

## A Billionaire's Reincarnation Chapter 301-3010

### Chapter 301

"Ebelle. I didn't expect you to be such a person, you tricked me into coming here for money and got my fifteen high ranking ninja killed, if I make it back alive, I will definitely report to my superiors and then our relationship between the island and Rice will not be as close as before." Mieko said coldly to Ebelle.

"Ai Beier, what are you waiting for, hurry up and tie her up, I don't have time to watch you act." Chen Haoxuan's impatient voice came from inside the room.

"Chen Hao Xuan, you bastard, you want us to kill each other, we won't fall for your trick." Ai Beier cursed loudly.

"Ai Beier, you should know that I am a person with limited patience, if you haven't tied up Miezi after five minutes, then you should not come out and become my captives together!" Chen Haoxuan said coldly.

Chen Hao Xuan he was in the living room, watching the computer video screen and heckling! He originally wanted to capture all of them and hand them over to the police, and let Li Deli take credit for them. But his plans changed when he saw Mieko was there, he wanted to make Mieko and Abel enemies of each other, then he, who was their common enemy, would turn out to be an irrelevant passer-by.

It was better than offending both of them at the same time, because Chen Hao Xuan knew that even if he sent Ai Beier and the others to the police, the police would quickly release them, after all, they were all rare talents and their country would find a way to protect their lives.

"I'm not cooperating with you, you need to stop lying to Mieko." Ebelle exclaimed.

"Ebelle, I am disappointed in you, I thought we would have many more opportunities to work together, but I have changed my mind now. Mieko, do you want to work with me? As long as you work

with me, you can get anything you want, money, technology, talent, martial arts ....." Chen Haoxuan said.

"I promise you, you won't kill me, will you?" Miezi was still a bit convinced.

"If you promise me, you're my partner, how could I kill you! If I were to kill you, I would have to kill the traitor that is Ai Beier!" Chen Haoxuan sneered.

"How can I believe your words." Miezi said coldly.

"You'll believe it soon enough." Chen Haoxuan said.

Chen Haoxuan walked into the basement, he took a silver needle and woke up each ninja, after all of them woke up, Chen Haoxuan said to them, "Listen to me, I am now your boss's partner, your boss is in danger, she is being held hostage by Ebeier and her men inside my room, you go and save her quickly."

"Baka, Ebelle the woman said she couldn't be trusted. Everyone's come with me to save the officer." Yamamoto-kun shouted to his partner.

"In case Ebelle escapes, I will let you guys in and close the door, it's up to you if you can kill Ebelle to save your officer." Chen Haoxuan said.

"Thank you Mr. Chen, from now on you are our friend from the island, if there is anything you need to do, just say the word and we will definitely help." Yamamoto-kun said seriously to Chen Haoxuan, if he knew that Chen Haoxuan was lying to them, I wonder if they would still say such things.

"You guys go and save your boss!" Chen Haoxuan said.

In Chen Haoxuan's room, Ai Beier and Miezi were watching out for each other when suddenly the door to the room was opened and Ai Beier said happily, "Miezi, the door to the room is open, let's escape."

"Baka, can you escape? How dare you deceive us islanders, all of you must deceive and die." Yamamoto-kun and the fifteen of them blocked the doorway.

At that moment, Chen Haoxuan's voice rang out again, "Mieko, do you really believe what I said? To convince you, I have released all your men."

"It's-." Mieko hesitated, Ai Beier's identity was not simple either, and if the rice people knew that she had killed Ai Beier, she would die a horrible death.

Mieko's men all stepped into the narrow room, and as soon as they were inside, the door closed again.

"Mieko, you have so many men now, why are you still afraid of her? Kill her and you can live! If you say no, I'll even work with Abel again, and if she doesn't agree either, then you'll all go to hell together!" Chen Haoxuan said.

Then Chen Haoxuan added, "Yamamoto-kun, I can see that you like Miezi very much, to be honest, I quite envy you, the person you like is so beautiful and lovely, being a man, you should help her block the storm, go ahead! Go and kill Ebelle."

"Kill." Yamamoto-kun roared and charged towards Ebel, and his mates followed him in droves.

At that moment Chen Haoxuan suddenly shouted, "No, bad, the system is broken, Yamamoto-kun, hurry up and kill Ai Beier, soon the window at the top of the room will open and if she escapes, you and I will all be out of luck."

Yamamoto-kun heard Chen Haoxuan's words and immediately accelerated her attack, Ebelle she still had a good head on her shoulders, she raised her gun and with a bang, the lights in the room were blown out by her, this plunged the room into darkness and nothing could be seen.

A magnetic sound rang out and Abel's little brother number one suddenly shouted loudly, "Sir, quick, the window is open, get up here."

"Don't let them get away, kill them." Yamamoto-kun roared loudly, he also knew Ai Beier's identity, in order not to leave unnecessary trouble for Miezi, you have to kill Ai Beier and then destroy the body, as long as Chen Hao Xuan didn't say anything, who would know that Ai Beier died in their hands.

In order to live, Ai Beier can not care so much, she double gun flush, bang bang bang ....., double gun together to open a like a machine gun, bullets constantly spit out.

Miezi, because the roof window has been opened, the sky has moonlight so the things in the room blurred can still be seen, she saw Aibel slaughtering her people, she could not hold back any longer, raised the pistol and fired, bang bang .....

Poof, Aibel got a shot in the shoulder, Aibel hurriedly rolled towards the ground, number one and number three who were on top of the wardrobe had already climbed up to the roof, they saw their officer in danger and opened fire, in a flash, there was a very tragic scene in the narrow room, Mieko was dodging bullets, her men were being killed by Aibel and them one by one.

Ebelle she jumped so hard that her men reached out and grabbed her hand and pulled her upwards, pulling Ebelle to the roof. "Mieko, you will pay a heavy price for what you have done today." The words Abel left behind on her deathbed.

"Yamamoto-kun, Yamamoto-kun, are you still there?" In the darkness of the room, Mieko kept shouting.

"Mieko, I'm still here." Yamamoto-kun said as he pushed aside the body of one of his partners. If he hadn't used his partner's body in time to deflect the bullets from Ebelle and the others, he might have been a dead body.

## Chapter 302

At that moment. Chen Hao Xuan came, Chen Hao Xuan opened a small window on the door of the room and threw a torch and a small box inside, he said to Miezi, "Miezi, this is the torch, and the other box contains the most advanced technology, more advanced than what Abel stole from me. As for what to do with it, take your time to study it yourselves!"

"Chen Haoxuan, what the hell do you have in mind? Why do you want to turn me and Abel against each other." Mei Hui Zi coldly said to Chen Haoxuan.

"It's not what I have in mind, it's what she has in mind. She took the initiative to find and say that you were going to kill me, and he said that if I cooperated with her, she would help me trick you into coming here and then finish you off, and as a price, she could get 10 million RMB and an advanced computer technology from me. But I didn't think she would be willing to work with me anymore after she tricked you. I think she knew that I didn't kill your men, so she was worried that after I let your men out, your men would reveal the news and she was worried about her future, so she was unwilling to work with me.

Only now do I realise that both you and I were tricked by her alone, which is why I chose to work with you later. Fortunately, you were smart enough that you chose to work with me in the end, and even though Ai Beier has escaped, as long as you continue to work with me, it would be impossible for her to kill us." Chen Haoxuan explained.

"Alright! Whether what you say is true or not, as long as it's good for me, I'll believe it." Miezi said, they islanders were like that, it was normal to betray their friends for profit.

"You take the stuff and go! Remember, carry away the bodies of your men when you leave, sigh-, being betrayed by your own friends and killing so many people, this woman Ai Beier is really not a good person." Chen Haoxuan sighed.

With the torch, Mei Hui Zi could see the scene inside the room, she saw that only five of her men could stand up, she brought out fifteen experts when she came to Johor Bahru City, now she lost two-thirds of them at once, she was furious in her heart, she hated Ai Beier now, no matter if Ai Beier was collaborating with Chen Hao Xuan to harm her, she would not let Ai Beier go, because she saw Ai Beier kill her men with her own eyes.

Her men would not have been that novice, but in the cramped room and there was no place to hide in the room, so when Ai Beier shot, her men had nowhere to hide, so they had to charge forward with their heads held high.

"Chen Haoxuan, you open the door, I want to take our hero away." Mieko said to Chen Haoxuan, the heroes she was referring to were the ninjas who had died in battle.

"Sorry, although we are now in a cooperative relationship, we are not very familiar with each other, so I dare not open the door, you should leave through the window inside the room!" Chen Haoxuan laughed lightly.

"You-." Miezi was furious.

"Mieko, Mr. Chen has a point, let's leave through the window!" Yamamoto-kun advised Mieko.

You have to bow down in someone else's place! Mieko conceded. Mieko felt that Chen Haoxuan's decision was right, because if Chen Haoxuan did open the door to the room, she would definitely capture Chen Haoxuan, because there was too much at stake in Chen Haoxuan, and as long as she captured Chen Haoxuan alive, she would definitely be reappointed by the top brass when she returned.

After Miezi and the others left, Chen Haoxuan closed the windows in the room again before daring to enter. He took all the intact things out of the room and put them away, leaving the useless ones in a mess in the living room.

After rinsing it off, he also wiped the room with alcohol. Chen Hao Xuan was worried that Ai Beier's blood had some kind of infectious disease, for his safety, so he thought of using alcohol to disinfect it.

Chen Hao Xuan now had the video of Ai Beier and the others stabbing him. As long as Ai Beier and the others dared to stab him again, he would send out the video of them stabbing him and then, Ai Beier and the others would be stigmatised by people all over the world.

The next day, Chen Hao Xuan appeared at the University of Johor Bahru with a spring in his step, smiling at the sight of people and in a very happy mood.

Yang Lin, who was smoking with his legs crossed in the security room at the entrance of the university, had a good relationship with Chen Hao Xuan and the security guards at the university because of Zhang Qing's relationship.

When Yang Lin saw Chen Hao Xuan coming, he hurriedly ran out of the security room and walked next to Chen Hao Xuan, walking into the campus with Chen Hao Xuan. Yang Lin said to Chen Haoxuan, "Haoxuan, do you have something to be happy about? Tell me so that I can be happy too."

Chen Haoxuan stuck his head into Yang Lin's ear and whispered, "Last night, I caught the two guys, Ai Beier and Mei Hui Zi, without much effort, even the men they brought with them were all caught by me."

"Really? Hao Xuan, Brother Xuan, you're too good, you were able to catch so many experts by yourself, and you didn't have a single injury on you. By the way, what have you done with them now?" Yang Lin excitedly said to Chen Haoxuan, the identity of Ai Beier and the others, Chen Haoxuan did not tell him when he asked him to come over to help, but Chen Haoxuan told him that Ai Beier and the others were all experts and their identities were very powerful.

"I let them go because their identities are special, even if I hand them over to the police, they will still come out quickly, and when they come out, they will definitely continue to find trouble with me, so for my safety, I designed them to turn against each other, and when they fight, they won't have time to care about me." Chen Haoxuan said with an evil smile.

"Bull, what a bull, worthy of a billionaire." Yang Lin gave Chen Haoxuan a thumbs up and said in admiration.

"That's for sure, if I didn't have a kind heart, if they dare to mess with me, I'd fix them to death." Chen Haoxuan said smugly.

"Hao Xuan, when are you going to give me this method of dealing with your enemies?" Yang Lin looked at Chen Haoxuan with expectant eyes and said.

"You should read more books like Sun Tzu's Art of War, and you will know it." Chen Haoxuan said with a smile.

"You just punk people! There are many people who read Sun Tzu's Art of War, but I haven't seen many who are as good as you, taking care of so many experts by themselves." Yang Lin said.

"Sun Tzu's Art of War and these books on warfare are of great use, and anyone who has read them is not necessarily very good because he doesn't know how to use them. I'll tell you honestly, I made a bewitching formation at my residence that incorporates modern technology, so I can eliminate them without having to move." Chen Haoxuan said.

"Blended with modern technology, holy sh\*t, a bull is a bull, specialising in things that others can't do." Yang Lin admired to Chen Haoxuan's five bodies, he thought it was possible for others to defeat Chen Haoxuan by fighting him hard, but as long as Chen Haoxuan wanted to play dirty, then others would be miserable, being killed by dirty is considered lucky, being half dead and half alive is considered his bad luck to meet such a terrible person like Chen Haoxuan.

### **Chapter 303**

Yang Lin followed Chen Haoxuan to Chen Haoxuan's class. According to him, if he spent more time with Chen Haoxuan, he might inadvertently learn Chen Haoxuan's skills.

At 10 o'clock, Chen Haoxuan asked Yang Lin to call his friends and ask if Abel and the girls had come today.

Yang Lin made a dozen calls in a row, even to the security guards at the entrance of Xinsan University, so it seems that his network is not small!

In the classroom, Yang Lin sat next to Chen Hao Xuan, after he hung up the phone, he said to Chen Hao Xuan, "Hao Xuan, I asked many people and they all said they hadn't seen Ai Beier and Mei Hui Zi."

"Oh, it seems that they are all worried that the other side will make a move." Chen Haoxuan said.

"Turning enemies against each other, this ploy is too advanced." Yang Lin exclaimed.

During the break between classes, Chen Haoxuan and Yang Lin walked out of the classroom and smoked in the corridor.

Shen Ruyan, she came looking for Chen Haoxuan again, the students in Chen Haoxuan's class were not surprised, they were used to it!

Shen Ruyan she saw Chen Hao Xuan smoking in the corridor, she walked over quickly and guiltily said to Chen Hao Xuan, "Sorry, we couldn't find out that person's information."

"It's alright, I've already found out anyway, and it's taken care of the trouble for now." Chen Haoxuan smiled lightly and said.

"Impossible, we couldn't even find out - how could you find out?" Shen Ruyan said in surprise, they had tried many methods, buying off the people in Rice\*\*\* and using hacking techniques to break into other countries to check but they couldn't, mainly because there were only photos and no names.

"I have my ways, you guys can't check because your technology is too low." Chen Haoxuan said.

"Can you tell me? I can get money to buy this technology from you." Shen Ruyan said expectantly, she thought that if Chen Haoxuan could give her this technology, then their Dragon Group would not have to be so troublesome if they wanted to look for people in the future.

"I won't give it to you for now." Chen Haoxuan said.

"You guys? Could it be that he knows my identity?" Shen Ruyan was secretly surprised in her heart.

"Chen Haoxuan, let's find a place to talk properly, okay?" Shen Ruyan said to Chen Haoxuan, she wanted to find a safe place and ask Chen Haoxuan if he really knew her identity.

"Sure! You lead the way." Chen Haoxuan said with a smile.

Yang Lin had the good sense not to follow, Chen Haoxuan he followed Shen Ruyan to the side of the basketball court, they were surrounded by no one.

Shen Ruyan wasn't afraid of the ground being dirty, he sat directly on the ground and Chen Hao Xuan followed suit. "What's the matter with finding me here?" Chen Haoxuan asked.

"I'm asking you, you must be honest, do you already know my identity?" Shen Ruyan asked Chen Haoxuan seriously.

"Yes." Chen Haoxuan replied.

"How did you know?" Shen Ruyan asked.

"You are the school flower, of course there will be many people to inquire about you, not only do I know, but almost all the students at Xinsan University know your identity." Chen Haoxuan said with a smile.

"That's not what I'm talking about, you know, you tell me honestly, do you know or not?" Shen Ruyan couldn't help but grab Chen Haoxuan's arm.

A couple who were in love near the basketball court saw this sight of Chen Haoxuan and the others, they were also gossip lovers and they used their mobile phones to take a picture of this sight of Shen Ruyan holding Chen Haoxuan's hand. The male said to her girlfriend, "Look at Shen Ruyan, she is holding onto Chen Haoxuan's arm, this is a sign that she doesn't want Chen Haoxuan to leave her, and look at her expression, she is holding her head up and looking deeply at Chen Haoxuan, this is a sign for Chen Haoxuan to kiss her."

"Honey, you're so smart! You guessed all this." The female leaned on the male's arms and pouted.

"That's for sure, if it wasn't awesome - would you like me?" The male was very fond of the female's compliment.

On Chen Haoxuan's side, Chen Haoxuan said to Shen Ruyan, "Alright! Let me tell you, I've known your identity for a long time, you're a member of the Dragon Group, right! Your grandfather is ..... and your brother is ....."

Ray and shock fusion is fearful surprise: "How did you know that, my identity is a secret file, no one else can read it, except for our Dragon Team members, no one else can see it no matter how high his position is too."

"Have you forgotten that I am a computer expert? As long as it's the internet, there is no place that I, Chen Haoxuan, cannot go, you can think of it this way, in the internet I am the master." Chen Haoxuan said with confidence.

"Since you already know who I am, let me tell you straight away - I came to the University of Johor Bahru for you, you are the most outstanding genius in our country, all the men you have trained are masters, and your business talent makes all businessmen sigh at themselves, in You are the most outstanding genius in our country. You have a strong body, no matter how many heavy injuries, as long as they are not fatal, you will be able to recover in a short time, your body is still invulnerable to ..... all kinds of poisons.

The most important thing is that this is the age of the internet and your computer technology is so advanced, like you just said, in the internet you are the master, so our country needs you and the people need you. As per the protection of your safety, the top echelon of the country asked our Dragon Team to send someone to protect you, and that person is me.

Now that you know who I am, then I'll simply say it straight, we want you to serve the country." Shen Ruyan said in a gushing voice.

"It's great in China now! So it's no big deal if you don't need me." Chen Haoxuan smiled.

"What's no big deal without you, it's a big deal, if you can pass on your knowledge to the people of China, then our country of China will become the most technologically advanced country in the world." Shen Ruyan said seriously to Chen Haoxuan.

"I am still young and like to live a life of freedom for the time being, when I get tired of this life of freedom, I will go to you." Chen Haoxuan said.

"How can you be so selfish? If you want money, just say so! We can all give it to you." Shen Ruyan said in an exasperated voice.

"I'm selfish? Ohhh ..... I laugh, it's not like I owe the country anything, and I still pay millions and millions of taxes to the country every year, if I really want to say who owes who, I think the country owes me because I have helped the country share the employment problems of so many people, making millions of families clothe and feed themselves.

Besides you should know how miserable I used to be, right? When I was incapable, why couldn't you guys help me? Now that I have the means to live like a rich man, you want me to work for you? How can I have time to get away with working for you? To put it badly, I feel that you guys just don't want me to have a good life." Chen Haoxuan said.

### **Chapter 304**

"No, we don't mean that, if you don't want to we won't force you, and as long as you don't do things that endanger the country, you can all seek our help." Shen Ruyan said very sincerely.

"That's something I love to hear, but I want to ask, if I don't say yes to your invitation, will you continue to protect me?" Chen Haoxuan smiled wickedly at Shen Ruyan and said.

"Yes, we will always protect you secretly." Shen Ruyan said with certainty.

"Will it still be you who protects me?" Chen Haoxuan said with a yin smile.

Seeing Chen Haoxuan's evil smile, Shen Ruyan's cheeks couldn't help but float two shades of red as she said in a delicate voice, "That's not necessarily true."

Chen Haoxuan stood up and looked down just as he was about to speak to Shen Ruyan, when he inadvertently saw Shen Ruyan's neckline, which made him forget what he wanted to say for a moment, and the words appeared in his mind, "So white yo!"

When Shen Ruyan saw Chen Haoxuan's eyes, she looked down curiously and found that she herself could see her breasts through the neckline, she quickly covered her chest with her hand, bit her lips and cursed at Chen Haoxuan, "\*\*."

Chen Haoxuan pretended not to see or hear anything as he disturbed the back of his head and walked towards the school building while saying ""Oops! It's such a nice day, the sun is shining!"

"\*\* , I've seen you peeking at my boobs and still playing dumb." Shen Ruyan looked at Chen Haoxuan's departing back and muttered in a small voice, she didn't know why, since Chen Haoxuan peeked at her boobs, she wasn't angry and was a little bit happy and nervous in her heart.

Chen Hao Xuan he hadn't gone far before he was surrounded by three people, these three people had anger in their faces, "Chen Hao Xuan, you actually don't keep your word, you dare to fool the three of us, you are crazy enough." Ye Hongfei roared at Chen Haoxuan in anger.

"Chen Hao Xuan, you will pay a heavy price for your actions, I will use my wits and screw you until you d i e." Gongsun Hyun coldly said to Chen Haoxuan.

"Karma ....., can I tell you guys - I can't understand your words at all, okay?" Chen Haoxuan said with a face full of questions, the only thing he was involved with Wang Fuyou and the others was Shen Ruyan, hadn't he explained it to them? He wouldn't like Shen Ruyan, could there be another reason? What exactly is the reason for them to hate me so much?

"How dare you play dumb, look." Wang Fuyou held an all-powerful mobile phone to Chen Hao Xuan's eyes and said.

"This... who took this picture!" Chen Haoxuan said in surprise, he saw that the photo on the phone was indeed with him Shen Ruyan, Shen Ruyan was holding his hand, angling his head to look into his eyes, while he was looking at Shen Ruyan sideways and talking, such a pose looked like a couple even Chen Haoxuan thought.

"What? Nothing more to say, right?" Ye Hongfei huffed and puffed at Chen Haoxuan.

"Yes, I have something to say, Shen Ruyan is still at the basketball court, if you have any questions you can go ask her instead of coming to ask me, because it's not me you want to marry, but Shen Ruyan." Chen Haoxuan said helplessly.

"As long as you don't go near Shen Ruyan, even if Shen Ruyan likes you, she doesn't stand a chance." Gongsun Hyun said.

"If I say that there is nothing between me and Shen Ruyan, will you guys believe me?" Chen Haoxuan said.

"Don't believe it." Wang Fuyou's three responded together.

"Alright! Let's go, I will take you all to find Shen Ruyan and let Shen Ruyan explain to you personally, but after Shen Ruyan has explained to you, and you still come to bother me, I will definitely not let you have a good time." Chen Haoxuan said seriously Wang Fuyou and the others.

"Good." Gongsun Hyun responded.

Chen Hao Xuan took Wang Fuyou and the three of them back to the basketball court, Shen Ruyan she was sitting beside the basketball court dazed, not knowing what she was thinking about.

Chen Hao Xuan and the three of them came to the side of Shen Ruyan, and Chen Hao Xuan shouted out loud, "Shen Ruyan."

When Shen Ruyan did not respond, Chen Haoxuan simply pushed her. She turned around quickly, probably because she turned around too fast, so Chen Haoxuan couldn't withdraw his hand in time, so Chen Haoxuan's hand touched Shen Ruyan's breast.

Chen Haoxuan was dumbfounded and so was Shen Ruyan. The two of them were as motionless as if they had been nudged. Their current posture made Wang Fuyou and the three of them want to kill, they saw Chen Haoxuan's hand on Shen Ruyan's ample breasts, while Shen Ruyan looked at Chen Haoxuan and did not resist or say anything. If they were the ones to touch Shen Ruyan's breasts, Shen Ruyan would definitely have thrown them a few slaps and probably would have killed them.

"Chen Haoxuan ....." Ye Hongfei shouted loudly and angrily.

"Ah... ah, what for! Are you calling me?" When Chen Hao Xuan heard Ye Hong Fei's voice, he immediately handed back the hand that was on Shen Ruyan's chest, and he closed his hand that fast! Wang Fuyou and the others didn't even see it.

"What do you mean? In front of us you acted in such a dirty way, I - I'll send someone to cut you up." Ye Hongfei shouted angrily at Chen Haoxuan.

"Why?" Chen Haoxuan questioned, and needless to say, he was playing dumb.

Wang Fuyou jumped out, pointed at Chen Haoxuan's face and cursed, "Just because your right hand touched Shen Ruyan's breast, I'm going to hire a killer to chop off your right hand."

"It's not like I did it on purpose, I pushed her and didn't expect her to turn around so quickly, so I couldn't close my hand before this happened." Chen Haoxuan said.

Shen Ruyan her face flushed red, she just wanted to stand up to defend Chen Hao Xuan, but she heard Chen Hao Xuan's next words, didn't she want to defend Chen Hao Xuan, but wanted to kill Chen Hao Xuan, Chen Hao Xuan actually said to Wang Fuyou and the others, "If you are jealous of me, you can go touch it too!"

Hearing Chen Haoxuan's words, Wang Fuyou and the three of them looked towards Shen Ruyan's breasts, looking at their expression as if they really had this idea.

When Shen Ruyan saw them staring at her breasts, she said to them, "What are you looking at?"

Wang Fuyou and the others saw that Shen Ruyan was angry and immediately shifted their eyes. Seeing Wang Fuyou and the others defeated, Chen Hao Xuan could not help but laugh.

Suddenly Chen Haoxuan felt a pain in his ear, and Shen Ruyan's chirping voice came to his ears, "What did you bring them here for?"

Seeing Shen Ruyan pinching Chen Haoxuan's ear, Wang Fuyou and the others were sad in their hearts, still saying that they were not a couple, would they do such a warm look if they were not a couple?

"Hey, you don't do that, you so Wang Fuyou they will misunderstand again." Chen Haoxuan pleaded bitterly to Shen Ruyan.

"Misunderstand what?" Shen Ruyan was a little confused.

"Don't you find that you are now pinching my ears much like a wife pinching her husband's ears and asking him: say, are you having another woman outside?" Chen Haoxuan joked.

### **Chapter 305**

"No... no, it's not! I was trying to teach you a lesson, that's why I pinched your ears, what are you thinking." Shen Ruyan explained awkwardly.

"Big sister, it's not that I'm imagining things! It's them who are thinking blindly." Chen Hao Xuan pointed at Wang Fuyou who had a gloomy face and said.

Shen Ruyan let go of Chen Haoxuan's ears, crossed her left hand and pointed at Wang Fuyou and the others with her right hand, "You all know how to think nonsense all day long, you're so stupid."

Chen Hao Xuan stood next to Shen Ruyan and said to Wang Fuyou and the others with a smile, "See? Shen Ruyan even advised you guys not to think nonsense, so you guys have mercy and don't misunderstand me anymore."

"Shen Ruyan doesn't like you, the devil will believe it." This was what Wang Fuyou and the three of them were saying in their hearts.

Chen Hao Xuan turned his head to Shen Ruyan and said, "Shen Ruyan, I think you should communicate with them properly, every time you come near me, they suspect that I have an affair with you, I don't know if they like you too much or if they are just unclean-minded. I still need to go to class, take your time and teach them a little, please, bye."

After Chen Haoxuan left, Shen Ruyan said seriously to Wang Fuyou and the others, "Say, did you guys misunderstand him?"

"Defending him so much and saying you don't like him, pigs don't believe me." Wang Fuyou and the three of them spoke from their hearts.

"Ruyan, look for yourself." Wang Fuyou handed his phone to Shen Ruyan and said.

Shen Ruyan took Wang Fuyou's phone, and when she saw the photo in her phone, she instantly knew what was going on, and she had to admit that the people in this photo really looked like a couple. "Who took this picture!" Shen Ruyan asked curiously.

"I don't know, the person who posted this picture published it anonymously." Wang Fuyou replied.

"I did do this to Chen Hao Xuan, but that was me begging him, unknowingly in making this move, you guys don't think about it, and don't talk about it everywhere, if I know that you talk about it everywhere, I will cut off friendship with you." Shen Ruyan said very seriously to Wang Fuyou and the others.

"Ruyan, we believe you." Wang Fuyou and the others said.

"You guys can go and play if there's nothing else! I want to stay here alone for a while." Shen Ruyan said as she gave the expulsion order.

Wang Fuyou and the others left with sadness, their intuition told them that Shen Ruyan had a crush on Chen Hao Xuan.

Ma Yichen, who was sitting on a bench by a path on the campus, was beside his girlfriend, Zhang Beining, and the two were enjoying being in love.

Wang Fuyou they were in a bad mood, so Ye Hongfei suggested going to a bar for a drink, and they passed by where Ma Yichen was on their way out of the campus.

Wang Fuyou he knows Ma Yichen and the two are on good terms as they are both from the rich generation and often see each other at parties. When Wang Fuyou saw Ma Yichen, he shouted out loud, "Ant, it's great to see you." Ant was the name Wang Fuyou and the others had given Ma Yichen, Ma Yichen, pronouncing the first two words, was the same sound as ant, and that was how this fancy name for ant came about.

"Wang Fuyou, how are you?" Ma Yichen greeted Wang Fuyou and the others with a smile, he knew both Gongsun Xun and Ye Hongfei, he had met them at the same party as Wang Fuyou, only not as ironically as his friendship with Wang Fuyou.

"I really envy you two, being paired up all day." Wang Fuyou said enviously.

"I've been chasing Bening for how many years - it's not like you don't know you're busy, what? Seeing your faces are not very good, it's not because you've been told off by Ruyan again, is it?" Ma Yichen said with a smile.

"Guessed by you." Wang Fuyou said accusingly.

"Tell me, what's going on?" Ma Yichen said curiously, he had always been interested in Wang Fuyou and the three of them chasing after a girl, because their path of pursuing Shen Ruyan had been exciting, the main excitement was in their love rival, who they had screwed over.

Wang Fuyou and the others then told Ma Yichen about them, and Ma Yichen laughed out loud when he heard it: "Hahaha ....., laughing my ass off, your love rival is actually Chen Hao Xuan, hahaha ....., laughing my ass off. I tell you guys, you must not continue this misunderstanding, otherwise Shen Ruyan really becomes Chen Hao Xuan's girlfriend, then you will not even be able to cry in time.

Let me tell you! Chen Hao Xuan is an absolute genius, if he wants to pick up girls, there is no kind of girl he can't pick up. I asked him for advice on picking up girls before I got together with my dear Bening. If you guys want to chase after Shen Ruyan, I advise you to turn your enemies into friends with Chen Hao Xuan and let him help you with your plans to chase after Shen Ruyan, when the time comes, Shen Ruyan will definitely be one of you. I have a good relationship with him, so if you guys want to pay homage to him, I can help introduce you."

"We threw tear gas grenades into his room earlier, can he still turn his friendship with us if we treat him like this?" Wang Fuyou said worriedly. Chen Hao Xuan was a love saint and no one doubted it because there were really too many people who liked him.

"As long as you guys don't try to kill him, and give him a little benefit, I think he will agree." Ma Yichen said.

"Benefit, that's no problem, as long as he can help me chase Shen Ruyan, I'll give him even 10 million RMB." Wang Fuyou said in a bullish manner.

Ye Hongfei interjected, "Tell Chen Hao Xuan for me that as long as he helps me chase down Shen Ruyan, whenever anyone comes after him in the future, thousands of us in the Ye Qing Gang will help him out."

"Tell Chen Hao Xuan to help me chase down Shen Ruyan, and I'll keep the green light for his business all the way." Gongsun Hyun said.

"The capital under is not even small! I'll go to him at noon and give you news in the afternoon." Ma Yichen smiled and said to Wang Fuyou and the others.

"Please." Wang Fuyou clasped Ma Yichen's hand tightly and said.

After Wang Fuyou and the others left Ma Yichen, Gongsun Hyun suddenly said, "Oops! My stomach and not feeling well, it seems that I have eaten something bad last night, you two go and drink! I won't be there." He said to and quickly ran towards the male dormitory.

"I'm not going with Gongsun Xun, it's no fun for just the two of us! I think we should go another time. I'll call my dad and ask him to give me 10 million RMB." Wang Fuyou said.

"You go ahead! I'll go for a walk by myself." Ye Hongfei said.

After Wang Fuyou left, Ye Hongfei muttered to himself, "Think I'm stupid! We've been together for so long, don't I know your personalities. You guys go to Chen Haoxuan, humph, I'll go to Yang Lin, Yang Lin he is Chen Haoxuan's man or Chen Haoxuan's good friend, ask him for help, the chances are definitely better than going directly to Chen Haoxuan."

Ma Yichen, he made a phone call to Chen Haoxuan and asked Chen Haoxuan to eat at the school's canteen at noon today.

## **Chapter 306**

Chen Hao Xuan was curious as he was called out by Gongsun Hyun not long after he returned to class. Did he misunderstand that he was having an affair with Shen Ruyan again?

Chen Hao Xuan went out with Gongsun Hyun, who said directly to Chen Hao Xuan in the corridor, "Chen Hao Xuan, I know you won't like Shen Ruyan, I misunderstood you several times, in fact, I can't

help it, you know, I care too much about Shen Ruyan, so I'm easily jealous. I know you are very good at picking up girls, so I want to ask you for advice, if you can help me to chase Shen Ruyan, I will guarantee your business all the way to the green light, in advance it is legal business."

"That way!" Chen Hao Xuan considered up, honestly the benefit given by Gongsun Hyun was quite good, with Gongsun Hyun's help, he wouldn't have to be so troublesome to open any company in the future.

"How's that?" Gongsun Hyun asked impatiently.

"I won't do it." Chen Haoxuan said.

"Why?" Gongsun Hyun said tangled.

"Because I helped you chase after Shen Ruyan before you guaranteed me the green light all the way, what if I can't? Then wouldn't I be working for nothing, no guarantee, no way." Chen Haoxuan explained.

"That's fine, you help me chase after Shen Ruyan, if you don't succeed I'll guarantee you the green light all the way for five years as well, if you succeed, I'll guarantee you for the rest of your life as long as I'm able to." Gongsun Hyun said seriously.

Chen Haoxuan smiled as he laughed evilly, "Deal, but I need to sign a contract with you in case you don't keep your promise."

"No problem, it's not too late, let's go now." Gongsun Hyun said happily.

When Chen Haoxuan and Gongsun Hyun went downstairs they met Wang Fuyou, who first stared at seeing Gongsun Hyun and Chen Haoxuan together, then he smiled and said to Chen Haoxuan, "Chen Haoxuan, I would like to ask you a favour."

Chen Haoxuan beckoned to Wang Fuyou and said, "You want me to help you chase Shen Ruyan, right? As long as there are enough benefits, I will say yes... Come on, come along! We'll talk while we walk."

"Chen Haoxuan, you are too unkind, why do you want to help him when you have chosen to help me?" Gongsun Hyun was discontented and said to Chen Haoxuan.

"I did promise to help you, but I didn't promise you that you couldn't help several people at the same time! If you don't want to ask for my help again, I don't mind, the contract hasn't been signed yet anyway." Chen Haoxuan said.

"Humph." Gongsun Hyun snorted coldly and said nothing more, one had to bow down under the eaves of the house!

"Are you promising me?" Wang Fuyou said excitedly to Chen Haoxuan.

"Not yet, it depends on how much good you can do! The more benefits, the higher the chance of me agreeing." Chen Hao Xuan said with an evil smile.

"Ten million RMB to help me pick up Shen Ruyan." Wang Fuyou said.

"What if you can't pick up?" Chen Haoxuan asked.

"As long as you try your best, I will give you five million RMB even if you can't pick up, how about that?" Wang Fuyou said with great bravado, the rich second generation was different when it came to spending money without batting an eye. Wang Fuyou he had so much money, it was all because his family wanted him to chase after Shen Ruyan that they gave it to him, otherwise his monthly pocket money would be at most 10,000 to 20,000 RMB, and he would never give millions of pocket money.

"OK, let's go together to the photo studio outside the school and type up a few contracts, sign them and I'll help you guys immediately." Chen Haoxuan said.

Yang Lin, who was striking up a conversation with a girl in Chen Haoxuan's class, "Sister, I feel like you seem a bit special today?"

"What's wrong? Is there something dirty on people's faces?" The girl took out the small mirror she carried with her and looked at it.

"There's no dirt, it's that you're very beautiful today, I see that apart from Chen Yina, who is the number one school flower at Xinsan University, you're the prettiest." Yang Lin boasted to the girl.

"Nasty, pick what I like to hear, I'm not that pretty!" The girl said shyly.

"Who said that? You're pretty, you don't know that! Yesterday I saw Chen Hao Xuan sneak a look at you a few times, and I was very angry about it, how could he look at a girl I liked like like that? Later he also felt his mistake and didn't fight." Yang Lin blew.

"Then were you hurt?" The girl said with concern.

"Yes, I got lovesick because I got to know you." Yang Lin looked like he was having a hard time and covered his chest with one hand, and said.

"Kiss, I like you so much, yo!" The girl said to Yang Lin with affection.

Ye Hongfei, who was at the entrance of the classroom, saw the scene in the classroom, he was dumbfounded and thought to himself that this was even possible? He had heard of Yang Lin and knew

that he was a gangster, the strongest gangster in Xinsan University except for him, but what he didn't expect was that Yang Lin was not only a gangster, but also an expert in picking up girls.

Ye Hongfei was mistaken, the girl Yang Lin was now picking up was a nymphomaniac, as long as you had money, she would follow you.

Ye Hongfei walked into the classroom and shouted to Yang Lin, "Yang Lin, come out for a moment, I'm looking for you for something."

Yang Lin heard someone shouting and turned his head to look, "Holy sh\*t, the prince."

Yang Lin quickly walked out of the classroom and followed Ye Hongfei. As he walked, Ye Hongfei said to Yang Lin, "You should know me, right?"

"I know, I know, you're the prince of the Ye Qing Gang! I've always admired you, you lowered your voice to be that woman's escort for the sake of a woman, that's what I admire most about you, heavy-handedness, you must be a very powerful gangster godfather in the future." Yang Lin said.

Hearing Yang Lin's words, Ye Hongfei was very comfortable in his heart, he smiled and said to Yang Lin, "Let me ask you, did you learn those words you just said to pick up girls from others?"

"No! Those words - I was born to say them." Yang Lin said.

"Oh, then are you good at picking up girls?" Ye Hongfei asked again.

"Generally! As long as it's not some stunning beauty it usually works out. Huh..., why are you asking this? It's not because you want me to teach you how to chase Shen Ruyan, right? I'm telling you, I'm not sure, you want advice - you go to my boss Chen Haoxuan, he knows everything." Yang Lin said.

"I'll let you join our Ye Qing Gang and let you manage a large ice skating rink. And the condition is that you come with me to Chen Haoxuan later and help me put in more good words in front of Chen Haoxuan so that he can help me chase Shen Ruyan." Ye Hongfei said.

"Sorry, I've already followed Chen Haoxuan, so it's impossible for me to defect to someone else, but I'll still help you put in more good words in front of Chen Haoxuan, after all, we're all out for a good time!" Yang Lin said seriously.

Ye Hongfei patted Yang Lin's shoulder and said gratefully, "Good brother, you're a friend I've made, if you have any trouble in the future just report my name Ye Hongfei."

"Then I'll thank the prince in advance." Yang Lin said happily, the Ye Qing Gang was a very big gang, to be recognised by the Crown Prince of the Qing Ye Gang was an honour in the Dao.

## **Chapter 307**

Yang Lin he made a call to Chen Haoxuan. Asking Chen Haoxuan where he was! Chen Haoxuan told Yang Lin that he was at the photo studio in front of the University of Xinshan.

After knowing where Chen Haoxuan was, Yang Lin and Ye Hongfei went together to find Chen Haoxuan.

When Yang Lin arrived at the photo studio in front of the University of Hsinshan, he saw Chen Hao Xuan sitting on a table next to the photo studio, holding some paper and wondering what he was reading.

When Ye Hongfei saw Wang Fuyou and Gongsun Xuan, he knew why they were here. He nudged Yang Lin and gestured for him to go and say something nice to Chen Haoxuan for him.

Yang Lin went next to Chen Haoxuan and before he could say anything, Chen Haoxuan asked him in a voice: "It was Ye Hongfei who asked you to come and say something nice for him, right? If so - then there's no need to say anything, you tell him to say how much he'll give me, and I'll naturally agree if I feel satisfied." Chen Haoxuan said quickly.

"He said that if you help him chase Shen Ruyan, you can go to him whenever you encounter any trouble in the future, and he, Ye Qing Gang, has thousands of people to help you out." When Yang Lin said the last sentence, he had the feeling that his blood was boiling, thousands of gangsters! If all of them were gathered and taken out for a ride, what a scene it would be!

"I promise, let him come and sign the contract!" Chen Hao Xuan wrote down on the contract what Ye Hong Fei had promised him, and then handed it to Yang Lin. This was something he had just prepared, Wang Fuyou and the three of them were together all day, this time two came to ask him for advice on picking up girls, there was no way Ye Hongfei wouldn't come, so he had prepared an extra copy.

He was curious and said to him, "Why did you sign this contract too?"

Wang Fuyou gave Ye Hongfei a blank look and said, "You're only allowed to chase after Shen Ruyan, but not us! Sign the contract now! Sign it and learn how to pick up girls together."

"Ga ....., how come we're still with them! Oh ....., God! Why don't you chop them to death! That way Shen Ruyan would be mine." Ye Hongfei said darkly in his heart.

After Wang Fuyou and the others had all signed up, Chen Hao Xuan put the contract away and then said to Wang Fuyou and the others, "Let's go! Go to my place, let's study this person of Shen Ruyan."

Chen Hao Xuan he took Wang Fuyou and the others to walk to his residence, Yang Lin also followed to join the fun, casually learning a few moves, anyway, it was free, not learning for nothing.

When they arrived at Chen Hao Xuan's residence, Chen Hao Xuan said to Wang Fuyou and the others, "Follow me closely, or I won't be responsible for getting lost."

"Hahahaha ....., we are not children, how could we get lost." Wang Fuyou and the others laughed.

Chen Haoxuan pushed open the door and a small door was exposed to Wang Fuyou's eyes. Yang Lin came up next to Chen Haoxuan and excitedly asked Chen Haoxuan, "Haoxuan, is this the bewitched formation you mentioned?"

"Yes, this is the Vertigo Formation." Chen Haoxuan responded.

Chen Haoxuan pushed open the small door and walked inside, Yang Lin hurriedly followed him, Chen Haoxuan walked very slowly, he was worried that Wang Fuyou and the others would not be able to keep up.

Walking inside, Wang Fuyou and the others felt that they had come to a strange world where there were doors everywhere, and each place looked the same, which made everyone walking in unable to tell the north from the south.

"Hao Xuan, this Vertigo Formation is really powerful, I can't tell north from south east anymore right now, seriously, I really want to try if I can get out of this Vertigo Formation alone." Yang Lin said excitedly.

"That's no problem!" Chen Haoxuan said and suddenly pushed Yang Lin.

"Ah..., Hao Xuan, how can you do that." Yang Lin looked around at a small door and said tearfully.

Yang Lin, he kept pushing the door in, he felt like he had walked a long way, but he just couldn't get out, he knew the size of Chen Hao Xuan's residence, with the distance he had just walked, not to mention getting out of Chen Hao Xuan's residence, even walking to the New Mountain City University would be enough.

"What a magical bewitching formation, yo!" Yang Lin he couldn't walk out, so he simply studied going to the Vertigo Formation made by Chen Hao Xuan, he used the items he had on him as markers to see if he could walk out.

Chen Haoxuan, who had already taken Wang Fuyou and the others into the house, Ye Hongfei who saw that Yang Lin had not yet come out of that strange little door world, could not help but ask Chen Haoxuan, "Chen Haoxuan, your Vertigo Formation will not be dangerous, right? You know that Yang Lin is still inside!"

"Don't worry, he will be fine, if you don't believe me you can see for yourselves." Chen Hao Xuan pointed to the computer at the side and said.

Wang Fuyou and the others went over and saw Yang Lin's figure on the computer screen. They saw that Yang Lin kept pushing the doors in and out, often turning several times in one place, and on several occasions he almost got out of the Vertigo Formation, but he couldn't push the doors, so he went to push other doors, which caused Yang Lin to fall into the Vertigo Formation again.

Wang Fuyou and the others felt strange, they could not understand why the same door could sometimes be pushed open, but sometimes not.

Gongsun Hyun, who had read these books on Sun Tzu's Art of War, he also knew how the Vertigo Formation was like, but he had never seen this Chinese Vertigo Formation of Chen Hao Xuan's because Chen Hao Xuan's Vertigo Formation was alive and could be altered, whereas the ancient Vertigo Formation was dead.

"Chen Haoxuan, why can Yang Lin push the door open sometimes and sometimes not!" Gongsun Hyun asked Chen Hao Xuan curiously.

"Because I designed a little thing, that little thing will constantly control each door, so some doors can be pushed open at first, but soon they won't work again, that's the little thing playing tricks." Chen Haoxuan said.

"Then can Yang Lin still come out?" Ye Hongfei asked.

"I designed this enchanted formation, if I don't want him to come out, he won't be able to come out for the rest of his life, while if I want him to come out, he will be able to come out immediately, believe it or not?" Chen Haoxuan smiled and said.

"Not really believe it." Wang Fuyou said.

"You guys watch it." Chen Hao Xuan sat down in front of the computer, entered a string of strange data into the computer, and as soon as he pressed the enter key, a click ..... sounded, a door was opened, and the bit where Yang Lin was turned directly into a passage.

Yang Lin looked in shock at Chen Hao Xuan and the others who were not far ahead and blurted out, saying, "This Vertigo Formation is really too awesome, the area is so small, yet entering inside feels like it's boundless and never ending."

"Don't flatter yourself, come out quickly or I'll activate the Mysterious Soul Formation again and make you stay inside for the rest of your life," Chen Haoxuan scolded Yang Lin with a smile.

Hearing Chen Haoxuan's words, Yang Lin quickly ran out of the Mysterious Soul Formation, and as soon as he came out, it swished and returned to its original form once again.

## **Chapter 308**

Yang Lin ran to Chen Haoxuan. Tightly pulling on Chen Haoxuan's hand, he said excitedly, "Haoxuan, don't be afraid that I'm gay, I was trying to talk to you, can you teach me how to make this bewitching formation."

"Yes, but teach you now - you won't be able to use it, I'll teach you when you become a big brother," Chen Haoxuan said.

At this time Ye Hongfei also came over and said to Chen Haoxuan expectantly, "Can I learn it?"

"No, this is not something that can be measured by money, the reason I agreed to teach Yang Lin is because he is loyal to me, if you also serve me, I can teach you ah!" Chen Haoxuan said.

"I think I'd rather not, if my dad finds out that I'm going to work for someone else as a junior, he'll kill me." Ye Hongfei said in a demoralised voice.

"Alright, let's stop talking about that for now, let's talk about Shen Ruyan! You guys tell us all about Shen Ruyan's hobbies, habits, dressing, everything." Chen Haoxuan said to Wang Fuyou and the others.

Wang Fuyou and the others spoke out the various habits of Shen Ruyan, and Chen Hao Xuan listened to them with his eyes closed, as his head was running fast, summarising all that Wang Fuyou and the others had said.

When Wang Fuyou and the others had finished, they all looked at Chen Haoxuan in unison, wanting to see how Chen Haoxuan was using the information. After a while, Chen Haoxuan slowly spoke out, "Shen Ruyan, likes the colour red, she likes to wear sexy but not revealing clothes, she likes to sing, she hates guys with macho ideas, he wants a boyfriend who is stronger than himself ..... ." Chen Haoxuan analyzed.

Hearing Chen Haoxuan's analysis so clearly, Wang Fuyou and the others said secretly in their hearts, "Professional!"

"Is there a way to chase her?" Wang Fuyou said impatiently.

"Of course there is, I'll give you out now, just use your merits to chase after Shen Ruyan. Don't you have a lot of money? Then you buy 9,999 roses for Shen Ruyan tomorrow and place a red heart in front of Shen Ruyan's dormitory building. No matter how much Shen Ruyan hates being chased, she is always a girl, and her heart has always been hoping for an extraordinary love." Chen Haoxuan said to Wang Fuyou.

"Chen Haoxuan, what about me?" Ye Hongfei asked.

"You - your strength is that you have many little brothers, so find a way to bring her to your territory more often and let her know that your status as the Crown Prince of the Ye Qing Gang is not Lang's in vain." Chen Haoxuan suggested.

Gongsun Hyun, he was just about to speak when Chen Haoxuan said to him, "You are the one who always thought you were smart, so you can design something out that will please the girls! Or help Shen Ruyan deal with all her troubles, pretend to love Shen Ruyan silently, have a steady character, she will definitely feel good about you after a while."

"Remember, women's are very sensitive, so you should not go and doubt her." Chen Haoxuan said.

Next, Chen Haoxuan spoke to them about the details and told them to make their actions as seamless as possible.

The next day, it was already Saturday, Wang Fuyou he came across the girls' dormitory building early in the morning, he had someone set up a cardinal heart with 9999 in front of the girls' dormitory building. Then there were two beautiful women behind him holding up a banner that read, "Shen Ruyan, I love you."

Shen Ruyan saw that Wang Fuyou had made so many roses to arrange a red heart, she was crying and laughing, she felt that Wang Fuyou was too arrogant to do so, but she was still happy in her heart, being pursued by someone with great enthusiasm, that's something not to be happy about!

In the morning, after Wang Fuyou had left, Gongsun Hyun came to see her, saying that he wanted to invite him to see his fake-like work. Gongsun Hyun said how the paintings he painted were amazing and made Shen Ruyan look forward to them.

Shen Ruyan agreed and she followed Gongsun Hyun to a large warehouse, opened the door and a white fog gushed out from inside. "What is this?" Shen Ruyan asked in surprise.

"Don't worry, I won't harm you, you'll know what's going on when you walk in." Gongsun Hyun said mysteriously.

Shen Ruyan thought about it and finally chose to go in, she, Gongsun Hyun, had been there for so many years, if she wanted to harm her, she would have done so long ago, why wait for today. Once Shen Ruyan went inside, she saw the scene inside and couldn't help but exclaim out, "Wow, it's so beautiful."

As Gongsun Hyun he walked in, he closed the door behind him by the way, he walked next to Shen Ruyan and said, "How is it? Doesn't it feel amazing?"

"Mmmmmmm, this place is like a fairyland, with mountains and water and wind, even the clouds you made. How did you come up with such a design?" Shen Ruyan said.

"It's very simple! I watched a lot of movies and came up with it as soon as I thought about it. I finished the drawings overnight, after which I installed many lights behind the drawings and then blasted them with dry ice and they became what they are now." Gongsun Hyun said happily, he made these things, but the idea was given by Chen Haoxuan.

"It's so beautiful here, I want to stay here a little longer can I?" Shen Ruyan said expectantly.

"Of course you can, I've rented this place for a week, so you can come and see it for a week." Gongsun Hyun said happily, in his heart he secretly said, "No wonder Chen Hao Xuan has so many girls like him, so he is really good at picking up girls."

Gongsun Hyun was very considerate, he moved a chair for Shen Ruyan to sit on and would bring many fruits for Shen Ruyan to enjoy while she ate.

Shen Ruyan stayed in the warehouse for a long time before coming out, and the first thing she said to Gongsun Hyun when she came out was, "I'll come back every day."

Shen Ruyan's words made Gongsun Hyun very happy. In the past, it was very difficult to invite Shen Ruyan out to play, but now Shen Ruyan took the initiative to say that she would come back every day, could he not be excited?

After Shen Ruyan went back, she met Ye Hongfei, who invited her to watch black boxing in the evening, which Chen Hao Xuan had helped him think of. Shen Ruyan is a member of the Dragon Group, it is impossible not to be very good at fighting, as long as the person is very good at fighting, no matter he is male or female he likes hot blood, that's why Chen Hao Xuan came up with such a note.

Shen Ruyan was then curious, usually Wang Fuyou and the three of them would be together, but today why did they separate? And they were using all sorts of methods to please her, were they up to something again?

Curious is curious, and her curiosity was tinged with anticipation. The 9,999 roses from Wang Fuyou in the morning made her excited and happy, and the fairyland scene that Gongsun Hyun made in the morning was so beautiful that it took her breath away, and both Wang Fuyou and Gongsun Hyun's work was very good, which made her look forward to what kind of surprise Ye Hongfei's would give her.

At 8pm, a Lincoln's followed by a dozen Harley motorbikes drove into Xinsan University and parked underneath the girls' dormitory. The eight-metre long Lincoln was rented by Ye Hongfei, and the Harley riders behind it were all members of the Ye Qing Gang, who had been brought in to better reflect his status as a prince.

## **Chapter 309**

Ye Hongfei made a phone call to Shen Ruyan. When Shen Ruyan came downstairs and saw Ye Hongfei's motorcade, she couldn't help but smile bitterly, thinking, "Isn't it just for fun? Why did he even bring an eight-metre long Lincoln, with a dozen of his minions at the back, was he going to take me to a fight?"

Ye Hongfei, who was wearing a tight suit, made a very gentlemanly gesture and said to Shen Ruyan, "Beautiful princess, please get in."

Shen Ruyan got into the car and was shocked to see how luxurious it was inside. Although she was the son of a high official and a member of the Dragon Group, it was the first time he had ever sat in an eight-metre long Lincoln.

Ye Hongfei also got into the car, and the eight-metre long Lincoln immediately started up, and the bullish convoy left the University of Xinshan. This sight was seen by Wang Fuyou and Gongsun Hyun, and the two of them said in unison, "No money to pretend to be big money, I pooh-pooh."

Ye Hongfei's motorcade drove out of the city, and it seemed that the place he wanted to take Shen Ruyan to was the outskirts.

After driving for twenty minutes, Shen Ruyan could already hear very lively sounds, after a while, the car stopped, Ye Hongfei got out and said to Shen Ruyan with a smile, "Welcome to my land, the world of darkness."

Shen Ruyan got out of the car and saw that there were a large number of punks here, as well as many hot girls in revealing clothes.

The men standing in two rows beside the Lincoln shouted in unison, "Crown Prince."

Ye Hongfei led Shen Ruyan to walk past the two rows of minions, greeting his minions as he went. This made Shen Ruyan feel as if Ye Hongfei was a high level official visiting a certain country.

"Crown Prince, Crown Prince ....." Everywhere Ye Hongfei went, people respectfully called out to him as Crown Prince.

This was a flat piece of land, a temporary place for Ye Hongfei his little brother to play, so there wasn't any ring, audience or anything like that built.

Ye Hongfei led Shen Ruyan to climb onto the roof of a bus, on which tables and chairs had long been placed, and sitting on the chairs, Ye Hongfei shouted loudly, "The black boxing match begins."

As soon as Ye Hongfei's voice fell, the following became even more lively.

A huge man came out, with powerful pecs that even women could sigh to themselves. The huge man yelled loudly to everyone, "I dare you to come and fight me."

"Me." A strong man stepped out of the crowd, he wasn't as strong as the giant man, but he looked very shrewd in the past.

"This is Tie Niu beside me, he is the strongest one in our Qing Ye Gang, he can crush stones, so you can see how strong he is. And on the other side is the most capable elite of our Qing Ye Gang, he has participated in countless gangster firefights, he has survived but in return he is covered in scars. I've finished my introduction, now I'll tell you the odds, one to two for Tie Niu and one to one for the elite to win." A man dressed in fancy clothes held a microphone in the middle of the crowd and said loudly.

"I'll take the elite to win, I'll take the iron bull to win ....." There was a flurry of bets from those present.

"Are you all winning your own money from your own people?" Shen Ruyan asked to Ye Hongfei.

"No no, we run these kinds of events mainly to win money from the rich, look at those noblemen, they are not gangsters, but they like the excitement of life. And look at those middle-aged men leaning against the car smoking, they're all millionaires and they like to come to places like this to relax when they're too stressed from work. Because we don't lay a hand on our customers and send someone to protect them back, many rich people like to come to us to gamble on black boxing, racing and so on." Ye Hongfei explained.

"Then aren't you afraid of being arrested by the police?" Shen Ruyan asked.

"Don't you see that we don't have a base? We change places in a few days, even if the police come, they can't catch us, because the people who can come here all come in their cars, besides they dare to come out to hang out, they won't be afraid of death, so as long as the police come, they will have the fastest speed to leave, it's impossible for the police to want to race with the gangsters." Ye Hongfei explained.

"No wonder your Qing Ye Gang has been safe and sound, so you have such a careful style of doing things." Shen Ruyan said with relief.

Drinking red wine, watching the people below fighting in the black boxing, the onlookers were raising their voices, such a scene was lively and hot-blooded, one would not feel lonely coming here.

After watching black boxing and racing, there was also a street dance performance, Shen Ruyan had a very happy evening.

At Chen Haoxuan's place, Wang Fuyou pleaded bitterly to Chen Haoxuan, "Chen Haoxuan, you helped Gongsun Hyun and Ye Hongfei come up with such good ideas, only mine is the worst, I don't care, you must help me every day to come up with ideas that can make Shen Ruyan look at me differently, preferably to compare Ye Hongfei and the others."

"OK, I'll write a note, you help me procure these things back, and the next day Shen Ruyan must look at you differently." Chen Haoxuan said with a smile, he felt it was interesting and fun to help Wang Fuyou and the others chase girls.

"OK," Wang Fuyou was happy to get Chen Hao Xuan's promise, and when Chen Hao Xuan had written the note and handed it to him, he immediately drove his car to procure the things Chen Hao Xuan needed.

The next day, a water bubble rained down on the girls' dormitory at Xinsan University. The bubble came out from the roof of the building, and the breeze blew, blowing the bubble everywhere, emitting colourful colours in the weak sunlight, which was fascinating.

Shen Ruyan, she is still sleeping! She had played too late yesterday, so she had slept until now and hadn't got up yet. She heard many shouts of surprise from outside, and curiously she came out in her pajamas. When she saw the colourful bubbles floating everywhere in the sky outside, she couldn't help but exclaim, "Wow, it's so beautiful."

Shen Ruyan looked down and saw that Wang Fuyou was waving to her, and behind him stood four beautiful women, each holding two banners, the first read, "I love you, Shen Ruyan," and the second read, "For you, I am willing to give everything."

She wanted to hide inside the dormitory, but the scene outside was so beautiful that she couldn't let it go.

As Shen Ruyan looked on, she suddenly noticed rose petals floating down from the sky, which made the already beautiful scene even more dreamy.

"Honey, are you okay? Did you miss me ....." That's when the radio on campus came on.

Lang Comic's love song coupled with Lang Comic's scenario, girls' deadly ah! Unfortunately, Shen Ruyan is not an ordinary girl, ordinary things can't impress her.

Today Wang Fuyou got Shen Ruyan's intoxicated look, he was satisfied, he believed that if he let Chen Hao Xuan give him a few more such ideas, Shen Ruyan would be touched by him.

The female students at the University of Xinshan, they all envied Shen Ruyan to death, although Wang Fuyou and the others were not as good as Chen Hao Xuan, they were of noble status on top and so affectionate.

## **Chapter 310**

Shen Ruyan stood on the balcony and waited for Wang Fuyou to leave before she went to wash her face and brush her teeth, she dressed up, carried a satchel and went out. She wanted to go to the warehouse

that Gongsun Xun had taken her to yesterday, she had prepared a camera today and wanted to take pictures of the scene inside.

She drove to the warehouse that Gongsun Hyun had taken her to yesterday, pushed the door open and walked in: "Huh? How come the scene has changed?" Shen Ruyan said curiously, she remembered she was looking at the feng shui painting yesterday, and now it was the beach, and the sea, she knew it was painted, but what was strange to her was that these situations seemed to be alive, she felt sheepish under her feet, she squatted down and grabbed it, sand, it was sand.

With a huff, a breeze blew, her hair floated with the wind, she was smelling the sea: "Is this really the sea?" Shen Ruyan said to herself.

Shen Ruyan continued to walk inside as she watched, as she walked she suddenly saw a man lying on a lounge sunbathing, she wondered if that was a real person, right? She wanted to go over and confirm it, she walked over and gah ..... it turned out to be Gongsun Hyun, who was sunbathing with his sunglasses on.

"Hey, Gongsun Hyun, what's going on here? Where are those paintings from yesterday?" Shen Ruyan shouted down to Gongsun Hyun.

Hearing someone shouting, Gongsun Hyun slowly opened his eyes and after seeing that it was Shen Ruyan, he took off his sunglasses and said to Shen Ruyan with a smile, "Ruyan, how is it? Does it feel like you've arrived at the beach?"

"It feels very much like it, but I'm curious, how did these get made, don't tell is that it's painted, I don't believe paintings can move." Shen Ruyan questioned.

"Hey ....., this is not a painting, this is a projection, you look up, that thing in the air is the projection, I bundled several projections together, so everywhere can be projected early, I also installed an air conditioner, so you feel hot when you come in, there is a fan in the corner inside, there is a fan in front of this a salted fish, so when this fan blows, you feel cooler still and you can smell the sea." Gongsun Hyun explained.

"Fantastic idea, you can come up with such an idea and get so much sand." Shen Ruyan said.

"Ruyan, do you want to see something exciting?" Gongsun Hyun said with an evil smile.

"What's exciting?" Shen Ruyan asked curiously.

"You'll know soon." Gongsun Hyun said and took out a remote control and pressed it.

Suddenly the sky was filled with dark clouds, and lightning could be seen from time to time in the dark clouds. With a boom, a lightning bolt struck the sea, and the sea water inside the ocean spread in all directions. The sea wind was also strong with it, blowing Shen Ruyan's hair for a long time.

Boom boom boom ..... was a tsunami, a tsunami of up to ten meters high came head on, the roar from the tsunami made Shen Ruyan feel what it meant to be the end of the world. The sea wind was getting stronger and stronger, blowing up the sand that was on the ground. With a boom, the tsunami pounced on Shen Ruyan, and Shen Ruyan couldn't help but cover her face and scream, "Ah-." She had forgotten that this was projection.

Gongsun Hyun, who saw Shen Ruyan being scared and screaming, he laughed out loud in a very heartless manner. In fact, when these projections were finished yesterday, he tried them out and was also scared, only not as exaggerated as Shen Ruyan. He didn't know how to do these things, they were all made by Chen Haoxuan, he was just giving Chen Haoxuan a hand, the fans, air conditioning, projections were all controlled by Chen Haoxuan with his computer.

At this moment, Chen Hao Xuan is in a small platform at the top of this warehouse, he leans on the camera, can see, can hear what is happening to Shen Ruyan and them, and then control the scenario to match them.

"Ruyan, don't be afraid, it's a fake." Gongsun Hyun saw that Shen Ruyan was still screaming, so he spoke out to remind her.

"Fake? Huh, where's the tsunami? Oops! How did I forget about it! You just clearly told me it was fake, why did I still think it was real?" Shen Ruyan said confusedly, she was indeed scared just now, the sound of the tsunami, the oppressive feeling of the tsunami coming at her face, she really thought it was a tsunami.

"Isn't it very real? Do you want to see something else?" Gongsun Hyun said with an evil smile.

"There's something else? Yes, yes, yes! Quickly change it to see." Shen Ruyan said excitedly.

"Then let's change it to a snowy scene!" Gongsun Hyun laughed.

Chen Hao Xuan listened to Gongsun Hyun's words, he immediately adjusted the scenario, he first turned the air conditioning to the coldest, then in control of a few iron tubes pierced through the drawing paper, a thread of sponge flew out from the iron tubes. Chen Hao Xuan felt that the cold air should be enough, so he pressed the enter button and the fan blew violently, wh-, while the projected image immediately changed to a mountain covered with snow.

Shen Ruyan was blown by the cold wind and she couldn't help but shiver: "Hiss, it's cold." She clasped her hands in front of her chest.

The snow was drifting, the cold wind was blowing in a gust, another very real scene.

Gongsun Hyun, who had been ready for a long time, took out two long down jackets from a bag and quickly put one on himself, then walked over to Shen Ruyan and before he could hand it over, Shen Ruyan quickly snatched it up, it seemed she was really cold.

Shen Ruyan, who had put on the down jacket, sighed comfortably and could not help but say, "It's so hot and warm."

With a pleasing smile, Gongsun Hyun said to Shen Ruyan, "Ruyan, how is it? Are you satisfied with the surprise I have arranged for you?"

Shen Ruyan nodded her head and said, "Mm-hmm, very satisfied, but I still won't be your girlfriend."

"Why?" Gongsun Hyun asked naggingly, after all his hard work, Shen Ruyan was still not willing to be his girlfriend.

"I don't have feelings for you guys!" Shen Ruyan said.

"What kind of boy do you like, you tell me, for your sake, I am willing to change into the type you like." Gongsun Hyun said seriously.

"I - I ....." Shen Ruyan thought about it and unexpectedly came up with Chen Hao Xuan's look, which made her torn, thinking could it be that the type she likes is like Chen Hao Xuan?

"What do you say?" Gongsun Hyun urged.

"I don't know yet, I'll tell you later." Shen Ruyan turned around and ran out after saying that.

After Shen Ruyan left, Chen Hao Xuan lifted the drawing paper and walked out, smiling at Gongsun Hyun, "Don't worry, just because she doesn't like you now doesn't mean she won't like you for the rest of her life, as long as she's not married, you'll have a chance." Chen Haoxuan said.

"Thank you, I won't give up." Gongsun Hyun said, in the past when his family asked him to chase after Shen Ruyan, he didn't feel much, but he couldn't chase after Shen Ruyan for a long time, and as time went by, he unexpectedly found that he was in love with Shen Ruyan. He had judged for himself

whether it was because the more he couldn't get it, the more he wanted it, or whether he was really in love with him, and he found that it was both.
