chen Haoxuan used to drive around outside the village and found a lot of business opportunities to buy laurel trees, stones, and Now when he saw Chen Haoxuan outside the village, he really doubted that he was looking for any business opportunities. Now when he saw Chen Hao Xuan outside the village, he really doubted that Chen Hao Xuan was looking for any business opportunities.

"You've found it all!" Chen Hao Xuan joked.

"What is the business? Let's hear it so that Uncle can find something to get ready." Chen Xing suspected that Chen Haoxuan was as ready to acquire something as before.

"Let me ask you first, how is your skill in growing sweet potatoes?" Chen Hoxuan asked.

"Growing sweet potatoes in our village, I dare to admit second, no one dares to admit first." Chen Xing proudly said.

"Then you plant two acres of sweet potatoes! I will pay a high price for all of them, but I also have conditions, you need to grow the sweet potatoes in a big way, you can't use chemical fertilizers, you can only use cow manure and other fertilizers, and you also need to help me make all the sweet potatoes like the dried sweet potatoes I ate at your house last time." Chen Hao Xuan Dao.

"Two acres of sweet potatoes, if you are really high priced, I will sell some cow dung and pig manure to grow sweet potatoes, and then the sweet potatoes will definitely grow big, and the yield of two acres of land is likely to be tens of thousands of pounds. Xiao Xuan, can you eat that much?" Chen Xing to Chen Haoxuan.

"The last time I ate your dried sweet potatoes at your house, I liked them so much that I wanted you to grow more to give as gifts at the end of the year. Anyway, the sweet potatoes are only one or two yuan a pound, which is much cheaper than selling tea, wine, cigarettes and other gifts. You grow a little better! Then boil and dry the sweet potatoes, I'll offer five yuan a pound for all of them, and if they taste good and look good, I'll offer six yuan." Chen Hao Xuan Dao.

The sweet potato is different from other plants, he is a sweet potato can be cut into several pieces to plant, the vitality is still very strong, basically, there is soil and water can grow. Chen Xing roughly calculated, a pound of sweet potatoes six yuan, then he desperately must make the production to reach ten thousand jin, that is 60,000 yuan, the investment can not be counted, because it does not use much money. He was so excited that he pulled Chen Hao Xuan's hand in both hands and said, "Xiao Xuan, thank you, thank you so much."

Chen Xing really liked Chen Hao Xuan, his family is now in a building, if not for Chen Hao Xuan his family could not even build a tile house, and now Chen Hao Xuan gave him a very lucrative business, can he not like Chen Hao Xuan? If Chen HaoXuan is willing, he would like to marry his daughter to Chen HaoXuan, her daughter's age is not much different from Chen HaoXuan's, one is 20, one is 12, the difference is only eight years, this is normal. It's a pity that Chen Yina beat him to it, or else he would have stuck his daughter in Chen Hao Xuan's shoes no matter what.

"Fat water doesn't flow outside the field!" Chen Haohuan smiled.

"Right right, the fat water doesn't flow outside the field." Chen Xing was happy, with Chen Haoxuan's words, he could vaguely imagine that he would make a lot of money in the future with Chen Haoxuan.

"Anyway, I'm idle now, I'll help you plant ground gourds!" Chen Hao Xuan Dao.

"Don't, I can do it myself, how can you, a billionaire, do such a job, if you really want to help, you just sit beside me and chat with me, tell me how to do business, so that I can have a long knowledge." Chen Xing smiled.

Chapter 174

The air in the village is good. It can make people feel happy and relaxed, especially in the flat fields, the wind blowing in the face has a faint sweet smell, just like water, the purer the water, the sweeter it is.

After chatting with Chen Xing for a while, he felt a little sleepy, so he lay down directly on the grass by the field to sleep, and the sleep was very comfortable. If Chen Xing hadn't woken him up when he left, he would have slept until tomorrow.

After Chen HaoXuan went back to sleep, he went back to sleep, as if he wanted to use the time to sleep to forget his troubles.

The next day, September 8th, Chen Hao Xuan stayed in his villa and started to design clothes using the computer. He wanted to design some clothes to be made by the ten women he had hired before. He wanted to design a few sets of clothes and have them made by the ten women he used to hire. He would take some of them to Jiang Xiang Han to test the market, and if they were popular, he would expand the production.

It's not that he doesn't have confidence in himself, but the clothes he wants to design are popular in the future century, and there's a big difference between them and the clothes in the 21st century, and he's worried that the aesthetics of people in the 21st century are different from those in the future century, so he might not like the clothes in the future century. So Chen HaoXuan did not mass produce at the beginning, but first trained ten women, and now he is ready to make some to test the water.

When Chen HaoXuan designs clothes, of course he has to design them for himself first! It's been a while since he came to the 21st century, and he often misses the days in the future century, he knows he can't go back to the future century, so he wants to make himself something from the future century to relieve his homesickness.

The color of the vest was white, and he originally wanted to get black, which would be a little more aggressive. But when he saw his face in the mirror, he had no choice but to go with white. His face, except for his eyes, which were a bit dominant, was very soft, and if he wore a black vest, he would look very twisted. But if he wears a white vest, it's different, and he's just like a prince charming.

It took Chen HaoXuan two hours to design his own clothes. After he finished his own, he started to design clothes for Design Chen Yina and the others.

It's hard to design a boy's clothes, but a girl's clothes are different. A girl's clothes are very simple, with good color matching and a few pieces of cloth sewn together, and it's almost done. Chen Hao Xuan

to Chen Yina and their design is the same, strapless dress, skirt is the top big, the bottom small, a vertical triangle, the clothes are very Zou, this is the characteristics of the clothes, the most beautiful is Chen Hao Xuan design belt, is black, the buckle is two silver hearts

Chen HaoXuan designed his own clothes and Chen Yina's clothes, he went to Chen Yina's home, the ten women he hired to work in a tiled room in Chen Yina's home. The ten women he hired were working in a tiled room in Chen's house. Chen gave them the design and taught them how to read the design and how to sew the clothes.

Chen didn't know how to sew, but he was very good at it verbally. Ten people, each responsible for one place, so it was quicker to do it. Thanks to Jiang Xianghan, who couldn't wait for the other day, he sent a lot of good quality fabric to Chen Hao Xuan's house in order to hurry Chen Hao Xuan's clothing business, otherwise the clothes Chen Hao Xuan designed wouldn't be made today, because all his fabric is used to make rag dolls.

The same day, Chen HaoXuan and Chen Yina their clothes are done, he took the good clothes back to the villa, the clothes are not completely done, still need to get on the decorations, such as his vest, pants need to get on a few chains, the clothes on his shoulders also need to get on the chains, chest pockets need to get on the gold wire

Chen had many tools in his villa, so he was able to do it himself.

The next day, when Chen came out wearing a white vest, everyone who saw Chen could not help but gasp. The vest was sleeveless, with nine silver chains on the shoulders, thin gold wires around the edges of the chest pockets, a black belt with a silver buckle, and the most peculiar pants, with six pockets on both sides of his pants, which were tiered, and a silver chain fastening each pocket.

The clothes and pants were all flat, with no wrinkles, plus Chen was wearing silver arms, a gold ring, and white leather shoes similar to sneakers on his feet. This is the first time I've ever seen a man in my life who has been in a position to make a difference in the way he looks.

"Wow, brother Xuan is so handsome yo!" Chen Xiumin she heard that Chen Haohuan was wearing a new set of clothes today, very, very handsome, so he came to Chen Haohuan's house, and after seeing Chen Haohuan, she was pleasantly surprised.

"It's not that handsome, just charmed thousands of women." Chen Hao Xuan joked narcissistically.

"Brother Xuan, shame shame shame." Chen Xiumin was very cute and crossed her face with her finger, hehehehe.

Chen Feng, who didn't have to go to school today because it was Sunday, was right next to Chen Hao Xuan at the moment, and he couldn't help but say to Chen Hao Xuan, "Brother Xuan, can you give me a set of clothes like this?"

"This won't work, because such clothes can only be worn by me, and if you want, I can design another set for you separately." Chen Haoxuan.

"Then I want white ones too, just about the same as yours." Chen Feng was happy, his body was similar to Chen Haoxuan's, and his appearance was as handsome as Chen Haoxuan's, he could imagine that if he wore clothes similar to Chen Haoxuan's, he would not be much worse than Chen Haoxuan, and when he returned to school, the girls in school would not be charmed to death by him.

Chen Xiumin pulled Chen Haoxuan's hand and said coquettishly, "Brother Xuan, I want it too, I want it too"

"You both have them, Xiao Feng's will be given to you tomorrow, as for Xiaomin's it will be given now, let's go, Brother Xuan will take you to get the clothes." Chen Hao Xuan took Chen Xiumin's small hand and walked into the villa.

The clothes that Chen Hao Xuan designed for Chen Yina and the others are all the same size, and people of similar stature can wear them, because the dress is zou, and tightening the belt would be appropriate.

Chen Hoxuan took a set of dresses prepared for Chen Yina and the others to Chen Xiumin, Chen Xiumin was very happy, she couldn't wait to change into the new clothes, she pushed Chen Hoxuan out of the room and changed clothes in Chen Hoxuan's room. When she changed her clothes and saw her changed clothes on the mirror on the closet in Chen Haohuan's room, she couldn't help but say, "Wow-, I'm so beautiful, I don't know if brother Xuan likes me like this."

Chapter 175

Chen Xiumin opened the door of her room and said to Chen Hao Xuan who was sitting in the living room, "Brother Xuan, do you like it?". She said Chen Xiumin deliberately turned around so that Chen HaoXuan could see her graceful posture.

Pure and lovely, just like a greenish fruit, natural, innocent and simple Chen Hao Xuan couldn't help but say, "Good looking, really good looking."

"Brother Xuan, where did you buy this dress? I also want to go buy a few pieces." Chen Xiumin said coquettishly, she was now considered a little rich among the children of the Chen Village, and she carried dozens of yuan bills in her little pockets at all times.

"These clothes are made by my small garment factory, if you like them, I'll send you a few more after a while." Chen Hao Xuan smiled.

Chen Xiumin trotted to Chen Haohuan's side, pulled Chen Haohuan's hand with both hands, and said tenderly, "Brother Xuan, let's go out and play!" Chen Xiumin was still a child at heart. The purpose of her wanting to go out with Chen was to show off and let the people in the village know that she had new clothes to wear just like Chen Hao Xuan.

"Okay, I'll hang out with you today." Chen Hao Xuan joked that he hadn't played with children for a long time, and he missed the time when he used to play with Chen Xiumin and the others.

Chen Xiumin is still young, she does not understand what is called a man and a woman, she only knows that she likes Chen Hao Xuan very much, so she always Chen Hao Xuan holding Chen Hao Xuan's hand, or hugging Chen Hao Xuan's arm. Chen Hao Xuan didn't take it seriously, because he thought of Chen Xiumin as his sister. But now that Chen Xiumin is holding Chen Haoxuan's arm, Chen Haoxuan can

feel the state of Chen Xiumin's chest vaguely bulging, which makes him somewhat uncomfortable, and he keeps saying in his heart: "Can't sag, can't sag"

When Chen Haoxuan and the others came out of the villa, the villagers had not yet left, and when they saw Chen Haoxuan and the others, they all exclaimed, "Wow-, what a well-matched pair of golden boys and girls."

The female was pure and lovely, wearing a white dress, just as beautiful as Snow White. The man was handsome and dashing, wearing a white vest, just as noble as Prince Charming. The two of them stood together, and everyone thought of the princess and the prince.

Everyone smiled happily, but Chen Yina's family was very worried about her.

Chen Xiumin's mother was also in the crowd, and when she saw Chen Hao Xuan and her daughter together, her mouth never closed and she kept smiling.

Chen Xiumin pulled Chen Hao Xuan strolled around the village, walking they came to the river, they sat on a big rock by the river, Chen Hao Xuan sat, and Chen Xiumin leaned on Chen Hao Xuan's shoulder, the two posture is very much like a couple.

"Brother Xuan, it's so comfortable to lean on your shoulder, as if I feel very secure, why is that?" With a happy expression on her face, Chen Xiumin asked Chen Haohuan.

"It's because you're being flirtatious!" Chen Hao Xuan joked.

Chen Xiumin patted Chen Haohuan's chest and said petulantly, "Nasty, you just know how to bully others."

"Wait for me, I'll go get a small thing to play with." Chen Hao Xuan stood up. He jumped down from the stone, ran to a bamboo forest not far away, and used a small knife to cut a few sections of bamboo before returning to Chen Xiumin's side.

Seeing that Chen had made a bamboo, Chen Xiumin asked curiously, "Brother Xuan, what are you doing with the bamboo?"

"I make musical instruments." Chen Hao Xuan, he used the small knife that was on a string with the key to sharpen the bamboo into the shape he wanted, one by one.

He wiped the head of the flute with his hand and then put it to his lips. The sound of the flute was clear and pleasant, the sound of the flute was distant and melodious, dynamic, cheerful, fluttering, beautiful, and very mobile

"Wow." Chen Xiumin was surprised, holding her little head high and looking at Chen Haoxuan with stars in her eyes. She felt that she was very happy at this moment, and wanted time to stay at this moment. She didn't know what this feeling meant, but if she told her parents about it, they would definitely say to her, "Son, you're in love."

At this time, there were five tourist boats flowing down from the upper river in Chenjia Village, and every seat on the boats was filled with tourists, all of whom came from the Tangshan tourist area, and very few tourists usually came to visit this river in Chenjia Village, because many tourists didn't know that the scenery on both sides of the river was so beautiful, and if it wasn't for the guide, these tourists wouldn't have known!

"Flute, is someone playing a flute? Wow, that's good to hear, yo!" A tourist on a tour boat exclaimed.

"Guide, bring the boat over, we want to see who is playing the flute." A woman with a wealthy look on her face said.

"By the sound of the voice it should be just ahead, ahead is the Chen Village, I think the person playing the flute is from the Chen Village!" Standing on the bow of the boat, a beautiful woman wearing a red hat, she is the tour guide, her home is in Pingyuan County, so she knows that the scenery of the river in Chenjia Village is nice, she has brought several tourists to visit this river, and every tourist is very satisfied, so he often brings some tourists to visit the vicinity of Chenjia Village.

As the boat slowly drifted down the river, the sound of the flute became louder and louder. Then a tourist with binoculars suddenly said happily, "Look, there are two people in front of us, and the one playing the flute is a boy.

There were quite a few tourists with binoculars, at least more than ten tourists in these five boats. "Wow-, they should be a couple, what a nice pair yo! That boy and girl are so handsome, I'm going to take a picture with them later" The tourists with binoculars kept saying to themselves.

The tour guide with the red hat, Xu Muqing, heard the words of the tourists with binoculars, and she really wanted to grab their binoculars to see what the couple in front of her looked like.

The boat slowly approached, and Xu Muqing slowly got a good look at the people in front of her, and she asked the boatman to bring the boat to the shore in order to see them more clearly.

More than twenty tourists were walking toward Chen Hao Xuan's position. There were so many of them that their footsteps interrupted the sound of Chen Hao Xuan's flute. When he heard the sound of many footsteps, he looked back and saw a group of strangers walking toward him.

"Minnie, who are those people?" He was reborn into the 21st century, but he didn't inherit his body's memories, which is why he asked Chen Xiumin.

Chapter 176

"I don't know, but they look like they're on a trip." Chen Xiumin said in a delicate voice.

At this time, Xu Muqing brought his tour group to Chen Hao Xuan, and since Chen Hao Xuan and Chen Xiumin were still on top of the huge rock, they could only look at Chen Hao Xuan and the others with their heads held high, which made them feel that Chen Hao Xuan and the others were even more extraordinary, and they thought that Chen Hao Xuan and the others must be rich and noble.

"Hello, I am the tour guide of Dan Mountain Tourist Area, they are my tourists, we were attracted here by your flute music, because your flute music is so beautiful, so we wanted to come and see you, you don't mind, do you?" Xu Muqing said to Chen Hao Xuan, "I don't mind, but I feel awkward looking at you guys.

Chen Hao Xuan said with a bitter smile, "I don't mind, but I feel like you guys are looking at me, I'm awkward, I feel like a monkey in a zoo being watched."

"Sir, you are so humorous, how can we treat you like a monkey, we are treating you like Prince Charming, and the girls around you like Snow White." Xu Muqing joked.

"Oh, you guys are mistaken, she is not my girlfriend, she is just my friend." Chen Haoxuan explained.

Chen Xiumin's childish heart flourished, and she coquettishly said to the people below, "Do you believe his words?"

All the tourists, including tour guide Xu Muqing, shook their heads and said in unison, "I don't believe it." They wondered why they would wear a couple's costume if they weren't a couple.

"Well, whatever you say! I'm used to being misunderstood by others anyway." Chen Haoxuan smiled bitterly, he himself felt that he was strange, every time he met a girl, he would be misunderstood. The first time he came into contact with Zhou Kexin, he was misunderstood by He Haoming, and the second time he helped Ma Yichen, Huang Meilin confessed to him and was misunderstood by the whole school

"You guys are also supposed to be here for fun, right? Why don't we go together." Xu Muqing to Chen Haoxuan and the others, this neighborhood is all rural, the villagers can't have the same temperament as Chen Haoxuan and the others, so she thinks Chen Haoxuan and the others are here for fun just like them.

"We are from the Chen Village, so it's not considered a tour, we can only come out to take a break." Chen Hao Xuan smiled.

"Chen Jia Village, I've been there, and your village still retains many ancient buildings, but I've never heard of any rich families in Chen Jia Village! Oh, oh, I see, you're visiting your relatives and staying with them temporarily, right?" Xu Muqing analyzed.

"Sister, you guessed wrong yo! We are from the Chen Village, always have been." Chen Xiumin was proud.

"No way. So can you tell me what you are called?" Xu Muqing questioned, she really can't think of Chen Hao Xuan and the others in the Chen Village.

"My name is Chen Haoxuan, her name is Chen Xiumin, and we are both surnamed Chen, so you should believe that we are from the Chen Family Village now, right?" Chen Haohuan smiled.

"Can I take a picture with you guys?" A tourist addressed Chen Haoxuan and the others.

"Then you'll have to ask this little beauty beside me." Chen Hao Xuan smiled.

"Of course I can! But you need to shoot me beautifully." Chen Xiumin smiled sweetly.

The sound of clacking and clicking was loud and every tourist climbed up to the huge rock to take a picture with Chen Haoxuan and the others, and then they asked for a single picture with Chen Haoxuan and the others.

Chen and Xu quickly became acquainted with the tourists, and many of them wanted to see the ancient architecture of the Chen Village, so Chen was generous enough to treat the tourists to dinner.

Chen HaoXuan and Xu Muqing were not familiar with the Chen Village, so the tour guide was replaced, and Chen Xiumin took on this important responsibility. The Chen Family Village was a very beautiful place in the past, and the ancient architecture of the Chen Family Village was very beautiful.

The first thing I noticed is that there are a lot of people who are not familiar with the village.

"The front is Brother Xuan's home." Chen Xiumin pointed ahead and spoke to the tourists in a delicate voice.

Xu Muqing, who was following the tourists, turned her head to Chen Hao Xuan and said, "Mr. Chen, there are too many of us for convenience, I'd better take them back to the restaurant in the Danshan tourist area."

"It's fine, my house is quite big, I can fit them." Chen Hao Xuan smiled, just his villa, not to mention the twenty tourists, even if thousands of people come, his villa can fit them, but it will be a little crowded.

They couldn't believe that there was such a luxurious villa in a remote village, and none of them could afford to live in a villa like this, even if they all had money together, they couldn't afford such a luxurious villa.

"This is my brother Xuan's villa, how is it? Isn't it beautiful." Chen Xiumin was so proud of her, looking at her like she owned the villa.

"This-is this really the villa you live in?" Xu Muqing was surprised and asked Chen Haoxuan. Xu Muqing came to the Chen Village a year ago, a year ago she used to the Chen Village many times in

order to understand the history and scenery of the Chen Village, and she asked about the past, so she knew that the Chen Village did not have a very big building, let alone such a luxurious villa, a year before she came, there was a villa so luxurious, how can this not surprise her!

"Don't I look like someone who lives in a villa?" Chen Hao Xuan smiled.

Xu Muqing was afraid that Chen Haoxuan misunderstood, she was busy waving her hands, explained: "No, no, no, I do not mean that, I was very surprised, I came to your village a year ago, at that time there was no villa nor had I heard of the Chen family village is also so rich people, so - so I was very surprised, surprised to A little unbelievable."

"Heh heh, you're so funny, come on, come to my house and sit down!" Chen Hao Xuan Dao.

Chen Hao Xuan led the tourists into the villa, and those tourists continuously let out a cry of surprise: "Wow, even the security guards are there. Wow, even the security guards are there. Wow, the patrols are there. Wow, what a high-class residence, if I can live here, I will die without regret"

In the living room, Chen Haoxuan loudly said to the tourists, "Don't be polite, treat it as your own home, sit anywhere ha!"

Chapter 177

From the outside, two words luxury, from the inside, still two words, but a big difference, paradise. The inside of the villa was too luxurious and elegant. That's why Xu Muqing and the others, who had never seen such a nice house before, felt that this house was like heaven.

"Mr. Chen, I didn't expect you to be a millionaire!" Xu Muqing looked at Chen Haoxuan with strange eyes as if she only now knew him.

"Do you really not know Brother Xuan? That's impossible! Brother Hen is so famous, on the Internet, on TV, he's a big hit, how can you not know Brother Hen?" Chen Xiumin tilted her little head, curious.

"Chen Haoxuan, oh, I see, aren't you the billionaire Chen Haoxuan of Xinshan City? You carved a thousand Buddha stone pagoda and sold it for one billion dollars, didn't you?" A tourist, alarmed, said.

Chen Haoxuan nodded his head and echoed, "Yes."

"No wonder you look so familiar, so you are the billionaire Chen Haoxuan of the city of Xinshan." The tourists all spoke out in amazement, they had seen Chen Haoxuan's profile on TV, online, and they all lived in the city of Xinshan, so they didn't know that Chen Haoxuan's home was originally in the Chen Family Village.

Chen HaoXuan took out his cell phone and made a call to Li Ping, asking her to prepare lunch for thirty more people today.

Chen HaoXuan always keeps a lot of snacks in his house, so Chen HaoXuan and Chen Xiumin packed a big pile of snacks to entertain the tourists.

Seeing Chen Hao Xuan and Chen Xiumin so close and so well matched, Xu Muqing still couldn't help but ask: "Mr. Chen, Xiao Min, is it really not your girlfriend?".

Chen Haohuan was sitting on the sofa, and Chen Xiumin was sitting on the edge of the sofa that Chen Haohuan was sitting on, the two of them looked like a loving couple no matter how they looked at it.

Hearing Xu Muqing ask such a question again, Chen Hao Xuan smiled bitterly and said, "Maybe it's who I'm with, who is a good match for me."

Xu Muqing was tempted to say, "Then I'll be a good match for you if I'm with you, too? She wanted to say it, but she was afraid to say it, much less embarrassed to say it. She spoke up again and asked, "You said you weren't a couple, so why are you wearing a couple's outfit."

"It's not a couple's outfit, just the same color,." Chen Haoxuan explained.

"Sister Qing, do you like my brother Xuan ah! Why else would you care so much about whether or not I'm brother Hen's girlfriend?" Chen Xiumin's voice was delicate, with a little jealousy in her voice.

Xu Muqing's face turned red as she waved her hands in a row and explained: "No, no, I don't like Mr. Chen."

"Miss Xu, Xiao Min she just likes to joke around, don't you mind ha!" Chen Haohuan smiled.

"No no." Xu Muqing was embarrassed, "Actually, my girlfriend's name is Chen Yina, she lives next door to my house, and she's studying at the University of Xinshan City. As for Xiao Min, he's a child from the village, so maybe it's because I'm like her! She often came to me for fun without any problems, and after a long time, I also treated her as my sister," he explained. Chen Haoxuan explained.

"Then your girlfriend should be pretty, right?" Xu Muqing's tone is a bit of a lost taste, also, Chen Haoxuan such a boy, which girl does not want, handsome, gentleman, much gold, talented

"I haven't seen a girl more beautiful than her yet." Chen Hao Xuan's opinion of Chen Yina was very high.

Chen Hao Xuan and Xu Mu Qing and the others chatted happily, and soon after Li Ping came to ask Chen Hao Xuan where to set the table. Chen asked her to bring the food to the stone tables behind the villa, which were specially made for Jiang Dong and the others to eat at.

Chen HaoXuan brought the visitors to the villa, and they saw a long stone table full of rich delicacies, and the scenery was so beautiful that the first thing the visitors thought of was that the rich people live a different life.

Jiang Dong and the others were already sitting at the stone table, but they hadn't started yet, they were waiting for Chen Haoxuan and the others. When they saw Chen Haoxuan coming, Jiang Dong shouted, stood upright, and all the security guards brushed their hands and stood up, a military air forced towards the tourists. "Hello boss." The voice really rushed to the sky.

"This - how can there be a soldier here?" Xu Muqing was surprised, because Jiang Dong and the others were wearing camouflage uniforms during their training, plus their strapping bodies, and they used to be soldiers, which made Xu Muqing and the others instantly associate the word soldier with them.

"They are veterans and are now working as security guards for me." Chen Haoxuan smiled and explained, after which he waved to Jiang Dong and the others, saying, "No need to be polite, let's sit down and eat."

Xu Muqing, who was by Chen Haohuan's side, asked Chen Haohuan, "They're not ordinary soldiers, are they?" Xu Muqing concluded from the temperament emitted from Jiang Dong and the others that they were either combat troops or special forces, or else they couldn't emit such a compelling aura.

"They are all ordinary veterans, the difference is that they are diligently practicing their fighting skills with me every day, that's why they look so unusual." Chen Haoxuan explained.

"It seems that you are not an ordinary businessman." Xu Muqing exclaimed.

"Let's not talk about that, let's eat!" Chen Hao Xuan smiled.

During the meal, Xu Muqing's chopsticks were trembling. They had just met Chen Haoxuan, and he was treating them to a variety of dishes, including lobster, braised pork, steamed fish, white cut chicken, and several thousand yuan of red wine. Xu Muqing made a slight estimate and found that these dishes and wine added up to at least tens of thousands of RMB.

Li Ping, now the cooking skills than before, don't know how many times better, because she now when nothing to do to see teach cooking books, the same as to learn, so Jiang Dong and they have mouth to mouth, every day to eat dishes are different, better than a rich man's life.

As for the money for the food, Li Ping has stopped looking for reimbursement from Chen Hao Xuan, because Chen Hao Xuan gave her 100 million RMB last time, and Chen Hao Xuan is her future son-in-law, so how can she have the nerve to go to Chen Hao Xuan for reimbursement? As for why she sought reimbursement from Chen Hao Xuan, she was forced to do so because she was so poor that she couldn't even afford to buy food without seeking reimbursement from him.

Soon after finishing the meal, Xu Muqing left with the tourists. Chen Hao Xuan promised to make clothes for them, and they couldn't wait to get new clothes, so they followed Chen Hao Xuan so that he would hurry up.

Chen Feng was a student, so Chen Hao Xuan designed casual clothes for Chen Feng, which were white like him, and Chen Feng, in his new clothes, became a handsome young man.

Chapter 178

Five days later, Chen HaoXuan went to Xinsan City with fifty women's clothes, and he brought Chen Xiumin with him. When he arrived in the city of Xinshan, he would bring Chen Xiumin to perform some shows at the entrance of the store to attract some consumers to buy his new brand, and if the fifty dresses were sold out in one day, Chen would start mass production.

Originally, Chen Hao Xuan wanted to drag Chen Yina along with him to advertise, but Chen Yina, for some reason, was so fond of studying that she would even go to school to spend money on tuition during the summer holidays. Chen Hao Xuan does not know that Chen Yina is doing this for him. Chen Yina thinks that she has no skills, so she studies seriously, and wants to use her knowledge to help Chen Hao Xuan after she graduates.

When Chen Hao Xuan arrived in the city of Xinshan, she led Chen Xiumin inside Kang Heung Han's store. When she saw Chen Haoxuan and Chen Xiumin, she immediately smiled professionally and said to Chen Haoxuan: "Welcome, what kind of clothes do you want?". After she finished speaking, she could only see that it was Chen Hao Xuan.

"Haoxuan, I can hardly recognize you dressed like this." Jiang Xiang Han was surprised to Chen Hao Xuan.

"This is the dress I designed, nice, right?" Chen Haoxuan smiled.

"Not bad, not bad, very good, you look even more noble in this kind of clothes. Hey-, who is this one next to you?" The first thing I noticed was that I didn't know the girl who came in with Chen Hao Xuan, and she wondered if she was Chen Hao Xuan's mistress.

"She and I are from the same village, I brought fifty dresses today, all of them are the same as the ones she wears, I brought her here because I want to do a little activity in front of your store to attract consumers and see if they like the dresses I designed, if they don't I'll design another one, if they do, I'll start mass production. " Chen Hao Xuan Dao.

"You said that all of them look like what she wore, so no need to try, you should expand production now! As much as you have made, I want as much as I can." Jiang Xiang Han is very quick, she has been doing clothing business for seven or eight years, she cares a lot about this line, so long time makes her eyes very accurate, as long as she thinks the good-looking clothes, those consumers will like.

The dress that Chen Xiumin wore she looked at, very nice, the design of the design everywhere seems to be this is the popular style, so she is not afraid of not selling, but afraid of Chen Hao Xuan does not give the clothes wholesale to her.

"This set of clothes, my price tag is 10,000 RMB, the average consumer can't afford it, so I want to try it on and see how it works." Chen Hao Xuan said.

"How do you plan to advertise?" Kang Hyang-Chan asked curiously.

"Just sing and dance in front of your store, then introduce the clothes I design and let the consumers come and buy them, that's all." Chen Hao Xuan smiled.

"You-you're a billionaire to personally advertise your products, that's too degrading, isn't it?" Jiang Xiangchan said.

"People don't distinguish between noble and lowly, so no matter how noble my status is, I can do ordinary things." Chen Hao Xuan Dao.

"All right! If you need anything, just say so." Kang Hyang-Chan.

"Then let's start now! It's not early anyway." Chen Hao Xuan.

Chen Hao Xuan gave Jiang Xiang Han a CD with a DJ and songs he had recorded on it.

The hot DJ sounded, and a couple danced in front of Kang Heung Han's doorway, the man like Prince Charming and the woman like Snow White, their dance was exquisite and pleasing to the eye.

Chen HaoXuan danced the popular dance of the future, while Chen Xiumin, she did not know much, but with Chen HaoXuan, even if she stood still, others would feel that she danced beautifully. Chen Xiumin she can be said to be a puppet, Chen Hao Xuan let her do whatever she wants, not to mention, she really likes this feeling, to Chen Hao Xuan all their safety.

Kang Heung Han's store is in a very busy area, so Chen Hao Xuan and Chen Yina performed in front of Kang Heung Han's store, which soon attracted a large crowd of onlookers. The onlookers took out their cell phones and filmed Chen Hao Xuan and Chen Xiumin, and the citizens were surprised to see such a handsome couple in the downtown area.

Chen Hao Xuan performed a dance with Chen Xiumin, and then he sang alone, and his singing surprised everyone, even Chen Xiumin and Jiang Xiang Han, who didn't think Chen Hao Xuan could even sing and dance.

He is the chief professor of the future century, and in order to make his knowledge a little broader, he learns everything, from studying human beings and building aircraft carriers to cooking and sweeping the floor for cleaning.

Chen HaoXuan sang a song of the future century, the onlookers were enchanted by his singer, the citizens had never heard such a song before, so they all thought that this song must be written by Chen HaoXuan, click, click, click, the sound of the camera rang non-stop, Chen HaoXuan is like a big star, his body constantly shining a burst of white light.

After Chen finished singing a song, the onlookers asked Chen to sing another song, but Chen didn't agree and asked Chen Xiumin to sing. Chen Xiumin was also Chen HaoXuan's apprentice, and he taught her a very cheerful song.

When Chen Xiumin's child's voice rang out, the onlookers were shocked and said in their hearts: "What a nice couple! The man is handsome and dashing, the woman is beautiful and lovely, and both can sing and dance, and there aren't many couples in this world who can find such a good match."

Like the citizens, Jiang Xiang Han was so enthralled with Chen Hao Xuan's performance that she moved a chair in front of her store and watched Chen Hao Xuan's performance with great interest.

After Chen finished singing, he changed his show again, this time he switched to magic, he took out a few iron balls, he got a few citizens to show them the authenticity of the iron balls, after that he put the iron balls in his hand and made a fist, when he opened his palm again, the iron balls in his hand had disappeared.

All the citizens could not help but ask out loud, "Where are the iron balls?"

Chen Hao Xuan opened his mouth, and he spat out an iron ball.

He poured some liquor into his hand and lit it, and the fire was as if it was alive, and he could become whatever Chen HaoXuan wanted him to be, and he could make the fire burn wherever he wanted!

When the fire was out, Chen HaoXuan's hands did not even burn a single hair.

Chapter 179

Chen HaoXuan has used high-tech methods to create such an illusory effect, as for the iron ball, it all depends on his speed.

I'm a small man, I won't introduce myself, I'm here today to work with the clothing store behind me, I've designed a dress, the same one she is wearing. Dress." Chen Haoxuan said waving to Chen Xiumin, beckoning her to come over.

"This is my design, this dress is mainly to reflect the noble temperament, and beautiful and touching body, I brought fifty sets of these dresses over today to test and sell, so they are sold at a special price, one is only 10,000 RMB, if you want to sell them, please go to the store and see the owner." Chen Hao Xuan Dao.

In the eyes of ordinary people, a dress costing 10,000 RMB is very expensive, and only ten beautiful women walked into the store to buy the dress.

At this time, a young man in a suit said to Chen HaoXuan: "Hello, do you have the same clothes as you in your store? If so, I would like to buy two sets."

Chen Haoxuan apologized to the young man, "I'm sorry, but this set of clothes was custom-made for me, and there are only two sets in this world, so it's considered unique. If you want, I can design similar clothes and take them to the clothing store behind me to sell, you can come and buy them later, guaranteed."

"Here's my business card, then you make it, give me a call, I'll take a look, and if it's similar to yours, I'll buy it, and I'll introduce my friends to buy it." The young man said.

"Well, I will." Chen Hao Xuan took the business card and responded.

From time to time, Chen answered questions from the public, and if no one asked questions, he sang.

Fifty sets of dresses, all sold out in three hours, that is to say, in three hours, he made more than half a million RMB by selling the dresses, and after deducting the cost, ten or twenty thousand, he made a net profit of more than four hundred thousand RMB, which can be considered a profitable business.

At 11 o'clock, Jiang Xiang Han handed Chen Hao Xuan a check for 500,000 RMB, and she said happily: "Hao Xuan, you must expand your production, and I will be the first agent for you."

"Well, I see that the public quite like the clothes I design, I go back and start to expand production." Chen Hao Xuan smiled. Then Chen Hao Xuan said, "After you help me get the materials, after I make it, the wholesale price for you is 10,000 RMB for one piece, and you sell it for 15,000 RMB. Although it's a bit expensive, but expensive has the advantage of being expensive, because it is expensive to appear extraordinary, if you can't sell it, you can return it to me."

"Earn 5,000 RMB for selling one, and if it doesn't sell, you can return it, not bad, a sure-fire business." The company's main business is to sell brand-name goods and make only a few hundred RMB, which is not as lucrative as selling Chen Haoxuan's clothes, which can make five thousand RMB.

"Then it's settled, I'll go back now and recruit workers." Chen Hao Xuan.

"No, she's from the same village as me, and I asked her to come over to help." Chen Hao Xuan laughed bitterly as his mind shouted wildly, "Why does everyone like to suspect him of having an affair with his random girl?"

"Lying to your sister, right? Sister pleasing people countless, I can see that she likes you very much, you also have a good feeling for her, you tell sister, you are not secretly together, don't worry, sister will not tell the public." Jiang Xianghan asked very gossipy.

"Sister, big sister, she's really not my girlfriend, I like her, the way a brother likes his sister, not the love kind of like, understand? Besides, she's only 12 years old! And I'm in my late twenties, do you think it's possible for us?" laughed Chen Haoxuan bitterly.

"Oh, I can't see that she was still so young, it seems that children nowadays are too precocious." Jiang Xiang Han looked at Chen Xiumin and said to herself.

When she saw Chen Haoxuan and Jiang Xianghan talking quietly, Chen Xumin spoke out curiously, "Brother Xuan, what are you talking about?"

"Oh, it's nothing, just talking about some business matters, wait for me for a while, we'll be back later." Chen Hao Xuan smiled to Chen Xiumin.

Chen Hao Xuan and Jiang Xiang Han chatted about how to do business in the future, and only at 12 o'clock did Chen Hao Xuan leave. As soon as he arrived at his residence, he saw Chen Yina returning.

Chen Yina was very happy to see Chen Xiumin, and she opened her hands and motioned for Chen Xiumin to run over to her for a hug.

Chen Xiumin opened her hands and ran to Chen Yina, throwing herself into her soft embrace, "Sister Nana, Minnie missed you so much."

"Sister Nana misses you too, tell me, what do you want to eat today, Sister Nana will personally make it for you." Chen Yina was happy to Chen Xiumin.

"I want to eat Brother Xuan's food, Brother Xuan's food is delicious, once you eat it, you can't forget that wonderful taste." Chen Xiumin was serious.

Chen Hao Xuan spoke out, "Okay, I will cook for our little princess myself."

"Brother Xuan, let me help you ah!" Chen Xiumin was pleased.

"Then wait a while! I'm going to give your Nana the gift now." Chen Haoxuan smiled.

"A gift, what gift?" Chen Yina was pleasantly surprised.

"The same dress as Minnie, it's my latest design, and it's sold outside for 15,000 RMB a piece." Chen Hao Xuan Dao.

"Wow-, 15,000 RMB a piece, the dress you designed is too expensive, right?" Chen Yina's surprise, she is now Chen Haoxuan's girlfriend, is considered a rich woman, the most she bought a dress is more than 3,000, more than 10,000 a dress don't say to buy, is not even heard of.

"I know it's expensive, but expensive has the advantage of being expensive, like I just did in Jiang Xiang Han's clothing store, fifty dresses, sold for 10,000 RMB a piece, all sold out in three hours, in addition to processing fees, material costs, so that I made more than 400,000 yuan, how about it, do not feel your boyfriend is very powerful." Chen Haoxuan had a smug look on his face and said.

"Yes, my boyfriend is the most powerful, even an ordinary stone can turn into gold in your hands." Chen Yina smiled, what she said was true, just like the water stone in the Thousand Buddha Stone Pagoda, an ordinary stone sold for 1.1 billion RMB after his careful carving.

Chapter 180

Chen Hao Xuan took a dress to Chen Yina, and Chen Yina, like Chen Xiumin, couldn't wait to change into the new clothes after getting them. When Chen Yina changed her clothes, Chen Hao Xuan's eyes lit up with surprise, shaking his head, and muttered, "Beautiful, so beautiful"

Chen Xiumin ran to Chen Yina's side, took Chen Yina's hand, shook it around, and said happily, "Sister Nana, you look as good in this dress as I do." Complimenting the other also did not forget to compliment herself, simple girl is good, will not worry about others say she is narcissistic.

"The two of you are standing together in the same dress, you really look like a pair of sisters." Chen Hao Xuan laughed.

"Maybe it's because we both have the same ancestor, so we look a bit alike." Chen Yina smiled.

Seeing the beautiful and lovely faces of Yina Chen and Xiumin Chen, as well as their graceful postures, Chen Hao Xuan thought that if Zhou Kexin and Hua Lingwei also wore such dresses and went out with Yina Chen and the others to go shopping with him, it would be a sensation.

"Nana, don't go to school for your internship in the afternoon, come with me to go shopping." Chen Haoxuan smiled to Chen Yina.

"Okay." Chen Yina responded happily.

Chen HaoXuan gave Zhou Kexin and Hua LingWei and invited them to come over for lunch. As for Hua Lingwei - even if she didn't want to come, Zhou Kexin would tie her up to come again, for no other reason than for a habit.

Chen HaoXuan's place, every day there are many fresh vegetables and all kinds of meat, after all, is a billionaire, how should also let himself live a little better. Chen HaoXuan cooked a sumptuous lunch, but before he was done, Zhou Kexin and Hua LingWei arrived.

Zhou Kexin and Hua Lingwei saw Chen Yina and Chen Xiumin wearing the same beautiful dress, they were very envious, they have bought countless brand-name clothes, but never saw this noble dress.

When Chen Yina and Chen Xiumin saw those envious eyes of Zhou Kexin, they were so proud of themselves that they started to show off, saying how expensive the dress was and that it was made by Chen Haoxuan himself and given to them. Chen Hao Xuan also prepared two sets of dresses for each of Zhou Kexin and Hua Lingwei, who are the closest people to him.

Chen Hao Xuan cooked the food, and Lin Hao and the others brought out the food. During the meal Chen HaoXuan saw Zhou Kexin and Hua LingWei moping, he did not ask, wanting to wait until after the meal to ask again.

Chen Yina and the other girls ate very fast because they wanted to keep their bodies in shape, while Lin Hao and the others were even faster, and they ate by swallowing, unlike Chen Hao Xuan and the others who chewed. So only Chen Haohuan and Chen Xiumin, who didn't want to stay in shape - and who ate slowly - were taking their time to enjoy a hearty lunch.

"Minnie, eat more of this fatty meat, you're guaranteed to grow up to be a pink and beautiful woman." Chen Hao Xuan chucked a piece of fat meat into Chen Xiumin's bowl and smiled.

Chen Xiumin clamped another green vegetable to Chen Haohuan and said delicately, "Brother Xuan, you eat this, it will be more beautiful."

The company's main business is to provide a wide range of products and services to its customers. Chen Hao Xuan smiled bitterly and said, "Xiao Min, can you not use the word beautiful to describe me? You can use handsome, dashing, and handsome, it all works!"

Chen Xiumin, with a serious expression on her face, said in a delicate voice, "But... but you're really beautiful! Everyone in our village has said so, and Nana-san also said that if you were a girl, all the girls in the world would be embarrassed to say they were beautiful in front of you."

"It's not good to be a natural little white girl!" Chen HaoXuan sighed.

I don't know if it was the company of Chen Xiumin, the little loli, but Chen HaoXuan's appetite was very good, and he ate three bowls of rice in a row. After spending more than half an hour, Chen HaoXuan and the others finally ate their fill.

After Chen HaoXuan was full, he took out two sets of dresses for Zhou Kexin and Hua LingWei from his car. Zhou Kexin and Hua Lingwei were very happy after seeing that they also had the same clothes as Chen Yina, and if Chen Yina wasn't present, they would have hugged and kissed Chen Hao Xuan a few times to show their joy.

"You guys try it on." Chen Hao Xuan smiled to Zhou Kexin and the others.

"Mm-hmm." Zhou Kexin and the others went to the bathroom to change their clothes.

When Zhou and the others came out, Chen asked them to stand together with Chen Yina, and then he took a few pictures with his digital camera. In the camera is look, too small to see clearly, so Chen Hao Xuan transferred the photos to the computer, his computer video is 25 inches, after the photos enlarged, Chen Hao Xuan said: "Four beautiful women."

"Hao Xuan, if you stand in the middle of us, it will look even better." Zhou Kexin laughed.

"So yeah! I just want to invite you guys to go shopping later, so I can make a splash." Chen Haoxuan smiled.

"If you really take the four of us together is to go shopping, I believe tomorrow's headlines, talking about you." Hua Lingwei joked.

"This is the effect I want, to rely on fame to break my brand into a market of my own." Chen Hao Xuan was excited.

"When are you going shopping?" Ina Chen spoke up and asked.

"It's noon, most people are at home eating at this time, so we'll leave again in an hour." He originally wanted to go at night, but at night the lights in the downtown area are not very bright and dark, so even if you are a stunning beauty, others can't see, so Chen chose daytime.

At 3:00 p.m., four beautiful women and a handsome man appeared in the most crowded area of Xinshan City. Everywhere they went, men, women and children were all killed, and everyone looked at them with admiration and admiration for, moreover, they took pictures with their cell phones and some of them recorded with digital cameras.

She heard a friend of hers say that a handsome man with four beautiful women was heading in the direction of her clothing store, and asked her not to miss this opportunity to come out early to watch.

She thought of Chen Haoxuan at once, because there are many beautiful women and handsome men in the city of Xinshan, but who else could create such a big stir but Chen Haoxuan and his lovers.

Jiang Xiang Han walked to the store entrance, she didn't wait long before she saw Chen Hao Xuan and the others, today she also said that Chen Xiumin and Chen Hao Xuan are a good match, now it seems that Chen Yina, Zhou Kexin, Chen Xiumin, Hua Lingwei, and Chen Hao Xuan are a good match. Jiang Xiang Han has a hunch that Zhou Kexin and the others will probably become Chen Hao Xuan's lovers in the future.
