

A Billionaire's Reincarnation Chapter 271-280

Chapter 271

That night, Ye Hongfei used his identity as the Crown Prince of the Qing Ye Gang to gather all the gang leaders in Xinshan City, he did not ask them to send out all of their men, after all, there were thousands of them, if they were caught by the police - even his father could not protect him.

Ye Hongfei told them to send out all the experts in their gang, and as a reward, he would count them by the number, 5,000 RMB each, with another reward for good performance, and 10,000 RMB each if they could defeat Chen Hao Xuan. All this money was given to him by the wealthy Wang Fuyou, whose plan was to call for a large number of people to beat Chen Hao Xuan in a group, but Gongsun Hyun changed his plan and asked him to just send the elite, ordinary people would be useless if they went.

There are many gangsters in Xinshan City, but not many masters. There are only about fifty masters in the big gangs combined, a few of them have studied martial arts, while the others are all skilled from years of fighting. Ye Hongfei also called for ten experts from the Qing Ye Gang. With these sixty experts, he didn't believe Chen Hao Xuan could win.

They didn't dare to kill anyone, especially someone of Chen Hao Xuan's status, but they dared to break Chen Hao Xuan's hands and feet and force him to leave Shen Ruyan or Xinshan City.

On the morning of March 10, Chen Hao Xuan returned to class and found a letter on his regular seat. The envelope was not signed, so he opened it and found that it was a threatening letter that wanted him to leave Shen Ruyan and not to go near her again, or he would be assassinated.

When Chen Hao Xuan saw the threatening letter, he smiled. He took the threatening letter and went to the fourth year Chinese department to look for Shen Ruyan, who was not an ordinary person, so Chen Hao Xuan did not have to worry about harming her.

Chen Haoxuan arrived at the fourth year Chinese department's first class, he stood at the entrance and shouted loudly to you, "Shen Ruyan, are you there?"

When the students of the fourth year Chinese class saw Chen Haoxuan standing at the entrance of their class, they let out a gasp of surprise: "It's Chen Haoxuan yeah, wow, so handsome, he's so cool yo! Hmph, little white face, not useful in the eyes" The girls praised Chen Haoxuan and the boys cursed Chen Haoxuan.

Shen Ruyan, she was happy to see Chen Haoxuan coming to her, she thought Chen Haoxuan already had a good feeling for her, she stood up with a smile and said to Chen Haoxuan in a delicate voice, "I am, what do you want to see me for?"

When Chen Haoxuan saw Shen Ruyan standing up, he walked over to Shen Ruyan, put the envelope he held in his hand in front of Shen Ruyan's table, and said to Shen Ruyan indifferently, "You will know when you read it." Chen Haoxuan left after saying that.

"Wow, is it a love letter? Did Chen Haoxuan fly Chen Yina off the handle, so he came after Shen Ruyan?"

"Chen Haoxuan actually wrote a love letter to someone else, so envious yo! If he wrote one to me, I would die of happiness."

"Negative hearted man, Chen Yina is so good to him, how dare he chase other girls behind Chen Yina's back, shameless, scum"

Hearing the words of the people in the class, Shen Ruyan herself suspected that what Chen Hao Xuan gave her was a love letter, after all, she was a big beauty, it was normal for Chen Hao Xuan to write her a love letter. If it was a love letter from someone else, she would have kept it, but Chen Hao Xuan's love letter she had to read. Opening the envelope, her expression changed from anticipation to anger when she saw the contents inside.

The students in Shen Ruyan's class, seeing that Shen Ruyan's expression seemed angry, started chattering again, saying that Shen Ruyan didn't like Chen Hao Xuan and that was why she was angry when she saw Chen Hao Xuan writing her a love letter.

Shen Ruyan was in no mood to explain to the students in her class as she took the envelope and went out in a rage. She was sure that the threatening letter must have been written by Wang Fuyou and the others, only they cared about her that much and only they had the guts to do so.

After Shen Ruyan left the classroom, she took out her mobile phone and called Wang Fuyou's mobile phone, asking where they were now, Shen Ruyan quickly rushed over.

At this moment, Wang Fuyou and the others were at the edge of the basketball court watching someone play! After they knew that Shen Ruyan was coming, they hid all the alcohol. In front of Shen Ruyan, they had to be three good men, no whoring, no gambling and no bad deeds.

Shen Ruyan soon arrived at the basketball court and found Wang Fuyou and the others at the edge of the court. She ran over in anger and threw the envelope at Wang Fuyou, saying to them, "Did you do this?"

When Wang Fuyou and the others saw the envelope without a name, they didn't need to think about it to know that it was their threatening letter to Chen Haoxuan, and they didn't expect it to come to Shen Ruyan.

"What's this?" Wang Fuyou played dumb.

"Don't play dumb in front of me, you guys, apart from you - who else would do these things. Tell me why you did this, and if you don't tell me clearly, I'll never ignore you again." Shen Ruyan crossed her arms and huffed in anger.

Gongsun Hyun, being the smartest of the three, stepped forward as he explained to Shen Ruyan, "Ruyan, listen to our explanation, it really wasn't us who did this, maybe it was one of Chen Hao Xuan's other enemies? Or maybe it was one of your other admirers? Have you forgotten that even the three of us were once victimised by your admirers, let alone a small businessman?"

"The problem is that none of those people are in Johor Bahru, only the three of you are. I warn you, if you dare to harm Chen Haoxuan, I will definitely not spare you." Shen Ruyan said seriously to Wang Fuyou and the others.

"Ruyan, you're so nervous about Chen Haoxuan, you're not in love with him, are you?" Wang Fuyou said sourly.

"No." Shen Ruyan said.

"Then why did you take the initiative to approach him, that's not like you." Ye Hongfei said.

"If you were as talented as he is, I would also take the initiative to approach you, don't forget what my family is for, Chen Haoxuan is so smart, can't I get a talent for my father?" Shen Ruyan said in an exasperated voice.

"Then why don't you just tell him who you are? Maybe he will say yes once he gets excited, so why do you have to take the initiative to approach him and gain his goodwill. Aren't you afraid that you and he will fall in love over time?" Gongsun Hyun said indifferently, his words were few, but every word he said was incisive.

"He is a man who loves money, asking him to give for the country, he might not agree, that's why I deliberately approached him to gain his goodwill for good, and slowly input to him the idea of serving the country and the people." Shen Ruyan explained for herself, she couldn't tell Wang Fuyou and the others about her mission, so she had to make up a lie.

"What kind of talent is he? He only knows how to make money, apart from developing an all-powerful mobile phone, he has no talent at all. If I had time, I could have developed a rocket, not to mention an all-powerful phone." Wang Fuyou said bullishly, he had money and could hire a large number of talents to work for him, so he had the capital to be bullish.

"So what do you know? What do you know but how to spend your family's money? His money is not as much as yours, but he earned it by his own skills, while you rely on what your family gives you. Besides, did you answer the questions he once asked? Not to mention you, even the most knowledgeable old guys at Beijing University didn't answer them. Look at the all-powerful mobile phone developed by Chen Hao Xuan, which gathered a large number of businessmen to invest, the total investment of all businessmen reached hundreds of billions of RMB, does your family have that much money?"

Ye Hongfei, you too, don't think that just because your family is a triad society that you can be lawless, let me tell you, before we came to Johor Bahru, Chen Haoxuan once wiped out a theft gang in Johor Bahru, that theft gang used to be a gang that no one dared to mess with in Johor Bahru, but in the end it was still uprooted by Chen Haoxuan. So don't mutter about his strength, knowing that he has more than thirty expert henchmen.

Gongsun Hyun, you think you are very smart, then how come you can't answer the questions that Chen Hao Xuan used to ask? You think you are smart, then why have you not been able to win my heart until now? It's obvious that you're not smart enough." Shen Ruyan said seriously to Wang Fuyou and the three of them.

"We are not good enough, but you should know if we love you with all our hearts, if we are sincere." Gongsun Hyun said indifferently, at this moment he was very upset in his heart, he admitted that his knowledge was not as good as Chen Haoxuan's, nor was he capable of catching up with Shen Ruyan, but he thought that his scheming could not be matched by anyone.

"I've told you before that you are not suitable for me, all three of you excellent boys, there are many girls waiting for you to love! Why do you have to come after me!" Shen Ruyan said helplessly, the emotional aspect had never crossed her mind, as she was bent on serving her country and her people.

"As I said, I won't stop chasing you unless you get married." Wang Fuyou said to Shen Ruyan very seriously.

"Me too." Ye Hongfei chimed in.

"I'm warning you, no harming Chen Haoxuan, or even your family won't be able to protect you. All right, I've said all I need to say, I'm going back to class, so you guys take care of yourselves!" Shen Ruyan turned around and left.

After Shen Ruyan left, Ye Hongfei kicked a bench at the side of the basketball court with a thud, he said with a huff, "This damn Chen Hao Xuan, to give the envelope to Shen Ruyan, I guess he knows that we did it."

"So what if he knows, the envelope is back in our hands now anyway, what evidence does he have to prove that we did it." Gongsun Hyun said.

"Then should we still screw Chen Haoxuan?" Wang Fuyou said hesitantly.

"Of course we should! No matter who it is, as long as he tries to steal a woman from us, he de pay a heavy price. Ye Hongfei, you find a sharpshooter today, I have a wonderful use for it." Gongsun Hyun smiled wickedly.

"Didn't we agree to send sixty experts to flatten Chen Hao Xuan? How come you only want one? Or a sharpshooter, do you want to kill Chen Hao Xuan?" Ye Hongfei said in surprise.

"Don't worry, I won't kill him, I just want to make him feel fearful, I know it will make tear gas, and I spiked it, he can make people keep on shedding tears, if it takes long, he will make people lose their vision temporarily, it will take at least a week or two to get better, if it is very serious, maybe they won't be able to see the sunlight for the rest of their lives. That's why I asked you to send a marksman over, and when the time comes, we'll have the marksman shoot tear gas bombs into the place where Chen Hao Xuan lives." Gongsun Hyun smiled grimly and said.

"Good, do it like this." Ye Hongfei said happily, thinking to himself that it would be best to blind Chen Haoxuan.

"Then what do I do?" Wang Fuyou pointed at his nose and said.

"You're in charge of buying materials, of course! Let's go, it's not too late, let's go now." Gongsun Hyun said.

Chen Hao Xuan, he felt that those students who had transferred over from New Mountain University were getting stranger and stranger, he felt as if they had all transferred over for him. But what purpose did they have, Chen Haoxuan hadn't figured out until now.

That afternoon after school, Chen Hao Xuan went back to his place, he walked back, his place was very close to the city of Hsinshan, so he usually walked if he was not in a hurry. He went back to his place and, as before, managed the Thousand Buddha Stone Pagoda website, casually checked on the progress of the Omniphone again, and then did some messy stuff until about 10pm when he went to bed.

On a road in front of Chen Haoxuan's place, there was a van parked on the side of the road, and the people in it were discussing issues. "Gongsun Hyun, it's already past ten o'clock, don't wait, let's make our move! I'll treat you all to a nightclub getaway when we're done." Wang Fuyou, who was in the car, said impatiently.

Seeing that it was getting late, Gongsun Hyun turned his head to a tall man next to him and said, "You should have just seen the last place where the lights were turned off in Chen Hao Xuan's house, right? That must be Chen Hao Xuan's room, so you aim to shoot two tear gas canisters in there in quick succession."

"Understood." The tall man held up a gun similar to a sniper rifle and aimed at Chen Haoxuan's residence, with a bang, a tear gas shell the size of a baby's fist flew through the window into Chen Haoxuan's residence like a bullet, the glass of the window was smashed by the tear gas shell. After the tall man's shot, he quickly loaded another tear gas canister and shot into Chen Haoxuan's residence again, and a puff of smoke soon came out of Chen Haoxuan's residence.

"Let's go! Don't leave any evidence behind." Gongsun Hyun spoke out, he was sure that Chen Haoxuan would be in hospital tomorrow, unless he fled his residence without opening his eyes or breathing.

Chen Hao Xuan, when he heard something break through the window, he immediately rolled under the bed with a tumble, seeing that what flew in was something that would smoke, whether it was poison gas or not, Chen Hao Xuan did not dare to inhale it, and he crawled out as fast as he could against the ground. Now he was alone in his place, because Chen Yina and the girls were gone, so he didn't need anyone to protect the place, he had no worries, he escaped through the back door and then edged against the wall to see what kind of people were trying to harm him, he just reached out at the corner and saw a van leaving quickly, the van didn't even have a license plate.

He quickly ran to the garage and drove his BMW after the unmarked van.

Perhaps the man in the van did not expect anyone to come after him, so he did not drive very fast, which allowed Chen Haoxuan to catch up with the van very quickly. Chen Haoxuan did not bother to alarm the snake, he slowly followed behind the van.

Half an hour later, the unlicensed van stopped in front of a luxurious nightclub, and the people who got out of the van, Chen Haoxuan saw them all clearly, it was Wang Fuyou and the others, but one of them was a tall man he did not recognize.

Chapter 273

Because of the time. Chen Haoxuan was too late to change his clothes, he was now wearing pajamas, but he took his car keys and his wallet by hand as he fled the room.

Chen Hao Xuan parked his car on the roadside, and he walked into a high-end clothing shop in his pajamas and bare feet.

"Hey, this is a place that sells high-end clothes, get out." When a male attendant in the clothing shop saw Chen Haoxuan come in dressed like this, his first impression of Chen Haoxuan was that he was nuts, coming outside and wearing pajamas, and not even having shoes, what is this if not nuts.

Chen Haoxuan has seen a lot of people who look down on others. If this was not the only clothing shop in the area, Chen Haoxuan would have turned around and left. Chen Hao Xuan took out his wallet,

opened it and showed it to the shop attendant, saying coldly: "I have a dozen bank cards here, not to mention buying a set of clothes, even if I swipe your card machine, I can buy this shop without a problem. How dare you kick me out, watch out for your boss firing you."

The waiter saw that Chen Hao Xuan had so many bank cards in his wallet, and those bank cards were either platinum or diamond cards, the lowest one was gold card, these bank cards were not something you could get just because you wanted them, he had to have enough money deposited in order to do so. The waiter regretted the words he had just uttered, his forehead unknowingly breaking into a false sweat.

The waiter squeaked to Chen Hao Xuan, "This - this gentleman, I'm very - I'm very sorry, please listen to my explanation, during this period of time there are many country bumpkins coming into our shop, not buying things but touching them indiscriminately, several pieces of clothes have Several clothes have been soiled by them, and in order to stop this happening again, anyone who is not fully clothed is not allowed in, so please understand my hardship." The waitress finished with her head bowed, looking as if she was reflecting.

"I don't have time to listen to your explanation, now hurry up and find me a tight-fitting suit, the most expensive and best you have here." Chen Hao Xuan said bullishly.

"Yes, sir, this way please, here are the creations of F country's design masters" The waiter led Chen Haoxuan to the VIP area.

Chen Haoxuan didn't even bother to look at the price, he took it as he saw fit and went into the fitting room, the waiter was very sensible, he asked the other waiters to bring a basin of water, and a pair of leather shoes and a tie. Chen Haoxuan walked out of the fitting room wearing a tight-fitting suit and saw what the attendant had prepared for him and couldn't help but look at the attendant with an appreciative eye.

Chen Haoxuan was sitting on an office chair and there was a pretty waitress washing his feet, this is the life of a rich man.

Chen Hao Xuan came out of the clothing shop wearing a tight-fitting suit, expensive leather shoes with a patterned tie, all dressed so neatly in the evening that one felt as if he was a high-class white collar man on his way to work.

Chen Hao Xuan walked into the nightclub, and as soon as he entered, he told the receptionist of the nightclub that he was invited by Wang Fuyou, and as soon as the receptionist of the nightclub heard that he was a friend of Wang Fuyou, she immediately and politely took Chen Hao Xuan to the private room where Wang Fuyou and the others were.

The receptionist led Chen Haoxuan to a private room, and as soon as he entered the door, the receptionist respectfully said, "Mr. Wang, your friends are here."

When Wang Fuyou heard the receptionist's words, he was stunned, thinking to himself, "I didn't call my friend to come here, did I?"

Chen Haoxuan walked into the private room with an evil smile, "Wang Fuyou, Ye Hongfei, Gongsun Xuan, why, don't you recognise me?"

Seeing that it was Chen Hao Xuan who came in, Wang Fuyou and the three of them quickly stood up and looked at Chen Hao Xuan in surprise. They had thought that Chen Hao Xuan was already lying in the hospital, and they had also thought that Chen Hao Xuan had fainted at his own place, but they never thought that Chen Hao Xuan would appear in the night club and that nothing seemed to be wrong with him.

"Why are you here?" Gongsun Hyun said seriously to Chen Haoxuan.

"I came with you guys." Chen Haoxuan said sitting on a sofa by the wall with a very calm look.

"What do you mean by that?" Gongsun Hyun added.

"You should say what you guys mean? Sneaking up on me in the middle of the night, if you don't give me a reasonable reason, I won't go to the police, but I'll write an article on our Thousand Buddha Stone Pagoda website about me being victimised by you, you won't be arrested then, but your fame will stink to the point that you won't have the face to see anyone." Chen Haoxuan said coldly.

"Chen Haoxuan, don't force us, do you know what kind of people we are?" Ye Hongfei huffed and puffed at Chen Haoxuan.

"One of you is the son of a tycoon, one of you is the son of the godfather of the underworld, and one of you is a second generation official. If you think that I am afraid of you, then you are wrong, although I am not strong now, I am not someone who can be bullied by anyone." Chen Haoxuan said coldly.

"Alright! Chen Haoxuan, let's be straightforward, as long as you stay away from Shen Ruyan, we will definitely not provoke you in the future." Gongsun Hyun said seriously to Chen Haoxuan.

"You guys like Shen Ruyan?" Chen Haoxuan asked.

Wang Fuyou and the others nodded their heads in unison.

"Asking me to stay away from Shen Ruyan, I might not be able to do that because she is now my friend. But I'm sure I won't go after her, and even if she would fall back on me, I wouldn't want it because I already have a girlfriend, so you guys don't have to worry." Chen Haoxuan said.

"That's what you said, if we find out that you want Shen Ruyan, we will destroy you regardless." Gongsun Hyun coldly said to Chen Haoxuan, hearing Chen Haoxuan's words, he was instantly much more at ease in his heart as there was one less love rival.

"Don't come to scare me, with that little strength of yours, if you fight with me, I think you will die a miserable death. I'm warning you, I'll spare you this time, if you dare to mess with me next time, then don't blame me for being ruthless." Chen Haoxuan stood up and coldly said to Wang Fuyou and the others.

Ye Hongfei, who gave a look to the tall man who was beside him, signalling him to subdue Chen Haoxuan. He was not used to seeing people being madder than him, so he wanted his men to teach Chen Haoxuan a good lesson.

The tall youth knew the meaning of Ye Hongfei's look and he suddenly stood up and lunged at Chen Haoxuan.

It was so sudden that when Wang Fuyou and the others saw the tall man lunging towards Chen Haoxuan, the tall man grabbed Chen Haoxuan's arm.

Chen Haoxuan he smiled faintly, he flipped his right hand and wrapped it around the tall man's left arm and pressed it hard, at the same time his left hand lashed out and punched the tall man on the bridge of his nose, with a click, the tall man's left arm was crushed by Chen Haoxuan and the bridge of his nose was also broken by Chen Haoxuan. Chen Haoxuan let go of the tall man, who instantly bottomed out and groaned on the ground.

Chen Haoxuan clapped his hands and said to Wang Fuyou and the three of them, "Don't play any tricks with me, if you dare to test me again in the future, this is what will happen to you." Chen Hao Xuan walked out of the private room with his head held high.

Chapter 274

After Chen Haoxuan left. Ye Hongfei and the three of them looked at each other, their eyes seemed to say, "Just let Chen Hao Xuan leave like that? That would be too humiliating for them, right?"

"What do we do?" Wang Fuyou blurted out, saying.

"What else can we do, all three of us have never practiced, going to fight him would only get us killed." Gongsun Hyun said unhappily, he wanted to ask Ye Hongfei to send someone to beat up Chen Hao Xuan, but just now Chen Hao Xuan had already said that he didn't like Shen Ruyan and forgave them for what they had done tonight, which made him unable to find an excuse to clean up Chen Hao Xuan.

"I'll find someone to finish him off." Ye Hongfei said coldly, his dignity had been severely traumatised today, as the Crown Prince of the Qing Ye Gang he had been warned, if his dad found out, his dad would still be furious with him.

"Wang Fuyou, you give those sixty experts, three thousand RMB each, then tell them to disperse. Once the wind has passed, we'll get our face back." Gongsun Hyun proposed.

"No, I don't agree." Ye Hongfei roared.

"We bothered him first because we thought he was our love rival, now he has said that he is not going to fall for Shen Ruyan, besides he didn't mess with us before. So we have no excuse at all to find trouble with him? If you say it's because you don't like him, I admit it because I don't like him either, but there are so many people we don't like that if we just go and flatten whoever we don't like, then we will be tired to death." Gongsun Hyun explained.

"Fine! Let him get away with it for a while longer." Ye Hongfei said with a stern face.

When Chen Hao Xuan returned to his residence, the smoke had cleared and Chen Hao Xuan picked up two rectangular cylinders on the floor of his room, his residence had a microscope and various chemical tools and he assayed the contents of the cylinders, which were pepper and the like, and some slightly poisonous medicinal powder.

"If you are not what you are, I'll fix you up." Chen Haoxuan said coldly.

The next day, since it was Sunday, Chen Hao Xuan went to the University of Xinshan tomorrow, and Communication Mobile City was on holiday, so Chen Hao Xuan went to the fashion clothing shop to look for Jiang Xiang Han.

Jiang Xianghan and Han Yuechan were now managing the fashion clothing shop together, and they were living a very prosperous life and were in a good mood every day.

Chen Haoxuan he drove to the fashion clothing shop, and as soon as he walked into the clothing shop, he met Han Yuechan who was dressing the puppet models. "Sable, busy!" Chen Haoxuan called out tenderly.

Hearing the voice she had always wanted to hear, Han Yuechan turned around happily, "Hao Xuan, it's been a long time since you came to see us."

"I've been busy with some things during this time, so I don't have much time, I'm sorry." Chen Hao Xuan explained with a smile.

"Come on, let's go to the lounge, Sister Han is watching cartoons there!" Han Yuechan pulled Chen Haoxuan's hand and left.

The waitresses in the clothing shop were not surprised, they already knew about Chen Haoxuan's relationship with Jiang Xianghan and Han Yuechan.

Jiang Xianghan, who was watching a cartoon in the lounge, felt someone coming, but she didn't turn her head, thinking it was Sable and the girls coming in for a break. But what she didn't expect was that the person next to her suddenly hugged her, scaring her so much that she wanted to scream, and just as she was about to scream, a friendly voice came to her ears, "I'm Hao Xuan, I haven't been here for the past few days, did you miss me?"

Jiang Xiang Han turned around and saw that it was indeed Chen Hao Xuan, she smashed her fist on Chen Hao Xuan's firm chest and said petulantly, "You're so bad, I just thought it was some ** who wanted to take advantage of me!"

"You guessed right! I just want to take advantage of you, how about it, do you want me to take advantage of you as a **!" Chen Haoxuan said with an evil smile.

Hearing Chen Haoxuan's words, Jiang Xianghan said to Han Yuechan who was sitting next to Chen Haoxuan, "Sable, unlock the door."

Hearing Jiang Xiang Han's words, Han Yuechan knew what they meant, she answered in a small voice, then blushed and stood up to unlock the door.

"Sable baby, come here too." Chen Haoxuan beckoned to Han Yuechan.

An hour later, Chen Haoxuan leaned back on the sofa while Jiang Xianghan and Han Yuechan both leaned on Chen Haoxuan's chest, they were now fully dressed, but Chen Haoxuan's hands were still unfaithful, constantly mooching off Han Yuechan and Jiang Xianghan's bodies.

"I say your boobs, whose is bigger!" Chen Haoxuan asked a very yin~slutty question.

"Sable's is bigger because she has given birth to a child." Jiang Xiang Han said honestly.

"Hmm, but yours isn't small either, let me rub it for you, soon yours will be as big as hers." Chen Haoxuan said with a bad smile.

"Don't, you just know how to bully me." Jiang Xiang Han whispered.

Jiang Xianghan and Han Yuechan's looks were a little worse than Chen Yina's and the girls, but they were mature and sexy, a deadly killer for men. Chen Hao Xuan was proud of his fate to have lovers like them.

"Hey, where's Xiaohua? How come I haven't seen him?" Chen Haoxuan suddenly remembered Han Yuechan's son.

"He's in the mobile phone shop next door, he's playing with the mobile phone shop owner's daughter, you can see him when you go over there." Han Yuechan replied.

Chen Haoxuan suddenly said seriously to Han Yuechan, "Sable, I want Xiaohua to acknowledge me as his godfather, I wonder if you have already?"

"Of course not already! Wait, I'll go and get him right now." Han Yuechan said happily, if her son could acknowledge Chen Haoxuan as his godfather, then her son's already future would be unlimited.

"No need, you guys rest here, I'll just go." Chen Haoxuan said with a smile.

Chen Haoxuan walked out of the clothing shop and into the mobile phone shop next door, which was not large and did not have many goods, it seemed to be mainly for repairing mobile phones. He saw Han Feng Hua playing with a little girl about his age on the floor in the middle of the mobile phone shop with a remote control car.

As Chen Haoxuan was about to call out to Han Fenghua, the owner of the mobile phone shop spoke up first and the owner of the mobile phone shop excitedly shouted to Chen Haoxuan, "Mr. Chen, welcome to my humble shop."

Han Fenghua, who was playing on the ground, turned her head curiously to look outside, and when she saw that it was Chen Haoxuan, who loved her the most, she was rolling and crawling to Chen Haoxuan, hugging Chen Haoxuan's thigh and saying smilingly, "Uncle Xuan, Little Feng misses you so much."

Chen Hao Xuan picked Han Feng Hua up, reached out and tenderly scratched Han Feng Hua's little nose and said with a smile, "Uncle misses you too."

Then Chen Haoxuan turned to the owner of the mobile phone shop and said, "Thank you for taking such good care of Xiaohua, if you need any help, just let me know." In the city, it was hard to find playmates in other places apart from school, so Chen Hao Xuan wanted to give the mobile phone shop

owner a little benefit, so that he could take care of Han Fenghua in the meantime while taking care of his daughter.

Chapter 275

"Mr. Chen. You are too kind, Xiaohua is a child that not only my daughter likes, but I also like very much. You know how we have so much time to play with our children in business. Now that I have Xiaohua as my daughter's companion, he can be said to have done me a great favour! So you don't have to be so polite, Mr. Chen." The owner of the mobile phone shop politely said to Chen Hao Xuan, he didn't want Chen Hao Xuan to help, that's false, but you can't be angry without being modest!

"I just made a deal with Xiaohua's mother that I would be Xiaohua's godfather." Chen Haoxuan said with a smile.

"Oops! Then I would like to congratulate Mr. Chen on receiving a smart and cute godson, congratulations." The owner of the mobile phone shop arched his hand and said with a smile.

"I see that your shop seems to have very few mobile phones, why don't you stock more?" Chen Haoxuan asked.

"Mr. Chen, we dare not invest that much in a small business! The new mobile phones in my shop are all miscellaneous goods costing a few hundred dollars, and the rest are second-hand mobile phones that I have repaired. It's not that I don't want to buy high-grade phones, but they are too expensive, and I'm afraid that I won't be able to sell them, but if I can't sell them, I will go bankrupt." The owner of the mobile phone shop explained.

"How about this! I'll be your guarantor, you can pick up the goods from Communication Mobile Phone City, each time you pick up the goods, you can't exceed 100,000 RMB, you can owe for the first pick up, but you need to pay for the second pick up, how much you pick up, how much you pay, if your goods don't sell, as long as they are not damaged, you can return them to Communication Mobile Phone City, in addition, you need to pay back all the money you owe at the end of each year. This kind of business, you definitely do not lose, how about it, want to do it or not?" Chen Haoxuan said with a smile.

"Mr. Chen, thank you so much, I don't even know how to repay you for helping me like this." The owner of the mobile phone shop looked flattered and excited. At this moment, he couldn't calm his emotions, he was too excited, with such help, he could transform his mobile phone shop into a brand-name mobile phone shop, specialising in high-end mobile phones.

Chen Hao Xuan put Han Feng Hua down and took out a name tag from his breast pocket, then took out a pen and wrote his name on the tag. Chen Hao Xuan handed the name tag to the mobile phone shop owner and said, "Take my name tag to their manager at Communication Mobile City tomorrow, then give him my name tag and he will work with you." Seeing the mobile phone shop owner's excited and worried look, so Chen Haoxuan added, "Don't worry, I will call the manager of Communication Mobile Phone City later to talk about it."

The mobile phone shop owner excitedly shook Chen Haoxuan's hand and was moved to say, "Mr. Chen, thank you, thank you very much indeed, I, Ma, will definitely not forget your kindness when I become prosperous in the future."

"Oh, boss, you're welcome, Communication Mobile Phone City was originally a wholesale business, only this kind of treatment like taking goods first and paying later requires an acquaintance, that's how it was when I was a small business before, taking goods first and paying later." Chen Haoxuan said with a smile. Chen Hao Xuan was not afraid at all that the owner of the mobile phone shop would run away, because his shop was next to the fashion clothing shop, if the owner of the mobile phone shop ran away, the fashion clothing shop could expand its range and not lose much.

"Mr. Chen, you are my idol, I will try to become a big shot like you." The owner of the mobile phone shop said excitedly.

"Oh, cheers. That's it for now, I'm taking Xiaohua back, bye." Chen Haoxuan hugged Xiaohua and left.

The owner of the mobile phone shop knew that Chen Haoxuan was going to the fashion clothing shop next door, but he still sent Chen Haoxuan to the door to show his respect for him.

When Chen Haoxuan returned to the lounge of the fashion clothing shop, he put Han Fenghua down and then said to Han Fenghua, "Xiaohua, how about Uncle Xuan being your godfather?"

"Good." Han Feng Hua was only three years old, a child who had just learnt to speak, so he didn't know what a godfather was! He thought that godfather meant daddy, so he agreed without even thinking about it, because he liked playing with Chen Haoxuan.

"Little Hua, call out to Uncle Xuan as Godfather." Han Yuechan said happily. Now she wouldn't have to worry about Han Fenghua making a fuss about daddy in the future.

"Daddy." Han Fenghua shouted sweetly to Chen Haoxuan, a term he was familiar with, but it was the first time he had ever shouted it.

"Hey." Chen Hao Xuan happily responded, the first time he was called daddy, Chen Hao Xuan felt strange, he wanted to ask Han Feng Hua to correct his shouting of godfather, but when he thought about it, it seemed like daddy and godfather were similar, so he didn't care that much.

"Oye, Xiaohua has a daddy, oh oh oh" Han Feng Hua was jumping up and down cheering.

"It's still early, so to celebrate I'm taking Xiaohua as my godson, I've decided that I'm going to take him to an amusement park. Are you guys going?" Chen Haoxuan said happily.

"We won't go, you can take Xiaohua!" Han Yuechan said sweetly, she was trying to get her son all to spend time with Chen Haoxuan.

Chen Haoxuan picked up Han Fenghua and said, "Xiaohua, let's go, Godfather will take you to the amusement park to play."

"Daddy's so nice." Han Fenghua said and gave Chen Haoxuan a kiss on the cheek.

Chen Hao Xuan drove straight to one of the biggest amusement parks in Xinshan City, honestly he had never been to an amusement park in all his life! If he hadn't seen it on TV, he probably wouldn't even know what an amusement park was, but in his previous life, he was a madman obsessed with research, and in this life, he was an outcast without family, so how could he have the opportunity to go to an amusement park?

Ten minutes later, Chen Haoxuan arrived at the amusement park, he parked his car at the car park at the entrance of the amusement park, holding Han Fenghua's little hand, he slowly walked towards the amusement park, children don't need to buy tickets, but Chen Haoxuan would need to, Chen Haoxuan spent fifty yuan to get in.

Since it was Sunday, the amusement park was packed with people today, and there was laughter everywhere. Even if you didn't play, just listening to such joyful sounds would make you feel happy.

"This is an amusement park!" Chen Haoxuan exclaimed.

"Daddy, Xiaohua wants to eat that." Han Fenghua pointed his little finger at the candyfloss in a little girl's hand and said happily.

The little girl pointed at by Han Fenghua was five or six years old, that little girl and cute, pink and pink, like a doll. She thought Han Fenghua wanted to steal her candyfloss, so she didn't eat it either, hiding it behind her back and looking at Han Fenghua with her little head held high, as if to say, "I have candyfloss, I just won't give it to you."

"Godfather will take you to buy them." Chen Haoxuan kindly said to Han Fenghua.

"Xiaohua wants two." Han Fenghua stretched out two fingers in a cute way and said.

"No problem. " Chen Haoxuan said with a smile.

Chapter 276

The little girl who had just been pointed at by Han Fenghua heard what Chen Haoxuan said. She was puzzled because she had begged her aunt for a long time before she agreed to buy her a marshmallow, so when Han Feng Hua told Chen Hao Xuan that she wanted two, she did not believe that Chen Hao Xuan would really buy them for Han Feng Hua. So she tiptoed behind Chen Haoxuan and the girls to see if Chen Haoxuan was really that generous.

In fact, Chen Hao Xuan had already noticed a little girl following behind her buttocks, but didn't bother, children are curious, this is something that everyone knows.

There were many merchants selling candyfloss in the amusement park, and Chen Hao Xuan soon found a small shop selling candyfloss, Chen Hao Xuan bought three at once, giving two to Han Fenghua and one to himself.

Han Feng Hua took a big bite of the candyfloss, which made his face covered with candyfloss threads, but looking at him it looked as if he was eating a mountain of food.

A little girl ten meters away looked at Han Fenghua who was eating candyfloss and drooled continuously, she couldn't help but pick up the candyfloss in her small hand and tiantian it, she couldn't bear to eat it, she begged for half a day before her aunt bought it for her, if she finished it, it would be gone.

Chen Hao Xuan saw the appearance of the little girl who had been following him over and couldn't help but laugh, he felt that little girl was really too cute, just like a little greedy cat. He could guess from the kind of dress that little girl was wearing that it was not that the little girl's family did not have the money to buy candyfloss, but that they were probably afraid that children would get diabetes if they ate too much, or that it would be bad for their teeth. Chen Haoxuan had seen many parents who did not allow their children to eat too much candy.

Chen Hao Xuan turned around, bought another candyfloss from the owner who made it, and then waved to the little girl.

The little girl looked smart, and when she saw that Chen Haoxuan had bought another cotton candy and waved to her, she quickly guessed that Chen Haoxuan wanted to give her a candyfloss to eat, so the little girl ran towards Chen Haoxuan with a smile on her face.

Seeing the little girl running towards him with open hands and a smile on her face, while she was holding two marshmallows, it made Chen Haoxuan think of an evil scenario of an evil middle-aged man, using a lollipop to trick a little girl.

"Uncle, are you going to give me marshmallows?" The little girl ran up to Chen Haoxuan, holding her little head high, her eyes full of expectation.

"It's for you." Chen Haoxuan handed one of the candyfloss he had just bought to the little girl.

"Ah..., uncle, you are so kind." The little girl happily took the candyfloss Chen Haoxuan handed her, then faced Han Fenghua and took a big bite.

Han Fenghua was not convinced, he felt that this little girl, who was older than him, was showing off to him, so after he quickly nibbled on two marshmallows, he said to Chen Haoxuan again, "Daddy, Xiaohua wants more marshmallows, a lot more."

It was not good to eat too many marshmallows, but Chen Haoxuan still bought one for Han Feng Hua and gave another to the little girl.

"Come on, daddy will take you to buy other delicious food, and we will go play after we have eaten enough." Chen Haoxuan held Han Fenghua's little hand and said.

"Mm-hmm." Han Fenghua responded happily.

The little girl seemed to have gotten a taste of the sweetness as she followed Chen Haoxuan around, and as soon as Chen Haoxuan bought Han Fenghua something to eat, she would run up to Chen Haoxuan and shout sweetly for Uncle.

Children are more adaptable than adults, and now Han Feng Hua and the little girl are holding hands, and the two of them are chattering non-stop.

Chen Hao Xuan took the two little ones to eat a lot of snacks, and the two little ones' stomachs were even rounded. In order to make sure the two little ones did not suffer from indigestion, he bought another bottle of juice and let them sit on a bench by the roadside to drink it.

Chen Haoxuan sat in the middle of them, which made everyone who passed by feel that the two little ones were Chen Haoxuan's own children.

"Little guy, I said you didn't come to the amusement park alone, did you? Where is your family? They'll be worried if you don't go back after so long." Chen Haoxuan turned his head to the little girl sitting next to him drinking juice.

"Wen Wen is not called Little One, Wen Wen is called Wen Wen. Wen Wen is here with her aunt, her aunt won't let Wen Wen eat candyfloss, so Wen Wen hides and eats it, hey, now the candyfloss has all been eaten by Wen Wen and her aunt hasn't found it yet, Wen Wen is pleased." Wen Wen whispered, and that last sentence, Wen Wen was pleased, made Chen Hao Xuan cry and laugh.

"Your aunt must be anxious to death right now, you should take uncle to find your aunt!" Chen Haoxuan said.

"No, no, no, Wen Wen is not going, Wen Wen wants to play with uncle." The little one clung tightly to Chen Haoxuan's arm and said in a delicate voice.

"Uncle is trying to take your aunt to play with him." Chen Haoxuan cried and laughed as he said to the little one.

"Really, then Wen Wen will take you there right now." The little one jumped down from the bench, pulled Chen Haoxuan's hand and ran.

When Han Fenghua saw Chen Haoxuan leaving, he hurriedly followed, "Daddy, wait for Xiaohua."

At the exit of the amusement park, there was a stunningly beautiful woman, her eyes constantly looking towards the exit of the amusement park, her expression seemed to be anxious.

"Where the hell has Wen Wen gone? What to do? What to do? How can I go see my big brother and sister-in-law if Wen Wen is lost!" The words kept repeating from this stunning beauty's mouth, and from the tone of her voice, she seemed to be feeling very guilty.

She had brought her brother's daughter to Johor Bahru yesterday, wanting to take her brother's daughter to have a good time for a few days, but she didn't expect that after not seeing her for a few months, her niece would become so naughty and let her go off on her own. She had heard that the amusement park was full of traffickers who stole children, and she was so anxious and scared that she used her identity to have the police chief of Johor Bahru City, Li De, send someone to the amusement park to look for her niece.

As the amusement park was so big and there were so many people, trying to find someone inside was similar to finding a needle in a haystack. She was smart, she didn't go inside to look, she blocked the exit of the amusement park, if her niece came out, she would definitely be able to see it.

Shen Ruyan's identity was so frightening that it made Li De send all the policemen from their police force to arrive at the amusement park, and they all took a picture of Shen Ruyan's niece and scattered them to look for it.

The little one took Chen Haoxuan to the ladies' room and then ran in herself, she soon ran out again and with her little head held high she said to Chen Haoxuan, "Auntie has disappeared."

Chen Haoxuan knew, her aunt must have sneaked away when she was in the toilet.

Chen Haoxuan squatted down and said to the little one, "Do you know where your family lives?"

The little one shook her head and chirped, "I don't know, but there are many, many soldier uncles where Wen Wen lives, and they are all bad and don't play with Wen Wen."

Hearing the little one's words, the first thing Chen Haoxuan thought was that this little one was not simple.

Chapter 277

Chen Haoxuan took the little one and Han Fenghua towards the exit of the amusement park. He thought that the little one's aunt should have asked the amusement park security for help. He took the little one to the security room by the amusement park exit and should be able to find the little one's aunt from the security guard.

Chen Hao Xuan he was holding a small child in one hand and before he could take a few steps, he was stopped by a few policemen.

"You guys?" Chen Haoxuan knew these policemen, when catching Black Heart, these policemen also participated in the operation together with him.

"Mr. Chen, why is this girl with you?" Ma Xiongjian, who was crying and laughing, asked Chen Haoxuan.

"Her aunt wouldn't have called the police already, would she?" Chen Haoxuan said in surprise.

"Well, this girl's identity is so unusual that our entire police station was sent out to look for her, and now her aunt is waiting for news of her at the exit of the amusement park! I didn't expect her to be hanging out with you." Ma Xiongjian said with tears and laughter.

"Oh, actually it's like this, I brought my godson to the amusement park today, my godson saw the candyfloss in her hand and wanted to eat it, so I took my godson to buy it, I didn't expect her to follow, she looked at me with bewilderment, I was soft-hearted, so I bought her a candyfloss too I bought her a marshmallow too. I bought her a marshmallow too. After that, she became obsessed with me and went everywhere I went! When I saw that she hadn't gone back for so long, I asked her - where was her family? Only after that did I realise that she had stolen away." Chen Haoxuan explained with a smile.

"Maybe you are too attractive to children, and once she met, you thought you were a good person and she relied on you. Well, Mr. Chen, her aunt is now waiting anxiously, let's go there quickly!" Ma Xiongjian said politely to Chen Haoxuan.

"I won't be going, you take her to her aunt! I still have to take my godson to play!" Chen Haoxuan said.

Hearing the word play, the little one's eyes couldn't help but light up, she understood Chen Haoxuan's words, she also wanted to play with Chen Haoxuan and the others, in order not to let Chen Haoxuan abandon her, she let go of Chen Haoxuan's hand and hugged Chen Haoxuan's thighs tightly with her two tiny ones, and said in a delicate voice, "Uncle, Wen Wen also wants to go play with you."

Han Fenghua, who was on Chen Haoxuan's left, whispered to the little one, "Your aunt is looking for you, and mummy says that children who sneak away are to be spanked."

Chen Hao Xuan looked down and said to the little one, "Wen Wen, your aunt is worried about you now, if you want to play with uncle, you can find your aunt and then ask your aunt to bring you to uncle, won't that be fine!"

"Then uncle must not go far away!" The little one held his little head high and said seriously to Chen Haoxuan.

"Well, go and find your aunt!" Chen Haoxuan said with a smile.

Ma Xiongjian took the little one and left, while Chen Hao Xuan took Han Fenghua to play bumper cars and other fun games that were not dangerous.

Shen Ruyan, who was at the exit of the amusement park, burst into tears of joy when she saw a policeman leading her niece out, "Wen Wen."

"Auntie." The little one trotted up to Shen Ruyan.

"Where did you go just now, why didn't you wait for auntie? I caused auntie to be frightened for you." Shen Ruyan said in a reproachful tone.

"Auntie won't let Wen Wen eat candyfloss, Auntie is stingy, unlike Uncle, Uncle is so nice, she gives Wen Wen everything to eat." The little one said sweetly.

Li De, who whispered to Ma Xiongjian, said, "Is she Shen Wen?"

"Yes, I've matched the photos, although the dress is different, the two dimples around her mouth can be endured at a glance." Ma Xiongjian explained in a small voice.

On Shen Ruyan's side, as soon as she heard Shen Wen's words, her first thought was that the person who gave Shen Wen something to eat must be a human trafficker, and that was how many human traffickers cheated children. Many traffickers cheat children in this way. Even her niece, Shen Ruyan, dared to cheat her, she was impatient to live.

Shen Ruyan took her niece's little hand and came to Ma Xiongjian, asking seriously, "Where did you find my niece?"

"Miss Shen, your niece has been playing with Mr. Chen, and when we found her, Mr. Chen was trying to bring her to you! He knew we were here to help you find your niece, so he asked me to bring your niece back with me." Ma Xiongjian explained.

"What Mr. Chen, I think he is a liar, when he saw you police officers coming, he pretended to be a good person, if if you didn't come, she must have cheated my niece. How on earth are you police officers, you can't even tell the bad guys from the good guys, now I'll give you four hours, after four hours - if you haven't caught that trafficker, all of you roll your backs and leave." Shen Ruyan said loudly and petulantly, she did not know that the Mr. Chen Ma Xiongjian was talking about was Chen Hao Xuan, if she did, she would not have suspected Chen Hao Xuan was a human trafficker.

"Miss Shen, you have misunderstood, the Mr. Chen I am talking about is Chen Haoxuan, he is a billionaire and a big celebrity, how could he be a human trafficker!" Shen Ruyan shouted angrily at Ma Xiongjian, but Ma Xiongjian still explained politely to Shen Ruyan, simply because Shen Ruyan was a person who dared to order even their chief.

"It's Chen Haoxuan? No mistake, right?" Shen Ruyan said in surprise, she really couldn't imagine that her niece had been staying with Chen Hao Xuan.

"Yes, I've spoken to him and participated in the siege of Black Heart together, so I'm considered an acquaintance, so he's definitely not a human trafficker." Ma Xiongjian said.

"Looks like I owe him a favour." Shen Ruyan said darkly in her heart.

"Alright, my niece has been found, thank you for your help, you can go back now." Shen Ruyan said to Li De and the others.

After Li De and the others left, Shen Wen said to Shen Ruyan in a delicate voice, "Aunt, uncle said he wants aunt to take Wen to play with him, aunt, let's hurry now."

"Gah, could it be that Chen Haoxuan knows that she is Shen Wen's aunt? No matter, as long as there is a chance to get close to Chen Haoxuan, we can't let go." Shen Ruyan said darkly in her heart.

"You show the way, I'll carry you to him." Shen Ruyan said to her niece, she was worried that her niece would dump her fast again and run away.

The amusement park was too big, and Shen Ruyan held her niece for a long time without finding Chen Hao Xuan, and when she didn't find him, her niece buried her head in her arms and cried, constantly saying that her uncle didn't want her.

Finally Shen Ruyan took out her mobile phone, she was sent by the Dragon Group to investigate Chen Haoxuan, so she knew everything about Chen Haoxuan, including Chen Haoxuan's mobile phone number.

"Hello, is this Chen Haoxuan?" Shen Ruyan said gently.

"Um, I am, may I ask who you are?" Chen Haoxuan's questioning voice came out of the phone.

"This is Shen Ruyan, you brought a little girl to play with you today, that's my niece. Where are you now? I want to go over and thank you in person."

Chapter 278

"Sorry. I've already left the amusement park, so next time! Next time you can just treat me to a meal." Chen Haoxuan said with a smile.

Chen Haoxuan he sent Han Fenghua back, after that he stayed inside the fashion clothing shop, chatting with Jiang Xianghan and the girls, having dinner together, and at night, Chen Haoxuan wanted to stay at Jiang Xianghan's house to spend the night.

But Chen Hao Xuan had wanted to do that, but at 23:00 he received a strange phone call with a pleading voice: "Chen Hao Xuan, I know you are Chen Hao Xuan, please, please help me, I am being chased by a group of gangsters, they want to molest me, ooh ooh , please help me"

"You are?" Chen Haoxuan asked curiously, not many people knew his mobile phone, those who knew his mobile phone were either his friends or those who found his mobile phone number by their great strength. And this strange caller, who asked him for help as soon as he called, he was torn.

"My name is Abel, I transferred from Rice, I'm on a mountain not far from the University of New Hill, come and save me, ah, no good, they found me." A panicked voice came from inside the phone.

Ai Beier, Chen Hao Xuan knew this girl, she was not as beautiful as Chen Yina, her body was not as good as Han Yuechan, but her dress was always hot, so to speak, she never wore clothes because she had just a few tiny pieces of fabric on her body, making others feel that she was sexy, even Chen Hao Xuan thought so too.

Although he didn't know how Abel knew his mobile phone number, Chen Hao Xuan still had to go to the rescue, trapped or not.

Because ever since there were many more transfer students in New Hill, he had been having an ominous feeling that every student who transferred over could cost him something, like life, money, technology, knowledge, etc. To find out if his premonition was true, he was going to take the risk.

Chen Hao Xuan quickly ran down the stairs and drove his BMW towards the University of Johor Bahru. On the way, he ran several red lights, causing traffic jams on several streets, and then the people who were stuck in the traffic jams cursed Chen Hao Xuan for being in a hurry to get reincarnated.

Although there were several traffic jams, there were no more car accidents. Chen Hao Xuan drove his car and stopped at the entrance of the University of Hsinshan City, then dialed Ai Beier's phone number, which was quickly answered: "Chen Hao Xuan, I'm on the third hill to the right of the University of Hsinshan City, come quickly, don't call again until you have to, I was hiding well, but when you called, so the punks heard me, and I was found by them again. Found out, first of all, I have to continue to run, you quickly passed."

Chen Hao Xuan quickly ran towards the third hill to the right of the university in Xinshan City, as he ran he was still thinking in his heart, why did Ai Beier have to go there? You know that the lively part of the city is on the left side, there are basically no shops on the right side? This became a question, without finding Ai Beier Chen Hao Xuan could hardly know why she was on the right side of the hill, being chased by a group of gangsters?

He took a deep breath and then quickly ran towards the top of the hill. He ran to the top of the hill and found no one there, so he looked towards the other hills and suddenly he saw a bright light on the opposite hill, which he was sure must be from his mobile phone.

As it was night, Chen Hao Xuan turned off his torch as he ran towards the opposite side, relying on his senses and the faint glow of the darkness to move forward.

On the way, Chen Haoxuan was pricked numerous times by many thorny plants, including more than ten into his flesh, but Chen Haoxuan did not say a word and did not turn on his torch to light the way. Chen Hao Xuan climbed down from the top of the mountain, and not long after climbing another mountain, he heard the sound of a few punks laughing: "Everyone, climb! Get her down, we're messing around."

"Help! Help!" At this moment, Ai Beier was on a huge pine tree, she kept shouting for help and kept using her feet to kick down the punks who climbed up and tried to grab her.

When Chen Hao Xuan heard such a voice, he did not increase his speed and run towards Ai Beier, instead he bent over and moved forward slowly.

Soon, Chen Haoxuan was driving Ai Beier, and he saw that Ai Beier was staying in the tree, while seven punks were desperately climbing up under the tree, but each time they were kicked down by Ai Beier.

Seeing that Ai Beier was now safe, Chen Hao Xuan no longer had to worry about anything. He turned on his torch and approached Ai Beier's position step by step.

When those punks heard Sha Sha Sha's voice approaching them, one of them couldn't help but yell out loud, "Who, come out or I'll chop you up."

"Boss, look, there's someone there." One of the punks saw a bright light not far away and shouted loudly in meaning.

"Monkey, skinny monkey, you two go over and take a look." Although it was a dark night, this man who ordered Monkey and the others was obvious in the darkness, for it was overhead, a very bright kind, shining in the faint moonlight.

The two monkeys and the two of them approached Chen Haoxuan and when they were about to get close to him, Chen Haoxuan suddenly lunged at them fiercely, like a tiger pouncing on its prey.

The two monkeys fell to the ground. After finishing the two punks, Chen Haoxuan continued to walk forward. When Chen Haoxuan was almost at the pine tree where Ai Beier was, he took a torch and saw the faces of the group of punks clearly, "Do you want me to beat you up and send you to the police station, or do you want to get the hell out of here now?" Chen Haoxuan coldly said to the group of punks.

"Are you scaring people? I think you're a good man, how about this, let's enjoy this foreign girl together?" The man who spoke was a bald man, who was obviously the leader of the group of gangsters.

"Chen Haoxuan - Chen Haoxuan, I'm here, help me." Ai Beier, who was in the pine tree, called out loudly to Chen Haoxuan.

Chen Haoxuan ignored Ai Beier as he once again said to the group of punks, "I'll say it again, this is the last time, if you don't get lost, I'll scrap you."

He was not frightened by Chen Hao Xuan's words, how could they dare to come out to be a gangster if they were not bold enough! But he was frightened by Ai Beier's words, Chen Hao Xuan was very famous in the vicinity of Xinsan University, he led his minions to beat up Matsui Ichiro and the others and made them flee in spite of their reputation, such a person, they worshipped and feared at the same time.

Chapter 279

Seeing the scared look of those punks, so Chen Haoxuan added more fire and roared, "Don't get lost yet."

"Go, go quickly." The two punks who had been put down by Chen Haoxuan were also taken away by them.

Ai Beier was inwardly happy when she saw that the punks chasing her had all left, but her expression was still one of pity, she stood on the tree and shouted to Chen Haoxuan at the bottom of the tree, "Chen Haoxuan, I'm scared, I don't dare to go down, what should I do?"

Chen Haoxuan he took a torch and shone it upwards, the first thing he saw was not Ai Beier's face, but Ai Beier's panties, which were - were black. Chen Hao Xuan in his heart secretly complained about Ai Beier: "Running to the mountain in the middle of the night, still wearing a short skirt, wearing clothes that are not much different from underwear panties, dressed like this, if I were a gangster, I would want to f*ck you too, deservedly so."

"How did you just climb up - just how did you climb down won't be enough." Chen Haoxuan said indifferently.

In the tree, Ai Beier squeaked, "I-I, I saw those punks chasing me, and I climbed up when I was in a hurry. Can't you - can't you be a gentleman and help me?"

The pine tree that Ai Beier climbed was very straight underneath, and there were no branches for three or four metres, so there was no small difficulty in trying to climb up. Chen Haoxuan, he took his leather shoes off, took five or six steps back, then rushed forward violently, and when he was almost at the pine tree, he stomped, and his whole body rose up in the air. Chen Haoxuan acted as if there was no gravity, he stomped on the tree with two consecutive feet, and his body flew upwards like a rocket.

He stretched out his hands and grabbed a tree branch steadily. With a swing of his lower body, he flipped over and sat on the branch. Chen Haoxuan stretched out his hands to Ai Beier and said, "Grab my hands and I'll drop you down."

"Mm." Ai Beier clasped her hands with Chen Haoxuan's fingers.

When Chen Haoxuan tugged at Ai Beier, Ai Beier didn't scream, she seemed to trust Chen Haoxuan, Chen Haoxuan his body fell backwards, he didn't fall because his feet were hanging upside down on the branch, the length of his body and the length of Ai Beier's body, which would allow Ai Beier's feet to land.

"You're standing still, I'm letting go." Chen Haoxuan said to Ai Beier.

After letting go of Ai Beier, Chen Haoxuan leapt straight down from the tree.

After he came down, Chen Haoxuan sat under the pine tree, turned off his torch, took out a cigar from his pocket and smoked it, took a deep puff and slowly exhaled a wisp of light blue smoke.

"Explain yourself!" Chen Haoxuan said indifferently to Ai Beier.

Ai Beier walked next to Chen Hao Xuan, sat next to him and said in a delicate voice, "I was drinking at a bar not far from the University of Xinshan this evening, and the head of those punks, that bald guy, he came to talk to me, I ignored him and he left afterwards. Not long after he left, my body was hot and dizzy and I knew I had been drugged, so I rushed away and as soon as I left the door, I was grabbed by the gang in a van.

Then they kidnapped me to the foot of the mountain and tried to rape me at the foot of the mountain. I saw that the gang was chasing me, so I had no choice, so I called you for help. It's a good thing you're here, otherwise I don't know what I would have been subjected to by those punks."

"You were drugged, weren't you? How come it feels like you are fine now?" Chen Haoxuan was puzzled, when she just shone the torch on Ai Beier, she saw that Ai Beier's skin was pink and pink all over, because she thought it was because of the over-exercise.

Ai Beier lowered her head and said sheepishly, "I-I'm still physically hot right now, and-and still craving that." She had been chased for so long that her body was getting hotter and hotter and she wanted to do that more and more. If she hadn't been so resilient, I'm afraid that she would have jumped into the arms of those punks without being chased by them.

Hearing Ai Beier's words, Chen Hao Xuan's heart was shocked, he immediately changed the subject and asked, "How did you know my mobile phone number?"

"I used a thousand dollars and bought it on the Rice Hacker Network." Ebelle explained.

"Gah" Chen Haoxuan was speechless.

Ai Beier had been drugged with Tsubaki, and if she wasn't taken to the hospital immediately, she might flirt with Chen Haoxuan. For the sake of his innocence, Chen Hao Xuan carried Ai Beier on his back as he walked towards the University of Johor Bahru.

Chen Haoxuan didn't get very far with Ai Beier on his back when Ai Beier, breathing heavily, said to Chen Haoxuan, "Chen Haoxuan, I can't, I can't hold back, can you - can you do that with me?" What she meant was for Chen Haoxuan to help her detoxify herself, the most direct way was to **** with Chen Haoxuan.

Chen Haoxuan had checked the information of all the transfer students, so he also knew Ai Beier's identity, he just didn't know what purpose she had in transferring to New Mountain University. People like Ai Beier can't be touched casually, otherwise they might not even know how they died.

Ai Beier, she probably couldn't really help it, the scent emitted from Chen Haoxuan made her even more confused, she couldn't help but kiss Chen Haoxuan's neck, couldn't help but twist her body, couldn't help but run her hands over Chen Haoxuan's firm chest.

Chen Haoxuan did not resist, but only quickened his own pace.

"Chen Haoxuan, I like you, take me, right? Tonight I belong to you" Ai Beier kept saying some seductive words.

Although Ai Beier's mind was confused, she was not so confused that she lost her ability to think, at this moment she was surprised in her heart that she had teased Chen Hao Xuan like this and Chen Hao Xuan had not moved, if she had not read Chen Hao Xuan's profile, she would have doubted if Chen Hao Xuan was a complete man.

"No, such a good opportunity can never be let go." Abel said firmly in her heart, she suddenly pushed hard, which caused Chen Haoxuan to let go of her feet, she ran to Chen Haoxuan and without saying a word, she stood on her heels and kissed him.

"Ga" Chen Haoxuan didn't even react before he was kissed by Aibel.

She was a carefully selected agent from Rice, and she came to the University of Johor Bahru this time just for Chen Haoxuan. Her belief was to find out where the technology in Chen Haoxuan's hands came from, and also if possible, her boss told her to fight to get Chen Haoxuan to develop in Rice. Rice had started developing the all-powerful mobile phone a few years ago, and if they were given two or three more years, they would be able to develop it, and they weren't just one person working on it, but hundreds of people, all experts.

They had gone to so much trouble to develop it, but Chen Haoxuan had developed it alone. The Rice people did not believe it, they thought that some mysterious person had given it to Chen Haoxuan, and at the same time taught Chen Haoxuan the most advanced knowledge of business management. The person who surprised them the most was that Chen Haoxuan opened the garment factory and then wanted to enter into LCD TVs, which according to someone, Chen Haoxuan had mastered the most advanced LCD TV technology. In order to get these technologies and to dig out the people who support Chen Hao Xuan, the Rice people sent their country's most powerful and beautiful agents.

Chapter 280

Chen Hao Xuan suddenly pushed Ai Beier away, and then quickly knocked Ai Beier out with a knife slap. This is the best way, if not, Chen Hao Xuan will be destined to be raped by Ai Beier today.

When he entered the university, many students looked at Chen Hao Xuan with surprised eyes, wondering if Chen Hao Xuan had done something dishonourable to Ai Beier. They guessed so, but none of them dared to ask, nor did they dare to care.

Chen Hao Xuan carried Ai Beier to the infirmary of the University of Hsinshan, a famous university is different.

Chen Haoxuan instructed the doctor in the infirmary to take good care of Ai Beier, and then he went back. He went back to Jiang Xianghan's house. When he answered Jiang Xianghan's house, Jiang Xianghan and Han Yuechan thought Chen Haoxuan was a beggar! He was covered in rags and tatters.

Chen Hao Xuan used a hot bath and came out in a pair of underwear, he asked Jiang Xiang Han and Han Yue Chan both to get a needle to help him pick the thorns.

Jiang Xiang Han and Han Yue Chan kept complaining that Chen Hao Xuan couldn't take care of himself, why would he go and save a stranger? If they wanted to save someone, wouldn't it be better to call the police?

After the thorns on Chen Haoxuan's body were carefully picked by Jiang Xianghan and the girls, Chen Haoxuan felt that his skin was itchy, so he went to take a hot bath again.

That night, Chen Haoxuan spent with Jiang Xianghan and the girls.

The next day was Monday and Chen Haoxuan went back to Xinsan University very early. When he drove to Xinsan University, he was blocked by Ai Beier at the entrance and as soon as Chen Haoxuan's car stopped, Ai Beier immediately got into Chen Haoxuan's car.

Chen Hao Xuan drove his car to the car park and then asked Ai Beier in the car, "What do you want from me?"

"Chen Haoxuan, you saved me yesterday, we rice people like heroes, and I am no exception, so I like you, and I want to be your girlfriend." Ai Beier said seriously to Chen Haoxuan.

"I'm sorry, I already have a girlfriend, her name is Chen Yina, you should know that." Chen Haoxuan said with a tearful smile.

"In modern times, it's normal for a man to have several girlfriends, I don't mind you having a girlfriend." They were notoriously precocious, they started to fall in love in primary school, they didn't feel much for lovers, they were happy together, and when they got bored, they just broke up.

"The problem is that I don't mind! I'm a very serious person about love, I don't want my love to be a constant replacement, because what I need is a real love." Chen Haoxuan laughed bitterly.

"Then you're still with Zhou Kexin and the girls" Ai Beier suddenly stopped in the middle of her sentence as she quickly covered her own mouth. In her heart she said, "Oh no, how can I say anything about him and Zhou Kexin and the girls? You have to know that his relationship with Zhou Kexin and the girls is not known to anyone else but themselves."

Chen Haoxuan wasn't much surprised! Foreign agents were the same as the Dragon Team in China, and it was not strange that their strength knew these secrets, as they could eavesdrop on people's conversations over the phone, could install eavesdropping devices or me-too cameras in any place you didn't expect, and could also send experts to follow you.

Chen Hao Xuan also knew what Ai Beier was talking about, he pretended not to understand and said, "I'm good friends with Zhou Kexin and the girls, this is known to the students and teachers of the whole Xinsan University."

"I'm just talking nonsense, Chen Haoxuan, I'm asking you, you must answer me seriously, how do you feel about the country of Rice?" Ai Beier said seriously to Chen Haoxuan.

Chen Haoxuan answered without even thinking, "Not as good as China."

"Why?" Ai Beier asked curiously, people from all over the world wanted to go to Rice, but Chen Haoxuan unexpectedly said that Rice was not as good as China, which made her confused.

"Because I'm from China! I was born in China, and China is my home, no matter how bad he is, I feel he is the best." Chen Haoxuan said seriously.

Hearing Chen Haoxuan's reply, Ai Beier made a note of Chen Haoxuan's patriotic thoughts, this was not what she wanted to see, the more Chen Haoxuan loved the country of China, the less chance she would have to work with Chen Haoxuan.

"I have an uncle who is a big official at Harvard in Rice, if you are willing, I can recommend you to my uncle to be the chief professor of Harvard." Ai Beier said seriously to Chen Haoxuan.

"Then what do I need to do?" Chen Haoxuan said with a smile.

"You just need to pass on your knowledge to your students, and by then you will be one of the biggest figures in the cultural world." Ai Beier explained.

Hahahaha Chen Haoxuan laughed, asking him to become the chief professor at Harvard, the position was not small, but it would not benefit him at all. To fame, he has the Thousand Buddha Stone Tower website is enough, to money, just do business, even if you take the technology out to sell, it is still better than others pay you a salary - you have to look at other people's face, as for the status, on Chen Hao Xuan this ability, his future century knowledge, he wants to be a high official, it is easy.

"Hahahaha, just one chief professor and you want me to go help you train talents, do you think I'm stupid and that's why you're talking to me like this?" Chen Haoxuan said.

"No no, I don't mean that, I sincerely want to invite you to help my uncle, and I also value your ability, if you want me, I welcome you whenever you want." Ebelle hastily explained.

"It won't do me any good to help you cultivate talents in Rice, but if I'm in China and cultivate countless talents, that's what I call bull. Fame, I have the Thousand Buddha Stone Pagoda website, I can just go out and shout a few times, and countless people will know me. Money, I have a business mind, I want money, I will earn it myself, that way I will spend it with peace of mind, at least I don't have to look at other people's faces. You said status, for someone like me, if I wanted power, it would be easy for me. You want to give your body in return, I am sorry to tell you that I am not my type." Chen Haoxuan said indifferently.

Ai Beier was still undeterred as she pressed on, "Then what do you want?"

"If you let me sit as the president~ of Rice, I might consider it." Chen Haoxuan laughed.

"Gah, he actually wants to sit as the president~ of Rice? This man's ambition is too big, if I didn't still not know about that mysterious person behind you, I would definitely kill you to prevent people like you from going against Rice." Abel said darkly in her heart.

"Oh, you're so joking." Ebelle pretended to smile.

"So are you! Let's go! Let's go to class." Chen Haoxuan said with a smile.
