

## A Billionaire's Reincarnation Chapter 231-240

### Chapter 231

Lin Hao and the others who ran fast in the trees, Chen Hao Xuan would let him pass directly, and those who ran slowly would practice directly in the trees, until they were fast enough, they could come down.

Qian Xiaozhen and the others followed Chen Haoxuan and his men's footprints to the place where they were training and saw many people moving fast in the trees, moving freely towards the monkeys. "They're really good." Qian Xiaozhen said to Chen Feng.

"Of course, my brother-in-law said that in the future they will most likely become super masters of China." Chen Feng said triumphantly.

Many of them were just moving slowly in the trees, that was because they were all unaccustomed to it, now after spending some time up there, they were getting more and more used to it, and they were slowly moving faster and faster.

Chen Haoxuan saw that it was almost time, so he told all the team members to come down and made them form a circle.

"If you want to be famous, come out and draw a ring." Chen Haoxuan said to Lin Hao and the others.

Lin Hao and Jiang Dong, the two of them again, they were like incompatible with each other, every time they competed, or had a match, they had to do it against each other.

"I'll do it." Jiang Dong bullishly stepped forward.

"I'll come too." Lin Hao chimed in.

"Good, let's see who can last the longest in this?" Chen Haoxuan said loudly.

Jiang Dong jumped up high and kicked Lin Hao's head with a spinning kick, after Chen Hao Xuan's devil's training it was different, the combination of strength and speed was perfect, Lin Hao blocked Jiang Dong's spinning kick with his arm, but as Jiang Dong was doing his best, he couldn't help but be pushed back a few steps by the force.

Jiang Dong and Lin Hao were about the same strength, so Jiang Dong didn't want to spend time with Lin Hao, he wanted to beat him with his fiercest and most powerful moves, and with the fact that he relied on his physical strength advantage, he still had a chance of beating Lin Hao.

Jiang Dong missed a blow, so as soon as he landed, he lunged forward, surprisingly trying to ram Lin Hao with his shoulder. As Jiang Dong's speed was too fast, Lin Hao had no time to dodge, so he had to use his arm again to block: "Ah..." The force of Jiang Dong's impact almost broke Lin Hao's arm.

Lin Hao kicked upwards and with a thud, his foot landed on Jiang Dong's chin, the impact caused Jiang Dong's to take two steps back before falling to the ground.

"Jiang Dong, get up, Lin Hao's hand is injured, if you give up at this time, you won't have a chance to win against Lin Hao in the future." Chen Haoxuan and the others yelled loudly.

Qian Xiaozhen looked at Lin Hao rubbing his arm and watched Jiang Dong struggling to get up, she couldn't help but speak out, "No wonder they are so good, they are all so desperate."

"My brother-in-law is so good to them, they'd be doing my brother-in-law a disservice if they didn't put up a fight." Chen Feng said smugly to Qian Xiaozhen.

"You should also learn from your brother-in-law in the future and become a person as good as him." Qian Xiaozhen looked at Chen Feng with expectant eyes and said, "That's for sure, I've always wanted to

be like my brother-in-law, to make all the people like him and make all the people worship him ....."  
Chen Feng said.

Over here, Jiang Dong and the others began to firefight again. Jiang Dong built up all his strength, roared and stepped forward with a black tiger's heart. Lin Hao smiled faintly and dodged sideways without fighting back, seemingly not putting Jiang Dong in his sights at all.

Jiang Dong's first move was actually just a probing move, the second move was the real killing move, his right fist quickly struck Ding Niu's temple, the wind of the fist reached Lin Hao's ear before it reached the fist, whistling. He didn't dare to take it lightly, so Lin Hao blocked with his right arm and struck Jiang Dong's chin with a hook with his left fist.

Jiang Dong spun around and deflected Lin Hao's hook, then his spinning body stopped, his left foot went forward, his right went back, his waist twisted and his right fist made a cracking sound.

There was a muffled thud as the two men stuttered against each other, the rebounding force causing both men to retreat half a step at the same time, sizing each other up.

"Wasn't his arm hurt? How come it doesn't feel like it's hurt?" Jiang Dong stared at Lin Hao's arm and said darkly in his heart.

"It seems he will never stop until he defeats me me, so let you be my defeated opponent for the rest of your life!" Lin Hao said darkly in his heart.

Lin Hao was ruthless, he was going to bring out all his skills, he charged towards Jiang Dong, jab, straight punch, swinging punch, uppercut, flat hook, sweeping elbow, picking elbow, slanting elbow, chopping elbow, smashing elbow, back elbow, straight knee, jumping knee, flying knee, smashing knee, hoop neck bumping knee, square stomp, leg sweep, crocodile swing ....." Lin Hao linked all these moves together into a terrifying martial art, coupled with Lin Hao's fast speed. This made Jiang Dong only dodge, the moment he fought back he would be hit by Lin Hao, he was getting more and more frightened in his heart, no wonder he could be the captain, so he had this set of moves. This was Jiang Dong's opinion of Lin Hao.

"Wow, they're so good!" Qian Xiaozhen couldn't help but say, she felt that this was even more enjoyable than watching a movie.

With a bang, Lin Hao threw a back spin kick that landed on Jiang Dong's face no. Jiang Dong was kicked straight to the ground, but he quickly got up, and as soon as he got up, he pointed at Lin Hao and said, "You kicked me in the face with your shoe, aren't you afraid that I'll break my face, and if I can't get a wife, you'll have to sacrifice your sister."

"Go, ask the boss if I should kick you in the face." Lin Hao gave Jiang Dong a blank look and said.

"There are no rules for real fights, so Jiang Dong shouldn't be angry with Lin Hao. Jiang Dong, although you were kicked to the ground by Lin Hao, you haven't lost yet, go for it, I'll watch you." Chen Haoxuan smiled wickedly at Jiang Dong.

The fight continued, Lin Hao defeated Jiang Dong and then defeated three more people in a row before losing because his opponent was Zhang Tiezhu, who was known as Hercules.

Both Lin Hao and Jiang Dong were defeated, and those who were defeated could not re-enter the field. This time Zhang Tiezhu was awesome, he stood in the circle, and whoever came - he just threw the opponent straight out, without hurting the opponent, and the fastest way to win. Zhang Tiezhu defeated ten men, even more than Lin Hao, but one of the men Lin Hao defeated could match two or three of the men Zhang Tiezhu defeated.

Seeing how brave his men were, Chen Hao Xuan was very happy. He thought that when the 10th day came, he would make sure that his men would raise their eyebrows for China.

Chen Hao Xuan let Lin Hao and his men play by themselves and he went back first. He thought of the problem of Lin Hao's clothes, they had nothing but camouflage uniforms and a suit, neither of which they seemed to wear to the competition, so he thought, while there were still two days left, he would design a suit for Lin Hao to wear now, and then have the garment factory work overnight to make the clothes.

Chen Hao Xuan to Lin Hao they design the trousers is the future century special police wear trousers, many pockets of the kind, shoes, Chen Hao Xuan let Lin Hao talk himself to buy black wave shoes, tops, is sleeveless shirt .....

## **Chapter 232**

Chen Hao Xuan's computer design was finished and he saved the design on a USB stick. He took the USB stick with him to the city of Johor Bahru to make Lin Ho's clothes in person, the fabric of his clothes had to be good and each piece had to fit.

Ichiro Matsui is now visiting his karate friends in the island every day, inviting them to go to China with him to teach Chen Hao Xuan and his friends a good lesson.

Ichiro Matsui's friends were willing to go, but they thought that the stake was too small and it would have been better if they could have added a bit more. So Matsui Ichiro found Yang Lin's mobile phone number somewhere and he asked Yang Lin to pass on his words to Chen Haoxuan for him about the possibility of raising the stakes.

Yang Lin called Chen Haoxuan, who very cavalierly asked him to tell Matsui Ichiro that he, Chen Haoxuan, would take the bet as long as it did not exceed 10 billion RMB.

When Yang Lin told Matsui Ichiro what Chen Haoxuan had said, Matsui Ichiro was so angry that he wanted to strangle Chen Haoxuan to death, and he cursed at Chen Haoxuan for being so rich.

He was angry, but he was happy because when he told his friends what Chen Hao Xuan had said, they were all angry that a billionaire had the audacity to be so arrogant, and that it was time to teach him a lesson and get some pocket money from China.

Ichiro Matsui and the others all headed to China with a large amount of bets, he brought twenty-three karate masters with him, all of them were Tarzan figures and the fame gathered could represent a country's karate. Ichiro Matsui and the gang had invited many reporters to the 10th to see them spar with Chen Hao Xuan in order to make his loss even more ugly.

A martial artist sparring with a billionaire is an absolute rarity, and the story quickly went viral on the internet, with everyone discussing who would actually win. Some clever people even took bets on Chen Hao Xuan's win or loss. On the internet others couldn't be trusted, but in reality there were many people who shelled out money to sell, men, most of them sold then islanders, comparing then islanders often on TV, and their fame in the martial arts world was high, they would of course choose those from the island. As for the girls, almost all of them bought Chen Hao Xuan to win, not for any other reason, just to support Chen Hao Xuan.

The girls who bought Chen Haoxuan to win, they all bought very little, a few dollars, a few dozen, etc. .... Not to Matsui Ichiro and the others, they all buy in hundreds and hundreds.

On the 7th of October, Matsui Ichiro had already brought his friend to China and stayed at the hotel in the university room in Johor Bahru. They came to China not with the thought of investigating Chen Hao Xuan's information, nor were they busy exercising, but were busy spending their time.

Only after Chen Hao Xuan had no more problems with the production of the clothes he had designed for Lin Hao and the others did he rush back from Johor Bahru City and continue to train Lin Hao and the others as soon as he returned. Chen Hao Xuan forced Lin Hao to train every day, which could stimulate their potential, such as now, now they are much more flexible than before, Zhang Tiezhu, this horrible guy is even more remarkable, martial arts did not increase much, but his strength has increased a lot, his hands can lift a thousand pounds of boulders, calling him Hercules is not too much.

Chen Hao Xuan wanted Lin Hao to stimulate all the potential strength of their bodies by the time they reached number 10.

Matsui Ichiro and the others kept bragging in the city of Johor Bahru about how Chen Hao Xuan was a loser who was nothing but a good spender and a little lucky to have made a little money. Ichiro Matsui even said outright that Chen Hao Xuan was a white boy and that he earned his current wealth by being adopted by those rich women.

Matsui Ichiro used to be unconcerned about Chen Haoxuan, he did not know that Chen Haoxuan was very popular in the eyes of women in China, when he said this, the Internet was full of messages scolding him .....

Chen Hao Xuan he didn't listen to anything outside the window, he concentrated on passing his knowledge to Jiang Dong and the others. Yang Lin, he can now be said to have improved by leaps and bounds, I do not know if it is the reason he almost drowned that day, which makes him very serious study, do not understand the question, than the three good students are even better behaved.

Lin Hao and the others have all improved, so of course Chen Hao Xuan, who is the master, has also improved, but his is a physical improvement, he is much stronger again. But what makes him helpless is that he has been listening to the sun all this time, but why can't his skin get a tan? Lin Hao's and theirs, on the other hand, all had bronze, manly tans that were almost making Hao Xuan envious.

Why did Chen Hao Xuan want to get a tan? It wasn't because he wanted to get rid of the image of a little white face. Many people who hated him would take his looks to blast him, and for that he was annoyed, was it wrong to look like a girl? People have jocks that's all.

Lin Hao and the others had now adapted to this devilish training by Chen Hao Xuan, and what they felt now was not fear, but excitement. They could not wait for Chen Hao Xuan to torture them again, because the more Chen Hao Xuan tortured them, the faster their strength would rise.

On the 8th of October, Jiang Xianghan drove to the Chen family village, and she was joined by Han Yuechan and Han Yuechan's son Han Fenghua. They had come to see how Chen Haoxuan was preparing and whether they were sure of beating those bastards Matsui Ichiro. If they were not sure of beating Matsui Ichiro and the others, they would advise Chen Haoxuan to give up, safety first, a view they shared.

When Jiang Xiang Han and the others arrived at Chen Hao Xuan's house, Chen Hao Xuan was not at home, he had taken Lin Hao and the others outside to train. The security guard on duty took Jiang Xianghan and the girls to the living room on the first floor and told them to have tea and a snack while they waited for Chen Hao Xuan's return in the living room.

Inside Chen Haoxuan's villa, Han Yuechan saw how luxurious Chen Haoxuan's villa was and said in awe, "My goodness! How much does such a luxurious villa cost?"

"More than ten million RMB, I heard it from Xiao Xuan." Jiang Xianghan said as she ate a banana, and Han Fenghua, who was sitting next to her, was also eating it slowly, clutching a bunch of bananas just like her.

"Over ten million RMB to build a villa that luxurious, that's incredible, I just I guessed this could be tens of millions of RMB! I didn't expect it to be only 10 million RMB." Han Yuechan said in surprise.

"The reason it's so cheap is because the house was designed by Xiao Xuan himself and he made a lot of the furniture in the house himself, that's why it's so cheap." Jiang Xianghan explained.

"He can do business, he can design clothes, he can design villas, he can carve stones, he can come up with maths problems that the whole world can't answer, and he can also do martial arts ....., what kind of man is he?" Han Yuechan said in awe.

### **Chapter 233**

"He is a man full of legends, he has the charisma to conquer women all over the world, he is a perfect man." Jiang Xiang Han narrowed her eyes with an intoxicated expression as she said.

Seeing Jiang Xianghan's expression, Han Yuechan felt funny as she teased Jiang Xianghan, "You! I think you've drunk Xiao Xuan's ecstasy."

"If he gave you the ecstasy, you would drink it too." Jiang Xianghan said.

Chen Yina, although she was not yet Chen Hao Xuan's wife, the people of the Chen family village and Lin Hao and the others had already treated Chen Yina as Chen Hao Xuan's wife. When Jiang Xianghan and the girls arrived, the security guard on duty went to Chen Yina's house and told Chen Yina that Jiang Xianghan and a strange girl had arrived and were in the living room on the second floor.

Chen Haoxuan was no longer at home, and she, as Chen Haoxuan's future wife, was supposed to look after the guests for Chen Haoxuan. Chen Yina and asked her mother to cook two more dishes for lunch today, after which she went back to Chen Haoxuan's house.

Before anyone arrived, she started to sound out, "Sister Han, you're here!"

Hearing Chen Yina's voice, Jiang Xiang Han whispered to Han Yuechan, "She is Xiao Xuan's girlfriend Chen Yina."

Chen Yina walked into the living room on the first floor, Jiang Xiang Han smiled and said to Chen Yina, "Nana, I haven't seen you for a while, I didn't expect you to be so much prettier."

"That's true, I'm a lot uglier." Chen Yina sat next to Jiang Xiang Han and said modestly.

"You're ugly, then I can't even face seeing people, how can you make me feel ashamed of that!" Jiang Xiang Han joked.

"Sister Han, won't you introduce me to this for pretty lady and this cute baby." Chen Yina smiled at Jiang Xianghan.

"She is my good friend Han Yuechan and this is her son Han Fenghua, we are here to see how the preparations for Xiao Xuan and Matsui Ichiro's match are going." Jiang Xiangchan said worriedly.

"Sister Han, don't worry about it, you still don't know what brother Xuan is capable of? If he's not sure - would he be stupid enough to say yes to Matsui Ichiro? You won't be worried if you go and see how they look when they train, I'll tell you secretly! Brother Xuan's men are all very powerful masters, one can fight dozens of ordinary people, and if you let them use cold and hot weapons, they're definitely a bunch of killers." Chen Yina said mysteriously.

"I've seen those men of his! Not as powerful as you say, right?" Jiang Xiang Han said curiously.

"You have seen them, but you haven't seen what they are capable of, not to mention you, even I have never seen their true strength, only Brother Xuan and the others are clear about their strength." Chen Yina explained.

"Little Xuan, when will you be back?" Jiang Xiang Han asked.

Chen Yina shook her head and said indifferently, "I don't know, he often doesn't come back at noon these days, I heard that when they don't come back they are hunting in the deep forests to feed their hunger."

"And hunting and training in the deep woods, it seems they are indeed unusual. Not ordinary is even better, I've decided, when I go back at night, I'm going to bet one million RMB on Xiao Xuan, if Xiao Xuan wins then I'll get two million RMB, a pure win of one million RMB, this business is really too good to be true." Jiang Xiang Han said excitedly.

"What's the bet? I thought it was just brother Xuan and Matsui Ichiro betting? Why are you betting too? Who are you betting with?" Chen Yina asked curiously.

"Nana, you should always go online and read more news when you have nothing to do. Nowadays, many rich people are bookmakers, asking the public to bet on whether Chen Haoxuan wins or Matsui Ichiro wins. More people buy Matsui Ichiro to win, so he's just 1 to 0.5, while less people buy Xiao Xuan to win, so it's 1 to 1. I just know a rich person who does the bookmaking, he's doing it big, it seems he's working with others, he only takes orders of 10,000 or more, if you want to place a bet, I can take you there." Jiang Xiang Han said.

"Yes, of course I want to place a bet, Sister Han, you place it for me, I'll write you a cheque for 10 million RMB right now. I'm going to lose those doing the dealership, how dare they look down on my brother Xuan like that." Chen Yina huffed.

When Jiang Xiang Han saw that Chen Yina was really getting up to get her cheque book, she hurriedly pulled Chen Yina back and said, "Nana, if you bet that much money, the dealer will take your money and run away."

"Didn't you say that was your friend," Chen Yina asked curiously.

"He's my friend, but not a particularly good one, think about it! He took advantage of your brother Xuan's match with Ichiro Matsui and he took the opportunity to open up the casino, people who run casinos are greedy, so do you think he's reliable? If you bet a small amount of money, they won't care, but if you bet 10 million RMB, they can take your money and run away to a foreign country, so if you want to bet, you can bet up to one million, more than that won't work." Jiang Xianghan explained.

"Then I'll place a million! Sister Han, wait for me, I'll be right there." Chen Yina stood up and said to Jiang Xiang Han.

After Chen Yina left, Han Yuechan said to Jiang Xianghan, "No wonder you can be Xiao Xuan's girlfriend, so she's so pretty."

"Sable, you don't know, she used to be very ugly, but then I don't know what kind of medicine she used, all the scars on her face were gone, her skin was so good that people were jealous, and then she became the number one beauty at the University of Xinshan City, on par with Xiao Xuan." Jiang Xiang Han said.

"You mean she had a facelift?" Han Yuechan asked gossippingly.

"No, her features are the same as before, they haven't changed in the slightest, it's just that her skin has gotten better that her beauty is showing through. Besides, Chen Yina grew up with Xiao Xuan as a childhood friend, and the two of them have a deep bond." Jiang Xiang Han explained.

"I envy her, she was destined to be with her beloved at birth, so happy yo!" Han Yuechan said enviously.

Han Fenghua, who was eating a banana next to Jiang Xianghan, said to her mother in a delicate voice, "Mummy, Xiaohua was with Mummy at birth, Xiaohua is so happy!" Han Feng Hua was learning now.

"Mummy feels very happy too, so Xiaohua comes over to give mummy a kiss." Han Yuechan was amused by her son and she reached out her hands and seemed her son to come over.

"Mummy, kiss." Han Fenghua leered and chirped at her mother, it seemed that the boy grew up to be just like Chen Hao Xuan.

Chen Yina quickly brought a cheque for one million RMB already written, which she handed to Jiang Xiang Han, asking her to help him buy Chen Hao Xuan to win.

At 11:30 pm, Chen Hao Xuan came back from his run with Lin Hao and the others, they were all sweaty and gathered together when they returned, giving off a strong smell of manliness.

Chen Haoxuan heard the security guard on duty say that Jiang Xianghan and a strange girl had come with a child, and he immediately thought of who it was.

## **Chapter 234**

Chen Hao Xuan walked up to the first floor, and when he got upstairs, he saw Chen Yina and Jiang Xiang Han chatting with each other, seeing their smiles, they should be having a good time.

Han Fenghua, the little one was ignored by Jiang Xianghan and the girls, so the little one could only play alone, he was standing on the sofa, he inadvertently turned his head and saw Chen Hao Xuan who was dressed in camouflage, he happily shouted in a delicate voice: "Uncle Xuan, hug."

Hearing Han Feng Hua's delicate voice, Jiang Xiang Han and the girls looked at the door in unison and found Chen Hao Xuan standing at the door looking at them with a smile on his face.

Chen Yina stood up and said to Chen Haoxuan, "Brother Xuan, you're back! Are you hungry to see?"

"Sister Han and Sable are here! You guys wait for me first, I just went to train and got all sweaty, my body smells awful, I'll go and take a shower first, I'll be back soon." Chen Hao Xuan smiled and said to Jiang Xiang Han and the girls.

Chen Hao Xuan went to his room and got his usual clothes (the clothes he designed himself), walked into the bathroom, wet his body with the faucet, then put on the body wash, turned on the faucet and rinsed, clatter, clatter, done, it only took a few minutes in total.

Seeing Chen Hao Xuan come out so quickly, Jiang Xiang Han and the girls couldn't help but ask Chen Hao Xuan, "Xiao Xuan, did you not take a shower, but just change your clothes?"

"I washed, just not as clean as you women do." Chen Haoxuan joked.

Chen Hao Xuan walked over to Jiang Xiang Han and sat down. Han Fenghua, the little guy, seemed to like Chen Hao Xuan very much, as soon as Chen Hao Xuan came he rolled right off the sofa and then hugged Chen Hao Xuan's feet, shouting uncle-uncle over and over.

Chen Hao Xuan picked up Han Feng Hua and placed him on his lap, smiling as he said to Han Feng Hua, "Tell uncle, what do you like? Uncle will give it to you."

"Uncle Xuan really gives Xiaohua everything?" Han Fenghua's bright eyes blinked as she looked at Chen Haoxuan and said in a delicate voice.

"Of course, as long as you say so, even the moon I will pick it off and give it to you as a ball to kick." Chen Haoxuan joked.

The little one was obviously stunned by Chen Haoxuan's ability, as she said in surprise, "Wow, Uncle Xuan is so powerful."

"That's right, Uncle Xuan is a genius that is rarely seen in ten thousand years, how can he not be awesome! Don't you think so?" Chen Haoxuan joked.

"Mmmmmmm, no wonder brother Xuan can beat up bad guys." The little one really believed Chen Haoxuan's words.

When Jiang Xiang Han and the girls heard Chen Haoxuan and Han Fenghua's conversation, they all covered their little mouths and laughed non-stop. Han Yuechan, who saw how well Chen Haoxuan and her son got along, made her even more jealous of Chen Yina, thinking to herself, "How could Chen Yina's fate be so good! To be with Chen Haoxuan as soon as he was born.

"Uncle Xuan, Xiaohua wants a daddy, can you give it to Xiaohua?" Han Fenghua said to Chen Haoxuan with expectant eyes.

"Of course you can, your mommy is so beautiful, not to mention marrying a good family, she can even marry a husband back." Chen Haoxuan patted his chest and promised with his mouth full.

"But Xiaohua wants Uncle Xuan to be Xiaohua's daddy! If Uncle Xuan becomes Xiaohua's daddy, no one will dare to bully Xiaohua and Mommy anymore." Han Feng Hua said seriously to Chen Hao Xuan, he was only 3 years old and couldn't lie at all, she meant what she said, he understood this at such a young age, he would be a big man in the future.

Han Yuechan's face turned red as she quickly hugged her son back and said seriously to him, "No nonsense, your brother Xuan has a girlfriend, watch out for your Auntie Nana beating your little butt."

Han Fenghua put a finger in his mouth and chewed it, he looked at her mother with curious eyes and said, "But-but Mummy, you said you liked Uncle Xuan!"

Han Yuechan was full of embarrassment as she apologised and said to Chen Hao Xuan, "Sorry, children don't know any better, so they talk nonsense."

Children don't lie, Chen Haoxuan understood, but he would pretend not to know, he smiled and said, "It's okay, I like children who can joke around."

Women were the most sensitive when it came to feelings, Chen Yina she could see that Han Yuechan had a crush on her brother Xuan and was jealous, normal, but she wasn't angry. Her brother Xuan was so good, it was normal to have girls like him. She also pretended not to know, so as not to embarrass everyone.

At this time, the security guard on duty ran upstairs and respectfully said to Chen Haoxuan, "Boss, it's lunch time, do you want to dine here or at our training place."

"Right here!" Chen Haoxuan said.

"Okay." The guard turned and ran down.

The one who brought the meal up was not the security guard nor Li Ping, but the young couple, Chen Feng. "Brother Xuan, I'm here to dine again."

"Since when are you interested in waitressing? If not I'll get you to work as a waiter at the supermarket?" Chen Hao Xuan joked.

"I'll have to wait until I graduate from university. Yes or no." Chen Feng put the dinner plate on the table and brought the dishes on the plate to the table one by one.

"Come on, let's eat, a rough meal, you guys don't mind haha!" Chen Haoxuan said enthusiastically.

"You think we're blind! This meal is over 500 RMB just for the ingredients, do you think this meal is still bad?" Jiang Xiang Han was dissatisfied with Chen Hao Xuan's low-key behaviour.

"In a hotel, a single dish costs several hundred RMB, so what is this if not a rough meal for me? In is made by my mother-in-law, she is learning to cook every day, now she is almost a culinary god, how do you guys try the taste?" Chen Hao Xuan enthusiastically said to Jiang Xiang Han and the girls.

Not to mention, Chen Haoxuan's mother-in-law, Li Ping, was getting better and better at cooking now, Lin Hao and the others were they were eating Li Ping's cooking and enjoying it every day.

Chen Haoxuan finished his lunch he said hello to Jiang Xianghan and the girls and he went to his business. In order to let Jiang Xianghan see the strength of Chen Haoxuan and the others, Chen Yina took Jiang Xianghan and the girls to the top floor of the villa, which had a gazebo that could see the whole Chen family village and the place where Chen Haoxuan and the others were training.

But today, Chen Haoxuan seemed to be deliberately working against Chen Yina, Chen Haoxuan wanted to show off her boyfriend's strength, not realising that Chen Haoxuan had asked Lin Hao to line them all up, each one a metre apart. Even Chen Hao Xuan himself was standing still like Lin Hao and the others. If it wasn't for Hua who was watching from a close distance, Chen Yina and the girls would have suspected that Chen Hao Xuan and the others were wooden.

Chen Hao Xuan is now training for perseverance, this event is more painful than any other, although it is simply standing still, but can you keep standing under the sun like this for hours? And you can't move your whole body. Generally, people who are not strong in perseverance cannot do such a thing.

## **Chapter 235**

Han Yuechan, who was on the roof of the building, asked curiously out loud, "Why are they all standing still?"

"I don't know what they're doing. They're not usually like this, this is the first time I've seen them like this!" Ina Chen wondered.

"I've seen military movies, so soldiers often stand still in the sun like this, testing their perseverance by doing this." Jiang Xiang Han said.

"Then how long do they have to stand?" Han Yuechan asked curiously.

"I don't know, why don't we just wait for them here! It's fine for us to go back that early anyway, we'll be driving to Xinshan City in a while. The scenery here is so nice again, it's good to enjoy it here." Jiang Xiang Han sat on the stone bench inside the gazebo and said happily.

"Then I'll get some fruit and snacks and wine, and we'll have a drink." Chen Yina said enthusiastically.

"Sure!" Jiang Xianghan had just that intention.

Han Yuechan was carrying her baby, who was already asleep, otherwise she wouldn't have dared to bring him to the roof. Honestly, she really liked standing here and looking at the view. Standing here and looking down, all around were the villagers' tiled houses, and they were still all very old tiled houses, which looked very ancient and simple, while in the distance was a high rise rising from the ground, and you could also see that big river in Chen's village, it was really beautiful.

Chen Yina asked his brother to help her take lots of delicious snacks to the gazebo on top of the building, where several people were chattering and chatting.

It was hot and lively up there, but quiet and peaceful down below. Downstairs, Chen Haoxuan and the others were already sweating from the sun, and each of them held their backs straight, not wanting to lose to anyone.

Half an hour had passed and Chen Haoxuan and the others were still standing still. Another half an hour passed, and Chen Haoxuan and the others were still standing so upright. Two hours later, Lin Hao's and their bodies began to sway uncontrollably.

Chen Haoxuan knew that they could not hold on any longer. Chen Haoxuan kept them in one position, which was very easy to cause certain nerves to paralyse and then faint. Chen Haoxuan he saw that the body swaying to the greatest extent was Yang Lin, he suspected that if Yang Lin stood for another ten minutes he would faint, and if he fainted he would still need to be in charge, so he might as well just let him go back to the roof to rest.

"Yang Lin, go and rest under the eaves." Chen Haoxuan said loudly.

Yang Lin he didn't want to hold on any longer, he was really too tired now, his body was numb and his head was dizzy, he heard Chen Haoxuan's words and happily turned around and walked towards the dormitory, with his swaying walking posture, Chen Haoxuan wondered if Yang Lin had been drunk before the training.

Yang Lin walked to the door of the dormitory and did a buttock in the doorway, his body leaning against the door, constantly panting.

When Yang Lin was out, no one but Chen Haoxuan turned his head to look at Yang Lin, although Chen Haoxuan did, he was the one who didn't turn his head, and the same when he spoke.

Jiang Xiang Han, who was on the roof of the building, spoke out, "It's been two hours, why are they still standing? Do they still want to stand until the sun goes down."

Chen Feng, who spoke out, said, "Brother Xuan they often compete with each other, they must be competing now too, comparing whose perseverance is stronger and seeing who can last as long as they stand motionless in the sun."

"They men are so confusing, why are they so desperate!" Han Yuechan said with a sigh.

"Men who can see are the usual ones, men who can't see are the rare ones." Jiang Xianghan said.

Lin Hao, their entire bodies were now soaked through and their clothes were dripping with water.

Chen Haoxuan and the others kept calling out those who were barely able to hold on and went to rest under the eaves.

Three hours later, there were only four people left, Chen Haoxuan, Lin Hao, Jiang Dong and Zhang Tiezhu.

"Go on, let me see how strong your perseverance is." Chen Hao Xuan said to Lin Hao and the others.

"It won't be any worse than you." Lin Hao said with a look.

At the top of the building, Jiang Xiang Han said, "If I were to stand still for three minutes, I would feel physically uncomfortable, while they stood for three hours with sweat soaking their clothes, this man's perseverance is so strong."

"Who do you think they will win in the end?" Ina Chen asked out loud.

"I think it's the big guy, and Xiao Xuan, he himself admitted that he's physically poor." Jiang Xiang Han said.

"I'm sure Xiao Xuan will win." Han Yuechan put her ten fingers together, as if she was praying for Chen Haoxuan.

At the four-hour mark, Lin Hao and the others fainted one after another, and Chen Hao Xuan was no exception. What made him different from Lin Hao and the others was that he did not have a breakdown in fortitude, but his body automatically topped out. The winner was Zhang Tiezhu, a sturdy man is different. After Chen Haoxuan and the others all fainted, the first thing he did was not to go and rest, but to find water to drink, it seemed that this guy still had plenty of stamina.

Yang Lin and the others took those who had passed out to the dormitory and turned on the electric fan to help them get rid of the heat.

Chen Hao Xuan woke up the fastest and said in a slurred voice, "It's useless to have a body that can't hold up even if you have great fortitude."

Zhang Tiezhu, who was holding a bottle of coke, walked up to Chen Haoxuan and said smugly, "Boss, don't forget that it was me you lost to."

"Damn you, can't you see my mouth's dry? Why don't you go get me a cheat of coke to quench my thirst." Chen Haoxuan scolded at Zhang Tiezhu.

"Wait, I'm going to get it." Zhang Tiezhu turned around and went out after saying that, and he quickly brought over a bottle of frozen cola.

At this time, Chen Yina and the girls had already run down from the roof of the building, they barged into Lin Hao's dormitory with anxious faces, seeing Chen Hao Xuan lying on the ground, Chen Yina pounced over and said worriedly, "Brother Xuan, are you alright."

"I'm fine, don't worry, it's always like this when you first start standing in military posture." Chen Haoxuan reassured Chen Yina.

"You're so annoying, I just saw you suddenly fall down on the roof, it scared me to death." Chen Yina complained.

"I promise, this won't happen again, I'll stop as soon as I feel myself dying." Chen Haoxuan seriously said to Chen Yina, his words were fake and were being used to comfort Chen Yina. He was in the business of doing great things, and many things were dangerous, and if he wanted to avoid these dangers, he had to be strong, strong enough to change his destiny.

Jiang Xiang Han, who was next to Chen Yina, said to Chen Hao Xuan with concern. "It's good that it's okay, from now on, you should still try to be more careful, just like what your elder said, don't be afraid of one thing, just in case."

"Mm, I know." Chen Haoxuan said indifferently.

"Where is this?" Lin Hao's voice came from behind Chen Haoxuan.

When Chen Haoxuan heard it, he joked, "This is hell, what's your name, where do you live, who is your family ..... and say it all wrong."

"Ah..., hell? I'm standing in a military posture and that's it, I am physically not that bad, right?" Lin Hao said in surprise.

## **Chapter 236**

"Hao Xuan was joking with you, and you really believe it?" Yang Lin blanked Lin Hao who was lying on the ground and said .

"My head is so dizzy, you and you argued, I'll rest for a while." Lin Hao said as he closed his eyes and tried to sleep.

Chen Hao Xuan slowly stood up, he gently kicked, Lin Hao, said, "Don't sleep, you will soon die from sleep like this, it's not too late to sleep when your body is not so strained. Don't worry, I won't let you train again today, rest assured!"

On the other side, Jiang Dong was still lying on the ground, his eyelids twitching from time to time, at a glance it was clear that he had woken up and was playing dead by lying on the ground and not getting up. Chen Haoxuan deliberately said to Yang Lin, "Yang Lin, I've heard that people who have passed out will soon wake up if you feed them dog sh\*t, Jiang Dong is still awake now, so go outside and get some dog sh\*t to feed him."

As soon as Chen Hao Xuan's words fell, Jiang Dong immediately pretended to have just woken up, he touched his forehead with one hand, like a sissy, and said, "Aiya, why is my head so dizzy on the ground!"

"Alright! If you pretend again I'll really make Yang Lin and the others feed you sh\*t." Chen Haoxuan said.

"I really just woke up!" Jiang Dong joked.

"Ew, I puke, it's disgusting, I'm leaving, go ahead and pretend if you want! People like you just don't seem to sleep in beds anyway." Chen Hao Xuan joked.

Blessed people are different, look at Chen Haoxuan, three beautiful women helped him back, one was the innocent and lovely Chen Yina, one was the mature and sexy Jiang Xianghan, and one was the bewitching and beautiful woman Han Yuechan.

Lin Hao looked at Chen Hao Xuan and their departing backs and muttered to himself, "If I had such a ravishing fortune it would be worth dying."

Chen Hao Xuan returned to the villa, he drank some drinks and rested for a while before going to bed.

It was almost dark when Jiang Xianghan and the girls drove back to Xinshan City. This time, Jiang Xianghan had wanted to tell Chen Haoxuan in advance that she wanted to help her have a child, but

seeing how tired Chen Haoxuan was now, she couldn't say anything, so she should wait until Chen Haoxuan was free!

Chen Haoxuan's spirit was so consumed today that it made him pass out and fall asleep as soon as he laid down.

The next day, as usual, Chen Haoxuan woke up at 6am and went to Lin Hao's dormitory, where they were already dressed and waiting for Chen Haoxuan's arrival.

Chen Hao Xuan walked up to Lin Hao and looked at them with admiring eyes and said with satisfaction, "Not bad, it seems that you have not trained for nothing in the past few days. Yesterday was the 8th, and it was supposed to be your competition day, because in the afternoon I couldn't resist being stubborn with you guys, and as a result, we didn't make it, but don't worry, if you didn't make it yesterday, you can still compete today!

Time is running out, let's get started! There are no rules, just fight until no one challenges you, then you win. Lin Hao, you're the captain, you go first."

"Yes." Lin Hao stood up and turned to the others, "I'm going to be the first to fight the islanders tomorrow, come out if you don't like it."

Every time he fought Lin Hao it was Jiang Dong, this time it was different Jiang Dong didn't come out, it was Zhang Tiezhu who came out, Zhang Tiezhu was confident in his strength and he wasn't afraid of pain, he wanted to challenge Lin Hao, maybe if he beat him he would be the captain.

"I'll fight you." Zhang Tiezhu's very sturdy body stood forward, an invisible pressure forced towards Lin Hao.

"Good." Lin Hao excitedly responded.

Lin Hao built up all his strength and roared as he directly punched Zhang Tiezhu, this punch was very simple, but this simple punch was filled with terrifying power, the wind of the punch made a whirring sound.

Zhang Tiezhu he also threw a direct punch, ha, he roared. There was a bang and the sound of fists colliding was quite loud. The two of them exchanged a solid move, and after this move, both of them retreated half a step at the same time.

Zhang Tiezhu only felt that his fist was a little numb, but it was not a big deal. He felt that his hand was about to break. In order not to let Zhang Tiezhu see it, Lin Hao hid his right hand behind his back and kept flinging it around so as to ease the pain. At the same time, his heart was wondering why Zhang Tiezhu's fist was so hard! When he had just punched Zhang Tiezhu, it felt like he had smashed into not a fist but an iron plate.

"Come again." Zhang Tiezhu shouted and swung his right hand again, wanting to fight Lin Hao hard once more.

Lin Hao didn't dare to do it again, if his hand was broken, how could he go to the competition tomorrow? Lin Hao now dodged as he quickly took two steps back. He then threw a series of quick punches, a left swing, a right swing, a left hook, a right hook, an uppercut, an intensive set of combinations that made Zhang Tiezhu only able to parry and not even have a chance to fight back, backing up again and again.

Zhang Tiezhu kept blocking Lin Hao's attacks, but in fact he was waiting for Lin Hao to reveal his weaknesses. At this moment, Lin Hao lifted his foot to kick Zhang Tiezhu, and Zhang Tiezhu's eyes lit up, he lifted his foot and kicked straight up.

Lin Hao was on one knee, holding the ground with one hand and covering his stomach with the other, his forehead appeared to be sweating. At this moment, he felt that his internal organs had shifted and he was in pain. Lin Hao slammed his fist on the ground and roared at Zhang Tiezhu, "Come again."

Lin Hao charged forward quickly and when he was almost close to Zhang Tiezhu, he jumped with his feet and his feet were like scissors clipping Zhang Tiezhu's neck. He had just used his full strength, and

the great thing about his move was that it was fast, so fast that before anyone was ready, his scissor feet clipped his opponent's neck.

Lin Hao managed to clip Zhang Tiezhu's neck, his upper body turned, although in the air, he was using his body weight to create the strength of the rotation, of course he used this move, his body would also drop quickly.

With a bang, Zhang Tiezhu's huge body fell to the ground, the opportunity was too good to miss, Lin Hao quickly rolled next to Zhang Tiezhu, stretched out his right to strangle Zhang Tiezhu's neck and coldly said, "Don't move, move again and I'll strangle you to death."

"Get up! This one is Lin Hao's win, do any of you still want to challenge him?" Chen Hao Xuan asked.

After a while, no one said anything, so Chen Haoxuan said again, "No one said anything, so no one wants to challenge him, so he will be the first contestant tomorrow. Whoever wants to be the second one to come out tomorrow."

Jiang Dong stepped forward, the players would laugh at him for being gutless if he didn't step forward at this time. "Which one of you is going to grab second with me?" Jiang Dong said bullishly, Lin Hao had already got the first place, it was impossible for him to come over and grab the second with him, so his bulliness increased a lot.

## **Chapter 237**

Zhang Tiezhu, the first one he didn't snatch, he was suffocating in his heart, now the second one he must snatch. His sturdy figure stood out again and said to Jiang Dong, "I'll compete with you."

Seeing Zhang Tiezhu's sturdy body, Jiang Dong wanted to say to Zhang Tiezhu, "Brother, are you afraid that you won't win the first place with this body? You'll die if you wait for me to get second place!" But he was too embarrassed to say it out loud, after all, he was still a vice captain.

"Come on!" Jiang Dong waved to Zhang Tiezhu and said.

Jiang Dong took a step forward with his right foot, and just when he raised his fist to hit Zhang Tiezhu, suddenly Zhang Tiezhu looked at Jiang Dong and said, "Xiang Xiang, you're here!"

"Xiang Xiang." Jiang Dong put away his fist and turned around happily, gah ....., no one was there, fooled, oops.

Zhang Tiezhu quickly stepped forward and hugged Jiang Dong, his arms exerted force, Jiang Dong's body was shrinking. "Surrender no?" Zhang Tiezhu said happily, the person he grabbed still wanted to run, unless it was Chen Hao Xuan's loach-like body, no one would be able to escape from his hands.

"You're cheating, you're not even competing, you're cheating." Jiang Dong huffed.

"The boss taught me, he said that fighting doesn't matter what method you use, beating you is the winner." Zhang Tiezhu giggled, as he laughed he did not forget to exert his strength.

Jiang Dong felt his body was being strangled by Zhang Tiezhu, if he was made unable to fight by Zhang Tiezhu, he would have no part in tomorrow's competition, so let's lose face! It would be good if he could go to the match tomorrow, Jiang Dong said with aggravation in his heart.

Jiang Dong could no longer hold back his voice and said, "Stop, I admit defeat."

"That's more like it!" Zhang Tiezhu happily let go of Jiang Dong.

"Shameless." Jiang Dong raised his middle finger at Zhang Tiezhu and cursed.

"You're glorious, glorious still not losing to a shameless man like me." Zhang Tiezhu said smugly, not caring at all what Jiang Dong thought of him.

Chen Haoxuan gave Zhang Tiezhu a thumbs up and laughed, "That's a good move, bully."

Next, everyone who wanted to compete tomorrow took to the field and fought until noon before the places were booked, the first was Lin Hao and the other first was Yang Lin, although he was the last one.

Chen Hao Xuan told them all to go and take a shower, and after that they would rest in the dormitory, he had a gift for them.

Chen Haoxuan he drove away from the Chen family village, he was going to the garment factory in Xinshan City to pick up the clothes he had designed, a hundred sets in total. Chen Haoxuan flew all the way there and picked up the clothes in most of an hour.

Chen Hao Xuan asked the security guard on duty at the entrance to take the clothes inside Lin Hao's dormitory.

Seeing that Chen Haoxuan had arrived, and that their team members were holding several boxes in their hands, Lin Hao and his team gathered around, and Jiang Dong asked Chen Haoxuan curiously, "Boss, what is this?"

"Take off your clothes, change into the clothes and shoes inside, gloves, belts, sunglasses, each of them has your name on it, don't take the wrong one or don't come to me if it doesn't fit." Chen Haoxuan pointed to several cardboard boxes placed on the ground and said.

"Yay, the boss is really great, sending us so many clothes in half a year." Lin Hao said excitedly.

Lin Hao and the others undressed one after another, finding the clothes with their names on the packaging and unwrapping them to wear, snug black shirts, baggy trousers, fine belts, cool thigh-high leather shoes, bullish sunglasses and handsome men's open-fingered street dance gloves. When Lin Hao and the others all changed into such outfits, their aura changed and they became like a bunch of high and mighty men.

"These things are really nice." Yang Lin surveyed what he had on and said.

"I had people go through a lot of trouble to get these things for you, so you should cherish them, tomorrow I want you to wear this outfit to the competition, and we must crush them when we come out with our auras. By the way, this outfit is for posing cool and picking up girls, if you guys are not sure when you compete, don't wear sunglasses, got it?" Chen Haoxuan exhorted.

"Got it, boss." Lin Hao and the others said happily.

"Alright, everyone just rest up today and follow me tomorrow to take you all to the majestic." Chen Hao Xuan said in a bullish manner.

"Good." Lin Hao and the others said excitedly, they thought to themselves, "It's only addictive to be with a boss like this, who selflessly teaches you things, lets you eat and live well, and thinks of you in every way, treating you like a brother.

Chen Hao Xuan returned to the living room on the first floor of the villa, he took out a laptop and logged on to the student website of the University of Johor Bahru, and saw that all the discussion topics there were all about him, and most people thought he would lose, on the grounds that the people brought by Ichiro Matsui were all very good, all famous karate masters.

When Chen Haoxuan saw that so many people didn't believe him, he couldn't help but smile bitterly, "Are the people of China really that bad? Even the people of my own country don't believe in it, even if they don't believe it, even if they don't support it, how come there are still those who scold me for not knowing the sky is the limit?"

Chen Hao Xuan read some forums, and the more he read, the more upset he became, so he simply stopped reading and went to bed to make up for the sleep he had had in the past few days.

The day of October 10 finally came, and the University of Johor Bahru was packed with people, most of whom were citizens, some of whom had come from overseas to watch the game. Classes were supposed to be in session today, but when the headmaster saw the situation, he simply closed the entire university.

The headmaster of the university originally did not agree to report the martial arts competition in the school, but he agreed to do so because he thought it would make their school's name known.

Chen Hao Xuan and his team were at the venue of the performance at the university, and Ichiro Matsui and his team had arrived early today. They waited and waited until 9 o'clock, but Chen Haoxuan had not yet appeared, which made many spectators start to protest.

Ichiro Matsui's friends even wanted to leave, they are people of status, they have always been waiting for others, today they listened to Ichiro Matsui's early arrival, this makes them wait for others, this makes their face where to put!

"Matsui Ichiro, where is that Chen Hao Xuan?" A tall, thin man sitting in Matsui Ichiro's general, with a beard that was a bit unique to the island, his name was Ando Taichi, Matsui Ichiro's senior brother, several times more powerful than Matsui Ichiro.

"My ground, I'll call him right away." Matsui Ichiro, respectfully, said to Ando Taichi, respectfully.

Matsui Ichiro took out his mobile phone and dialed Yang Lin's mobile number, who at this moment was following Chen Haoxuan and the others on their motorbike drive to the University of Johor Bahru! He felt his mobile phone vibrating in his pocket, he held the front of the car with one hand and took out his phone, not having time to look at the display, he directly pressed the answer button, "Hello, who is it?"

## **Chapter 238**

"Your land, why isn't it here yet?" Ichiro Matsui huffed.

"What's your hurry? We're on our way, we'll be there in a minute." Yang Lin said cajolingly, hanging up the phone after he finished.

Chen Hao Xuan didn't drive a BMW today, he rode the same motorbike as Lin Hao and the others, to match the scene!

When Chen Hao Xuan and the others arrived at the entrance of the university, the people at the entrance made way, they were shocked by Chen Hao Xuan's dominance. Chen Haoxuan loudly said to the security guard at the entrance of the university, "I am Chen Haoxuan, open the door quickly."

When they saw that it was really Chen Haoxuan, the security guards at the university dared to open the door, for they had just thought that Chen Haoxuan and the others were here to cause trouble! Because Chen Haoxuan and the others were dressed too bullyingly.

Chen Haoxuan led the motorbike team towards the inside of the campus. After Chen Haoxuan and his team left, those people at the entrance were all saying in amazement, "That's Chen Haoxuan! That's too awesome, isn't it?"

There were two stages for the New City University performance, one indoors and one outside, and Matsui Ichiro chose the one outside. Chen Hao Xuan he drove straight there for speed, and drove all the way to the bottom of the stage before stopping.

"They are?" Ando Taichi, pointing at Chen Haoxuan and the others, said curiously to Matsui Ichiro.

"He's Chen Haoxuan, the others are his men, I think!" Matsui Ichiro explained.

"Ah, Chen Haoxuan is here, snap ....." Chen Haoxuan and his men's appearance was sensational, and once again people were clapping, they were applauding for Chen Haoxuan and his men's handsomeness.

"Hello everyone, today I will show you that the people of China are not inferior to the people of other countries, especially the islanders." Chen Haoxuan waved his hand at the attention and said loudly.

Ichiro Matsui stood up impatiently and said loudly to Chen Haoxuan, "Chen Haoxuan, no more nonsense, you're here, so let's start now!"

"OK," Chen Haoxuan made an OK gesture to Matsui Ichiro, then he glanced at Lin Hao and said, "Go."

Lin Hao saw Chen Haoxuan's gesture, he parked his motorbike and walked towards the stage step by step, when he was at the edge of the stage, he held the edge of the stage with one hand and with a stomp of his foot, he flipped onto the top of the stage with a heel.

"Good, good, applaud ....." Chen Haoxuan led the applause.

Ichiro Matsui, all of them were seated at the edge of the stage where the judges were sitting, and Chen Haoxuan and theirs, the ones who didn't, and they didn't prepare for Chen Haoxuan and them, they just wanted to see Chen Haoxuan and them make a fool of themselves. But they didn't expect Chen Haoxuan and the others to come directly on their motorbikes, parked them underneath the stage and sat on them saying that they were watching the competition, which was even more awesome and high class and unique than their position.

"Who's going to compete with Laozi." Lin Hao bullishly pointed at Matsui Ichiro and the others.

"Matsui Ichiro, please let me teach this arrogant guy a lesson." An islander called Shimada Daisho stood up and said to Matsui Ichiro.

Matsui Ichiro nodded his head and responded, "Well, you go ahead! Be careful Chen Hao Xuan's men are still there to powerful."

Shimada Daxiang walked up to Lin Hao and he said to him cockily, "Sick man of East Asia in China, how much do you want to bet against me?"

Lin Hao took out a piece of paper from the pocket in his trousers, he handed it to Shimada Daxiang and said, "We are sparring, but sparring can sometimes kill people, so it is safer to sign this life and death contract, I have signed it, you are waiting for you. Also how much do you want to bet with me, you talk to my boss, he will be more than willing to bet with you."

Daishō Shimada took the contract that Lin Hao handed him, he couldn't read Chinese characters so he took it to Ichiro Matsui who looked at it and found it to be fine so he instructed Daishō Shimada to sign it.

After signing the contract, Shimada Dasho said excitedly to Chen Haoxuan, "Chen Haoxuan, I want to bet 200,000 RMB with you, do you agree?"

"No problem." Chen Hao Xuan made another OK gesture and said with a smile, thinking, "This is simply giving me money!"

Shimada Da Xiang turned to Lin Hao, bowed, and said, "Come on! I'll show you the karate of our island."

"Cut." Lin Hao quickly moved forward.

Shimada Dasho did a zigzag stance and punched Lin Hao in the stomach.

It was fine if Shimada Dasho didn't do a horse stance, but once he did this he became shorter and it was easier for Lin Hao to attack his head.

Lin Hao's left foot went back and his right knee went forward, and with a bang, Lin Hao's knee hit Da Xiang Shimada's forehead hard. Shimada Daishō's head went up and he fell backwards, the fierce impact knocking him temporarily unconscious.

Silence reigned, and the scene became silent all of a sudden, as Ichiro Matsui and the others, who had been so bullish a moment ago, stared in disbelief at the unconscious Osho Shimada, who had fallen to the ground.

"How dare you scream madness in front of me with just this bit of kung fu, I pooh." Lin Hao bullishly said to the unconscious Shimada Da Xiang, who was lying unconscious.

Two students ran out from the backstage of the stage and carried Shimada Da Xiang to the infirmary on a stretcher for treatment.

"Good job, Chinese people are just bull, let's give our Chinese warriors a round of applause, shall we." Chen Haoxuan said loudly.

Ichiro Matsui had a black face, if Chen Haoxuan could eat, he would have skinned Chen Haoxuan alive and eaten him.

Lin Hao came down and sat on his motorbike, constantly blowing the incompetence of the islanders.

Chen Haoxuan said to Matsui Ichiro, who was sitting on the judging platform, "You lost, give me the 200,000 RMB!"

Matsui Ichiro said awkwardly, "That - that the people on our side are betting with you guys themselves, so his bet with you is none of our business, when his injury heals, you can ask him for it!"

"Damn you, so you want to come to China to cheat money! I pooh, what a big \*nation\*! If you don't pay, I'll take my men and leave." Chen Hao Xuan said loudly.

Lin Hao, who led the way, waved his hand and said loudly, "Pay up, pay up ....." The spectators watching the match on the stage followed suit and demanded that Matsui Ichiro and the others pay.

"Baka press, Chen Hao Xuan's greatly bad, your, hurry up and take care of things, what a disgrace to our islanders." Ando Taichi angrily said to Matsui Ichiro.

Matsui Ichiro, with a bitter face, said to Ando Taichi, "I don't have that much money, how can I give it!"

"Fine, I'll lend it to you, but you must pay me back when you get back." Ando Taichi, seriously, to Matsui Ichiro, said.

"Hey, I will." Ichiro Matsui responded.

Ando Taichi was a rich second generation from the island, he didn't like business, he only liked to practice karate, so he used his family's money to open many karate gyms in the island, not to mention, it was well run by him, which enabled him to live out in style without using his family's money.

## **Chapter 239**

Ichiro Matsui, with a stern face, took a cheque for 200,000 RMB and gave it to Chen Haoxuan.

Chen Haoxuan, who was very ungrateful to Matsui Ichiro and the others, took out his mobile phone and called the bank number on the cheque to inquire, a move that clearly meant no thanks to Matsui Ichiro and the others!

Chen Haoxuan asked and the cheque was genuine. So Chen Hao Xuan once again waved his hand and said, "On."

As soon as Zhang Tiezhu, who took second place, walked out, many of the audience could not help but exclaim, "Wow, what a strong body."

Zhang Tiezhu walked onto the stage, he pointed at Matsui Ichiro and his platoon and said arrogantly, "Which one of you will come to die."

Too arrogant, when did the Chinese become so arrogant, Ando Taichi couldn't hold back any longer, here he was, pointing at Zhang Tiezhu and roared, "Baka, you will pay for your rampage."

"What are you bragging about! If you have the guts to come up and beat me, it doesn't matter how much you blow. Before you beat me, what qualifications do you have for a brat to make me pay the price?" Zhang Tiezhu bullishly turned to Ando Taichi, and said.

"Zhang Tiezhu, good job, go on, use your hands to tear him ..... up." Chen Haoxuan and the others kept cheering Zhang Tiezhu from below, but it seemed too unholy to cheer someone like that.

"Okay, I'll compete with you." Ando Taichi, huffing and puffing, walked towards Zhang Tiezhu.

Zhang Tiezhu immediately took out that life and death contract excitedly and handed it to Ando Taichi, who casually looked at it and went to Matsui Ichiro to ask for a ratio, writing what he considered to be his noble name.

After signing the contract, Ando Taichi said to Chen Hao Xuan who was on the stage, "You have a billion dollar fortune at a young age, I can't compete with you on that, and I don't have as much money as you, so I'll bet you 10 million RMB."

"Wow-, ten million RMB ah ....." The people in the room exclaimed once again.

"OK," Chen Hao Xuan made an OK gesture to Ando Taichi and said happily.

Seeing that Ando Taichi wanted to make a move with Zhang Tiezhu, Chen Hao Xuan hurriedly said loudly, "Wait, Zhang Tiezhu, be careful for me, don't knock him out or kill him, or I won't spare you."

"Baka." Ando Taichi transferred all his anger towards Chen Haoxuan to Zhang Tiezhu, he was very angry today, he wanted to cripple Zhang Tiezhu.

"Ah..." Ando Taichi roared and rushed towards Zhang Tiezhu.

When Ando Taichi was about to get close to Zhang Tiezhu, he suddenly changed his stance, he quickly crouched down and swept his feet on the ground, trying to sweep Zhang Tiezhu down to the ground.

Zhang Tiezhu and the others were people who had undergone strict training by Chen Haoxuan, both in terms of combat power and intelligence had been enhanced, when Ando Taichi crouched, Zhang Tiezhu guessed that Ando Taichi wanted to take him down. So Zhang Tiezhu stomped his feet and flipped on his heels to the top of Ando Taichi's head.

Zhang Tiezhu then wanted to punch Ando Taichi in the head, but the sad words of Chen Hao Xuan came from under the stage: "Don't! You're going to lose my money with that punch!"

So Zhang Tiezhu turned his fist into a claw and grabbed Ando Taichi's hair and dragged him backwards.

At this moment, Taichi Ando was in a very bad mood, he was just like Dasho Shimada, he had been taken care of in one move, although he knew that he was not defeated, but as a senior karate instructor being dragged on stage by a fighter by his hair, it was a shame!

Ando Taichi kicked Zhang Tiezhu with both feet, and Zhang Tiezhu laughed and laughed a lot\*\*, he put on Ando Taichi's ugly haircut, he quickly grabbed Ando Taichi's feet with both hands, dragged them backwards and then turned them to the left, whoop whoop ....., Zhang Tiezhu spun Ando Taichi with a burst of whoop whoop sound.

Ga-, the whole room was shocked again. Grabbing a big living man and spinning him around, this is too much that, right?

On the stage, Chen Haoxuan said something that made Matsui Ichiro almost vomit blood, "Zhang Tiezhu, you must hold on tight! If your grip loosens and he dies, who am I going to ask for this 10 million RMB."

"Baka, Chen Hao Xuan's greatly bad." Not only did Matsui Ichiro say such words, those people he had invited also said the same.

Sure enough Zhang Tiezhu didn't let go, he stopped and held one foot of Ando Taichi in one hand and cheered loudly, "I win, I win ....."

Chen Haoxuan quickly ran onto the stage and said to Zhang Tiezhu, "Quickly put him down and see if he's dead, I still have my 10 million RMB in his hand!"

Zhang Tiezhu put down Ando Taichi, who at the moment had nothing wrong with him, except that he felt his head was very swollen and dizzy, all because Zhang Tiezhu had spun him around, and afterwards made him face his head down, which made him feel two strange sensations at the same time.

"Not dead, great. Ando Taichi, give me the cheque quickly." Chen Haoxuan seriously addressed Ando Taichi, who was lying on the ground.

Sweat-, what kind of a bunch of people are these! Other people are still not fully awake, and they are asking for money, looking as if they are robbing.

Chen Hao Xuan saw that Ando Taichi was not yet awake, so he said to Zhang Tiezhu, "Keep an eye on him, don't let him get away." Then he said to Jiang Dong, who had been waiting for a long time off stage, "Jiang Dong, it's your turn."

"Okay." Jiang Dong quickly rushed towards the stage, and when he was almost at the edge of the stage, he leapt up, his body flipped three times in the air, and then stood firmly on the edge of the stage.

"Ahhhhh ....., so cool yo ....., snap ....." Lively applause continued to ring out.

"Stinky, huh." A man at the end of Lin Hao and the others on the stage nagged, he was Yang Lin, there was no other way, who made him not as good as Lin Hao and the others, otherwise he could have gone up there and played it cool, he was confident that if he could get on stage, he would be able to make the beauty~brows below the stage throw themselves at him.

"You guys come out alone!" Jiang Dong bullishly said to Matsui Ichiro and the others.

Now Matsui Ichiro and the others hesitated, they had seen the skills of Chen Hao Xuan's two men just now, they were so powerful! They thought that they were no match for Lin Hao and Zhang Tiezhu. Now was this cool-headed one an expert? If so, it would be a loss if they lost their faces and money.

When Jiang Dong saw that no one had come to fight against him after so long, he got angry and he yelled at Matsui Ichiro and the others, "Why hasn't anyone come out yet, am I scary? I'm actually very kind, really, just come out one of you and fight me!"

"Pretender, it must be a master pretender, no, I can't go." Ichiro Matsui and many of them were thinking the same thing.

Jiang Dong was in a hurry somewhere, he couldn't understand why no one would fight him! He thought he was not scary looking ah?

On Chen Haoxuan's side, he and Zhang Tiezhu were also busy, they were constantly fiddling with Ando Taichi: "Hey, wake up ....."

## Chapter 240

"Boss, I'll go get a bottle of water and douse him." Zhang Tiezhu suggested.

"Okay, you go!" Chen Haoxuan responded.

"Little brat, your money - I won't earn it, I'm afraid I'll be struck by lightning." Chen Haoxuan looked at Ando Taichi and said darkly in his heart. He had asked Lin Hao and the others to settle the battle quickly today, just to show the island nation whether the Chinese were strong or not.

Jiang Dong, who turned around and walked next to Chen Haoxuan, said to Chen Haoxuan in a demoralised manner, "Boss, they are too disgraceful, I came up and roared for so long, but none of them came to fight with me, it's too disgraceful."

Chen Hao Xuan turned around and said to Ichiro Matsui, who was sitting in the judge's seat, "What do you mean? You asked me to fight today, I brought people here and my men are on stage, where are your men? Hurry up and call out one to fight him, or two if you don't dare."

"I can't help it if they don't go!" Ichiro Matsui said helplessly.

"Then you can come! Didn't you say last time that we Chinese were the sick man of East Asia? Then come on!" Chen Haoxuan's contemptuous tone, to Matsui Ichiro, said.

Jokes, just now his senior brother, Ando Taichi, was several times more powerful than him, but Chen Haoxuan's men took care of his senior brother in two little, he didn't want to lose this face, knowing that there were reporters filming now.

"Didn't I fight you a few days ago? I'm still injured, so I can't fight him for now." Matsui Ichiro made excuses, he had been sleeping with women every day for the past few days, do you think an injured man has this passion?

Suddenly Chen Haoxuan felt a chill on his neck and he was about to turn around to look. "Don't move, move again and I'll kill you." The one who spoke was Ando Taichi, he had disgraced their family in China today, he was angry, he wanted Chen Haoxuan to have no good days, he wouldn't kill anyone, but he would break Chen Haoxuan's arms and legs.

"What do you want? You don't look like you're competing like that?" Chen Haoxuan said coldly.

"You let go of my boss." Jiang Dong angrily turned to Ando Taichi.

When Lin Hao and the others below the stage saw Ando Taichi holding their boss hostage, they all rushed onto the stage in anger and confronted Ando Taichi.

"Let go of our boss or you will die a horrible death." Lin Hao coldly addressed Ando Taichi.

"None of you are allowed to come over or I'll kill him." Ando Taichi was so agitated that the small knife in his hand had already cut the skin on Chen Haoxuan's neck.

"Calm down, let go of our boss, we will definitely not make things difficult for you and we don't want your money." Lin Hao said.

"Tell me, Ando Taichi! What do you want?" Chen Haoxuan spoke out to Ando Taichi.

"I... I want to break your hand." Ando Taichi sneered.

Chen Haoxuan he took advantage of Ando Taichi's inattention, he put his hand in his pocket and slowly pulled out his mobile phone, then quickly used it to hold Ando Taichi's dagger, then with a spin escaped from Ando Taichi's clutches.

Chen Haoxuan wiped the blood on his neck with his hand and then said to Ando Taichi, "You hurt me." As Chen Haoxuan finished he extended his right hand to Lin Hao next to him, who had the good sense to hand Chen Haoxuan the dagger he had strapped to his calf.

"Come on! Let me see if you are really as good as Matsui Ichiro says you are." Chen Haoxuan took a dagger and walked step by step towards Ando Taichi.

At that moment in the background came Matsui Ichiro's voice: "Ando Taichi, run away, don't fight him, he's the most powerful one among these people."

Hearing Matsui Ichiro's words, Ando Taichi scattered his legs and ran.

Lin Hao and the others wanted to go after him, but they were stopped by Chen Hao Xuan, who said, "Don't chase them, let them go! People like them are not qualified to be our enemies."

Ando Taichi his actions just now had all been filmed by the reporters, and I believe there will be big news again tonight.

The skin wound on Chen Hao Xuan's neck didn't matter, so he didn't bother with him as he walked to the front of the stage and said loudly to the audience on stage, "The martial arts competition is no more, maybe our Chinese martial arts are too powerful and scared them off by accident, or maybe they are too timid, we were so majestic to stand in front of them and scared them away.

People might think that with those little supporting actors of theirs gone, there's no show, and if you think that you're wrong, to make up for the fact that I didn't let you see a great martial arts competition, my brothers and I will personally perform for you, so you'll go home in a good mood."

"Good ....." The audience gave Chen Hao Xuan the most lively applause.

Chen Haoxuan turned to Zhang Tiezhu and the others and said, "Perform a random acrobatic act!"

After Chen Haoxuan finished he went to the backstage of the stage and found the backstage staff, he asked that staff to turn on the sound of the stage and dub them.

Chen Haoxuan came out with a microphone, he sang that wonderful song, the lyrics no one could understand, but the melody of the song all could understand, it must be a Lang Comic and miserable love story.

When Chen Haoxuan came out, Lin Hao and the others ran off the stage, not daring to steal the limelight from Chen Haoxuan. In fact, they could not perform, and the acrobatics they practised were still something Chen Haoxuan had insisted they practise in order to make their bodies more flexible.

Chen Haoxuan's voice is thick with vicissitudes and a slight crying accent, his voice is unique and once you listen, you will be captivated by his singing voice. The song Chen Haoxuan sang was a famous song from a small country in the future century, and he loved listening to it because the person who sang it had a unique voice, and he had deliberately studied people's throats in order to imitate his voice, after which he was able to imitate the voice of whatever it was and resemble it.

After the singing performance, Chen Haoxuan then performed ventriloquism, where he made the sounds of more than ten instruments by himself, which was very high and made people's blood boil as they listened and wanted to dance along with him.

After the two performances, Chen Haoxuan thanked the curtain, "I'm done with my performance, I'll come back next time to give you one more." After Chen Hao Xuan finished putting the microphone on

the ground, he jumped off the stage, rode his motorbike and took Lin Hao and the others with him and ran away.

"Chen Haoxuan, Chen Haoxuan ....." The audience were all shouting Chen Haoxuan's name, they all wanted Chen Haoxuan to perform another show for them. The shows Chen Haoxuan had just performed were all things they had never seen before, they had never known that humans could make such sounds, let alone that a person's mouth could make a dozen of sounds at the same time, this was definitely not something that ordinary people could do.

Today was Chen Haoxuan's competition, and as Chen Haoxuan's girlfriend, she, Chen Yina, of course, had to come over to cheer Chen Haoxuan on. Not only her, but also Zhou Kexin, Hua Lingwei, even Jiang Xianghan and Han Yuechan came.
