

A Billionaire's Reincarnation Chapter 201-210

Chapter 201

The first time I saw him, he was crying. He was crying for Chen Hao Xuan's former pity. When Xiao Xuan's life was difficult, you laughed. Now that Xiao Xuan's life is better, you are unhappy and come to trouble him all day long. He doesn't owe you anything and you're not his family, so why should he be so nice to you? Why should you people who can't make clothes go into a garment factory? Do you go in for Hen? Who do you think you are? Is it just because you are from the Chen Village? Ha-, tell me?"

Li Ping is a bit impulsive right now, and if those women dare to talk back now, Li Ping might just rush forward and flatten someone.

The women who came to make trouble didn't say a word, they have now started to reflect, the reason why they came to make trouble today, in fact, it is all because of jealousy. They were very embarrassed to hear the words of Chen HaoXuan and Li Ping, and felt that it was not easy for Chen HaoXuan to have reached his present position, and that they should not have caused him any trouble.

He said, "I have the ability to be in the position I am now. If you have the ability to come here and cause trouble, you should have the ability to make a bigger career than me. You are not welcome here now, so please leave."

Chen Haoxuan stood sideways and motioned for the women who were causing trouble to leave immediately, and the security guard at the entrance also made way. The women left Li Ping's house with a look of shame and embarrassment on their faces.

After the women left, Chen Hao Xuan was concerned and said to Liping: "Auntie Liping, are you alright?".

"I'm fine." Aunt Ping squeezed out a smile to Chen Hao Xuan.

Chen took out a packet of tissues from his pocket and handed it to Ping Li, saying tenderly, "Aunt Ping, don't cry, let bygones be bygones. If something like this happens again in the future, look for Jiang Dong and the others and see who still dares to bully you."

"I'm not crying because of them, but because of you, what you just said reminds me of the old you, I remember that time you" Before Li Ping could finish her words, she was interrupted by Chen Haoxuan's voice.

"Aunt Ping, I don't want to hear any more about what happened to me before." Chen Hao Xuan interrupted Li Ping's words. Chen Hao Xuan did not want to advance those sad things from the past, and the reason why he had just brought it up was because he was too angry. The things about him in the past were told to him by people in the village.

"Oh." Li Ping echoed.

"It's fine, I'll go back first." Chen Hao Xuan told Li Ping.

Chen Hao Xuan turned to Jiang Dong and the others, who were standing at the door, and said, "You guys follow me."

Chen Hao Xuan led Jiang Dong and the others to their usual training place, and when they arrived, Jiang Dong and the others lined up with great interest.

Chen Haoxuan stood in front of Jiang Dong and said in a serious voice, "From now on, no matter who comes to trouble me, you drive them away, and if they confront you, you make them angry, and when they hit you, you don't have to be polite to them. If anything happens, I, Chen Haoxuan, will stand up for you."

"Yes." Jiang Dong and the others echoed loudly.

"Now you guys continue to train, don't be afraid of hardship, the stronger you are, the more money you'll earn in the future, believe me, I'm not lying." Chen Hao Xuan told Jiang Dong and the others seriously.

Chen HaoXuan was in a bad mood because of what had just happened, so he asked Jiang Dong and the others to train against each other, which sounded good, but in fact he wanted to abuse them. He told them to fight him ten by ten, using any weapon and any method, and as long as they subdued him, he would give 10,000 RMB to the person who subdued him.

Talent very often comes from money, just like those sharpshooters, who shoot tens of thousands of rounds of ammunition every day, and it's hard not to be a sharpshooter. Chen HaoXuan often gives bonuses, and Jiang Dong and the others will practice desperately for the prize money and fame.

No one understands the hidden dangers in society better than Chen HaoXuan, otherwise he would not have spent so much effort to train so many security guards.

Chen was not afraid of Jiang Dong and his men coming down on him, and Jiang Dong and his men were not afraid of Chen Hao Xuan coming down on them, so they fought fiercely. Chen was physically weak, he did not want to fight with Jiang Dong and his men, what he fought with Jiang Dong and his men was skill, he did not use deadly force, but he used heavy force, every time he hit them he would make them lose their fighting power for a short time.

After two hours, Jiang Dong and the others were all put down by Chen Hao Xuan, who himself had collapsed on the ground. Chen Haoxuan, lying on the grass, said one word in delight: "Cool." He had come to the 21st century to fight so many fights, and this was the most refreshing.

Chen didn't know that everyone in Chen Village was now talking about what had happened today, and the women who had gone to Li Ping's house to make trouble now didn't dare to go out and were accused of gossiping.

The next morning at 6am, Chen Hao Xuan's mobile phone rang and he was woken up by the ringing of his mobile phone as he was sleeping, he turned around and reached for his mobile phone on the cupboard, not looking at the caller ID as he was very sleepy and didn't bother to look at it. Chen Hao Xuan pressed the answer button and said, "Calling me early in the morning, what's so important?".

The voice of Jiang Xiangchan was heard inside the phone: "Xiao Xuan, your sister is being rushed into madness, so hurry up and produce clothes for me. I'm on my way to your house now, you get up quickly and help your sister make breakfast for me, my sister readers are almost hungry, that's it, see you in a minute, bye."

There was a beeping sound from the phone, and it was clear that Jiang Xiang Han had hung up. Chen looked at the phone that beeped and said to himself, "Damn, treating me like a babysitter!"

He made two portions of breakfast, one for himself and the other for Miss Jiang Xiang Han.

He made two portions, one for himself and the other for Jiang Xiang Han, the eldest daughter of the family. Chen Hao Xuan made breakfast and saw that Jiang Xiang Han had not yet arrived, so he ate it himself first. When Chen Hao Xuan finished his breakfast and wanted to wash the dishes, the sound of a car came from outside the house, no one else in the Chen Village except Chen Haorong and Chen Hao Xuan had a car, so it must have been Jiang Xiang Han who arrived.

Chen Hao Xuan even ran downstairs to greet Jiang Xiang Han, when Chen Hao Xuan went downstairs, he saw his security guard was stopping Jiang Xiang Han from coming in.

When Kang Heung Chan saw Chen Hao Xuan coming out, she waved happily and said, "Xiao Xuan, it's me, your security guard won't let me in."

Chapter 202

Chen Hao Xuan to his security guard who was on duty at the door, said, "She is my friend, let her in ."

Jiang XiangChan walked in, she walked up to Chen HaoXuan and smiled to Chen HaoXuan, "Being a big boss is different, it's incomparably hard to see you."

"Sister Chill, don't laugh at me, you should know that many people are hitting on me, if I don't hire some security guards to keep an eye on me, I'm afraid my little life will be gone already!" Chen Hoxuan laughs.

"Just blow it! Now who dares to beat your main, Shaolin Temple's lay children, ten of them were put down by you and caught and sent to jail, Xinshan City out of life big gang, Black Heart Gang was uprooted by you, Black Heart, the mob boss twice lost in your hands. The one who used to bully you in your school, Zhu Tian, is more afraid of you than he is of ghosts. You tell me, if you are so powerful, who else is alive and impatient to come to you to seek death?" Jiang Xiang Han said in a delicate voice.

"I was just lucky." Chen Haohuan was modest.

"You're just being modest." Jiang Xiang Han gave Chen Haoxuan a blank look.

"Sister Chill, haven't you had breakfast yet? I've already made breakfast, so go sit inside and take your time." Chen Hao Xuan was enthusiastic about Jiang Xiang Han.

"I knew you would feel sorry for your sister." Jiang Xiangchan smiled warmly.

Chen Hao Xuan brought Jiang Xiang Han into the first floor of the villa, Chen Hao Xuan brought out the breakfast that was kept warm in a pot and placed it in front of Jiang Xiang Han, saying: "Fried eggs with rice porridge, the eggs are fried by me specially to make them golden yellow, so that they are very fragrant. The rice porridge is cooked by me with loach, the taste is very sweet, you must still feel the feeling of nature when you eat it"

The simple breakfast cooked by Chen Hao Xuan has become very precious after his description. If you have a description of the white water you are drinking, you will feel that the water you are drinking is more noble than red wine.

"Is it that good?" Jiang Xiang Han asked Chen Hao Xuan with a questioning face.

"Sister Chill, you should know that I am a billionaire, one of the richest people in the city of Xinshan, and if I cook something myself, even if it's plain water, people will feel good when they drink it because it's spiritually satisfying, and they will think in their hearts, how happy I am! The billionaire himself cooked me boiled water, who in the world has my face.

You see, the water I cooked is so good, and the breakfast I'm making for you right now, I've put a lot of thought into it, both in terms of heart and cooking skills, so I'm sure after you eat it, you'll fall into my arms and say if I had been born a few years earlier, I would have married you," he said. Chen Haohuan joked.

Jiang Xiang Han cried and laughed at Chen Hao Xuan, "You! How dare you make fun of your chill sister, when I meet Nana, I'll tell her that you molested me and see if she doesn't take care of you."

"I'm her boyfriend, she'll choose to believe me." Chan said proudly.

"I'm hungry, let's eat first." Jiang Xiang Han said opening her tempting little mouth and took a mouthful of rice porridge.

As soon as the rice porridge entered her mouth, a clear and sweet taste was greatly concealed from her taste buds, she picked up the fried golden egg and took a small bite, the strong aroma of which made her say to Chen Hao Xuan, "Little Xuan, you're so delicious."

"Gah?" Chen Hao Xuan was speechless as he thought to himself, "Is it, is she suggesting that I let the initiative to feed her?"

That's what I was thinking, but Chen Hao Xuan didn't dare to say it, he spoke out to Jiang Xiang Han, "I'm going to tell Nana that someone is trying to eat her boyfriend."

Hearing Chen Haohuan's words, Jiang Xianghan was stunned, she recalled what she had just said and realised that it was a slip of the tongue, she was busy explaining, "Don't think anything, I was in that you cooked delicious food, not that you were delicious, where were you thinking of."

Chen Haoxuan pretended to have a very disappointed expression and said, "Alas-, it was my own fault, I thought Sister Chill liked me, but I didn't think it was not, I was just thinking of losing~ my body to Sister Chill! It looks like it's all unnecessary."

A puff of rice porridge was heard as Jiang Xiang Han, who was drinking the rice porridge, spurted it out of his mouth before it was swallowed, thanks to the large table at Chen Hao Xuan's house.

Chen Hao Xuan stood up with a grimace, walked over to the sofa, lay down, and opened his limbs, acting as if he was at the mercy of the pickings, and said, "Come on! I knew I'd never get away with it, I'd be xxx'd eventually, and I've heard the famous saying that life is like a rape, and since you're powerless to resist, close your eyes and enjoy it." Chen Hao Xuan closed his eyes after saying that.

Chen Haoxuan's actions made Jiang Xiang Han not know whether to laugh, cry or get angry, she stood up, walked over to Chen Haoxuan and joked, "You really don't want to resist, then I'll come!"

"You do it! I won't resist, even if you drip me with candles and whip me with a whip, because today I am destined to be yours." Chen closed his eyes.

"You - you're a bad boy, really bad." Jiang Xiang Han said reaching out to pinch the tender flesh on Chen Hao Xuan's thigh.

"Ouch, dear, you're gentle, people hurt." Chen Hao Xuan said something that made Jiang Xiang Han almost spurt blood.

Chen Hao Xuan's words made Jiang Xiang Han's face red with shame, although Jiang Xiang Han is no longer a virgin, she is still single! Can she not blush when Chen Hao Xuan says such things?

Jiang Xiang Han looked towards Chen Hao Xuan lying on the sofa, Chen Hao Xuan's handsome face and the evil smile on his lips fascinated her, and she exclaimed in her heart, "So handsome."

Chen Hao Xuan was joking with Jiang Xiang Han, he closed his eyes and waited for a while, but he didn't feel any movement from Jiang Xiang Han, when he was trying to open his eyes, he felt a warm breath approaching his face, Chen Hao Xuan thought it was Jiang Xiang Han's hand, so he didn't care and continued to play games with Jiang Xiang Han.

Suddenly a soft object was pressed against Chen Haohuan's lips, very warm and comfortable. "What is this thing? It's warm and soft, just like a real person? Where did you find something that looks so much like a real person's lips?" Chen Hao Xuan's heart was dark.

Chen Haohuan was curious and he opened his eyes, he opened his eyes only to discover that forgiveness was not something that resembled lips, but was lips at all, the alluring lips of Jiang Xiang Han. "What- what's going on here? Is she trying to eat me for real? That's ridiculous, isn't it?" Chen Hoxuan was surprised in his heart.

Chapter 203

Jiang Xiang Han took the initiative to put her tongue in Chen Hao Xuan's mouth, and Chen Hao Xuan cooperated by opening his mouth, the two of them couldn't help but kiss.

She was squatting next to Chen, but now she was unknowingly lying on the sofa with him. She is a mature woman, and at her age she doesn't care about chastity, she just wants to be happy, happy with the person she likes. It's been a long time since she had tasted the pleasure of fish and water, and she couldn't wait to start taking off Chen Haohuan's clothes on her own initiative.

Chen Hao Xuan saw Jiang Xiang Han take off his clothes, he came to his senses, this is the living room! Jiang Dong and his men would often come, and if they were seen by others, they would be finished. So Chen Hao Xuan grabbed Jiang Xiang Han's claws and gasped, "My men often come to the living room to find me, if you want, we'll go to the room."

"Then we'll go to your room." At Jiang Xiang Han's age, shyness was foreign to them.

Chen Haohuan and Jiang Xianghan entered the room, and Chen Haohuan unlocked the door smoothly as he entered.

When they entered the room, Kang Hyang-Chan was lying on Chen Haoxuan's bed, looking as if she was at his mercy.

"I'm coming." Chen Hao Xuan jumped onto the bed and hugged Jiang Xiang Han.

"Sister Chill, I have Nana, so I won't be responsible for you, so think carefully." Chen Hao Xuan told Jiang Xiang Han.

"Sister I'm not a virgin, and I'm the one who takes advantage of sleeping with you." Jiang Xiangchan smiled warmly.

"You're really a demon." Chen Hao Xuan gently scratched Jiang Xiang Han's nose and said.

"You're also a bad person ah!" Ginger Hyang-Chan smiled sweetly.

"Let's kiss!" Chen Hao Xuan smiled and said his lips kissed Jiang Xiang Han's. The two of them rolled around on the bed with less and less clothes.

They rolled around on the bed with less and less clothes, and finally they did the most primitive activity.

Chen Hao Xuan and Jiang Xiang Han both had a crush on each other, plus they were handsome men and women, and they hadn't had sex for a long time, so no, the joke let them see each other's hearts.

An hour later, Jiang Xiang Han leaned on Chen Hao Xuan's chest, a finger as white as jade drawing circles on Chen Hao Xuan's chest. "Little Xuan, I didn't expect you to be good at business, even in bed you're so good."

"You're not nai ah! I almost lost to you." Chen Haoxuan yin smiled.

"Sister doesn't have a husband yet, it's quite lonely, can I come to you when I'm lonely in the future?" Jiang Xiang Han looked at Chen Hao Xuan with expectant eyes.

"As long as you're not married, it's fine, but don't let Nana know about it." Chen Hao Xuan was pleased.

"I'm sure you have more than one woman, Nana, so tell me honestly, do you have many women?" Jiang Xiangchan asked curiously.

"There are quite a few of them!" Chen doesn't deny that there aren't many women in their position - people will say you're not normal.

"What you just said to me was right, if I had been born ten years earlier, I would have married you." Jiang Xiang Han was dejected, she was already thirty years old while Chen Hao Xuan was only twenty, the gap between them was too big and it would be difficult to be happy because if they were together, by the time Chen Hao Xuan was thirty years young and strong, while she had become forty years old, plus women age quickly, this would make her unable to satisfy that aspect of Chen Hao Xuan at all, and it was with this in mind that she didn't go after Chen Hao Xuan.

"If I live ten years later, I will definitely marry you," Chen Haohuan joked.

Chen Haoxuan and the others chatted in bed for a while before getting up, and they went to the bathroom to take a mandarin duck bath before going out.

Jiang Xiang Han came today to urge Chen Hao Xuan to step up the production of clothes, she and Chen Hao Xuan came to the garment factory and saw such a poor environment, Jiang Xiang Han could not help but say to Chen Hao Xuan, "Little Xuan, you are a billionaire! Can't you even afford to build a factory?"

"It's not that I can't afford to build it, it's just that I can't hire a construction company right now, and you should know that all the construction companies in the city of Xinshan are building factories for the Communication and Mobile Phone Group, so how can they have the time to build my little factory?" Chen Hao Xuan explains.

"You're the biggest shareholder in the Communication Mobile Group! Do they dare not listen to a word you say?" Ginger Heung Chill.

"All right! Even if I could get a construction company to build my factory, but I don't have any employees? Building a factory is not as slow as that." Chen spread his hands in both directions.

"Don't worry about that, I know a few garment factory owners, I can give them some money to let me into their factories to recruit people." Jiang Xiang Han suggested.

"That's a good idea, so I'll leave the recruiting to you, and as a treat, I'll love you a lot in the evening." Chen Haohuan yin smiled.

There were many people from the Chen Village in the garment factory, which made Jiang Xiang Han not dare to joke too closely with Chen Hao Xuan, she just gave Chen Hao Xuan a blank look as she listened to his words and did not say anything.

After following Chen Haohuan around the garment factory, Jiang Xiangchan came out and she said, "No wonder the production is so low, it's all raw hands."

"Don't be in a hurry, slow has its advantages, can't you see that the clothes I make are now flipping on the internet? It's just because I'm slow to produce." Chen Hao Xuan smiled.

"You also said that I bought out 15,000 RMB, while those bought back from me and then put them up for auction on the internet and sold for tens of thousands of RMB a set! We're losing money and you still say yes." Jiang Xiangchan exhaled to Chen Haoxuan.

"You don't understand, we can't make money from them speculating like this, but we can make fame. We don't have to pay a penny to earn that much fame, but if we were advertising, we'd need money! Do you think we're losing out?" Chen Hao Xuan laughs.

"This - this doesn't seem to be a loss, does it?" Ginger Heung Chill looked like she had a sudden realization, saying.

"When I was watching TV the other day, I saw a big star wearing a dress I designed for a talk show, and the host on the show was complimenting my dress for a long time! That big star's clothes were bought at the hands of those hype people, do you think we still lose?" Chen Hoxuan.

"It's not a loss." Jiang Xiang Han was serious.

"A loss, why not, we only sold it for 15,000 RMB and they bought it back from us for 15,000 RMB and sold it for tens of thousands more, we lost, they don't even have the right to do that. So what! I'll sue them after a while, and I might be able to make a lot of money." Chen Haoxuan yin smiled.

"Right, they're making money on us, we'll make them spit it all out." Jiang Xiang Han clenched her pink fist and said in a delicate voice.

Chapter 204

Jiang Xiang Han made her fortune as a garment factory. Later, she switched to a clothing shop, so she knows many people who run garment factories, and she knows a lot about garment factories, and she gives Chen Hao Xuan a lot of advice. Chen HaoXuan listened attentively to all the advice that Jiang XiangHan gave.

Jiang Xiang Han and Chen Hao Xuan had a long chat in Chen Hao Xuan's villa, and she only left when it was almost noon, and when she left, her eyes were so reluctant.

It's good to know more people, as it is now, there are no familiar car and clothing workers, Jiang Xiang Han help him get it done.

The first time I was in the car was when I was in the car, I was in the car.

When he arrived at the supermarket, Chen Hao Xuan saw that the supermarket was still so hot, with a steady stream of consumers coming and going. It was already noon, so Chen Hao Xuan first went to a snack shop next to the supermarket to fill his stomach.

After filling up his stomach, he went into the supermarket to hang out, because he was wearing sunglasses that covered half of his face, so what! The waiters in the supermarket did not recognise him. The supermarket was well-managed and the waiters were polite to the customers, and Chen was very satisfied with the result.

After driving around the supermarket, he took off his sunglasses and said to one of the waiters in the supermarket, "Where is your manager?".

"Old - boss?" The waitress's expression was very surprised, she saw that Chen was dressed very nobly, and with a pair of sunglasses that covered half of his face, she thought he was a big star, but she didn't expect it to be their handsome boss.

"Where is your manager?" Chan smiled again and asked.

"Ohhh, he should be in the office." The waitress was excited, they waitresses would often talk about Chen Hao Xuan every day when they had nothing to do, according to their words, men can't talk without women, why can't women talk about men.

"Thank you, you're busy! I'll just go over there myself." Chen Hao Xuan smiled at the waiter.

Chen Hao Xuan went to the office in the supermarket where he used to sit, knocked on the door, bang bang bang, and suddenly Liu Junfeng's voice came out from inside: "Please come in."

Chen Hao Xuan pushed the door in and spoke out, "Liu Junfeng, not bad! It's already got the air of a manager."

"Hao Xuan." Liu Junfeng saw that it was Chen Haoxuan coming, he immediately stood up and shouted in surprise.

"Sit down, don't be more polite to me." Chen Hao Xuan waved his hand to Liu Junfeng.

After Liu Junfeng sat down, he said to Chen Hao Xuan, "Hao Xuan, I heard you've been very busy lately, how did you find the time to come to Superstore?"

"This supermarket is one of the biggest in the city of Xinshan, can I not care? But I specially went to take a look when I first arrived and found that you managed well and deserve my praise." Chen Hao Xuan enthused to Liu Junfeng.

Hearing Chen Haoxuan's praise, Liu Junfeng excitedly said, "Then Haoxuan, can I be a real manager?"

Chen Haoxuan nodded and echoed, "Mm."

Liu Junfeng slapped both hands on the desk, excited: "I am finally a manager, wait to see Yang Lin someday, envy is him to go."

"You don't want to be too happy too soon, you are in my palm whether you are an employee or a manager, want to get out of my palm, I want to take this opportunity to learn how to do business well, when you learn to be smart, even if I fire you, you will be able to stand on your own." Chen Hao Xuan suggested Liu Junfeng.

"Haoxuan, thank you, I will try my best." Liu Junfeng was touched to Chen Hao Xuan, he was lucky to know Chen Hao Xuan, if it wasn't for Chen Hao Xuan, he would still be a student! Even if he graduated in the future, he would at most be an office worker, earning three or four thousand a month. That's as high as Chen Haoxuan's salary here, the base salary is ten thousand yuan, plus monthly bonuses and year-end bonuses at the end of the year, and bonuses, if he helps Chen Haoxuan run the Superstore well, he can earn hundreds of thousands of RMB a year, and someone who can earn hundreds of thousands of RMB a year is definitely a senior white-collar worker.

"That guy Yang Lin should have said something bad about me in front of you, right?" Chen smiled as he knew Yang Lin was unhappy with him for not arranging for Liu Junfeng to go out to work.

"There, on the phone, he often complained that you didn't arrange for him to go out to work." Liu Junfeng was very honest.

"Hehe knew he would be like this. I'm not strong enough yet to venture into the business of wind and moon places, and when the time comes, he'll know that forgiving the job he's always wanted is such a hardship." Chen Hao Xuan smiled faintly.

"Hao Xuan, I heard that guy Yang Lin say that Zhou Kexin and the others are thinking about you every day, I think you should go visit them more often if you're fine." Liu Junfeng was concerned, Zhou Kexin and the others may be his boss's wife in the future, this time not to stammer and follow even more time.

"Well, I know." Chen Hao Xuan echoed.

Chen then said, "Are you still used to working here? Are there any difficulties?"

"No, everything went smoothly." Liu Junfeng said.

Chen Haohuan stood up and said to Liu Junfeng, "You are fine, then I will leave first."

Liu Junfeng stood up and escorted Chen Haoxuan out of the doorway and saw Chen driving away before he returned, which was a form of respect from his subordinates to their bosses.

Chen Hao Xuan drove towards the city of Xinshan, more than half an hour later, Chen Hao Xuan drove to the University of Xinshan, he parked the car into the car park and walked on the campus, he even had a strange feeling about the campus, probably because he was too into not coming back!

He went to his classroom and found no one there, so he took out his mobile phone and dialed Zhou Kexin's number. He went to his classroom and found no one there, so he took out his mobile phone and called Zhou Kexin, who had no class this afternoon and was now playing at his residence in Xinshan.

So Chen HaoXuan drove to his residence, which is very close to the University of XinShan city, so it wouldn't take a minute to drive. When he arrived at his residence, he found Zhou Kexin and the others waiting for him at the entrance.

When Chen got out of the car, Zhou Kexin and the others welcomed him. Zhou Kexin said to Chen HaoXuan happily, "HaoXuan, why didn't you come to see us for so long?".

"It's a busy time!" Chen Hao Xuan smiled.

Behind Zhou Kexin, Chen Yina looked jealous as she delicately whispered to Chen Hao Xuan, "Brother Xuan, today is Friday, tomorrow and the day after are off, I want to go back, will you drive me home today?"

"Absolutely." Chen was pleased.

"Let's go too." Zhou Kexin said, her words often carrying the innocent Hua Lingwei.

Chapter 205

"OK." Chen Hao Xuan echoed.

I'm not sure what to say.

Chen Hao Xuan drove Chen Yina and the others back to the Chen Village, behind his car, followed by Lin Hao, who drove a motorbike. Lin Hao was the captain of the security team, so he should have been in charge of training the team, not Jiang Dong, who was the deputy captain.

In Chen Hao Xuan's car, Zhou Kexin and Chen Yina's expressions showed joy, but Hua Lingwei, she was different, she had a bitter face, she felt like a light bulb, because Zhou Kexin and Chen Yina are Chen Hao Xuan's girlfriends, just not her. She didn't want to come, but Zhou Kexin dragged her to the car, saying that sisters should be together every day, and she wanted to say to Zhou Kexin, "Do I marry with you if you do?"

At the Chen Village, Chen Yina went home, while Zhou Kexin and Hua Lingwei followed Chen Hao Xuan home.

At the villa, Chen Hao Xuan went to make coffee for Zhou Kexin and the others.

Zhou Kexin, who was lying on the sofa as if it was her own home, in an indecent position, wondering if she was trying to seduce Chen Hao Xuan, smiled and said: "Ah, Hao Xuan's home is just comfortable, more comfortable than my home."

"You love Lang's home, of course you feel good!" Hua Lingwei's heart was dark.

Hua Lingwei spoke out to Zhou Kexin, "Kexin, I'll sit for a while and then go back."

Hearing Hua Lingwei's words, Zhou Kexin sat up and said to Hua Lingwei in confusion, "Why?"

"You and Chen Yina are both Chen Hao Xuan's girlfriends, so it's only right that you stay at his place, and I'm not his girlfriend, so it's not right for me to stay at his place! So I wanted to go home and live in my own home and no one would say anything," Hua Lingwei explained.

Zhou Kexin tugged on Hua Lingwei's hand and said coquettishly, "Weiwei, have pity on Kexin! What if someone bullies me when you're not here? You're my sister! I'd still be sad if I didn't see you for a day."

"I'm your good sister, but I can't stay with you forever, can I? You don't want to tell me that you want me to be Chen Haohuan's lover like you." Hua Lingwei said to Zhou Kexin.

At that moment, it just so happened that Chen Haohuan came out with a tray and heard Hua Lingwei's words, so he joked: "Being my lover, not bad!" Chen Hao Xuan didn't know why he had become more and more wicked, and wasn't satisfied with having Chen Yina.

Hearing Chen Haohuan's words, Hua Lingwei awkwardly explained to Chen Haohuan, "I was just joking, don't take it seriously."

Hua Lingwei didn't say it was fine, as soon as she said it, Zhou Kexin really wanted Hua Lingwei to become Chen Haoxuan's secret lover like her, anyway Hua Lingwei already knew about her relationship with Chen Haoxuan, plus they were even closer than sisters. Zhou Kexin seriously said to Hua Lingwei: "Weiwei, I really have this idea! Why don't you be Hogan's secret lover like me? How nice it will be when we find someone we like and marry later!"

"Gah" Hua Lingwei was speechless, she liked Chen Haoxuan, but she wasn't up to the level of Zhou Kexin, besides, she didn't want to share a man with so many people! She wants a lover who is completely hers alone.

"You don't like Chen Haohuan?" When Zhou Kexin saw Hua Lingwei's expression, she couldn't help but ask curiously.

"Don't ask, I'm still a yellow-flowered girl! I'll be shy if you ask me that." Hua Lingwei was shy.

Chen Hao Xuan brought the coffee to Zhou Kexin and the others, and said to Zhou Kexin: "Kexin, you also know that Vivian is thin-skinned, so you should stop joking with her and drink the coffee I made."

In order to find some entertainment, Chen took out a remote control panel and played a game with Zhou Kexin and the others, and whoever loses will give way.

Chen Yina, who had wanted to go home to say hello to her family and go to Chen Hao Xuan's house, but she couldn't go to Chen Hao Xuan's house for the time being because her brother had brought back a girl friend who her brother said was his girlfriend.

At Chen Yina's house, the family served Chen Feng's girlfriend like an ancestor, but Chen Feng's girlfriend seemed to be very unhappy with them.

Chen Feng's girlfriend was called Qian Xiaozhen, a classmate of his, the same age as him. Chen Feng and Qian Xiaozhen got close over the past few days, and he took advantage of the holiday to think about bringing his girlfriend home to make his parents happy. His girlfriend's family was well-off, with both parents being senior white-collar workers.

Qian Xiaozhen, she heard Chen Feng say that his family was rich and his brother-in-law was Chen Haoxuan, a billionaire from the city of Xinshan, and she believed it, and with Chen Feng's handsomeness, she agreed to be Chen Feng's girlfriend. But what she saw now was a house with walls of furniture and appliances. Although the house had all kinds of electrical appliances and all kinds of fruits, could this house made of loess really be lived in? If she marries Chen Feng in the future, will she have to live in a mud house like this? She was the child of a senior white-collar, how could she suffer like this.

Qian Xiaozhen stuck her head into Chen Feng's ear and complained quietly, "Didn't you say that your family was very rich? Why live in such a house?"

"No time to build a house yet! So live temporarily." Chen Feng didn't think much about it, he said it out loud.

"I want to go home, you send me back." Qian Xiaozhen was exasperated with Chen Feng, she had just whispered to Chen Feng just because she did not want his family to know, she did not expect Chen Feng to be so stupid and answer so loudly, how could she not be angry with him.

"Didn't you say that you would stay at my house for two days?" Chen Feng asked curiously.

"Do you think there is room in your house for me?" Qian Xiaozhen was dissatisfied.

Chen Yina and the others in the living room heard Qian Xiaozhen's meaning, and it was clear that she was disliking their family's poverty. Originally Chen Yina and the others were happy, but now, they were all sighing.

"My brother-in-law's house has a lot of rooms, are you still afraid of not having a place to stay?" Chen Feng was serious to Qian Xiaozhen, people who just fell in love are so stupid, and he didn't even hear Qian Xiaozhen's so obvious words.

"Your brother-in-law's is your brother-in-law's, yours is yours, how can you let your own girlfriend go to stay at your own brother-in-law's house. I don't care, you're going to send me back, if you don't, I'll take the bus back myself." Qian Xiaozhen exhaled.

"You don't want to stay at my brother-in-law's house, you can stay at my house ah! I asked my sister to stay at my brother-in-law's house." Chen Feng was serious to Qian Xiaozhen.

Chen Yina finally couldn't stand it any longer and she said to her brother, "Xiao Feng, she probably has something at home, so you can take her back on Dad's motorbike."

"Is there really something going on at your house?" Chen Feng still wanted to keep Qian Xiaozhen.

"Mmhmm, I just remembered." Qian Xiaozhen nodded her head in succession.

Chapter 206

"Okay! I'll send you back." Chen Feng lost his way.

Chen Feng pushed his dad's motorbike out of the courtyard. And Qian Xiaozhen followed behind him.

Sitting on the motorbike, Chen Feng shouted back to Qian Xiaozhen who was looking at his brother-in-law Chen Haoxuan's villa, "Xiaozhen, why aren't you getting on?"

Qian Xiaozhen gave Chen Feng a blank look, she pointed at Chen Haoxuan's villa and spoke in a reproachful tone to Chen Feng, "Look at other people's homes and then look at yours, I won't tell you how big the difference is, you should be able to feel it yourself."

"That's my brother-in-law's home ah? What's going on? My brother-in-law said that when those construction companies are not busy, he will build a factory and along with it, build my family's villa together and build a villa exactly like my brother-in-law's." Chen Feng proudly said.

"This is your brother-in-law's home?" Qian Xiaozhen was surprised, she was driven here today by Chen Feng on a motorbike, she thought that this luxurious villa belonged to Chen Feng's family, she did not expect Chen Feng to take her into the villa, but a shabby tiled house next to the villa, the tiled house was also made of loess, she felt that she had fallen from heaven to hell. Now that she had heard Chen

Feng say that this luxurious villa belonged to his brother-in-law, was it true that he had said his family was rich?

"Yeah! This villa was only built this year, it is the most luxurious villa in our country of China, and I heard my brother-in-law say that it cost him tens of millions of RMB," Chen Feng explained.

"On - tens of millions of RMB? How much?" Qian Xiaozhen was amazed, her parents only had so few thousand RMB a month and couldn't save much in a year, if they were to save 10 million RMB, it could take several lifetimes.

"Yeah! My mother has also said that when those construction companies have time, she will also build a villa worth tens of millions of RMB, and then my family will also be able to live in a villa." Chen Feng was excited.

"Can you take me to your brother-in-law's house to see it?" Qian Xiaozhen was looking forward to it.

"Of course." Chen Feng said putting the motorbike away.

Chen Feng took Qian Xiaozhen into Chen Haoxuan's house, as he entered the door, Chen Feng said to the security guard on duty, "She's my girlfriend, I'll take her to meet my brother-in-law." But Chen Feng knew, if he didn't introduce Qian Xiaozhen's identity, the security guard on duty wouldn't let Qian Xiaozhen in.

Qian Xiaozhen was so surprised ah! Living in a villa, there are two security guards standing guard at the entrance of the villa, this is absolutely awesome. The first thing you need to do is to take a look at the newest addition to the range of products and services that are available. Is someone training here?"

"Oh, those are the security guards hired by my brother-in-law, they hide at the back of the villa every day for training." Chen Feng explained.

"Can we go check it out?" Qian Xiaozhen looked forward to it, a villa with that many security guards, imagine how huge Chen Feng's brother-in-law's wealth was.

"Yeah!" Chen Feng probably liked Qian Xiaozhen too much, he never seemed to refuse Qian Xiaozhen's requests, also, Qian Xiaozhen was the flower of their school, he had been secretly in love with Qian Xiaozhen before, but Qian Xiaozhen never liked him, until his family was rich and he started to live the life of a rich man, Qian Xiaozhen began to have a crush on him.

He begged Chen Hao Xuan to help him design two suits of clothes, and when he showed up at the high school wearing one of Chen Hao Xuan's designs, their school became a sensation and Qian Xiaozhen even took the initiative to get close to him. Chen Feng also has high standards and there are countless girls chasing after him, but he just likes Qian Xiaozhen, who he has never been able to get. To be honest, Qian Xiaozhen's current status was not worthy of Chen Feng, who was in any case the billionaire's brother-in-law.

After Chen Feng brought Qian Xiaozhen to the villa, Qian Xiaozhen saw that Lin Hao and the others were all sweating profusely from training, looking very powerful and imposing in the past. Thirty-odd security guards! In the daily need for training, this was no ordinary security guard, as she had never seen such a strong security guard.

Qian Xiaozhen, who was standing in the corner watching Lin Hao and the others train, said to Chen Feng, "How much do they get paid?"

"I remember it was like 4,000 or 5,000! If they have good results, plus some bonuses, they can get five or six thousand a month. By the way, my brother-in-law also wonderfully lets them compete, and whoever eventually wins, he rewards the winner with tens of thousands of RMB." Chen Feng explained.

"Five or six thousand RMB? My parents' senior white-collar salaries don't even compare to these little security guards?" Qian Xiaozhen's heart was in her mouth, and now she felt that her family was so bad.

"Let's go! Go see your brother-in-law." Qian Xiaozhen told Chen Feng.

Chen Feng entered the villa with Qian Xiaozhen and went up to the first floor. Chen Feng saw Chen Haoxuan playing a game with Zhou Kexin and the others, so he shouted loudly, "Brother Xuan, I'm coming!" He likes to call Chen Hao Xuan brother-in-law to others, but in front of Chen Hao Xuan, he is still used to calling him brother Xuan, which he used to do with her sister when he was a child.

When he heard the shout, Chen HaoXuan turned back: "XiaoFeng, you're here, come and play together. Hey, the girl next to you is?"

Chen Feng spoke out and introduced, "Brother-in-law, she is my girlfriend, her name is Qian Xiaozhen."

"Wow, Little Feng, you're awesome! Having such a beautiful girlfriend." Chen Hao Xuan was happy for Chen Feng, who was his future brother-in-law, and he was happy for him in his heart. Chen Hao Xuan took a closer look at Qian Xiaozhen, with a white complexion, melon face, a pair of large eyes, thin lip gloss, light blue lipstick, and a fine silver necklace hanging around his neck, about one meter six. Chen Haoxuan's assessment of him was that he was one level lower than Zhou Kexin and the others.

"Brother Xuan, don't laugh at me, I'll be embarrassed." Chen Feng disturbed the back of his head, embarrassed.

Chen Hao Xuan waved to Chen Feng and the others and said, "You guys don't stand there! Come and sit here, let's play the game together, it's crowded!"

Chen Feng pulled Qian Xiao Zhen to sit next to Chen Hao Xuan, and Qian Xiao Zhen peeked at him from time to time, saying in her heart, "The real Chen Hao Xuan is even better looking than in the photos. Wow, how exciting!"

Chen HaoXuan was playing a game against Hua LingWei with a remote control, and he said to Chen Feng, "XiaoFeng, take care of your girlfriend."

"Oh." Chen Feng responded, took the bottle of red wine that was placed in front of Chen Haoxuan, took a clean tall glass, poured half a glass of red wine and handed it to Qian Xiaozhen, "Xiaozhen, you try this red wine, it tastes very good."

Qian Xiaozhen did not take the goblet, but snatched the bottle of red wine that Chen Feng held in his hand, she saw the bottle of red wine, she was incomparably surprised, this red wine she had seen once, this is a red wine worth 100,000 RMB, but now Chen HaoXuan actually as a drink to serve guests, this is too generous right?

Chapter 207

Luxurious furniture. Luxurious appliances, unique and noble-looking furnishings, everywhere seemed very unusual. How nice it would be if she could live in such a nice house, Qian thought to herself!

"Jean, right? When did you and Breeze start?" Chen Hao Xuan asked Qian Xiao Zhen as he played the game.

She was a little excited to hear Chen Hao Xuan talking to her, a billionaire! But not just anyone can sit down and talk to him. She replied with a squeak, "I - I've been with him since this Monday."

"Oh, so you're supposed to be flashbacks then!" Chan joked.

"Well well, sort of!" Qian Xiaozhen responded sweetly, she thought that a person of Chen HaoXuan's noble status would be difficult to get along with, but she did not expect Chen HaoXuan to be so kind.

Chen gave the remote control panel to Zhou Kexin and the others, leaving them to play on their own, while he needed to entertain his future sibling. Standing up to Qian Xiaozhen and Chen Feng, "How to sit over there." Letting guests do the floor is not Chen Haohuan's way of hospitality, although there are cushions.

Chen took out a large amount of fruit from the fridge and carried a large amount of snacks from the cupboard under the TV, clattering all over the tea table. "Xiao Zhen, you're welcome ha! Treat it like your own home and take whatever you want." Chen Haohuan gently told Qian Xiaozhen.

"Mm." Although Qian Xiaozhen responded, she didn't reach out to take it because she was the daughter of a senior white-collar worker and had been pretending to be a lady since she was young, she couldn't lose her temper in front of Chen Haoxuan, otherwise in the future when she really married Chen Feng, Chen Haoxuan would look down on her, this was what she was thinking.

"Xiao Feng, you take care of Xiao Zhen, I'm going out to get something, I'll be back later." Chen Hao Xuan stood up.

"Oh." Chen Feng responded.

When Chen Haoxuan he came out of the villa, he went to the garment factory and picked up two dresses before returning.

Chen Haoxuan returned to the villa and went to the living room, he handed a beautiful bag to Qian Xiaozhen with both hands and smiled, "Xiaozhen, first time meeting, this is a little bit of my heart, please accept it."

Qian Xiaozhen heard Chen Haoxuan's words, and her eyes showed joy, she was sure that the gift Chen Haoxuan had given her was definitely something very precious. But she couldn't accept it, she was worried that if she did, Chen Hao Xuan would think that she was with Chen Feng because of the money, so she waved her hand in succession and said, "No, no, no, brother Xuan, I can't accept it, I've already received your heart, so you should take the gift back."

"Don't be polite to me! Nah, I'll just leave it here, as if you've already taken it." Chen placed the bag on the tea table in front of Qian Xiaozhen.

Chen Feng, who was even more monkeyish than Qian Xiaozhen, quickly took out the items inside the bag, which were two dresses. "Brother Xuan, you are so generous, giving such an expensive gift on our first meeting." Chen Feng was happy to Chen Hao Xuan, he felt that he had face in Chen Hao Xuan's place.

At this moment Qian Xiaozhen's heart could be said to be overjoyed, this dress Chen Hao Xuan said was something she had dreamed of, she had even begged her parents for a long time a while ago, but unfortunately she was unsuccessful, her parents didn't have that much money to buy her such an expensive dress. She had even begged her parents for a long time ago, but unfortunately she was unsuccessful and her parents didn't have the money to buy her such an expensive dress. She, Qian Xiaozhen, had lived for a long time and this was the first time she had received such an expensive dress, could she not be happy and excited?

"Thank you, brother Xuan." Qian Xiaozhen sincerely thanked Chen Haohuan.

"It's only fair!" Chen Hao Xuan smiled.

Qian Xiaozhen stayed at Chen Haohuan's house for almost two hours, and after she came out of Chen Haohuan's house, the way she looked at Chen Feng changed, and she decided that she would capture Chen Feng's heart and get married together after they graduated.

Outside Chen Haohuan's door, Chen Feng rode his motorbike and said to Qian Xiaozhen, "Xiaozhen, get on! I'll send you back."

Qian Xiaozhen had already decided that she must marry Chen Feng, how could she still want to go back, she spoke out to Chen Feng, "I'm not going back, I want to stay at your house for two days."

"Great, I'll go and help you pack your room." Chen Feng was happy as he set up his motorbike and quickly ran back to the house.

Chen Feng vacated his sister's room for Qian Xiaozhen to stay in, and his sister was also very smart and took her bag and went to Chen Haohuan's. In fact, even if Chen Feng didn't say anything, Chen Yina would have gone to stay at Chen Hao Xuan's because Zhou Kexin and the others were there! She did not trust that Chen HaoXuan would not encounter Zhou Kexin and the others.

On the 22nd of September, Jiang Xiang Han made a phone call to Chen Hao Xuan, saying that she had found more than 130 garment workers, all of whom were familiar to her, and that she had asked for them from those garment factories, from which he had placed many orders in order to recruit the 130 garment workers, and that she was calling to tell Chen Hao Xuan that she was going to send them to Chen Hao Xuan.

Chen didn't agree because a few days ago those women from Chen Village came to cause trouble and it made him disappointed in Chen Village, so he thought he would simply open the garment factory in Xinshan City. Chen Hao Xuan and Li Ping also talked to them, and they all agreed.

Chen called Zhang Tianqi and asked him to let him have a factory building. Zhang Tianqi didn't agree, but he promised to give up a floor for Chen to use as a factory.

On the same day, Chen hired more than ten large trucks to help him transport the sewing machines, clothes-making materials and staff luggage to the city of Xinshan.

When Chen Hao Xuan moved the garment factory, all the villagers of Chen Jia Village went to see what was going on. They all did not want Chen Hao Xuan to move the garment factory, because when the garment factory was there, Chen Jia Village was much more lively, and even some snacks and other things could be bought in front of the garment factory, which would never have been available in the past.

When he saw the reluctant expressions of the Chen Village villagers, Chen Hao Xuan said in his heart: "I live my life, you live yours, I've moved the garment factory to the city of Xinshan, let's see how you still make trouble in the future."

The few outsiders who do business in Chen Village are fond of the staff inside Chen Haohuan's garment factory, and their businessmen know that people with a fixed salary like to buy things. Now that Chen Haohuan has moved his garment factory to the city of Xinshan, there is no need for them to do business here anymore, so they left Chen Jia Village together with Chen Haohuan's garment factory.

It took most of the day to move all of Chen Hao Xuan's garment factory, and as soon as Chen Hao Xuan's garment factory was moved, Chen Jia Village immediately returned to its former state, with less laughter and no good snacks to buy. All the women in the village knew that they would never be able to

enter Chen Hao Xuan's factory again, and that the monthly salary of tens of thousands of yuan would never be paid in their lifetime.

Chapter 208

It is a good thing that Zhang Tianqi has already got all the staff quarters ready. This has made it possible for the employees of Chen Hao Xuan's garment factory to move in immediately. Chen Hao Xuan's garment factory needs nothing but sewing machines and some small machinery, so Chen Hao Xuan's sewing machines and some other machinery were moved over and production could start the next day.

Chen HaoXuan transferred two security guards to his newly opened garment factory in XinShan City to protect the security of the factory. Zhou Kexin now has no excuse to stay with Chen HaoXuan, as her home is in XinShan City, just a short drive away.

Many people were puzzled by the garment factory Chen HaoXuan opened in XinShan City, because Chen HaoXuan cooperated with Zhang TianQi to make the business so big, and he left the big business to Zhang TianQi to handle, and started his own small business, although the small business he did was very profitable, but the scale is not at all in line with his identity.

In fact, Chen Hao Xuan can't help it, because he goes for boutique goods, and it's the scarcity that fries his merchandise. Besides, Chen HaoXuan has invested 800 million RMB in omni-phone, so how can he have any money to exaggerate the production! At any rate, you should leave yourself some working capital!

The second largest shareholder is Amansi Binzi, who directly invested RMB 10 billion to gain the second largest shareholder position. The second largest shareholder is Amansi Binzi, who directly invested RMB 10 billion to get the second largest shareholder position, and the third largest shareholder is Zhang Tianqi's family, who are both rich and famous, and they have earned more than Chen Haoxuan and his family.

If not for the fact that most of the money was invested in all-round mobile phones, it is likely that Chen would have made LCD TVs and LCD computers this year. He doesn't have a lot of money now, so it looks like he'll have to wait for next year.

After moving the garment factory to the city of Xinshan, Chen didn't get too busy because the dormitory management was handled by Zhang Tianqi's people, and the garment factory was handled by his secretary, Miao Yuxiang, and he! It's just like the old days, visiting from time to time and then dropping off the made clothes for Kang Heung Chill.

It's just not the same now that the garment factory has moved out, all those old staff aren't as lazy as they used to be, probably because it's a more formal environment now! Together with the more than 130 garment workers that Jiang Xiang Han helped find, this has greatly increased Chen Hao Xuan's output and he is now able to produce several hundred qualified garments every day, which makes Jiang Xiang Han very happy.

Chen Hao Xuan's garment factory is producing more and more, and Chen Hao Xuan's truck can't hold that many more, so he lets Jiang Xiang Han go to the factory himself to pick up the goods.

Chen Hao Xuan's garment factory was stabilised in Xinshan City, and the all-purpose mobile phone did not need Chen Hao Xuan to worry about, so Chen Hao Xuan threw himself into exercising, and he wanted to build his body to the strength that he would design in the future, so that he would not be afraid of being bullied. So Li Jun and Li Botao were miserable, practising with Chen every day. In fact, it would be more appropriate to say that they were destroyed by Chen every day.

On October 1, as it was the National Day, Chen HaoXuan wanted to be happy, so he threw a banquet at his residence and invited his classmates from the University of XinShan City to dinner. To make things more exciting, Chen asked Zhou Kexin and the others to bring their friends, so it became a party.

At the party, many people came to hit on Chen Hao Xuan, most of them girls, and all the boys who hit on Chen Hao Xuan were trying to impress him as a big spender. The company's main business is to provide a wide range of products and services to its customers.

He doesn't go to class, he doesn't go to school, he doesn't live in the school, and even outside he rarely sees Chen Hao Xuan's figure, calling him a student, I think he's more like a businessman.

In a chat with Yang Lin, Chen Hao Xuan learned from Yang Lin that the karate club of the University of Xinshan City had a karate first class instructor, who was from the island, and heard that Yang Lin said

that instructor was very powerful, just came to show his power, and practiced against ten students, and put those ten students down in a few hits. Chen Haohuan heard all about it and went to compete with that arrogant coach to see how good he was.

On the 4th of October, Chen Hao Xuan was exercising as usual when suddenly his mobile phone rang, he looked at the screen and found it was Yang Lin.

"No way? Doesn't he know he's in China, not the island?" Chen Hao Xuan was surprised that an islander dared to curse the Chinese in China, isn't this an act of seeking death?

"Why would I lie to you! You've got to come, we're fighting for his life now!" Yang Lin was anxious, but it was like this, he used to be in karate, but after seeing Chen Hao Xuan's amazing skills, he quit karate to learn fighting techniques from Chen Hao Xuan. He heard from his former karate friends that the new instructor was very arrogant and often taught his team members a lesson, so he wanted to help his friend vent his anger and teach the arrogant instructor a lesson. But he didn't think the coach was that good, and the five or six of them were no match for him. Many times faster than that coach.

"Okay, I'll be over there now." Chen Hao Xuan responded.

At this time, Chen Hao Xuan was wearing a black T-shirt, black shorts and black sneakers, if his skin was a little darker, he would be very manly, but unfortunately cool was cool, the beauty was that his skin was too white. Chen didn't have time to change his clothes because he just heard Yang Lin's tone as if he was in a hurry, and to be safe, Chen took Li Jun and the others with him.

As soon as he entered the door, he took Li Jun and the others to the karate club. As for the car, he gave his keys to the security guard at the door and asked them to help him park the car in the car park.

When he arrived at the karate club, he saw a lot of students surrounding the entrance of the karate club, one by one they padded their heels and stretched their necks, as if trying to stretch themselves out so they could see inside.

"Excuse me, everyone." Chan bellowed loudly.

Chapter 209

The students at the entrance to the karate club didn't seem to hear Chen Haohuan's words. They didn't even look back, each of them pushing forward as hard as they could to see what was going on inside.

"Li Jun, Li Botao, open the way." Chen Hao Xuan waved his big hand, bullishly speaking to Li Jun and the others.

When Li Jun and the others heard Chen Hao Xuan's words, they rudely lifted one student out of the way and forced a path for Chen Hao Xuan to pass.

Chen Hao Xuan went inside the karate club and saw Yang Lin and a few of his friends fighting with a strong man in his 30s, Chen Hao Xuan did not help, he stood aside and watched.

"Matsui Ichiro, your sister, today you will pay a serious price for your words." Yang Lin yelled loudly.

"Baka, you land come if you can, cursing is something only a woman would do." Matsui Ichiro coldly told Yang Lin.

Yang Lin shouted and quickly took two steps forward, right fiercely hitting Matsui Ichiro in the chest, if it was him in the past, he would have enemy hit the head, because the head is the most fragile part of the human being. But he changed his mind about this after being taught by Chen Haohuan, who told him that if the opponent is stronger than you, you'd better hit him in the chest and stomach, which are larger areas, because the target of the head is too small and can be dodged quickly, while the chest and other large areas have a high hit rate and are a little smaller, but better than nothing.

Matsui Ichiro gave a big ha-ha and stabbed a horse. There was a muffled thud and Yang Lin's fist hit Matsui Ichiro's strong pectoral muscles. "Hahaha, an East Asian sick man is an East Asian sick man, his strength is not much stronger than a woman." Matsui Ichiro mocked Yang Lin.

Chen Haohuan looked at him for a while, he could see that this Matsui Ichiro was actually quite powerful, he felt that it was mainly because Matsui Ichiro's body was too strong, bear waist and tiger

back, up to one meter and eighteen meters tall, weight Chen Haohuan guessed, should be around two hundred kilograms, such a person was born with an advantage in fighting.

While Yang Lin was still undefeated, so Chen Hao Xuan shouted loudly to Yang Lin, "Yang Lin, stop fighting, you're no match for him."

Yang Lin took a few steps back, afraid that when he turned his head he would be attacked by Matsui Ichiro, who turned his head to find that Chen Hao Xuan had arrived, and he shouted to Chen Hao Xuan with great joy, "Hao Xuan, this is the man who said that we Chinese are sick men of East Asia, come and teach him a lesson."

"You and your friend come over here!" Chen Hao Xuan said indifferently to Yang Lin and the others, he was doing this for their safety.

After Yang Lin and his friend, who was heavily scarred, walked next to Chen Hao Xuan, Chen Hao Xuan said to Li Jun: "You've learned fighting from me for so long, it's time to show your skills, go fight that Matsui Ichiro! Beat him and I'll treat you to a nice meal at the Villa Hotel today."

"Just watch it, boss!" Li Jun was excited.

Li Jun walked up to Matsui Ichiro, he hooked his finger at Matsui Ichiro and scoffed: "Come on, kid! Let your grandfather see how good you really are."

Li Jun was also a strong man, not as strong as Matsui Ichiro, but not nearly as strong either.

"Baka, a stupid pig who doesn't know how to live." Matsui Ichiro cursed and yelled at Li Jun.

"Little Japan, today I'll show you how powerful the Chinese are." Li Jun said quickly moving forward, stomping his foot, turning at the waist and sweeping a flying sweeping leg at Matsui Ichiro.

Matsui Ichiro quickly extended his left hand and had the arm to neutralise Li Jun's sharp blow. But he neutralised Li Jun's right foot, but not Li Jun's left, Li Jun's body was horizontal, quickly turned and his left foot hit Matsui Ichiro's head hard, next, he braced the ground with his right hand and landed steadily, this practice move was cool and practical.

Li Jun's move was taught by Chen Haoxuan, otherwise how could he have created such a powerful move.

Matsui Ichiro was hit in the head by Li Jun's foot, which caused him to move a step to the right, his mind slightly dizzy for a while. Matsui Ichiro looked at Li Jun in amazement, he did not expect that there was such a powerful expert in China, it seemed that his moves were not karate, curious Matsui Ichiro asked Li Jun seriously: "What is your practice?". Li Jun's level was similar to his, and strong men were to be respected, so the titles he called Li Jun changed.

"Fighting technique." Li Jun said proudly.

"Your ground fighting technique is greatly powerful." Matsui Ichiro gave Li Jun a thumbs up and admired him.

But Li Jun didn't give it to him in front of him, Li Jun gave Matsui Ichiro a glance, despising his tone, and said: "Che, my fighting technique is considered poor in our China, if it was a genuine Chinese martial art, I could put you down with one move."

"Just kidding, I've fought many of your country's self-proclaimed martial arts masters, and none of them were my match, except you, so if you want me to believe that your traditional martial arts are great, I'd rather believe that your fighting arts are great." Matsui Ichiro faded.

"Your sister, you're just stupid yourself, don't think of others as being as stupid as you, okay. Don't you have any brains to think about it, will someone who can't even beat you be a martial arts expert? I see it as a bunch of crooks and hooligans." Li Jun laughed.

"Baka, you dare to curse me, go to hell!" Matsui Ichiro roared, he is the worst at being called stupid, he used to have a friend who joked with him that he was stupid, and he broke one of his hands.

After roaring, Ichiro Matsui quickly ran towards Li Jun and threw a straight punch that could pick up the wind towards Li Jun's face, as if he wanted to disfigure him.

Li Jun quickly squatted, left foot half a step forward, hands on Matsui Ichiro's waist, forceful mention, shoulder top, plus Matsui Ichiro's own impact, which made Li Jun at once Matsui Ichiro flipped back. It was good that Matsui Ichiro had some skill and knew how to use his hands to brace himself when he landed, otherwise his head would have been broken.

Seeing Li Jun's skills, Chen Hao Xuan was very satisfied, he had this strength in half a year, as a coach, he should be proud. After seeing Li Jun's strength, Chen Hao Xuan wanted to see if Li Botao's strength was as strong as Li Jun's, so Chen Hao Xuan said loudly to Li Jun: "Li Jun, you come back and let Li Botao on."

When Li Jun heard Chen Haoxuan's words, he immediately retreated to Chen Haoxuan's side, while Li Botao excitedly walked up to Matsui Ichiro, he rubbed his palms and said to Matsui Ichiro: "Kid, make your best move!" Li Botao's yin~ slutty expression coupled with that palm rubbing action, this made the people present feel as if Li Botao wanted to rape~ Matsui Ichiro.

"Baka, he hasn't lost yet, why the change?" Matsui Ichiro pointed at Li Jun, who was next to Chen Haoxuan, and shouted at Li Botao.

Chapter 210

"You're no match for him, so my boss asked me to try with you ." Li Botao faintly told Matsui Ichiro.

"Your boss? Are you not from this school?" Matsui Ichiro asked, he knew he was no match for Li Jun and the others, so he didn't want to fight Li Jun and the others again, if Li Jun and the others weren't from the school, he would find an excuse not to fight Li Jun and the others so that Li Jun and the others would have no excuse to fight him and he wouldn't lose.

"Yes." Li Botao said honestly.

"You are not from the University of the city of Xinshan, I will not fight you, I am now the coach of the karate club of the University of the city of Xinshan, I will only cut with the students and teachers of the University of the city of Xinshan, other people, etc., anger I will not accompany." Matsui Ichiro was cold.

"I see you are just afraid to fight me, make excuses, this is the nature of you brats, bullying and fearing, I pooh." Li Botao was very disrespectful to Matsui Ichiro and lashed out.

"I'm getting a salary from the University of the City of New Hill, I'm at work, I'm responsible for my work, I'm cutting a deal with the students and teachers of the City of New Hill, I'm teaching them. And you guys, do I have to cut and run with you?" Matsui Ichiro argued.

Chen Haohuan his mouth curled up in an evil smile and he said to Li Botao, "Li Botao, come back and let me, a student of the University of the city of Xinshan, come and teach him a lesson."

Li Botao came back very dejectedly, his expression seemed to say, why don't you let me teach Matsui Ichiro a good lesson!

Chen Hao Xuan walked out, he said to Matsui Ichiro, "I am a student of the University of Xinshan City, Chen Hao Xuan, all the students and teachers in Xinshan City know me, if you don't know you can just ask anyone."

Seeing Chen Haoxuan's slimmer-than-a-girl figure, Matsui Ichiro laughed, someone with such a physique dared to spar with him, it was simply asking for death!

Matsui Ichiro spoke up and sneered at Chen Hao Xuan, "You want to spar with me too, don't you? If so, then let's make a deal first, if anything happens to you, I won't be responsible."

Chen Haohuan chuckled, "It seems like I should be the one to say this, but surprisingly you have said it, so I won't say it. This way, no matter who we are, the other will not be held accountable if anything happens to us, and everyone present will give us testimony."

"Good." Matsui Ichiro was happy, he had just lost face on Li Jun, and he wanted to get it back on Chen Haoxuan.

"Come on! Let's see how good the kiddies are." Chen waved to Matsui Ichiro.

Matsui Ichiro took a few quick steps forward, then soared forward with two kicks, which were more terrifying than the Chinese Flying Scud. Chen Haoxuan quickly kicked with both feet and his whole body flew like a spring, he jumped very high, about one and a half metres, then he made a kneeling motion in the air, put his hands behind his back, grabbed his ankles and knees down.

Matsui Ichiro was unable to leverage his strength to turn in the air, and when he saw Chen's stance, he knew that Chen's move was bound to seriously injure him, perhaps even fracture his back.

There was a muffled thud as Chen's knee struck Matsui Ichiro's stomach, then Chen's body and Matsui Ichiro's body fell down at the same time, and Matsui Ichiro's huge body slammed to the ground with a bang, while Chen was fine because he had a back!

Poof, Matsui Ichiro spat out a mouthful of blood, in fact, with his body falling from about one metre, he would have been fine, but the problem was that Chan added insult to injury by driving a knee into his stomach.

When everyone thought it was over, Chan stood up, he raised his foot and kicked Matsui Ichiro in the head, and poof, Matsui Ichiro spat blood again.

"Gah" Everyone present was stunned, in one move, Chen Haohuan defeated Matsui Ichiro, who had beaten the unbeatable Matsui Ichiro all over the campus, which made them who had always

thought Chen Haohuan was a gentle little white man very surprised, and the kick behind Chen Haohuan's head made them even more shocked, the usually gentle Chen Haohuan didn't think there was such a cold side.

"Get up! You little brat, get up! Didn't you say you were good? It was done by the Chinese people in one move, and you even vomited blood, damn it, you still have the nerve to say that the Chinese people are East Asian sick men, I pooh." Yang Lin pointed at Matsui Ichiro, who was lying on the ground, and cursed arrogantly.

Matsui Ichiro coughed a few times and slowly stood up, but the heartless Chen Haohuan didn't give him the chance, he stirred and swept Matsui Ichiro's head with a back spin kick, Matsui Ichiro fell to the ground again.

"You - you, I'm not ready for this, you're acting like this is a sneak attack, trying to be dishonourable, you don't deserve to be a martial artist." Matsui Ichiro shouted angrily at Chen Haohuan.

Chen fixed his hairdo with his right hand and bullishly said, "I never said I was a dancer, and then again, you are sparring with me now, you didn't concede defeat or yell stop, what's wrong with me beating you? Is it right and proper for me to hit you as a sneak attack and for you to hit me?"

Li Jun and the others were up in arms, saying: "Yes, Matsui Ichiro, you have no balls, you make excuses when you meet someone who is better than you, you are a disgrace to the islanders, because the island has a loser like you, making me look down on all you islanders"

"Fine, I admit that I'm not as good as you or him." Matsui Ichiro lay on the ground and pointed down at Chen Haohuan and Li Jun. He was afraid to get up for now, afraid that as soon as he did, Chen Haohuan would kick him down again.

"I've got me! You can't beat me either, so why don't you talk about me?" Li Botao was very upset, he and Li Jun were about the same strength, Matsui Ichiro admitted that he couldn't beat Li Jun, why not admit that he couldn't beat him too, it made him feel ashamed of himself.

"You didn't fight me, how should I know." Matsui Ichiro exhaled to Li Botao.

Chen interjected, "That's fine, I'll let him compete with you."

"Yeah!" Li Botao happily walked towards Matsui Ichiro.

"No, no, no, don't come over, I'm sad now, I can't beat you even if you're a normal person." Matsui Ichiro was so frightened when he saw Li Botao coming towards him that he waved his hand. He was already suffering from internal injuries and couldn't fight any more, or he would add to his woes.

"Coward, coward" When Yang Lin shouted, other people who hated to eat Matsui Ichiro also shouted together so that they could vent their frustration with him.

"Yang Lin, go find a big piece of paper and bring any brush and ink." Chen Hao Xuan shouted to Yang Lin.

"Hao Xuan, what are you doing with these? Do you want to practice calligraphy?" Yang Lin was curious about Chen Hao Xuan.
