

A Billionaire's Reincarnation Chapter 191-200

Chapter 191

"Fine, fine, I'm afraid of you, just 300,000 RMB! You pay the money now and I'll give you the house right away ." Sun Fei looked as if he was very distressed. He could not dare to save Li Ping's face, but he could not refuse to give face to Chen Hao Xuan.

Li Ping was not like Chen Haoxuan, who carried a cheque book in his pocket everywhere he went and filled cheques when he wanted to buy something. She didn't have such a thing, so she and Sun Fei went to a bank in Pingyuan County to make the transfer.

When they returned to Chen Jia Village, Liping went to look for Jiang Dong in front of Chen Haoxuan's house. Jiang Dong was chatting with him at the door at the same time, and when he saw Liping returning, he smiled and said, "Auntie Liping, back so soon?"

"Well, the house has been bought back and a lot of Chen Zhenghao and his family's stuff is at home, can you call five or six people to come and help?" Li Ping told Jiang Dong.

"This - I can't make a decision on this, I'm sorry." Jiang Dong apologised. If it was to help Li Ping, he could call twenty people to help, but to help Chen Haoxuan's parents, he didn't dare to send anyone to help, even one - he didn't dare, he was afraid that Chen Haoxuan would be blamed.

"Auntie Ping, it hurts you for nothing, huh. I've decided to stop your meat for a week." Li Ping pretended to be angry with Jiang Dong and the others.

"Auntie Ping, I know you're joking, right? Brothers, don't you think?" Jiang Dong.

"Yes, Auntie Ping is just joking with us! Aunt Ping, how can such a nice person not give us meat for a week! Auntie Ping, it's a knife with a mouth and a heart of bean curd" One by one, Jiang Dong and the others were kissing Li Ping's ass.

Li Ping was embarrassed by what Jiang Dong and the others were saying and she squealed, "Alright! Don't flatter yourselves, I just won't stop your meat."

"You see, Auntie Ping is a cut-throat with a bean curd heart! How could she be so kind as to stop our flesh!" Jiang Dong joked.

"Yeah! Yeah" The other security guards were up in arms.

Li Ping was scared to death by them, she was just an ordinary woman, she was really not used to being touted by so many people at the same time.

Jiang Dong and the others didn't dare to come to help, so Li Ping and the others had to do it themselves. Luckily, Chen Zhenghao's house was not very far from hers, otherwise she would have died of dereliction of duty. Chen Zhenghao and his wife were responsible for moving the furniture back to her house, while she was responsible for taking some light things.

It took the three of them more than two hours to finish moving it, and at Chen Zhenghao's home, Li Ping was half lying on the sofa, panting, "Ah, as for getting it done, it wore me out."

"Li Xin, quickly go and make some tea for Li Ping." Chen Zhenghao said to his wife.

"No, it's so late now, I need to hurry and go help Xiao Xuan and the others cook, otherwise their little tummies will protest." Li Ping stood up. She had five men now, two men were in charge of cooking, three women were in charge of cleaning up the dishes and washing them, and incidentally doing the hygiene, and she rightfully took the position of supervisor, although she was only in charge of the five men, but no matter how young he was, he was still an official and held an admired position in the village.

On Chen Haohuan's side, Jiang Dong was reporting to Chen Haohuan about Chen Zhenghao and the others. After hearing Jiang Dong's report, Chen Hao Xuan smiled bitterly and said, "This mother-in-law of mine is just nosy, and two such people deserve her selfless help." Chen Hao Xuan thought back to the old Li Ping, in order to reduce the burden on the family, every morning and evening go out to work, no one to help him, and because Chen Hao Xuan and her family is very close, for this reason Chen Zhenghao's family did not stop talking badly about her, in the past she was so bad to her, but now she is very good to Chen Zhenghao's family, Chen Hao Xuan can not understand.

The reason is very simple, Li Ping is doing this for Chen Haohuan to have a normal home.

"Like Auntie Ping, Nana is a very kind person, and as long as they see how pitiful the other person is, they can't help but want to help each other out," Miao Yuxiang said.

"Being kind is good, but sometimes kindness can get people killed. Like I used to be, I was kind, right? I don't fight, I don't smoke, I don't drink, I don't do anything bad, people hit me - and I don't hit back. The result? I've almost been killed several times, my classmates have been, my family has been. Look at me now, I don't care what's good or evil, I'm not happy anyway, I'll screw the other guy. What's the result? As a result, I am now the largest shareholder in Telecommobile City and own a billion dollar fortune" The more Chen Haohuan spoke, the more excited he became.

Chen Zhenghao, who used to rely on their eldest son, Chen Haorong, to support them, has now run away and taken all the money with him. Their own savings have all been spent because of Chen Zhenghao's illness, and they are now living on Li Ping's support.

Chen Zhenghao and his family have thought about it for a long time, they don't have any money and they don't know how to do business, the only thing they know how to do is to cultivate the fields, but now it's almost time to harvest the rice, so what's there to cultivate? So they thought of growing vegetables, they used the paddy fields to grow vegetables and sold them to Li Ping, who would go out to buy vegetables every day anyway.

That afternoon, Chen Zhenghao and his wife went out with their hoes on their shoulders, and their paddy fields were planted with rice for others, so they planted vegetables in their own garden first, and when they vacated his paddy fields, he planted rice on them too.

On the 20th of September, Chen Haohuan drove his BMW to the city of Xinshan, where he gave all the clothes he had made in the past few days wholesale to Jiang Xiang Han, and then went to the police station to look for Li De. He heard from Li De on the phone that he was now being scolded by the mayor because he had listened to Chen Hao Xuan and had his men show off around the lively area with large amounts of cash. As a result, at some point, the money his men had been holding in their hands disappeared, several times, which cost the police station more than 100,000 RMB.

Li De tried using counterfeit banknotes, but the thieves were all very keen-eyed, and as long as you're not holding real money, they won't steal it. This made Li De half-dead angry, and he was surprised why the thieves were so good. He had no choice but to look for Chen Hao Xuan again, trying to get Chen Hao Xuan to help him think of a good solution.

When he arrived at the police station, a policewoman brought him to Li De's office. When Li De saw Chen Hao Xuan coming, he stood up politely, extended his right hand to shake Chen Hao Xuan's hand and smiled: "Xiao Xuan, I'm sorry that I asked you to come over to help me when you're so busy."

Chen Hao Xuan sat in front of Li De's desk and smiled, "It's fine, anyway, Black Heart is your enemy as well as mine, helping you is the same as helping myself. Can you tell me about the situation of why you have failed time and again?"

Chapter 192

"Here's the thing, I took your advice to have our guys dressed in civilian clothes with a wallet in their hand with 10,000 or 20,000 in cash in it and then show it off everywhere. As a result the wallet in our man's hand disappears for no reason at all every time." Li De was embarrassed, the police's things were stolen by thieves over and over again, this is their police incompetence, but also his Li De's incompetence, so no matter what Li De will catch all those thieves, to get back their police should have the face.

"It seems that those thieves are all experts, that's why you couldn't find out that your stuff was stolen." Chen Haohuan smiled faintly.

"Then what should we do? The people in our police force are ordinary, there are no experts." Li De had a bitter, dejected face.

"Me?" Chan pointed to his nose and laughed.

"You're really willing to help?" Li De was pleasantly surprised, he knew Chen Haoxuan's ability, when Black Heart and his dozens of men failed to take Chen Haoxuan down, instead they were beaten by Chen Haoxuan and almost captured by Chen Haoxuan. So Chen Hao Xuan's ability, Li De never doubted, he believed that if Chen Hao Xuan dared to help, he would be able to catch those thieves.

"One day without catching Blackheart, I can't rest easy, do I have a choice for my own safety?" Chen Hao Xuan to Lidao.

"Well, what do you say?" Reid was pleased.

"I'll show off in the downtown area to draw the thieves out, while you guys will be on the tall buildings near me, watching for any accomplices of the thieves, and if you find any accomplices of the thieves, you'll first take pictures of their faces, then go down and catch them. As for the thief who wants to steal my money, you don't have to worry about it, I am confident that I will catch him." Chen Haohuan was confident.

"When do we start?" Reid is excited.

"The sooner the better, because I have a lot of things to deal with personally in my new garment factory now." Chen Hoxuan said.

"Now then! You wait here for a moment and I'll go gather the people." Li De was happy.

Li De called twenty policemen to act with Chen Hao Xuan, Chen Hao Xuan told them to wait for him to get his make-up, he looked like many people knew him, if the thieves knew he was Chen Hao Xuan, they might not dare to come and steal, so he needed make-up. Chen Hao Xuan drove to Jiang Xiang Han's clothing shop, Chen Hao Xuan asked Jiang Xiang Han to give him her cosmetics to use. Rich women are different, with a whole bunch of cosmetics.

Chen Haoxuan drew his eyebrows to make them more deadly, put on lavender lipstick on his lips, wore a long wig which he tied up with a string, a black hat and a pair of black sunglasses, and wore a denim outfit. With his make-up on, Chen Hao Xuan was a completely different person, without the noble temperament of the past, only the artist's temperament. Not to mention, it was so cool to dress like this that any movement was like an art.

When Chen Haohuan drove back to the police station, Li De, who had been waiting for Chen Haohuan at the entrance of the police station, saw Chen Haohuan driving back and he went forward to open the door for Chen Haohuan, but a person he didn't know came into the car. "You are?" Reid looked seductively at the handsome man in front of him, who was dressed differently.

"Can't tell, can you? I am Chan Ho Hin. I am sure the thieves will not recognise me dressed like this. Let's go! We're moving now, at the centre of the square in the city of Xinshan." Chen Hao Xuan smiled.

"Alternative, conspicuous, those thieves can't even pay attention to you!" Liddell smiled.

Li De and the others didn't go in a police car, they went in batches by bus to the centre of Xinshan City Square. Chen Hao Xuan he drove to the centre of the square of the new city, he parked the car at the side of the road, took out his mobile phone, made a phone call to Li De and asked if they were ready. Li De replied back, saying OK, and Chen Hao Xuan opened the car door and got out.

It's a little game where you get three small circles for ten dollars, and then you stand on a designated line and throw the circles out, and the circles completely cover the item, so the item is yours.

Chen Hao Xuan is simply throwing things around because he is attracting the thieves, and if each small circle he throws out covers an item, the owner of the stall will definitely close up his stall and go home. Occasionally, Chen still managed to get one or two hits with his throwing, and he didn't want the items he got and gave them to the children next to him.

Chen Hao Xuan took out a hundred yuan bill from his wallet and handed it to the owner of the stall, which made the owner's mouth water with laughter. Later, with a look of impatience, Chen put his

wallet on the ground, with the RMB 100 yuan banknotes showing through his wallet, and left it alone, concentrating on making small circles.

The thickness of the wallet was such that they were sure there was no less than 10,000 RMB inside.

In the crowd of onlookers, there was a short young man who saw Chen Haohuan's wallet and the corners of his mouth curled up in a yin smile. The short youth, who had left the crowd, walked to the bottom of a large tree in the square and waved to the surroundings.

After a while, five youths quickly walked over, and one of them said to the short youth, "Melon, did you find your target?"

"Of course, did you see the group? I guess there are at least 10,000 to 20,000 RMB in that wallet. If we win this time, each of us will get two to three thousand RMB. The short young man called Winter Melon, smiling yinly, said.

"Then what are we waiting for, let's move! Too late and that loser is gone." A young man couldn't wait.

"What's the hurry, didn't you hear what big brother said? Now that the cops are trying to catch us, it's hard to spot them when they're hidden in plain clothes in a crowd, so we can't fight unsure battles. Let me ask you, have you spotted anyone suspicious?" Melon asks seriously.

"No" The five youths shook their heads.

"Then we'll do this later, I'll walk up to the loser first, then you five will stay in each of the five corners of the crowd and when my hand makes a fist and you see it, immediately produce chaos and push the onlookers towards me. At that time I'll take advantage of the chaos to grab a loser's wallet, then I'll leave immediately and wait for you at the usual place." Winter Melon was serious.

"Okay, do that." The five youths nodded and echoed.

Chapter 193

Melon and the others scattered and squeezed into the crowd, Melon squeezed in beside Chan, he saw that his companion was in place so he balled his hand into a fist and motioned his companion to action....

"Ah-, don't push me, you can't push me over!" The crowd in which Chen HaoXuan was playing suddenly became chaotic, with everyone squeezing and pushing each other, making a mess.

As soon as he noticed the commotion in the crowd, he immediately paid attention to his wallet on the ground. Suddenly a short young man next to him pushed him with such force that it must have been deliberate, so Chen Hao Xuan pretended to fall and quickly grabbed the wrist of the person who pushed him.

The melon thought that Chen Hao Xuan did not know what he was doing, he saw Chen Hao Xuan's eyes looking at him, so he simply pushed Chen Hao Xuan down, and he! On top of Chen Hao Xuan, he quickly grabbed his hand on the ground as he fell, took Chen Hao Xuan's wallet and then very skillfully put it inside his sleeve.

When he was done, Melon climbed up on top of Chen Hao Xuan and said politely to him, "I'm sorry, I don't know who pushed me just now, but I knocked you down. I still have very important things to go back to, I'm leaving first, bye."

Chen Haoxuan had just seen with his own eyes the short youth in front of him steal his wallet, how could he let him go, Chen Haoxuan quickly braced his hands on the ground, he quickly bounced up like a spring, he quickly grabbed the short youth's hand, no matter what, his right hand tugged on the youth's wrist, his left hand pressed hard and cracked.

"Ah-." The melon let out a miserable scream.

Li De, who had been in a tall building near the square, had binoculars and could see exactly where Chen Haoxuan was, and he saw several people in the crowd suddenly pushing their own sides at the same time, and he immediately asked his subordinates to take pictures of what those people looked like, while he sent his subordinates to arrest them.

Li De smiled when he saw with his binoculars a fight between Chen Hao Xuan and a short young man, knowing that Chen Hao Xuan's ruse had worked.

"Why don't you guys come and help." Melon yelled loudly to his companion, he knew that Chan had found out that it was him who had stolen his wallet, but he hadn't known that Chan had come with the police to arrest them.

Melon's companions quickly rushed towards Chen Hao Xuan to save their companion. And Chen Hao Xuan! He used his knee against the melon's foot to keep it from escaping, and his hand pressed down, and the melon was forced to kneel down on one knee, then Chen raised his right foot and kicked at the melon's foot so hard that the bone might not have broken with a thud. "Ah-." Winter melon once again let out a miserable scream.

Chen Haoxuan's cruelty scared the five youths who wanted to help Winter Melon, and they stopped two metres away from Chen Haoxuan and looked at him in panic.

"Are you guys in cahoots with him?" Chen said to the five youths standing in front of him.

"You let our brothers go, or we will be rude to you." The five youths, one of them boldly bellowed at Chen Haohuan.

"You want to bully the few with the many, don't you?" Chen Hao Xuan sneered.

"Is there any how? I advise you to let our brothers go quickly, or you'll know that life is actually worse than death." One of the youths threatened Chen Haohuan.

"Oh, then I seem to have more people than you guys!" As soon as his words fell out, Li De's men quickly rushed out, twenty policemen came out and the five youths didn't have the courage to resist.

The five youths and melon were all handcuffed by the police, squatting in the middle of the square, twenty policemen surrounded them.

Li De his smile was so bright, Chen Hao Xuan caught a gang of six thieves in one go, this was definitely a happy thing for him, at least he didn't have to be scolded by the mayor all day for not being able to catch a single thief.

"Little Xuan, worthy of being a billionaire, it's different when you do it." Li De walked up to Chen Hao Xuan, erect he which is more than the average ** mother and son, happy.

"If it was you personally, you could also catch them, but it's a pity you're too busy to fight these thieves, otherwise how could they be arrogant for so long." Chen Hao Xuan patted Li De's flattery and joked.

"Don't flatter yourself, will I not know my own skills? I think I'm better than the average person with my head, but I can't do it with my body, as a random punk can take me down." Li De humbly said.

"Well, let's stop chatting and take them to the police station first." Chen Hao Xuan Dao.

"Uh-huh, I'll call a car." Li De echoed, they came as buses or taxis to keep the thieves from seeing their police cars. Reid made a phone call to the police station and he asked someone inside the station to bring five police cars over.

The police car arrived, six thieves were pressed into the police car, the twenty policemen from Li De also got into the police car, and Li De, he chose to ride in Chen Hao Xuan's BMW, identity is important! How can he, a director, squeeze in with so many people!

In the car, Lyde said to Chan, "Little Xuan, I didn't know you were such a ruthless person that you broke the other guy's hand right off the bat."

"If he dares to steal from me, he needs to pay for what he did, and by the way, my wallet is still hidden in his sleeve! There's nothing valuable in it, just over 10,000 in cash, so take this money and treat your subordinates to tea!" Chan reminded.

"Then I'll thank you for them first." Chen Haoxuan was a billionaire and more than 10,000 RMB was equivalent to a zero in front of him, so he didn't need to be polite to Chen Haoxuan. Li De he suddenly thought of how Chen Hao Xuan had caught the short thief and then proceeded to kick the thief's leg off, and he was curious as to why Chen Hao Xuan had done that. So he spoke up and asked Chen Hao Xuan, "Little Xuan, after you caught the short young man, you broke his hand because you were afraid he would resist, but why did you kick his foot off?"

"Can't you see his five accomplices coming towards me? I was sure of dealing with them, but it was a bit difficult to catch them all. So to keep the mastermind from running away, I'll just break his leg so I don't have to worry about him running away." Chen Hao Xuan was indifferent, his expression as if his kicking a man's foot was as insignificant as stepping on an ant.

"Gah" Li De was speechless, then there was such a person who directly kicked the other person's foot off in order to prevent them from running away, this - this was too cruel, right?

Chapter 194

"Hen, they may be thieves, but you broke their arms and legs, they have the right to sue you, aren't you afraid?" Li De to Chen Hao Xuan.

"Scared sh*tless! Won't I get a lawyer if they sue me? Even if they win the lawsuit and pay them hundreds of thousands of RMB, they will run in front of you and call you their own father." Chen Hao Xuan bullishly said.

Li De once again raised his thumb to Chen Hao Xuan and admired him: "Ox, you're so ox."

"I remember a certain rich kid once said, I have plenty of money, who am I afraid of?" Chen Hao Xuan joked.

"I really envy you businessmen, free and easy, but you also eat well, sleep well, use well, wear well and live a colourful life. Unlike us officials, we are much more miserable than ordinary people, just like a certain sage said, officials serve the people. Li De sighed, in fact, he has always been very proud of himself, the reason why he said so, modesty, but how his modesty with show off?

"Then don't be a director, come and do business! You've made a lot of money here in the past year anyway." Chen Haoxuan joked.

Li De would only be reluctant to give it up if he wasn't a director! He had worked for more than ten years to get this position, so how could he possibly give up his official position to go into business. Li De smiled awkwardly and said: "I don't have the brains for business, I'd rather be my official."

"I knew you'd be reluctant to leave, otherwise why would you be so worried about not catching the thieves! Because you're just worried that the Lord Mayor will actually fire you." Chen Hao Xuan laughed.

"Little Xuan, you're so not buddy enough, you should know better! Why make me look bad by saying it!" Reid was embarrassed.

"Let's get down to business! When you can't ask anything on those thieves, you come to me and I'll ask." Chen smiled evilly, he was the chief professor of the future century and he was very familiar with the human body, so he could make those thieves live or die without harming their bodies.

"Certainly certain" Li De nodded incessantly and responded. Chen Haoxuan dared to help, and he raised his hands in welcome.

At the police station, Chen Haohuan said he was thirsty, so Li De asked Chen Haohuan to go to his office to make Kung Fu tea. Li De and the others were busy questioning the five thieves, the other one had his arms and legs broken by Chen Hao Xuan, so what! Sent to the hospital. And Chen Hao Xuan he

was very leisurely in Li De's office making Kung Fu tea, and when he had his fill of it, he was bored, he went out.

So the police station has a strange man, a very cool man, who is bigger than Li De, the chief of the frame, who hooks up with female cops and teaches those delinquents who don't cooperate with police investigations. Now Chen Hao Xuan has pulled off the makeup, so the police inside the police station all recognize him, he is Li De's friend and a famous billionaire in the city of Xinshan, those are just a small police officer, how dare to be rude to Chen Hao Xuan.

"Why are you fighting?" In a corner of the police station, a male police officer is questioning a hot girl, looking at the good hot girl looks fligid, the edges of both eyes painted like a panda, hair is colourful, and chicken nests have a comparison, clothing is very artistic, a few pieces of patch tied together. The hot girl is sexy, but she's only 16 years old at the most.

"I don't like the way they look, I'll beat them up, why not?" The Spice Girl was cocky to the policeman who questioned her.

"What's with the attitude, do you know it's against the law to beat someone up, and thanks to you not beating them up badly, or you'd be straight in jail." The policeman scares the spicy girl.

"Well, who are you kidding?" The hottie's attitude clearly didn't take the police seriously at all.

After Chan, who was loitering in boredom, saw it, he walked over to the male cop and said, "What's going on here?"

"Boss Chen, it's like this, she gathered a fight in the school and the school teacher called the police, so we brought her, the troublemaker, to the police station for questioning. As for the victim, he is now in the hospital to dress his wounds." The policeman was polite and courteous to Chen Hao Xuan.

"

"Hey, hey, hey, will you come down here? I'll sue you for molestation if you keep this up!" Chen Hao Xuan exhaled and yelled at Spice Girl, the smell of her perfume was too heavy, and with her heavy makeup, he didn't like to get up close and personal with her.

The Spice Girl let go of Chen Hao Xuan, placed her ten fingers tightly on her chest, looked at Chen Hao Xuan with affection and said, "Brother Xuan, I admire you so much, can you take a picture with me?".

"You deal with your business first, you now honestly answer the police uncle's questions, if you lie, everything is free of discussion." Chen Hao Xuan was serious to the spicy girl.

"Uh-huh, I will definitely answer the police uncle's question honestly." The spicy girl seemed to listen to Chen Hao Xuan's words, after which the police officer did not ask her any questions, she would answer.

After the record was made, the male policeman said to Spicy Girl, "Okay, you can now call your parents to come pick you up."

"Ah-, call my parents to pick me up at the police station? I'll go back on my own, I don't need them to pick me up." Spice Girl seemed to be afraid of her parents.

Chan spoke out, "I seem to remember that there is an empty cell inside the police station, so why don't you don't go back and stay inside the cell."

The spicy girl was still too young to think that what Chen was saying was true, and she waved her hands in fear, saying, "No, no, I'd rather have my parents pick me up."

As Chen turned to leave, the male policeman stood up and bowed slightly to Chen as a sign of respect, outwardly thanking him, "Boss Chen, thank you for your help."

The hottie stood up and shouted to Chen Hao Xuan, "Brother Xuan, you forgot to take a picture with me."

Without looking back, Chen Hao Xuan said, "Come back to me when you become a lady!"

The hottie turned her head to the male cop and said, "Uncle cop, don't I look good like this?"

"Off the beaten track, look good!" The male policeman's words perfectly matched his expression, which felt as if he had been forced to say so.

At noon, Chen Hao Xuan sat directly in Li De's office to eat, the people in the police station usually do not go back at noon, they will stay in the police station to eat and finish the unfinished business.

Li De, who was punctual, returned as soon as 12 o'clock sharp, his face dejected, and it seemed he hadn't got any useful information from the thieves.

Chapter 195

"Did you ask for anything?" Chen Hao Xuan speaks out.

Li De shook his head. Dejectedly, "No, those thieves are dying to talk."

"Do you need my help?" Chen Haohuan smiled evilly.

"Of course, but go after you eat, I'm starving now." Li De touched his gurgling stomach, embarrassed.

After Chen Haohuan and Li De finished their lunch, they went to the detention room together, and as they entered the detention room, Chen Haohuan said to Li De: "You can just use the CCTV to watch it, I can go by myself."

"Why? Is there anything else you want to do that's shameful?" Reid wondered.

"That's right, I want to send some money for them to spend." Chen Hao Xuan said with a wicked smile.

Seeing Chen Haoxuan's devious smile, Li De recalled what Chen Haoxuan had said to him today, I have money, who am I afraid of. Li De suspected that Chen Hao Xuan was prepared to fix the thieves, and if they thieves could sue him down, he would pay for it. "Rich people, can't afford to be hurt!" This was Li De's heartfelt message.

Li De listened to Chen Hao Xuan, he called out the person guarding the detention room, and then he went to the surveillance video room.

Chen Hao Xuan he took a bunch of keys, walking with elegant steps into the detention room, Chen Hao Xuan walked to the cell where the five thieves were held, Chen Hao Xuan did not open the cell door to enter, he just through the bars to the five thieves inside the cell evil smile, "Do you still know me?".

"You are?" One of the youths in the cell was curious.

"I'm the man who just broke your brother's arms and legs, and I'm sure you're familiar with my appearance, right?" Chen Hao Xuan smiled evilly.

"You - you are Chen Hao Xuan? A billionaire in the city of New Hill?" The five youths were surprised to hear what Chen Hao Xuan had to say, they weren't afraid of the police, but they were afraid that Chen Hao Xuan would break their arms and legs even if he was in a bad mood.

"Well, I am Chen Hao Xuan, I am appearing before you now to ask you some things, I hope you will cooperate, if you dare to lie to me, you will end up in a pitiful situation." Chen Hao Xuan coldly said.

"Don't waste your time, we won't tell you, you can do what you like. Right, this is the Public Security Bureau, you are not allowed to mess around. You better not mess with us, or our big brother won't let you go" The five youths seemed to be loyal to their big brother.

"Blackheart? He's still a bit young in my eyes, and if he hadn't run away fast last time, he would have either been killed by me or gone to jail for life. So don't expect your boss to take revenge for you, because he doesn't have the ability to do that." Chen Haohuan said. Chen Hao Xuan bullishly said.

"Who said that, our boss is very powerful, he dares to confront the police, the whole city of Xinshan wants to arrest him, but he still manages to get away with it in Xinshan." A fatter youth bellowed at Chen Hao Xuan, looking at their angry expressions, Chen Hao Xuan suspected that they had been brainwashed by Black Heart.

"I just mentioned that Blackheart is your big brother and you didn't deny it, that means your big brother is Blackheart and you are under Blackheart's orders. You have already betrayed your big brother, so for you to insist on defending your big brother now will only do you harm and no good at all. If I rely on the mob to get you to confess to the Black Heart, what do you think will happen when you get out? If you don't want to talk, I'll talk! You will be killed by him." Chen was cold, he was fooling people, scaring them out of their wits and then fooling them again, which would have a higher success rate.

"No, no, no, our big brother won't kill us, he won't believe your words." A youth bellowed at Chen Haohuan.

"It seems that Blackheart's brainwashing skills are very good, and he can make so many people loyal to him." Chen Haohuan said in his heart, "The skill of brainwashing is actually very simple, as long as you make sense of what you say, make other people's minds follow you and instill loyalty to you, you have succeeded. This is the highest level of a con artist and is called cheating the mind.

"I don't have time to gamble with whether the black heart will harm you or not, I just want to know why he did it now. Where is he now?" Chen Haohuan asked coldly.

"I don't know, I don't know" The five youths spoke in unison.

"Well, they are all good men, so I'll keep you company!" Chen Hao Xuan said and opened the cell door.

Seeing Chen Hao Xuan enter, the five youths were so frightened that they ducked into the corner and shook uncontrollably. After Chen Hao Xuan entered, he locked the door again and put the key in his pocket before walking towards the five youths.

As soon as Chen took a step closer to them, the more scared they felt, they trembled and said, "Don't, don't come over"

"If you want me not to come over, that's fine, tell me the purpose of Blackheart and his current location, and when I catch Blackheart, I'll ask the director to release you and also give you a sum of money, how about it?" Chen Hao Xuan was serious.

"No, big brother will kill us." One of the youths trembled.

"Kill, kill a hair! He kidnapped me with dozens of people and a few pistols, plus he is now openly against the police, he will be sentenced to life imprisonment if not death, so as long as the police catch him, you will not be in any danger, and you will also get some money, and you will not have to go to jail." Chen Hoxuan said.

"Even if we don't say anything, we'll be sentenced to a few years at most for robbery. But if we tell you and you don't catch our big brother, we'll be dead, and even in jail, our big brother will have a way to screw us over. It's too dangerous, Boss Chen, Big Brother Chen, don't push us, just sentence us to jail!" A young man pleaded with me.

"Do you want to go to jail, have you forgotten my tactics? I dare to fight your boss because I have the capital. Your big brother has friends in prison, don't I? His friends are at most those prisoners who

are in jail, but my friends are different, prison guards, policemen, I have all these friends, as long as I say hello to them, you will feel that jail is hell." Chen Haoxuan threatened coldly.

"Big brother, uncle, please, let us go!" The five youths were so frightened by Chen Hao Xuan that they knelt in front of him and kowtowed with a thud.

Bullying and fearful of people, these thieves might have pushed Chen Hao Xuan down and flattened him wildly if he hadn't been in the position he is now. Chen Hao Xuan took a step forward and raised his foot to kick a thief in the head, and with a muffled thud, the thief was knocked to the ground by Chen Hao Xuan's kick. The thief could have stood up, but he didn't because he was worried that Chen would beat him up again after he stood up, so he simply played dead.

Chapter 196

In the CCTV room, Li De saw Chen Haohuan's actions in the detention room from the video, and he laughed bitterly: "A white, clean, gentle man with a ruthless heart, if I hadn't seen it with my own eyes, killing me - I wouldn't believe it."

A policeman in the CCTV room asked Li De, "Director, he beat up someone in the police station's detention room, will the higher-ups be angry when they find out?"

"Angry my ass, wait a minute you guys delete this video, you do not say anything, who will know." Li De was serious, the bad guys know how to destroy evidence, the police can also do it, it's called fighting black with black.

After punching and kicking the five youths for a while in the detention room, Chen Haoxuan yelled at them again: "If you don't say anything, I don't need you to say anything, so get ready to do jail time for the rest of your lives! I will always have people go and entertain you properly."

First a threat, then a severe beating, and now a threat, the five youths could no longer bear the devastation of such a simultaneous mental and physical attack, and they all said to Chen Haohuan: "Big brother, we tell you, we tell you, you must never do this to us, our family cannot do without us ah" "

Chen once again rubbed salt into their wounds as he slapped the right side of the face of a young man who had leaned in closer to him with a very crisp slap. "Then tell me quickly, I'm up to hundreds of thousands a minute, where is the time to gossip with you." Chen Haoxuan bullishly roared, treating these thieves, you need to be tougher than them, otherwise they will come back to bite you.

"You first promise us that if we tell you, you'll let us go immediately." A youth said to Chen Hao Xuan, I didn't think he was quite shrewd! Know was worried about Chen Haohuan going back on his word.

"Okay, I promise to let you go as long as you are telling the truth." Chen Hao Xuan.

"Our boss is living in the same tiled house you used to live in, not many people know that he is there, I still because once I went drinking with winter melon, he was drunk and told me unintentionally. We all can't contact our big brother directly, only Winter Melon and the others can, and Winter Melon told me that their method of contact is the same method used by spies during the war, and only those who are in charge can understand it, and if we, the minions, read it, it's like reading a book of heaven.

As for our boss's aim, it's very simple: he just wants to make peace with the police with his actions, and he thinks that if he is strong enough and the police can't do anything about it, they will give up arresting him. If the police he stops arresting him, he will stop all retaliatory actions." The rather obese young man, to Chen Hao Xuan.

"Fine, I'll go now and catch Blackheart and then release you, but remember, if you lie to me, I don't recommend killing you." Chen Hao Xuan said coldly.

"I promise, I definitely didn't cheat." The rather obese youth, raised his hand and swore.

Li De, who was in the CCTV room, slapped his hands together with a cracking sound, and he said excitedly, "Good, great, if we catch Blackheart, not only will I not have to worry about being sacked, I might even get a promotion!"

"Then I'd like to congratulate the director on his promotion, and when he's promoted, don't forget us subordinates ha!" The male policeman next to Reid flattered.

"Don't flatter, quickly go gather the team, bring your guys and leave immediately. This time, I'll catch Blackheart, huh." Li De said.

Li De asked his subordinates to gather the team, he finished the order and quickly walked towards the detention room, looking at the face of Chen Hao Xuan, Li De excitedly opened his hands, wanting to have a warm hug with Chen Hao Xuan. But Chen didn't cooperate at all, and Chen spoke out, "I'm not gay, you don't want to do this."

"F*ck, what do you mean, I'm just too happy and want to hug you to show my appreciation, and you suspect me of being gay. This is the same you Chan Ho Hin, if it was anyone else, I would have cuffed him (arrest and go to jail means)" said Liddell with a hard slap on Chan Ho Hin's shoulder, laughing and scolding.

"You should have heard the conversation I had with those thieves, right? Why haven't you sent someone to arrest Blackheart?" Chen Hao Xuan was serious to Li De.

Li De patted Chen Haoxuan's shoulder and smiled: "Don't worry, I've asked people to gather the team members, I also told them to bring their guys, if Blackheart still has a gun this time, I'll break his arms and legs."

"I'll go with you, if they have pistols, can you give me one, I'm a marksman yo!" Chen Haohuan was serious.

"I know you're a good shot, but I'm curious, it's a harmonious society now, ordinary people can't even touch a gun, how did you practise good marksmanship?" Reid asked curiously.

"Secret." Chen Haoxuan smiled mysteriously. Even if he told Li De, Li De wouldn't believe him because his marksmanship was practiced in the future century when he was a soldier.

"Alright! If you don't tell me, forget it." Li De knew the interesting yes, he was sure that there must be some untold amazing secrets on Chen Haohuan's body, otherwise why was Chen Haohuan's so powerful, his gun skills could be called sharpshooter, his mind was terribly smart, and his body was as good as a martial arts expert. Such a person was incredible, ordinary people were definitely not that powerful, nor did they have the conditions to make him learn, unless he was a natural genius, but that was obviously impossible.

"Let's go! Let's leave early, otherwise when Blackheart finds out we have captured his little brother, he will definitely choose to leave where he is now," Chan reminded.

"Okay, let's go." Li De said.

Li De didn't give Chen Hao Xuan a hot weapon, but he gave Chen Hao Xuan a sharp dagger for his defence.

On the way to the small village where Chen Hao Xuan used to live, Chen Hao Xuan saw the sirens of Li De's and their police car constantly whining Chen Hao Xuan's heart was so angry! It's a clear case of collaborating with the enemy! So loud that it could be heard from miles away, and it's strange that Blackheart didn't run when he heard so many sirens.

The company's main business is to provide a wide range of products and services to the public.

Chen Hao Xuan took out his mobile phone and dialed Li De's number, after the phone call, Chen Hao Xuan shouted: "Li De, you idiot, you quickly tell your men to turn off the siren, if Blackheart was scared off by you, I would have already settled the score."

"No way la! We've always been like that and when Blackheart hears the sirens, we can all get to where he is and it will be hard for him to escape." Li De was confident.

Chen couldn't help but say something foul, he scolded, "Your sister, you're stupid yourself, others aren't, he has so many men, if one of his men saw us in such a big formation, his men would definitely call to inform him."

Chapter 197

"Okay! I told them to turn off the sirens." Li De was embarrassed.

Can't hear the siren anymore, Chen Haohuan smiled bitterly: "The real use of the siren, these policemen don't even know, only know to use it when arresting criminals, in fact, the real use is to use it in emergency situations, such as to make the highway vehicles give way, you can use it, if you catch thieves, especially the kind of thieves who hide, if you use it, the smarter thieves will definitely escape earlier. "

The city of Xinshan is not very big, so Chen Hao Xuan and his men soon arrived at the small village where Chen Hao Xuan used to live, and they stopped at the intersection of the small village. Li De told his men to surround the village on all sides, while Chen Hao Xuan, with Li De and ten policemen with pistols in their hands, quickly rushed into the village and headed straight for the place where he lived.

The villagers were so frightened by Chen and his men that they thought there was going to be a war, so they hid in their homes, not daring to come out.

When Chen Hao Xuan and Li De reached the door of the tiled house where he used to live, Chen Hao Xuan said to Li De: "Right here in this tiled house, you have people surround the tiled house."

"You guys quickly surround the tiled house, be careful, don't hurt the villagers." Li De instructed his subordinate thugs with a wave of his hand.

Li De sent five policemen to surround the tiled house, and as soon as those five policemen left, Chen Haoxuan said to Li De, "Let's rush into the house."

Chen Hao Xuan knew that usually the gangsters would hide their guns and only take them out when there was danger, so Chen Hao Xuan was going to take Li De and the others in with a surprise attack before they could take out their pistols and capture them in one fell swoop.

The door to the tiled room was closed and Chen Haohuan he rushed to the front, he was about to approach the door when he stirred his feet, soared into the air and kicked a flying kick on top of the door with a bang.

"Who?" The two youths in the house heard the sudden noise, stood up immediately and bellowed.

"Police, freeze." Six pistols were pointed at the two youths.

Chen didn't see Black Heart, so he suspected that Black Heart was in the room, he said to Li De, "Black Heart might be in the room, everyone be careful."

Li De pointed at the two policemen and said: "You two handcuff them, the others check if there are other people in the room."

One policeman was shot in the chest as he barged into a room when a gunshot rang out and the policeman fell to the ground with his head held high. He had just heard numerous footsteps outside, he sensed that there might be danger, he was always cautious, he immediately took out the pistol hidden under the bed, after a short while, as he had expected, someone really came to arrest him.

He now had two pistols and dozens of magazines on him, and decided to put up a fight, maybe he could actually kill his way out.

"Everyone be careful, the other side has guns." Li De shouted loudly.

Chen Haohuan walked up to the two handcuffed youths, handed the dagger to them and said coldly: "How many of you are there? Who's inside? How many weapons does he have? Tell me, others I slash you."

"If you can do it, cut!" One of the tall, thin youths, who looked as if he was not afraid to die, addressed Chen Haohuan.

"Good, you're very good, very manly." Chen Hao Xuan said and quickly plunged his dagger into that youth's thigh.

"Ah-, you're still for real." The young man had a pained expression on his face and addressed Chen Haohuan. He saw Chen Hao Xuan as a policeman, and he had the impression that policemen were very civilised and did not like to engage in violence, how come this one was so cruel!

The slower he pulled out the dagger, the more painful it became for the young man. Still can't tell?"

"Don't say it, kill me if you can." The tall, thin young man was hard-headed and refused to betray his friend to the death.

"You cow." Chen wielded his dagger again, he was measured, he specifically looked for fleshy places on people to stab.

A scream came out of the two youths' mouths, and those present were horrified to hear it, all of them thinking in their hearts, how tough this man is!

Chen Haoxuan would never be that cruel to good people, but to bad people, Chen Haoxuan didn't treat them as human beings.

In the room with the black heart, the heart was surprised: "What happened to the scholar and his family? Will we be screaming a lot? The police can't be that cruel, can they?" The more Blackheart thought about it, the more scared he became, and with one hand and one pistol in each hand, he rolled to the door of the room.

Li De and the others saw Black Heart, they fired, bang bang bang bang gunshots rang out non-stop.

They told Chen that there were three people in the house, and apart from the two of them, there was another one in the room, and that person was Black Heart, who had two pistols and a large number of magazines.

After Chen knew this information, he ran to crouch down next to Li De and said to Li De, "There were only three people in the whole house, we caught two of them and there was one more in the room, that person was Black Heart, he had two pistols and a large number of magazines in his hand."

"Oh sh*t, firepower that heavy?" Reid was surprised.

"Didn't you have tear gas, grenades, smoke bombs, anything like that?" It would be easy to work with these things, Chen told Li De Dao, and just throw a few in and drag Black Heart out later.

"Sorry, we didn't bring any, those things are usually used by the armed police or the Flying Tigers, we rarely use them." Reid was embarrassed.

"No, we can do it ourselves. Let's go, let's take these two men out first, later we'll find a lot of straw and pour a little water on it, light it on fire and still go inside, see if he still surrenders." Chen Haohuan said coldly.

"What if he doesn't come out?" Reid asks.

"It's better if he doesn't come out, just smother him with smoke." Chen was expressionless.

"Let's retreat outside the house, quick." Li De shouted to his men.

Li De and his men escorted two youths and exited the house with a policeman who had a chest wound. Thanks to Li De's foresight, they had called two ambulances when they came, and the injured policeman was taken to the hospital by ambulance, while the other two youths were left alone as their injuries were not very serious, so the doctor in the ambulance hurriedly bandaged their wounds.

To the tiled room, Chen Hao Xuan shouted, "Black Heart, I think you can hear who I am, I advise you better surrender, of course it's better if you don't, because I am going to burn the house down."

Li De, who was next to Chen Hao Xuan, was stunned at Chen Hao Xuan's words, and he said to Chen Hao Xuan in surprise: "Xiao Xuan, this tiled house belongs to the villagers, you can't burn it."

Chapter 198

"Burn it down and I'll build him a new house, I think he'd love that ..." Chan smiled evilly.

"Gah" Li De was speechless again, he secretly said in his heart: "Rich people are different, many things are directly smashed with money, no reason can be smashed with reason."

Blackheart inside the house heard Chen Haohuan's words, he was so angry that he almost ran out impulsively to kill Chen Haohuan, thankfully he held his ground, otherwise he would most likely be caught or shot by Chen Haohuan and the others.

He saw people inside the tiled living room, so he cautiously walked out, and from the living room window he saw what was going on outside the house, he saw Chen Hao Xuan was yelling at him, and threatened him, and humiliated him, he could no longer resist the urge to stand up, and quickly aimed at Chen Hao Xuan's position, and kept pulling the trigger, bang bang bang, until all the bullets in the magazine were exhausted, and then he stopped.

Chen Hao Xuan and the others were in a mess, Chen Hao Xuan and the others saw Black Heart suddenly appear in the living room window and shoot at them, they immediately looked for a place to hide, Chen Hao Xuan lay down on the ground and quickly rolled to the right.

Chen was lying on the ground and quickly rolled to the right. Apart from his clothes rolling on the floor, there was nothing on Chen Hao Xuan. The other policemen were not so lucky, the most unlucky being Li De, who was standing next to Chen! Although Chen pushed Li De out of the way in time, Li De was unlucky and was shot in the thigh.

The other four policemen, two of whom suffered minor injuries, all of whom were grazed by bullets, were many times luckier than Li De.

Chen got up from the ground, facing the tiled room, grimaced and roared, "I'll f*ck your sister, you want my life, I'll fix you." Chen Hao Xuan said he turned to Li De and said: "You have people go to the villagers to get some dry firewood and get a few buckets of water. I want to use smoke to kill this son of a b*tch Hei Xin."

"Go, you two go and get it, the rest of you keep defending Blackheart." Li De yelled to his men, he too was coming to anger, he was standing next to Chen Haoxuan for no good reason, he was shot in the thigh by Blackheart for no reason, could he not be angry? If he wasn't worried about Chen Haoxuan getting angry, he would have shouted at Black Heart, "You hit Chen Haoxuan, why did you hit me?"

He used to live here and the villagers basically knew him. When he came to buy firewood and water buckets from the villagers, the villagers were very happy, they asked Chen Hao Xuan and the others to get it, but they didn't take the money, the villagers only asked Chen Hao Xuan to catch the black hearted bad guys.

Chen Hoxuan asked the two policemen to pile the firewood into a pile and light it, and when it gave out a blazing fire, Chen Hoxuan said to the two policemen, "Put the firewood that has caught fire into the tile room and burn him to death."

Hoo-hoo-hoo, a piece of dry firewood that had caught fire flew into the tiled room. Black Heart, who was inside the house, was in a panic, he didn't think Chen Hoxuan would really dare to set him on fire.

"No, I can't just let the fire burn me alive like this, I have to go out and fight them, even if I die, you're better off than waiting here to die." Blackheart said to himself.

Blackheart put on a new clip and then stormed outside, firing as he did so.

Li De and the others were also firing, seven pistols going off at the same time in a burst bigger than a machine gun, and Li De and the others were all hiding in corners, on one knee, shooting at Blackheart. Hei Xin, on the other hand, had no desire to fight, he just wanted to get out of the police circle quickly, so he did not deliberately aim at Li De and the others.

Chen didn't have a gun, so he hid behind Li De, and he saw Li De and the five of them, and they couldn't even hit Blackheart with their constant crackling shots, and Chen's face turned black, and he said in his heart: "These policemen's marksmanship is too bad, isn't it?"

This can't really be blamed on Li De and the others, because they are police officers and generally don't use guns to catch bad guys, but if they need to use guns, they usually call in the armed police or the Flying Tigers. That's why their marksmanship is getting worse and worse, and they are getting stranger and stranger to guns.

If we continue to wait like this, Black Heart will definitely escape, Chen Hao Xuan he must make a move, Chen Hao Xuan held the dagger in his hand, and with a hard slash, the dagger turned into a beam of silver light that flew into Black Heart's back.

The dagger made no sound as it plunged into Blackheart's back, but Blackheart let out a miserable sound: "Ah-." Blackheart stopped and knelt down on his knees with both hands on the ground, his features tangled together in pain. It wasn't that he didn't want to flee, but because the dagger was already deep in his back, and when he moved, his back would send out a burst of pain that would tear him apart.

Seeing the handle of the dagger in Blackheart's back, Reid was embarrassed and shocked, "This - this is too accurate, isn't it?" Li De and the others, five of them, with one gun in each hand, crackled and fired many shots, but nothing happened to Blackheart, as if Blackheart had a protective charm attached to his body, making the bullets go around him. Chen Hao Xuan, on the other hand, overpowered Black Heart with a single dagger, which was embarrassing for them with hot weapons in hand.

"Arrest him quickly." Li De shouted to his men.

"Slow down, he still has a gun in his hand, everyone must be careful." Chan loudly stopped a few policemen who were trying to arrest Blackheart.

"Blackheart, you've got nowhere to go, surrender quickly and still have the pistol in your hand." Li De took the pistol, pointed it at Blackheart and bellowed.

"I'm just there, arrest me if you can! Hahaha" Black Heart, as if he was crazy, suddenly laughed out loud.

"Li De, give me the pistol, don't worry, I won't kill him." Chen Haoxuan said to Li De.

After thinking about it, Li De finally gave the pistol to Chen Hao Xuan. Not for any other reason, it was because he didn't want to do anything dangerous.

Chen checked the clip and found that there were four bullets in it, he took the pistol and approached Blackheart step by step.

Blackheart lowered his head and looked behind him and found that Chen Haohuan was approaching him step by step with a pistol, he coldly said to Chen Haohuan, "I still have two pistols in my hand, aren't you afraid that I will suddenly shoot?"

"No fear, because you don't have a chance anymore." Chen was confident, he knew how to shoot, he could hit anything he wanted at a hundred paces, and as for speed, although it wasn't as fast as before, the other black hearted these minions enough.

"Then you can go to hell!" Black Heart yelled, he ignored the pain in his back, he quickly lay down on his side, two pistols aimed at Chen Hao Xuan.

Bang, two shots rang out, and Lyde screamed in horror, "Xuan."

Chapter 199

"You're good ." Blackheart's pained expression on his face to Chen, both of his trigger fingers broken by the two shots Chen had just fired in a row, which prevented him from shooting Chen.

"You're not bad either! Up to this point you are still so calm." Chen Haohuan smiled proudly.

"Gah, what's going on? Wasn't Chen Hao Xuan shot twice in the black heart? Why is he still alive? Is he wearing a bulletproof vest?" Li De said to himself.

A policeman, next to Li De, said to Li De: "Chief, those two shots were not fired by Black Heart, but by Chen Hao Xuan, and Chen Hao Xuan fired two shots in a row to break the index fingers of both of Black Heart's hands."

"Ah-, that's impossible, isn't it?" Li De was surprised, he looked at Hei Xin's hands and found that both of his index fingers were really missing, he was incomparably surprised, he didn't expect Chen Hao Xuan's marksmanship to be this powerful. He was incomparably surprised that Chen Hao Xuan's marksmanship had reached such a level. He clearly saw Black Heart raise his gun first, but Black Heart defeated Chen Hao Xuan who raised his gun after him.

Chen smirked at Black Heart and said, "Do you surrender?"

"I'll die without surrendering," Blackheart said firmly.

Bang Bang, two shots rang out again, these two shots were fired by Chen Hao Xuan, the bullets hit both of Black Heart's wrists respectively. After that Chen Hao Xuan came forward and lifted his foot and swept it away, Black Heart's index finger was gone and now that both wrists were shot again, he

couldn't muster the strength to hold on to the pistols, so the two pistols were kicked away by Chen Hao Xuan.

"Arrest him quickly." Chen said loudly to the police.

The two policemen ran over and pushed Blackheart down to the ground, not caring what happened to Blackheart's wrists, and handcuffed Blackheart's hands.

"Chen Haoxuan, I'll be a ghost and I won't let you go." Blackheart grimaced at Chen Hao Xuan, knowing that he would definitely not live after he was caught, because he kidnapped billionaire Chen Hao Xuan, because he was in possession of a gun, because he openly confronted the police, and shooting him for these crimes was inevitable.

"Yeah! When you become a ghost, you come to me and let me have a good look at what a ghost looks like." Chen Hao Xuan sneered.

Li De, he walked over to Chen Hao Xuan and said to Chen Hao Xuan, "Little Xuan, this tiled room is on fire now, do you want to put out the fire?"

"To, but not with water, but with demolition, take away all the wood that is removed and the fire will naturally go out." Chen Hao Xuan said indifferently.

The tile house was quickly demolished by Chen Hao Xuan and his men, and all the wooden objects inside the tile house were taken back by the villagers and burned as firewood.

The tiled house was demolished and the fire was put out, so Chen wanted to pay the landlord, but the landlord wasn't there and the villagers said he had gone on a trip, so Chen wrote a cheque for 100,000 RMB to Li De and told him to wait for the landlord to come back and give him the cheque.

Hei Xin was arrested and there was nothing for him to do, so Chen Hao Xuan drove to the University of Xinshan City, where he had to tell Chen Yina about Hei Xin's arrest, so that Chen Yina would not have to live her life with fear all day. After catching up with Chen Yina at the campus, Chen Hao Xuan drove home.

As he drove back to the Chen Village, he met Jiang Dong on the way, riding the motorbike he had given them, carrying his secretary, Miao Yuxiang. Seeing how close they were, Chen suspected that they were not having an affair.

When he met Jiang Dong and the others, he honked his horn as a greeting, then continued driving back to Chen Jia Village. Chen didn't say anything about Jiang Dong and the others, but Jiang Dong and the others didn't think so, and they suspected that Chen was angry. Jiang Dong stopped his motorbike and turned his head to Miao Yu Xiang, "Xiang Xiang, what if the boss sees you?"

"What about what? I'm not his wife, so it's none of his business if I come out with you." Miao Yuxiang was dissatisfied with Jiang Dong's lack of manliness and said.

"But we're at work right now!" Jiang Dong was worried that security guards take turns to be on holiday, while Miao Yuxiang is on holiday every Sunday, and today it was Jiang Dong's turn.

"The boss is usually so nice to us, he will definitely not be angry." Miao Yu Xiang comforted Jiang Dong, but she was actually comforting herself because she was the one who was absent from work, not Jiang Dong.

"Let's go back now, and if the boss says you, just tell him that I forced you out." Jiang Dong was serious about Miao Yu Xiang, he was interested in Miao Yu Xiang, otherwise there were a dozen young MMs in the garment factory that he didn't ask out, in favour of asking Miao Yu Xiang out for a drive!

Miao Yuxiang also has an interest in Jiang Dong, otherwise why would she have agreed to Jiang Dong's invitation to come out for a drive with him!

"Thank you Jiang Dong, but you don't have to take the blame for me, because I'm sure the boss is that nice and won't do anything to me." Miao Yuxiang said.

Jiang Dong he was in no mood to go for a drive anymore, he drove Miao Yu Xiang back to the Chen Village. Jiang Dong went back to Chen Haoxuan's villa while Miao Yuxiang she went to the garment factory to look for Chen Haoxuan.

As expected she saw Chen Hao Xuan teaching his staff how to make clothes at the factory, and with a nervous heart she walked up to Chen Hao Xuan and said, "Boss, I'm sorry."

Chen Hao Xuan knew why Miao Yu Xiang said sorry to him, Chen Hao Xuan faintly smiled and said: "It's good to fall in love, but it's best to divide the time, so just pay attention in the future. By the way, I think you two are really quite compatible."

Miao Yuxiang blushed shyly at Chen Haohuan's words and she said petulantly, "Boss"

"Alright! Don't be a spoilt brat in front of me either, if Jiang Dong sees you, he will definitely suspect me of trying to snatch my love by the sword." Chen Haoxuan joked.

"Boss, you're so annoying, I'm ignoring you, I'm going to work." Miao Yuxiang blushed and trotted away.

After Chen Hao Xuan spent some time in the garment factory, he walked out of the garment factory, he wanted to go home, but he heard a loud noise coming from Chen Yina's house. Curious, Chen Hao Xuan went in. When he walked into Chen Yina's house, he found Li Ping arguing with a group of women from the Chen Village.

"It's none of my business that you guys made your own bad fabric, who told you not to follow the instructions on the design." Li Ping shouted at the group of women who were following him.

"You think we're geniuses! You can do it right the first time, and besides, when you gave us the plans, you didn't specify that we had to do it the way it was written on the plans, so it's not your fault, is it our fault?" A woman shouted at Li Ping, this woman was Zhou Hongxue, the most unreasonable woman in Chenjia Village.

Chapter 200

Zhou Hongxue's husband is Li Dansong, who has scolded Chen Haohuan many times. The couple seem to be very unhappy with Chen Haohuan and speak ill of him whenever they have an excuse.

When Chen HaoXuan saw that they were quarrelling so much, he shouted, "Jiang Dong, where the hell are you? Can't see anyone arguing!"

Chen Haohuan's voice shook the eardrums of the people in the courtyard, Jiang Dong, who was now chatting with a group of security guards! Hearing the roar of Chen Hao Xuan, he immediately said loudly, "All of them, follow me."

Boom, Jiang Dong and the others came running quickly, they stopped in front of Chen Yina's house, and Jiang Dong he ran into the yard of Chen Yina's house and found Chen Hao Xuan in the yard, he nervously said to Chen Hao Xuan: "Boss, what happened?"

Chen pointed at Zhou Hongxue and her group of women and shouted at Jiang Dong, "Do you know nothing about all the noise they are making here, or did you not hear them at all? It's a good thing they didn't fight back, but if they do, you'll just roll up your sleeves and leave." The reason why Chen HaoXuan was so angry was because Li Ping was among those fighting, and Li Ping was half a mother in his heart, so how could he not be angry when his mother was bullied by so many people?

"Old - Boss, I was aware that they were arguing, but when I was just here, they were talking and not arguing. So - that's why I didn't come over to see. I'm sorry boss, it's my fault and I'm willing to accept the punishment." Jiang Dong bowed his head, taking charge of the way he was ready to be punished.

"Being punished, what's the use of punishing you, I tell you Jiang Dong, fortunately my mother-in-law is fine, if she were not, I would never forgive anyone who bullied my mother-in-law. And you, Jiang Dong, as my deputy security chief, your failure to protect my mother-in-law is a dereliction of duty, and I

will fire you. This time my mother-in-law is fine, so I won't fire you, but I'll deduct one month's bonus from you." Chen Haoxuan roared loudly.

"Thank you boss, I will work well in the future." Jiang Dong's voice was excited, he had thought that Chen Hao Xuan would fire him, if that was the case, he wouldn't have a chance to be with Miao Yuxiang, but he didn't expect that Chen Hao Xuan would just deduct his one month's bonus.

"Whoever dares to bully my mother-in-law again in the future, more than 30 of you security guards will come forward, and if anything happens, I, Chen Hao Xuan, will take care of it for you." Chen Hao Xuan bullishly said. Chen Haoxuan he was actually putting on a show, he wanted to let the villagers of the Chen Village know that he, Chen Haoxuan, was not someone who could bully anyone.

"Yes." Jiang Dong and the thirty or so security guards responded loudly together.

Chen Hao Xuan turned to Zhou Hong Xue and his group of women who had come to cause trouble and bellowed, "Do you want to fight?" The women in the countryside, if you fight with them, you won't be able to win them over, and they will get braver and braver. But if you get tough with them, they get scared, just like Chen Hao Xuan is doing now, and when Chen Hao Xuan shouts, the women don't dare to say anything.

Li Ping walked over to Chen Hao Xuan and said, "Xiao Xuan, didn't they argue last time that we wouldn't let them into the garment factory? So you asked me to give them some designs and fabrics so that they could learn how to make them themselves, and the sewing machine they bought themselves.

But I didn't expect them to do it themselves, not according to the designs, but to be greedy and do it in the easiest way, resulting in ugly clothes. I said they could, but they wanted a deposit, but they wouldn't agree and put all the responsibility on me.

After hearing Li Ping's explanation, Chen Haohuan said to Zhou Hongxue and the others, "If I give you a gold mountain and you can't practice gold, whose fault is that?"

Zhou Hongxue and her group of women lowered their heads, their expressions showing a trace of embarrassment and guilt. Chen Haoxuan's words could not have been clearer, what he meant was, I gave you the designs and fabrics, but you couldn't make them, who was the reason?

"Why don't you talk? If you don't say it, I will. If you are given a mountain of gold and you can't train for it, it's because you are all rubbish and fools. I have asked my mother-in-law to kindly give you the plans and fabrics, and all you have to do is buy your own sewing machine and follow the plans. But can you make acceptable clothes? It doesn't matter if you can't make it, who can guarantee that you will succeed the first time you make a dress, but why are you talking about your failures to others? And it's a man who wants you to make your life a little better.

As I was walking past the big banyan tree in the middle of the road, I came across a group of people who wanted to get rich, so they asked me to pay attention, and I did, and I let them keep some chickens and ducks, and when they were big enough, I bought them all. It was risky for me, so I didn't let them keep many for a while, but what happened? As a result, a few people dismissed my idea of a fortune for them as too small and said I didn't want them to live a good life.

What made me most angry were the words of one villager, who said of me: "You're putting up a front after making a little money, and it's a good thing he's from the Chen family village. Whether I am a member of the Chen Village or not, you know it yourselves. There are many people who feel that I, Chen HaoXuan, have to be nice to everyone and think of the people of Chenjia Village in every way after I have made some money. But have you ever thought about how I got to where I am now?

I used to be called a bastard, a loser and a gigolo by all of you, except my mother-in-law's family, who didn't, huh? Did you help me when I was beaten up? Many of you have even beaten me! Did you help me when I couldn't afford to study? No, you didn't help me, and you called me names and said I was rubbish, didn't you? Who are you to ask me to look out for you in every way? What?

I'll be honest with you, if my mother-in-law hadn't begged me to help you this time, I never would have let her send you the designs and fabrics. You people! It is as if you feel like you are my parents, and you rightfully want me to raise you. Let me tell you again, I, Chen Hao Xuan, am a fair person, if you want to enter my garment factory, you have to know how to make clothes, you have to follow the factory rules set by me, otherwise even if you are my own father, I will kick you out of the garment factory" Chen Hao Xuan ranted incessantly.

What Chen Haohuan said tugged at the hearts of everyone, the women who had come to cause trouble. What right do we have to ask him to treat us better and ask to go into a garment factory if we can't make clothes, isn't that like asking Chen Hao Xuan to feed them explicitly?"
