

A Billionaire's Reincarnation Chapter 241-250

Chapter 241

They were all scared when they just saw Chen Haoxuan being held hostage by Ando Taichi, Chen Yina even wanted to rush up to save Chen Haoxuan, if Jiang Xianghan hadn't pulled Chen Yina back, things could have been worse.

Ando Taichi, the two dozen of them, went straight to the airport as soon as they arrived at the University of Johor Bahru, not even the luggage they had left at their residence.

He owed Chen Haoxuan 10 million RMB, and he also held Chen Haoxuan hostage. If he went back to the hotel to get his luggage and Chen Haoxuan found out, Chen Haoxuan would not let him get away with it.

For the sake of his own life and for the sake of the 10 million RMB not to be snatched by Chen Haoxuan, he decided to rush back to the island as soon as possible.

Only now did Ando Taichi and the others realise that the people of China were so terrifying, so gentle when they didn't strike, but when they did, they could kill you.

Ichiro Matsui, who was the coach of the karate club at the University of Johor Bahru, but now even if the president of the University of Johor Bahru started him back, he wouldn't dare to go back. They had always thought that the most powerful karate in the world was karate, but the karate they thought was the most powerful couldn't even resist a single move in front of Chen Haoxuan and the others, which made their love for karate, falter.

Chen Haoxuan took Lin Hao and the others to a bank and wanted to exchange the cheque for 200,000 RMB that Ando Taichi had given them for cash and then give Lin Hao and the others a bonus.

Chen Haoxuan and the others were so dressed up that when they arrived at the entrance of the bank, before the car stopped, the bank's security guard ran into the bank and slammed the glass door of the bank.

Seeing that security guard's scared like this, Chen Haoxuan laughed out loud and said, "It seems that dressing too cool is not a good thing."

Chen Hao Xuan got out of the car, he asked Lin Hao and the others to wait for him at the entrance, he went to the bank alone to withdraw the money, he explained to the security guard at the entrance for a few minutes before the guard let him in. This made Chen Haoxuan sweat furiously, such a timid person could work as a security guard in a bank, it seems that this bank is not very reliable.

Chen Hao Xuan took out 200,000 RMB in cash, which he carried in an ordinary bag, and presented it to the bank. After leaving the bank, Chen Hao Xuan put the money on the trunk, and then led Lin Hao and the others back to the Chen family village.

Back in Chenjia Village, Chen Hao Xuan handed the money to Lin Hao and told him to give everyone an equal share. Lin Hao, who got a few thousand yuan each, kept their dormitory blowing, and if Ando Taichi really gave 10 million yuan to Chen Haoxuan, and Chen Haoxuan gave it to them, then they would still be rich.

That night, in Chen Haoxuan's villa, Lin Hao and the thirty or so of them were there, watching the news about them together with Chen Haoxuan. Seeing the video of Ando Taichi's appearance of being lifted by Zhang Tiezhu's hand, Chen Haoxuan and the others couldn't help but laugh out loud.

What was even more amusing was that the host even helped them to think of fancy names, Zhang Tiezhu was called Hercules, Lin Hao was called Flash, Jiang Dong was called imposing, meaning that he could put his opponent down just by his momentum, and Chen Hao Xuan was called a master of love affairs, and one song could capture the hearts of countless young girls.

Chen Hao Xuan saw such news and cried and laughed, he had to admit that the news broadcast was really too funny.

In a luxurious apartment building in Xinshan City, there was an innocent and cute little girl watching the TV, she was laughing non-stop, she was Huang Meilin. "Mum, look at brother Xuan singing so beautifully,"

"Yes! He's too busy now, otherwise let him teach you to sing and play the piano, you'll definitely become a master in the future." Li Yu Zhen smiled at her daughter.

"Mum, I'm going to want to be on the show too, can I?" Huang Meilin said expectantly.

"You... you don't know anything, what will you perform on the show?" Li Yuzhen didn't want her daughter to go because she didn't have time, she needed to work, and so did her husband, and she didn't feel comfortable letting her daughter go alone.

"I can do it! Have you forgotten the piano brother Xuan used to teach me to play?" Huang Meilin chirped.

"Even if you know how to play the piano, then where are you going to perform?" Li Yu Zhen said.

"I want to be on the talent show, I want to carry forward the songs that Brother Xuan composed." Huang Meilin said excitedly.

"But I don't have time to go with you! And your dad doesn't have time to go with you either, so how are you going to go! I'm warning you! You're not allowed to go, we'll take you there when we have time." Li Yu Zhen said.

"I can ask my aunt to take me!" Huang Meilin said unhappily.

"Your aunt doesn't need to be busy with her own affairs! Besides what's the good of being on TV, you won't get a penny except a little fame. If you really want a lot of people to know you, you could have gone to your brother Xuan's! He runs the Thousand Buddha Stone Pagoda website, which is the

most famous website in China, and on that website there are people from that country, you can make a video yourself, and if you give it to your brother Xuan, let him help you get it online, you are guaranteed to be a hit." Li Yu Zhen said seriously.

"But - but I don't feel like that's what I want, I want to be on TV." Huang Meilin still insisted on her own idea.

"You can go on if you want, we'll take you when we have time, otherwise we won't allow you to go." Li Yu Zhen said seriously to her daughter, her daughter was still so young and still in a rebellious period, she was worried that her daughter would go on an impulse to go to the talent show alone in a car.

"Okay!" Huang Meilin said indifferently, the idea of going on TV had just come to her, after watching Chen Haoxuan's video, she wanted to be like Chen Haoxuan and be able to perform in front of so many people.

Her parents, as she knew, were busy all year round and it would be hard to get them to accompany her to the show. She was firm and asked her aunt to take her.

Chen Hao Xuan, in Chen's village, did not yet know that because of his video, he had changed the fate of a girl.

The next day, Chen Hao Xuan did not take Lin Hao and the others to training, he wanted to see if they would think of a good way to train on their own without him.

The person who led the training was Lin Hao, who took Jiang Dong and the others to train inside the deep mountains and wild forests. Chen Hao Xuan did not know yet that because of their presence, there were a lot less animals in the mountains near Chen's village, most of them were scared away by Chen Hao Xuan and the few that encountered Chen Hao Xuan and the others became a delicacy for Chen Hao Xuan and the others.

Seeing the progress of Lin Hao and the others, Chen Hao Xuan was happy, it wouldn't be many years before he had a group of men who were dead to him and were also strong masters.

Chen Jia Village, Chen Hao Xuan would change his, but he would not do it now, because there were still many villagers in Chen Jia Village who hated him now, and when there was no one to hate him anymore, he would consider investing something in Chen Jia Village. He will not make it a city because the scenery is beautiful and it would be unnatural to make it a city.

Chapter 242

If Chen Hao Xuan were to invest, he would invest in fruits, vegetables, flowers and other plants, because the soil in Chenjia Village is very fertile and growing things here would save a lot of money on fertiliser. If many fruit trees and flowers were planted, the village would be a very beautiful paradise.

In the afternoon, Chen Hao Xuan came back for dinner. He saw a news story on TV that many karate gyms had closed down overnight because the apprentices thought that karate was useless and that they couldn't even catch a single move from the real masters, so what was the point of learning such kung fu and paying for it! It is because those apprentices think this way that they are being ripped off by karate gyms and are dropping out.

The only fate of a karate school without apprentices is to close down, and Chen Hao Xuan would be foolish if he knew why that was the case. He himself didn't think he could get that big of an effect, but really, Chen Haoxuan didn't think karate was very powerful kung fu, he wasn't even as good as military boxing, those who were more powerful in karate and could fight several by themselves, they were all just physical and had good flexibility. Otherwise Chen Haoxuan and the others would not have been able to defeat so many karate masters as soon as they went up.

Chen Haoxuan did not want to go back to Xinshan City for the time being and wanted to train Lin Hao and the others in the Chen family village for a while.

Many people think that Chen Hao Xuan has so many security guards that it costs money, thinking that there is not that much danger in this society. Others can't see it, but he, Chen Haoxuan, can see it. Just in the city of Xinshan, he has encountered many dangerous things, and anyway, it's worth spending money to buy some safety.

Like a teacher, Chen Hao Xuan moved his biggest computer to Lin Hao's dormitory so that they could learn the structure of the human body, which would help them a lot in their martial arts path.

On the morning of the 12th, Chen Hao Xuan was teaching them basic medical skills in Lin Hao's dormitory when suddenly his mobile phone rang, Chen Hao Xuan took out his phone and looked at the display and found that it was an unfamiliar phone number, he walked outside and with curiosity pressed the answer button, "Hello, who is it?"

"Hello, hello, this is Zhou Jingqi, the host of the Twin Lakes TV, talent show, are you Mr. Chen Haoxuan?" A pleasant voice came out of the phone.

"I am, I wonder what you are looking for me for?" Chen Haoxuan asked curiously, he really couldn't understand, the TV host would call him, did they want him to sing and perform? But didn't they think that he wasn't short of that performance fee?

"Hello, Mr Chen Hao Xuan, it's like this, there's a girl called Huang Meilin, you know her, right?"

"Yes, I do! What's wrong with her?"

"She's going to be performing on Twin Lakes TV's talent show this Sunday, the 14th of October, playing the piano, and we've learnt that you're her teacher and she's keen to meet you, so could you come to our show too, and give Huang Meilin a surprise then."

"Say, she lives in Johor Bahru, it doesn't take me half an hour to drive there, she'd miss me, call me and I'd be there to see her! Why bother going up to the TV show to see me!" Chen Haoxuan said.

"She also has a dream, that is to take the songs you taught her to play and carry them forward, that's what she told me. If you have nothing to do on Sunday, come over! I see that Huang Meilin likes you a lot, and by the way, we'll reimburse you for all your return travel expenses."

"Sunday, when?" Chen Haoxuan asked.

"Sunday night at 8pm, our show is live."

"Alright! For Huang Meilin's sake, I'll be there at 8pm on Sunday."

"Mr Chen Hao Xuan, can you arrive a few hours earlier? Or a day earlier would be fine, you find the point to arrive and we'll talk to you about how to arrange a surprise for Huang Meilin on Sunday."

"OK, I'll be there on Sunday morning, is that OK?"

"Sure."

"Is there anything else?"

"No. Mr. Chan Ho Hin, you must come, yo! We'll be waiting for you, call me on this mobile when you come and I'll pick you up."

"Hmm, okay, bye." Chen Hao Xuan hung up the phone after he finished, he cried and laughed, "This Mei Lin girl is awesome! She even dares to go on TV, alright! I'll go see your performance on Sunday."

Chen Hao Xuan continued to go back to Lin Hao's dormitory and continued to teach them simple medical skills. Chen Hao Xuan taught them all medical skills such as treating knife wounds, gunshot wounds and giving themselves first aid.

On the morning of the 13th of October, Huang Xueyan (that's Huang Meilin's aunt), she took Huang Meilin on the train to Shuanghu County, and on the train Huang Meilin was excited all the time.

"Auntie, do you think brother Xuan will be happy when he finds out I'm in the talent show?" Huang Meilin asked her aunt excitedly.

"Of course he will! He's a billionaire, and although he's good at singing and dancing, he's never taken on a single pupil, and since he's taught you, you're his only pupil, so he'll be happy to see you on the show." Huang Xueyan smiled sweetly at Huang Meilin.

"If only brother Xuan he could come with me, but mum keeps saying that brother Xuan is very busy, very busy, I really want to see him, I'm on the show, I don't know if he can see it." Huang Meilin's expression carried a strong sense of longing.

"Don't be afraid, I have his mobile number, I stole it from your mother last night, when you are on the show tomorrow, I will call him and ask him to watch your performance, he will promise to watch it." Huang Xueyan said with a smile.

"Mmmmmm, auntie is the best." Huang Meilin said happily.

Huang Meilin was originally unable to come, but she found her aunt, who was very supportive, and her aunt talked to her mother for a long time to help her, before her mother agreed. It was her aunt who signed her up to perform at the talent show. Her aunt told the Twin Lakes TV crew all about her, and after hearing her story, the crew agreed to her application.

Normally the programme crew would not arrange for the performer's friends' families to appear in the programme, but Huang Meilin was an exception because his teacher was so famous, more famous than those in the show business. The show's team thought that if Chen Hao Xuan appeared on their talent show, their ratings would reach a new high.

When Chen Haoxuan arrived at Shuanghu County, Zhou Jingqi would even pick him up directly, all to show Chen Haoxuan that they respected him.

Chapter 243

Neither Huang Meilin nor her aunt knew that the people from Twin Lakes TV had invited Chen Hao Xuan to the show in order to give them a surprise, and I'm sure they would be thrilled to see him at the talent show.

Chen Hao Xuan often watches TV performance shows, and he knows that for guests who are invited to performance shows, the hosts will make the people invited to perform some shows. To prevent this, Chen Haoxuan made some gadgets, chemicals, which can achieve a fantastic effect, very magical.

Don't look at things so small, but these chemicals took Chen Haoxuan most of the day and many trips to buy materials before they were made.

The next morning, at five o'clock, Chen Haoxuan got up, put on the clothes he often wears now, put the little things he had made in his pockets and went out empty-handed.

Chen Hao Xuan asked Jiang Dong to drive him to the airport in the city of Xinshan in his BMW. The plane ticket, which he had bought yesterday, was put on and Chen Hao Xuan put on his sunglasses and boarded the plane. When he got on the plane Chen Haoxuan made a phone call to Zhou Jingqi and asked her to pick him up at the airport in Shuanghu County.

70 minutes later, Chen Hao Xuan arrived at the airport in Shuanghu County, he walked out of the airport, looked around at the entrance and exit of the airport, did not find Zhou Jingqi's figure, so he walked further out, not many steps, he finally found Zhou Jingqi, Zhou Jingqi today wearing a red dress, with a pair of large sunglasses, holding a wooden sign in his hand, the wooden sign read "Mr. Chen "The other parts of the sign were painted with gold dollars, indicating that this Mr. Chen was a very rich man. She did this only because she didn't want people to know that Chen Hao Xuan was going to participate in the Twin Lakes TV talent show, otherwise how else could she surprise Huang Meilin and how could they get their ratings up to number one all of a sudden.

Although Zhou Jingqi was wearing sunglasses and she didn't talk to Chen Haoxuan, Chen Haoxuan instantly recognised her. The reason is that Chen Haoxuan had already investigated Zhou Jingqi and the others before he came, he had seen Zhou Jingqi's photos, in which he could tell the size of Zhou Jingqi's breasts, the size of her hips, her whole body line, her height, etc., the way she likes to dress, and from among these details, Chen Haoxuan was able to recognise Zhou Jingqi at once.

Chen Haoxuan, like Zhou Jingqi, did not explain to the other party that he would deliberately conceal his appearance when he came, so Zhou Jingqi did not know that Chen Haoxuan was wearing sunglasses and did not want others to know. They both came with the same idea: if they couldn't find each other they would contact each other by phone.

Chen Haoxuan walked towards Zhou Jingqi, he walked up to her and said to her with a smile, "I'm Haoxuan, nice to meet you Miss Zhou." Chen Hao Xuan did not say his full name for fear of being overheard by others.

"Ah..., I didn't even recognise you, how did you recognise me?" When Zhou Jingqi heard Chen Haoxuan's voice, and then saw Chen Haoxuan's noble aura, the clothes that were unique in the world, she was sure that this was Chen Haoxuan. However, she was curious as to how Chen Haoxuan had recognised her, knowing that the sunglasses she wore could cover half of her face.

"I deliberately went to see your photos when I came here, so I could recognise you from your figure, and I know a lot of things about you, too, yo! Like your first first love, like the thing where you drank that whatever as a drink, etc." Chen Haoxuan said with an evil smile.

Zhou Jingqi held up the wooden sign with one hand and put one hand in front of her mouth, surprised, "That's even possible?"

"Of course! Who made you have such a standard figure." Chen Haoxuan laughed evilly.

"Alright! Thank you for the compliment, Mr. Chen, the car to pick you up is right outside, please follow me." Zhou Jingqi made an inviting gesture and said to Chen Haoxuan.

Chen Haoxuan casually followed behind Zhou Jingqi, the car that came to pick up Chen Haoxuan was a luxurious van with an average appearance, but very luxurious inside and also very spacious.

Sitting in the car, Chen Haoxuan politely said to Zhou Jingqi, "Host Qiqi, thank you for coming to pick me up in person today."

"Mr. Chen, you're very kind." Zhou Jingqi politely said to Chen Haoxuan, they stars could be proud in front of their own audience, but in front of Chen Haoxuan, these tycoons, they did not dare, their money made them envious and at the same time made them afraid, because those tycoons could use their money against them, that was why many people said that the acting circle was chaotic.

"Can I ask first, did you guys ask me to come so early in the morning to get me to perform some shows with you?" Chen Haoxuan asked out loud.

"Yes, our director said that he wanted you to perform a show that you are most comfortable with, that's why he asked you to come early and practice a bit backstage when you come." Zhou Jingqi explained.

"I'm good at everything, so I don't need to practice, if you guys really want me to be good, I'll prepare me your most famous food in Shuanghu County before the performance, I've heard that your spicy pot here is delicious, I wonder if I can make one for me." Chen Hao Xuan said excitedly, he had always just not liked chillies too much in his previous life, and in this life too, he thought chillies were not good, but when he looked up Zhou Jingqi's information, he found that Zhou Jingqi's diary introduced the taste of spicy pots, and Zhou Jingqi boasted the taste of spicy pots as fragrant! So Chen Hao Xuan wanted to try it.

"There is one near where we are recording the show, if you like it, I will take you to eat it now, but when you are done eating, you need to come with me to where we are recording the show to talk to our director about how we should perform at night." Zhou Jingqi said to Chen Haoxuan.

Chen Haoxuan made an OK gesture and said, "OK."

Soon Chen Haoxuan and Zhou Jingqi arrived inside an ordinary hotel. As soon as Zhou Jingqi entered, she roared loudly, looking at her aura that she came here often.

"Boss, have some of the most expensive spicy pot you have here." Zhou Jingqi yelled loudly, then she sat down, picked up the chopsticks placed on the table and gave a pair to Chen Haoxuan as well as a pair to herself, she looked as if she wanted to eat the spicy pot right away.

After half a minute, a chubby chef came over with a fragrant spicy pot. He placed the pot on the table where Chen Haoxuan and his team were, and then introduced: "The way to make this spicy pot with tofu and hundred leaves is to heat the oil in a frying pan, stir-fry the hot pot base to create a fragrance and then inject 3 large bowls of beef bone soup to boil. Add the vermicelli and cook for 5 minutes, followed by the fungus and tofu. Finally add the beef pepitas and cook, sprinkle with minced garlic and season with salt This tofu and hundred leaves spicy pot is very common nor difficult to make nor cheap, but his taste is definitely very good, I am done with the introduction, please take your time to taste, I will continue to go to make other spicy pots for you."

Chen Hao Xuan saw the spicy pot was red and tempting looking, Chen Hao Xuan couldn't help but clip a piece of tofu to eat, put it in his mouth and bit into it, a strong aroma came into Chen Hao Xuan's tastebuds, but then Chen Hao Xuan shouted out loud, "Spicy."

Chapter 244

Although it was very spicy, this spicy taste was so good and exciting that Chen Hao Xuan's forehead was sweating, and it seemed that Chen Hao Xuan had overstimulated himself .

Seeing Chen Haoxuan's face that was red with spicy chillies, Zhou Jingqi smilingly asked the waiter for a bottle of frozen cola and handed it to Chen Haoxuan.

Chen Hao Xuan took the cola and drank it with his head held high, gurgling After a few sips, Chen Hao Xuan said happily, "Cool! The chili is hot, the cola is cold, eat the chili first and then drink the cola, you can experience the feeling of ice and fire, not bad not bad"

"Then you should eat more." Zhou Jingqi sweetly said to Chen Haoxuan.

Chen Hao Xuan tried five types of spicy pots in a row and ate so much that his stomach was full, revealing a very satisfied expression.

After Chen Haoxuan had eaten his fill, Zhou Jingqi took him to the place where they were recording, the director of the talent show wanted Chen Haoxuan to perform a show in front of him so that he would know how to go along with Chen Haoxuan.

Chen Haoxuan gave a rough idea of his show, mainly so that the tuner, he could not show his performance in front of the talent show director, as he could only perform his show once.

The other side of the building where Chen Haoxuan was was where the contestants were resting, Huang Meilin and her aunt were there. Huang Meilin was nervous and excited to see so many people coming to the competition, she and her aunt were sitting on chairs by the wall, looking at those who were practicing singing, dancing, acrobatics and she thought, out of all those people, she was the only one who was performing playing the piano, could this pass?

Time was slowly slipping away, and finally at 8pm, Zhou Jingqi and Zhao Hai, the two hosts, appeared on the stage of the talent show and began introducing the contestants to the competition.

The contestants usually perform for just one or twenty minutes, and a poor performance will have you judged in one minute. Huang Meilin, who was in the contestants' lounge, was incredibly nervous. Her aunt was sitting next to her and seeing her nervous expression, her aunt couldn't help but advise, "Meilin, don't be nervous, it's okay, you play the piano so well, you'll definitely pass."

"Auntie, the last time I performed with my brother Xuan at the University of Johor Bahru, there were thousands of people watching us then, more people than here, but I don't know why I was just so nervous." Huang Meilin pulled her aunt along and said nervously.

"Because that time there was Chen Hao Xuan there, and this time it was you alone, so you were nervous. You can not treat those audience as still matter, just treat it as if you are in that state of practicing the piano at your own home." Huang Xueyan said with a smile, in fact she was only talking out of her mouth, if she was allowed to perform, maybe she would be more nervous than Huang Meilin.

Huang Meilin was placed in the middle and Zhou Jingqi took the microphone and said loudly to the audience on stage, "Next, we have this sister Huang Meilin, she is the youngest of the contestants and at the same time the cutest and prettiest one, please welcome sister Huang Meilin to shine on stage."

Huang Meilin came out backstage wearing a white dress, which was given to her by Chen Hao Xuan.

"Hello everyone, hello sister Kiki, hello Brother Hai, hello judges." Huang Meilin greeted those present politely as soon as she came out.

Zhou Jingqi walked over to Huang Meilin with the microphone and said with a smile, "Meilin, seeing how calm you look, have you been on a bigger stage before?"

"No, but I've performed once before at the University of Johor Bahru City with brother Xuan, and there were several thousand people there." Huang Meilin said honestly.

"Your expression seemed very happy when you mentioned brother Xuan, can you tell us who your brother Xuan is?" Zhao Hai pretended to have a curious expression and asked.

"He is Chen Hao Xuan, who is known as a genius." Huang Meilin said aloud, speaking of Chen Hao Xuan she no longer seemed to feel nervous, as if Chen Hao Xuan gave her magical powers in a place she couldn't see.

"Could it be that billionaire Chen Haoxuan from Johor Bahru City?" Zhou Jingqi pretended to be surprised as she said.

The audience and those judges on the stage all made surprised noises, to be able to perform with an absolute genius like Chen Hao Xuan, then this girl must have something overpowering about her.

"Yes, others have called him many names, business genius Chen Hao Xuan, internet genius Chen Hao Xuan, music genius Chen Hao Xuan, dance genius Chen Hao Xuan, sculpting genius Chen Hao Xuan, and he had recently added another name of martial arts genius Chen Hao Xuan. Although all these names are good, I don't like them because I think they can only express the same skills that Brother Xuan knows, so I named Brother Xuan All-round Genius, which means he knows everything." Huang Meilin said excitedly.

"Do you really believe that your brother Xuan can do everything?" Zhou Jingqi asked.

Huang Meilin nodded desperately and responded, "Mmmmm, it's true, brother Xuan is really good at everything, he can do everything, he even knows how to do beauty, I've asked him before, he said that if you give him support and time, he can create another Earth." This was what Chen Hao Xuan used to joke with Huang Meilin, and he didn't expect Huang Meilin to really believe it.

"Ga" Everyone in the audience showed strange expressions, they were thinking in their hearts that Chen Hao Xuan could really make another Earth? Then wouldn't he be a creator god?

In a luxurious room, Chen Hao Xuan was watching the talent show when he heard Huang Meilin's words, he couldn't help but poof the red wine he hadn't swallowed in his mouth and spewed it out. Crying and laughing, he said, "I've been killed by you girl, if I was really that good, would I be living so badly now?"

"My goodness! Even the earth can be made, it seems we should call him God." Zhou Jingqi laughed, she didn't believe Huang Meilin's words, not only her, all the people present didn't believe Huang Meilin's words, although they didn't believe it, they had to admit that they were shocked by Huang Meilin's words.

"Alright, sister Mei Lin, there's not much time left, how about you perform first?" Zhao Hai smiled and said to Huang Meilin.

"Good." Huang Meilin answered in a delicate voice.

Huang Meilin walked to the piano that had long been placed in the centre of the stage and sat down, placing her hands on the piano keys, she didn't use any dubbing, as she moved her hands, her pleasant voice rang out in everyone's ears.

Many people were enthralled by this strange piano piece and were enchanted by the sound of it, which made them forget their worries and sorrows, and the only sound in their hearts was this pleasant sound.

Huang Mei Lin played slowly at the beginning, playing a very elegant piano sound, but later her speed became faster and faster, and the piano sound was full of joy, so that you could not help but sway to this rhythm.

With a swoosh, Huang Meilin's right hand swept quickly across the piano keys from beginning to end.

The applause from was non-stop and many of the audience even stood up to applaud, even those judges stood up to show their approval of Huang Meilin's performance.

Chapter 245

Huang Meilin stood up, bowed to the audience, took the microphone and said, "Thank you all."

Zhou Jingqi and Zhao Hai once again walked over to Huang Meilin, this time they looked at her differently, with a look of a piano master.

"Sister Mei Lin, you play the piano so beautifully, can you tell us who taught you?" Zhou Jingqi asked Huang Meilin with a smile.

In answer to this question, Huang Meilin held her head up proudly and said in a delicate voice, "It was Brother Xuan who taught me, he is my teacher and he wrote the piano piece I just played."

"Wow, it seems that Chen Hao Xuan is really not an ordinary genius, just like you said he is an all-round genius, he knows everything and is still so proficient. But what I have a bit of doubt about is, can he really make another Earth?" Zhao Hai took the microphone and said to Huang Meilin.

"Yes, if Brother Xuan says he can, he can." Huang Meilin said to Zhao Hai very seriously.

Chen Hao Xuan, who was inside the luxurious house, was once again shocked by Huang Meilin, and he couldn't help but sigh, "It seems that I should brag less in the future, but... but I bragged so much that even I don't believe it, how can this girl Meilin still believe it?"

"Put well, we all believe she can." Zhou Jingqi said with a smile, she didn't want to argue with a girl who was only 14 years old. Then she said to Huang Meilin, "Can you tell us what you want most right now?"

Huang Meilin wasn't afraid to be shy as she said out loud, "What I want most right now is for brother Xuan to see my performance, but he shouldn't be able to see it unless he puts the programme together and sends it to him." By the end of her sentence Huang Meilin's voice was getting smaller and smaller.

"Why? Doesn't he watch TV's?" Zhao Hai asked out loud.

"He's very busy, besides, he's a very demanding person, he can't watch ordinary programmes." Huang Meilin said indifferently.

"Alright, let's see what the judges have given you as a score first?" Zhou Jingqi said loudly.

Hearing Zhou Jingqi's voice, the judges held up the wooden cards they had prepared earlier, all of which were full marks of ten.

"Wow-, a full score! This is the first time a full score has been given in this show for so long, this is incredible." Zhao Hai said in amazement.

"Judges, what can you say about sister Mei Lin then?" Zhou Jingqi said to the judges who were at the side of the stage.

"He plays the piano very well, his voice is moving and can drive people's emotions, this is something that should definitely be given full marks." The first judge commented excitedly on the piano played by Huang Meilin.

"She is still a 14 year old student, think about how many 14 year old girls can play the piano at such a high level, I dare say that her piano playing skills have now reached the level of a master, for a master level, do I dare not give a ten out of ten?" The second adjudicator gave a higher rating.

"I have checked this legendary person, Chen Hao Xuan, and he only brought his talent to the forefront six months ago. If he was your master a long time ago, then his talent should have been shown a long time ago. So I'm sure you started taking piano lessons from him six months ago, right! Sister Mei Lin?" The third judge asked to Huang Meilin.

"Well, the judge is right, I did start learning from Brother Xuan only six months ago, but he only taught me for a short period of time because he's gone into business and he's very busy every day, and I want to see him - mum and dad won't let me." Huang Meilin said in a delicate voice.

"Six months of practice and you're this strong, how does that make us old guys who have been learning for decades and are still of average standard feel. So I have to give you a ten out of ten, and I hope you'll keep up the good work and make your own way in the music industry." The third judge said to Huang Meilin.

"The audience's applause was so enthusiastic that I dare not dare a ten" The fourth judge spoke up.

"If it is possible, I would like you to be my daughter's master, I wonder if you are willing?" The fifth judge said something that Huang Meilin couldn't believe was true.

"I - I can't teach." Huang Meilin squeaked, knowing that these judges were highly qualified people in the acting world, otherwise they wouldn't have been invited to be judges for the hottest talent show on the variety show, and her little heart couldn't stop pounding when such a person invited her to be his daughter's piano teacher.

"It looks like the judges have rated Mei Lin's sister very highly haha! All five judges gave you ten points, making a total of fifty, so now even if the audience doesn't vote - you'll still get through. Although it's the same whether the audience votes or not, I still want to see how many of them support Mei Lin's sister, now please ask all the audience to press the button in front of you, whether they are for or against." Zhou Jingqi said loudly.

In the centre of the innermost part of the stage there was a huge video with the numbers rising, only zero all the way up to fifty out of fifty, indicating that all the audience were in favour of Huang Mei Lin.

"Full marks again, sister Mei Lin is so surprising, such charisma at a young age, when she grows up she will still charm people." Zhou Jingqi joked.

"Hehehe" Huang Meilin laughed straight up in delight.

"Sister Mei Lin, you are the one who has always scored full marks in this show, for this reason our show is going to give you a gift, I don't know what you like?" Zhao Hai asked Huang Meilin.

Huang Meilin thought for a while, she felt that there was nothing she wanted, the only thing she wanted was Chen Hao Xuan, she spoke out, "I want brother Xuan."

Below the stage, slapping applause rang out, the audience only felt that Huang Meilin was very innocent and did not know that Huang Meilin really liked Chen Hao Xuan.

Zhou Jingqi mysteriously said to Huang Meilin, "Sister Meilin, if your brother Xuan appeared in front of you right now, what would you do?"

"No way, right? He's a very busy man, there's no way he would come." Huang Meilin said with a surprised expression.

Seeing Zhao Hai's hint, the staff of Twin Lake TV hurriedly went to ask Chen Hao Xuan to get ready.

"Come, come to me, I'll show you something." Zhou Jingqi pulled Huang Meilin to the side and said with a smile.

As soon as Zhou Jingqi and the girls left the centre of the stage, the lights on the stage, suddenly went out. Suddenly some bright powder appeared on the stage, the powder seemed like it wouldn't land and kept floating in the air, as the bright powder over the stage grew, this made the audience on stage exclaim, "What a beautiful dark night."

Then three more words appeared above the stage, I'm coming, and as soon as those three words were written the lights came on.

"I'm coming." Chen Haoxuan said loudly.

"Wow, it's Chen Haoxuan, it's really Chen Haoxuan" There was a gasp from the stage, although Chen Haoxuan wasn't the richest, he made money at a rate that made people purple, a big shot like that coming on a TV show, how could this not be surprising!

Chapter 246

"Ah..., it's brother Xuan, you're really here!" Huang Meilin was so excited to see Chen Haoxuan that she jumped into his arms despite her ladylike image.

"You didn't even master Brother Xuan on the show, but thanks to Kiki calling me, I found out that you wanted to compete in the talent contest, so I put aside my work and came to support you in

person." Chen Haoxuan smiled at Huang Meilin and said.

"Mmmmm, brother Xuan is the best." Huang Meilin finished by padding up on her heels and giving Chen Haoxuan a quick kiss on the cheek.

"Ugh..., you've taken advantage of me again." Chen Haoxuan joked.

Zhou Jingqi, walked next to Chen Haoxuan and asked Chen Haoxuan, "Mr. Chen, we wanted to see your performance in advance before, but you refused, saying that you could only perform once, can you tell us what method you used to get that kind of metaphysical effect when you just came out?"

"It's a chemical, they don't float down as long as there's no wind, but they only stay in the air for a few minutes, after a few minutes they disappear on their own, because I only did a little bit, that's why I said I could only perform once. Also I'm making it clear that I wasn't performing just now, that was just an appearance show." Chen Haoxuan explained.

"Brother Xuan, what are you going to perform?" Huang Meilin said excitedly, she loved watching all of Chen Haoxuan's performances, but unfortunately she had only seen Chen Haoxuan perform two or three times.

"There's a performance, that's great, I can't wait to see it, can we start now?" Zhou Jingqi said in anticipation.

"It's okay." Chen Haoxuan responded.

Chen Hao Xuan whispered to Huang Meilin, "I need your cooperation, just stand still for a while, just hold still in whatever position I put you in and you'll be OK."

"Mmm." Huang Meilin responded excitedly.

Chen Hao Xuan helped Huang Meilin into a pose of reaching for something, and then suddenly sang, "Today's weather matches my mood, I'm holding a red rose in my hand." As he sang, Chen Haoxuan's right hand buckled and a red rose appeared in his hand out of thin air.

Chen Haoxuan skipped and skipped to Huang Meilin and placed the rose in her hand, Huang Meilin knew that her heart was dying with excitement, if Chen Haoxuan hadn't instructed her not to move, maybe she would have jumped on Chen Haoxuan and said I love you.

"The one I love is as beautiful as a butterfly." When Chen Haoxuan sang this, he suddenly turned around and opened his hand, a beautiful butterfly flew out of his hand, that butterfly slowly flew up and flew towards Huang Meilin, finally stopping at the rose in Huang Meilin's hand, and kept flapping its wings, and with Huang Meilin's appearance, it was as beautiful as a painting.

Chen Hao Xuan picked up Huang Meilin and danced. Although Huang Meilin did not move, Chen Hao Xuan moved and Chen Hao Xuan's dance made Huang Meilin even more full of Lang Comic atmosphere.

Chen Hao Xuan kept dancing and singing, and from time to time he also changed into some strange things, such as balls, such as a burst of red mist, etc. What was strange was that the things Chen Hao Xuan changed would always slowly disappear, making it feel like a dream.

Chen Hao Xuan slid to Huang Meilin's heels with a sliding step and he whispered to Huang Meilin, "I will lift you up later, don't be afraid." Chen Haoxuan said as he grabbed Huang Meilin's feet with both hands and slowly lifted them up, looking at Chen Haoxuan's expression, his strength made people suspect that Huang Meilin seemed to have no gravity as such.

Chen Haoxuan sang and lifted Huang Meilin to perform various difficult moves, while Huang Meilin still believed in Chen Haoxuan as much as ever, no matter what dangerous moves Chen Haoxuan did, she did not move. Chen Haoxuan first grabbed Huang Meilin's feet's with both hands, and later he made Huang Meilin stand with her feet together on his fingers. After Chen Hao Xuan's crazy training some time ago, his arm strength has now surpassed Lin Hao's and the others, although he is still a little less powerful than Zhang Tiezhu.

Chen Hao Xuan held Huang Meilin in his left hand and pulled out a small bottle from his pocket with his right hand. Chen Hao Xuan opened the lid with his mouth and drank it all down in one gulp, then he took a deep breath and exhaled, and what came out was not gas, but a bubble, which were all blue and beautiful.

As Chen Hao Xuan kept breathing and exhaling bubbles, there were many beautiful bubbles floating in the air on the stage, and even under the stage, which were even more full of dreamy effect under the lighting.

"The world of dreams, is my creation for you." After Chen Haoxuan finished singing the last line, he held up Huang Meilin with one hand, bowed slightly with his upper body and uttered, "Thank you all."

Slapping, the audience on stage stood up and applauded enthusiastically, clapping their palms red, not even feeling it, just wanting to give a harder clap to show their approval of Chen Haoxuan's show.

Zhou Jingqi and Zhao Hai walked next to Chen Haoxuan, Zhou Jingqi spoke out and said to Chen Haoxuan, "Aren't you tired of lifting Mei Lin like this?"

"Of course I'm tired when I'm lifting something that weighs almost a hundred pounds with one hand!" Chen Haoxuan said as he slowly put down Huang Meilin.

Zhao Hai asked Huang Meilin, "Meilin, this is a show that your brother Xuan performed especially for you, do you like it?"

Huang Meilin's small face was flushed with excitement as she said in a delicate voice, "Yes, especially when Brother Xuan lifted me up with one hand, I felt like he was my patron saint, even if the sky was falling down, he would use his hands to help me hold the sky up."

"It seems you really like your brother Xuan!" Zhou Jingqi smiled and said to Huang Meilin.

"Who doesn't like a man as perfect as my brother Xuan, it's you, Sister Qiqi - dare you say you don't like my brother Xuan?" Huang Meilin said to Zhou Jingqi very directly.

Zhou Jingqi was embarrassed by Huang Meilin's directness, Huang Meilin was right, she did quite like Chen Hao Xuan, she had also investigated Chen Hao Xuan's profile, excellent talent, handsome boyish looks, mysterious person, what woman would not like such a man, unless that woman thought she was even better than Chen Hao Xuan, or was a fool.

When Zhao Hai saw Zhou Jingqi's embarrassment, he hurriedly pulled away from the topic and said to Huang Meilin, "You like your brother Xuan so much, do you want to marry him when you grow up?"

Huang Meilin was still young, her age was the most impulsive period, she didn't even think about it and said, "Yes! But it's not possible now, because brother Xuan has a girlfriend."

"Oh, can you tell me - who is your brother Xuan's girlfriend?" Zhou Jingqi asked Huang Meilin curiously.

Chen Haoxuan interjected, "My girlfriend's name is Chen Yina, she grew up with me as a childhood friend, was born in the same year, studied in the same year, and was always in the same class, and still is to this day. It's as if she and I are destined to be together, no matter what we will never be separated."

Chapter 247

"From the tone of Mr. Chen's voice, you seem to love your girlfriend very much." Zhou Jingqi smiled at Chen Haoxuan.

"Mm." Chen Haoxuan nodded in response.

"Mr. Chen, I heard that you used to be a tutor when you were down and out, and your first student was sister Mei Lin, that's how you became sister Mei Lin's teacher, isn't that right!" Zhao Hai asked to Chen Haoxuan.

"Yes, I was very poor at that time, I ate light meals every day and lived in a shabby tiled house, so in order to have a better life, my girlfriend Chen Yina and I found a job as a tutor. Mei Lin's family was so well off that his mother, Ms. Li Yu Zhen, hired both my girlfriend and I to be tutors for her children, and my girlfriend taught her son middle school subjects. And Mei Lin she didn't have to study because of her good grades, what she wanted to learn was piano, so I was the one who taught her, what I didn't expect was - I had only taught her for a few short weeks and she already had such strength, it's not too much to say she's a musical genius." Chen Haoxuan said.

"Mr. Chen, I'm wondering, you're such a smart person, why did you live so poorly before, and now all of a sudden you've become so powerful, with a car, a house, money, a woman, status, reputation, talent and looks, can you tell us why?" Zhou Jingqi asked curiously, she had been wanting to ask this question ever since she read Chen Hao Xuan's profile, a question that not only she wanted to know, but everyone in the world wanted to know.

"Because people do change, am I answering this to your satisfaction?" Chen Haoxuan said indifferently.

Zhou Jingqi said awkwardly, "We are barely satisfied with this answer! I still have one more question, Mr Chen, you can sing, play various musical instruments and dance, can you reveal who you learnt it from?"

"It's all self-taught, I've watched a lot of TV, so I've learned it over time." Chen Haoxuan smiled lightly and said.

"A genius is different." Zhou Jingqi quipped.

Zhou Jingqi and Zhao Hai cooperated in constantly asking Chen Haoxuan about the secrets in his body, and their cooperation was refreshing to all the audience, and each of them sighed in their hearts, "So Chen Haoxuan is such a person."

Chen Haoxuan and Huang Meilin took up four people's performance time, but everyone at Shuanghu TV was not angry, but very excited, because their TV station's ratings were rising rapidly, and had already reached second place, if Chen Haoxuan stayed a little longer, the number one rating would be theirs.

In order to be number one in the ratings, the manager of Shuanghu TV personally went to the recording site and told Zhou Jingqi and Zhao Hai through the headset that they both had to hold Chen Hao Xuan no matter what, and that it was best to ask all the questions that everyone had about Chen Hao Xuan.

As for Chen Haoxuan, he frowned, he was asked to come on the show and didn't expect it to take so long? He was impatient, Twin Lakes TV didn't give him a penny, and even if they did he didn't see it, his fame was earned by his own strength, now Twin Lakes TV relied on Huang Meilin to bring him on stage and used him for so long, if he stayed any longer Chen Haoxuan was afraid that all his secrets would be asked by the two hosts, Zhou Jingqi and Zhao Hai.

Chen Hao Xuan interrupted Zhou Jingqi as he spoke out, "Qiqi, I still have something to take care of, I wonder if I can go back first?"

Chen Haoxuan wanted to go, Zhou Jingqi and the others in the acting circle would not dare not let Chen Haoxuan go. "Of course you can, thank you for coming to our show, I hope we can invite you again next time." Zhou Jingqi said to Chen Haoxuan with a smile.

"You're welcome, I'll leave now then if there's nothing else." Chen Haoxuan shook hands with Zhou Jingqi and then with Zhao Hai, then waved to the audience, said a few goodbyes, and turned to leave the stage.

Huang Meilin followed Chen Haoxuan at a trot, ignoring even Zhou Jingqi and the girls when they called out to her. She had only come to the show to satisfy her desire to show off, and to show Chen Haoxuan her strength, but now that she had achieved her goal, there was no need to stay on stage.

Leaving the backstage, Chen Haoxuan was passing by the contestants' lounge when he noticed the contestants who had come to compete - all standing at the exit with a small notebook and a pen in their hands.

"What are you guys?" Chen Haoxuan asked curiously.

"Brother Xuan, I'm a fan of yours, can you sign my autograph?" A sexy dressed girl ran up to Chen Haoxuan and excitedly said to him.

"Mr. Chen, I've always thought of you as my idol, can you sign my autograph?" A boy rudely pushed past the girl who had just been there and ran up to Chen Haoxuan, excitedly saying. They girls usually called Chen Haoxuan - Brother Xuan, while the boys weren't used to being called so warmly so they all called Chen Haoxuan - Mr. Chen.

"Sorry, I'm in a hurry, I'll sign autographs for everyone next time!" Chen Haoxuan apologized, in fact he was not in a hurry, the reason he did not give these people autographs was for his own good, because if he gave them autographs, those who wanted his autograph would think he was casual, if that was the case, he would be in trouble if he went out to play in the future, he would be surrounded by a large group of people everywhere he went, in order not to have such a situation, Chen Haoxuan was determined not to give random autographs.

Those players still didn't give way to Chen Haoxuan, bye bye give no matter, Chen Haoxuan separated the crowd with both hands and squeezed out by brute force. And Huang Meilin, who was very good, pulled Chen Haoxuan's clothes with both hands and followed Chen Haoxuan out of the crowd.

When Huang Mei Lin's aunt Huang Xue Yan saw Huang Mei Lin and Chen Hao Xuan coming out, she happily went over and first said to Chen Hao Xuan, "Mr Chen, thank you for coming to the talent show to support Mei Lin in person, I really appreciate it."

"She was taught by me, if I didn't support her, I wouldn't have taught her my original piano piece in the first place." Chen Haoxuan said with a smile.

"Mei Lin is really lucky to have a teacher like you in her three lives." Huang Xueyan said with a smile.

"Auntie, don't be so polite to brother Xuan, he doesn't like to be too polite to people he knows, because being polite makes the other person seem strange." Huang Meilin said sweetly.

Chen Hao Xuan stroked Huang Meilin's little head and said with a smile, "It seems our Meilin has grown up, she even understands such reasoning."

"That's right, I'm very smart." Huang Meilin held her head high and said proudly.

"I want to leave now, I don't know if you guys want to go back with me - or do you want to leave tomorrow?" Chen Haoxuan asked to Huang Xueyan.

"Let's go back with you! This way there is also a caretaker." Huang Xueyan said with a smile, this was her first time dealing with Chen Hao Xuan, she didn't expect Chen Hao Xuan to be so nice and not at all arrogant.

Chapter 248

As soon as they left the contestants' rest area, the manager of Twin Lakes TV brought a group of people to pick up Chen Haoxuan for a drink to show Chen Haoxuan's support for Twin Lakes TV, but by the time they arrived, Chen Haoxuan and his team had already left. When the manager of Twin Lakes TV saw Chen Haoxuan leave, he sighed with regret. He had invited Chen Haoxuan here with great difficulty, and he should have made good use of his time, so that he could invite Chen Haoxuan to appear on their show next time.

If it wasn't for Huang Meilin, they wouldn't have been able to invite Chen Hao Xuan, because they knew that Chen Hao Xuan didn't lack money or fame, and none of them had more money than Chen Hao Xuan.

The most important thing is the popularity of Thousand Buddha Stone Pagoda, that's horrible! The world's most popular website. Everyone knows how the popularity of the Thousand Buddha Stone Pagoda came about, but how Chen Hao Xuan did it, no one knows. Advertising at the Thousand Buddha

Stone Pagoda is not affordable for the average person, the cost is too expensive, and now only a few European tycoons advertise their goods at Chen Haoxuan's Thousand Buddha Stone Pagoda

Chen Haoxuan and his team arrived at the airport in Shuanghu County. Since it was night, there were very few people taking the plane, so Chen Haoxuan and his team quickly bought their plane tickets. Before boarding the plane, Chen Hao Xuan made a phone call to Jiang Dong and asked him to drive to Xinshan City Airport to pick him up.

By the time Chen Hao Xuan returned to the airport in Xinsan City by plane, it was already 3 o'clock late at night. Huang Meilin could not resist her sleepiness and fell asleep in Chen Haoxuan's arms, and was now being carried out of the airport by Chen Haoxuan.

Jiang Dong, who was dozing off at the entrance of the airport, felt a lot of people coming out of the exit. He knew that Chen Hao Xuan was on this flight and he opened his eyes to seriously look for Chen Hao Xuan's figure in the crowd.

"Don't look for it! I'm here!" Chen Haoxuan said as he stood next to Jiang Dong. As it was inconvenient for him to walk in a crowded place with Huang Meilin in his arms, he chose to stay close and make a big detour to come around, which was why Jiang Dong did not find Chen Haoxuan.

Hearing a sudden voice next to him, Jiang Dong quickly turned around and found it was Chen Haoxuan, he asked curiously, "Boss, when did you come out, I've been staring at the entrance, how come I didn't see you guys?"

"There's more than one entrance to the airport, I came out from the doorway on the left. Why are you still standing there? Can't you see I'm holding Mei Lin? She's not heavy, but I'll get tired of carrying her all the time." Chen Haoxuan said to Jiang Dong.

Hearing Chen Haoxuan's words, Jiang Dong hurriedly opened the car door. Chen Haoxuan gently put Huang Meilin into the back seat, and Huang Xueyan also sat up and took care of Huang Meilin. And Chen Haoxuan sat on the passenger side and said to Jiang Dong, "Mei Lin's home."

"Mr Chen, I really thank you for taking care of me on this journey." Huang Xueyan said sincerely to Chen Haoxuan.

"It's alright, it's all as it should be. By the way, don't call me Mr. Chen from now on, that title feels strange, just call me Xiao Xuan or Hao Xuan like they do." Chen Hao Xuan said with a smile.

After Chen Hao Xuan sent Huang Meilin and the girls home, he and Jiang Dong went to his place, he was very sleepy now and wanted to sleep immediately and return to the Chen Village tomorrow when he woke up.

Unbeknownst to the sleeping Chen Hao Xuan, his fling was about to come again. Leah, who has not returned to Rice yet, insists on learning the Chinese language every day, and in order to look more like a Chinese, she has dyed her blonde hair black and straightened it, which makes her look like a Chinese.

Leah she saw Chen Haoxuan's show yesterday and after watching Chen Haoxuan's performance, she hadn't slept that night. She had been imagining that the girl Chen Haoxuan was holding up with one hand was her, imagining dancing with Chen Haoxuan and imagining Chen Haoxuan singing love songs for her. She had wanted to go to Chen Haoxuan some time later, when she knew more about the Chinese culture, but after she had watched Chen Haoxuan's show, she couldn't hold back her stupid heart, so she thought she would go to Chen Haoxuan tomorrow.

Sometimes Chen Haoxuan was in Chenjia Village and sometimes in Xinsan City. In order not to make a trip for nothing, the clever Leah asked two taxi drivers to help her find out where Chen Haoxuan was now, one to Chenjia Village and one to the house Chen Haoxuan had rented in Xinsan City.

An hour later, news from both sides reached Leah. Leah learned from the taxi driver that Chen Hao Xuan was in the house he rented in Johor Bahru City. The taxi driver found out from a breakfast vendor who told him that he saw Chen Hao Xuan driving back late last night at around 4pm when he got up to make buns and steamed buns.

Leah she asked the taxi driver to come back and pick her up to take her to Chen Hao Xuan's. At around 8 o'clock, Leah appeared outside Chen Hao Xuan's rented house. Today Leah was very different from before, she had black hair, wore a tight black suit, and a pair of black high heels, looked very

ladylike and had a senior white collar temperament at the same time, plus her European face gave her a unique beauty.

Leah, who came to the door of Chen Haoxuan's residence, excitedly took out her mobile phone and dialed Chen Haoxuan's number. Chen Hao Xuan, who was asleep, heard the phone ringing, he hadn't even opened it, reached over the bedside cabinet and picked up the phone, skillfully pressed the answer button and put it to his ear, his voice full of sleepiness, and said out loud, "Who is it?"

"I'm right outside your place, you'll know when you come out." Leah spoke to Chen Haoxuan in Mandarin Chinese.

"Huh, I don't seem to know you from your accent, who the hell are you and what do you want from me?" Chen Haoxuan opened his eyes and asked in a serious manner.

"I'm Leah! I'm here to play with you, I'm in front of your place, can you invite me in?" Leah said in a stern voice.

"My goodness! Why is it you again? Tell me honestly, what exactly is the purpose of your visit this time?" Chen Haoxuan cried and asked.

"I haven't seen you for a while because I've been learning your Chinese language and culture, and I've basically learned it now, so I thought I'd come and surprise you." Leah said happily.

"Well, I've already been surprised, you can go back now." Chen Haoxuan said seriously, honestly he was a bit scared of a woman like Leah, such a woman was too bold, if the more complicated your relationship with him was, maybe she would do anything to achieve her goal.

Chapter 249

"Are you that afraid of me? I just want to see you and talk to you, nothing more. I don't care, if you don't come out anyway, I'll keep waiting for you at your door." Leah said stubbornly.

Leah she felt aggrieved that she, a young lady of a thousand, had been rejected by a boy over and over again, and that each time she had been so angry that she had almost suffered internal injuries. She did not believe that she could not win the heart of a boy. Her inner disobedience made her study the various cultures of China, and she did not believe that she was not moved by all the efforts she had made - Chen Haoxuan.

Chen Hao Xuan hung up the phone, closed his eyes and went back to sleep. While Jiang Dong and Li Botao were up early, they opened the huge iron door and suddenly found a mixed-race beauty standing at the door, the first thought that came to their minds was, "Where did the boss hook up with another beauty?"

"Good morning, I'm here to see Chen Hao Xuan, is he up yet please?" Leah politely said to Jiang Dong and the two of them.

Jiang Dong and the others had seen Leah before, but now Leah had changed so much from her previous appearance, which made them not recognise her. Chen Haoxuan's safety was Jiang Dong's and their mission, and no matter how beautiful the other girl was, they would not just let her into the house. Jiang Dong kindly said to Leah, "May I ask who you are? What do you want from our boss?"

"I'm Leah, the girl with the blonde curls from before, you guys have seen me before, don't you remember? I'm here to play with your boss today." Leah chirped.

"Holy sh*t, that's a big change, isn't it? Even the language of China has been learnt, it seems the power of love cannot be underestimated." Jiang Dong exclaimed in admiration.

"Can you let me meet your boss?" Leah said expectantly.

"No, our boss is resting." Jiang Dong said firmly, he didn't dare to let Leah go inside and sit down, let alone disturb the sleeping Chen Hao Xuan, as he knew that Chen Hao Xuan hated Leah.

Leah, who had been standing outside for an hour, was tired as her feet began to ache, so she walked to the door and sat down on a water stone.

Chen Hao Xuan was no pig either, he slept until after 9 o'clock when he couldn't sleep anymore, he got up in his pajamas and went to wash his face and brush his teeth. Jiang Dong, who was sitting in the living room, saw Chen Hao Xuan up and he hurriedly went to Chen Hao Xuan and whispered to him, "Boss, that Leah is here again and now she is at the door and won't leave."

"Don't care about her, let her stay at the door if she likes!" Chen Hao Xuan said indifferently, and went to wash his face and brush his teeth afterwards.

Breakfast was cooked by Li Botao, although it was not as good as Chen Haoxuan's, it was still palatable. Chen Haoxuan, who had eaten his breakfast, led Jiang Dong out of his place.

Seeing Chen Haoxuan come out, Leah quickly stood up and ran to Chen Haoxuan, excitedly saying, "Chen Haoxuan, look, do I look good like this?"

"Average, I guess!" Chen Haoxuan said indifferently, and after he finished he walked around Leah and continued to walk towards where he had parked.

Leah turned around and chased after Chen Haoxuan, her mouth kept saying, "Chen Haoxuan, I did it for you - I've learned Mandarin, I've learned your Chinese culture, and I dressed up as your Chinese. I've done so much for you, can't you just stay with me for a while?"

Chen Haoxuan suddenly turned around, which made Leah almost bump into Chen Haoxuan's arms, and Chen Haoxuan asked Leah lightly, "Did I tell you to learn Mandarin?"

"No." Leah shook her head.

"Did I tell you to dress up as a Chinese?" Chen Haoxuan continued to ask.

"No." Leah shook her head.

"Then why did you say for me? I didn't ask you to do anything, you don't owe me anything, and I don't owe you anything, so please stop pestering me." Chen Haoxuan said indifferently.

Leah had nothing more to say, she was so unconvinced in her heart, but she didn't know how to convince Chen Haoxuan.

Chen Haoxuan drove off, looking at the rear of the car that slowly disappeared in front of her, Leah was so angry that she stomped her feet, she huffed, "Humph, you heartless guy, you are indifferent in the face of a beautiful woman, I doubt you are okay there or not?"

If Leah had said this to Chen Haoxuan earlier, maybe Chen Haoxuan would have taken off his trousers in a fit of anger and shouted, "You'll know if you try."

Today was Monday and Chen Hao Xuan had to go back to pick up Chen Yina from school. After Chen Hao Xuan returned to the Chen Family Village, he personally drove Chen Yina to the University of Xinshan City, after which he returned to the Chen Family Village again and continued to exercise and train Jiang Dong and the others every day.

In the days that followed, Chen Hao Xuan worked out with Jiang Dong every day, they were exposed to the sun every day for a while, which made Jiang Dong's skin turn bronze, and Chen Hao Xuan's skin, which Jiang Dong and they and confused, even Chen Hao Xuan himself, because he worked out with Jiang Dong and them every day, Jiang Dong and their tanning so dark, while his skin is still as white as jade as before, well again the body is not as unchanged as the skin, Chen Hao Xuan's body is now much stronger hands lifting two to three hundred pounds without a problem.

When the villagers' rice was ripe, Chen Hao Xuan personally took Jiang Dong and the others to help the villagers cut the rice, and Chen Hao Xuan's speed was not even comparable to that of a harvester. Chen Hao Xuan wanted to help the villagers firstly, and secondly, he wanted Jiang Dong and the others to practise their knife skills. Chen Hao Xuan asked Jiang Dong and the others to be fast with their scythes when cutting the rice, and they needed to be so fast that they could not make a sound, and whoever could practise to this extent, Chen Hao Xuan would award him 1,000 RMB.

Cutting rice alone may be boring, but cutting rice in a group is obviously very lively. Everyone in Chen's village had snacks and water in their hands. Chen Haoxuan and the others were helping them harvest the rice for free, so they couldn't do nothing, so they all took out the best snacks at home to treat Chen Haoxuan and the others.

The villagers had seen Chen Hao Xuan and his men fighting, but they did not expect Chen Hao Xuan and his men to be so good even at cutting rice, and they were amazed at how fast they could cut the rice, and how strong they were.

The villagers, who once again realised how powerful Chen Haoxuan and his men were, looked at Chen Haoxuan and his men with a different look, becoming respectful.

It only took Chen Haoxuan and his group of more than thirty people a week to help all the villagers of Chenjia Village to finish their rice harvest. Inadvertently, Chen Haoxuan heard from the villagers that there was a 70-year-old single man in the next village who had planted two mu of land and was now cutting the rice by himself. Hearing this, Chen Hao Xuan's kindness returned and he sent two men to help the 70-year-old man harvest the rice.

Chen Hao Xuan also asked Chen Yue Bin and Li Ping to help him enquire about other villages with difficulties, such as sick people who have difficulties in life, such as those who are old and disabled, Chen Hao Xuan would send one or two people to help them harvest the rice.

Chapter 250

Good name Chen Hao Xuan needs, he is good to the villagers, he will be able to slowly convince them, they will support him . Do not underestimate these villagers, they are very weak, but they will sometimes bring you unexpected benefits, such as Chen Haoxuan wants to develop their village, it will be very smooth

Half a month later, Jiang Dong and his men were rewarded for the hard work they had put in, they were now more than twice as fast as before in their strikes, all because Chen Hao Xuan had asked them to repeat an action over and over again while cutting the rice, using the fastest possible speed to complete it, which over time made their speed increase quite naturally.

Now Jiang Dong and his men could make a sound that broke the air with one full punch, their strength like this was no longer ordinary, even those ten special combat troops in the army were no match for one of them.

After so much time exercising, Jiang Dong's aura was getting thicker and thicker. Whenever they all stood in line together, they would produce an invisible aura that would crush you so much that you wouldn't dare to breathe, ordinary people couldn't bear this aura of theirs, only Chen Hao Xuan was immune to it, which proved that Chen Hao Xuan was too much stronger than them.

Chen Hao Xuan wanted to train Jiang Dong and the others to become real experts, real experts know everything, so Chen Hao Xuan taught Jiang Dong and the others car skills, cars, Dongfeng cars, motorbikes, bicycles. There was also entertainment, street dance, Latin dance, parkour, tap dance and so on. Chen Hao Xuan believed that when Jiang Dong learned all the skills he had taught them, they would be invincible in the 21st century and would see who would dare to mess with him.

Chen Hao Xuan had not been seen at the university for a long time, which made the people of the university slowly forget about him, and Yang Lin was just as forgotten by the people of the university as Chen Hao Xuan.

Yang Lin is now a bully, he used to be unable to fight back in front of Li Wenshan, but now he can last for several minutes in front of Li Wenshan, something he didn't even dare to think about before. Although he still couldn't beat Li Wenshan, if he went outside, a dozen random people wouldn't be his match, and his strength gave him this confidence.

Yang Lin now enjoys learning Chen Hao Xuan's skills more and more with Jiang Dong and the others, here he feels the heat of the moment, a feeling that is hard to find in a harmonious society, where he can get stronger day by day, and eventually how strong they can get - they don't know, they only know that they have surpassed human strength.

Human potential is very powerful, and Chen Hao Xuan forces Jiang Dong and the others to train every day, just to push them out of their potential. He knew that human potential could be pushed out, but if he pushed too hard it would leave great after-effects on the body, such as a short life, so Chen Hao Xuan pushed Jiang Dong and the others to stop in moderation.

On November 13, Chen Hao Xuan drove his BMW with Yang Lin to go to the University of Xinshan City. The two of them had not been to the University of Xinshan City for a long time and wanted to visit and casually catch up with Ma Yichen.

When Chen Hao Xuan drove through Pingyuan County, he picked up Liu Junfeng as well, and the three of them went to Xinsan University together.

When Chen Hao Xuan and the three of them appeared at the University of Xinshan City, many of the students and teachers who saw Chen Hao Xuan and the three of them showed surprised expressions, Chen Hao Xuan and the three of them had disappeared for so long, but they had never thought that they would appear at the University of Xinshan City again.

"It's been a long time since I've been back, I'm surprised that I have a strange feeling about this place." Yang Lin said with a sigh.

"Let's go! Let's stroll around." Chen Haoxuan spoke out.

Chen Hao Xuan and the three of them had changed a lot, Chen Hao Xuan no longer looked as weak as before, instead he looked strong, the tight suit on him showed off his muscles to the fullest. Yang Lin, on the other hand, was stronger than before, his skin had turned a very manly bronze colour, and he had two eyes that could make a child cry in fear, so it was clear how much he had changed. Liu Junfeng, on the other hand, hasn't changed much, he has only increased his aura, the aura of a superior man.

If Liu Junfeng had worked with Chen Hao Xuan, he might not have had the aura of a superior, but Chen Hao Xuan had been in the Chen family village, so he had the biggest official in the super supermarket, no one ordered him, only he ordered others, and over time he had developed such an aura.

Despite the fact that Yang Lin had been training in Chenjia Village for a month, his hooligan virtue still existed, he couldn't help but whistle when he saw a pretty student's girl as before, and sometimes

he would just run over and ask for phone numbers, talk, etc. The image of Chen Hao Xuan and Liu Junfeng is not even close to that of a national leader.

"Yang Lin, let's go! Go sit in my class, I'll buy you guys a drink at noon." Chen Haoxuan shouted loudly to Yang Lin who had gone to hook up with the girls.

"Alright, coming." Yang Lin turned back and said loudly to Chen Haoxuan as he took a small note from a girl's hand and ran towards Chen Haoxuan, a small note that he had just asked a pretty student's girl for.

It was the end of class when Chen Haoxuan and the three of them walked into Class 8 of the Department of Business Administration of Sophomore Year. As soon as Chen Haoxuan and the three of them entered, the students who were playing inside the classroom could not help but look at them with surprised expressions when they saw Chen Haoxuan and the three of them.

"Hello everyone, it's been a long time." Chen Haoxuan greeted the students in the class with a smile, for some reason he felt awkward as he uttered those words.

"Hao Xuan, Brother Xuan." When Zhou Kexin and the others saw Chen Haoxuan coming, they stood up happily and shouted in unison.

In class He Haoming stared at Chen Haoxuan with resentful eyes, he hated Chen Haoxuan, he wanted Chen Haoxuan dead so badly, if it wasn't for Chen Haoxuan - he could have even married Leah, but it was because of Chen Haoxuan that Leah suddenly moved on. Now Leah is still living in his house, but Leah's heart has always been with Chen Haoxuan. He couldn't beat Chen Haoxuan, and Chen Haoxuan's strength dared him not to act recklessly, otherwise he would really want to ask someone to kill Chen Haoxuan.

Chen Haoxuan felt a bad premonition. He swept his eyes around the class and found that the one who gave him a bad premonition was He Haoming, the man who had lost his love twice because of himself. Chen Hao Xuan glared back hard, and his plaintive glare almost scared He Haoming out of his wits.

As Chen Haoxuan glared at He Haoming, He Haoming felt his mind buzzing, making his head dizzy, his body gradually turning cold, his forehead breaking out in cold sweat, and his heart filled with fear. "What's - what's going on here? I haven't seen him for over a month - how come he's so much more powerful than he was in the past, and although he could make me feel fearful before, he definitely couldn't scare me into a state of cold sweat, dizziness and feeling cold in my body. Is he even human? Why is he so terrifying?" He Haoming said with a tremble in his heart.

Seeing He Haoming's reaction, Chen Haoxuan couldn't help but stare and said secretly in his heart, "He should be sick, right? Otherwise, why else would he break out in a cold sweat and show a fearful expression when I glared at him."
