

## A Billionaire's Reincarnation Chapter 181-190

### Chapter 181

Chen HaoXuan's performance with Chen Xiumin in front of Jiang XiangHan's clothing store has been taped and sold to the press. Now he appeared again, and this time it was even more sensational than the last time, with four beauties in one go.

If it was before, those media reporters would have asked Chen Haoxuan about them, but this time they didn't, because they didn't dare. They could see that Chen Haoxuan was not an ordinary person, and they could also see that Chen Haoxuan was very imaginative with the billionaire Chen Haoxuan they knew, but they didn't associate them together. Because of Chen's temperament, the beautiful young man they saw now was very noble and couldn't resist being a prince of a certain country.

The main reason was that Chen Hao Xuan was wearing a set of clothes designed by him personally, and with the support of Chen Yina and the other four beauties, he appeared to be very noble, just like an emperor going on a tour with a concubine.

Chen HaoXuan with Chen Yina they came to Jiang XiangHan's clothing store inside, many citizens also followed them inside, so Jiang XiangHan's business came, she greeted her waitress work, those who came to see Chen HaoXuan and the public embarrassed not to buy clothes, so with Chen HaoXuan in the public, basically bought some.

Chen Hao Xuan and the others were having tea in a lounge in the glass partition of the clothing store, he had achieved his goal, he just needed to stay a little longer, then he could leave.

Chen Hao Xuan and the others stayed in Jiang Xiang Han's clothing store for two hours before they left, Chen Hao Xuan knew that after he left, those media will ask Jiang Xiang Han his identity, so Chen Hao Xuan when he left he asked Jiang Xiang Han to tell those media his identity, I believe it will make a lot of \*\* astonished.

The result was similar to what Chen Hao Xuan guessed, but one thing Chen Hao Xuan didn't guess was that many people suspected that he was a descendant of a great royal family, so many people started to check Chen Hao Xuan's ancestors.

After Chen sent Chen Yina and the others back to his place, he took Chen Xiumin back to the Chen Village.

Chen Xiumin thought that today was the happiest day of her life, wearing nice clothes, eating delicious food, playing fun games, and shopping with her favorite brother Xuan, and she just wanted to! It would be nice if I could be like this every day. Chen Xiumin thought, her eyes could not help but look at Chen Haohuan's face, she secretly said in her heart, "Brother Xuan, he is so good-looking, if only I could marry him when I grow up."

Chen Xiumin didn't know what love was, but she knew that as long as she was married to someone, she could be together forever, and this was what her teacher taught her.

He turned his head slightly to look at Chen Xiumin and found that it was true. He found that Chen Xiumin was looking at him with soulful eyes, without blinking, and seemed to be fascinated. Chen Hao Xuan spoke out to break Chen Xiumin's daydream, he spoke out, "I know I'm handsome, but you don't have to look so fascinated! Your brother Xuan will be shy."

Chen Hao Xuan's words woke Chen Xiumin up, her little face swished red, not by Chen Hao Xuan's fright, but by her own thoughts of the frightened. She dreamed that she and Chen Hao Xuan were getting married, and the wedding clothes were what they were wearing now.

She was shy and sorry, and she thought that if Chen Hao Xuan had woken her up a little later, she could have kissed Chen Hao Xuan.

"Xuan - Brother Xuan ....." Chen Xiumin squeaked and shouted.

Seeing Chen Xiumin's blushing face, Chen Hao Xuan could guess what Chen Xiumin was just thinking about, and she sighed helplessly in her heart: "Alas-, children nowadays develop really early, only 12 years old and they know how to think about men."

Chen Haoxuan pretended not to know what Chen Xiumin was thinking in order to avoid embarrassment, and he smiled out loud, "Well, what's the matter?"

"I - I ....." Chen Xiumin lowered her head, her hands picked up the corner of her skirt and kept rubbing it, as if she wanted to rub the corner of her skirt before she would stop.

"What is it, just tell me, as long as you tell me, brother Xuan will definitely help you." Chen Hao Xuan was very cheerful.

Chen Hao Xuan did not know that his words played an encouraging role, Chen Xiumin raised her head and looked at Chen Hao Xuan with shy eyes, and said in a delicate voice: "Brother Xuan, I don't know why I always think of you, do you think I'm sick?"

"In the past few years, there have been a lot of people who have been in love with the company, and the company has been in love with them for a long time.

"Minnie, you listen to Brother Xuan, what about later! Concentrate on your studies and don't think about anything else, okay?" Chen Hao Xuan was serious about Chen Xiumin.

Chen Xiumin looked very cute and said, "But... but brother Xuan is not a thing! Brother Xuan is a human being, a big handsome man."

Chen Hao Xuan cryptically said, "Yes yes yes, Brother Xuan is not a thing ....." Chen Hao Xuan reacted and he explained, "A slip of the tongue, it was just a slip of the tongue. You may have just misunderstood what I meant, but what I meant is that you're still thinking about it, and it's best not to think about the emotional side of things yet, okay?"

"Why? Is it wrong to think of Brother Hen?" Chen Xiumin asked curiously.

Chen Hao Xuan's heart shouted wildly, "The little loli is really terrifying, it's the one who makes people droop the fastest, I have to calm down, never droop."

Chen Xiumin saw sweat on Chen Hao Xuan's forehead, and asked with concern, "Brother Xuan, what's wrong with you?"

"It's fine, it's fine, just feel the heat." How dare he say he was trying to make a bad thing out of it!

"Brother Hen, do you like Minnie or not?" Chen Xiumin pursed her small lips and asked.

"Do you feel that I don't like you?" Chen Haoxuan asked rhetorically.

"You like people, but people feel that you like people's like and like Nana's like are different, they want you to like Nana's like, like people." Chen Xiumin said coquettishly.

"It seems she really can tell what love is, bad, if her parents find out, her parents will not cut me." Chen Hao Xuan's heart was torn.

"She's my girlfriend, so she's different from you, get it?" Chen Hao Xuan had a bitter face and said.

"I know ah! I heard from my brothers in the village that it's normal for boys to have girlfriends nowadays, and those who did when they were young usually don't get married." Chen Xiumin was very serious.

## **Chapter 182**

"Nana and I grew up together as childhood sweethearts, and the depth of my affection for her cannot be expressed in words, so I must marry her." Chen Hao Xuan was serious.

Chen Xiumin lowered her head and responded in a listless voice: "Oh."

Seeing Chen Xiumin retreating, Chen Hao Xuan sighed in his heart and said, "Finally, I've convinced her."

After Chen Haoxuan drove back to the Chen Village, Chen Xiumin got out of the car and went home, and it seemed that her heart was really broken by Chen Haoxuan.

Chen Hao Xuan did not go to comfort her, because he knew that the more you comfort these feelings, the sadder she will be. Unless you go to someone else to comfort you, if it's Chen Haoxuan, it's absolutely not possible.

It's like the house of Chen Yina is not going to change. There are often many women who come to help Li Ping work, all for free. There were five or six women in the yard, chatting and cleaning up some vegetables.

To the women in the yard, Chen said loudly, "Do you all want to work for me?"

When they heard the voice, all the women in the yard looked up, and they suspected that they had just misheard, so one of them asked, "Xuan, you just said that you wanted to hire us to work for you, didn't you?"

"Yes, I want to recruit you into my garment factory, piece-rate wages, if you can be as good as the ten aunts in my garment factory now, you can earn 10,000 RMB a month, it's a breeze." Chen Hao Xuan said.

"10,000 RMB? That high? I heard that college students nowadays are only looking for a few thousand RMB a month? So the book was not read in vain?" A woman was surprised.

"Studying has its advantages, they only earn a few thousand RMB for now, but not necessarily in the future, maybe they will become a billionaire like me. I'm going to hire a lot of workers now, as long as they can make clothes, I'll take them all." Chen Haoxuan spoke out loudly

"But - but can't make clothes ah!"

"I also can't ....." In the courtyard of the women five there are four can not, there is one who can is Li Ping, Li Ping or this time and Chen Hao Xuan garment factory staff to learn, otherwise she would not.

"You guys are different, you are so familiar with my future mother-in-law, walking through the back door is still possible, but then again, if you guys can't learn to sew, I can fire you guys yo! Chen Haoxuan advised.

"Yes, yes, yes, we will definitely learn well." The four women nodded their heads happily.

Hearing Chen Haoxuan's words, Li Ping was very pleased, she felt that Chen Haoxuan should not change his mind about Chen Yina.

"Can I use the back door?" Li Ping joked.

"Joking, you are my mother-in-law, how can I spare you to do so much work at the same time, if you are exhausted, Nana will not spare me. I see! You can just stay here and help us cook in peace! If you don't have any money, just tell me, not much, a few hundred million is still available." Chen Hao Xuan joked.

Li Ping and the other women knew that the rest of Chen Haoxuan's words were in jest, but they still felt surprised, probably because the number Chen Haoxuan said was too big! It was already more than they could handle, that's why they were surprised.

"Auntie, you're busy, I'll go find my uncle and ask him to help me recruit people." Chen Hao Xuan said to Li Ping.

Chen Haoxuan made a phone call to Chen Yuebin and asked him to help him find women who could make clothes. Chen Yue Bin is now almost more famous in the countryside than Chen Hao Xuan, if you say in the countryside, selling bamboo find who? Children will say to look for Chen Yue Bin.

The reason why Chen Hao Xuan is recruiting in the countryside is to make the villagers' lives a little better. There are not many people in the countryside who know how to make clothes, and if you want to find more employees, you need to go to the city's talent market.

Chen HaoXuan called a meeting with the ten employees of his garment factory, Chen HaoXuan let them be the team leader, and they will be responsible for teaching the new employees how to make clothes after a while. They were promoted, but their salaries were not paid, but it was better than processing wages, because their salaries came from the employees they were responsible for, and if the employees earned more, they would earn more, and if the employees earned less, they would also be unlucky.

After the meeting, Chen Haoxuan made several consecutive phone calls, one to Zhang Tianqi and one to Liu Junfeng, and Chen Haoxuan needed their help. Zhang Tianqi, he once said to him: "I have someone in the officialdom." It's good to have someone in the officialdom, so Chen HaoXuan plans to go through the formalities of opening a factory with him tomorrow, or else his garment factory will become bigger, it will be discovered, and then it will be closed, and there will be no hair left.

As for Liu Junfeng, Chen HaoXuan wants him to manage the Superstore so that Miao YuXiang can come back to help him.

In addition, Chen Hao Xuan also contacted Zhou Xiang, he asked Zhou Xiang to introduce a hardware factory to his acquaintance, he designed clothes in many places need stainless steel or silver, these need hardware factory to complete. Chen HaoXuan ordered two hundred sewing machines at once, but the owner of the sewing machine didn't have that much stock, so the owner promised Chen HaoXuan that he would send one hundred sewing machines to Chen JiaCun tomorrow, and the other one hundred would be given in installment.

Chen HaoXuan made an appointment to meet with them tomorrow, and he was ready to finish everything at once.

After Chen HaoXuan finished his work, he went to rest, he didn't need to design clothes, he felt that it would be good to have two sets, and he would take his time later. For the boys' clothes, Chen HaoXuan is going to use the style designed for Chen Feng, and for the girls', the style designed by Chen Yina and the others.

There are few styles, but the number of people who can really afford to wear them, so wearing the clothes designed by Chen HaoXuan is definitely a symbol of identity. Chen Haoxuan likes to make money from rich people because their money is easy to make and much.

Chen Yue Bin's advertisement was so powerful that the next morning there was a large group of women around Chen Hao Xuan's door, and they all came to apply for the job. The salary Chen offered was so high that they couldn't help but worry that the job would be taken by someone else.

When he saw what was happening downstairs, he couldn't help but say, "Damn, there are at least a few hundred people here, right? Are there really so many hidden experts in the countryside?"

Chen Hao Xuan ran downstairs, he saw Chen Yue Bin right in front of the door, he ran next to Chen Yue Bin and asked out loud, "Do they all know how to make clothes?"

Hearing Chen Haohuan's words, Chen Yina was embarrassed, "No, many of them won't, and those who won't are hearing that the pay is high, so let's see if you can net them a job."

## **Chapter 183**

"No, I won't take all of them, because I'm not doing charity work . You have my ten former employees come over to interview them, and if they meet my requirements, they will be hired, and if they don't, I'm sorry. I'll leave this matter to you, I have something to deal with in the city of Xinshan now, I'll leave first." Chen Hao Xuan was serious to Chen Yue Bin.

Chen Haoxuan drove his BMW to Xinshan City, he arrived in Xinshan City began to contact Zhou Xiang and the others one by one, he first looked for Zhang Tianqi to help go through the opening of the

factory together, then he went to look for Zhou Xiang to ....., and finally Chen Haoxuan went to look for Liu Junfeng.

Chen HaoXuan found Liu JunFeng and went to the talent market with him, there were very few applicants for sewing. Chen asked those ten people to report to the Chen Village tomorrow, and he drove Liu Junfeng back to the University of Xinshi Mountain, he asked Liu Junfeng to pack his bags and go to Pingyuan County with him immediately.

Liu Junfeng took Miao Yuxiang's place, so Miao Yuxiang could follow Chen HaoXuan back to the Chen Village. When Chen Haoxuan returned to the Chen Village, it was almost evening, and after he pulled into the villa, he went to look at the sewing machines that were delivered today. The owner of the sewing machines was kind enough to help him assemble them all.

When Chen asked Chen Yue Bin about it, he told him that he had recruited fifty-six women who could make clothes today. Chen HaoXuan was satisfied with this number, after all, it was one day, a total of sixty-six employees in one day, is already very good.

Chen was exhausted today, and after checking his sewing machine, he went back to sleep.

The next day, there was an extra table and two chairs in front of Chen HaoXuan's house, and Chen HaoXuan and Miao YuXiang sat there, and they kept taking out a contract to sign with the new employees. Chen HaoXuan can't help it, not many of his employees are educated, let alone Jiang Dong and the others, they can't even understand the contract, if they were educated they wouldn't have been unable to find a job in the first place. If they had been educated, they wouldn't have been able to find jobs in the first place.

Fifty-six contracts were signed very quickly, and after Chen got the contracts done, he began to give speeches like a leader, explaining the factory rules and working conditions to all the new employees.

In the afternoon, Chen and his ten former employees started to teach the new employees how to make the clothes designed by Chen. He plans to hire Wang Long to help him build a big factory later when he is not busy.

Chen HaoXuan hired these new employees, they all know how to make clothes, but there is a big difference between the clothes they used to make and the ones they are making now, the difference is that they used to make ordinary clothes, but now they are making noble clothes, the quality is very delicate, this is Chen HaoXuan's repeated advice.

That night, Chen received a phone call from Jiang Xiang Han, who desperately urged Chen to hurry up and produce them, whether it was one or ten thousand pieces, she wanted them all. In addition, Jiang Xiang Han told Chen Hao Xuan, he was so hot on TV yesterday that he almost pissed off the king of China, because yesterday one of the king of China's heavenly superstar had a concert, and what happened! Because of the presence of Chen Hao Xuan, many people who originally wanted to go to see the King of Heaven singing, chose to stay home and watch the news about Chen Hao Xuan, these people all think the same thing, there are many opportunities to see the King of Heaven, but to see Chen Hao Xuan and the four beautiful women together is very rare, especially in the noble vest Chen Hao Xuan.

Chen HaoXuan didn't watch TV yesterday, he heard the words of Jiang XiangHan, he turned on the TV and found that the news about him was still playing, it seems that he is really not just hot. In the news, he heard what the hosts said about him and Chen Yina and the others, that Chen Haoxuan is a beautiful man, and Chen Yina and the others are all beautiful girls.

Then he opened his laptop and logged into his Thousand Buddha Stone Pagoda website, and found that there were a lot of messages in his mailbox. The messages from Kong Manni and Li Mingmei are also there, and their messages are only a few in, and they all mean the same thing: "When will you send me one of these dresses, so that I can go shopping with you?".

The next day, all the clothes made by Chen HaoXuan's factory did not fit Chen HaoXuan's idea, although from a distance, you can not see the problem, but up close, you can find the curves of these clothes, wrinkles ....., are not good. The reason why all the clothes designed by Chen HaoXuan are so expensive is because his clothes are of the best quality and the latest style, so his requirements are very high.

Chen Hao Xuan transported all those failures to the beach by the river to burn them, and when he said he would burn the clothes, many women in the Chen Village pleaded with Chen Hao Xuan to give them the clothes to wear. Chen HaoXuan did not agree. He didn't want the word "failure" to exist in his products, and he was also worried that these failures would enter the market, and if that happened, his credibility would be under suspicion, which was something he couldn't allow to happen, so he couldn't help but eliminate them.

What he was afraid of was that the new employees he recruited were never able to make clothes that would satisfy him.

He felt that these women were too conservative in their thinking, and no matter what, they always liked to make clothes their way. He felt that these women were too old-fashioned in their thinking, and no matter what, they always liked to make clothes their way. To encourage these new employees, Chen took out 10,000 RMB, and he said to all the employees, "Whoever can be the first to make ten dresses that will satisfy me, this 10,000 RMB will be hers.

The new employees forced themselves to learn the procedure that Chen HaoXuan taught them to make clothes.

The other twenty dresses that Chen HaoXuan was satisfied with, ten of them were made by Li Ping, and the rest were made by several women. Chen HaoXuan smiled bitterly, his mother-in-law is now a multi-millionaire, how can she still grab the bonus with ordinary people.

#### **Chapter 184**

On September 13th, Chen Hao Xuan personally delivered twenty pieces of clothes to Jiang Xiang Han's clothing store, Chen Hao Xuan just put the goods down and was driven back by Jiang Xiang Han, Jiang Xiang Han said, you quickly go back to production, now my store every day many people ask you about the clothes, I am almost angry by your turtle-like speed, Hao Xuan, even if sister begs you, help, production faster!

There are hundreds of orders received by Jiang Xiang Han, and if the money is converted into more than 1.5 million, she can earn more than 500,000 RMB after deducting the money for taking the goods, she can earn that much in a few days, this is definitely a profitable business.

This is definitely a profitable business. But it's not something he can do whatever he wants, unless he can make a fully intelligent garment-making machine. Zhang Tianqi was just as busy as Chen Haoxuan, he was also very busy now, several times busier than Chen Haoxuan, he began to develop vigorously, his company changed its name to a group, his group's factories every day a large number of new employees joined, and still by the 10,000 words, people from all provinces, and even a number of technicians from foreign countries.

If Zhang Tianqi did not work with the many agencies, he would never have been able to recruit so many people. His fame in the city of Xinshan has now overshadowed that of Zhou Xiang, who was so rich that even the mayor had to treat him with courtesy when he met him. Zhang Tianqi and Chen Haoxuan made the economy of Xinshan City rapidly improve, business growth is also fast, the number of people also increased several times, these are all achievements! If Chen HaoXuan and the others keep this up, he may become the governor next year.

For the sake of his own future, can the mayor not treat Chen Haohuan and Zhang Tianqi with courtesy?

He felt that his garment factory had already made no less profit than the all-powerful cell phone, because he only made money from the rich people, his clothes now sell for 15,000 RMB, but if his clothes are very popular, he can keep raising the price, the higher the better, so high that all the rich people know that the clothes he made are the certificate of noble status.

Chen Hao Xuan was busy making clothes in the Chen Village, he is not very clear about what is happening in Xinshan City now, Xinshan City has a lot of theft incidents, basically more than ten theft incidents happen every day, these thieves are very smart, never fight unsure battle, they are like an organization, someone is responsible for watching the wind, someone is responsible for transportation, someone is responsible for theft.

Li De, the director of the city of Xinshan, he sent a large number of police officers all in plain clothes, ambush in the lively area, it took them a few days to catch two thieves responsible for the theft, the rest all ran away. In Li De's inquiry, the two thieves refused to say who the mastermind is, soft can't come hard, Li De, personally put the two thieves ruthlessly repair a meal, but the results still let him very disappointed, the two thieves just don't let up.

In fact, this is the big brother of the Black Heart gang Black Heart, he kidnapped Chen Hao Xuan failed, but attracted a large number of police officers everywhere to arrest him, he could not afford, he wanted to take revenge. He was so angry that he wanted to take revenge. So he sent his men out to work every day. For the safety of his men, he acted like a mentor, telling each gang where to work every day.

After a few days, none of Blackheart's men were arrested by the police, which made him arrogant, and he used to say in front of his boys that the police are just like that nowadays. So he played revenge

as a game, and he sent many of his boys out to work every day, as if to steal all the money of the citizens of Xinshan City.

He was scolded many times by the mayor for not being able to catch a few small thieves, and if he couldn't catch them after a month, he would be removed from his post.

Li De suspects that Hei Xin did it, because Hei Xin is the big brother of the Hei Xin Gang, and has been doing these sneaky things before. Li De really wanted to bring Blackheart in for questioning, but he was helpless because Blackheart seemed to have disappeared from the world, and he was nowhere to be found. But Li De couldn't find Hei Xin, but he could feel that Hei Xin seemed to be watching him all the time, which was a strange feeling, and he didn't know if it was true.

Chen Hao Xuan was busy in the Chen Village, he didn't know what was happening in Xinshan City right now, if he knew, he would have helped Li De out, because he wouldn't allow people who wanted to harm him to get away with it.

On the 15th day of September, Chen HaoXuan drove to XinShan City, this time he brought a hundred pieces of clothing. With a magnetic sound, Chen Hao Xuan's BMW stopped at the entrance of Jiang Xiang Han's clothing store.

Jiang Xiang Han's beautiful figure soon appeared in front of Chen Haoxuan's eyes, as soon as Jiang Xiang Han saw Chen Haoxuan, the first words were not greetings, but: "Where's my goods?".

Chen HaoXuan pretended to be pitiful and aggrieved: "You only have goods in your eyes, not me, I am so sad now yo!"

Jiang Xiang Han walked up to Chen Hao Xuan, patted Chen Hao Xuan's chest and smiled, "Alright, alright! Don't pretend, I don't know anyone else, you - I don't know yet? If you really feel sad, unless you like me. Don't joke around, speak up - how many clothes did you bring over today."

Chen held out one finger.

"A hundred?" Jiang Xiang Han was pleasantly surprised.

"Yes, these hundred dresses, half are for girls and half are for boys." Chen Hao Xuan smiled.

"Wow, brother Xuan, you're wonderful, sister loves you to death." She was so excited that she held Chen Hao Xuan's head in her hands and kissed him several times.

Chen Hao Xuan covered his lips that were kissed by Jiang Xiang Han, and kept muttering, "Loss, loss ....."

When Jiang Xiang Han saw Chen Hao Xuan take advantage of the situation, she slapped Chen Hao Xuan's shoulders and said coquettishly, "Go, take advantage of the situation and pretend to be aggrieved."

"Alright! I'm not loading. I've brought a little too much stuff this time, so you can have those waiters of yours come over and help me move it." Chen Hao Xuan Dao.

After moving all the goods into Jiang Xiang Han's clothing store, Chen Hao Xuan immediately left, his garment factory has just expanded production, many things need to be dealt with him.

Chen HaoXuan's car didn't go out for long from Jiang XiangHan's clothing store, he saw a blonde girl chasing desperately after a guy in front of him, and she kept shouting in English: "Robbery! Robbery Yah ....."!

Chen HaoXuan felt the voice was very familiar, he came to not hurry to think about who the owner of the voice is, he wanted to help the girl catch the thief. Chen HaoXuan stepped on the gas pedal and the car rushed forward quickly.

## Chapter 185

Chen HaoXuan fiercely big steering wheel, the rear of his car is like a pen drawing a semi-circle, a magnetic sound, the wheels and the ground friction emitting a piercing sound, the car stopped, Chen HaoXuan did not even want to hit the door of the time Lang fee, he directly from the window out, hands on the ground, and then force a top, a cool heel let Chen HaoXuan stand still.

It was a good idea for Chen HaoXuan to get out of the car, as he was expecting the thief to pass by, so he drove the car here beforehand to stop the thief.

The first thing he did was to get out of the car, and not even a minute later, the thief came running. Chen HaoXuan first pretended to be a passerby, and when the thief was about to pass him by, Chen HaoXuan stretched out his right foot with no conscience.

"Oops! Holy sh\*t!" The thief wrestling shouted a very funny sentence, bang, the thief fell to the ground when he also cut forward more than a meter, it seems that the thief just ran quite fast.

The thief is a 15-year-old youth, although the other side is small, but Chen HaoXuan as usual did not have a soft heart, he stepped on the back of the thief, coldly: "hand over what you stole?".

"Brother - brother, we are all out of the gang, let us go, some other day I will come to thank you." The thief used the words of the mob, to Chen Haoxuan.

"I'm not going to be able to do anything about it," he said. Chen Hao Xuan coldly, he Chen Hao Xuan whether in the present or in the future, he never take the gangsters seriously, unless it is those who do black and white business, he will look up to, like these thugs who only steal chickens and dogs, give him not even worthy to mention shoes.

At this time, the blonde girl ran over panting, she saw the thief was stopped by a boy, her beautiful face smiled with joy, when she saw clearly the boy who stepped on the thief underfoot, her smile added sweetness. "Chen Hao Xuan." The blonde girl shouted happily.

Hearing someone return his name, Chen Hao Xuan looked back and he was surprised, "Leah, how come it's you?"

"Chen Haoxuan, he stole my handbag, but it contains my passport and many other precious things! Can you get it back for me?" Leah looked pitiful to Chen HaoXuan.

Chen raised his foot and stepped down violently, no sound, because Chen stepped on the thief's palm. "Ah-, my hand, quick- get off your foot, you're stepping on my hand." The thief shrieked.

Chen Hao Xuan's very calm expression: "I know ah!"

"I know you're still stepping on it, so get your feet fast or you'll be sorry when my partner comes." The thief was angry.

"You have a partner? Then I'd better call the police first, so as not to be dangerous." Chen Hao Xuan pulled out his cell phone.

At this time, the crowd of onlookers walked out of the two twenty or so youths, they came out very arrogantly to Chen HaoXuan: "You have no chance to call the police, now you let my brother go! You let my brothers go, and we'll pretend that nothing happened."

When Chen saw that there were only two partners of the thief, he sneered, put the phone back in his pocket, and said to the two youths who had just come out of the crowd, "You two also dare to threaten me? You've got a lot of nerve!"

Two youths, one of them whispered to his partner, "He seems to be Chen Haoxuan, I saw him on the news yesterday."

"It's even better if it is, didn't big brother say so? Whoever slaughters Chen Haoxuan will be the second in command of the Black Heart Gang."

"Which-." The eyes of the two youths looked at each other, their eyes reached a level that could convey language, they both wanted to slaughter Chen Haoxuan, so they could be the second in command of the Black Heart Gang.

The two youths' beliefs were different from Chen Haoxuan's, Chen Haoxuan thought that the two youths were gay, otherwise why would the eyes be filled with strange joy!

The two youths simultaneously holstered a spring-loaded pocket knife from their own pockets, which was their tool of the trade; they used the blade when they stole, and used the spring-loaded knife to directly threaten each other when they were in trouble.

"Yo yo yo! And they're armed!" In a mocking tone, Chen said to the two youths who were trying to approach him.

"Go to hell!" One of the youths made the first move, he took a spring-loaded knife and aimed it at Chen HaoXuan, then closed his eyes and rushed towards Chen HaoXuan, the look of this youth is that he has no experience in fighting.

Chen saw a young man rushing towards him with a spring knife with his eyes closed, he sneered, he lifted up and stepped on the thief's foot, the thief didn't know why Chen suddenly let go of him, he quickly stood up, he just stood up, he felt a sharp pain in his back. "Ah-." The thief was pitiful, he screamed again.

"I've stabbed Chen Haohuan, I've stabbed Chen Haohuan." The youth heard the scream, thought he had stabbed Chen Haoxuan, he was ecstatic, the second chair of the Black Heart Gang was his.

"How pitiful, his own companions want to kill himself, alas-, if I were you, even if I were to die with him, I wouldn't let him have it easy." The youth's voice came from Chen Haoxuan's ear.

The youth fiercely opened his eyes, and when he saw that what he had stabbed was not Chen Haoxuan, but his partner, he squeaked in surprise: "Isn't Chen Haoxuan what I just stabbed? How did you become a junkie?"

Chen didn't explain to him, Chen raised his fist and punched the youth's face, only to see the youth's face twisted to one side, a muffled bang, the youth's nose was bleeding, he felt his nose was very painful, he used his hand to pinch it, and it almost made him faint in shock. A broken nose could be made, but where would he get the money to make a nose!

"My nose, my nose ....." The youth kept crying.

"You come on! Why don't you come over here?" Chen Hao Xuan hooked his finger at another youth and smiled gently.

In other people's eyes, Chen Haoxuan's smile was very handsome and sunny, but in the youth's eyes, it was the devil's smile.

The young man, who had never seen such a scene, saw Chen HaoXuan hooking his finger at him, and even more directly scared his guts out, he turned around and pulled his legs out and ran.

The thief, standing next to Chen Haohuan, didn't move a muscle, he was afraid of the pain, the moment he moved, there would be a sharp pain in his back, he didn't want anything, he just wanted to be sent to the hospital for treatment.

Chen Haohuan turned around and once again said coldly to the thief, "Handbag, bring it."

## **Chapter 186**

"Brother, here's the package, please, let me go!" The thief handed the handbag he was holding to Chen HaoXuan and cried out.

After Chen took the handbag, he shouted loudly and angrily, "Next time don't let me see you steal again, or I'll make you suffer."

When the thief and his partner heard Chen Haohuan's words, they ran away, screaming from time to time as they ran, because the shock from their running caused their wounds to suffer severe pain.

Chen turned around, handed his handbag to Leah, and said quietly, "Here's your bag."

Leah took the handbag, she was happy and said to Chen Haoxuan, "Thank you, I didn't expect to see you under such circumstances."

"Nothing I'll leave first, bye." Chen waved his hand to Leah and wanted to leave.

At that moment, the crowd parted a road, and Li De came out with more than a dozen policemen, Li De saw Chen Hao Xuan was also there, so he smiled and greeted Chen Hao Xuan: "Xiao Xuan, you are also here!"

"Chief, I didn't know you were coming, so I just let those little thieves go, I'm sorry." Chen Hao Xuan apologized.

Li De heard Chen Haohuan's words, he hurriedly asked Chen Haohuan, "What do those thieves look like, you quickly tell me."

"The thief was a boy about fifteen years old, he was wearing a black baseball cap, a white shirt, tight jeans, and he was one meter six and a half ..... tall. He also had two other partners, ages ....." Chen Hoxuan just the appearance of those thieves said.

"Do you guys remember? Now go after them, and be sure to catch them." Li De was serious to his men.

The dozen or so police officers Li De brought with him quickly chased after the thieves in the direction they had fled, and seeing how anxious they were, Chen Haoxuan felt that there must be something important here.

"Chief, those thieves are not murderers, are they?" Chen Hao Xuan spoke up and asked.

Li De sighed and explained, "They are not murderers, they are thieves, an organized group of thieves, and they have been committing crimes everywhere lately, which makes more than ten thefts happen every day in the city of Xinshan. I've been scolded by the mayor many times for this, and he's now giving me a death order that if I can't fix this within the month, he'll remove me from my post."

"How many of them are there and who is organizing them?" Chen Haoxuan asked seriously.

"How many of them I don't know, who is organizing them, I don't know either, but I suspect that they are the Black Heart who is organizing them." Liddell said.

"You haven't caught the Black Heart yet?" Chen Hao Xuan asked.

Li De was embarrassed: "No, we've been looking for him all over the country, and we haven't found him. Xiao Xuan, there are a lot of people here, let's find a quiet place to talk."

"My car is just ahead, be my car and go to my place!" Chen Hao Xuan Dao.

Leah, she saw Chen HaoXuan and the others were leaving, she hurried to follow them, she had a hard time meeting Chen HaoXuan today, she did not want to give up the opportunity to spend time with Chen HaoXuan.

Chen Hao Xuan got into the car, Li De sat on the passenger side, slamming the back door of the car made a sound, Chen Hao Xuan looked back and saw that Leah even ran to his car. "Your handbag is coming back, why are you still following me?" Chen was unhappy with Leah.

"I love you." Leah imploringly said to Chen HaoXuan in Mandarin, which she had learned over this period of time, she already knew dozens of words, such as, good morning, good night, I love you, I love you .....

Chen Haohuan smacked his own forehead and cried, "God, are you playing a trick on me, or is it destined to be peachy."

Li De patted Chen Haoxuan's shoulder, comforted Chen Haoxuan and smiled: "You help her to take back the handbag, she should give her body in return, you should be aggrieved, marry it."

"I've got a girlfriend, if you like her, you marry her!" Chen Hao Xuan bitterly faced Li Dao.

"Chen Hao Xuan, I really like you." Leah thought that Chen Hao Xuan just didn't understand her Mandarin, so she said another sentence.

With a helpless look on his face, Chen said to Leah in English, "Miss, I don't have time to talk about love with you, I have something very important to do right now, so please get off the bus, okay?"

"I'll go too, I promise I won't bother you." Leah seriously told Chen Haohuan.

"Ugh-." Chen Hao Xuan sighed alas, for girls. He is helpless for girls, especially beautiful girls, he can't hit, can't scold, as long as the other party plays a rascal, he can't do anything at all.

If Chen Yina saw it, Chen Yina would be very angry, so Chen Hao Xuan drove Leah and Li De to a luxurious hotel. He ordered a private room, ordered some drinks and food, and chatted with Li De while eating.

After listening to Li De's words, Chen said, "I also suspect that he did it." "The police force in Xinshan City is all over the city.

"All the police forces of Xinshan City were sent out, and it took a few days to catch a few thieves, and they died without saying who the mastermind was, as if that mastermind was a very scary person, making them not dare to mention a word." Li Dao.

"Director, you could have put in a long line to catch a big fish! You let a man go around showing off with a big stack of money, and the thieves hiding in the shadows will definitely make a move when they see it, and then you let him steal it, and after he steals it, he will definitely go back, and you follow them all the way to their den of thieves, and when you find their den of thieves, you catch them in one fell swoop, so that you don't have to look for them everywhere." Chen Haoxuan said with an evil smile.

With a snap of his hands, Li De clapped his hands together and said excitedly, "Yeah! Why didn't I think of that?"

"You go ahead and try it! If it doesn't work - think of something else." Chen Hao Xuan.

"Little Xuan, here's a toast to you, and thank you for your advice." Li De raised his wine glass and happily addressed Chen Hao Xuan.

"Here's to you eradicating the Black Heart Gang as soon as possible, cheers." Chen Hao Xuan's smiling way, black heart, a day without a jail cell, Chen Hao Xuan a day can not feel at ease, because black heart is different from ordinary people, he has a lot of little brother, he dared to play with guns and ammunition, he dared to openly against the police. If Li De couldn't get rid of Blackheart, Chen didn't mind taking him out himself.

Leah, she was treated like air by Chen Hao Xuan and the others, she sat here for so long, Chen Hao Xuan and the others did not say a word to her, she interrupted several times to speak, Chen Hao Xuan and the others pretended not to hear, so angry that Leah had the urge to turn the table.

## Chapter 187

"Are you done talking?" Leah spoke up and asked .

Chen Haoxuan pretended not to hear, he raised his wine glass again and said to Li De, "Come come come, let's drink."

Li De smiled bitterly and raised his glass to toast with Chen Hao Xuan, he could tell that Chen Hao Xuan was deliberately ignoring the blonde, he could also tell that the blonde liked Chen Hao Xuan very much. He envied Chen Haoxuan, because no matter where Chen Haoxuan was, there were always beauties around him for some reason, as if he was a flower, and the fragrance of the flower attracted countless beauties.

"Chen Haoxuan, can't you have a word with me?" Leah pursed her small lips and exhaled to Chen Haohuan.

"What am I saying to you if you don't even speak the Chinese language? Do I have to speak English? I tell you, I hate speaking English." Chan spoke to Leah in English.

"Then why are you speaking English now?" Leah exhaled.

Chen Haoxuan gave Leah a blank look and turned his head not to look at her. It's not unreasonable that a beautiful woman is a curse, but if Chen Hao Xuan got on top of Leah, Leah's suitor He Haoming would find trouble with him.

Leah looks at Chen Hao Xuan in exasperation, Chen Hao Xuan is silently drinking, and Li De looks at Chen Hao Xuan and the two of them, the scene is very awkward. Li De didn't like this kind of atmosphere, so he said to Chen Hao Xuan: "Xiao Xuan, I've had enough, I'm going back to the police station first."

"Well, you take care, I'll pay you for your meal when I have time." Chen Hao Xuan smiled to Li De.

After Li De left, Leah started to attack Chen Hao Xuan, she moved her chair next to Chen Hao Xuan and sat next to him. "I want to be friends with you," Leah said to Chen Hao Xuan in a delicate voice.

Leah deliberately stayed close to Chen, her shuangfeng pressed against Chen's arm, squeezing it out of shape. The first thing you need to do is to take a look at the newest version of the newest product.

"You're supposed to be trying to seduce me, right?" Chen Hao Xuan laughed bitterly.

"I was trying to seduce you! But you don't have the guts." There was contempt in Leah's eyes, and yes, she despised Chen Haohuan for not daring to f\*ck her.

"If I f\*ck you, you are not allowed to come to me in the future, and you are not allowed to tell anyone, I'll promise." The first thing you need to know is how to make sure you're getting the right amount of money for the job.

"Okay, I promise you." Leah put her hands around Chen Haohuan's neck, warming her mouth, the words she spoke were completely different from the words she had in her heart, "When you have tasted the sweetness, see how you are willing to leave me."

Leah saw Chen Haohuan as a man in general, Chen Haohuan will never be short of women, because they have enough capital, the advantages that a man should have are generally present in him, which is a fatal attraction for girls. As long as he said a word, countless girls threw themselves at him.

"This is what you said yourself." Chen Haoxuan, the 21st century foreign beauties, Chen Haoxuan has never played, now there is one sent to his door, then he will try to see what is the difference between the 21st century foreign beauties and the future century foreign beauties.

Chen Hao Xuan paid the bill, and then opened a room in this hotel, Chen Hao Xuan took Leah to his room, once inside, Leah moved her hands and feet on him, which made Chen Hao Xuan suspect that Leah is not a woman \*\*.

Leah was so brutal that she tried to tear Chen HaoXuan's clothes, which he designed himself. There were only two sets in all, and it was the first time he'd ever made them, which meant a lot, and he didn't want Leah to rip his clothes off.

"Stop, you stay away from me, I can just take off my own." Chen Haoxuan pushed Leah away. Chen Haoxuan looked as if he was forced to, this He Haoming did not know, if He Haoming had known, he would have knelt in front of Chen Haoming and begged Chen Haoming to teach him how to get Leah to take the initiative to force him into ~ bed~ with him.

They each took off their clothes, and when their clothes were gone, they started to roll around on the bed.

An hour later, when Chen was done, he turned his head to Leah and said, "Let's go take a bath in a mandarin duck bath. We'll leave when we're done."

"You're bad yo! But people like it." Leah smiled sweetly, her expression not a trace of surprise, it seems she has done this many times.

After more than half an hour, Chen and Leah walked out of the hotel together, Chen Hao Xuan stopped, he turned to Leah: "From now on, we will go our own way, I wish you can find a like minded man, bye."

Seeing that Chen was leaving, Leah called out to Chen and said in a delicate voice, "Wait, if I still want to have sex with you, will you say yes?"

Chen HaoXuan pretended not to see it, he accelerated his pace to the parking lot, he secretly said in his heart: "trapped, she is simply cheating me, trying to make me hooked on her body."

Chen Hao Xuan drove his car and left the city of Xinshan. Chen didn't know that his phone number was already known to Leah, who had just come out early in the hotel and found Chen's phone number and copied it down.

As Leah watched Chen Haohuan drive away, she smiled proudly and said, "Hmph, you can't walk out of my palm, one day, you will be mine."

With someone like Leah, Chen Haoxuan is very happy, but He Haoming is very sad, the former chase Zhou Kexin fell in love with Chen Haoxuan and became Chen Haoxuan's secret lover, and now the chase also fell in love with Chen Haoxuan and also became Chen Haoxuan's secret lover, He Haoming is really very sad, but it's good that he doesn't know, otherwise he would be angry to death.

Jiang Xiang Han, her clothing store has never hung out the clothes designed by Chen Hao Xuan, because all of them were reserved by others, so every time Chen Hao Xuan delivered the goods, she started calling customers to pick them up.

As soon as they got the clothes, they all changed into them and went out to show off. The clothes are designed by Chen HaoXuan, and Chen HaoXuan is a billionaire, and the clothes are designed by a billionaire, so they have a lot of identity.

Zhang Qing, who now runs an online store at Chen Haohuan's Thousand Buddha Stone Pagoda, is doing a brisk business and has hired several employees, making him a successful small business owner.

## **Chapter 188**

Zhang Qing saw that the clothes designed by Chen Hao Xuan were selling so well that he wanted to get them from Chen Hao Xuan. Chen HaoXuan asked Jiang XiangHan if he could give up some of his goods for Zhang Qing to sell online, but Jiang XiangHan came to Zhang Qing's place and threatened him, saying that if you dare to steal my business, I will stay at your place.

Zhang Qing backed down, she was really worried that Jiang Xiang Han stayed at his place, because he is now dating a college student, if Jiang Xiang Han screwed up, where will he find a wife ah!

If Zhang Qing had asked Chen Hao Xuan what to do, Chen Hao Xuan would have said, "If it were me, I would have chosen to fight against her, so I wouldn't have to take a wife, and anyway, this rich woman Jiang Xiang Han said she would stay in your house, so why don't you let her have her wish!"

Zhang Qing can be said to have lost his wife and his army, because his momentary greed has made a powerful enemy. That enemy is Jiang Xiang Han, Jiang Xiang Han heard Zhang Qing say that it would be better if the clothes designed by Chen Hao Xuan were sold online, Jiang Xiang Han believed him, so she asked Chen Hao Xuan to help her get an online store on the Thousand Buddha Stone Pagoda website, and she took her store's clothes online to sell.

Zhang Qing sells a lot of things on the Internet, and also sells clothes, clothes have always been purchased from Jiang Xiang Han, and now Jiang Xiang Han wants to rob him to sell clothes business, how can he rob over it! The reason is that she took two sets of clothes designed by Chen Haoxuan, a man's and a woman's, although not a couple, but more than a couple, she marked the price of thirty-two thousand sets, but if you want to buy it, there are requirements, you must win the lottery.

It's like this, you buy clothes in Jiang Xiang Han's online store, you are the first few to buy, there will be a record, wait a week later, Jiang Xiang Han will get a live broadcast at the Thousand Buddha Stone Pagoda, she will put a lot of ping pong balls in a glass jar, close your eyes, and then stir, and then randomly take one, ping pong balls written on the number of numbers, that is, the first few people to buy her goods won the prize, will be eligible to buy clothes designed by Chen Haoxuan.

If she had such a mind, her clothing store would have been opened all over China. The idea was thought up by Chen Haoxuan, who called it hype and relied on his fame to fire up Jiang Xianghan's online store.

Jiang Xiang Han decided to ask Chen Hao Xuan, a business genius, if she wanted to develop other businesses in the future.

The Chen Village, now lively, because the village has added nearly a hundred people, and as soon as these nearly a hundred people get off work, a large number of people gather in front of Chen Hao Xuan's house where they chat.

The people who worked at Chen Hao Xuan's garment factory liked Chen Hao Xuan very much, but those who did not work at Chen Hao Xuan's garment factory did not like Chen Hao Xuan. They thought that Chen Hao Xuan was from the Chen Village, so why would they recruit people from other villages into the garment factory, but not them? The resentment in their hearts was great, so those who were unhappy with Chen Haoxuan began to speak ill of him.

They said that Chen Haoxuan looked down on the people of the Chen Family Village, and that Chen Haoxuan was heartless and wouldn't let the people of other villages make money. Li Dansong, who had fought with several villagers because of his discontent with the fact that Chen had only allowed a dozen or so chickens and ducks to be raised, held a grudge against Chen Haoxuan, and now that he saw that many women were discontent with Chen Haoxuan, he added fuel to the fire to fuel the women's anger.

The more the villagers in the Chen Village are like this, the less he dares to make them rich, because they only think about themselves and never think about others. Jiang Xiang Han's side called several times a day to rush the goods, so how could he have time to teach the women of the Chen Village how to make clothes?

Besides, Chen HaoXuan is not related to them, so why should he be so nice to them? He didn't leave this place because he liked the scenery, and because he used to want to fight with his family, but now his family is afraid of him, so it doesn't matter whether he lives in the Chen Village or not.

"Changjuan, did you hear what Flirty said? Feminine says there are many in the garment factory who can't make clothes." At the front door of Chen Haohuan's house, two women were talking.

"I heard that too! I wish I could get in, then I could work for a year and build a house." The woman sourly said.

"This Chen Haoxuan, I really doubt he's from the Chen Village, all of them are from the countryside, and they all hire people to work anyway, so why not us!" One of the women grinned. If Chen Haoxuan had heard this, he would have said, "We are all from the countryside, why didn't you help me when I was suffering?"

Chen HaoXuan is probably used to being hurt, he saw so many villagers say bad things about him, he did not get angry. On the other hand, Li Ping was very angry. Chen Haoxuan is her future son-in-law,

now someone is saying bad things about her son-in-law, how can she not be angry? She broke up with several women for that reason.

Most people's nature is such that when you don't have money, people look down on you. When you have money, people get jealous and wonder why the money isn't mine, and when they are too jealous, they hate you, and the first chance they get, they will try to hurt you. Just like Chen Haoxuan now, there were so many women in Chen's village, except for a few who knew how to make clothes, but none of them had any other recruits, instead the women from other villages had many recruits, so the women who resented Chen Haoxuan used this as a reason to attack him.

On the morning of September 17th, Li Ping went to look for Chen Hao Xuan in exasperation. She ran into Chen Hao Xuan's villa and saw Chen Hao Xuan in the living room, and she said to Chen Hao Xuan in exasperation: "Xiao Xuan, those people in the village are really too hateful. ...."

Chen Hao Xuan smiled faintly, "You go to my secretary and ask for a few clothes designs and some fabric, after you get them, you give the designs and fabric to those villagers, you tell them that if they make clothes that meet the standards, they can apply for jobs when the next recruitment, if they can't, then sorry, I, Chen Hao Xuan, don't raise waste. "

## **Chapter 189**

It's not that Chen HaoXuan doesn't want to train the women of Chen Village, but he really doesn't dare to train them, he is afraid that they will do nothing in the factory to make a living, because they are from the same village as him.

If the women in Chen's village were smart enough not to make trouble, they could buy a sewing machine and learn how to make clothes, and then go to Chen Hao Xuan after they learned how to make clothes, how could Chen Hao Xuan not let them enter the factory? Now they, instead of trying to learn how to make clothes, came to gossip about Chen HaoXuan, which is really stupid and pathetic.

After she found Miao Yuxiang, she asked Miao Yuxiang for a lot of fabric to make the clothes designed by Chen HaoXuan, and she also took dozens of copies of the design drawings. The company's main business is the production of clothes, and the company's products are made from the same materials that are used to make clothes.

If you can't learn how to make clothes, you can enter the factory when you are hired next time. If you can't learn how to make clothes, you can sell them to Chen Haoxuan.

A better sewing machine costs thousands of yuan, and a lesser one costs several hundred yuan, and many women started to make a scene, asking Liping to give them a sewing machine and free fabric to make clothes. Their reasoning was that there were so many extra sewing machines in Chen HaoXuan's garment factory anyway, so what if they could borrow them first. The fabric, their reasoning was that the fabric was not worth much, and they would return the clothes and the extra fabric to Chen after they were done, and they would not keep it for themselves, so why charge a deposit?

Hearing those women's requests, Li Ping felt as if she was begging them to enter the garment factory, which she had kindly given them the opportunity to do, but where were they! I'm going to make a bunch of conditions. If you want to learn how to make clothes by yourself, come to my house and ask me for fabric and design plans, if not, don't bother me.

In the end, only twenty or so women went to Li Ping, the other women were all too reluctant to pay for their own sewing machines, and more importantly, they didn't have the confidence to learn how to make clothes.

There were fewer people who said bad things about Chen HaoXuan, but there were still many people who said that Chen HaoXuan's fat water went into the fields of outsiders.

On the morning of September 19th, two important people came to Chen Hao Xuan's doorstep, and they were none other than Chen Hao Xuan's parents. As soon as he was discharged from the hospital, he brought his wife to Chen Haohuan's doorstep, hoping to apologize to Chen Haohuan in person.

The security guards on duty at the villa door knew Chen Zhenghao and Li Xin, and they didn't let them into the villa; one of them went to inform Chen HaoXuan, and the other one continued to guard the door.

Li Ping, who was also there, comforted Chen Zhenghao and his wife, saying, "Don't worry, this boy Xuan will definitely forgive you."

"Alas-, I hope so!" Chen Zhenghao sighed, he felt guilty, he wronged Chen Haoxuan for so long, and tortured Chen Haoxuan for so long, whether Chen Haoxuan will forgive him, he really is not sure.

This time has been busy with the garment factory business, so Chen HaoXuan every day to get up early and go to bed late, and now early in the morning he and Miao YuXiang in the villa living room to discuss the garment factory matters.

The security guard, running into the living room, said loudly to Chen Haoxuan: "Boss, Chen Zhenghao and Li Xin are at the door, they said they want to see you." The security guard knew that Chen Zhenghao and Li Xin were Chen HaoXuan's parents, but he didn't dare to say so in front of Chen HaoXuan, because they had heard about his tragic childhood.

Chen turned back and said to the security guard, "Tell them to go back and tell them I don't have time."

"Yes." The security guard responded and ran out.

The security guard who had just gone in to report ran back to look at the door, and he said to Chen Zhenghao and his wife, "Our boss is busy, I don't have time to see you, I'm sorry, please go back."

"Ugh-, I knew this would happen." Chen Zhenghao dejectedly said.

Li Ping, who was beside Chen Zhenghao and the others, spoke out to the security guard, "You tell Xiao Xuan that I'm looking for him and tell him to come out."

The security guard ran into the villa again, and after a few minutes, the security guard quickly ran out again, and he said to Li Ping, "Aunt Ping, if you want to see our boss, you can just go in and look for him."

Li Ping took Li Xin's hand and said to Chen Zhenghao, "Let's go, I'll take you in."

Li Ping wanted to take Chen Zhenghao and the others in, the two security guards on duty at the door did not dare to let them in, two security guards reached out their hands to stop Li Ping and the others, one of them spoke out, "Aunt Ping, I'm sorry, you can go in, but you can't take them in, that's what the boss said, and please don't embarrass us."

The security guards hired by Chen Hao Xuan have always been very polite to Li Ping, because Li Ping is very good to them, often ask them what they like to eat, usually as long as you can tell, Li Ping will learn, and after learning to cook for them to eat, so the security guards hired by Chen Hao Xuan treat Li Ping with the same respect and love as their own mother. This time, if Chen Haoxuan had not specifically told them not to let Chen Zhenghao and his wife in, they would have given Li Ping face and let Li Ping bring Chen Zhenghao and his wife into the villa to find Chen Haoxuan.

"I can't take them in, but you let him out, and you go tell him that if he doesn't come to meet his parents today, I'm going to be angry," Li Ping snapped, she didn't want to embarrass the two security guards, so she didn't force her way in.

The security guard ran into the villa again: "Boss, Auntie Ping is angry, she said that if you don't meet your parents today, he will be angry."

Chen Hao Xuan was angry, Li Ping was forcing him to do something he didn't like, and he has never liked being threatened since he was a child, no matter who it was. Chen Hao Xuan exhaled: "You tell her that I will handle my own business, and she can do her own thing. Also, you tell Jiang Dong to send ten security guards to guard the door, and no one is allowed to enter the villa, except for Miao Yu Xiang."

Boom ....., Jiang Dong ran to the door with ten security guards in suits, they would wear camouflage uniforms when they were training, and when they were not training or on duty, they would wear suits, ties, shoes, and sunglasses.

## **Chapter 190**

Jiang Dong's ten men ran with neat footsteps, which gave the impression that a huge monster was approaching. Li Xin and Chen Zhenghao thought that Jiang Dong and his men were trying to catch them, and they couldn't help but take a few steps back, looking at Jiang Dong and his men with fearful eyes.

"What do you guys want?" Li Ping, who was in front of Chen Zhenghao and Li Xin, spoke seriously to Jiang Dong and the others.

"Aunt Ping, we didn't want to do anything! We were just ordered to guard the gate." Jiang Dong explained to Li Ping.

"It seems that he really doesn't want to forgive me." Chen Zhenghao hung his head in shame. He would rather Chen Haohuan beat him and scolded him, and he did not want Chen Haohuan to keep ignoring him like this.

"Zhenghao, he definitely won't forgive us for what we did to him before, let's just go!" Li Xin was tearful to Chen Zhenghao. She knew that everything had happened because of her. If she hadn't gone out to fool around with men, Chen Zhenghao and herself wouldn't have suspected that Chen Hao Xuan wasn't their child.

"You guys wait here for a minute, I'll go in and talk to Little Xuan." Li Ping said to Chen Zhenghao and his wife, after which she quickly walked into the villa.

Li Ping found Chen Hao Xuan in the villa's living room, she walked up to Chen Hao Xuan, serious to Chen Hao Xuan: "What's the matter with you - you give a word?".

Chen Haoxuan raised his head and said to Li Ping: "I don't want to do anything, I just want to live my own life, can't I? Why do you want me to be with them? Is there anything good they can do for me? Will you give me money or happiness?"

"It's like a family with them." Li Ping seriously told Chen Haohuan.

"Is that so? But I don't think so, I feel like I'm fine, I have a luxurious villa, I have a beautiful girlfriend, and you are my parents, and we live together as a family, a very happy family. So I don't want

to destroy this happy home, and no one else is allowed to." Chen Hao Xuan said indifferently, his expression couldn't see his emotions, but his heart was angry, whenever someone said about Chen Zhenghao and his wife, words like you are a bastard, you are mongrel would appear in his mind, these words would make him uncontrollably angry.

Chen Hao Xuan has said this, if she says anything else, it means that she does not want to become family with Chen Hao Xuan. Li Ping shook her head and helplessly said to Chen Hao Xuan, "Okay! I'll just let them leave."

Li Ping came out of the villa, she walked up to Chen Zhenghao and his wife and sighed, "I'm sorry, he still can't forgive you, you go back! Maybe after a few years he'll think about it and maybe he'll recognize you guys back."

Hearing the word "return", Chen Zhenghao remembered that his house had been sold to someone else, and he embarrassedly said to Li Ping, "Li Ping, that our house has been sold to someone else, and we don't have a place to live yet, so can we keep our things in your house? Don't worry, as soon as I get a job, I'm going to look for an apartment, and then I'll come over and move my stuff right away."

"How about this! I'll buy your house for you, as a token of filial piety on behalf of Xiao Xuan." Li Ping said.

"No, Li Ping you have already helped us a lot, we can't trouble you anymore." Chen Zhenghao was embarrassed to Li Ping, he was sick this time, if it wasn't for Li Ping's help, he would have gone to hell.

"Nothing, let's go! Let's go find Sun Fei." Li Ping said, "Sun Fei is from the next village over from the Chen family village, and is considered a small rich man, who is in the sand business."

Li Ping and the others walked, and half an hour later, they arrived at Sun Fei's house. Sun Fei was a shrewd businessman, and when he saw Li Xin borrowing money from everywhere, he suggested that Li Xin sell the house to him, for the small house should have been worth 500,000 to 600,000 RMB, but he insisted that the price should be 200,000 RMB. Li Xin also had no choice but to sell the house to Sun Fei for 200,000 RMB.

Now Li Ping and the others came, wanting to buy the house back, and Sun Fei laughed as he held out a palm to Li Ping and the others, "If you want to buy it back, bring 500,000 RMB, or else everything is free." Sun Fei didn't dare to raise the price too high, because he was afraid that Li Ping and the others wouldn't want it, but would go somewhere else to buy a house or build another one.

"You are too much of a bully, when I sold it to you it was only 200,000 RMB, I want to buy it back now and you want 500,000 RMB, a whole 300,000 RMB more, your heart is too black."

Sun Fei sat on a mahogany chair, crossed his legs and smiled evilly, "You sold me the house, it's mine, so my own stuff - I'm free to sell it for as much as I want, isn't that right?"

"Half a million RMB can build a better small house, so if you don't sell it, forget it, we'll spend our own money to build another one." Li Ping said coldly to Sun Fei.

Hearing Li Ping's words, Sun Fei relaxed and said unhappily, "Then how much did you say?"

Li Ping extended three fingers and said, "Three hundred thousand RMB."

"No, absolutely not, that small house is worth half a million RMB, you want to spend 300,000 RMB to buy it back, don't even think about it." Sun Fei, exasperated, he had been doing business for so many years, how could he not be able to tell whether he was making or losing money, he was still making, but he was making too little, so he was very upset.

If you can't do it softly, then do it hard. Li Ping coldly said to Sun Fei: "Sun Fei, you should know that they are Chen Haoxuan's parents, right? They are separated from Chen Hao Xuan, but they are Chen Hao Xuan's parents anyway, and Chen Hao Xuan saw his parents being screwed over, plus I said a few bad words about you in front of him, what do you think he will do?"

Hearing Li Ping's words, Sun Fei revealed a timid expression, Chen Haoxuan was the richest and most powerful man in Pingyuan County, and I heard that the director and mayor of Xinshan City had a

good relationship with him, in addition, Pingyuan County's mobster Black Wolf also had a relationship with Chen Haoxuan, such a person - he did not dare to provoke.

"Three hundred and fifty thousand RMB, it can't be any less." Sun Fei looked very sad, Dao, could he not be sad that he could have made half a million RMB, and then a hundred thousand RMB less all of a sudden?

"300,000 RMB, if you don't agree, I'll go to Chen Haoxuan and I'll tell him that you tricked Li Xin into selling the house to you at a super low price while his parents were in desperate need of money. I think he will include you on the side of his enemies, and it's very likely that he will use his official power to close down your sandbox, because yours is a black sandbox, and when you go out to play, you will probably be kidnapped." Li Ping sneered, Chen Haoxuan knew a lot of people in both the officialdom and the mafia, this is what she heard her daughter Chen Yina say.
