

A Reincarnation Chapter 31-40

Chapter 31

Zhou Kexin was angry when she saw that Chen Hao Xuan would rather ride in Huang Mei Lin's father's car than her father's, and she wondered if Chen Hao Xuan really didn't like her at all, or if she wasn't beautiful enough.

"Chen Haohuan is gone, let's go too!" Hua Lingwei was helpless to Zhou Kexin, she could tell that Chen Haoxuan didn't seem to like Zhou Kexin very much.

It was strange, a while ago, it was either a storm or a crazy storm, but today there was no storm or downpour, if the sun appeared in the sky, then today must be a good day.

On the way back to Xinshan City, Zhou Kexin had been moping, no matter how much Hua Lingwei and the others tried to comfort her, she didn't say a word. Zhou Kexin's situation, Zhou Xiang and the others all knew, just now they all saw in their eyes, Zhou Kexin so warmly greeted Chen Haoxuan, but Chen Haoxuan only responded indifferently.

The car that Zhou Kexin sat in was very quiet, but the car that Chen Haoxuan sat in was not generally lively, Huang Meilin chattered incessantly, constantly asking Chen Haoxuan how to save Zhou Kexin, and then how he was saved. The company's main business is to provide a wide range of products and services to the customers.

The first thing you need to do is to take a look at the photos of the two men.

After the doctor examined Chen HaoXuan, he concluded that Chen HaoXuan had a severe cold and severe loss of strength, and needed to be hospitalized. The doctor concluded that Chen HaoXuan has a serious cold and severe exhaustion, and he needs to be hospitalized.

Chen Haoxuan wasn't too serious now, so Chen Yina and the others left before long, after all, they all had things to do, Chen Yina and Huang Meilin also Hua Lingwei needed to go back to school, and

Zhou Xiang and Hua Tianyu and Huang Weicheng needed to go back to work. Only Chen Hao Xuan and Zhou Kexin were left to stay quietly in a luxurious hospital room.

Chen Haoxuan was lying on the hospital bed, while Zhou Kexin was lying on the sofa not far from the bed, she suddenly spoke out, "Chen Haoxuan, do you hate me a lot?"

Lying on the hospital bed, Chen Haohuan replied, "No ah! I didn't say I hated you at all, I think you're overthinking it." Chen Haoxuan could tell that Zhou Kexin seemed to like him.

"Then why do you ignore me all day long, you didn't even sit in Dad's car that I let you ride in today, I think you just hate me." Zhou Kexin was aggrieved.

"Oh my lady! I've already said no, why are you insisting that I hate you?" Chen Haoxuan was helpless.

The two of them just kept talking like this, sentence by sentence, and before they knew it, it was already dark. The nurse brought a rich and nutritious meal for Chen Hao Xuan and the others, and after dinner, Chen Hao Xuan started to sleep again.

Zhou Kexin's cold was also quite severe, and her head kept getting dizzy, so she also went back to her room to sleep. The storm came again late at night, and it was thundering, Zhou Kexin had been afraid of thunder since she was a child, every time it happened she would go to sleep with her mother, or run to Hua Lingwei. But now she was in the hospital, who could stay with her?

Chen Hao Xuan, to Chen Hao Xuan living with her, went to Chen Hao Xuan's room. Zhou Kexin got out of bed and quickly ran to Chen Hao Xuan's room, as she opened the door rather loudly, waking up the sleeping Chen Hao Xuan. Chen Hao Xuan turned on the bedside lamp, when he saw Zhou Kexin who looked frightened, he asked nervously, "What happened?"

Zhou Kexin, who was standing in Chen Haohuan's room, was embarrassed, "I - I'm afraid of thunder."

"You're afraid of thunder, lie to me, right? If you're really afraid, then how did you get here before." Chen was not so sure.

"When there's thunder, I usually go to sleep with my mother or Vivian." Zhou Kexin was aggrieved.

"Then what do you do now? Your family isn't here, and you're not coming to my room now to sleep with me, are you?" Chen Haoxuan joked.

There was a loud bang, and from outside came the heart-stopping sound of thunder that shook one's ears, jagged lightning that emerged from the sky and struck the ground from time to time. Coupled with the dusty sky outside, leaves and other light objects flying around, this made Zhou Kexin feel even more scared.

She screamed and threw herself on top of Chen Haoxuan, hugging him tightly. Zhou Kexin didn't want to, but Chen Haoxuan didn't want to, he was a normal man, being pressed by a big beautiful woman's body, he was afraid that he would do something he shouldn't do.

"Hey hey-, get up, don't blame me for being bad to you if you don't get up." Chen Haoxuan threatened Zhou Kexin, honestly, he didn't even have the strength to push Zhou Kexin away now, even if he wanted to be bad he wouldn't be able to beat Zhou Kexin, unless of course Zhou Kexin was willing.

Zhou Canxin didn't believe Chen Haoxuan's words, if Chen Haoxuan was really that kind of person, the day she asked him to kiss him, he would definitely not refuse. Zhou Kexin pitifully said, "Chen Haoxuan, I'm really afraid of thunder, let me sleep with you today, okay, I promise I won't bore you, really."

"If I'm pressed down by you all the time, I believe I'll be crippled tomorrow if I don't die." Chen Haoxuan panted, Zhou Kexin's body was plump enough so she certainly wasn't too light, otherwise Chen

Hao Xuan wouldn't have been pressed so hard. Chen Haoxuan vowed that when his body recovered, he would have to exercise well, otherwise it would be too humiliating to be pressed down by a girl who almost couldn't breathe.

Swiftly, Zhou Kexin's face flushed red, she just didn't pay attention, after hearing Chen Hao Xuan's words, she realized that her entire body was lying on Chen Hao Xuan's body, and her posture was still very indecent! Zhou Kexin quickly turned over and slept next to Chen Haoxuan.

The thunder outside still wanted to be loud, Zhou Kexin came out again too hurriedly, forgot to bring clothes, she is now wearing only a thin pajamas, she felt cold. The first thing you need to do is to take a look at the newest products that are available.

So Zhou canxin get into the quilt inside, there is a quilt is warm, in the bed is Zhou canxin and Chen Hao Xuan keep a distance of about ten centimeters.

"F*ck, you're really not afraid of me molesting you yo." Chen Hao Xuan's action to Zhou canxin is very speechless, he is not very familiar with her, how can this! I don't know if he took advantage of her, or she took advantage of him.

"I believe you're not like that." Zhou Kexin whispered, for some reason, she felt very comfortable and secure sleeping with Chen Haoxuan.

Chapter 32

"....." Chen Hao Xuan was speechless, he was thinking to himself, am I that irrelevant to **?

Forget it, let's go to sleep! Chen Hao Xuan simply did not think about him, closed his eyes and went back to sleep.

The sound of thunder outside kept her on edge, and he was so close that she could hear his breathing and even his heartbeat. Zhou Kexin divinely squeezed over to Chen Hao Xuan, close to Chen

Hao Xuan, Chen Hao Xuan did not respond, which made her even bolder, she turned around and half embraced Chen Hao Xuan, the posture was very warm.

Chen Hao Xuan may be really tired, yesterday he was so tired that he was severely out of power, then he got a severe cold, his body was very tired, this not a moment's time to fall asleep.

The first thing you need to know is how to get rid of the problem, and the second thing you need to know is how to get rid of the problem.

Zhou Kexin slowly fell asleep next to Chen Hao Xuan, and slept until the next day dawn.

Hua Lingwei asked her nanny to make some delicious egg congee early in the morning, and prepared to bring it to the hospital for Chen and Zhou Kexin to eat. When Hua Lingwei opened Zhou Kexin's room and saw no one there, she went to Chen Hao Xuan's room, when she opened the door and saw Zhou Kexin sleeping on Chen Hao Xuan's body, her hands loosened, the thermos bottle fell on the floor, she put her hands over her small mouth, lost her voice of surprise.

The thud of the thermos bottle dropping to the floor made a crashing sound, and Chen Hao Xuan and Zhou Kexin woke up at the same time. Chen Hao Xuan opened his eyes and saw Hua Ling Wei, so he smiled, "Wei Wei, good morning!"

It was only then that Chen Haohuan felt uncomfortable in his chest, feeling like he was being pressed by something soft, looking down, Chen Haohuan was stunned. He actually saw Zhou Kexin lying on top of him, what was going on? Is Zhou Kexin deliberately trying to seduce him?

Zhou Kexin also found her current posture very indecent, she now does not know what to do well, originally she only wanted to lie on Chen Haoxuan yesterday for a while while, did not think that this lie is a night, now by Hua Lingwei found, she feels like she was caught raping in bed. The shy Zhou Kexin pulled down the blanket and covered her head with the quilt, she was hot all over, and her face was red for sure.

Seeing Hua Lingwei's complicated eyes, seeing Zhou Kexin who hid in the blanket, Chen Haoxuan cryptically explained, "Weiwei, don't think anything, nothing happened to us, the reason she was in my bed was because she was afraid of thunder yesterday, so she was forced to sleep with me, as to why she was lying on top of me, that I don't know, I slept very dead yesterday. "

Suddenly Chen Haoxuan felt a pain in his back, needless to say it must have been Zhou Kexin's fault, Zhou Kexin was angry that Chen Haoxuan shouldn't have said that, because she felt as if she was cheap when Chen said that.

"Its- actually you guys can pretend that I didn't see anything, really, I won't tell anyone." Hua Lingwei covered her face and ran out after saying that, it was too humiliating that she saw a couple sleeping.

"Hey hey-, why did you run out? Said don't get any ideas, we don't really have anything, can't you see we're all wearing clothes?" Chen Haoxuan saw that Hua Lingwei ran out, so he was busy explaining.

But how would Hua Lingwei believe his words, Hua Lingwei only believed her eyes, if there was really nothing, could she cuddle so tightly when sleeping?

Chen Haoxuan pulled off the blanket and cryptically said to Zhou Kexin, "Don't come out yet, do you want to sleep with me forever?" Although Chen Hao Xuan was sick, but he was not sick in that place, he could feel a strong reaction where he was, because just now Hua Ling Wei unintentionally used to touch him there.

"Who - who wants to sleep with you forever! If it wasn't for last night's thunderstorm, to kill me - I wouldn't have slept with you." Zhou Kexin exhaled to Chen Haoxuan as she got up in a hurry, she suspected that she had a fever as she felt like she was hot all over.

As soon as Zhou Kexin ran out of Chen Haohuan's room, she was caught by Hua Lingwei, who grabbed Zhou Kexin's wrist with one hand and asked very gossipy: "Kexin, how did you get to sleep with Chen Haohuan, did he force you to, or did you send yourself to the door, did he have that with you, did it hurt the first time? Is it comfortable" Wallingway asked a lot of questions in a row.

"Go back to your room and talk." Zhou Kexin was shy, pulling Hua Lingwei's hand and returning to her room before she explained to Hua Lingwei, "Weiwei, actually, Chen Haoxuan and I aren't what you think, I didn't do anything with him, really, you can see we didn't even take off our clothes."

Hua Lingwei stroked her chin, her eyes constantly scanning Zhou Kexin, muttering, "You don't have to take off your clothes to do that! Isn't it popular nowadays to be in that uniform seduction thing?"

Zhou Kexin lay on the bed and covered her body with the blanket, exposing only her head. She regretted, "I'd like him to do that to me, but he didn't even bother to touch me."

"Ah-." This frightened Hua Lingwei, "Is Chen Haoxuan sexually *impotent*, that's too bad! Looking like a jade tree, but didn't expect to be a complete man, alas-, too bad, really too bad." Hua Lingwei kept shaking her head and sighing, if Chen Haoxuan heard him, he might spit out blood in anger, or immediately take off his pants to let Hua Lingwei personally verify whether he was okay or not.

"No way!" Zhou Kexin was a little reluctant to accept Chen Haoxuan's incompetence in that area.

"Why don't we try him sometime?" Hua Lingwei suggested.

"Yeah! But how to try?" Going to seduce someone, Zhou Ke Xin didn't have that experience.

"Hehe, I have a way to do this, just wait and see." Hua Lingwei chuckled, looking at her eccentric expression, she knew that Chen Haoxuan was going to be in trouble.

While it wasn't yet time for school, Hua Lingwei went to Chen Haoxuan's room, she sat by Chen Haoxuan's bedside, chatting with Chen Haoxuan, chatting, she suddenly covered her chest, desperately gasping for breath.

"What's wrong with you?" Chen Haoxuan was very worried when he saw Hua Lingwei's appearance.

"I'm panting, hurry up and help me pat my chest." Hua Lingwei pretended to be panting, she was still a very open person, especially to a man she liked and was handsome.

Chen Hao Xuan did not think much about it, immediately and gently help Hua Lingwei pat her breasts, after a few times, Chen Hao Xuan stopped, women's breasts and unlike men's breasts. Hua Lingwei doesn't pretend to gasp anymore, she's just like being spotted, she doesn't move as Chen Hao Xuan's hand stays on her boobs that she's proud of, and also - also pinches her breasts. Now she knew that Chen Haoxuan wasn't sex~incompetent at all, and if he was sex~incompetent he wouldn't be so horny.

Chapter 33

Zhou Kexin who was peeking under the door was jealous, taking advantage of Hua Lingwei but not her, wasn't this a deliberate attempt to discourage her?

"Ahem" Zhou Kexin coughed, signaling that Hua Lingwei could stop now.

"Ah-, **." Hua Lingwei shrieked, slapping off Chen Haoxuan's still upper hand on her chest with one hand, then stood up, turned around and ran out of Chen Haoxuan's room.

Back in Zhou Kexin's room, Hua Lingwei's face flushed red as she said, "He - he's not sex~ impotent."

"I told you it's impossible! You've got it bad! Even your breasts are being touched, if word gets out see how you'll get married." Zhou Kexin joked.

"Hmph, if I can't get married, I'll find your Chen Haoxuan responsible for the chant, who let him grab my breasts." Hua Lingwei also joked laughingly.

"When did you become such a b*tch."

"You're still the same, you're so cheap that you run to be someone's bed, aren't you ashamed!"

"Oops! You dare to say that to me, see if I don't tickle you." Zhou Canxin two people in the bed is a disturbance, if there are boys present, will certainly bleed nose, Zhou Canxin they are joking when the collar on the button are open a few, springtime.

In the morning, Chen Yina also cooked something for Chen Hao Xuan, is lean meat porridge, Chen Hao Xuan feel very delicious, ate three big bowls in a row to satisfy. Chen Yina saw that Chen Hao Xuan had finished eating before going to school.

Chen Yina left, Hua Lingwei also left, the house once again left Chen Hao Xuan and Zhou Kexin, a lonely pair of boys and girls. Chen Hao Xuan got off the bed and slowly walked around the living room, while Zhou Kexin, who was hiding in her room, didn't dare to come out to see Chen Hao Xuan and was still shy about sleeping with Chen Hao Xuan last night.

The senior ward was different, no different from home, room, bathroom, living room, TV, sofa, everything. Chen Hao Xuan took an apple on the tea table, casually wiped it with a paper towel and nibbled on it, saw a TV in front of him, thought this century so long, haven't seen a TV yet! He stood up and walked over to the TV.

"How do you turn on the TV in this day and age?" Chen Hao Xuan looked at the TV, talking to himself, he couldn't find the switch, the future century's TVs were all controlled by feel, modern TVs he hadn't really heard how to use.

There is boredom in the house, Chen Hao Xuan has no choice but to beg the woman who ran into his room yesterday **. Opening Zhou Kexin's room, there was a piercing scream from inside: "Ah-."

"Sorry sorry sorry, I didn't know you were changing clothes." Chen said quickly closing the door, recalling Zhou Kexin's beautiful body, Chen couldn't help but say, "So beautiful."

"Chen Hao Xuan." Suddenly there was an angry yell from Zhou Kexin behind Chen Haoxuan.

Chen Hao Xuan turned around and saw Zhou Kexin with an angry face, he laughed awkwardly, "Heh heh, you called me!"

"Why did you just peek at me to change my clothes, say - or I'll report a warning that you have attempted to rape~ me." Zhou Kexin exhaled and squealed.

Chen Hao Xuan even waved his hand to explain: "Misunderstanding, really misunderstanding, I didn't mean to peek at you to change clothes, I was trying to find you to teach me how to turn on the TV, no - hehehe, didn't expect to see your beautiful side. "

"You-you, Chen Haoxuan you use some brains, okay, can't even lie, can't turn on the TV, unless you're an alien, huh." Zhou Kexin was dissatisfied with Chen Haoxuan's excuses and snapped angrily.

"I really haven't used any television sets other than those with hand control," Chen Hao Xuan explained.

"I don't care, you watched my body, I want you to compensate me." Zhou Kexin was very serious to Chen Haohuan, it seemed that she wanted to take advantage of the situation.

Chen Hao Xuan spread his hands and said indifferently, "You slept with me yesterday, today I took a look at your body, we two are even."

"You-you, you're the most annoying boy I've ever met, I hate you, hmm." Zhou Ke Xin sat on the sofa and turned her head to the side, looking really angry. She hated Chen Haoxuan very much right now, how could Chen Haoxuan be so incomprehensible! Say something nice and you'll die!

The two of them were so frozen in the living room, fortunately, the hospital nurse came and gave Chen HaoXuan and Zhou Kexin a checkup before leaving, when the nurse left, Chen HaoXuan asked the nurse to teach him to turn on the TV, which turned out to be remote-controlled.

The first thing you need to do is to take a look at the TV, and then turn your head to look at it. The day before yesterday, she didn't see how Chen Hao Xuan disappeared, now she did, she saw Chen Hao Xuan push her towards an empty bottle floating on the river surface, while he himself motionless slowly drowned by the river water, this picture is very touching, but also very cruel, because the rescuer is slowly drowned by the river water, in the brief moment of drowning, he did not have the slightest hint of struggle.

This video is also thanks to a girl who likes to shoot, she originally wanted to go to the river to shoot the raging river water, did not expect her to shoot such a touching picture, the day she went back, she sent the video to the Internet, the results scared her, the click is constantly increasing, millions of clicks, millions of clicks Then almost all the evening news reported Chen HaoXuan's rescue, so the whole world knew that there was a handsome LeiFeng man in the University of XinShan City.

The whole world thought that Chen Haoxuan was dead, and many girls cried quietly in front of the TV.

When he saw the picture of himself saving people and the girls crying for him on the TV, Chen Hao Xuan wanted to tell the world loudly that he, Chen Hao Xuan, was not dead.

Chen Yina, who just went to class at the University of Xinshan City, she is very torn today, she doesn't know why, everyone says to her as soon as they see her, "Chen Yina, save your tears, you have to be strong." Chen Yina is strange, what kind of mourning? There was no death in her family, so why talk to her like that.

When she returned to the classroom, she heard her teacher talking about Chen Hao Xuan's self-sacrifice on the podium, and afterwards asked the class to observe three minutes of silence to show their respect for Chen Hao Xuan. The other classrooms were the same, and the first thing they did in class was to talk about Chen Hao Xuan's case.

After Chen Yina figured things out, she finally couldn't help but laugh, she was thinking, if her brother Xuan knew that the whole school observed three minutes of silence for him, she wondered what kind of reaction he would have.

Chapter 34

The students and teachers of Class 8 looked at Chen Yina in surprise, they suspected that Chen Yina was overly sad and crazy because of what happened to Chen Hao Xuan, why else would she immediately smile so happily after hearing that Chen Hao Xuan had died.

When the teacher at the podium saw how happy Chen Yina was laughing, she couldn't help but shake her head and sigh, "Alas-, what a good pair of golden girls! One death and one madness, human tragedy is nothing more than that."

Chen Yina finished laughing before explaining to her class, and when she told her class that Chen Haoxuan wasn't dead, the faces of her class all smiled happily. If it was before, they shouldn't have cared too much about Chen Hao Xuan because he was too ordinary, and even though he was handsome, that was too low-key over the top. This period of time, Chen Hao Xuan is different, the school flowers are falling down, he is also very cool to reject the confession of the school flowers in person, then business, people day by day handsome, day by day better and better.

He is also a good businessman, who is more handsome than ever and better than ever. Plus, he saved the lives of many people the day before yesterday, which made a lot of people care about him, and some of the girls who are thinking of spring have a secret affair with Chen Hao Xuan, so they don't know how long their vows can last.

In order to let the world not misunderstand that Chen Hao Xuan is dead, Chen Yina announced Chen Hao Xuan not dead information on all major websites, many concerned Chen Hao Xuan netizens have asked Chen Yina, Chen Hao Xuan now in the end how is it? Chen Yina was the one who answered all the questions, and she accidentally even told the hospital where Chen Hao Xuan was, which was very lively, many girls who liked Chen Hao Xuan knew about it and flocked to the hospital where Chen Hao Xuan was, and of course, the media were not willing to lag behind.

On Chen Haoxuan's side, he didn't know that so many people were rushing to the hospital where he was, to find him. After he finished watching the news, he turned his head to look at Zhou Kexin and found that Zhou Kexin's eyes were red, tears were rolling in them, his lips were moving, and a single

teardrop rolled down like a pearl. "What's wrong with you?" Chen Hao Xuan couldn't understand, he was fine just now, why did he cry in the blink of an eye?

"Chen Hao Xuan, thank you." Zhou Kexin cryptically said to Chen Hao Xuan.

Chen Hao Xuan was stunned, then understood what was going on, the feelings were because he had saved her. "No need to be polite with me, it's my duty to save people because I'm a chivalrous man." Chen Hao Xuan joked.

"Chen Hao Xuan." Zhou Kexin gently shouted.

"Well, what is it?" Chen Hao Xuan was curious.

"I like you." Zhou Kexin suddenly said a sentence that even she herself did not expect, although she has always liked Chen Haoxuan, but she has never had the courage to say it, but now can't help but actually say it. Zhou Kexin looked at Chen Haoxuan very nervously after she finished speaking, if Chen Haoxuan said I like you too, then she was ready to jump on Chen Haoxuan, if Chen Haoxuan said I don't like you, she would cover her face and continue to cry.

Chen Hao Xuan's reply made Zhou Kexin angry, Chen Hao Xuan lightly laughed, "Che-, come to this again, now you don't have a suitor here, you still come, don't you get tired of it?"

"Chen Hao Xuan, get serious, I'm not joking, I'm serious, I really like you, I've liked you for a long time, be my boyfriend, okay?" Zhou Koxin was affectionate.

"You're not serious, are you?" Chen Haoxuan questioned.

Zhou Kexin stood up, stomped her little foot, and squealed, "Do you think I look like I'm joking?"

"Ahhh, I suddenly remembered, I'm going out to get something to eat." Chen Hao Xuan stood up and hit ahhh, before turning around and leaving.

Watching Chen Haoxuan deliberately make excuses to leave, Zhou Kexin cried, she cryptically shouted at Chen Haoxuan's back, "Chen Haoxuan, I like you, I really like you, I'll make you love me."

Chen Haoxuan did not turn around and come back, he still left. Zhou Kexin was sad, she squatted down, covered her face with her hands, buried her head between her knees, sobbing quietly, her feeble shoulders kept twitching, she kept muttering, "Why, why, why do you just don't like me"

Two minutes later, Chen Haoxuan came back with a smile, Zhou Kexin thought Chen Haoxuan had figured it out, she stood up and looked at Chen Haoxuan tearfully, crying, "Did you agree to be my boyfriend?"

"Well, it would have been! I was trying to go out to buy something to eat, but I didn't expect a group of people to come outside, reporters, students and citizens who were looking for the two of us, and I couldn't get out, so I came back." Chen Haoxuan scratched the back of his head and smirked.

Zhou Kexin revealed a disappointed expression, she thought that Chen Haoxuan had come back so quickly to promise to be with her, but she didn't expect him to come back completely forced.

Maybe it was because Chen Haoxuan was too handsome, or maybe it was because Zhou Kexin was too beautiful, the number of people coming to see them was very large, filling up the corridors of the hospital, and some people who came a little late were having trouble getting into the hospital and had to wait outside.

The director of the People's Hospital really had no choice, if this continues, then he will be the end of the director. He was forced to go to Chen HaoXuan's senior ward and begged Chen HaoXuan and the others to let them go out and casually dispatch the people who came to see them.

Chen Hao Xuan also felt very sorry for the People's Hospital, and even more sorry for those patients, so he and Zhou Kexin went out, in order for the hospital to immediately run normally, Chen Hao Xuan took Zhou Kexin to the square outside the hospital. Chen Hao Xuan first loudly said some words of thanks, and then answered many questions from the media, this said an hour, an hour later, Chen Hao Xuan pulled Zhou Kexin ran away.

Is scared to run, because there are a lot of kind-hearted people sent a very large number of nutrition to them, if it is one or two okay, but thousands of people to send, receive gifts are received you hand cramp, let alone take. Besides, Chen HaoXuan and Zhou can not eat so much, so Chen HaoXuan very wisely ran back to the hospital with Zhou can Xin.

The People's Hospital quiet down, Chen Hao Xuan back to the senior ward after lying down to sleep, he now does not know how to face Zhou Canxin, for Zhou Canxin, he is still full of like, after all, the other side is beautiful and gold, but he is a man, and is a very strong man, although he has a pair of small white face, but he does not want to be a small white face, he does not want to have a girlfriend in the case of nothing.

Because it was his girlfriend, he wanted to give her happiness instead of letting her suffer with him, this was Chen Hao Xuan's principle of being a man.

Chapter 35

In the past few days in the hospital, Chen Haoxuan deliberately avoided Zhou Kexin, and Zhou Kexin used various methods to attract Chen Haoxuan's attention to her every day. The reason why she didn't leave was because she wanted to spend more time with Chen Hao Xuan. Chen Hao Xuan's cold wasn't fully recovered, but it doesn't matter, go back and have a good rest.

In the event that you're looking for a way to get rid of the problem, you'll be able to find a way to get rid of it. Zhou Kexin was taken home by her dad, Zhou Xiang, while Chen Hao Xuan rode his bicycle and drove Chen Yina back to his residence.

When he returned to his residence, Chen Hao Xuan started his business career again, he appeared on the student's website of the University of Xinshan City, and his appearance attracted a large number of students to his QQ space to chat with him. The best place to advertise is in the most lively place, and

now this opportunity Chen Haoxuan of course will not let go, he and others chatting with him deliberately chatted about his merchandise. This attention is really not bad, just a short time to sell out twenty pieces of women's clothing, men's he did not and no men to buy.

Mobile phones on less people to buy, he spent a lot of saliva, only to sell a one thousand yuan mobile phone, is a miscellaneous mobile phone, sell this one mobile phone, Chen HaoXuan can earn four hundred dollars. Selling mobile phones is so profitable, selling miscellaneous mobile phones is even more profitable.

It had been a long time since Chen Hao Xuan had gone to Jiang Xiang Han her place to pick up the goods, so this time he didn't plan to give the goods to the buyers right away, he wanted to wait until he got the goods tomorrow and then deliver the goods to each buyer one by one.

The next day, Chen Hao Xuan rode his bicycle to drop off Chen Yina at the University of Xinshan City before going to Jiang Xiang Han's place to pick up the goods. In the security room, Chen Hao Xuan pulled out a cigar and handed it to a strong man: "Zhang Qing, I accidentally came to your Dongshan Village when I was in distress a while ago, your father Zhang Old Man just happened to save me, he asked me to bring you rich, how - do you want to do business with me?" Chen Haoxuan smiled to Zhang Qing.

"My dad saved you, didn't he? Is it that coincidental? My East Mountain Village is a long way from us yea." Zhang Qing seemed a little unconvinced.

"I didn't quite believe that I would be washed over to your side by the river either, much less that I would see your dad in the deep forest, but that's the way it is. Just tell me if you want to go into business with me or not! If you want, help me deliver the goods for now, and I'll let you do something more comfortable later." Chen Haoxuan patted Zhang Qing's shoulder.

"Do it, of course do it, it's foolish not to make money." Zhang Qing was happy, he had been watching the business that Chen Haoxuan was doing at the University of Xinshan City, although he did not know how much money Chen Haoxuan could make in a day, but Chen Haoxuan's smile was getting brighter every day, and his business was so good, from these points, it could be seen that Chen Haoxuan could make a lot of money from this business.

"Then you'll be in charge of making deliveries for us from now on, starting today! How about you take twenty percent of all profits?" Chen Hao Xuan was serious to Zhang Qing, giving Zhang Qing twenty percent which was already a lot, if the business was good, Zhang Qing would be able to share a thousand dollars a day. Zhang Qing didn't invest anything, and Chen Hao Xuan gave him that much, Chen Hao Xuan was all that good to Zhang Qing because he saw that Zhang Old Man had saved him.

"OK," Zhang Qing was happy, he didn't know what twenty percent was, if he knew that he could get hundreds or thousands a day working with Chen Hao Xuan now, he would be very excited. He was very fond of the job Chen Hao Xuan gave him, because his job was patrolling security guards, and every day he just loitered around the campus, and now loitering also allowed him to do business, which was equivalent to him doing two jobs at once, killing two birds with one stone.

After spending some time with the security guards of the University of Xinshan City, Chen Haoxuan was already familiar with them all, and with Zhang Qing's entry, Chen Haoxuan simply worked in the security office. He took out a small book and pasted each buyer's address on the already packaged merchandise before asking Zhang Qing to deliver the goods.

With a cigar in his mouth, Chen Hao Xuan opened his laptop and started doing business, there were a few security guards next to him who were constantly kissing his ass, needless to say they all wanted to work with Chen Hao Xuan as well as Zhang Qing. It's not the same as working and cooperating. Chen Haoxuan will only lose money if he cooperates with these people who don't have any specialties or connections, unless he is willing to spend money to train them. Jobs could be given to them, but Chen Haoxuan didn't need them at the moment.

Although there were quite a few students and teachers at the Xinshan Mountain University, but after Chen Haoxuan's fierce marketing during this period of time, the Xinshan Mountain University's market has reached the satisfaction, there are very few people who buy Chen Haoxuan's things anymore.

This morning's business wasn't very good, it could be said to be very bad, because none of the goods were sold. Although Chen Hao Xuan in the future does not do business, but he has a business mind, he summed up and quickly found out the reason, Xinshan City University's market has reached the satisfaction for the time being. The first thing you need to do is to take a look at the newest part of the book, which is the novel, and then you need to take a look at the newest part of the book.

Chen Hao Xuan returned to his residence and changed back into the clothes he used to wear before riding out on his bicycle, on the way Chen Hao Xuan bought a pack of Red Double Happiness, the kind that cost a few dollars, he was now going to act poor because he was going to find out the manufacturers of pirated books. It's not that he doesn't support the genuine ones, but the genuine ones are too expensive, just like the miscellaneous mobile phones, the genuine ones earn two hundred, the miscellaneous ones earn four or five hundred and some even more.

Chen Hao Xuan rode his bicycle to the downtown area, he stopped at a street stall selling novels, he pretended to be here to buy books, he looked through a few books and then made an excuse to talk to the stall owner. After chatting for a while, Chen Hao Xuan pulled out the red double he bought and handed it to that stall owner, and they sat down together to talk about life.

The stall owner was an old man, his children weren't very filial, so he was always on his own, he had been selling books from his stall for almost 10 years. The stall owner talked about his misfortune as if he was suffering to Chen Hao Xuan, telling Chen Hao Xuan one sad thing at a time, and the stall owner kept on talking, and Chen Hao Xuan kept on comforting him.

At noon, Chen Hao Xuan hit two quick meals and ate with the stall owner who sold books, and Chen Hao Xuan's actions gained the stall owner's goodwill. So when Chen asked him for advice on doing business, he told Chen Hao Xuan his experience, how he bought goods, what books people like to read nowadays, etc.

Chapter 36

After getting the information he wanted, Chen Haoxuan gave the stall owner the whole package of Red Double Happiness he bought, and Chen Haoxuan went inside a grocery store wholesale department. It was very crowded inside, many people were buying things, it basically had everything, like a supermarket.

Chen Hao Xuan found a place to put books, he asked the owner for the price, and then he started to choose those nice novels. The first thing you need to do is to take a look at the new DVDs, and you'll see that there are a variety of DVDs available in the wholesale section of the grocery store.

The first thing you need to do is to take a look at the website of the company and make sure that you have the right information. Three hundred novels, selecting all these books Chen Hao Xuan spent several hours, now get the content of each book on the Internet, this is even more time consuming.

The place where Chen Hao Xuan lived was quite far away from the University of Xinshan City, the reason why he rented a house in a remote place before was to save money, now that he had some money, plus the place where he lived now was a bit far away from the University of Xinshan City, so Chen Hao Xuan thought of renting a house close to the University of Xinshan City.

Of course, Chen Yina was fine with it, no matter where she lived, as long as there was Chen Hao Xuan in that place.

Chen Hao Xuan's QQ space turned out to be a place that all the students of the University of Xinshan City liked to go, because there were a lot of people there, and there were all kinds of goods, and if you didn't have any, you could look for Chen Hao Xuan, and the next day the goods you needed would appear, and all the prices were cheaper than the outside ones.

Zhou Kexin was very upset lately, she felt that Chen Haoxuan was deliberately avoiding her, it was hard for her to see Chen Haoxuan now, if it was before she could still see Chen Haoxuan making deliveries often, but now Chen Haoxuan had pulled Zhang Qing into his gang and the task of making deliveries had been given to Zhang Qing, so Chen Haoxuan's figure in the campus was basically impossible to see. "Dead Chen Hao Xuan, stinky Chen Hao Xuan, don't even come to class, let's see how you pass when it comes to the exams, huh." Zhou Kexin leaned against the corridor and whispered.

"Are you missing him." A voice suddenly appeared next to Zhou Kexin.

Zhou KeXin got out, "Of course I want to! I also Yang Lin, how come it's you?"

"Is it me that's weird? Hey, Zhou Kexin, you're not really in love with my brother Chen Haoxuan, are you?" Yang Lin asked curiously, he still wasn't sure if Zhou Kexin's pretending to like Chen Haoxuan or really liked him.

"I really like him." Zhou Kexin was shy, she wasn't afraid of others knowing that she liked Chen Haoxuan, she even wanted to tell Chen Haoxuan even more through other people's mouths that she Zhou Kexin liked Chen Haoxuan.

When Yang Lin heard Zhou Kexin's words, he frowned and said to himself, "That's strange, you're the school flower, there are eight thousand people chasing you without ten thousand, but how come Chen Haoxuan didn't react at all? Does he already have someone he likes?"

"What did you say? Chan has a crush on someone, who is it - tell me quickly?" Zhou Kexin nervously asked Yang Lin, she felt the same, she was the school flower and the daughter of the Zhou Clan, how could a girl like her not like it.

"I don't know, I'm just randomly guessing, but I think if nothing else, the person he likes should be Chen Yina, can't you see? They're together every day and live a quick." Yang Lin guessed.

"Yes, it must be Chen Yina, that's her, I'm going to find her now." Zhou Kexin turned around and went back to class.

"Hey hey-, I'm just guessing randomly, don't take it seriously." Yang Lin hurriedly told Zhou Kexin, but Zhou Kexin ignored her and she continued back to the classroom. Yang Lin was worried that Zhou Kexin and Chen Yina would clash, so he hurried over to follow her.

At this time, Chen Yina was doing her homework in the classroom and she saw Zhou Kexin walking up to her in anger and asked curiously, "Zhou Kexin, are you in trouble?"

"Chen Yina, tell me honestly, do you like Chen Haohuan?" Zhou Koxin asked seriously.

"Why do you ask that?" Chen Yina questioned with a stern face, she was curious how Zhou Kexin knew that she liked Chen Hao Xuan, knowing that she had never told anyone that she liked Chen Hao Xuan.

"How did I know - you don't care, now just tell me, do you like Chen Hao Xuan or not?" Zhou Kexin asked anxiously, she was really anxious, if Chen Yina said that she liked Chen Hao Xuan, then Chen Hao Xuan would most likely have been with Chen Yina already.

"I just won't tell you, huh." Chen Yina snapped coquettishly, she no longer paid attention to Zhou Kexin and lowered her head to continue doing her homework. She actually wanted to be like Zhou Kexin, daring to love and hate, but she didn't have the courage, it was all because she cared too much about her brother Xuan.

"You tell me quickly! Do you like Chen Haohuan or not?" Zhou Ke Xin pursued the question.

Chen Yina didn't answer her, so Zhou Canxin said again, "If you don't say anything, I'll take it that you like Chen Haoxuan by default."

Chen Yina still didn't answer, and Zhou Kexin's heart was severely traumatized again, this time more so than before, that her beloved liked someone other than her. When she was not in love before, she looked forward to the feeling of being in love, but now that she knew what it was like to be in love, she suddenly found that it was so painful to be in love.

Zhou Kexin left the classroom, she found her best friend Hua Lingwei and cried out to her about her unhappiness. Hua Lingwei is the one who has the most devious ideas, and this time is no exception, she suggested Zhou Kexin to ask Chen Hao Xuan personally. Zhou Kexin really agreed, holding Hua Lingwei's hand, she came to Chen Haoxuan's place again, but couldn't find Chen Haoxuan. They had no choice but to call Chen Hao Xuan. It turned out that Chen Hao Xuan was carrying some goods to the security room at the entrance of the university shortly after they left the university.

In the beginning of the year, there were a lot of people who had a lot of money to spend on the company, but they were not able to do so.

Chen Haohuan, who was chatting with someone else online, turned his head and replied, "No ah!"

"No. You're lying to me, aren't you?" Zhou Kexin was skeptical.

Hua Lingwei, who was next to Zhou Kexin, echoed, "Yeah! If you don't then how come you're with Chen Yina every day and you're living with her."

"Oh, you guys suspect she's my girlfriend, right? Oh, your imaginations are so vivid, don't you think she and I are more like brother and sister?" Chen Haohuan explained with a smile.

Chapter 37

"But-but you think of her as your sister, she doesn't necessarily think of you as her brother!" Zhou Kexin was still unsure.

"How is this possible, she and I grew up together, we are closer than relatives, she is my sister, she will never fall in love with me." Chen Haoxuan was serious.

Zhou Kexin patted her chest and exhaled, she secretly said in her heart, "Scared me to death, so Chen Haoxuan's liking for Chen Yina is the kind of liking a brother has for his sister, I thought it was the liking between lovers! Hehehe, this is great, no one will steal Chen Hao Xuan from her anymore." Zhou Kexin seemed to forget her best friend Hua Lingwei, Hua Lingwei also liked Chen Haoxuan and she and Chen Haoxuan had a good relationship.

Zhou Kexin wanted to spend more time with Chen Hao Xuan, so she didn't go to class, so she stayed in the security room with Chen Hao Xuan. So the security room in front of the University of Xinshan City slowly became Chen Hao Xuan's territory, those security guards are very interesting to leave, and Chen Hao Xuan is also very buddy enough to give them a bag of red and double happiness every day, and often bring some delicious food for them to eat.

In the next period of time, Chen Hao Xuan basically do not go to class, he is in business every day, it seems to have the desire to suck all the students and teachers of the city of Xinshan University money, he has now become a grocery store dad, what you want to say to him, soon you can get what you want, clothes, shoes, socks, books, butterflies, all kinds of household goods, even if you want to buy underwear, sanitary napkins, etc., Chen Hao Xuan will provide you with.

Chen HaoXuan rented a 300 square meter warehouse near the University of XinShan City, and the monthly rent would cost over three thousand yuan, Chen HaoXuan spent a week to transform the warehouse into a very beautiful house. Outside it was an ordinary warehouse, but inside, you would feel like you were in a five-star hotel. The warehouse was huge, and if it was all decorated with high-class things, Chen Hao Xuan didn't have that much money, so all of these things he was decorating now were cheap, and there were many second-hand items, many of which he had still made himself.

Chen Yina liked the place she was living in now, and she liked even more the small room that Chen Hao Xuan had made for her, her room was spherical and very cozy inside, and there were many small things.

During this time, an interesting thing happened, Chen Hao Xuan met a very powerful person in the city of Xin Shan University, the student president of the 4th year, Liu Junfeng. It's a bit funny to say how Chen Hao Xuan met him, Chen Hao Xuan business to the campus as a market, Liu Junfeng as the student president of course he has to control Chen Hao Xuan, Liu Junfeng a bit introverted, his eloquence no Chen Hao Xuan words, said he lost his temper, and Chen Hao Xuan fought.

When Chen Hao Xuan and Liu Junfeng fought, he realized that Liu Junfeng was a deep and invisible expert, and when they were fighting, Yang Lin came. Yang Lin and Liu Junfeng are buddies, and their relationship is so good that they almost burn yellow paper and drink chicken blood to become brothers. Yang Lin became the mediator, so Chen Hao Xuan became Liu Junfeng's friend.

The students did not dare to take care of him.

On April 28th, Xinshan City University was on holiday, because in a few days it would be Labor Day, a four-day holiday, and two of the four days would be Saturday and Sunday. The students all went home, no one to buy his things, so Chen Hao Xuan and Chen Yina also simply go home, he asked Zhang Qing to help him watch the warehouse, casually continue to do business, after all, not all the students went home, there are a small number of students who stayed in school.

The city of Xinshan is not very far from Chen Hao Xuan's home, two or three hours by car to arrive, in the car, Chen Yina has been very excited, she went back this time but brought a lot of money! Her dad's medical expenses were covered, her brother's tuition for his studies were covered, her family's living expenses were covered, she didn't have to worry anymore.

"Chenjia Village is here, people who have arrived at Chenjia Village hurry up and get off the bus ha!" A ticketed middle-aged woman was very rude and rushed the passengers to get off.

After getting off the bus, Chen scanned the surrounding scenery and found that this place wasn't bad, the mountains were beautiful, there was a river in front of the village, and behind the village were high mountains and wild mountains, the front was by water and the back was by mountains, if we were to use the words of feng shui, this was a treasure land.

"Is this the Chen Family Village?" Chen Hao Xuan turned his head to Chen Yina, after he came to this century, this was the first time to the place where he was born.

"Mmhhh, this is our Chen Village, let's go, brother Xuan, let's go home." Chen Yina happily pulled Chen Hao Xuan's hand and quickly walked into the Chen Family Village.

When she was almost at the village entrance, Yina Chen let go of Chen Hao Xuan's hand, she was afraid that the people in the village would gossip. Under a large banyan tree at the entrance of the village, a few old people were sitting under the tree chatting, they saw Chen Hao Xuan and Chen Yina, and they all spoke out to greet Chen Hao Xuan and the others. "Little Xuan, Nana, you're back!"

When Chen Haoxuan and the others left, those old people began to gossip, "Do you think Chen Haoxuan was adopted by a rich woman, look at the suit he's wearing, I see hi-five hundred."

"I think so, if he wasn't kept by someone else, he would have the money to buy such expensive clothes." Another old man echoed.

"I see that Chen Yina seems to be having an affair with Chen Haoxuan, and I just saw them holding hands before they walked into the village!"

"Yo, isn't this the talented son of our Chen Village? Still wearing a suit, yo, you're not going to be a little white boy, are you?"

"Damn, a punk even wears a suit and doesn't pee on himself, punk is punk wears a dragon robe and doesn't look like a prince, and a suit!"

The gossip he heard along the way, Chen Haoxuan was very dissatisfied, how could the villagers of the Chen Village look down on him like this, he looked like a little white face, white and handsome, but he didn't go as a duck, nor was he kept by a rich woman. The one suit he wore, his entire body added up to a few thousand dollars, could he not even earn this much.

Seeing Chen Hao Xuan frowning, Chen Yina knew that Chen Hao Xuan was angry, she gently persuaded, "Brother Xuan, don't pay attention to them, they are not good enough to see people, you are rich now, so they are jealous, so they want to hit you."

"That's right." Chen Hao Xuan sighed.

Chen Yina led Chen Hao Xuan to a bungalow made of yellow mud and stopped, seeing this bungalow made of yellow mud, the first thing Chen Hao Xuan thought was that this was his home, he wanted to cry, how could he be so poor. But what she didn't expect was that Chen Yina, who was beside him, suddenly ran inside and shouted happily, "Dad, Mom, brother, I'm back!"

Chapter 38

"Nana, you're back! Mom misses you so much. Sis, I miss you more than mom does, yo. Nana, sit down, you should be tired after you just got back!" There was a burst of laughter from Chen Yina's home.

Chen Haoxuan, who was carrying this suitcase at the door, looked at Chen Yina's home and said to himself, "So it's not my home! This Nana too, how can you leave me out here all alone! Have you forgotten that I am amnesiac?"

Inside the house Chen Yina seemed to have thought of something important, she turned around in alarm and ran out, running to the door she waved to Chen Hao Xuan, "Brother Xuan, this is my home, come in and sit for a while."

It was impossible not to go, because he had no idea where his home was, Chen Hao Xuan walked into Chen Yina's home, it was dark and severely lacking in light. Chen Yina moved a stool and placed it in front of Chen Haohuan, and gently said to Chen Haohuan, "Brother Xuan, sit down, let me introduce you, this is my mother, this is my father, and this is my younger brother, Chen Feng."

"Auntie, Uncle, Little Feng, how are you." Chen Haoxuan bent slightly and greeted.

Chen Yina's family was stunned, what was going on? They all grew up watching Chen Haoxuan, and her daughter herself introduced them to Chen Haoxuan?

Seeing the complicated eyes of her family, Chen Yina knew what they were thinking, so she explained, "Actually, Brother Xuan had an accident some time ago and lost some of his memories, so he doesn't recognize you guys now, and he doesn't even remember his home. But fortunately, the memory loss isn't very serious, he still has his knowledge."

Li Ping (Chen Yina's mother) walked up to Chen Hao Xuan, pulled Chen Hao Xuan's hand, stroked the back of Chen Hao Xuan's hand, and kindly said, "Little Xuan, if you need any help in the future, just say so, okay?" Li Ping thought that life would be difficult after Chen Hao Xuan lost his memory. She was wrong, Chen Haoxuan was now living like a rich man, wearing a suit and tie, smoking cigars, drinking wine and eating delicious food every day.

"Well, I will, thank you auntie for your concern." Chen Hao Xuan was touched, he could feel Li Ping's care for him.

"Mom, you know what? Brother Xuan is awesome now, he's doing business in our school and making tens of thousands of dollars a month!" Chan was proud to talk about Chan's business.

"No la! It's just some random small business." Chen Hao Xuan was modest.

"I can't tell, Little Xuan is blessed by misfortune, he has lost his memory, but he has become smarter, he can earn so much while studying and doing business, it seems that in the future, our Nana's future happiness you all depend on you." Li Ping was happy, she knew the relationship between Chen Hao Xuan and her daughter, just like brother and sister, she also always treated Chen Hao Xuan as half a son. She said that in the future, Chen Yina's happiness would all depend on Chen Hao Xuan, not that she was marrying her daughter to Chen Hao Xuan, but she was signaling Chen Hao Xuan to take care of Chen Yina more in her life.

"Auntie, don't worry, I'll take good care of Nana." Chen Hao Xuan was serious, he was speaking the truth, Chen Yina meant a lot to her, she was the first person he saw when he came to this century, she was the one who cared about him the most, she was also considered his closest relative, because his relatives abandoned him, only Chen Yina did not.

From her satchel, Yina Chen took out an envelope, it was thick and seemed to contain a lot of things. Chen Yina smilingly handed the envelope to her mother, smiling, "Mom, here, what do you see this?"

Li Ping took the envelope that Chen Yina handed to her and opened it, she was shocked, she had never seen so much money before, it turned out that the envelope was all filled with RMB, it looked like there was at least 20,000 to 30,000 RMB. "Na-Na-Na, how could you have so much money, you wouldn't have gone and done something bad, would you?" Li Ping nervously asked her daughter, a few months ago her daughter was still worried about the family's poverty, but now she suddenly took out tens of thousands of RMB, did she go to be a lady? No, it's not! My daughter is so ugly, I don't think anyone will like her.

"Mom, where are you thinking of, the money is now earned by my brother Hen and I in business together, a total of 20,000." Chen Yina explained.

"Auntie, it's true, I've been doing business with Nana for a while but I've made a lot of money." Chen Hao Xuan echoed.

"Then - what about yourself? What are you going to do with all the money you've given me?" Li Ping thought that Chen Yina had given her all the money.

"Mom, just relax! I still have this, my own tuition, my living expenses, I've kept it all. Don't worry about it. In the future, buy more nourishment for dad, buy some clothes for my little brother, and tell me if you don't have money. By the way, Mom and Dad, I bought a cell phone, the cell phone number is 158 *****." Chen Yina smiled at her mom, then she pulled out her cell phone and wrote her cell phone number to her mom.

Chen Yina and her family were reliving their affection while Chen Hao Xuan sat dumbfounded, surveying Chen Yina's home. He wanted to study the room, the house built with yellow mud was still standing after decades, but it hadn't fallen down.

Half an hour later, Chen Yina brought Chen Hao Xuan to a house next door to her, Chen Yina this pointed to that house to Chen Hao Xuan, "Brother Xuan, this is your home, this is the key to your home, you used to put it in my mother, please my mother to look after it for you."

Chen Yina walked to the front door and pulled out the key to open a lock as big as a baby's fist. "Brother Hen, come in!" Chen Yina saw that Chen Hao Xuan was still stunned at the door, and she could not help but make a sound to urge him.

Crossing the threshold, there was a small courtyard inside, and passing through the courtyard, Chen Haoxuan came to the living room, and he cryptically said, "My home seems to be only that little bit better than your home."

"What? You even dislike your own home! It's kind of bad that you're looking past it now, but if you clean it up, you still have a nice family." Chen Yina joked.

"Tidy up, I think it's better to just tear it down and rebuild it." Chen Hao Xuan Dao, his mouth is like this, but he still has to clean up, if not clean up where he lives today!

Like a virtuous wife, Chen Yina diligently helped Chen Hao Xuan clean up his house, and her brother also ran over to help, casually calling Chen Hao Xuan to his house for lunch.

The first thing you need to do is to take a look at the newest addition to your home.

Recommend a book for everyone to read, quite good "Secret Agent Teacher Saga" Synopsis: A generation of secret agent gods, the pinnacle of play tired of, back to ordinary!

I'm just an ordinary schoolteacher, but I've got the biggest mob on the planet, and I'm going to kill them all! Whether it's a head of state or the richest man in the world, you have to respectfully address us as teacher.

Chapter 39

It wasn't until it was almost dark that the house was tidied up, originally Chen Hao Xuan wanted to just tidy up, because he didn't want to live in a house like this all the time, if he had to live in this small village, he would tear it down and rebuild it.

In the past, Chen Hao Xuan seldom came home, even if he was on vacation, because he needed to earn money to arch himself to study, so Chen Hao Xuan's current home, oil, salt and rice dishes are not available. There was no way Chen Hao Xuan had to shamelessly go to Chen Yina's house to eat and sleep and go back to his own home.

The countryside is not like the city, the city night only the sound of vehicles passing by, while the countryside night there are all kinds of insects and animals screaming non-stop, although this sound is very natural. But Chen Hao Xuan was alone and living in a house that big, which made him feel very empty.

The next morning, Chen Hao Xuan woke up very early, he was still not used to living in this strange home, he washed his face and brushed his teeth and walked out of the house, he thought he was up early himself, but he didn't expect people who were up earlier than him to play the handle. Chen Yina's family all started to work, Chen Yina and her mother do clean vegetables in front of the house, while her brother Chen Feng is chopping wood at the door, her father didn't see her, I guess he's still sleeping! After all, he wasn't well.

"Good morning everyone." Chen Haoxuan smiled brightly and greeted Chen Yina's family.

"Good morning! Brother Hen. Good morning, Brother Hen. Good morning. Little Hen." Chen Yina's family greeted Chen Hao Xuan very warmly.

Chen Hao Xuan also had nothing to do, he walked up next to Chen Feng and said to Chen Feng, "Little Feng, let me help you chop the wood." Chen Hao Xuan was thinking of exercising his body, otherwise if he encountered something like last time again, he would be finished.

Chen Feng was still very handsome, only a little less than Chen Hao Xuan, but he had his advantages, his advantage was that he had bronze skin and was very manly, unlike Chen Hao Xuan who was white and clean, he was a little white man at first glance.

Chen Feng pulled out a hand and waved to Chen Hao Xuan, saying, "No no, I can just chop it myself, I have nothing to do for now anyway."

"Nana, let me help you guys wash the dishes!" Then Chen Hao Xuan walked up to Chen Yina and the others and said.

"Brother Xuan, I think it's because you're just idle and upset right now, if you really don't have anything to do, I advise you to better wander around the village and get familiar with it, otherwise you don't even know what the village you live in looks like, what a shame to say it!" Chen Yina smiled.

When Chen Hao Xuan saw that all that Chen Yina and her family had cleaned were vegetables and no meat at all, he knew that Chen Yina's family should be saving money. So he went to wander around the village, stopping by to see if there was any place to sell vegetables. Chen's village, big or small, totaled almost a thousand households, which was considered a large village in the neighborhood.

An hour later, Chen Hao Xuan returned with five pounds of pork and one pound of beef, and had been embarrassed to eat at Chen Yina's house for nothing without buying some food.

Chen Hao Xuan carried the pork in one hand and the beef in the other, and said to Chen Yina and Li Ping, "I'll cook today's breakfast." Chen Hao Xuan was not used to eating in the morning, but there was no other way to eat out in the countryside, and Chen Yina's family was used to eating in the morning, if they ate anything else, they wouldn't have the strength to work.

"It's better if I do it!" Chen Yina smiled, she was too embarrassed to let Chen Hao Xuan cook, as for Chen Hao Xuan buy so many dishes, she is not surprising, in the city of Xinshan Chen Hao Xuan also often go to buy big lobster!

"Oh, Hen! Why are you buying so much meat at once!" Li Ping was distressed, no way to be poor and used to it.

"It's fine, the meat here is cheap and fresh blood, look, that much is only a few tens of dollars." Chen Hao Xuan smiled without caring.

Chen Hao Xuan carried two bunches of meat into Chen Yina's kitchen, and when he entered, he heard Chen Hao Xuan's shout, "Nana, how do you use your kitchen?"

Hearing Chen Hao Xuan's shout, Chen Yina ran into the kitchen and happily taught Chen Hao Xuan how to use her kitchen. The stove in Chen Yina's house was a wood-burning stove, and it wasn't that Chen Hao Xuan didn't know how to use it, but that he didn't know where to put those spices etc. in Chen Yina's kitchen.

After cutting the pork and beef, Chen Hao Xuan began to cook the vegetables, while Chen Yina helped him set the fire, the two of them cooperate very tacitly, before cooking a burst of aroma came out.

Seeing how close Chen Hao Xuan and Chen Yina were to each other, Li Ping said in her heart, "It would be great if Xiao Xuan could be my son-in-law." She was just thinking about it, she knew that Chen Hao Xuan couldn't be her son-in-law because Chen Hao Xuan was too handsome and her daughter was too ugly. She would have cried tears of joy if she knew that Chen Hao Xuan had made something that would remove the scars and pimples from her daughter's face.

When Chen Yina's family ate the delicacies made by Chen Hao Xuan's own hands, they were very shocked, they had eaten Chen Hao Xuan's dishes before, but compared to now, it could only be described as heaven and earth.

After breakfast, Chen Hao Xuan asked Chen Yina to take him for a walk around the Chen family village, he had just taken a casual walk around the village, he hadn't gone outside the village yet!

Originally, Chen Yina was going to help her family plant rice seedlings, but she thought about it and decided to accompany Chen Hao Xuan. Chen Hao Xuan didn't know it was this time to plant rice seedlings, he thought it was April, if he knew that Chen Yina's family was planting rice seedlings, he would have never asked Chen Yina to accompany him to play.

The delay in planting rice seedlings was all because of the weather this year, if it was before, they would have started wearing shirts at this time now.

Chen Yina is like a very competent tour guide, she sees the house, sees the people, and introduces Chen Hao Xuan to them. Unconsciously Chen Hao Xuan and Chen Yina arrived in front of a four-story small house, the entire Chen Village Chen Hao Xuan have almost circled around, the most luxurious house in the Chen Village is also this one. Chen Hao Xuan asked to Chen Yina, "Nana, who owns this house?"

Chen Yina pulled Chen Haoxuan away quickly, explaining as she walked, "That's your brother Chen Haorong's, and your parents also live in it."

"Why are you pulling me away in such a hurry? And I want to go see what my family looks like!"
Chen Hao Xuan Dao.

"Brother Xuan, have you forgotten what I told you before, that your family treats you badly, otherwise why would they live in mansions, drive small cars, and wear gold and silver, while you live inside a humble old house, and you need to work hard to earn money for your studies." Chen Yina

explained, remembering how her family used to treat Chen Haohuan like that, and she felt angry for Chen Haohuan, how could her own family members treat her like that.

"Let me just take a look at them from a distance, okay?" Chen pleaded, he was kinda curious about his family, he couldn't figure out that he was sound on all fours and handsome, just a little dumb before, but that wasn't enough to abandon him, was it?

Chapter 40

Sometimes the world is so small, Chen Hao Xuan's mother (Li Xin) just happened to go out to buy food back, just happened to run into Chen Hao Xuan and Chen Yina tugging and pulling, she spoke out coldly: "Little Xuan, you're living a good life now! You've even found a girlfriend, when are you going to get married!"

Chen Haoxuan saw a middle-aged woman dressed in a voluptuous manner talking to him, he didn't know that woman was the real mother of this body of his. Chen Hao Xuan turned his head and whispered to Chen Yina, "Nana, who is this woman?"

Very unfortunately, a breeze blew Chen Haoxuan's voice into Li Xin's ears, Li Xin heard it and was very angry, he pointed at Chen Haoxuan and cursed, "You ungrateful son, I gave birth to you and raised you so big, now you've grown up, your wings are hard and want to fly aren't you. Angry at me, even pretending not to know me, you wait, see if I don't call your brother out to fix you."

Li Xin carried a basket of vegetables and returned to the small house in a rage.

Chen Hao Xuan pointed at Li Xin's back, the expression on his face was as surprised as it had to be: "Nana, she's my mother ah?"

"Yeah." Chen Yina echoed.

"Pitiful ah! I'm so handsome, and she has pale eyebrows, small eyes, big nose and thick lips... I don't look like she gave birth to me. Nana, do you think I'm the one she picked up and raised?" Chen Haoxuan seriously doubted it.

"This- I don't know about this, why don't we go back and ask my parents, maybe they'll know." Chen Yina suggested.

"Okay, let's go." Chen Haoxuan pulled Chen Yina along and was about to leave, but a roar came from behind.

"Chen Haoxuan, you stop right there." A burly, fierce-looking strong man pointed at Chen Hao Xuan and roared.

Chen Hao Xuan turned around and he whispered to Chen Yina, "Nana, this should be my brother, right?" Looking at his tiger-backed brother, Chen Haorong was more than sure that he had just assumed that they weren't his family.

"Well, he's your brother, Chen Haorong. Brother Xuan, we'd better get going! This brother of yours is fierce, he used to beat you all the time, let's go." Chen Yina was anxious.

Chen Haoxuan patted Chen Yina and smiled, "Nana, don't worry, even if he hits me, I'm not afraid of him, because to someone like him I can handle him in two strikes."

"Hey, are you dumb or stupid, I'm talking to you!" Chen Haorong was angry with Chen Haoxuan.

"Well, I'm listening! What are you trying to say to me?" Chen Hao Xuan smiled lightly.

"Just now mom and I said, you just saw her and didn't call out to her even though she greeted you, you even pretended that you didn't know her, you come over here now and give mom a verbal apology or I'll scrap you today." Chen Haorong roared.

He didn't go to pull these retarded things with Chen Haorong, he spoke up and asked, "You're my mom right? Did you really give birth to me? If I'm really your child, why are you treating me so badly, abandoning me before I'm even out of society, and most of all, making me wonder why I don't look anything like you. And you, you're my brother, right? You're not a brother to me, are you? Even if you don't protect your brother, you still want to hit your own brother, you're not afraid of being struck by lightning!"

Li Xin listened to Chen Haoxuan's words, it seems very nervous, she said to her eldest son Chen Haorong: "Ah Rong, you help me to clean up this ungrateful son, but in the future he is not my birth, too damned."

In fact, Chen Haoxuan is born by Li Xin, but Chen Haoxuan's whose seed, Li Xin's but don't know, Li Xin used to accompany the wine lady, sleeping with men is normal. Chen Hao Xuan's suspicion was the same as his dad Chen Zhenghao and his brother Chen Haorong thought, Chen Hao Xuan's dad thought Chen Hao Xuan was not his seed, so he hated Chen Hao Xuan since he was young, and his brother was jealous of Chen Hao Xuan's better looks than him since he was young, so he hated him just the same.

Chen Haorong graduated from junior high school and didn't study, not that he didn't study, but he really didn't have the talent, he went out to work in society and came back with a woman a few years later to get married, after which he opened a small shopping mall in Pingyuan County and made a lot of money. He had the money to buy a car and a house, so he proposed to separate from Chen Haohuan so that he would never have to be jealous of Chen Haohuan's handsomeness again.

Li Xin also knows that her husband has always wondered if Chen Haoxuan is his seed, and she's terrified that her husband will beat and abuse her, so she'll be able to see him without seeing him, and the family seems to want to forget Chen Haoxuan completely.

Chen Haorong heard Li Xin's words and he really went to flatten Chen Hao Xuan. Chen Hao Xuan's heart secretly said, "Don't even want such affection!"

When Chen Haorong was about to approach Chen Haoxuan, Chen Haoxuan suddenly squatted down to pick up a brick that was on the side of the road, then slowly stood up and coldly said to Chen Haorong, "Come over here, I'll see if your head is hard or my brick is hard."

"Chen Haorong, I'm your brother, you even want to hit me with a brick, do you have a brother in your eyes or not I'm a brother anymore. You have to know that you can go to college, all thanks to me working to earn tuition for you in the past, otherwise would you be where you are now?" Chen Haorong stopped walking close to Chen Haoxuan, he seemed quite afraid of Chen Haoxuan shooting him with a brick.

"You even want to flatten your own brother, why can't I shoot my own brother!" Chen Haoxuan sneered.

"Fine, fine, you're awesome, just wait." Chen Haorong coldly told Chen Haoxuan, he didn't have the guts to fight Chen Haoxuan who was holding a brick, but he had the guts to invite other people to fight Chen Haoxuan, he had plenty of money anyway.

"Chen Haoxuan, from now on you're no longer your mother, we have nothing to do with each other, don't come begging me for anything from now on, hmm." Li Xin finished scolding and turned around to enter the mansion in her heart.

Chen Haoxuan threw the bricks in his hands and cursed, "Damn, what kind of family member is this! More than a hater. And it won't be my mother after that, I doubt people like you will ever be able to give birth to such a wonderful me."

"Brother Hen, don't be angry, that's how these family members of yours are, let's go back!" Chen Yina persuaded.

Chen Hao Xuan returned to Chen Yina's home, really went to ask Chen Yina's mother Li Ping, Li Ping knew something about Li Xin, she told Chen Hao Xuan, Li Xin used to work as an escort lady, often fooling around outside, this is something that many people in the Chen Village know.

The first thing you need to do is to get your own personalized copy of the book, so that you can get your own personalized copy of the book you're reading.

Chen Hao Xuan accidentally found that Li Ping and Chen Feng's feet are not wearing shoes, there is still a lot of mud on the feet, so Chen Hao Xuan joked: "You have so much mud on your feet! You're not going to catch a loach, are you? Why didn't you call me for something as fun as catching a loach!"
