

## A Billionaire's Reincarnation Chapter 281-290

### Chapter 281

Ai Beier looked at Chen Haoxuan's departing back, she coldly said, "When we find out your secret, you must die - or you will be our biggest enemy in Rice."

When Chen Haoxuan he returned to his class, he saw Shen Ruyan, who was at the door of his class. When Shen Ruyan saw Chen Haoxuan coming, she greeted him with a smile, "Chen Haoxuan, is it okay if I invite you for a coffee?"

"But I have classes to attend!" Chen Haoxuan said with a smile.

"Don't be ridiculous, who in the whole city doesn't know that you, Chen Haoxuan, are the king of absenteeism!" Shen Ruyan laughed.

"Alright! You lead the way." Chen Haoxuan said awkwardly, classes were an experience for him, casually taking care of Chen Yina, otherwise he would have dropped out of school long ago.

Chen Haoxuan he didn't know yet, not long after he and Shen Ruyan went out, the students of Xinsan University were very hot online, they were all discussing about Chen Haoxuan. Last night Chen Haoxuan came back with Ai Beier, and today Ai Beier got into Chen Haoxuan's car again, after which Chen Haoxuan and Ai Beier separated and followed Shen Ruyan out. The former school girls all had intimate relationships with Chen Haoxuan, the former school girls transferred to other schools, and a few of the new school girls had warm relationships with Chen Haoxuan.

The males of Johor Bahru University are jealous! They are having a hard time finding a girlfriend, but with Chen Haoxuan, the school girls are all jumping into his arms, while the ordinary girls can only daydream with Chen Haoxuan's photos every day. They also know why Chen Haoxuan is so popular with the girls, isn't it because he is rich?

Ai Beier, who wasn't afraid at all of being called cheap, answered those students' questions on the New City Student Online. Those students asked her why Chen Hao Xuan carried her back yesterday. She

answered straightforwardly that she had been drugged by someone else and that Chen Hao Xuan had saved her. The students asked her if she had had sex with Chen Hao Xuan, and she said she didn't know, but it was likely that she had already had sex with Chen Hao Xuan.

When Ai Beier said it was unclear, it made many students think wildly, thinking about a beautiful woman who had been given Tsubaki medicine and who was willing to offer herself, what man would resist.

Wang Fuyou and the others couldn't wait for Chen Hao Xuan and Ai Beier to be together, so they came out in droves to cause trouble, making the students of Xinsan University misunderstand Chen Hao Xuan even more. They thought - if Chen Haoxuan and Ai Beier's affair was known by Shen Ruyan, according to her past character, she would hate Chen Haoxuan very much.

Shen Ruyan, Chen Haoxuan had helped her so much and to show her gratitude, she took Chen Haoxuan to the highest class cafe in Johor Bahru City for coffee.

In the cafe, Shen Ruyan said to Chen Haoxuan, "Chen Haoxuan, thank you for what happened yesterday."

"You're welcome, it's what I should do." Chen Haoxuan smiled lightly and said.

"When Wen Wen went back yesterday, she kept saying no hello, I could see that you are a person who is good with children. Unlike me, when she's with me, she steals away when she's not happy." Shen Ruyan said.

"In fact, you just need to observe them a bit more, and you will find that children are actually very easy to bring up." Chen Haoxuan said with a smile.

"Can I ask you a question?" Shen Ruyan asked Chen Haoxuan.

"Of course you can." Chen Haoxuan responded.

"I heard that you carried Ai Beier back last night, I wonder what your relationship with him is?" Shen Ruyan asked.

"If I'm not wrong, there must be a lot of people discussing about me at New Mountain University right now. Actually it's like this, last night Ai Beier she was drinking in a bar and was drugged, after that she was kidnapped to the foot of the mountain not far from the University of Xinshan City, she escaped into the mountain when those bad guys weren't paying attention. She was afraid of being caught by so bad guys, so she called my mobile phone to ask for help. As for why he knew my mobile phone number - I don't know." Chen Haoxuan explained.

"As far as I know, she seems to like you a lot, I wonder if you have that kind of meaning for her?" Shen Ruyan said seriously to Chen Haoxuan.

"How many girls like me are there, I can't even estimate it myself, so what! If every girl I'm with, people come and ask me about my relationship with that girl, do you think I'd be annoyed? In fact, if you want to know the answer that badly, think about my girlfriend, Chen Yina - you'll know my answer." Chen Hao Xuan said indifferently, he didn't know how many times he had heard this type of question asked by Shen Ruyan, so he was tired of people asking him this way.

"I heard that Ai Beier's family is very good, and his background is very powerful, and she is beautiful, do you really not have any thoughts at all?" Shen Ruyan asked.

"There are so many beautiful people in the world, if beautiful people are what I like, then what should I do? Snatch them all back? Or bang them one by one?" Chen Haoxuan said with a light smile.

"That's true haha!" Shen Ruyan said awkwardly.

"You seem to care about me a lot, can you tell me why?" Chen Haoxuan smiled evilly at Shen Ruyan.

"I'm... I'm your friend! It's only right to care about you! Besides, I'm so bored at Xinsan University, and the only entertainment I have is the things you do, I'm not the only one who has this hobby, many students have this hobby, if you don't believe me, go to Xinsan University's student website and you'll know." Shen Ruyan said with a smile.

"I believe it, come and have some tea!" Chen Hao Xuan said with a smile, he found a strange problem, both Ai Beier and Shen Ruyan wanted to ask him those things that they didn't want people to know, could it be that Ai Beier and Shen Ruyan had the same purpose? And their target is me? What do they want?

Shen Ruyan, she was upset in her heart, she felt that Chen Haoxuan was too cautious, she had spent so much effort on Chen Haoxuan and hadn't gained anything at all, she was a member of the Dragon Team and hadn't even succeeded in probing Chen Haoxuan's thoughts.

Chen Hao Xuan and Shen Ruyan both seemed to be thinking about their own things, both of them sipping their coffee every now and then as if they were mechanical.

At 10am, Chen Hao Xuan and Shen Ruyan both returned to the University of Hsinshan. When Chen Hao Xuan returned to his classroom at the University of Hsinshan, he opened his laptop to check the forums about him on the University's student website. He clicked on one of the hottest postings, the title of that posting: I am Ai Beier, I have decided, I want to chase after Chen Hao Xuan.

The content seemed to be like a love letter. When he saw those students' messages, he cried and laughed, the boys advised Ai Beier not to chase Chen Hao Xuan, the girls scolded Ai Beier for being a shameless bitch and seducing Chen Hao Xuan, and also advised Chen Hao Xuan to ignore Ai Beier.

After Chen Haoxuan read many postings about him, he made a posting of his own, saying: He only likes Chen Yina alone.

## **Chapter 282**

The first person to reply to his post was Aibeer, who replied that a person can change, and that the person he likes now is Chen Yina, and that it might be me who marries you.

Chen Hao Xuan was a bit angry, he replied to Ai Beier, saying that even if I was a bachelor, I would not marry you. Although Chen Hao Xuan was from the future century, he was not yet very open to love.

After a short while, Chen Haoxuan's mobile phone rang. Chen Haoxuan took out his mobile phone and found that it was Ai Beier calling, so he didn't care if the teacher would say anything about him or what the class would think of him, he carried his loaded laptop and walked out of the classroom.

Chen Haoxuan pressed the answer button on his mobile phone as soon as he walked out of the classroom, "Hello."

"Chen Hao Xuan, you refused today because you don't like to be bound by people, right? Then are you willing to go to Rice to do business? I will help you become the richest man in the world, believe me - I can do it. But on one condition, you have to settle in Rice and change your nationality to Rice." Ebel's voice came over the phone.

"You've gone to a lot of trouble to get me to go to Rice, there must be some reason why you don't tell me, I'm not at ease." Chen Haoxuan said as he walked.

"Because of your talent, even if you don't want to work for our country, you can improve our country's economy by doing business in our country, so if you agree to my terms, you will become a world rich man in just a few years."

"Sorry, I only want to be a Chinese." Chen Haoxuan said indifferently.

"Chen Haoxuan, you will regret it." Ai Beier's angry voice came out from the phone.

"I won't regret it." Chen Haoxuan still said indifferently, what did he regret? If he wanted money, with his hacking skills, he could have as much as he wanted. To be precise, he liked to take things one step at a time, this was the way to enjoy life.

As soon as Chen Hao Xuan finished speaking, the phone beeped and Abel hung up.

"The Rice people appreciate my talent and want me to go to Rice, what about Shen Ruyan? What does she want again? What about the other students who transferred over? Is it all about me?" The more Chen Haoxuan thought about it, the more scared he became. He was only one person, how could he fight with so many people with powerful backers?

Aibel, who was now in a hotel near the University of Johor Bahru, was in a house with four strong Rice men.

"You are the most powerful agents in Rice, now there is a very promising man in China who is so talented that people are afraid of him, for our Rice to always be the most advanced in technology and for our Rice to always be the richest country ....., we have to get rid of him. His name is Chen Hao Xuan, you should know him too, he is more than just a very talented person, he is also a very powerful master, he trained that group of men to beat those karate masters from the island country and fled, so you must be careful." Ebelle said seriously.

"Sir, since he's so talented, why don't we kidnap him and send him to Rice? When the time comes, we'll force all his knowledge out, which will be of great benefit to our country." One of the foreigners with a figure in a suit spoke up.

"You think I don't want to! But will you be able to catch him? Do you know how powerful he is now? He fights with his group of men and can beat twenty or so of them with one, and you say that such a man - can you catch him? It's good if you can catch him. If you don't catch him and he gets away, do you know how much trouble that will cause? So the best thing to do is to kill him for good." Ebelle said coldly.

These four foreign men were sent to help her by the trainer of the secret service team. These four foreign men were not simple, they were proficient in all weapons, even the 18 Chinese martial arts, and they would use all kinds of guns and ammunition if you could get them.

"So sir, when are we going to move?" A foreign man asked.

"It's not too late, just tonight." Ai Beier said coldly. Ai Beier was annoyed by Chen Haoxuan's repeated rejection of her, this made her angry, she was not an ordinary person, although she was not very beautiful, but she was sexy, she thought sexy was the most beautiful, but Chen Haoxuan still rejected her. She wanted to attract Chen Hao Xuan with benefits, but Chen Hao Xuan still rejected her. She was upset, and the conversation she had just had with Chen Hao Xuan - she had recorded it, so she didn't have to worry that she would be scolded by her boss when she returned.

The most gentle is a woman, many people think so, but sometimes the most ruthless is also a woman, just like Ai Beier, didn't she just not grass her? It was only right to scold her for being a bitch.

In the afternoon, Chen Hao Xuan was often pestered by those transfer students as before, some of them wanted to make friends with him, some wanted to cooperate with him in business, some wanted to pry into his secrets. He tried to use various excuses to probe the transfer students, but unfortunately, the answers he got were not what he wanted.

After school in the afternoon, Chen Hao Xuan did not eat at the University of Johor Bahru, he wanted to go back and cook for himself. When he returned home, he cooked his own food and after he had eaten his fill, he played on the computer alone in the spacious living room. Chen Hao Xuan was designing a web game, and when it was finished, he would post it on the Thousand Buddha Stone Pagoda website. The web game he designed was not simple, and it was as exciting to play as a single player, making it very traffic intensive to play this web game, and the more traffic intensive the netizens were, the more money Chen Hao Xuan would make.

This is the reason why Chen Hao Xuan has made this web game so good and so traffic intensive. In fact! Chen Hao Xuan also designed this game to pass the time, he is now alone every time he goes home and seems very lonely, watching TV, those corny movies make him feel sick when he watches them, playing games, he feels that modern games are childish and have no sense of reality at all.

Chen Haoxuan, like in the future century, loses track of time as soon as he works. He is now completely obsessed with designing games, unable to hear the sounds outside or see anything beyond the computer.

At around 3am in the evening, five black shadows appeared outside Chen Hao Xuan's place, they were like ghosts in the dark, walking without a sound.

The five black shadows separated as they approached Chen Haoxuan's place, as if they wanted to surround Chen Haoxuan's home with just five people.

At the front door of Chen Haoxuan's residence, the door he did not close completely as Chen Haoxuan was still sleeping and he was still designing the game. A black shadow appeared at the gate, the light shone through the gap in the gate to the black shadow, if Chen Hao Xuan looked towards the gate at that moment, he would have shouted in surprise, "Ai Beier."

## **Chapter 283**

Abel, seeing Chen Hao Xuan staring at a laptop, she didn't know what Chen Hao Xuan was working on that late, but she knew this was the best time to kill Chen Hao Xuan. She took a pistol with a silencer and slowly aimed at Chen Haoxuan. "Chen Haoxuan, take your talent to hell!" Ebelle said darkly in her heart.

Chen Haoxuan's hands were crackling and dancing in the laptop keyboard when he suddenly had an ominous feeling, a feeling that made the inspiration he had just thought of disappear all of a sudden, which made Chen Haoxuan have to stop.

Suddenly Chen Haoxuan noticed two glowing things outside the gap in the gate: "They're human eyes, not good." Without saying a word Chen Haoxuan flipped the tea table in front of him, but unfortunately he was too late in spotting his enemy.

With a swoosh, Chen Haoxuan was hit in the head, but it didn't hit the vitals, the bullet flew past Chen Haoxuan's scalp, and his scalp was scraped quite a bit.

"Damn, how did he find out about me?" Ai Beier cursed in her heart.

Swoosh, the sound of bullets breaking through the air suddenly came from several places in the doors and windows of Chen Haoxuan's residence, and poof ....., two blood splatters emerged from Chen Haoxuan's body, one on his back and one on his stomach.

"Damn it, I must be surrounded." Chen Haoxuan cursed in his heart. He was now leaning on the sofa and the tea set made of mahogany furniture to block his front and back, but there was nothing on his left or right side to stop the bullets, and now his only way was to escape.

Chen Haoxuan rolled over and ran towards his room as fast as he could. As he ran towards his room, the sound of swooshing ..... kept coming from behind him, apparently the enemy was a very good shot, even though he was so fast - he was shot several times in succession in the back.

Chen Haoxuan ran into his room with great perseverance. His room had no windows on all sides, only one at the top, so Chen Haoxuan didn't have to worry about bullets flying in from all sides for the time being, he only needed to guard against the one at the top. Chen Haoxuan walked along the edge of the wall to a wardrobe, he retrieved a dagger from the wardrobe, he bit the dagger in his mouth, then with a flip he jumped onto the bed, he slept on a spring bed, the kind with strong elasticity.

As soon as his feet reached the bed, he immediately gave a quick stomp and his whole body rose into the air. With a crunching sound, Chen Haoxuan crashed straight through the glass at the top of the room. He was worried that someone was on the roof, which was why he used this fastest and fiercest method, trying to catch his enemy off guard.

After Chen Haoxuan flew out of the window at the top of the room, he stood with his feet open on either side of the window. Chen Haoxuan looked around and found that there was no one on the roof, so Chen Haoxuan finally let out a sigh of relief.

Abel, who saw Chen Haoxuan running towards the house, fired several shots in quick succession and only stopped shooting when Chen Haoxuan ducked into the room. She and those she had brought with her had brought wireless headsets, and she had intended to have her men arrange to go to all four sides of the house and shoot from all four corners together, so that the chances of killing Chen Haoxuan would be greatly increased. They had observed Chen Hao Xuan's place when they arrived and the windows of the house were all barred, making it impossible to get in. Now that their first plan had failed, Abel told her men to gather at the front door and prepare to kill them before.

When Abel's men were all gathered at the front door, Abel suddenly heard the sound of glass being broken, she knew that Chen Haoxuan was trying to break the window, so she said to her men, "Get in, we must not let Chen Haoxuan get away."

Ai Beier was wondering why Chen Hao Xuan was able to run into the room as if he was fine when she had clearly seen that he had been shot several times.

When Ai Beier walked to the room Chen Hao Xuan had just run into, they saw that there was no one in the room, and there was a lot of glass on the floor and the bed. When Ai Beier looked upwards, they said in their hearts, "No, Chen Hao Xuan has run away from the window on the roof."

"You two climb up to the roof and see if Chen Hao Xuan is still there, the others go outside and search for Chen Hao Xuan, make sure you find him, if you can catch him alive the best, if not - dead would be good." Ai Beier said in a delicate voice to her men.

With her two men, Ai Beier quickly ran outside the house to look for Chen Hao Xuan. Under one of the eaves she found blood, obviously Chen Hao Xuan's blood, so she followed the blood on the ground to chase Chen Hao Xuan.

Chen Hao Xuan had known that his enemies would follow his blood to chase him, so he ran towards the downtown, on the way he stole some clothes, while running he tore them into strips of cloth and then used them to wrap around his wounds, so that his blood would not come out, without the blood, it would be impossible for those enemies to find him.

Chen Haoxuan kept running around the city at top speed, he had been shot many times and with his long and fast run, this made him weak and dizzy, if he didn't find a place to be treated, he might die.

He could no longer tell north from south east now, he slowly just knew how to stagger forward, as it was late at night, so basically no pedestrians could be seen on the road. Chen Haoxuan he stopped when he passed a villa, because the lights inside the villa attracted to look at him, he had not left to go over the iron gate, so he used the most polite way, to ring the doorbell.

Ye Xiaonuo, she had just returned from karaoke and she was about to take a nice hot bath when the doorbell rang. "Huh, who could be looking for me at this hour? Not many people know that I'm in Johor Bahru? Did Old Wang's bastards tell my brother that I was in Johor Bahru? Or did Old Wang and the others come looking for me for something important?" Ye Xiaonuo muttered to herself.

Ye Xiaonuo put on the clothes she had just taken off again, and as she walked to the door, she saw a man covered in blood, looking at the man standing staggeringly as if he would fall down at any moment.

Chen Haoxuan he was confused and noticed that someone was coming, so he slowly spoke out, "I am being chased, save me and I will give you a large sum of money."

If Chen Haoxuan didn't say anything, or if he begged Ye Xiaonuo, Ye Xiaonuo would not have saved Chen Haoxuan, because she was a big sister in the triad society and had seen a lot of fighting and killing scenes, but Chen Haoxuan said to save him - he would give a lot of money, which was different, didn't those of them who were out in the world do it for money? They would do anything for money.

Ye Xiaonuo wasn't worried that Chen Haoxuan would harm her either, as she was confident in her own skills. She opened the iron door and said to Chen Haoxuan, "Come in!"

"I don't have any strength left, please help me in! Remember to clean up the bloodstains at the door, or it will bring you death." Chen Haoxuan said.

## **Chapter 284**

Ye Xiaonuo walked next to Chen Hao Xuan, as soon as she reached out to help Chen Hao Xuan, Chen Hao Xuan's body seemed to lose all its strength at once, if not for Ye Xiaonuo holding him, he must have fallen to the ground.

"Hey, are you deliberately taking advantage of me?" Ye Xiaonuo cursed and said to Chen Hao Xuan.

Chen Hao Xuan said weakly, "I've been shot a lot, it's not bad that I've lasted this long, so hurry up and help me in, then wipe the blood on the doorway with a cloth dipped in some water, and then sprinkle some dust down."

"You seem very professional, don't you? It looks like you've been on the road too." Ye Xiaonuo said, and after she finished, she dryly carried Chen Haoxuan on her shoulders.

Ye Xiaonuo carried Chen Hao Xuan inside and put him on the sofa, then she carried a bucket of water from inside the bathroom to the villa's front door, she used a slightly wet towel to wipe the blood off the floor, there wasn't much blood on the floor either, she quickly took care of it, not forgetting to sprinkle some dust on the area she had wiped as she left.

She went back inside the villa and saw Chen Haoxuan with his eyes closed as if he was asleep, she walked over and called out, "Hey, are you going to die yet?"

"Not so fast yet, do you have any medical clamps, sharp knife, sponge, red potion here ....." Chen Haoxuan said weakly, his eyes did not open when he spoke.

"I have all of these here, wait, I'll bring them to you." Ye Xiaonuo said, her expression was natural, it seemed she was not a normal big sister.

Ye Xiaonuo was in the road and could be cut at any time, so people in their category would have a medical kit in their own homes in case of emergency.

Ye Xiaonuo quickly took a medical kit and placed it on the table next to Chen Haoxuan, saying, "The medical kit is here, should you do it yourself or should I help?"

"Help me bring some ice over." Chen Hao Xuan said weakly, he was very sleepy now and wanted to sleep, but he knew that if he slept it was likely that he would never wake up again, that was why he asked Ye Xiaonuo to get him some ice, wanting to use the coldness of the ice to stimulate his nerves so that he would not be so sleepy.

Ye Xiaonuo also knew what Chen Hao Xuan wanted! She trotted to the fridge and took a box of ice cubes to Chen Haoxuan. "Ice cubes are brought."

Chen Hao Xuan half opened his eyes, slowly reached out and took a piece of ice in his mouth, the cold stimulation made him feel refreshed, he seriously said to Ye Xiaonuo "I just heard you say that I should do it myself, or you should help, do you know the art of healing?"

"I don't know the art of healing, but I can treat gunshot wounds and knife wounds, because I'm in the road." Ye Xiaonuo said indifferently.

When Ye Xiaonuo said she was in the Dao, Chen Hao Xuan was more at ease, if it was an ordinary person, he would definitely call the police for fear of setting fire to himself, but people who are in the Dao are different, their desire is very strong, as long as you give enough benefits, let him call you father.

"Then I'll trouble you, when my injuries are healed, I'll give you one million RMB as a reward." Chen Haoxuan said indifferently.

"Deal." Ye Xiaonuo said happily, one million RMB, this was equivalent to the income of their entire Qing Ye Gang for a month, saving a person could earn that much, Ye Xiaonuo thought she had earned it. It was probably because Chen Hao Xuan's face was cut with a few bloody marks by the glass, which made Ye Xiaonuo not recognise Chen Hao Xuan, if she knew that the person she saved was Chen Hao Xuan, she would have offered a sky-high price, hundreds of millions for sure.

In order to treat Chen Hao Xuan better, Ye Xiao Nuo put Chen Hao Xuan on the ground and then used scissors to cut off Chen Hao Xuan's clothes bit by bit. She found that Chen Hao Xuan had a lot of cloth wrapped around his body and all those cloths turned red. "No wonder there was no blood on the ground, with so many strips of cloth wrapped around him even if blood flowed out, it would be absorbed by the blood."

Ye Xiaonuo cut off all of Chen Haoxuan's clothes and trousers, then used a towel to wipe the blood on Chen Haoxuan's body, every time she cleaned a wound she would use gauze to help Chen Haoxuan bandage it up, she was trying to treat Chen Haoxuan's wounds one by one after she had bandaged them all up.

She found something else surprising on Chen Haoxuan's body, Chen Haoxuan had been shot a total of twelve times, although the places where he was shot were mostly not very important parts, but to not die after being shot so many times and still come to escape from the enemy, this is definitely beyond the limits of human beings.

After Ye Xiaonuo bandaged Chen Hao Xuan's wound, she said, "I'll give you an anaesthetic now!"

"Don't, I'm too badly injured now, if you give me an anaesthetic, I might fall asleep at once." Chen Haoxuan hurriedly spoke out.

"You have so many gunshot wounds, if you don't use anaesthetics, you will die from too much pain - pain." Ye Xiaonuo reminded worriedly, she was not worried about Chen Haoxuan's life, but she was worried that if Chen Haoxuan died, then her one million dollars would be lost.

"I may not have any chance of survival at all with anaesthetics, but without them, as long as I'm strong enough to endure, I won't die. You do it! I can endure it." Chen Haoxuan said.

"Alright! I'll try to be more careful." Ye Xiaonuo admired Chen Haoxuan for this spirit of not being afraid of pain or death, and she thought that if she saved Chen Haoxuan alive, she would invite Chen Haoxuan into their Qing Ye Gang.

Ye Xiaonuo handed a roll of gauze to Chen Haoxuan, who without saying a word bit the gauze into his mouth.

Ye Xiaonuo started to help Chen Haoxuan with the treatment. She first used a special wound washing potion to carefully clean Chen Haoxuan's head wound, her scalp was a bit numb because she could see Chen Haoxuan's skull after she cleaned it, after she cleaned it, she used a knife to shave the hair on the edge of Chen Haoxuan's head wound, and then used a wound stitch to sew up Chen Haoxuan's head wound stitch by stitch.

Ye Xiaonuo was surprised that she had helped Chen Haoxuan to fix the head wound, but during the process she did not hear Chen Haoxuan grunt, she wondered if Chen Haoxuan had buckled or passed out from the pain?

Ye Xiaonuo bent down and tilted her head sideways to look at Chen Haoxuan, and found that Chen Haoxuan's eyes were wide open, and cold sweat was constantly rising on his forehead. "Can you still hold it?" Ye Xiaonuo asked Chen Haoxuan worriedly.

Chen Haoxuan blinked his eyes, indicating that there was no problem.

"Who the hell is she? Helping him stitch up the wound on his head without even shouting out in pain, sigh-, let's just ignore it for now and wait for him to be cured." Ye Xiaonuo questioned in her heart.

Ye Xiaonuo helped Chen Haoxuan treat one wound after another, digging out a bullet in Chen Haoxuan's body, twelve wounds plus the skin wound on his face, it took Ye Xiaonuo more than an hour to finish. She was relieved to see that Chen Haoxuan's eyes were still open, she knew that Chen Haoxuan's life had been recovered.

## **Chapter 285**

The blood on the road was gone and they searched for a long time, although the city of Hsinshan is not very big, but in such a prosperous place to find someone who is deliberately hiding from you is like looking for a needle in a haystack.

After two hours of searching, they couldn't find Chen Hao Xuan, so Ai Beier sent her men to nearby hospitals and clinics to see if they could find Chen Hao Xuan, and if they found him, they had to kill him by whatever means. She went back to Chen Haoxuan's place alone, and when she saw that no one was near Chen Haoxuan's place, she went into Chen Haoxuan's place.

She picked up the laptop that Chen Haoxuan had dropped on the floor when he overturned the table. She pressed the boot button and found that the laptop was fine and still worked. She exhibited the contents of the laptop and found a lot of it she couldn't understand, she knew it must be some important program, so she decided she would have the laptop taken to Rice and have those computer experts in Rice study it.

She was raiding the house, she didn't take money, only strange things like mobile phones, memory cards, cameras, laptops etc.

Half an hour later, Ai Beier walked out from Chen Hao Xuan's place, she was carrying a big pile of things in her hand, it seemed to have quite a lot of harvest.

On Chen Haoxuan's side, he was carried by Ye Xiaonuo to the guest room to sleep.

The next day, at dawn, Ye Xiaonuo got up and went to see Chen Haoxuan without even washing her face, a little worried if Chen Haoxuan would buckle. She walked into the guest room where Chen Haoxuan was sleeping and saw that Chen Haoxuan's eyes were closed and his chest was floating every now and then, proving that he was still alive. Seeing that Chen Haoxuan was fine, she then went to wash her face and brush her teeth.

Ye Xiaonuo she never cooked her food, she had always eaten outside since she started her career because she was very boyish and she thought that people who went into the kitchen were weak and big sisters like her were not allowed in the kitchen or they would be laughed at by their younger brothers. She went outside to buy some skinny congee and returned to the villa, where she first fed herself and then filled a small bowl with some skinny congee to the guest room where Chen Hao Xuan was.

"Hey, are you awake? If you're awake, get up and eat breakfast, you'll heal faster if you're full, I'm still waiting for you to give me that one million RMB!" Ye Xiaonuo carried a bowl of porridge and stood by Chen Hao Xuan's bedside, saying.

Chen Hao Xuan heard the sound and woke up slowly, he saw Ye Xiaonuo standing next to him with a bowl, he smiled and said to Ye Xiaonuo, "As soon as I can walk, I will immediately give you one million RMB."

"Then you quickly drink this bowl of congee." Ye Xiaonuo happily said to Chen Haoxuan, could she not be happy to hear about the money? Don't look at her as someone who lives in a villa, in fact she is old and poor, the villa belongs to her dad, she gets a few tens of thousands of RMB every month by

managing a few sex and moon places, this may be a lot in the eyes of ordinary people, but in her eyes, these few tens of thousands of RMB are really too little, she buys her little brother a few drinks and a few dinners and there is not much left.

Ye Xiaonuo handed the bowl to Chen Haoxuan, gesturing for Chen Haoxuan to hold it and drink it himself. Chen Hao Xuan, he struggled to lift his hand, but he didn't succeed, he had no strength, he said to Ye Xiaonuo awkwardly, "Sorry, I have no strength in my whole body now, I don't know if you can feed me the congee."

"I'm a big sister of the yakuza! Since you dare to ask me to feed you congee, if it wasn't for the sake of your one million RMB, you would have already been wasted by me." Ye Xiaonuo was very unhappy, suddenly an idea came to her mind, wasn't this man rich? So why not make a fortune out of him while he has it? So Ye Xiaonuo then added, "Fine! It's fine if I feed you, but you have to pay, I'll feed you a meal, you'll pay 10,000 RMB, right? You know I'm a famous gangster, you're the first person to be able to eat food that I feed myself."

"I'll give you 20,000 RMB, so feed me! My stomach is hungry now." Chen Haoxuan said with a bitter smile. Chen Hao Xuan his face was very pale now, and at a glance, he knew that it was caused by too much blood loss last night.

"What the hell do you do, I said 10,000 RMB, but you have to give 20,000 RMB, is your family very rich?" Ye Xiaonuo sat next to Chen Hao Xuan, feeding him breakfast as she said.

The first time Ye Xiaonuo fed someone, Chen Haoxuan believed it, because when Ye Xiaonuo fed Chen Haoxuan his porridge, she didn't care if Chen Haoxuan had porridge in the corner of his mouth. "My family doesn't have money, it's me who has money, if you are a little more gentle and careful, wipe the porridge on the corner of my mouth that fell onto my neck, I don't mind adding another 10,000 RMB to your bill." Chen Haoxuan said as he ate.

"Since you think I'm rude, if it wasn't for the money, you would have been slaughtered by me long ago." Ye Xiaonuo complained in her heart.

If the people of the Qing Ye Gang saw the way Ye Xiaonuo was now gently feeding a man porridge, they would be surprised and would wonder if this was still their ruthless big sister?

Chen Hao Xuan ate two bowls of skin and egg congee in a row before his stomach felt full, which made him feel a little more comfortable.

"You saved my life, I still don't know your name, all rude! Can you tell me, your name?" Chen Haoxuan smiled at Ye Xiaonuo and said.

"It doesn't hurt to tell you, my name is Ye Xiaonuo, how about you? What's your name? And what do you do?" Ye Xiaonuo asked.

"Ye Xiaonuo, could it be that you are Ye Xiaonuo, the daughter of the Ye Qing Gang's boss?" Chen Haoxuan was surprised, he had checked Ye Hongfei's information, so he knew that Ye Hongfei had a sister, Chen Haoxuan didn't expect that the person who saved him was since Ye Hongfei's sister, this was fate playing tricks on people!

"Huh-, how do you know that I am the elder sister of Ye Qing Gang?" Ye Xiaonuo said curiously, not many people knew her real name, usually people either called her Big Miss or Big Sister.

"Your Qing Ye Gang is so big, and you are the daughter of the leader of the Qing Ye Gang, what's strange about knowing your name." Chen Haoxuan explained.

"You haven't told me your name yet?" Ye Xiaonuo said.

"I-I think it's better to wait until my injuries are almost healed before I tell you!" Chen Haoxuan laughed bitterly.

"Then you can always tell me what you do for a living, right?" Ye Xiaonuo asked again.

"I'm in business, as for why I encountered people chasing me, I don't know what's going on." Chen Haoxuan said.

"Then did you see who was chasing you?" Ye Xiaonuo asked curiously, these hot-blooded matters interested her the most.

"I don't know, I didn't even see any of them, I only know that there were about five of them, and they had a pistol with a silencer on each hand. They surrounded my place, so I have wounds in front, behind, left and right." Chen Haoxuan said.

## **Chapter 286**

"Did you offend someone?" Ye Xiaonuo asked .

"I don't know, but I know there are many people who hate me, some because I'm rich and they look upset and want to find me, some because I'm handsome and their favorite girl likes me and they know about it and they hold a grudge and want to find me." Chen Haoxuan laughed faintly.

Ye Xiaonuo stroked her chin like a man admiring a woman, as Chen Haoxuan had a few band-aids on his face, making her still not recognise Chen Haoxuan, but looking at his features and that white as jade skin, she thought Chen Haoxuan must be a very clean-cut person.

"You must be a very good man, right?" Ye Xiaonuo said.

"I guess so." Chen Haoxuan was honest.

"I wonder if you want to find a backer? If you have a backer and someone else wants to bully you, then he also needs to weigh how much he is." Ye Xiaonuo said seriously.

Chen Haoxuan heard it out, obviously Ye Xiaonuo wanted to be his backer, and then he would pay her protection fees every month. "The people who are after me are very powerful, they are very good at assassination, if then step in to protect me, the members of your gang, as soon as they fall alone, will easily be assassinated. They are in the dark and you are in the light, it's useless even if you have more people." Chen Haoxuan said.

Hearing Chen Hao Xuan's analysis, plus the fact that Chen Hao Xuan had been shot so many times and still managed to escape from the death line, it was obvious that he was very strong, his perseverance was dazzling, he was also so rich and in business, if she could pull Chen Hao Xuan into the Ye Qing Gang to help her manage her business, then it was certain that her monthly income would increase several times, she had pulled in a very good talent, maybe when her dad was happy, he would pass the She might be able to pass on the position of leader of the Ye Qing Gang to her. Thinking of this, Ye Xiao Nuo's mouth watered as he said to Chen Hao Xuan, "Our Qing Ye Gang has a history of decades and has trained countless experts, which is why we have been able to maintain our position as the leader of the mafia in several cities. If you are willing to join our Ye Qing Gang and work under me, we will send the most powerful experts in our gang to help you take care of all your troubles, how about that? Think about it!"

"Do you think those experts in your gang are as powerful as the experts trained by Chen Haoxuan?" Chen Haoxuan said.

"No, but there are a few experts in our gang who can beat the men trained by Chen Haoxuan, plus we have many people and many connections, so we are strong even if we are not very powerful." Ye Xiaonuo said.

"Hehehe ....., you're wrong, if you were to fight you guys openly and honestly, no one would be a match for you, but others are not gangsters, others are killers, they can kill people, no matter what method they use, drugging, assassination, trapping, framing... They do it all. You, on the other hand, talk all the time about the righteousness of the world, how can you compare with them?"

As for why I asked you if those masters you mentioned were as powerful as Chen Hao Xuan's men, it's because Chen Hao Xuan's men couldn't beat me, so think about how powerful those people who are after me are. After hearing me say this, do you still dare to persuade me to join your Qing Ye Gang?" Chen Haoxuan laughed evilly.

"After you settle this matter, I still hope that you can join our Qing Ye Gang." Ye Xiaonuo said awkwardly, Chen Haoxuan's words really scared her, she didn't expect the person who was after Chen Haoxuan to be that powerful since he was so powerful.

"Hehehe ....., I'll tell you my name when I leave, then you won't be inviting me into your Qing Ye Gang." Chen Hao Xuan said mysteriously, he felt that the Ye Qing Gang didn't recognize him, so he simply concealed his identity, because he had a bit of a problem with Ye Hong Fei, if Ye Xiao Nuo knew that he had a problem with her brother, she might harm him, for his own safety, Chen Hao Xuan thought it was better to conceal his identity.

After chatting with Ye Xiaonuo for a while, his weak body started to get sleepy, so he said hello to Ye Xiaonuo and went to sleep.

He woke up feeling much better and was fed by Ye Xiaonuo for dinner.

Another day passed and Chen Hao Xuan's injuries healed surprisingly quickly, and he was able to eat breakfast with a bowl like this the next day, and was still in good spirits.

Although Chen Hao Xuan was able to eat on his own, Ye Xiaonuo still asked to feed Chen Hao Xuan because he would get 30,000 RMB for one feeding, where could he find such a good thing?

Ye Xiaonuo fed Chen Haoxuan two bowls of bird's nest congee, and then chatted with Chen Haoxuan for a while. At 9am, Ye Xiaonuo suddenly stood up and said to Chen Haoxuan, "Let me help you change your medicine!"

"Oh, I'll trouble you then." Chen Haoxuan said awkwardly, he was a little nervous, feeling as if he was about to lose his virginity.

Ye Xiaonuo carefully helped Chen Hao Xuan change his medicine, her serious look made Chen Hao Xuan dumbfounded, only now did he realize that Ye Xiaonuo was quite good looking, her hair was up, her eyebrows were untrimmed and thick, long eyelashes, big eyes, tall nose, thick lips, she had these

thick sexy lips, melon face, plump shufeng, tall body, the aura emanating from her body made people feel that she was so imperious.

The company's main business is to provide a wide range of products and services to the market.

Ye Xiaonuo, she wanted to check the injury on Chen Haoxuan's head, and when she unwrapped the gauze on Chen Haoxuan's head, she couldn't help but let out a cry of surprise: "This - how is this possible?"

"What's wrong? Has the wound gotten infected?" Chen Haoxuan asked worriedly.

"No, it's that your wound is healing too fast, the wound on your head has already started to scab over, no blood is coming out of the wound and it's not infected, if it continues like this, your wound will heal in a few days. Oh buy that, is my medical skill good or your body good?" Ye Xiaonuo said in surprise, Chen Hao Xuan was getting well fast, that meant she would soon get the one million yuan that Chen Hao Xuan gave her.

"The world is full of rare and weird people, it's not that unusual for my wounds to heal quickly." Chen Haoxuan said with a smile.

After Ye Xiaonuo she helped Chen Haoxuan change the medicine on his head, she directly took off all of Chen Haoxuan's clothes, even his underwear, as Chen Haoxuan had also been shot in the buttocks. Ye Xiao Nuo her face was slightly red, she didn't dare to look at Chen Hao Xuan's face, she had seen men's bodies, but like this close up, the upper body was seen a lot, that's because she often treated those injured minions, but looking at the lower body was the first time.

She felt that Chen Hao Xuan was very strange, he had been shot so many times and none of the bullets had hit him in important parts, and his wounds had healed so quickly, she thought that Chen Hao Xuan was definitely a very powerful person.

## **Chapter 287**

After another day, Chen Haoxuan was able to sit up on his own, but he couldn't get out of bed and walk. Ye Xiaonuo was like a curious baby, as long as she was at home, she kept asking Chen Haoxuan

questions. Ye Xiaonuo is Chen Haoxuan's life-saver, so Chen Haoxuan answers all the questions she asks. Ye Xiaonuo asks Chen Haoxuan for advice about doing business in the sex establishments, and Chen Haoxuan tells her all the ways he thinks he can.

Ye Xiaonuo, she can not only ask for advice on doing business so simple, she also asked Chen Haoxuan for advice on how to mix with the triads, what Chen Haoxuan told him was to commercialize, monopolize business, customers must be protected in their own territory, treat customers with courtesy, do not buy flour or smoke ~ drugs, do not steal or rob or kidnap.

Ye Xiaonuo she listened to Chen Hao Xuan's words and thought for a long time before uttering the words, "So are we still a triad? Why do I feel that you are asking us to be good people!"

"Most of you \*\* who are out are uneducated or unskilled and have no business acumen, so you have no choice but to go into the triad society, trying to get a good life by the easiest way possible. If you give them a chance, they definitely want to be a decent person instead of trying to tian a life with a knife, of course in advance is that you need to ensure that they will be clothed and fed in the future ....."

Ye Xiaonuo kind of suspected that the person she saved was Chen Hao Xuan, because only Chen Hao Xuan would have the brains of that demon gang.

Ye Xiaonuo, if it was in the past, she could never stay at home for that long, but since she saved Chen Haoxuan, she found that she didn't like to go out and only thought of staying home to chat with Chen Haoxuan.

Chen Haoxuan is a very humorous person and often makes Ye Xiaonuo laugh and smile when she talks to her.

At first, Chen Hao Xuan felt that Ye Xiaonuo was not feminine, but after spending more time with her, he found that Ye Xiaonuo was actually very feminine, only that she was a very tough kind of femininity. Chen Haoxuan suspected that if Ye Xiaonuo had been born in ancient times, perhaps Hua Mulan would have been compared to her.

Another day passed and Chen Hao Xuan could already walk on his crutches. He asked Ye Xiaonuo to buy him a mobile phone and he called Chen Yina, Jiang Dong and the others and was relieved to know that they were all fine. Chen Hao Xuan took Ye Xiaonuo's computer and checked the news about him and found no news about his disappearance, so this proves that no one found out that there was a shootout watching at his residence.

It was all because Abel had closed the door behind her when she left Chen Haoxuan's place, plus there were those road cleaners that passed by in the early hours of the next morning and washed away Chen Haoxuan's blood, and because Chen Haoxuan often did not live in the city of Johor Bahru, no one found out that something had happened to Chen Haoxuan.

The students and faculty at the University of Johor Bahru also didn't find out that Chen Haoxuan was in trouble because Chen Haoxuan had been skipping classes all day, for months at most, so he only disappeared for a few days and no one would have suspected him of being in trouble.

Chen Hao Xuan didn't know that his computer had been sent to the best technology research institute in the country that same day. After looking at Chen Hao Xuan's computer, those scientists all marvelled at the programs Chen Hao Xuan had designed, and one program surprised them even more, Chen Hao Xuan had made a program to make a DJ using Chinese characters, and it had many functions, and could make countless kinds of sounds and even generate some strange sounds.

All those programs in Chen Haoxuan's computer were used by those scientists in Rice to study day and night, and they designated the programs written by Chen Haoxuan as the most advanced computer technology in the world.

It was a good thing that Chen Hao Xuan's laptop did not have any important software on it, otherwise Chen Hao Xuan would have regretted not destroying it.

On the day of March 17th, Chen Hao Xuan was already able to live and breathe. He asked Ye Xiaonuo to help him go out and buy a tight-fitting suit and a pair of sunglasses, dressed in such a way that made it look as if he was a model, as his was now bald.

In the living room of the villa where Ye Xiaonuo lived, Chen Hao Xuan said to Ye Xiaonuo, "Ye Xiaonuo, thank you for taking care of me during this period of time, now my injury has basically healed, so I will keep my promise to give you one million, plus various expenses, I won't count those small expenses, I will give you two million RMB directly, how about that? If it's okay, I'll transfer it to you by computer right now."

Ye Xiaonuo stood up excitedly and made a prayer gesture with both pairs in front of her chest as she said excitedly, "Really? You're really giving me two million RMB?"

"Really, if there is no problem, I will give it to you now." Chen Haoxuan said.

"No problem, no problem at all." Ye Xiaonuo said happily, it was originally more than one and a half million, now Chen Haoxuan had given more than four hundred thousand, it would be foolish to say there was a problem.

Chen Hao Xuan used the desktop computer in the living room to transfer two million RMB to Ye Xiaonuo's bank card.

"Okay, the money has been transferred to your card, you can check it." Chen Haoxuan stood up and gave his seat to Ye Xiaonuo, gesturing for him to make sure of the amount on her bank card.

"No no, I can trust you." Ye Xiaonuo laughed, after spending a few days with Chen Haoxuan, she thought that a person like Chen Haoxuan would not go out of his way to cheat her, after all, his life was saved by her, if he cheated his life saver, then he would be too heartless.

"Haven't you always wanted to know my identity? I'll see to it." Chen Haoxuan said mysteriously as he tore the band-aid off his face, revealing his original face.

"Wow, so you're that good-looking." Ye Xiaonuo said in surprise, she was attracted by Chen Haoxuan's handsomeness, as for who Chen Haoxuan's looked like, she didn't forget to think about it for now.

"You should know who I am after seeing how I look, right?" Chen Haoxuan said with a smile.

"Huh-, I think I've seen you somewhere before, but I forgot." Ye Xiaonuo questioned.

"Actually, I'm Chen Haoxuan." Chen Haoxuan said with an evil smile.

"Chen Haoxuan? Ah..., yes, that's right, I recognise you, you are Chen Haoxuan. Since the person I saved is Chen Haoxuan, what is this all about?" Ye Xiaonuo said in surprise, she had come to Xinshan City this time just for Chen Haoxuan, because Chen Haoxuan's had bullied her brother, she did not expect that before she had gone to look for Chen Haoxuan, Chen Haoxuan had come to look for her.

If it was before, Ye Xiaonuo might have called a large group of people to teach Chen Hao Xuan a lesson to take out her brother's anger, but now, she was too embarrassed to look for Chen Hao Xuan's trouble, because she had already developed a good feeling towards Chen Hao Xuan in the past few days, and even admired Chen Hao Xuan, now even if Chen Hao Xuan stood still and let her beat him up, she could not lay a hand on him.

"Well, I am Chen Haoxuan, thank you for taking care of me all this time, my injuries are almost healed now, so it's time for me to leave." Chen Hao Xuan said with a smile.

## **Chapter 288**

"You - you can't leave." When Ye Xiaonuo saw Chen Haoxuan turn around and want to leave, she didn't know why, but she suddenly called out to Chen Haoxuan, she felt that she actually had a hint of reluctance towards Chen Haoxuan in her heart.

Chen Haoxuan stopped, turned around, and curiously said to Ye Xiaonuo, "Is there anything else?" If Ye Xiaonuo had begged Chen Haoxuan to do her any great favour, Chen Haoxuan would have refused because he had already given Ye Xiaonuo two million RMB, and the fact that Ye Xiaonuo had accepted his money meant that he, Chen Haoxuan, no longer owed her Ye Xiaonuo's favour.

"I - I, yes, you bullied my brother." In her haste, Ye Xiaonuo thought of what had brought her to the city of Xinshan.

"I didn't bully him, I just warned him so he wouldn't come after me. Well! Let me explain to you a bit more clearly, it's like this, Shen Ruyan she took the initiative to talk to me several times and wanted to be friends with me, while your brother and his two good brothers thought I liked Shen Ruyan and treated me as their love rival.

One night they threw a homemade tear gas canister inside my room and if I hadn't run fast, I could have been blinded by that homemade tear gas canister. After that I followed them into a nightclub in my car. When I found them, I didn't teach them a lesson because I knew who they were and they didn't dare to mess with them, but the little brother among them, I was a titled billionaire teaching him a lesson, enough to qualify, so I warned your brother about them when I was teaching that little brother?

Is it wrong for me to protest slightly when they were looking for trouble with me beforehand?" Chen Haoxuan said indifferently.

"N-No it's right, but he's my brother, you should have spoken to him properly! Why are you scaring him!" Ye Xiaonuo blushed at her own words when she finished.

"I didn't know you back then! If I knew you before, I definitely wouldn't have scared your brother." Chen Haoxuan joked.

"You... you get serious, don't talk to me like that." Ye Xiaonuo disliked it when a big man spoke in such a girlish manner.

"Well, I really have to leave, we'll meet again if it's fate." Chen Haoxuan smiled and waved to Ye Xiaonuo, saying.

Looking at Chen Haoxuan's departing back, Ye Xiaonuo wanted to call out to Chen Haoxuan, but she didn't seem to have the courage to call out to Chen Haoxuan.

Chen Hao Xuan he did not return to his residence in Xinshan City, he did not go back to the Chen family village either, he went to the garment factory he owned in Xinshan City, he asked his secretary Miao Yu Xiang to help him arrange a staff dormitory, this was called covering up, those who were after him must not have thought that someone of his status would live in a staff dormitory.

Chen Haoxuan was afraid of being bored, so she asked Miao Yuxiang to help him install a computer in the staff dormitory where he lived, and snacks to eat were of course in short supply.

Chen Hao Xuan he would not go out until his injuries were completely healed.

On the 21st of March, Chen Hao Xuan's injury was healed and his hair grew out, very short, but better than bald.

Shen Ruyan, who had recently been asking around for news of Chen Hao Xuan, had not only sent people to the Chen family village to look for Chen Hao Xuan, but also secretly sent people to look for him in Xinshan City. She suspected that Chen Hao Xuan was in distress because she had infiltrated Chen Hao Xuan's residence and found that it was in a mess, with bullet heads found inside, the glass of the house was broken, and she had found blood stains in the living room, the room, and the roof.

He guessed from the blood that Chen Haoxuan should have escaped. Chen Haoxuan was a talent of China, and if something happened to him, the biggest loss would be Chen Haoxuan. Don't look at Chen Haoxuan as just one person, but with his skills his talent, changing the world might not be done because there is no one to support him, and he needs time even if he is talented. Whereas if he only changes China, together with China's support to him, it is not a myth to raise China's technology greatly and raise China's economy, maybe Chen Hao Xuan can make RMB exceed USD.

Every morning, Shen Ruyan would go to the entrance of Xinsan University and ask the security guards at the entrance for news about Chen Hao Xuan, but every day the guards at the entrance said they hadn't seen Chen Hao Xuan.

On the morning of the 21st of March, she went to the entrance of the University as usual and asked the security guard at the entrance that Chen Haoxuan had not come.

When she heard that Chen Haoxuan was back, Shen Ruyan was so happy that she wanted to jump up and down, she turned around and quickly ran towards the campus, she ran to the door of Chen Haoxuan's classroom and saw that Chen Haoxuan was really in the classroom, so she smiled and called out to Chen Haoxuan, "Chen Haoxuan, come out for a moment, I want to see you."

When Chen Haoxuan heard someone shouting at him, he looked up and found that it was Shen Ruyan, he said to Shen Ruyan indifferently, "Excuse me, I am busy reading." Shen Ruyan had always kept her mouth shut, and Chen Haoxuan did not want to go out with her again to talk all that boring nonsense.

When Shen Ruyan heard Chen Haoxuan reject her, she immediately put on a stern face, she was a great beauty, and a great beauty in both literature and martial arts, according to her parents' words, she was a good girl who could go up to the hall and down to the kitchen, whoever took her was the happiest person. She didn't expect Chen Haoxuan to be so disrespectful and reject her time and again. She sometimes wanted to run to Chen Haoxuan and ask him loudly, "Am I not pretty?"

"I really want to see you for something, come out for a moment." Shen Ruyan said coldly to Chen Haoxuan, she couldn't smile even if she wanted to now, because her pride was strong.

"Something to say here." Chen Haoxuan looked down at his newly purchased laptop. Without raising his head, he said.

"Uh huh." Shen Ruyan snorted coldly and turned around, she had had enough, she felt that Chen Haoxuan was humiliating her.

The male students in Chen Haoxuan's class all admired Chen Haoxuan to the core, to be so calm towards a girl that beautiful, and to reject the beautiful girl's invitation again and again, this was absolutely bullish.

The female students, on the other hand, felt that Chen Haoxuan was very manly, a boy who valued the concept of love, otherwise how could he have rejected so many girls who confessed their love to him, even when Shen Ruyan, a top beauty, tried to invite him, he didn't give a damn, this was definitely the ideal Prince Charming in their hearts, it was just a pity that there was only one such white horse.

"I'm so angry, I'm so angry ....." Shen Ruyan walked in the campus path dead, see a stone and kick a stone, as if every stone has provoked her.

## **Chapter 289**

Suddenly a "Ruyan." came from behind Shen Ruyan.

Shen Ruyan turned around and looked, she immediately frowned, she thought to herself, if Chen Hao Xuan could be like Wang Fuyou and the others who wanted to please her all day long, how good it would be!

Wang Fuyou and the three of them ran up to Shen Ruyan and showed her goodwill: "Ruyan, my dad gave me hundreds of thousands of pocket money today, so I'll go shopping with you, okay? Ruyan, I've bought a superb Harley, how about I take you for a ride? Ruyan, what they play with are things that children play with, you come with me today, I'll let you see the wonders of nature."

Shen Ruyan had a stern face and said indifferently, "I'm not in a good mood today, so you guys should leave me alone."

"Is it because of Chen Haoxuan again? Ruyan, let me tell you, Chen Hao Xuan is good, but he already has a girlfriend, his girlfriend is his childhood friend who he grew up with, the relationship is very deep, if you keep going on like this, you will regret it for the rest of your life." Wang Fuyou reminded Shen Ruyan, none of them knew that Shen Ruyan was a member of the Dragon Group, that's why Shen Ruyan had been asking around about Chen Hao Xuan's whereabouts for the past few days, that's why they thought Shen Ruyan liked Chen Hao Xuan.

"Ruyan, I'm not saying you, Chen Haoxuan is very good, but he really isn't suitable for you, give up!" Gongsun Hyun said seriously to Shen Ruyan.

Shen Ruyan's face turned red at their words, when did she like Chen Hao Xuan, she was looking for Chen Hao Xuan because she was on a mission, unfortunately, she couldn't tell Wang Fuyou and the others, so she had to make up other excuses.

"I don't like Chen Haoxuan, I am looking for him because I really have something important to do, as for you guys to believe it or not, it's up to you." Shen Ruyan said unhappily.

"Seeing how you've been acting all this time, I don't really believe it." Ye Hongfei said faintly.

"Humph, ignore you guys." Shen Ruyan huffed and walked towards the outside of the school, he had to report the news of Chen Haoxuan's safe return to Xinsan University to his superiors.

Wang Fuyou and the others were used to it, and the three of them still followed behind Shen Ruyan with their butts in the air, as Shen Ruyan she went to the car park and drove her car towards the downtown area of Xinsan City.

When she reached the lively place, after she parked the car, she took out her mobile phone, she pressed a string of strange symbols, numbers, letters ..... and sent out a text message. It was a secret code used by their Dragon Team, except for their Dragon Team people who could read it, no one else, no matter who they were, could see what it meant.

The message was sent out, so Shen Ruyan got out of the car and prepared to go on a shopping spree. Wang Fuyou and the three of them followed, when Shen Ruyan was shopping, as long as her hands had taken, Wang Fuyou would ask the waiter to put the package up, Shen Ruyan she was in a bad mood, seeing Wang Fuyou so generous, she was even more angry, she was a soldier, she was not one of those girls who loved to take advantage, she did not like others to pay for her.

"If you want to pay the bill, I'll let you do it." Shen Ruyan weaved through the downtown, whenever she saw something that looked good, no matter how expensive, she would touch it with her finger, and then behind her Wang Fuyou would say to the waiter, "I want this, wrap it up for me."

Wang Fuyou he has savings, and he also has a credit card, overdraft a few hundred thousand is still possible.

Swipe ..... Two hours later, Wang Fuyou's forehead was sweating, he had already swiped almost a million RMB, if he kept on swiping, he doubted his card would burst. The three of them already had bags hanging all over them.

"Wang Fuyou, your sister, call your driver to come over and take these things to Ruyan's dormitory at Xinsan University." Ye Hongfei said to Wang Fuyou, he was already tired, his legs were starting to ache, if it wasn't for Shen Ruyan, beating him to death, he wouldn't have accompanied a girl shopping, accompanying a girl shopping was a horrible thing for her.

Wang Fuyou he called his driver to come and sent all the bags with goods to the dormitory where Shen Ruyan was staying at Xinsan University. After that they continued to follow Shen Ruyan, and soon they were hung with bags again, Ye Hongfei and Gongsun Xuan were so tired that they were almost picking themselves off, and Wang Fuyou, he couldn't smile now, every time he helped Shen Ruyan swipe her card, he had a bitter face because he had started to check out with his credit card overdraft.

Following along, at some point, Wang Fuyou lost Shen Ruyan and they had no choice but to drag their tired bodies back in disappointment.

Ai Beier, she was masked when she went to assassinate Chen Haoxuan last time, so she was not worried that Chen Haoxuan would suspect that the person who assassinated him was her. When she saw that Chen Haoxuan returned to the University of Johor Bahru unharmed and seemingly healthy, she questioned, she clearly saw that Chen Haoxuan had been shot many times, even if Chen Haoxuan did not die, he did not heal that quickly, could it be - could it be that he was wearing a bulletproof vest?

At this moment, Ai Beier was in a tall building, she was standing by the window, holding a telescope looking at the opposite school building, she said secretly in her heart, "Chen Hao Xuan, you got away last time, it won't be that easy this time."

Ai Beier decided that the next time she stabbed Chen Hao Xuan, she would not hit Chen Hao Xuan's body, but only his head. Hitting the head was difficult, but there were five of them, so if one of them hit, Chen Hao Xuan would definitely die.

Chen Hao Xuan, he went back to the University of Johor Bahru just to find out who was trying to kill him, in order to lure the snake out of the hole, he went to less crowded places as soon as he got out of class, when he went to less crowded places, he never stopped and kept walking around for safety.

Ebel, she was back in that hotel, with the same four foreign men in front of her.

"Last time our operation failed, although it failed, we gained a valuable laptop, so we sort of redeemed ourselves. Now Chen Hao Xuan is back, he seems to have come back on purpose to find us, tomorrow I don't want me and Chen Hao Xuan to live on the same Earth, so you will start your operation this afternoon, this time I have prepared a blocking gun for you, with this weapon, Chen Hao Xuan will definitely die, if we still fail this time, you and I will all be transferred back to the mysterious island for demon training." Ebelle said seriously to her men.

"Yes." The four foreign men answered in unison.

"Now you guys get some rest and when four o'clock in the afternoon rolls around, we'll start moving." Ai Beier said.

She had assassinated Chen Hao Xuan at his residence, and Chen Hao Xuan would definitely be wary, so she changed the place of the assassination to the entrance of the University of Johor Bahru, thinking that Chen Hao Xuan would not think that someone would dare to shoot him in broad daylight.

At noon, Chen Hao Xuan returned to his place and found it torn up. He thought that the person who had gone through his things must not be an ordinary person because the other party did not take valuable things, only notebooks and other things that could be used to write down information.

"Could it be that the person who wants to kill me is looking at my skills?" Chen Haoxuan saw the sparse residence and said darkly in his heart .

Chen Hao Xuan found his wallet, documents, bank cards, etc. all in the room. Seeing such a messy place, Chen Hao Xuan made a phone call to the housekeeping company and hired two hourly workers to come and help him tidy up his things.

After the place was cleaned up, Chen Hao Xuan went back to the University of Hsinshan. In the afternoon, the wind was calm at the University of Hsinshan and school was over in the afternoon, so Chen Hao Xuan didn't even go to the evening study hall, so he went straight back.

Because it was after school, so the entrance of the school was very crowded, Chen Haoxuan walked out of the University of Hsinshan with the crowded crowd, there was an agent like Abel on the roof of the building all around the entrance of the University of Hsinshan, they arranged people on all sides, so no matter which corner Chen Haoxuan hid in, they could block it, and they could also shoot together from various angles, so their success rate of assassinating Chen Haoxuan would be greatly increased.

"The prey has appeared, everyone hurry up and aim at the prey." Ai Beier gave orders to her minions through her headset.

"Number two has aimed at the target, over."

"Three is on target, over."

"Number four is on target, over."

"Corner five is unable to aim at the target, over."

"Okay, on the count of three, two, three and four fire together. One, two, three."

Chen Hao Xuan he was walking out slowly, many students were eager to go home have crowded in front of him, at this time a tall man suddenly squeezed Chen Hao Xuan, head held high, bullishly walking out, bang bang bang bang, four shots rang out, that tall man's head suddenly like a watermelon was smashed scene, fierce and frightening. Because of the tall man's abruptness, this brought to mind the idiom, a gun to the head.

Although the tall man was rude enough to squeeze Chen Haoxuan out of the way, Chen Haoxuan was still grateful to the tall man in his heart, because if it wasn't for the tall man, the one who would have died would have been him.

Hearing the gunshots and seeing the tall man's head shattered like a watermelon, many students couldn't help but scream, causing a chaotic scene, with some students trying to squeeze through to see the action and others trying to get out of the dangerous place. Chen Hao Xuan he took advantage of the chaos to escape to a hidden place, he did not want to leave, he wanted to know who was trying to assassinate him.

"Mission failed, retreat, we will come back at night." Ai Beier she ordered to her little brother in anger, she hated the tall man who suddenly squeezed Chen Haoxuan out of the way so much that she wanted to go down and gnaw on his flesh, if the tall man hadn't suddenly squeezed Chen Haoxuan out of the way, Chen Haoxuan would have been dead already.

Chen Haoxuan suddenly saw a man on the roof of a building with half a head emerging, then quickly lowered. Chen Haoxuan suspected that was the person who wanted to assassinate him, and he quickly ran towards that building.

Abel, she hadn't retreated yet, she wanted to wait a little longer to see if Chen Haoxuan would be foolish enough to venture out. Her wait was worth it, Chen Haoxuan did run out, towards the agent she called Number Two, and she started of chasing and blocking Chen Haoxuan with her blocking gun.

"Attention Number Two, Chen Haoxuan has spotted your presence and is now running towards the bit you are in." Ebelle warned.

"Number two copy."

Aibel was on the roof of a tall building with a blocking gun trying hard to aim at Chen Haoxuan, but Chen Haoxuan was moving too fast, which made it impossible for her to aim at Chen Haoxuan.

"Number two, Chen Haoxuan is moving too fast for me to aim at him, it's up to you, it's best if you can kill Chen Haoxuan, if not find your own way to escape, if you get caught, you know what to do." Abel put away the blocking gun and said.

"Please don't worry sir, number two will put the country first, if I am captured by the enemy, I will bite my tongue."

"Retreat except for number two." Ebelle ordered.

The foreign man known as Number Two he climbed up to the highest small building on the roof, the one above the stairs, and he tongued in the middle, holding a pistol.

Chen Haoxuan he ran smoothly to the tall building where number two was, he ran up carefully, he slowed down when he reached the stairs at the top of the building, he had his head against the wall, he was listening to see if he could hear someone walking on the roof, but there was no sound at all.

Chen Haoxuan took his jacket off and threw it quickly outside. Chen Haoxuan he did not know that the person he was looking for was actually right above his head.

On the small upper floor, Number Two saw a dark figure suddenly flying out of the stairway and he almost shot, but fortunately he held back or his hiding place would have been exposed.

Chen Haoxuan threw a piece of clothing out and got no reaction whatsoever, so he pulled out the dagger he had hidden in his calf and slowly walked out of the stairway.

Chen Haoxuan was once a soldier, so he was very careful, and he looked around him for danger at every step.

Suddenly Chen Hao Xuan noticed a sniper rifle on the edge of the rooftop. Seeing the blocking rifle, he was sure that his assassin had definitely not left.

Chen Haoxuan looked for his assassin on the edge of the small building on the roof, but found that there was no one on the roof, so if his assassin had not left, he must be hiding on the small building. Chen Hao Xuan suddenly stomped his feet and his whole body rose up in the air. Sure enough, he saw a masked man on the small building, his current position was on the right side of the enemy, he grabbed the edge of the small building with his left hand, flipped over and flipped up to the small building.

Number two, he saw that since Chen Haoxuan had found him and ran up the small building, he was first shocked, but he quickly came to his senses and he quickly pointed his pistol at Chen Haoxuan.

When Chen Haoxuan saw his enemy aiming his pistol at him, he hurriedly flipped over again, bang bang two shots, missing Chen Haoxuan.

Chen Haoxuan flipped over and rolled straight to the back of Number Two. He struck Number Two on the neck with a slashing palm, trying to knock Number Two unconscious, but unfortunately Number Two was stronger than he thought, Number Two just grunted and then swept his right arm towards the back.

Chen Haoxuan's arms blocked Number Two's thigh-thick arm, blocked it was, but Chen Haoxuan took two steps back and was almost swept off the small building by Number Two's right arm.

He dodged the bullets from No.2's pistol again and again with his sharp hands, and as he did so, he asked out loud, "Who sent you to kill me? How much did he pay you? You tell me and I'll give you double."

Number two he was very focused on killing Chen Haoxuan, he didn't want to answer Chen Haoxuan's question because he had been trained very strictly and his instructor told him that if a person thinks about other things while fighting, his fighting ability will be greatly reduced because he is distracted, his mind has to think about the problem and also needs to order your body to attack the enemy. So Number Two didn't think about Chen Hao Xuan's problems and was preoccupied with killing Chen Hao Xuan.
