

## A Billionaire's Reincarnation Chapter 261-270

### Chapter 261

"So you mean you were born to have a lot of concubines!" Jiang Xiang Han joked.

"I think so, because you see! In this life I am handsome, billionaire and extremely smart ....., what girl wouldn't like such a man, don't you think so!" Chen Haoxuan joked.

Jiang Xiang Han sidled up to Chen Haoxuan's neck and laughed, "I wasn't interested in you when I met, and by the time I was interested in you you had already been snatched up by someone else. If I had made a move on you when I knew, even if you were philandering you wouldn't have had the guts."

"Fine, then! I will definitely not be philandering after you feed me." Chen Hao Xuan said as he once again pressed Jiang Xiang Han underneath him.

"Oops! What are you doing? I haven't recovered my strength yet! Not yet, don't - I'm really tired, let me rest, ah, you heartless, you really don't care if I live or die, slow down you ....." Jiang Xiang Han moaned continuously.

"Still coming? No - it's not working, I really can't."

"If you die under the peony, you'll be a ghost, I'll sacrifice my life to accompany the beauty today, come again!"

"No!"

That night, both Chen Hao Xuan and Jiang Xiang Han went crazy, Jiang Xiang Han even almost passed out, which showed how strong their madness was.

The next morning, Chen Hao Xuan got up and made all the breakfast, Jiang Xiang Han didn't even get up, even when Chen Hao Xuan pushed her, she didn't even wake up. Jiang Xiang Han was such fatigue was his fault, as a man should be in charge, so Chen Hao Xuan put the breakfast into the thermos.

Jiang Xianghan was definitely unable to manage the business in this state, so Chen Hao Xuan wrote a note and put it on the wardrobe next to the bed, then took Jiang Xianghan's keys and left.

Chen Haoxuan drove to the entrance of Jiang Xianghan's clothing shop. Chen Haoxuan got out of the car and met some waiters that Jiang Xianghan had hired. With the sweetest smile, Chen Haoxuan said to them, "Good morning, beautiful princesses, don't be surprised or amazed, and don't jump into my arms impulsively, you have to be calm and collected, okay?"

Several waitresses were so amused by Chen Haoxuan that they covered their mouths and laughed, "Hehehe ....., brother Xuan, you're too funny."

"Alright, no more jokes with you guys, it's like this, Sister Han is a bit unwell today, so she wants me to help her manage the clothing shop, so please take care of all the beautiful princesses." Chen Haoxuan said and bowed slightly in a very gentlemanly manner.

"Brother Xuan, your words should be said by us to you." One of the waitresses, smiling, said to Chen Haoxuan.

"No, no, no, it should be me saying to you guys, because it's hard for a strong dragon to suppress the ground! Not to mention you beautiful snakes, I'm afraid that if I don't flatter you guys, you-you'll eat me up." Chen Haoxuan joked.

A few waitresses were amused by Chen Haoxuan and couldn't stop laughing: "Hehehe ....., laughing my ass off, I didn't expect brother Xuan to be that funny."

Chen Haoxuan took out his key and opened the iron door, then stood by the door and made an inviting gesture, smiling without showing his teeth as he said to several waitresses, "Beautiful princesses, please."

The few waitresses and Chen Haoxuan were quite familiar with each other, and they all knew that Chen Haoxuan was joking, so in order to match the atmosphere, they all walked into the clothing shop with their heads held high.

As the few waitresses walked into the clothing shop with their heads held high, none of them noticed that Chen Haoxuan had been gauging the size of their breasts.

Helping Jiang Xiang Han look after the shop, he must do a good job. Chen Hao Xuan picked out a few sets of identical sexy clothes in the clothing shop, Chen Hao Xuan let two people go to the door to welcome customers, while the others greeted customers in the shop.

In the morning there were many people coming to buy clothes, but in Chen Haoxuan's eyes there were too few. He used his fame to attract more customers to shop at the fashion clothing shop, he took advantage of his fame and made a random name "breathtakingly beautiful" on various forum websites in Johor Bahru.

Posting title: Chen Hao Xuan is selling clothes.

I really didn't think I would be able to get up close and personal with Chen Hao Xuan, and I didn't think Chen Hao Xuan would help me pick out my clothes, and I didn't think Chen Hao Xuan would say I was beautiful. I was intoxicated, I was intoxicated by Chen Haoxuan's compliments to me, intoxicated I jumped into his arms at some point, he didn't resist, he just smiled and said to me, "Beautiful princess, I already have a girlfriend, so ....."

I understood what he meant, he was afraid of being jealous of his girlfriend and I let him go in order to keep him from going home and kneeling on his knees. He personally wrapped the clothes he had picked out for me and he smiled at me and said, "Welcome to the next one." I don't need him to tell me that I will be back next time. I told everyone this because I am a show-off and I couldn't resist telling them what I was proud of, plus I wanted everyone to go to the Fashion Clothing Store more often to patronize Chen Hao Xuan's business .....

In the lounge of the fashion clothing shop, Chen Hao Xuan was looking at the computer, he had sent out all the posts he had written, he looked at the computer and said to himself, "I wonder how the results are?"

After ten minutes, a waitress ran into the lounge and she curiously said to Chen Haoxuan, "Brother Xuan, now for some reason, many girls suddenly came outside and they all asked us if you were in the shop. I'm just wondering why so many people know you're at the fashion clothing shop."

Chen Haoxuan moved his computer to the waitress and said with an evil smile, "You'll know when you see it."

Chen Hao Xuan went out - to deal with the shoppers, while the waitress who had just run to call Chen Hao Xuan laughed after she read what was written on the computer in the lounge, and she said to herself, "I didn't expect him to be that bad."

"Big sister, you are right to come to the fashionable clothing shop, we have the most fashionable clothes here, you are guaranteed to be satisfied, if you don't mind, I would like to help you choose an outfit myself, I wonder if I have the honour?"

"Big Sister, if I hadn't seen you walk into the fitting room with my own eyes, I would have wondered if the big sister just walked away."

"Well? Does it look good?"

"Do you want to hear the truth, big sister?"

"Mmm."

"You're beautiful, you have a mature beauty, your clothes show off your figure to the fullest, and the clothes you're wearing now make you look better, if I'm right, big sister must be a senior white collar worker, right?"

"Are there any more clothes like this?"

"Yes, there are two dozen sets."

"I'll take them all."

"Big sister's vision is beyond reproach, I'll ask someone to get them for you." Chen Haoxuan smiled wickedly.

## **Chapter 262**

"This lady, I just saw you from a long way away, and I'm not going to lie, I was attracted to your S-shaped body. Everyone who came here today wanted me to help them pick out their clothes, and I can help everyone but you."

"Why?"

"You have such a great body that you look good in everything, even if I let you wear maternity clothes you'll still have a unique beauty, so you don't need my help because you can just pick out anything that suits you."

"Oh my goodness! Are you a little loli? You're so cute, yo! Let uncle squeeze your cheeks."

"I'm not a little loli, I'm twenty-three, don't pinch my cheeks, mmmmm."

"Ah..., you're twenty-three already? That's... that's incredible, I thought you were a junior high school student! But your baby face is so cute, I can barely resist nibbling on your little cheeks."

"You're so annoying, but for the sake of you being Chen Hao Xuan let you have a kiss!"

"Gah..., Miss Lori, I think we should pick out our clothes first! I think you should be suitable to wear sexy clothes because this sexy and cute mix will make all the boys go crazy for you."

"And would you?"

"If I didn't have a girlfriend already, I'm sure I would."

"You have such a sweet mouth, you choose for me!"

"Auntie, you must have a very happy family?"

"Well, how do you know that?"

"Because your kind smile tells me so, and I see a great mother in you, I'm so jealous of your children, if only the mother could be like you."

"....."

The few waitresses in the fashion clothing shop were dumbfounded, they didn't expect Chen Hao Xuan to be this eloquent, they believed that even if Chen Hao Xuan wasn't famous, Chen Hao Xuan would be able to get every consumer to buy his stuff.

Chen Haoxuan was very good, he did not praise people indiscriminately, what he praised was what he inferred from the consumers, so every consumer would be very happy to hear Chen Haoxuan's praise, because what Chen Haoxuan praised was true, they thought Chen Haoxuan was someone who knew how to appreciate them, and for this reason they would basically buy a few more sets of clothes back.

At 11 o'clock, Jiang Xiang Han woke up, she saw the sunlight shining in from outside, she sat up with a jerk, picked up her mobile phone which was on the bedside cabinet, looked at the time and found that it was already 11 o'clock, she said nervously, "Oh no, Xiao Qing and the girls must still be waiting for her to open the door in front of the clothing shop."

Jiang Xiang Han stood up and wanted to run out, but just as she stood up she inadvertently saw a small note on the cupboard, and after reading the contents of the note, she smiled a sweet smile as she chortled, "Hmph, count on you having a conscience."

Although she had Chen Haoxuan to help look after her, Jiang Xianghan still wanted to take a look in the clothing shop to see what kind of clothing shop Chen Haoxuan had helped her with.

After Jiang Xiang Han ate the breakfast Chen Hao Xuan made for her, she drove to her clothing shop. She was shocked when she arrived at the clothing shop, she was surprised to see many people queuing up in front of her clothing shop, among them she also found a big boss' daughter.

"What is this Chen Haoxuan up to!" Jiang Xianghan muttered to herself.

The waitresses she had hired tried to greet her as she walked to the entrance of the shop, she hastily signalled for those waitresses to keep quiet as she peeked into the clothing shop, she heard Chen Hao Xuan's voice as soon as she entered the clothing shop and heard Chen Hao Xuan sheepishly praising people, the words of praise coming out of his mouth as if he could never run out, some of the words Jiang Xiang Han had never even heard of, obviously made up by Chen Hao Xuan on the spot.

Jiang Xiang Han was observing Chen Hao Xuan across the row of hangers, the more she observed Chen Hao Xuan the more surprised she became, she found out that Chen Hao Xuan could read women's hearts, why else could he make every girl so happy, and the clothes he picked out were indeed very suitable for those consumers. "Could he be a mind reader and a phrenologist?" Jiang Xiang Han said darkly in her heart.

Jiang Xiang Han felt that the more she became familiar with Chen Hao Xuan, the stranger she felt she became to Chen Hao Xuan, and she wondered just how many skills Chen Hao Xuan knew.

Everyone said that a man at work was the most charming, and Jiang Xianghan believed it, because she was already obsessed with Chen Haoxuan.

"Do I look good?" At some point Chen Hao Xuan had already reached Jiang Xiang Han's side and was smiling as he said to her.

Jiang Xianghan was startled awake by Chen Hao Xuan's sudden voice: "Ah..., Hao... Hao Xuan, weren't you... weren't you just helping a customer choose clothes? Why did you suddenly come to my side?" Jiang Xiang Han said curiously.

"It's because you were so enthralled with watching me that you didn't even know I had come to your side." Chen Haoxuan smiled wickedly.

"I-I'm the one who doesn't have it anymore." Jiang Xiang Han was embarrassed.

"You're not feeling well, you'd better go back and rest! I'll leave this place to me, I promise I'll help you run it properly." Chen Haoxuan said confidently.

"Seeing the long queue outside, it's hard for me not to believe it. You've been so good to me, I can't let you down, so take your time and get busy, I'll go back and continue sleeping." Jiang Xiang Han said happily, she felt like Chen Hao Xuan was like her husband, when she wasn't feeling well, Chen Hao Xuan helped her make breakfast, helped her look after the shop and was gentle and kind to her, what was this if not a husband?

After Jiang Xiang Han left, Chen Hao Xuan said loudly to all the consumers, "Today I, Chen Hao Xuan, am very happy, so the whole place is discounted by 10%, everyone who wants to take advantage of the discount should buy more, after all, such an opportunity is not very often, and it is even less often that I, Chen Hao Xuan, buy clothes personally." It was only 10% off for such a big event, Chen Hao Xuan was stingy.

"Brother Xuan, can you hurry up, I've been queuing for most of an hour, and now my feet are getting weak." A little girl in the queue spoke out to Chen Haoxuan.

"OK no problem, I will help you find your most suitable clothes as fast as I can." Chen Haoxuan said confidently, his mind he knew, he could tell the other party's preferences and so on at the first glance, that's why he was so confident.

"Big sister, you have a voluptuous figure, I think you should wear this one, this shirt is no longer available outside, so his price is definitely quite a lot, but I'm happy today so I'm giving a 10% discount. Wait, don't answer me either, I'll go to the fitting room and try the shirt on first."

"You know you're hot, you're so hot! I think it's a good idea to wear this one, it has the least amount of fabric of any clothing shop in Johor Bahru, so think about it!"

Chen Hao Xuan's speed of speech was comparable to that of a machine gun, he greeted the customer in a minute or two, and the other party still left in a happy mood, so it could be seen how good Chen Hao Xuan's eloquence was.

## **Chapter 263**

By the afternoon, the news that Chen Haoxuan was selling clothes in a fashionable clothing shop had spread throughout the entire city of New Hill, but most of the boys still didn't know, after all, Chen Haoxuan was so handsome, so handsome that they hated Chen Haoxuan, so the boys generally didn't pay attention to Chen Haoxuan's affairs. The girls, on the other hand, were different, they dreamed of spending time with Chen Haoxuan.

In the afternoon, those shoppers who came from behind were unable to enter the fashion clothing shop because there were too many people. But they didn't leave, they just played around, because of the crowds, there were many people hawkers selling things from their stalls nearby, which made a small market near the fashion clothing shop.

Jiang Xiang Han, who was currently leaning against her bed and talking on the phone, "Sable, Chen Hao Xuan rejected me, but I'm not angry at all, you know? He personally cooked my breakfast today and even helped me to look after the shop, now my shop is packed with people, the queue outside is several kilometres away, I think he must be able to help me make a few hundred thousand today."

"You sound like you're happy, so you might as well be his lover in all honesty! A different life has a different kind of excitement, perhaps you being his lover is the most satisfying choice in your life." Han Yuechan's voice came over the phone.

"Sable, you hate boys anyway, so why don't you quit your job and come over and run the fashion clothing shop with me so we can be together every day and not be alone. And let me tell you something yo! If you want to do something, I can even hook you up with Chen Haoxuan yo! How about that? Think about it!" Jiang Xiang Han laughed yin, and she meant what she said! She was lonely alone and wanted Han Yuechan to come with her children to keep her company. Han Yuechan was similar to her, hers was too discerning to find a boyfriend, while Han Yuechan was bored with men because she had been abandoned by them, and both of them were capable of having boyfriends, so if they could live together they could have a companion to look after.

The most important thing is that she feels that Han Yuechan likes Chen Hao Xuan, and she likes Chen Hao Xuan too, so the water won't flow to the outside world! She could not afford to do it alone, so it would be great if she and Han Yuechan could serve Chen Hao Xuan together.

"Sister Han, do you know what you are talking about? You actually let me have that kind of relationship with your lover, aren't you afraid that your lover will leave you because of this?" Han Yuechan's surprised voice came over the phone.

"What guy isn't horny, let alone a big beauty like you, and you're not asking anyone to marry you, what guy would refuse such a good thing. I'm telling you, yo! Chen Hao Xuan does that thing so well that I can't stand it alone. If you were with me, I wouldn't have to be kept out of bed by him every time." Jiang Xiang Han laughed.

"I - I ....." Han Yuechan's shy voice came over the phone, she did like Chen Haoxuan, whenever she thought of Chen Haoxuan saving her son, she felt that Chen Haoxuan was a great guy and also a good man worthy of a lifelong commitment, it was just a pity that he already had a girlfriend, otherwise she would have chased Chen Haoxuan backwards.

Now when she heard Jiang Xianghan's proposal, she really wanted to say yes, but she was shy, she was scared, she was worried, she was nervous, she was in a torn mood at the moment.

"Say something! I'm telling you, Chen Hao Xuan is not a casual person, he doesn't even want to be offered by ordinary girls, if you have my help, you will definitely be able to get Chen Hao Xuan's pleasure. You don't want to get married anyway, so why not find a lover? It's not easy to find a high class lover like Chen Hao Xuan! Think about his price, think about his talent, think about his bewitching looks, he is strong in either aspect, so don't think so much about it, tell me, do you want or don't you want." Jiang Xiang Han asked seriously.

"I - I do want to, but I'm afraid he'll think I'm a very cheap woman." Han Yuechan's worried voice came over the phone.

"With my help, he definitely won't think that. That should put your mind at ease! Now tell me, do you want to be Chen Hao Xuan's lover like me?" Jiang Xiang Han asked.

"Fine! I admit that I do like Chen Haoxuan, and I'll quit my job in a few days and take Xiaohua to live with me at your place." Han Yuechan finally agreed.

"Okay, it's a deal, so I'll help you pack your room now, you have to come over soon haha! I'll be waiting for you!" Jiang Xiang Han said happily, pulling Han Yue Chan down to the sea, now she wasn't afraid of being alone, and she didn't even have to worry about her old age, because Han Yue Chan's son was also considered her son.

The first thing he did was to help Jiang Xiang Han buy clothes, but Chen Hao Xuan didn't know that he was being counted on again by a beautiful woman.

Zhou Kexin and Hua Lingwei drove here after knowing that Chen Hao Xuan was at the fashion clothing shop. They did not expect the crowd to be so big that they could not squeeze in and could only stare at the signboard of the fashion clothing shop.

Hua Lingwei, who was outside the crowd, said to Zhou Kexin who was beside her, "Kexin, we can't get in, what should we do?"

"Given his character, he won't come out until he's sold all the clothes inside. But Jiang Xianghan's clothing shop is the best clothing shop in Xinshan City, there are so many clothes inside, and there is also a big warehouse on the first floor, I think we'd better go back!" Zhou Kexin said lightly, when Chen Hao Xuan was busy he couldn't even be seen in person, now that it was so easy for Chen Hao Xuan to have time, she really wished she could spend more time with Chen Hao Xuan, so that she could feel the joy of love a little more.

"It's so busy here, why don't we play here for a while, maybe after a while Hao Xuan will come out." Hua Lingwei suggested, unaware that she had changed her name for Chen Haoxuan.

Zhou Kexin and the girls were playing outside, while Chen Haoxuan was busy as hell inside, his mind needed to think constantly to meet the needs of each consumer, if an ordinary person thought as fast as Chen Haoxuan did, he would surely pass out after a long time.

Chen Haoxuan is amazed at himself! Because it amazes him that he can run his brain as fast as he does for so long - without his mind feeling fatigued! His current body was not the strong one of the future century, but that of an ordinary person, and an ordinary person's body could not possibly be that strong. "Could it be that this body has some secret?"

On this day, Chen Hao Xuan still hadn't sold all the clothes in Jiang Xiang Han's clothing shop, mainly because Jiang Xiang Han had stocked too many goods in the clothing shop, and another reason was that the entrance of the clothing shop was too small for so many people to enter, or else Chen Hao Xuan and those few waitresses would definitely be able to sell all the clothes in the clothing shop in one day.

## **Chapter 264**

Chen Haoxuan didn't go back that night, he went to Jiang Xianghan's place again. Chen Yina also didn't care about Chen Haoxuan, because she knew that Chen Haoxuan was a man of great importance and his home couldn't hold him.

Chen Hao Xuan returned to Jiang Xiang Han's place, first had a lovebirds bath with Jiang Xiang Han and then both lay down on the bed. Jiang Xiang Han happily leaned on Chen Hao Xuan's arms as she spoke out to him, "Hao Xuan, I made a call to Han Yuechan today and I asked her to quit her job and bring the kids over to live with me."

"Well, that's good! That way you won't feel lonely." Chen Hao Xuan smiled as his heart sighed with relief at Jiang Xiang Han's words, thinking that this would stop him from begging to have a child with him, right?

"Hao Xuan, I'm telling you yo! Sable (Han Yuechan) she was very poor, her boyfriend cheated on her feelings, when she was pregnant her boyfriend ran off with a rich woman, since then she never trusted any guy and even hated guys. But she has a boy she likes now, and guess who?" Jiang Xiang Han chirped.

"It's not like I'm familiar with her, so how would I know." Chen Haoxuan said indifferently.

"The guy she likes is a very handsome and righteous guy, he's smart and rich, and he emits a charm that takes girls' breath away everywhere." Jiang Xiang Han said.

"There's such a nice boy? Then has she confessed her love to that boy yet?" Chen Haoxuan asked with interest, not knowing that the guy Jiang Xianghan was talking about was actually him, and how many other guys in this world fit those criteria besides him.

"She hasn't yet, she's worried that the guy will reject her, you're a guy, you should know guys well, do you think the guy will reject her?" Jiang Xiang Han asked.

"Of course not, first of all, not that she is as beautiful as a flower, just that talent of hers is worth a boy's fascination for her." Chen Haoxuan replied.

"Then do you like her like that?" Jiang Xiang Han asked.

"I like it! She is similar to you in that she is a girl who is both beautiful and intelligent, and there are not many girls like that." Chen Haoxuan said. If Chen Hao Xuan went to pull open the drawer of the bedside cabinet right now, he would find a mobile phone that was still on hold.

Inside one of the houses in Shuyang City, a beautiful woman was lying on her bed, quietly listening to the voice coming out of the phone. This person was Han Yuechan, who had conspired with Jiang Xianghan to first let him try out Chen Haoxuan's favor with her, and if Chen Haoxuan was really interested in her, Jiang Xianghan would tell him that she liked Chen Haoxuan.

When Han Yuechan heard Chen Haoxuan's words over the phone, she covered her mouth in delight, afraid that she would laugh out loud if she didn't control it.

"So if I say that the person she likes is you, will you accept her?" Jiang Xiang Han asked with her head held high to Chen Haoxuan.

"What are you talking about! I'm the one with a girlfriend, how could she possibly like me, it's more like you saying she admires me." Chen Haoxuan said.

"Then she doesn't want to be your girlfriend as much as I do, and really wants to be your lover for the rest of her life, will you accept her?" Jiang Xiang Han said.

"What you said can't be true, right?" Chen Hao Xuan asked seriously, he was a smart man, Jiang Xiang Han had said it to this point, how could he not hear it.

On the other end of the phone, when Han Yuechan heard Chen Haoxuan's words, she tensed up, she was very afraid that Chen Haoxuan would say that he didn't like her.

"Well, it's true, Sable likes you, she doesn't want to be your wife as much as I do, she just wants to be your lover, I just hope you can give us a love." Jiang Xiang Han said seriously to Chen Haoxuan.

"Women's hearts, it's really hard to figure out, honestly, it's false to say that I don't want her, after all, I'm a normal guy, but I feel that this is too unfair to you guys, you're so beautiful and excellent you should have a happy love and family, not a love without a family like now." Chen Hao Xuan seriously said to Jiang Xiang Han, at the same time he also sighed for his lustful encounters, which he enjoyed and at the same time was torn because many of the girls who liked him he could not give them the status they deserved.

"There are all kinds of people in this world, you don't have to be married to be happy, don't you think? We don't get married, but we have a love that we long for, and having that love is enough. Think about it! Nowadays, even if people are married, do they dare to say they have love? Many of them don't. It's all because of the benefits. So we have the love you gave us, and we are content, just like a very popular saying, we don't ask for a long time, we only ask for what we once had." Jiang Xiang Han argued.

"Then how does that mean I can play double-flight with you guys?" Chen Hao Xuan laughed yin, the words had come to this point, rejecting them - they would be even sadder, surprisingly they were willing to give like this, so let them be! I just hope they can meet a boy who can make their hearts flutter in the future, this was what Chen Haoxuan was thinking inside.

"You're so bad, you dare to think of such a thing." Jiang Xiang Han warmly patted Chen Haoxuan's chest.

"I'm not bad - would you guys like that? Hey ....., I made so much money for you today, shouldn't you complement me! Baby." Chen Hao Xuan rolled over and pinned Jiang Xiang Han underneath him.

"You - you want to make bad again, not today, I'm still sore there! How about tomorrow? I'll keep you company tomorrow." Jiang Xiang Han was telling the truth, she and Chen Hao Xuan had really gone too crazy last night, which had left her body fatigued and her lower body vaguely sore.

"No way." Chen Haoxuan said with a yin smile.

"It should always be okay if I have Sable come over tomorrow to play double-flight with you, right?" Jiang Xiang Han laughed bitterly, blame her, her body really couldn't bear Chen Hao Xuan's destruction today.

At the other end of the room, Han Yuechan's face was red, and she secretly said in her heart, "Sister Han, how can you say something like that! Two people serving Chen Haoxuan together, even an ancient emperor wouldn't have this blessing." Saying that, if Chen Haoxuan really asked her to do so, she would still agree.

Afterwards, the temperature of Han Yuechan's body got warmer and warmer as she heard the sounds of the boy and the girl doing that over the phone, she wanted to hang up the phone, but she didn't know why, she so wanted to hear how they were doing it.

Half an hour later, Han Yuechan finally believed Jiang Xianghan's words, Chen Hao Xuan's that side was really powerful, "I don't know if I can stand him." Han Yuechan thought sheepishly.

That night, Jiang Xiang Han was bullied by Chen Hao Xuan again, raising her hands and begging for mercy, she really couldn't satisfy Chen Hao Xuan by herself. And Chen Hao Xuan knew how to care for people, he spared Jiang Xiang Han, but I wonder if he wanted to save his stamina for tomorrow to play double-flight.

## **Chapter 265**

In a matter of days, Han Yuechan really quit her job and took her son to live with Jiang Xianghan in Xinshan City. The two of them ran a fashion clothing shop together and occasionally called Chen Hao Xuan to play double-duty.

Chen Hao Xuan's free days did not last long before he was pulled by Zhang Tianqi to work as a laborer, Zhang Tianqi is also helpless, now that the all-powerful mobile phone industry has become so big, he really can't be busy alone, the most important thing is that he is not that capable, he does not know what to do with many things. In the beginning, there was no problem, with the help of his family's former patriarchs, but as their industry grew bigger and bigger, they realised that there were many things they could not handle, so they desperately needed the help of a genius like Chen Haoxuan.

What Zhang Tianqi and his family needed was a senior administrator and a technician. The senior administrator was not that easy to find, but they could train a group of senior administrators for a short period of time. Chen Hao Xuan personally went to the University of Johor Bahru to recruit staff. The salary he offered was so high that it drove all the teachers and students of the University of Johor Bahru crazy, so the teachers stopped attending classes and the gentlemen stopped attending classes and all ran to apply for the top-level administrators.

Chen Hao Xuan was not recruiting ordinary employees, he was recruiting senior administrators, which means senior white collar, so he needed those who were talented. In order to recruit those who were really talented, Chen Hao Xuan personally came up with a lot of exam questions for the teachers and students of the City of Hsinshan to answer, and he would accept those who could reach 60 points or more in the exam.

Unfortunately, the students and teachers in Johor Bahru were not as smart as Chen Hao Xuan had imagined, and only a dozen people were able to score above 60, three of whom were teachers, while most of the others were students from the business department.

The talent market is not that Chen Hao Xuan did not want to go there, but the talents he could find inside had long been employed by Zhang Tianqi, so he could only go to the school to recruit.

Every university will cooperate with many big enterprises, the school teaches students, those big enterprises will go recruiting, the more partners in general the more people want to go to their schools, after all, looking for a job is not an easy thing, if the school has a bridge that is not better?

A big company like Communication City is a partner that every school is fighting for, think about how many factories are under Communication City. Almost all the factories in Xinshan City are owned by Communication Mobile City, recruiting millions of employees, which requires many positions just think about it. Whenever he arrived at a university, the president of that university would personally come out to greet him and cooperate with him in recruiting workers at their university.

After a month, Chen Haoxuan had recruited over 500 university students. It can be said that Chen Haoxuan had poached all the talented university students in China, which led to many companies failing

to recruit satisfactory staff, and they were angry with Chen Haoxuan, saying that Chen Haoxuan was inhumane and did not leave even one good talent for them.

Chen Hao Xuan began his teaching career as an instructor for himself, and he taught more than 500 students at once. When Chen Haoxuan first started teaching, there were many students who were dissatisfied because the students he recruited were all talented students from various schools and they thought they were smart enough and did not need to be taught by Chen Haoxuan. But when Chen Haoxuan and they competed for knowledge, those students began to despise themselves, and now they realised that they were so ignorant that they couldn't answer the questions Chen Haoxuan casually named, while they could answer whatever questions he asked, and the answers were still the simplest and most advanced.

Chen Haoxuan's knowledge conquered all the students, he not only taught management and business studies but also technology, even if you ask him to teach martial arts, chemistry, architecture ....., these irrelevant knowledge, Chen Haoxuan will also tell you. Unknowingly those students see Chen Haoxuan as a Confucius type of person and privately call Chen Haoxuan a pundit.

Zhang Tianqi, who was now also a student of Chen Haoxuan, knew what Chen Haoxuan could do and he knew his own shortcomings, so whenever he was free - he came to Chen Haoxuan's place to study with those students.

Chen Haoxuan was not like those teachers at school who taught for years at a time, he used the fastest method. He told those students that he would keep teaching them, but they must ask if they did not understand, and if they did not ask, he would keep teaching.

Those students were already top students in the schools, so of course they were smart and their learning speed was not bad, basically they could keep up with Chen Hao Xuan's teaching speed. In fact, Chen Hao Xuan deliberately slowed down the speed, if he really used the fastest method to teach, these students' minds would not be able to bear so much knowledge at once and would become dizzy and swollen.

Chen Hao Xuan did not want to teach all his skills to these students, he signed a ten-year contract with these students, within these ten years, they are not allowed to go to any other enterprises except for working in the Communication Mobile Phone City, even if they go out to start their own business, as long as after ten years, no one will stop you from doing whatever you want.

Chen Hao Xuan trained those students for more than a month, and after the training was finished, Chen Hao Xuan gave them leave to go back to play well and wait for next year to come to work in a good spirit. Because it was almost New Year's Eve, it was now January.

Chen Hao Xuan's mission was complete, he helped Zhang Tianqi train a group of senior white collar workers, when these senior white collar workers come to work in Communication Mobile City next year, they will definitely play a big role.

It was New Year's Day on the 20th of January, and Chen Haoxuan's house was very busy, with many businessmen carrying expensive gifts to his house every day to pay their respects to him. Strangely enough, none of the people who went to Chen Hao Xuan's house were his family members, but rather his business friends. Actually, it's not that there aren't any! A few of his relatives came to see him, but they were all driven away because they were not good people and wanted to come and share his property.

Chen Haoxuan's parents also came to see Chen Haoxuan, but all the same they could not walk into Chen Haoxuan's house and were stopped by the security guards.

Chen Zhenghao and his wife are now living a hard life, and just because they are now down and out, those relatives of his are deliberately staying away from him, afraid that Chen Zhenghao will try to borrow money from them. In the past, when Chen Zhenghao's family was rich, his relatives would often visit his house even if it was not a New Year's holiday, while none of Chen Hao Xuan's relatives had ever been there.

Now that Chen Zhenghao has fallen on hard times and Chen Hao Xuan has become rich, those relatives have turned the other way, going to Chen Hao Xuan's house instead of Chen Zhenghao's.

## **Chapter 266**

Li Ping, who did not treat Chen Haoxuan as an outsider at all, would bring her relatives to Chen Haoxuan's house as soon as they arrived, and although her daughter had not yet married Chen Haoxuan, they all felt that Chen Yina had married Chen Haoxuan. Chen Haoxuan also treated Li Ping's relatives as

his own, and every time Li Ping's relatives came to his house, he would take many expensive gifts for them to bring back.

Chen Hao Xuan he, as the first billionaire in Chenjia Village, should show how to show it, he sent a box of apples to every household in Chenjia Village, even to those villages nearby. To the villagers, a box of apples was considered generous, but to Chen Hao Xuan, it was not worth mentioning, as a box of apples was only twenty dollars or so in stock, which was incredibly cheap.

In fact, when you do the math, Chen Haoxuan doesn't lose at all, because the villagers in the ten-mile radius, they sell their own bamboo to Chen Haoxuan, and Chen Haoxuan has made an unknown amount of money from it, so it's only right that he sends each family a box of apples. Another advantage is that when you give something to someone, they will remember you and you will be the first person they consider when they want to sell something.

The person who sent the apples was Chen Yuebin, who went in a Dongfeng truck that was filled with boxes of apples. Chen Yuebin's health is getting better every day now, probably because when life is good, his mood is good, and when his mood is good, he is much better.

The New Year, for ordinary people, is the happiest time of the year, but for Chen Hao Xuan, it is a very lonely time because whenever he sees other people's families with relatives visiting them, he is jealous and he wants to have relatives too. But those relatives he had, he was cold-hearted! His parents abandoned him, and when he had money, his parents even wanted to kill him and take away his wealth. When his relatives came to his house, they either asked to become officials in the communication phone city or in the garment factory, and some of them even directly said they wanted to borrow money, but in fact they wanted money.

If Chen Hao Xuan had not investigated these relatives of his, he really might have helped them, but he knew how those relatives of his were like, from Li Ping. In the past, Chen Zhenghao's family and Li Ping's family were next to each other, so Li Ping knew all the relatives Chen Zhenghao had.

During the New Year period, Chen Hao Xuan basically drank every day, he wanted to get himself drunk, but first he was able to get himself drunk, but within a few days his drinking was getting bigger and bigger, in the end he was able to beat Jiang Dong and the others all by himself, why was this? Chen Hao Xuan didn't know, he felt that his body was getting stranger and stranger.

It was February, the New Year's Eve had passed, and another busy year would come. The start of the school year was in March and it was now February, so Chen Hao Xuan had nothing to do for the time being, so he went to help Zhang Tianqi manage the Communication and Mobile Phone City.

Zhang Tianqi's current position is CEO, while Chen Hao Xuan is temporarily the assistant CEO. It looks like Zhang Tianqi's position is bigger, but the biggest one is Chen Hao Xuan, because Chen Hao Xuan is the biggest shareholder of the board of directors.

Don't look at Chen Haoxuan as Zhang Tianqi's assistant now, even Zhang Tianqi has to listen to what he says. With Chen Hao Xuan's help, Zhang Tianqi's job is much easier. Chen Hao Xuan has managed the affairs of Communication Cellular City in an orderly manner, and he has changed the entire Communication Cellular City by himself, and he was able to change Communication Cellular City in a short period of time because he had the support of the 500-odd senior white-collar workers he had trained.

Even Amansi Binchy said that Chen Hao Xuan's management methods were very good, and that he would send someone to the City to learn how to manage a company in this way.

Chen Hao Xuan spent every day in Communication and Mobile City, and every day he had a large number of things to deal with, which made him feel that time passed very quickly, and before he knew it, it was already March.

On the first day of March, the University of Johor Bahru opened. On the opening day, Chen Hao Xuan did not go, he asked Chen Yina to register for him.

This year, the first day of school at the University of Johor Bahru was very sensational, because I don't know why there were suddenly many foreigners transferring to the University of Johor Bahru, and some of those foreigners who transferred over were big beauties, from Rice, from the island, from H, from T ..... These foreign students are all from famous foreign schools who have taken the initiative to propose to the president of the University of Johor Bahru, saying that they want their best students to go to China to learn about the 5,000 year old culture of China so that they can gain insight.

But strangely enough, those who transferred to the university have been inquiring about Chen Hao Xuan, and some of them even paid money to inquire about Chen Hao Xuan! This is why, many people can't figure it out. Those who couldn't figure it out were just ordinary people, if it was someone from the higher echelons of China, they would have been able to figure out why, wasn't it just to get something out of Chen Haoxuan or to rope Chen Haoxuan into serving their country.

Chen Haoxuan did not know that his technology of all-powerful mobile phones had already been obtained by scientists from various countries, and his learning of business management had also been learned by various countries, only that it was not promoted, but only under research. Chen Haoxuan's Thousand Buddha Stone Pagoda website is now being studied by internet technicians from various countries, but until now they have not been able to break Chen Haoxuan's website, nor have they been able to copy a website like the Thousand Buddha Stone Pagoda website, but they have discovered many techniques that are useful to them in studying the Thousand Buddha Stone Pagoda website.

This made them more and more interested in Chen Haoxuan, and in order to obtain various techniques and knowledge from Chen Haoxuan, they sent their elites to the University of Johor Bahru to try to get what they wanted from Chen Haoxuan in various ways. Women, the thing that men like the most, so they sent the most beautiful women of their elite species, and in order to keep the Chinese government from knowing what they were up to, that's why they had a large number of students transfer there together.

Chen Hao Xuan is unaware of this, if Chen Hao Xuan knew, I don't know if he should be happy or sad, beautiful women ah! The countries gave him beautiful women, such a good deal is not something that ordinary people can have.

Yang Lin, the day of registration he went, he saw those foreign beauties who transferred over, he marvelled at them I don't know how many times, for this reason he also called Chen Haoxuan several times in a row, wanting Chen Haoxuan to come over to see the beauties. But Chen Hao Xuan refused. Chen Hao Xuan already had enough girlfriends now, if there were a few more, he wouldn't know what to do.

This time, there were not only beautiful girls from various schools, there was also a girl who was known as the most beautiful girl in China who also transferred over, she was quite special because she transferred over from a military school, when she came to New City to register she was followed by more than ten rich boys, so it was clear how attractive she was.

## **Chapter 267**

Communication Mobile City is now on the right track . Even if Chen Haoxuan is not around, it can still function normally, in advance is not to have too much change, otherwise it will be chaos.

Chen Haoxuan he slowly returned the power to Zhang Tianqi, he gave his work to others, the day of March 8, Chen Haoxuan returned to the University of Hsinshan, he did not go back okay, a return was a group of foreigners he did not know surrounded, said they wanted to be friends with him, and also told Chen Haoxuan their identity, seems to be trying to tell Chen Haoxuan, and they are friends, Chen Haoxuan is not a loss.

Shen Ruyan, who saw Chen Hao Xuan returning to the University of Xinshan in one of the kiosks, did not take the initiative to please Chen Hao Xuan like those people did, for the simple reason that she was not an ordinary person, she was the school mistress of the military school, her skills were such that even the instructors did not dare to compete with her, her identity was not simple, her father and grandfather were both big officers in the army, and she herself was not simple either, she was not only a student of the military school but also a member of the Dragon Group.

She has been sent by their captain to Johor Bahru University with the mission to get close to Chen Haoxuan, find out the secrets he is carrying, and protect him at the same time. She had her way of attracting Chen Haoxuan's attention, and she thought that with her looks, Chen Haoxuan would definitely find a way to get close to her once he saw her, so there was no need for her to ingratiate herself with Chen Haoxuan now.

"According to Chen Haoxuan's profile, he usually goes to the canteen to eat when he arrives at school, so I will go to the canteen first and wait for him." Shen Ruyan said secretly in her heart.

Sure enough, Chen Hao Xuan escaped the siege to go to Yang Lin and the others, and by noon, he took Yang Lin and the others with him to the cafeteria. It was their bad luck that there were no more seats by the time they reached the canteen. With no seats left, Chen Haoxuan and the others still went to get their meals as they were going to take them outside and sit on the lawn to eat.

Chen Yina and the girls were in the front and they went outside once they had finished their meal. When Chen Haoxuan finished his meal and was about to carry his plate out, he was called out to someone.

"Chen Haoxuan, there's a seat here." The person who spoke was Shen Ruyan, she had wanted Chen Haoxuan to come over on his own initiative, but to her surprise, Chen Haoxuan did not even look at her and walked straight past her. She was so angry! How could she ignore her like this? She was angry, but she still had to carry out her mission, so she called out to stop Chen Haoxuan.

Chen Hao Xuan stopped and turned his head to look at the girl who had called him out. The girl was very beautiful, half a catty compared to Chen Yina, but she had more personality than Chen Yina. Chen Haoxuan smiled and said: "Thank you, I don't need it, my friends are outside! I'll go find them, I'll leave first, bye ....." After saying that Chen Hao Xuan turned around and left, beautiful women, Chen Hao Xuan had seen many of them, so he would not be obsessed with Shen Ruyan's beauty.

When Shen Ruyan saw that Chen Haoxuan did not appreciate it, she huffed and said, "Humph, isn't that just a businessman? What's with the bullishness."

She was not the only one at the table where Shen Ruyan was sitting, there were several other people who had followed along and transferred here in order to pursue Shen Ruyan. These people were all gentry, some of them were the second generation of rich people, some were the second generation of officials, and some were the second generation of black people (that is, his father was a gangster) the strength of these people combined, even Shen Ruyan did not dare to mess with them.

Wang Fuyou, the second generation of the rich, spoke out to Shen Ruyan, "Ruyan, do you want me to help, I can have my father's company and my grandfather's company join together to take over Chen Hao Xuan's company, then see how long he can still be a bully."

Shen Ruyan gave Wang Fuyou a white look and said unhappily, "You're not only good at defeating families - what else are you good at? Although you know about Chen Haoxuan's business, do you know how many people behind Chen Haoxuan support it? Have you forgotten about Chen Haoxuan's investment in business six months ago? Many businessmen from all over the world have invested in his businesses, do you have the strength to say that you will acquire his businesses?"

Ye Hongfei, the second generation black, he bullishly said to Wang Fuyou, "Money, in my eyes is dispensable, even if you have more money, I send an assassin to your house, can your money even hold back?"

"Holy sh\*t, you're great just because you're in the triads! Haven't you ever heard of a hitman group? Can your gangsters' killers compete with them? I have plenty of money, if you piss me off, I will spend money to eradicate your Qing Ye Gang." Wang Fuyou huffed and puffed and said to Ye Hongfei.

"Come on if you have the guts! Let's see who is powerful?" The grumpy Ye Hongfei stood up violently and cursed at Wang Fuyou.

The second generation official, Gongsun Hyun, he looked like a gentle scholar, he wore a pair of glasses and always had a book in his hand no matter what, if you thought he was a gentle scholar then you were very wrong, he was very shady! He loves to use tricks to con people. At this point, Gongsun Xiao spoke up: "Let's make peace! Let's talk slowly, why do we have to fight to the death? If you really want to take revenge for Ruyan, you could have framed Chen Hao Xuan!"

"Warlord, what do you think, how best to frame Chen Hao Xuan?" Wang Fuyou said excitedly to Gongsun Hyun, who was Gongsun Hyun's nickname.

"We steal one of Chen Hao Xuan's belongings, then you find a person with good hands to go to the entrance of the girls' toilet, deliberately take pictures, and then when you run, deliberately put Chen Hao Xuan's belongings on the ground, the girls who were snapped will see Chen Hao Xuan's belongings, without us having to say anything, they will go to trouble Chen Hao Xuan themselves, by then, Chen Hao Xuan, the schoolmaster, will become a peeping~man. Peeping Tom, and won't we have achieved our goal." Gongsun Hyun said with a yin smile.

"High, worthy of being a military master, just do as you say, but how can we get Chen Haoxuan's belongings?" Wang Fuyou gave a thumbs up to Gongsun Hyun, and then added.

Gongsun Hyun looked like he had a good plan and said indifferently, "That's easy, Chen Hao Xuan is so famous in the University of Xinshan City and you are so rich, money can make the devil push you around! Just find some girls to pretend to be Chen Hao Xuan's fans and ask for one of Chen Hao Xuan's belongings."

"Let's do that!" Wang Fuyou said happily.

"This is your business, not mine." Shen Ruyan said indifferently, she also wanted to rectify Chen Haoxuan, who let Chen Haoxuan ignore her as a great beauty.

What is Chen Haoxuan's situation now? He has four girlfriends, one of whom is on the same level as Shen Ruyan, and Chen Hao Xuan has seen countless women in the future century.

Women are sometimes so scary that they hate you even when you don't mess with them. Their suitors become their tools for revenge, as long as whoever displeases them, their suitors will take revenge for them in order to please them, just like Wang Fuyou and the others.

## **Chapter 268**

Chen Hao Xuan and his friends sat on the lawn outside the cafeteria and a lot of people, like them, came outside to eat because they had no seats. Now Chen Hao Xuan and the others eat outside and no one dares to look down on him.

Even a gent like Ma Yichen was taken by Chen Hao Xuan to the lawn to do the eating, and a group of people gathered together to eat was very lively, eating well.

"Hao Xuan, do you know why there are so many students from all over the world transferring to our school this term?" Ma Yichen said to Chen Hao Xuan as he ate.

"Maybe it's a cultural exchange!" Chen Haoxuan said indifferently.

"Well, that's what I heard, so almost all the students transferring over this time are senior students who will be graduating from our school, and they are also all honours students, I don't know how many times this has made our headmaster happy." Ina Chen voiced out.

"Yes! After this semester, our school will definitely be the best school in China, after all, most of the students graduating this semester are honours students, and it's the first school with the most foreign students." Yang Lin spoke out.

"Have you guys ever felt that those students who have just transferred over seem to be interested in me, every time they meet me they take the initiative to come over and strike up a conversation, girls and boys alike, they also report their identities one after another, I suspect that none of them are here to study, but to try to get in touch with me." Chen Haoxuan stated what had him stumped today.

"I also feel that they are strange, I heard those buddies of mine say that they are asking around about you, I don't know if they worship you or have some ulterior motive." Yang Lin spoke out.

"Hao Xuan, it's better for you to be more careful in the future." Zhou Kexin reminded with concern.

After Chen Haoxuan and the others had eaten their fill, they put their plates back into the canteen and left.

Soon after Chen Haoxuan and the others left, Shen Ruyan also left, and this time Wang Fuyou and the others did not follow Shen Ruyan. They were now going to find a few female students in Johor Bahru to find a way to get a few items from Chen Hao Xuan, but what they thought was that the female students in Johor Bahru adored Chen Hao Xuan so much that they wouldn't give them 10,000 RMB.

Wang Fuyou did not understand the importance of those girls at the university in Johor Bahru to Chen Haoxuan. They worshipped Chen Haoxuan just like they worshipped those big stars, even more obsessed, so obsessed that they were willing to give their lives. Those who gave their lives for the big stars were no longer a minority, all because they worshipped too much. Coupled with Wang Fuyou's bad luck, they could not find anyone who did not worship Chen Hao Xuan, and those who worshipped Chen Hao Xuan happened to be everywhere.

A few of the female students that Wang Fuyou and the others were looking for went and snitched on Chen Haoxuan, telling him that someone was trying to frame him. He used his laptop to hack into the school's file database and pulled out all the information on Wang Fuyou and the others.

The information in the school was still too little, Chen Hao Xuan needed more accurate information, he relied on Wang Fuyou's name to find out a lot of things about them on the internet, Wang Fuyou, rich

second generation, likes to show off and pick up girls, and is now pursuing Shen Ruyan. Gongsun Xun, a second-generation official, known as the military master, no one who knows him dares to mess with him because he is very sinister, and is now pursuing Shen Ruyan. Ye Hongfei, the second generation of a black man, whose father is the leader of the Qing Ye Gang and has several thousand people under him, is also pursuing Shen Ruyan.

Chen Hao Xuan, who was in front of the computer, saw the information and said in surprise, "My goodness, I don't even know them, why did they come to harm me? Is it because their family's sister or their mother has a crush on me and they are jealous, so they are looking for me?"

Wang Fuyou and the three of them all had one thing in common, that is, they were all pursuing Shen Ruyan, so Chen Hao Xuan doubted if this was related to Shen Ruyan, so she checked Shen Ruyan's information, in the school's database it was an ordinary student, Chen Hao Xuan did not believe it, so he went somewhere else poorly, the police department's computer system, and it turned out to be SSS classified. This made Chen Hao Xuan nervous, he carefully used the highest level of hacking technology to invade in, read Shen Ruyan's information, and found that Shen Ruyan was so tough, can martial arts, very powerful kind.

What surprised Chen Hao Xuan even more was that Shen Ruyan's identity was actually a member of the Dragon Group, and her family members were all senior generals in the army, such an identity could only be higher than his, Chen Hao Xuan.

"Did I mess with Shen Ruyan? Is that why his fans have come to seek revenge on me?" Chen Hao Xuan muttered to himself, at this moment he was in his rented place, he didn't dare to check these things in the school, it would be an absolute nightmare for him if people saw it burst out.

"Those students who transferred over, would they be as mysterious as Shen Ruyan?" Thinking and doing, Chen Hao Xuan copied the list of students who had then just transferred over this semester from the database of New Mountain University. Chen Hao Xuan checked them one by one, the more Chen Hao Xuan checked the next the stranger his expression became, he found a big secret, this time the students who transferred to the University of Johor Bahru City, there were more than a dozen whose identities were similar to Shen Ruyan. If it wasn't for Chen Hao Xuan's great hacking skills, Chen Hao Xuan really wouldn't be able to know the identities of those students.

"What are they all doing at Xinsan University? Could it be that there is some kind of treasure at the University of Xinshan City? That's obviously not possible, so what's it for? For me? That's impossible too,

I'm already low-profile enough, the all-powerful mobile phone thing, even if I don't take it out to make money, the rice people will be able to develop it in a few years. No, something is bound to happen at the University of Johor Bahru, for safety's sake, I'd better let Nana and the girls transfer to another school." Chen Haoxuan muttered to himself.

With Chen Haoxuan's current strength, it would still be easy to arrange for Chen Yina and the girls to go to a prestigious school, and anyway, it's only just the beginning of the school year, and some schools haven't even started yet!

Chen Hao Xuan wants Chen Yina to transfer to another school, of course he wants them to go to a good school, and the best school in China is Beijing University in the capital city of China, the teachers of Beijing University are all highly educated, and Beijing University has a rule, as long as you have money, regardless of your grades, you can get in. This is why Beijing University is also known as an aristocratic school, because those who study in it are all rich or noble.

That afternoon, Chen Hao Xuan called Chen Yina and the girls to his place to discuss with them about transferring to another school. At first, Chen Yina and the girls were against it, but after Chen Hao Xuan showed them Shen Ruyan's information, they agreed.

## **Chapter 269**

The next day, Chen Yina, Zhou Kexin and Hua Lingwei transferred to Beijing University, why they transferred there, except Chen Hao Xuan and Chen Yina, no one else knows, even Yang Lin, Ma Yichen ....., these and Chen Hao Xuan play very good people, Chen Hao Xuan also did not say.

The new city university is now a hidden crisis, if Chen Hao Xuan told them, they can not help but curious to check what to do? It's good that they didn't get caught, but if they did, they might not even have a life. So Chen Hao Xuan did not tell them, nor did he dare to tell them.

Although there was a crisis at the university, Chen Hao Xuan was not afraid at all, but was eager to find out what the purpose of those students who had transferred over was. In order to find out the truth, Chen Hao Xuan went to school obediently, and those students who approached him, he treated them with courtesy.

On the morning of March 9, during recess, Chen Hao Xuan was thirsty and wanted to go out to buy a bottle of mineral water. On his way there, he met Shen Ruyan, who was still followed by Wang Fuyou

and the others. In order to avoid a confrontation with them, Chen Haoxuan pretended not to see them and passed by them.

Shen Ruyan, when she saw Chen Hao Xuan coming her way, she held her head high, as if she wanted to charm Chen Hao Xuan with her beautiful figure, when she thought Chen Hao Xuan would come over and greet her, what she didn't expect was that Chen Hao Xuan walked right past her without even looking at her. This was it.

"Chen Hao Xuan, I don't believe you are a decent man without a lustful heart." Shen Ruyan said in her heart with a huff of anger.

Shen Ruyan she suddenly turned to Wang Fuyou and the others and said, "I'm going to buy snacks, you guys don't follow anymore."

"Ruyan, what do you want to eat? You tell me, I'll have someone bring it right away with a phone call." Wang Fuyou said to Shen Ruyan with an ingratiating smile.

"I don't need it, I just want to go buy it myself, I'm warning you guys, no following." Shen Ruyan said seriously to Wang Fuyou and the others, Shen Ruyan could not say that she hated Wang Fuyou and the others, because they were very good to her and listened to her in everything, the only thing that made her feel bad was that they followed her every day, when they went out shopping, when they went for a swim, when they went for a walk, they would all follow.

Seeing Shen Ruyan speaking to them so seriously, Wang Fuyou and the others did not follow, but they sneaked along in the direction Shen Ruyan had left shortly after she had just left to find her, to see what she was really doing!

Shen Ruyan she quickly caught up with Chen Haoxuan, she didn't bother to strike up a conversation with Chen Haoxuan, but followed him into a convenience store where Chen Haoxuan bought a bottle of mineral water, while Chen Haoxuan was paying the bill, she quickly took the bottle of chewing gum and placed it on the counter, saying to the cashier, "How much is it?"

The cashier replied politely, "Ten yuan."

Shen Ruyan took out a RMB 100 yuan and handed it to the cashier, after she paid the bill she didn't leave, he stood at the door.

Chen Hao Xuan treated Shen Ruyan as a stranger and he ignored her when she deliberately approached him. He paid the bill and walked out of the convenience store.

Seeing that Chen Haoxuan still treated her as a transparent person, Shen Ruyan became really angry and shouted loudly to Chen Haoxuan, "Chen Haoxuan, come here, I have something to ask you." She had previously studied at a military school, so these words carried a tone of command.

Chen Haoxuan turned around, pointed to the tip of his nose and said to Shen Ruyan, "Are you shouting at me?"

"Is there anyone else at Xinsan University besides you called Chen Hao Xuan?" Shen Ruyan said in an exasperated voice.

"What do you want from me." Chen Haoxuan said curiously.

"I want to make a friend with you." Shen Ruyan said straightforwardly, the purpose of her coming to Xinsan University this time was to get on good terms with Chen Haoxuan, she would even give her life if needed, this was the mission of those of them who were soldiers, they could sacrifice everything for the sake of their country. But she would not give her life to him until the last resort.

"Why?" Chen Haoxuan asked indifferently, he wanted to hear Shen Ruyan's reason.

"Your girlfriend transferred to another school today, didn't she? Your girlfriend is no longer at Xinsan University, so I'm the number one school girl at Xinsan University, and you're the number one school girl at Xinsan University, so shouldn't I get to know you a bit? I feel that your character is not bad,

so I intend to be friends with you." Shen Ruyan said indifferently to Chen Haoxuan, listening to her tone as if she was not in a very good mood.

"Alright! I accept you as a friend." Chen Haoxuan said indifferently, his faint tone seemed as if he was reluctant, this was deliberate, he suspected that it was Shen Ruyan who had instructed Wang Fuyou and the others to find him in trouble.

"You seem to be very unwilling to be my friend?" Shen Ruyan said to Chen Haoxuan with a stern face.

"No! I'm happy to be your friend." Chen Haoxuan pretended to smile and said.

"Then why don't you come over, do friends need to talk from so far away?" Shen Ruyan said in an exasperated voice.

Chen Haoxuan let out a bitter smile and slowly walked over to Shen Ruyan and said to Shen Ruyan, "That's always okay, right!"

"It's fine, but as friends, shouldn't we get to know each other a little." Shen Ruyan smiled and said to Chen Haoxuan.

When Chen Haoxuan saw Shen Ruyan's smile, he was dumbfounded for a moment, but soon came to his senses, Shen Ruyan's smile was beautiful, making one feel as if the iceberg was melting in that moment of beauty. Chen Haoxuan smiled and said, "Then let's go out and find a place to talk!"

"Well, I'm not familiar with the new city of Sanshan, so you can lead the way!" Shen Ruyan said readily, with her skills, she didn't have to worry about Chen Hao Xuan daring to make a bad move on her.

After Chen Haoxuan and Shen Ruyan both left, three people came out of a corner of the university in Xinsan City, they were Wang Fuyou and the others, their faces were not looking good, they knew without saying that they were jealous.

"Do you guys think Ruyan has taken a fancy to that little white guy Chen Hao Xuan? Why else would she detach us to meet Chen Haoxuan." Wang Fuyou said unhappily.

"It could be that Ruyan really came out to buy snacks, and after Chen Haoxuan saw Ruyan, he pestered Ruyan." Ye Hongfei obviously didn't want to hear about Ruyan and Chen Hao Xuan being together.

"What's the use of thinking nonsense here, just follow them over and see, then we'll know everything." Gongsun Hyun said displeased with Wang Fuyou and the two of them.

Chen Haoxuan he didn't take Shen Ruyan very far away, it was at a milk tea shop not far from the entrance of the university out of Xinshan City. Chen Hao Xuan ordered a cup of coffee and Shen Ruyan ordered a cup of pearl milk tea, and the two of them sat facing each other.

Shen Ruyan waited and waited, but Chen Hao Xuan just didn't say anything, there was no other way, Chen Hao Xuan was like a stone, sitting motionless, if he didn't raise his cup to drink coffee from time to time, Shen Ruyan doubted if he was a statue, Chen Hao Xuan didn't make a sound, she had to speak out to break the awkward atmosphere: "Chen Hao Xuan, can you tell me your story?"

## **Chapter 270**

"You can find out my story if you look it up on the internet, some things that even I don't remember are on the internet, so if you want to know, you can just look it up on the internet!" Chen Haoxuan smiled and said .

"A lot of it on the internet is fake, so I want to hear you say it, can you tell me about it?" Shen Ruyan said seriously to Chen Hao Xuan, usually people didn't need Shen Ruyan to say, they would find a way to introduce themselves, but Chen Hao Xuan didn't, this made Shen Ruyan feel a little bit better about Chen Hao Xuan, because she already knew that Chen Hao Xuan wasn't \*\*, at least he didn't have lust for her.

"If you want to make friends with me, you can't possibly not know about me, unless you're a very casual person. My story, it's very sad, I don't want to mention it because whenever I bring up the past, I'll be in a bad mood, I hope you can understand." Chen Haoxuan said indifferently, he had checked Shen Ruyan's information, it was impossible for someone like Shen Ruyan to not know about him.

"Then let me introduce myself! I was reading ..... before I transferred here," Shen Ruyan was interrupted by Chen Hao Xuan before she could finish her sentence.

"I didn't introduce myself, so you don't need to introduce yourself either, it's good to leave some secrets for each other. It's like a book, you read it slowly to make it interesting, but you read it too fast and when you're done, you'll be bored with him, so it's not a bad thing for us to keep it the way it is now." Chen Haoxuan said.

"I don't have the patience you have." Shen Ruyan said darkly in her heart as she spoke out to Chen Haoxuan, "Then I won't introduce myself, tell us about your hobbies?"

"My hobby is making money, apart from making money there seems to be none." Chen Haoxuan said with a smile.

"How tacky, such a talented person who loves money so much, despise you." Shen Ruyan said secretly in her heart, she never lacked money, so she didn't know how important money was to the poor. She thought this in her heart, but she did not dare to say this in her mouth, otherwise all her efforts would be lost, she said to Chen Hao Xuan in a delicate voice, "Rumour has it that you developed the All-in-One Mobile Phone all by yourself, can you tell me how you managed to develop the All-in-One Mobile Phone all by yourself?"

"Have you heard of geniuses?" Chen Haoxuan smiled and said to Shen Ruyan.

"Of course I've heard of it." Shen Ruyan responded.

Chen Haoxuan pointed at himself and smiled, "I am."

There was a poof. Shen Ruyan couldn't help but laugh, "You don't seem to know humility at all."

"Modesty is used by those who are not capable, people like us, even if we were modest you wouldn't believe it." Chen Haoxuan laughed.

In a beef noodle shop opposite the milk tea shop, there were three people sitting there eating noodles while paying attention to the situation across the street, these three people were Wang Fuyou and the others, they couldn't hear Chen Hao Xuan and Shen Ruyan's conversation, but they could see Chen Hao Xuan and the others laughing and chatting, seeing such a scene made them very upset in their hearts.

"Damn it, I'll find someone to finish him off, dare to steal a woman from Laozi, you're tired of living." Ye Hongfei said angrily.

"Haven't you heard that Chen Hao Xuan has more than thirty henchmen? Those thirty or so of his men are not ordinary goods, all of them are experts, if you want to kill him, you need to transfer at least a few hundred of them over, otherwise you will lose your wife and lose your army." Gongsun Hyun spoke up and warned.

"I say shouldn't you two show it? We swore before that the three of us would compete fairly, and for the others who were after Ru Yan, the three of us would cooperate against our love rivals. Now I'm putting up someone, what about you guys?" Ye Hongfei said to Wang Fuyou and the others.

"I'll put up the same strategy as before." Gongsun Hyun smiled wickedly.

"Of course I'm putting up the money! You tell your little brothers that as long as they can cripple Chen Hao Xuan, I will give him ten thousand RMB, and all the others who take part in the fight will give one thousand RMB, and for those who are injured, I will cover all the medical expenses, that's meaningful enough!" Wang Fuyou said.

"Enough buddy, the three of us working together, no one is a match." Ye Hongfei laughed wickedly, the three of them had worked together many times before and each time they had screwed their enemies to death.

Ye Hongfei, their Qing Ye Gang didn't have many people in Xinshan City, but he didn't have to worry, he could get the other gangsters to help him, with his status as the Crown Prince of the Qing Ye Gang, who would dare disobey his orders. Together with Gongsun Hyun, a second generation official, he could use his strength in both black and white to level those who disobeyed him.

Chen Haoxuan is miserable again, lying down will get him shot, this time he might not be so lucky because this time Ye Hongfei and the others are not looking for girls to help, but the mob, the real mob.

Shen Ruyan wanted to understand Chen Haoxuan, but Chen Haoxuan played Taiji with her, and every time she asked a question, Chen Haoxuan would drag it out, dragging it out and moving on to other topics. This made Shen Ruyan follow Chen Hao Xuan out for so long without gaining anything at all. Shen Ruyan was not convinced, she was a member of the Dragon Team, how could she not even be able to deal with a businessman, so she kept talking to Chen Hao Xuan, trying to get Chen Hao Xuan's secrets.

Unknowingly, the sun had set and it was time for dinner. Just then, Chen Haoxuan stood up and said to Shen Ruyan with a smile, "It's getting late, I need to go back, bye."

After Chen Haoxuan left, Shen Ruyan finally couldn't maintain her ladylike image, she was so angry with Chen Haoxuan that she stomped her feet, it was now dinner time and Chen Haoxuan didn't even invite her to dinner, didn't he know that many people dreamed of dining with her?

When Shen Ruyan stood up to leave, it suddenly occurred to her that Chen Hao Xuan hadn't paid the bill: "Cheapskate, no manners, not even paying for a girl's drink, I'm so angry, I'll never go out with you again." Shen Ruyan settled the bill and went back to Xinsan University with a huff.

Not long after Shen Ruyan left, three people came out of a beef noodle shop, all three of them with big bellies, comparable to pregnant women. "Oh my god! I can't believe I ate five big bowls of beef noodles, my goodness! My stomach is so bloated." Wang Fuyou, with his big belly, slowly walked towards the size of the new city.

"I ate four bowls, it's all because of Chen Hao Xuan, I must call someone to finish him off." Ye Hongfei huffed.

"Not to mention, the taste of this beef noodle is really good, I can't believe I managed to eat six bowls without realising it." Gongsun Hyun said with a satisfied look, he was pretending, his stomach was actually very uncomfortable. They were all forced to do so by the owner of the beef noodle shop, who told them that they were not allowed to sit in his shop if they didn't eat the noodles.

Wang Fuyou had money, but he didn't like to give such rude people, so they just kept eating noodles, probably because they were too concerned about Chen Hao Xuan and the others, which made them eat so many noodles without realising it, it was fine when they were sitting, but when they stood up their stomachs were very uncomfortable and bloated and painful.
