

A Billionaire's Reincarnation Chapter 251-260

Chapter 251

If Chen Hao Xuan knew that his eyes could scare people like this, he would be very surprised, considering that a person's eyes are completely devoid of offensive power, this invisible thing without offensive power can scare people like this, even the devil might not be able to do it, unless the eyes of those perverted maniacs who kill people like a saint might be able to reach this level, using a thick murderous aura to make the other party feel fearful.

But the problem was that Chen Hao Xuan had never killed anyone at all, even chickens were rarely killed, so how could he have such a strong murderous aura on him? This was a mystery, a mystery that even Chen Hao Xuan himself did not know. If this mystery is solved, what will happen to Chen Haoxuan? No one is sure, but he would definitely change a lot.

Seeing that He Haoming was no longer looking at him with resentment, Chen Haoxuan no longer bothered with He Haoming as he passed by him and walked to the last row of the classroom to meet up with Zhou Kexin and the girls.

"Two big beauties, did you miss me!" Chen Haoxuan smiled at Zhou Kexin and Chen Yina and said.

"Of course I do! And I still miss you every day!" Chen Yina said sweetly to Chen Haoxuan.

"You're the most attractive boy in our class, and it always feels like something is missing from the classroom without you." Zhou Kexin joked.

"I won't be leaving for the next few days, I'll stay and keep you guys company in class, I'm still a student after all." Chen Haoxuan laughed, he sat next to Chen Yina, how he looked not like a student, but like a noble prince, plus Zhou Kexin and Chen Yina, two beautiful women sitting on either side of him, this reflected his uncommonness even more.

Yang Lin and Liu Junfeng, on the other hand, were sitting on the other side, giving the impression that they were Chen Hao Xuan's escorts, Liu Junfeng being Chen Hao Xuan's secretary and Yang Lin being Chen Hao Xuan's bodyguard.

The internet age was different, news that Chen Hao Xuan had just arrived at Xinsan University soon spread to the students of Xinsan University online. Ma Yichen, who is Chen Haoxuan's good friend, took his girlfriend Zhang Bening to Chen Haoxuan's class to catch up with Chen Haoxuan.

When Ma Yichen and the others saw Chen Haoxuan and the three of them, they all showed surprised expressions, they felt that Chen Haoxuan and the others had changed a lot, in just a month or so there was such a big change, how could this not surprise them.

Ma Yichen he walked into the eighth class where Chen Haoxuan was and went to sit next to Yang Lin, as soon as he sat down he suddenly punched Yang Lin in the chest with a muffled thud. Ma Yichen's first feeling was hardness, Yang Lin's pectoral muscles were surprisingly hard to this extent. He used to fight with Yang Lin a lot and knew the strength of Yang Lin's body, it had become that strong in just over a month, he dared not imagine how strong Chen Haoxuan himself was?

"Damn you, why are you hitting me?" Yang Lin glared at Ma Yichen and said.

"You should be a lot stronger now than before, right?" Ma Yichen asked to Yang Lin.

"That's right, what it is now is that even a dozen punks are no match for me. Do you want to try my strength, if so, I'll fight you." Yang Lin smiled and said to Ma Yichen, now he didn't put ordinary people in his eyes, apart from Chen Haoxuan and Jiang Dong and the others, he hadn't seen anyone stronger than him now, so he was proud.

"I'm a gentleman, if you want to fight, go to Zhu Tian and the others in the school! You guys are not at Xinsan University these days, they are bullying those honest students in the school every day, and they are also taking those delinquent boys as minions outside, even the headmaster doesn't dare to mess with him now." Ma Yichen said seriously.

Hearing Ma Yichen's words, Chen Hao Xuan came to be interested, Chen Hao Xuan turned his head and said to Ma Yichen, "Is what you say true? Is he really that crazy?"

"We are buddies, why would I lie to you! If you don't believe me, ask Kexin and the others." Ma Yichen said seriously to Chen Haoxuan.

Yang Lin interjected, "How many minions does he have now?"

"I think there are hundreds, right? Probably I don't know, a lot anyway, they're out there doing everything, stealing chickens and dogs, robbing and extorting, etc. Why he can suddenly gather so many minions who are out there, I don't know." Ma Yichen explained.

"Interesting, looks like it's time to meet him again. In the past, he only had a dozen minions and was as scared as if he saw a demon when he saw me, but now he has hundreds of minions - I wonder if he will be as scared as before when he sees me again." Chen Haoxuan laughed lightly.

Chen Yina and the girls could all hear that Chen Hao Xuan wanted to go after Zhu Tian, Chen Yina she was worried that Chen Hao Xuan was in danger, after all Zhu Tian had hundreds of minions, she put her arm around Chen Hao Xuan and advised with concern, "Brother Xuan, there are hundreds of them and all of them are gangsters who have done all the bad things, you'd better not look for trouble with them."

"Yes! Hao Xuan, they are not what they used to be, there are too many of them and they are all a bunch of desperadoes who are not afraid of death. They might be afraid of you when there are fewer of them, but when there are more of them, they dare to fight even the police, let alone you." Ma Yichen reminded.

Chen Hao Xuan laughed and Yang Lin followed suit, others didn't know their strength, but they themselves knew it very well, they were more than thirty highly trained elites, not to mention fighting with hundreds of gangsters, even thousands they dared to fight.

Chen Hao Xuan laughed: "It is because he has such strength that I found it, I have trained so many people in the Chen family village, they have been training all the time, how strong they really are, they themselves do not know, most of them have never experienced real battles, if you want them to become real experts, you have to let them fight, fighting is the best way to improve their strength. If Zhu

Tian's current strength was low, I'm definitely not looking for trouble with him, but his current strength is not big to say the least, it's just right for my men to use as a stepping stone for training."

Ma Yichen was startled again when he heard Chen Hao Xuan's words, thinking to himself that Chen Hao Xuan was so warlike, if Chen Hao Xuan was born in ancient times, he must have been a general of a hundred battles. He suddenly remembered something circulating on campus about Zhu Tian having a pistol, and he whispered to Chen Hao Xuan, "Hao Xuan, if you really want to fight Zhu Tian, then you should be careful, I heard that he seems to have a pistol."

Yang Lin, who was next to Ma Yichen, said smugly, "Pistols are nothing! Our darts are much better than his."

Ma Yichen gave Yang Lin a white look and a contemptuous tone, saying, "Che, do you know how to play darts?"

To show that he could, Yang Lin saw that no one in the classroom was paying attention to the back, he quickly lifted his foot and pulled up his trouser leg with his right hand, only to see a few small darts tied to his calf, he pulled out one dart and flung it hard, with a dong sound, only to see a dart wobbling on the right wall.

Chapter 252

If it was a human being, the dart would have entered his body already. Ma Yichen looked at Yang Lin's darts and then looked back at Yang Lin, who was proud of himself, and said, "Did you take some magic pill?"

Yang Lin said in a bullish manner, "What the hell, if magic pills really worked everyone in the world would be supermen. My strength has all been built up through my hard work, and of course it's all thanks to the teachings of Hao Xuan, my master."

"Amazing, to see the ancient martial arts in modern times, amazing! Even if the enemy has a gun, you don't have to be afraid." Ma Yichen said in admiration.

"Wrong, what I'm teaching them is not ancient martial arts, it's just the skill of stilling things all the time, if you're strong and willing to learn from me for a few days, you'll be fine." Chen Haoxuan said with a mysterious smile.

Hearing Chen Haoxuan's words, Ma Yichen, who did not want to learn martial arts, also became interested, and he said excitedly, "Really? You're not lying to me? Are you really willing to teach me?"

Yang Lin interjected and reminded, "I think you should not learn, let me tell you how we learn! We get up at six every day and run to the river to swim, swim for two hours then go home for dinner, rest for half an hour to spar with each other, then go climbing We also had to help the villagers cut the rice, we cut it as fast as we could all the time when we took the scythe, and we played acrobatics, which is how I trained for the past month or so."

"Isn't that very tiring?" Ma Yichen showed a flinching expression.

"Guess how good I am inside all of Hao Xuan's men?" Yang Lin asked mysteriously.

"It should be medium, right?" Ma Yichen said, not very sure.

"Wrong, I'm the worst of Hao Xuan's men, think about it, even the worst of me is so powerful, if everyone else comes, Zhu Tian is nothing! If a few of us come out, we'll be able to wipe out his big gang of a hundred or so people." Yang Lin said in a cavalier manner.

At this time, the bell rang and Chen Hao Xuan turned his head to Yang Lin and the others and said, "Class is in session, stop arguing."

"You're still in class? Did I hear you right?" Yang Lin looked at Chen Haoxuan with a surprised expression and joked.

"I'm not in class to learn knowledge, but to experience what it's like to be a student, understand? Alas -, you wouldn't understand even if I told you, it's not something that ordinary people can feel." Chen Haoxuan joked.

"Who says I can't perceive it, I haven't been in a serious class since primary school, but I still keep attending classes, that's not perceiving what it is." Yang Lin said unconvincingly.

"I can't help you two, other people come to class to learn knowledge, but you two come to class to feel the feeling of class, alas..., strong people!" Ma Yichen looked at Chen Haoxuan and the others with tears and laughter.

This morning, Chen Hao Xuan did listen to the lesson very carefully, but he was different from the others, others kept absorbing the teacher's knowledge, while he kept correcting the teacher's knowledge, it was good that he didn't say the correcting words, otherwise he would have compared with the teacher again like last time.

Chen Haoxuan and the others came late, and the class they were attending was the last one in the morning. After class, Chen Haoxuan and the others went to the school canteen to eat together.

The crowded canteen was packed with people, and every student was smiling while eating. Seeing such a picture, Chen Haoxuan, who was standing in the queue to get his meal, sighed and said, "If only people could live in their twenties all the time, how good it would be!"

At that moment there was a chaotic sound from outside, "Make way, make way, our boss is here." A group of dodgy students rudely pushed aside the students who were blocking their way.

Chen Hao Xuan turned around and saw Zhu Tian, who at this moment could be described as imposing. He had a cocked head that was raised high, a hairstyle that was difficult for others not to notice, his school uniform was in a mess, and he was wearing a gold shiny necklace around his neck, as thick as his little finger, so it could be seen that he had recently made a small fortune.

"Cut, just this kind of bird face also pretending to be a big brother, I pooh, a real hooligan is not even comparable." Yang Lin who was in line in front of Chen Hao Xuan cursed with displeasure, this is only him now, if it was a month or so ago he would definitely not have said this, he would even have looked at Zhu Tian with admiration, so to speak! Yang Lin had now seen what a master was before he would look down on Zhu Tian, a gangster boss.

When the students in the canteen saw Zhu Tian coming, they were so frightened that they gave way for Zhu Tian to pass, even those who were in the queue to get their meals honestly gave way, preferring to queue up again rather than reluctantly getting their meals in front of Zhu Tian.

"It seems that Zhu Tian has done something big on campus during this period of time that has scared all the teachers and students." Chen Haoxuan said darkly in his heart.

Zhu Tian he had reached the point where no one was in sight, Chen Haoxuan and the others were just a window away from Zhu Tian, but Zhu Tian just didn't see Chen Haoxuan and the others.

Chen Hao Xuan whispered to Yang Lin, "Don't mess with him yet, or you'll lose your appetite for dinner, and then go after him when you've had enough."

Yang Lin turned around and gave Chen Haoxuan what he thought was a gentle smile, but he didn't know how evil his smile was in Chen Haoxuan's eyes. Yang Lin said to Chen Haoxuan, "OK."

Chen Haoxuan and the three of them were in charge of the food, and Chen Yina and the girls were also in charge of their food, who made them boys!

After eating their fill in the canteen, Chen Haoxuan bought a few drinks at the entrance of the canteen and then went together to rest on the grass at the edge of the pitch.

Sitting on the grass, Yang Lin who had finished the coke in his hand early, he couldn't wait to say to Chen Hao Xuan, "Hao Xuan, while Zhu Tian has not left yet, let's go and get him in trouble now."

"Don't be in a hurry, it's not too late to wait for him to come out and then go and trouble him."
Chen Haoxuan smiled lightly and said.

After ten minutes, Chen Haoxuan handed his wallet to Yang Lin and let it at the entrance of the cafeteria, pretending to drop it on the ground when Zhu Tian came out and then quickly leaving. This way Chen Haoxuan had more excuses to flatten Zhu Tian.

Yang Lin put both Chen Hao Xuan's wallet and mobile phone in his trousers pocket, and with a bottle of Coke in his hand, he wandered blindly around the entrance of the canteen.

At that moment, Zhu Tian came out with his gang. When Yang Lin saw Zhu Tian coming out, he immediately turned around and turned his back on him, then suddenly took out his mobile phone, he deliberately dragged his wallet out of his pocket when he took it out, put the phone to his ear and said loudly: "Hey, what's the matter with me? Oh oh oh, I'll be right there." And with that he quickly left.

Chapter 253

Zhu Tian one of the punks behind him saw the moment when Yang Lin dropped his wallet, he quickly took a step forward and happily said to Zhu Tian, "Boss, look over there, a guy just dropped a wallet when he pulled out his phone."

Zhu Tian stopped in his tracks and looked in the direction his little brother was pointing, and indeed, he saw a bulging wallet on the ground. Zhu Tian wickedly smiled at the punk who reminded him, "Go get the wallet, it should have a lot of money looking at that bulge."

The punk ran over, picked up the wallet on the ground, returned to Zhu Tian and handed it to him with a pleasing smile, "Boss, here."

Zhu Tian took the wallet and once he opened it, a light of surprise appeared in his eyes, he saw that the wallet contained a dozen bank cards and about two thousand in cash, this was definitely a big money.

"Wow, boss, we're rich this time, if we can find the passwords to these bank cards we'll be rich." The punks around Zhu Tian showed greedy eyes, they wanted to take this finance for themselves, the problem was they didn't have the guts.

"Damn you, why are you shouting so loudly? Do you want to call the owner over? Come on, let's go to a deserted place and see if there's a code inside." Zhu Tian said seriously to his little brother, putting the wallet in his own pocket and leading his little brother towards the back garden of the school.

Yang Lin, who had already returned to Chen Haoxuan, said to him with a wicked smile, "Haoxuan, according to your plan, I just deliberately dropped my wallet on the ground in front of Zhu Tian and his men, and they didn't notice anything unusual, and are now taking your wallet and heading for the back garden of the school, so I guess they are going to share the loot."

Chen Hao Xuan stood up and said excitedly, "Then let's go to the back garden too, let's see what kind of expression he will have when he sees me again, I'm really looking forward to it."

Chen Haoxuan didn't let Chen Yina and the others follow, originally Ma Yichen - Chen Haoxuan didn't let him come either, but he was determined to see how Chen Haoxuan and the others opposed Zhu Tian, and he followed hard.

Chen Hao Xuan, Yang Lin, Liu Junfeng and Ma Yichen appeared not far from Zhu Tian and the four of them, and they could already see Zhu Tian and the others dividing the spoils.

In the woods in the back garden, Zhu Tian and the others were excitedly rummaging through the wallet they had just picked up, a bank card was placed on the ground, a stack of hundred dollar bills was placed with the bank card, when Zhu Tian took out the last card in the wallet, he found that it was not a bank card but an ID card, "Chen Hao Xuan?" When Zhu Tian saw the name inside the ID card, he blurted out in surprise.

"Boss, this wallet can't be Chen Hao Xuan's, can it?" One of the punks beside Zhu Tian said fearfully, he had been with Zhu Tian for a long time, he had been present when Zhu Tian was beaten by Chen Hao Xuan several times, and Chen Hao Xuan's ferocity had always made him unable to forget. He thought, if

this was all really Chen Hao Xuan's, what would Chen Hao Xuan do if he knew that they wanted to take the purse for themselves? Would Chen Hao Xuan have done the same as before?

At this moment, Chen Haoxuan appeared, and while walking towards Zhu Tian and the others, he roared loudly, "Zhu Tian, how dare you steal my wallet, do you want to die?"

Hearing Chen Haoxuan's voice, Zhu Tian dropped the ID card he was holding to the ground, stood up, quickly turned around and ran towards the back of the hill, his series of actions were so natural that he didn't even bother to think - his body just automatically stood up and ran away. Perhaps it was because Chen Haoxuan had left an indelible shadow and fear in his subconscious, making him think of the word "flee" as soon as he heard Chen Haoxuan's voice.

"Stand still." Chen Haoxuan roared loudly.

Zhu Tian was frightened by Chen Hao Xuan's roar, and he dared not run again. At this moment, Zhu Tian's little brother said to Zhu Tian, "Boss, I will call someone right now."

Hearing his little brother's words, Zhu Tian then remembered that he was the big brother of the triad society, the big brother with over a hundred gangsters, what else was he afraid of? He shouldn't still be afraid of Chen Haoxuan with such strength. Thinking of this, Zhu Tian turned around and the scared expression on his face was gone, replaced by a proud one. He said to Chen Haoxuan, "What do you want?"

Chen Haoxuan stopped at a distance of five metres from Zhu Tian, and he coldly said to him, "My wallet disappeared in the morning, and I was looking for it everywhere, and I unwittingly learned from a few students that a group of you had sneaked out to the back garden.

I have to admire you, I have taught you a lesson so many times, but you still dare to mess with me, this time you even stole my wallet, I am now very angry, so angry that I want to kill someone, but I know that killing someone is to be shot, so I decided to break your limbs, what do you think of this solution?"

"Chen Haoxuan, don't bully others with your power, you have money now, right? But let me tell you, money is not everything, I am no longer the old Zhu Tian, I am now a proper triad boss, I have hundreds of men, each one of them is a few of them is a desperado. If you fight with me, I believe you will be at a great disadvantage. Be smart and give me 100,000 RMB for tea, otherwise I will call hundreds of gangsters and they will come over immediately. Zhu Tian said confidently to Chen Haoxuan.

Chen Hao Xuan pretended to be surprised and said, "Wow, you're good, yo! I haven't seen you for just over a month, and you've become a triad boss with hundreds of minions, admire admire admire. But I'm not afraid of you, what I decide never changes, today I will teach you a lesson no matter what."

Zhu Tian was so angry with Chen Hao Xuan that he gritted his teeth, "You - you"

"Cripple, call for someone." Zhu Tian yelled loudly to his little brother.

"Let me remind you, you'd better call more people or you'll be miserable." Chen Haoxuan coldly said to Zhu Tian.

Mad, too mad, a few people wanted to challenge hundreds of them. "Good, that's what you said yourself." Zhu Tian angrily said to Chen Haoxuan.

"Get your men to the top of the hill at the back of the mountain! No one is bothered there." Chen Haoxuan suggested.

"Okay." Zhu Tian agreed, he didn't want to fight Chen Haoxuan in a crowded place either, it would easily attract the attention of the police.

Chen Hao Xuan also took out his mobile phone and called for someone, he asked Jiang Dong and the others to drive their motorbikes to the back of Xinshan University as fast as they could, and also asked them to wear full armour.

He didn't know that he was just a stepping stone to practice in Chen Haoxuan's eyes. If he knew the strength of Chen Haoxuan's minions, he would have chosen to retreat, but alas! He had just become the boss of a hundred gangsters and was overconfident, thinking that because he had more people, he could do whatever he wanted and see no one else.

Chapter 254

Chen Haoxuan and his men arrived early at the top of the back of the hill and both sides were waiting for their support.

Zhu Tian was sitting under a pine tree with his boys to get his strength up, ready to beat up Chen Haoxuan when their men arrived.

The rich and the poor are different, Chen Hao Xuan and his men are smoking cigars, while Zhu Tian and his men are smoking cigarettes that cost more than ten dollars, which makes them feel very shabby.

Zhu Tian's minions were all in Xinshan City, so his minions arrived early. Unlike Chen Haoxuan's minions who were all in Chenjia Village, it took most of an hour to gather.

"Boss, boss" One by one, Zhu Tian's minions arrived at the top of a hill behind the University of Xinshan City, which wasn't really a hill! It's just a relatively high, large dirt slope, and because it's so high and large, the locals call it a mountain.

Zhu Tian's confidence was growing as he saw more and more of his boys coming, half of his boys had already come and none of Chen Hao Xuan's men had arrived yet. But he wouldn't do that, he wanted to beat Chen Hao Xuan openly and then teach him a good lesson and casually extort some money to spend.

If Yang Lin knew what Zhu Tian was thinking, he would have called him an idiot, knowing that Chen Hao Xuan's men had beaten Matsui Ichiro, a self-proclaimed karate master, a month ago. If you don't attack when the enemy is weak, but wait until they get stronger, what kind of idiot is that?

Seeing that there were more and more people on Zhu Tian's side and that they were armed with cold weapons, Chen Hao Xuan was not afraid - Yang Lin was. Yang Lin worriedly said to Chen Hao Xuan

who was leaning against a tree and dozing, "Hao Xuan, our men haven't arrived yet and they've come in so many, what should we do? If they all come together now, how can we beat seventy to eighty of them with only four of us!"

"If you're afraid, you can go down the mountain!" Chen Hao Xuan said indifferently, his tone did not sound a trace of worry, as if he was completely sure of beating Zhu Tian and the other punks.

"I want to go down, but for the sake of face, I can't." What Yang Lin said was true, he was also out to be a gangster and knew that if he went out to be a gangster again after he had deserted the battle, there would be many people looking down on him.

At this moment there was one person who regretted the most, he was Ma Yichen, he regretted that he had followed Chen Hao Xuan and the others to the top of the mountain hard, now that was good! Zhu Tian has called 70 to 80 people, and each of them is holding a weapon, there are iron bars, machetes, chains The four of them are the only ones on Chen Hao Xuan's side, four people against seventy to eighty people, and the number of the other side is still increasing, how can this be a fight! He wanted to escape, but the problem was that if he did, wouldn't that mean he wasn't righteous enough? How could he still call himself a brother to Chen Haoxuan and the others in the future?

Chen Hao Xuan knew what they were worried about, so he spoke out, "You are worried that they will attack us without waiting for my people, aren't you? I'm not afraid of them, they're not necessarily my opponents with a hundred of them combined! But I have no problem protecting myself, but protecting you, I think you should go down the mountain! As long as I'm still on the mountain, Zhu Tian won't go after you guys."

"I I won't make a move is all, I'm the young director of the Kiai Group, I just don't believe I haven't messed with them - they dare to hit me." Ma Yichen said seriously, he was going to leave, but hearing Chen Hao Xuan say that Zhu Tian and the hundred or so of them were no match for him, this one sentence stayed him like a magic spell, he wanted to see just how strong Chen Hao Xuan was and if he could really fight a hundred with one.

"Hao Xuan, although we are not afraid of them, but they all have weapons, should we go and find some weapons too, otherwise we are at a disadvantage." Yang Lin reminded Chen Hao Xuan.

"At a disadvantage?" Chen Haoxuan laughed, with their kind of strength, if they had weapons in their hands, then Zhu Tian and the others might not even have the ability to fight back, and they could easily be killed by mistake because they didn't control their strength.

"If you really want a weapon, go find a wooden stick! Your strength now is already more than the average person, if you take a weapon like a machete, it would be easy to kill the enemy's so a wooden stick would be most suitable for you." Chen Haoxuan said with a light smile.

"Okay, I'll go and find a wooden stick." Yang Lin said, his strength he thought was better than the average person, but more than a hundred people, so he felt it was better to find a wooden stick as a weapon, at least it could block the machetes in the hands of those gangsters!

Liu Junfeng and Ma Yichen also went to look for a wooden stick, only Chen Hao Xuan did not, Chen Hao Xuan his own strength he himself knows, his current speed can be said to be the limit of human, if you do not look carefully, may not even see his hand movements.

After 20 minutes on top of the mountain, there were already more than 100 people on Zhu Tian's side, when Zhu Tian saw that there was still no one coming from Chen Haoxuan's side, he laughed, he was laughing at Chen Haoxuan, he said to Chen Haoxuan in a bullish manner, "Chen Haoxuan, are your little brothers too scared to come?"

Chen Haoxuan was smoking a cigar and ignored the arrogant Zhu Tian.

When Zhu Tian saw that Chen Hao Xuan did not say anything he was even more sure that Chen Hao Xuan was afraid of him, he once again spoke out bullishly, "Chen Hao Xuan, I see that you are a smart man, you should know by now which side the winner is on, be sensible and give me 100,000 RMB, as long as you give me 100,000 RMB, I promise to let you go and definitely not make things difficult for you."

"How about - I'll give you 100,000 RMB and you let me beat you up, okay?" Chen Haoxuan laughed, not giving Zhu Tian any face at all.

"You hang, you're still so hanged at this time, I doubt you're deliberately trying to come here to get killed today." Zhu Tian huffed at Chen Hao Xuan, he did not expect Chen Hao Xuan to face his hundred or so minions without the slightest expression of fear, and he dared to make him angry.

"I have billions of dollars, a beautiful and kind girlfriend, and a luxurious villa, would I be willing to die?" Chen Hao Xuan stood up and gave Zhu Tian a white look as he said.

Hearing Chen Hao Xuan's words, Zhu Tian became even angrier, his anger was tinged with thick jealousy, this man who used to be a wimp in his eyes, now's had a billion dollar fortune that everyone wanted to have, and a huge network of business connections, and even a mind that even all the teachers and students of Xinsan University couldn't match. And he, Zhu Tian, was now making progress, but such progress was insignificant compared to Chen Hao Xuan. He was not convinced, he thought he was even more powerful than Chen Hao Xuan, and he wanted to surpass Chen Hao Xuan from the path of the underworld.

"Chen Haoxuan, none of your men have come so far, do you want the four of you to fight us, or do you want to wait for your little brothers to come?" Zhu Tian coldly said to Chen Haoxuan.

Chapter 255

"If you want to fight now, then you only have to fight me alone, if you want a more violent fight, just wait a little longer, I have more than thirty minions who are quickly rushing here." Chen Haoxuan said to Zhu Tian indifferently.

A junior next to Zhu Tian suggested to Zhu Tian, "Boss, I think we'd better strike first! Otherwise, when his junior brothers come, it will be difficult for us to defeat Chen Haoxuan again."

Zhu Tian glared fiercely at the punk who reminded him, and he shouted angrily, "Are you the boss or am I the boss? Do I still need you to teach me how to do things? Do you think I am a fool? Let me tell you, the reason I waited for his little brother to arrive was to convince him to lose. Look at your eyes because you don't believe in my confidence, right? Let me tell you, Chen Hao Xuan only has about thirty of his minions, and although they are all quite powerful, even the most powerful man can hardly beat four hands, so what are you worried about!"

Chen Hao Xuan, who was twenty metres away, laughed, these hundred or so people couldn't even beat him alone, let alone beat Jiang Dong and his group of thirty or so people who had been training day and night for half a year.

"Since you're giving me face so much, just wait!" Chen Hao Xuan laughed darkly in his heart as he continued to sit under the tree and enjoy the feeling that nature brought him.

When Chen Hao Xuan and the others had waited for 40 minutes, the sound of a woo woo motor came from the foot of the mountain, the corner of Chen Hao Xuan's mouth curled up into a smile, he knew that Jiang Dong and the others had arrived.

Jiang Dong and his men all knew the purpose of their visit, two words "fight" They parked the car at the foot of the mountain and ran as fast as they could towards the top of the mountain, the sound of over 30 people's footsteps made Zhu Tian feel the pressure, he said secretly in his heart, "They ran up with all their strength, when they ran to the top of the mountain, how much physical strength would they still have How much strength will they have left?"

Jiang Dong and the others quickly ran to the top of the hill and lined up neatly behind Chen Haoxuan. Zhu Tian showed a surprised expression when he saw Jiang Dong, he had seen Jiang Dong and his current equipment before, when Jiang Dong and Ichiro Matsui and the others had competed in a match, the Jiang Dong of a month ago made him feel scared, but the Jiang Dong of now made him feel scared.

The aura emitted from Jiang Dong and the others, at a glance they knew they were experts, which their sharp eyes made Zhu Tian suspect that they were the big brothers.

"Boss, we're here." Lin Hao said loudly to Chen Hao Xuan.

"Well, you guys are a little slow, but I'm still satisfied. I asked you guys to come here today, and I have just said on the phone that someone wants to challenge you, so what should you do? Tell me?" Chen Haoxuan smiled and said to Jiang Dong and the others.

"Flatten him, beat them to death" Jiang Dong and the others shouted loudly, more domineering than hooligans.

Chen Hao Xuan turned around and said to Zhu Tian with a smirk, "My men have arrived, can we start!"

Zhu Tian did not reply immediately, he was hesitating, his current minions numbered over 130, four hundred of Chen Haoxuan's and his men, and everyone was holding weapons in their hands. But the problem was that although Chen Haoxuan and his men were small, they were all experts, to fight or not to fight?

At this time, a strong man came up to Zhu Tian and said to him, "Boss, there are more than 130 of us, and there are only thirty of them, let's go! Beat them to death in a group."

"Everyone listen to me, you must not underestimate them, they are few in number but they are all masters. They are masters yes, but we are triads, we have more people and we are not afraid of death, so no matter how good they are, we will guess them at our feet, brothers, after we take care of them today, I will treat you all to a dragon, now give me a go." Zhu Tian finished with a big wave of his hand, he did have a bit of ink and knew to turn up his little brother's battle spirit so that his chances of winning would also be greatly improved.

Chen Hao Xuan didn't say anything, he gave a slight wave of his hand, seeing Chen Hao Xuan's action, Lin Hao roared out and led Jiang Dong and the others towards those punks. Boom, the two forces collided together, Jiang Dong and the others did not pull out the daggers and other weapons they had brought with them, and fought Zhu Tian's minions empty-handed.

Zhu Tian's boys were ruthless and ruthless, with machetes and other weapons slashing at important parts of Jiang Dong's men. If Jiang Dong and his men hadn't been quick, they might have been put down by Zhu Tian's boys in a single glance.

Jiang Dong they do not use weapons because they are afraid of killing Zhu Tian's minions by mistake, so they now use their fists, their fists are not inferior to weapons at all, they can often spread a punk with one fist, a slap can make a punk confused, a kick can make a punk spurt blood

The group of people in a constant stream of screams, Zhu Tian heard these screams - face are white, more than one hundred and thirty people in the outside mix ah! Being beaten like this by more than thirty of Chen Hao Xuan's minions with their bare hands, shame too shame.

"Are you all trash? You're no match for anyone with weapons, cut them down, kill them, go on, if you win I'll invite you to a dragon, any kind of lady you like." Zhu Tian yelled loudly to his minions.

"It's useless to meet us - two dragons." Yang Lin shouted bullishly to Zhu Tian outside the crowd. He was holding a one-metre-long wooden stick and was knocking at people in the crowd as he saw them.

Among so many people in Jiang Dong's group, the most bullish was Zhang Tiezhu, his strength was frighteningly strong, he could hit people flying with one punch and often lifted people up and used them as weapons to still them out, plus his explosive muscles, Zhu Tian's minions hid when they saw Zhang Tiezhu, they were all afraid of meeting this fierce man.

Ma Yichen, Liu Junfeng and Chen Haoxuan, all three of them didn't go into fights. Liu Junfeng and Ma Yichen are the strength they know, running over to fight is also a waste of time, and said dead no different.

Ma Yichen, who saw Jiang Dong their bravery, was shocked, he could not help but say, "masters, all masters"

"I trained them for half a year, even losers should become masters, not to mention that they have been soldiers before." Chen Hao Xuan said proudly, seeing Jiang Dong and his men's current skills, it was as if he saw him standing at the top of the pyramid.

"Hao Xuan, if you go into the triad society, then you must be a godfather of the triads that scares people." Ma Yichen said to Chen Hao Xuan.

"Ma Yichen, although Hao Xuan is not a triad now, his strength is much greater than the triads." Liu Junfeng spoke out to Ma Yichen.

"Triad society, I won't do it because I am a patriotic person and I will never do anything that endangers the country. So I won't go into the triads, more than that I want to destroy those triads that mess with me, I want to treat the triads more ruthlessly than them." Chen Hao Xuan said seriously, what he said was true because he was a soldier in the future century and soldiers naturally hate triads.

Chapter 256

"Zhu Tian, it seems that you are still a waste like before, your hundreds of junior brothers are even more wasteful than you, more than a hundred people can't even beat thirty people, if I were you guys, I wouldn't even have the face to say that I am out to be a gangster." Chen Hao Xuan arrogantly said to Zhu Tian, he was deliberately provoking him, he was trying to get Zhu Tian to show his real strength and fight him.

Chapter 257

Chen Hao Xuan took Yang Lin and the others back to Xinsan University, while Zhu Tian stayed behind to clean up the mess. Zhu Tian made many calls to his friends on the road, he didn't dare to call an ambulance because all of his more than 130 men were seriously injured, if he called an ambulance, the police would definitely know and once they investigated him, he would be finished as a boss.

In order not to let the police know, he called his good friends and asked them to send his men to each hospital in batches, five or six to each hospital, so that the police would not know.

He had made a lot of money from his men in the past month or so, and had even bought a car, but now all of his men were seriously injured, and if he wasn't going to pay for the medical bills, should he go to Chen Hao Xuan? In order to pay the medical bills for his brothers, he sold his newly bought car to his friend as second-hand goods and took all the money he had earned during this period to pay for his brothers' medical bills.

These little brothers of his were his greatest asset, as most of his little brothers were from the Black Heart Gang, whose skill was stealing, and the money he had now was earned by them for him. He had already thought about it, he would never mess with those who were stronger than him in the future and keep a low profile with his minions to make money.

As soon as Ma Yichen and Yang Lin returned to Xinsan University, they went around and blew the whistle on Chen Hao Xuan's defeat of Zhu Tian again. Hearing the news that Zhu Tian had been defeated by Chen Hao Xuan, everyone at Xinsan University smiled sincerely, Zhu Tian was a tumour at Xinsan University and anyone wanted to get rid of him, but Zhu Tian's strength was so great that no one dared to deal with Zhu Tian, only one person dared, and that was billionaire Chen Hao Xuan.

Zhu Tian was the number one bully at the university in Johor Bahru, and when Zhu Tian was defeated by Chen Haoxuan, that number one bully on campus naturally went to Chen Haoxuan.

Zhu Tian was more than just a money grubbing punk, he was also a pervert** and many girls were molested by him at the University of Johor Bahru. The only time when Chen Haoxuan was at the University of Johor Bahru, Zhu Tian would be a little less aggressive, but when Chen Haoxuan was not at the University of Johor Bahru, Zhu Tian became lawless.

Ma Yichen he posted this quote on the student website of the University of Johor Bahru: "As long as Chen Haoxuan is around, Zhu Tian wouldn't dare to let out a single fart." This sentence resonated with all the students and teachers at Xinsan University, who felt the same way, and many of them replied to Ma Yichen's sentence, expressing their agreement with Ma Yichen's words.

In the lawn in front of the library, where Chen Haoxuan and his team were sitting and chatting, Ma Yichen, pointing to the screen of his laptop, said excitedly to Chen Haoxuan, "Haoxuan, what a thrill! Look at Xinsan University online, all the students are proud of you, they all hope you won't leave Xinsan University again, they are afraid that once you leave, Zhu Tian will come back as a landlord."

Chen Hao Xuan lightly said to Ma Yichen, "Tell me how many students and teachers does the University of Johor Bahru use?"

Ma Yichen thought for a moment and said, "There should be more than 10,000 students and teachers!"

"That's right, that's more than 10,000 people! If they unite, who would dare to mess with them?" Chen Haoxuan said.

Ma Yichen slapped his thigh and said with a sudden realization, "Yes! There are so many students and teachers at the University of New City, if we let them unite, we can destroy as many punks as come from outside."

"So! They don't need me, they need themselves, and only they can protect them for the rest of their lives." Chen Hao Xuan lay back and tried to sleep on the lawn.

Chen Haoxuan he did not know that there was someone behind him, a beautiful beauty, she was Hua Lingwei who had become very low profile during this period of time, ever since Chen Haoxuan had a girlfriend she had become silent, although Chen Haoxuan still called her out to play like before, but every time her deliberately stayed away from Chen Haoxuan. She was trying to keep her feelings for Chen Hao Xuan buried at the bottom of her heart, not wanting anyone to see it.

At this moment Hua Lingwei was in a daze and she did not notice Chen Hao Xuan tripping backwards. When Chen Hao Xuan lay down, his head just happened to be resting on Hua Lingwei's thighs. Chen Hao Xuan opened his eyes and the first thing he saw was a pair of shuangfeng, then a beautiful face, followed by a fragrance unique to young girls. Chen Hao Xuan felt very comfortable, so comfortable that he did not want to get up, he saw that Hua Lingwei did not object, so he simply kept lying like this.

Today Hua Lingwei was wearing the kind of jeans that were very short. When Chen Hao Xuan laid down this way, Chen Hao Xuan's short hair tickled her thighs, her body became stiff, her heart was pounding, her body was heating up, and his face was flushed. Now she didn't know how to handle Chen Haoxuan well, whether to push Chen Haoxuan up or let Chen Haoxuan continue to lie on her lap and sleep.

Chen Haoxuan, who was sleeping on Hua Lingwei's lap, faintly sighed in his heart, "Holy sh*t, it turns out that lying on a girl's lap to sleep is so comfortable."

Zhou Kexin and the girls were all playing on the computer and didn't care about what was happening behind them. Hua Lingwei also did not immediately push Chen Hao Xuan away because Zhou Kexin and the girls did not notice, she slowly moved her foot, signaling Chen Hao Xuan to get up. But Chen Haoxuan turned over and lay on his side, his pillow on Hua Lingwei's inner thighs, the most

sensitive part of a girl's body. Hua Lingwei's face and neck were red through and through, she was now so shy.

Chen Hao Xuan also reacted, he relied on the feeling coming from his head to know the part he was now pillowing, pillowing all the pillows what else can be done? What else could he do? Could he ask Hua Lingwei to pillow his inner thighs as well? Chen Haoxuan rolled over again directly onto the lawn.

"Hoo" Seeing Chen Haoxuan leave, Hua Lingwei finally let out a sigh of relief, thinking that if Chen Haoxuan continued like this, her desire might be tickled by Chen Haoxuan. Because just now when Chen Hao Xuan tripped on her lap, she wanted to hug Chen Hao Xuan so badly, wanted to tongue kiss Chen Hao Xuan so badly, until Chen Hao Xuan left, this desire only disappeared, but in its place was a feeling of clinging.

"What the hell am I doing? He has two girlfriends already, why am I still thinking about him? A philandering man like him is not something I should love, so why am I still thinking about him? Why?" Hua Lingwei's heart was torn.

Unknowingly Hua Lingwei remembered what Zhou Kexin had said to her before: "For my sake, he jumped into the river despite the danger to his own life, he used his last ounce of strength to let me hold on to the rope, and the disarmed man was swept away by the river, if not for his good fortune - he would have died long ago, doesn't such a man Isn't such a man worthy of my love? He could have died for me - what's the point of me giving up my dignity to be a mistress for him?"

Chapter 258

"If only he wasn't so good, but if he wasn't good how could I have looked at him? Ugh, I must have owed that in my last life." Hua Lingwei said darkly in her heart.

Chen Hao Xuan sat up and sat beside Hua Lingwei, he whispered to Hua Lingwei, "I feel like you've been avoiding me on purpose lately, why is that?"

"I... I" Hua Lingwei squeaked, not knowing how to answer Chen Haoxuan's words.

"Come on, let's go to the back garden of the school to talk!" Chen Haoxuan whispered to Hua Lingwei, saying that he got up and walked towards the back garden of the school, he didn't greet Zhou Kexin and the girls when he left, obviously not wanting Zhou Kexin and the girls to know.

Looking at Chen Hao Xuan's departing back, Hua Lingwei kept repeating the words in her heart: "To go - or not to go, to go"

In the end Hua Lingwei could not control her feelings for Chen Hao Xuan, she herself did not know what she wanted to say to Chen Hao Xuan in the back garden, she just wanted to go and spend some time alone with Chen Hao Xuan.

Not long after Chen Haoxuan arrived in the back garden, Hua Lingwei arrived. Chen Haoxuan sat on a bench and he waved to Hua Lingwei. Hua Lingwei was sitting next to Chen Haoxuan, and they were separated by the width of a man.

Chen Haoxuan turned his head to Hua Lingwei and said, "Tell me, why have you been avoiding me on purpose lately?"

"No-, I really didn't avoid you on purpose." Hua Lingwei lowered her head, her voice could be compared to a mosquito.

"Ah...? What did you just say?" Hua Lingwei's voice was really too small, which made Chen Hao Xuan, who had very good ears, not even hear.

Hua Lingwei again squeaked and repeated what she had just said, "I-I really didn't intentionally avoid you."

This time Chen Hao Xuan heard her, and Chen Hao Xuan spoke out, "No why do you always avoid me whenever I call you out, this is not like the old you, you used to be very clingy to me."

Hearing Chen Haoxuan's words, Hua Lingwei said secretly in her heart, "You have a girlfriend now, and there are two of them, do I still dare to stick to you?" In her heart, she thought so, but she did not dare to say so with her mouth, she explained to Chen Hao Xuan, "You have a girlfriend now! If I stick to you like before, won't your girlfriend get jealous?"

"If you keep clinging to me, they'll get used to it over time, and it's not like they're hugging and kissing me or anything intimate like that anyway." Chen Haoxuan said with a smile.

"Hmph, that's easy for you to say, that's why I've grown attached over time." Hua Lingwei cursed in her heart.

"I don't want them to misunderstand me!" Hua Lingwei meant what she said.

"Don't you worry! They won't misunderstand you because they all treat you as their best friend." Chen Haoxuan said with a smile.

"Although you're a very smart boy, no matter how smart you are, you can't understand women's hearts because women sometimes don't even know what they're doing themselves! Just like" Hua Lingwei quickly covered her mouth with her hand when she said this, she had just almost blurted out her feelings for Chen Hao Xuan, luckily she came to her senses quickly, otherwise she didn't know how she would still face Chen Hao Xuan in the future.

"Just like what?" Chen Haoxuan asked afterwards.

"Just like - oh yes, just like Kexin, who is obviously a very proud person and always dreamed of finding a perfect prince charming. But after she met you, she changed, she put aside her status as a thousand-year-old lady to be your mistress. Do you think it's hard to understand a woman's heart?" Hua Lingwei said.

"Hearing you say that, a woman's heart is really quite difficult to understand." Chen Haoxuan looked like he had a dawning realization and said.

"That's right! That's why I should try not to get too close to you, otherwise it would be bad if Kexin and the others misunderstood." Hua Lingwei said.

"Then, if you say so, it's better if we don't see each other?" Chen Haoxuan said indifferently.

Hearing Chen Hao Xuan's words, Hua Lingwei tensed up, she was really worried that Chen Hao Xuan would ignore her, she quickly waved her hand and explained, "No, no, no, I don't mean that, I mean it's better if we don't get too close, otherwise Kexin and the others would misunderstand."

"This fear which fear, what exactly are you afraid of? Do you like me too? So you are worried about being known by Ke Xin and the others?" Chen Haoxuan said seriously to Hua Lingwei.

Hua Lingwei covered her small mouth with both hands, a surprised expression, and said secretly in her heart, "Ga, could it be that he already knows that I'm crushing on him?"

"Look at your expression, it can't be true, right?" Chen Haoxuan questioned.

"N-No, absolutely not, you're Kexin and the girls' boyfriend, how can I steal boyfriends from them!" Hua Lingwei explained as she waved her hands, her heart pounding, so nervous.

"Surprisingly not, so what are you afraid of? If they misunderstand you, just explain to them! There's no need to avoid me on purpose!" Chen Haoxuan said.

"Okay... okay!" Hua Lingwei lowered her head and said indifferently.

"That's right! Come--." Chen Haoxuan patted the middle seat, gesturing for Hua Lingwei to sit over.

Hua Lingwei slowly sat against Chen Hao Xuan, and just as she sat down, a middle-aged woman passed by them. The middle-aged woman inadvertently spotted Chen Hao Xuan and the others as she passed by them, and she stopped her hurried steps and said to Hua Lingwei with a kind smile, "Wei Wei, is this your boyfriend? How handsome, when did you go out with him?"

Like a frightened rabbit, Hua Lingwei stood up with a swish of her hand and hurriedly waved her hand to explain, "Old... teacher, he... he's not my boyfriend, he's Chen Hao Xuan."

"Chen Hao Xuan? I've heard of him, I've heard that he's a very smart boy who comes up with questions that even the teacher can't answer. O Wei Wei! Don't lie to the teacher either, if he's not your boyfriend why are you sitting so close to him? Wei Wei, he is a genius, you should cherish him!" The middle-aged woman said to Hua Lingwei in a very relieved manner.

"Teacher, he's really not my boyfriend." Hua Lingwei seriously explained to the middle-aged woman.

"No? Oh, that's okay, you should work harder to get him, then you'll be your boyfriend! Go for it! I support you." The middle-aged woman said happily to Hua Lingwei.

"Teacher, you are really wrong, he has a girlfriend, his girlfriend is Chen Yina, so there is no hope for me and him, teacher, don't misunderstand us anymore." Hua Lingwei explained.

"Then... then you guys?" The middle-aged woman pointed at Chen Haoxuan and then Hua Lingwei, her expression was full of doubt, she was wondering if Chen Haoxuan and Hua Lingwei were cheating on each other.

Hua Lingwei could see what her teacher meant and she explained, "Teacher, Chen Haoxuan and I are very good friends, so it's normal for us to sit close together."

"Oh, then you guys keep talking, teacher has something to do, so I'll leave now, bye." The middle-aged woman said and left, she left with her doubts, she didn't believe Hua Lingwei's words! Can a pair of friends sitting together show the kind of sweetness that only a couple can show?

Chapter 259

Hua Lingwei turned around and beamed, huffing and puffing at Chen Haoxuan, "Look, as soon as I get close to you, I get misunderstood."

Chen Hao Xuan spread both hands and said helplessly, "It's not my business, how come I didn't do it, it's your teacher who misunderstood it himself, if you want to blame it on your teacher's lack of information, he didn't even know that I had a girlfriend."

"I think it's better if we don't get too close." Hua Lingwei was still worried about being misunderstood.

"What are you afraid of if I'm not afraid? Let's go, let's go back." Chen Haoxuan said and pulled Hua Lingwei's hand and left.

"Hey, you quickly let go of my hand, if Nana and the others see it, they will be jealous." Hua Lingwei shouted nervously.

"They're jealous - I'll explain to them." Chen Hao Xuan said indifferently, holding Hua Lingwei's hand, Chen Hao Xuan felt very natural, perhaps it was because he had grabbed Hua Lingwei's breast and slept with Hua Lingwei's thighs, so holding Hua Lingwei's hand felt like no big deal.

Being pulled by Chen Hao Xuan all the time, Hua Lingwei secretly thought in her heart, how nice it would be if Chen Hao Xuan kept holding her hand and walking for the rest of her life! Unfortunately, Chen Haoxuan was already someone else's. In fact, Hua Lingwei quite blamed herself, when Chen Hao Xuan was not yet with Chen Yina, she had a crush on Chen Hao Xuan, and her boss had always supported her to be with Chen Hao Xuan, while she had been afraid of this and dared not to confess her feelings to Chen Hao Xuan, now well, Chen Hao Xuan would never be her boyfriend again.

Chen Haoxuan kept holding Hua Lingwei's hand to the lawn in front of the library and still wouldn't let go, which made Hua Lingwei very anxious, she was worried about being seen by Chen Yina and the girls.

"Nana." Chen Haoxuan stood behind Chen Yina holding Hua Lingwei's hand and called out to Chen Yina who was sitting on the lawn playing computer games with Zhou Kexin.

Hearing Chen Haoxuan's call, Chen Yina immediately turned around and looked back. When she saw Chen Haoxuan holding Hua Lingwei's hand, she was first startled, but her expression quickly returned to normal. She smiled and said to Chen Haoxuan, "Brother Xuan, did you call me for something?"

"It's like this, you should also be able to feel that Weiwei is still deliberately avoiding me whenever she sees me these days, so I got curious, so I dragged her to the back garden alone for a talk, only to find out that she was afraid of you guys misunderstanding, that's why she didn't dare to get too close to me. As a real friend, it's normal to hold hands and hug each other's shoulders. Nana shouldn't mind, huh?" Chen Haoxuan said to Chen Yina.

"Of course I won't mind! Because I trust my own boyfriend, I won't mind even if you have an affair with her, because I've heard a saying that if you really love him, you love him all the way." Chen Yina said with a sweet smile.

Chen Haoxuan turned his head to Hua Lingwei who was bowing her head shyly and said, "Weiwei, look, how understanding my girlfriend is! So you don't have to worry about anything, just act like you did before."

"Oh." Hua Lingwei responded, she could hear that what Chen Yina had just said was true, and she admired Chen Yina's sacrifice. If you really loved him, you loved him all the way. She understood what that meant, but she couldn't do it, couldn't even love her own love interest.

At this point Zhou Kexin interjected, "Wei Wei, I feel you should learn from me, look I'm not afraid of Nana's misunderstanding, friends! It's normal to be close."

"I learn from you? Do you want me to be Chen Haoxuan's mistress like you? I'm not as great as you!" Hua Lingwei said darkly in her heart.

.....

Ever since that day when Chen Hao Xuan relieved Hua Lingwei of the worries in her heart, Hua Lingwei no longer deliberately avoided Chen Hao Xuan as she did before, but was very clingy to Chen Hao Xuan, so clingy that Chen Hao Xuan was a bit overwhelmed. Because where Chen Hao Xuan is, there is Hua Lingwei, Chen Hao Xuan goes out for tea, dinner, singing karaoke, going to nightclubs, Hua Lingwei basically will follow, not only her, even Zhou Kexin too, where he goes - they go!

The first thing you need to do is to get a good idea of what you're getting into.

Chen Haoxuan did not go back during this period of time, and spent every day on campus, attending classes, playing basketball, football during the day, and going to various sex establishments at night, to which Yang Lin took Chen Haoxuan. For this reason Zhou Kexin and the girls scolded Yang Lin every day for bringing Chen Hao Xuan down, and for this reason Yang Lin himself was aggrieved, because it was Chen Hao Xuan who asked him to take him there.

Zhu Tian, since Chen Hao Xuan returned to Xinsan University again, he has never been seen at Xinsan University again. In Zhu Tian's eyes, the University of Johor Bahru was not a place to study, but a place to pick up girls, show off and make money. His biggest enemy was at the University of Johor Bahru, how dare he go back, he could never forget what Chen Hao Xuan had told him before: see you once - beat you once.

With someone to help him with his career and a beautiful woman to keep him company every day, it would not be an exaggeration to say that he was living a life of a god.

On the evening of November 19, Chen Haoxuan received a phone call from Jiang Xianghan, in which Jiang Xianghan said she wanted to invite him to her home for dinner and wanted him to do her a favour. Chen Hao Xuan thought that Jiang Xiang Han really needed help with something important, so he let Zhou Kexin and the girls go off on their own while he drove to Jiang Xiang Han's house alone.

Chen Haoxuan had never been to Jiang Xianghan's house before, so he followed the place Jiang Xianghan had given him before and found his way here. Jiang Xiang Han lived in a very ordinary high-rise building, she lived on the rooftop and there was no lift in this high-rise building, so she could only climb up step by step.

Chen Hao Xuan climbed up to the eighth floor before he reached Jiang Xiang Han's home. It was good that it was the current him, if it was the old him climbing eight floors in a row, he would have been exhausted and panting.

Ling Ling Ling Ling Chen Hao Xuan rang the doorbell several times in succession and soon the door opened, dressed in a translucent shirt and very short jeans, such a sexy outfit. "You're here! Come on in." Jiang Xiang Han pulled Chen Haoxuan inside.

Walking into Jiang Xiang Han's house, Chen Hao Xuan felt like he had walked into a fairy tale world, Jiang Xiang Han's house was decorated with lovely things everywhere, pink carpets, sponge sofas, huge cloth dolls, and the roof and outside were hung with wind chimes, and whenever the wind blew, all the wind chimes would make a pleasant sound.

"Sister Chill, your house is really unique yeah! Even the TV has a pair of golden girls holding it, where did you buy such a TV? I want to buy one for Nana too." Chen Haoxuan said to Jiang Xianghan.

"I had a lot of these things made by the people at the garment factory, so there's no way to buy them outside." Jiang Xianghan replied.

Chapter 260

"Now I realise that you and I both have the same personality, spending money to order things you like when you can't buy them outside." Chen Haoxuan said with a smile.

"That's why we hit it off so well! Come on, Hao Xuan, I've prepared a candlelight dinner on the rooftop." Jiang Xiang Han happily said to Chen Haoxuan.

Chen Haoxuan walked out of the house to the roofless rooftop and saw a table in the centre of the rooftop with several candles still burning on the table and candles burning elsewhere, and with the wind chimes making a pleasant sound, Chen Haoxuan felt so Lang-comic here.

"How about it, doesn't it feel so Lang Comic?" Jiang Xiang Han said happily.

"Yes, you have more emotions than me." Chen Haoxuan said with a smile.

"Actually, I didn't ask you to come over today for anything important, I just want to have a candlelight dinner with you that's all." Jiang Xiang Han said with a smile.

"Then I'll thank you for the candlelight dinner you prepared for me, I'll definitely enjoy it." Chen Haoxuan said.

Chen Haoxuan and Jiang Xianghan sat down, Jiang Xianghan opened the champagne and poured two glasses of champagne, Chen Haoxuan reached out to take the champagne Jiang Xianghan handed him and said with a smile, "Thank you."

"To today's Langman, let's drink to that." Jiang Xiang Han's goblet and Chen Hao Xuan's goblet clashed together, making a pleasant sound and a spark of love at the same time.

Lang Man is not too many words needed, Chen Haoxuan and the girls were quietly sipping champagne and listening to the wind chimes bringing them wonderful sounds.

After a while, Chen Haoxuan took out seven goblets from Jiang Xianghan's house, poured some champagne into each goblet, and then took two chopsticks made of stainless steel and knocked them up. Beautiful sounds came out from the goblets, sounds with Lang Manga, love, tenderness, joy

As soon as Chen Haoxuan finished knocking out a song and stopped, Jiang Xianghan snapped and clapped, "Haoxuan, you're really good, the sound you knocked out sounded good yo!"

Chen Haoxuan raised his hand and swept his hair, saying proudly, "That's for sure."

"Hao Xuan, I have a very important thing to tell you, I hope you can say yes." Jiang Xiang Han said seriously to Chen Hao Xuan.

"What is it?" Chen Haoxuan asked.

"I - I want a child." Jiang Xiang Han said nervously.

"Ah..., you want a child? Did you find someone you like and want to get married?" Chen Haoxuan asked in surprise, thinking to himself when did Jiang Xianghan have a boyfriend, how come he didn't know? Why would he invite him to a candlelight dinner if he had a boyfriend, what was going on here?

"There's no one else I like other than you. I mean I want to have a child with you, I want to be alone, so you should understand." Jiang Xiang Han said seriously to Chen Haoxuan.

"You mean I'll have a child with you and then not let anyone know that the child is mine and you'll bring it up alone?" Chen Haoxuan said in surprise.

"Well, that's what I mean." Jiang Xiang Han said.

"I know you want a companion, but the question is if I do have a child with you, what about the child's future? Will he be happy with a child who has no father? Sister Han, you are so outstanding, in fact you just need to set your eyes lower, you will definitely find many outstanding boys. Then find the most suitable man of your choice, marry him and have children." Chen Haoxuan said seriously to Jiang Xianghan.

"I know my vision is too high, which has caused me to be single now, but what can I do, just like you, you are so smart now, do you want to make yourself stupid? Even if you could stop being stupid, would that still be you?" Jiang Xiang Han said tangledly.

Chen Haoxuan disturbed the back of his head and giggled, "If only I had a twin brother, so you wouldn't have to bother."

Jiang Xiang Han stood up, walked over to Chen Haoxuan, grabbed Chen Haoxuan's arm, shook it gently and pouted, "Haoxuan, just have one with me! I promise I will treat the child well and make him live a happy and exciting life."

Chen Hao Xuan looked up and said to Jiang Xiang Han, "Sister Han, I'm really sorry, I really don't want my child to be born without a father with him."

"Hao Xuan, are you just willing to keep watching me be so lonely?" Jiang Xiang Han said pitifully to Chen Hao Xuan.

"What about your good sister, Han Yuechan? You can ask her to bring the child and move in with you, so you won't be alone." Chen Haoxuan said.

"But that's not a permanent solution! Han Yuechan she will definitely marry someone else in the future, and then I will still be alone." Jiang Xiang Han said unhappily.

"Apart from having a child, what do you think we should do?" Chen Haoxuan smiled bitterly at Jiang Xianghan, he didn't expect that Jiang Xianghan had called him here today because he wanted to have a child.

"Then you marry me." Jiang Xiang Han said seriously to Chen Haoxuan, she really wanted to find a husband who was excellent at looking after and loving, even if she couldn't get one in the end, she still wanted to have a child for that person she loved.

"Sister Han, you know my situation, I've already done a lot of things wrong to Nana, if I abandon her - am I still a human being? So Sister Han, I'm sorry, having a child and marrying you, I can't do either." Chen Haoxuan said with a bitter face.

"Fine! Then you promise me one request at best, that you must come and keep me company once every week." Jiang Xiang Han said.

"Okay, I promise you, as long as I have time, I promise to come." Chen Haoxuan said with a smile.

"Then don't go back today, you belong to me alone tonight, carry me to my room." Jiang Xiang Han wrapped her arms around Chen Haoxuan's neck and said warmly.

Chen Hao Xuan stood up, picked Jiang Xiang Han up in one go and walked towards the house.

An hour later, inside Jiang Xiang Han's room, Jiang Xiang Han said breathlessly to Chen Hao Xuan who was riding on top of her, "Hao Xuan, stop, I can't, you let me rest for a while." For Chen Haoxuan in this aspect, she was kind of convinced, cumming once in an hour, while she had already done it several times.

Chen Hao Xuan was very appreciative of Jiang Xiang Han, he stopped, lay down next to Jiang Xiang Han and tenderly said to her, "Are you tired?"

"I'm almost out of breath to talk, do you think I'm tired? You tell me honestly, did you take medicine or not? Why else are you so strong?" Jiang Xiang Han asked Chen Haoxuan seriously.

Chen Hao Xuan laughed bitterly, "All the girls who have slept with me would say that, in fact I really didn't take any pills, why I am so strong in this aspect, I don't know. In fact, I feel very special myself, you see, I trained under the sun every day some time ago, when all my men were tanned, but my skin is still

as white as jade as before, and also I get well quickly from my injuries, my hands and feet are very flexible"

"Brothers, Chen Hao Xuan humiliated us and called us trash, how do you want to prove that you are not trash? I tell you, that is to put them down and shatter them." Zhu Tian roared loudly in anger.

Although Zhu Tian was furious, he never rushed up to help his little brothers, he knew himself, he knew that he was not a match for Chen Hao Xuan, nor was he a match for Chen Hao Xuan's men, the only thing better than Chen Hao Xuan was that he had more men than Chen Hao Xuan, he could only fight Chen Hao Xuan in terms of numbers.

Zhu Tian's men were already lying on the ground and moaning. Looking at those punks rolling around on the ground with their bodies bowed, Zhu Tian was frantic, the same people, why were Chen Hao Xuan's men so good and his men so bad, so bad that hundreds of them could not take down Chen Hao Xuan and his men, instead, Chen Hao Xuan's men took down more than twenty of them.

They were so bad that they couldn't even defeat one of Chen Hao Xuan's men. According to them, this was a desperate attempt to escape from the battlefield.

"Cut them down, cut them down." Zhu Tian's minions were like on a stimulant, frantically fighting for their lives.

It seemed crazy, but they were obviously powerless in front of Jiang Dong and his masters, who were still advancing step by step, and those punks who had just madly rushed towards them were either kicked away by them or knocked away by their fists.

At this time Chen Hao Xuan spoke again, he said loudly to Jiang Dong and the others, "Lin Hao, Jiang Dong, you guys are too bad, right? They're just a bunch of punks, it took so long for them to get it done, are you guys taking it easy? Take it seriously, show your full strength, I ask you to get rid of them all in the shortest possible time."

"Brothers, the boss has given the word, let's go for it and see who puts down the most punks." Jiang Dong roared loudly.

"Ah..., pour them all down for me." Zhang Tiezhu opened his hands wide and charged forward desperately, the people in his way were knocked down by him, a human tank, one after another.

Lin Hao being the captain of the team he saw how brave Zhang Tiezhu was, he was not willing to be left behind, a jab directly hit a punk's face, the punk's nose bled and blood and a few teeth spurted out of his mouth. Then Lin Hao spun around and landed an uppercut to the jaw of one of the punks, who tumbled backwards and fell to the ground and never got up again. Jumping knees, sweeping legs, slashing elbows, every move Lin Hao made would send a punk down.

The others did the same, pulling out all their strength to clean up Zhu Tian's minions.

Zhu Tian's minions fell like wheat, piece by piece, while Chen Hao Xuan's men were like reapers, putting down anyone who stood in their way.

"Is this... is this still human?" Zhu Tian's expression was as surprised as it could be, he had never seen anyone powerful to this extent, especially the impression Zhang Tiezhu gave him, one person pushed down a dozen people in a row, even an ox was not as strong as him.

Twenty minutes later, Lin Hao and the others ran to Chen Hao Xuan in unison, Lin Hao excitedly said to Chen Hao Xuan, "Report boss, all the enemies have been put down by us, what to do next, please give orders to the boss."

"Hehehe, I let you guys come over today so that you can experience a real battlefield, but unfortunately the enemy is so bad that they let you guys take care of them easily. But even though they suck, their combat power is still that much better than ordinary people, so you guys should know your strength now, right?" Chen Haoxuan laughed.

"Of course I know, with just the thirty or so of us, we can beat two hundred people with the same strength as these punks without a problem." Jiang Dong said loudly to Chen Haoxuan.

"Two hundred won't be a problem? Hehehe, are you guys human or ghosts?" Zhu Tian sighed, he was now completely defeated, he had once again lost at the hands of Chen Hao Xuan, every time he had lost at Chen Hao Xuan's hands before he had been hospitalized by Chen Hao Xuan, this time he did not know how long he would have to go to the hospital again.

"Let me tell you, your current strength is already very strong in the eyes of ordinary people, but don't be proud of yourselves, because there are people who exist in this world who are stronger than you, for example, I am stronger than you. If you want to be invincible masters in the world, don't be lazy, train for me every day, and when you really become masters, you definitely won't regret what you have given." Chen Haoxuan said loudly.

"Yes, we will definitely not fail to live up to our boss's cultivation." Lin Hao and the others replied in unison.

"Today's training is complete, you guys can go back." Chen Haoxuan waved his hand at Jiang Dong and the others and said.

"Training? A fire fight with hundreds of punks is just training, that's too much of a stretch, right?" Ma Yichen said in his heart in surprise, realising that he was like a very ordinary person who couldn't understand what Chen Haoxuan and the others were thinking.

Lin Hao and the others left, leaving only a trail of injured people behind. Chen Haoxuan he walked step by step towards Zhu Tian, Zhu Tian did not flee, he had lost the courage to escape, he saw Chen Haoxuan walking towards him, he could not help but kneel down first, his expression was scared as he looked at Chen Haoxuan.

Chen Haoxuan walked up to Zhu Tian and slowly extended his hand. Zhu Tian thought Chen Haoxuan was trying to beat him and he was afraid, so he simply closed his eyes and waited for Chen Haoxuan to destroy him. But to his surprise, Chen Haoxuan said, "Give me back my wallet."

Zhu Tian was stunned and did not react for a moment, and it was only when Chen Haoxuan repeated the sentence again that he reacted, and he quickly pulled out Chen Haoxuan's wallet and handed it to Chen Haoxuan with both hands, "Xuan - Brother Xuan, your wallet."

Chen Haoxuan took his wallet, opened it and looked at it, and found that nothing was missing. After putting the wallet back into his pocket, he said coldly to Zhu Tian, "Don't steal from me next time, I was going to beat you up today, but many of your minions are seriously injured and you need to leave someone to take care of them, so I'll let you off today, now hurry up and call an ambulance! Otherwise your little brother won't be able to carry the load."

"Thank you Brother Xuan, thank you Brother Xuan" Zhu Tian excitedly said to Chen Haoxuan, he didn't expect the ruthless Chen Haoxuan to let him go, he was happy, happy that he didn't have to go to the hospital this time.
