

## A Billionaire's Reincarnation Chapter 331-340

### Chapter 331

"Just let me hold you a little longer! I've never hugged a boy before!" I don't know when Shen Ruyan could be pampered too.

"Aren't they chasing you, Wang Fuyou? If you say yes to them. You'll have a man to hug every day." Chen Haoxuan laughed evilly.

"I'm not as cheap as you! I only like the ones I like." Shen Ruyan said sweetly.

"Ah..., you like me? Didn't you say you didn't like me?" Chen Haoxuan said in surprise.

Hearing what Chen seemed to say, Shen Ruyan realised that she had just said the wrong thing, could this be another love affair?

"No, no, what I meant was that I like making friends like you, this kind of like is like being together, there is no love in it." Shen Ruyan hurriedly explained. Whether this was such a liking or not, she could not be sure, because she liked to rely on Chen Haoxuan's arms, but did not want Chen Haoxuan to marry her.

"No is good, if you really like this feeling, I don't mind letting you enjoy it a few more times in the future, but there are requirements, a thousand kisses, ten thousand tongue kisses, a hundred hugs and three thousand touches." Chen Haoxuan joked.

Hearing Chen Haoxuan's words, Shen Ruyan immediately pushed Chen Haoxuan away and said, "I feel like you're a duck! And a thousand for a kiss and ten thousand for a tongue kiss! I'll give it to you, do you dare to take it?"

Chen Hao Xuan really stretched out his hand and said, "You just tongue-kissed me twice for 20,000, and hugged me once for 100, that's a total of two hundred and one hundred yuan, give it to me! See if I dare to ask for it."

Shen Ruyan was so angry with Chen Hao Xuan that she stomped her foot, she felt that Chen Hao Xuan was too uninterested, so how could he count the money for Lang Man's matter! It was too much to take Lang Man seriously.

"Don't give it, do whatever you like." Shen Ruyan turned her head to the side and said angrily.

"If you don't give it, I won't let you kiss me in the future." Chen Haoxuan couldn't help himself from laughing when he said this.

Shen Ruyan crossed her arms and said to Chen Haoxuan, "Chen Haoxuan, you are at least a billionaire, right? You have so much money and you still care about such a small amount of money, moreover, this money was obtained by you sacrificing your body, you are so embarrassed to take it!"

"Why should I be ashamed? Even if the money is small - he is still money, maybe I can take this small amount of money, money to make a big fortune!" Chen Haoxuan laughed.

"Hmph, not talking to you anymore, you're a bad egg." Shen Ruyan's anger was ignited by Chen Haoxuan again, and she chose to leave in order not to fight with Chen Haoxuan again. She felt that her own emotions were strange and changing when she was with Chen Haoxuan.

When she kissed Shen Ruyan, it was desire at work, and when she was angry with Shen Ruyan, it was because she did not want her to fall in love with him. Chen Hao Xuan saw that after Shen Ruyan left, he sat alone on the parapet of the rooftop and smoked. I am afraid that Chen Hao Xuan was the only one who dared to sit on the parapet of the rooftop and smoke, this is a high building! If a gust of wind blew at this moment, it might blow Chen Haoxuan down.

When Shen Ruyan returned to her classroom, she was dazed on her desk and smiled happily from time to time.

Shen Ruyan and Chen Hao Xuan were just fine, cuddling and hugging, happy as hell. But Wang Fuyou and the three of them were miserable! They were now thinking of giving up chasing Shen Ruyan, they were now in a bar, because it was daytime, so there were very few people in the bar, and they were constantly drinking.

"Do you think we should give up on Shen Ruyan?" Wang Fuyou asked out loud to Ye Hongfei and the others.

"She's already like that with Chen Hao Xuan, what possibility do we have to still chase her." Gongsun Hyun said coldly.

"Lang spent so many years and got nothing, sigh-." Ye Hongfei said in a funereal voice.

"I blame that Chen Haoxuan, if it wasn't for him, Shen Ruyan would be one of us, I really want to kill him." Wang Fuyou cursed and grumbled.

"Don't you kill him, he is now my sister's kaiju, if you kill him, then you are finished because my sister will bring thousands of people to your house as guests." Ye Hongfei reminded Wang Fuyou.

With a bang, Gongsun Hyun slammed the bar on the bar and said with great displeasure, "How can he, Chen Hao Xuan, make so many girls like him?"

"Ugh-, if Chen Hao Xuan didn't have an affair with my sister, I would have brought people to trouble him." Ye Hongfei said.

At this time, a man wearing sunglasses walked up next to Wang Fuyou and said to him, "Brother, looking at your faces it looks like you guys are in some kind of unhappy situation, do you want my help?"

"You can help? What kind of help can you give?" Wang Fuyou asked.

"I am a doctor and I like to research various medicines, this is my business card, if you want various medicines, you can call me. I will now introduce the medicines I have researched, I have medicines that can cause burial and loss of sexual power, as well as poisons that can cause bleeding from five holes and medicines that make the skin itch ....." The man in sunglasses kept introducing the various drugs he kept in his coded box, saying.

"Holy sh\*t, you're a wholesale poisoner! There are all kinds of medicines." Ye Hongfei said in surprise.

"Sort of! If you guys want to wholesale them, I'll give you a cheaper price." The man wearing sunglasses spoke out.

"Put your which can make people's hair fall out and the medicine that makes people fall asleep for forty-eight hours, and the medicine for diarrhea ....." Wang Fuyou kept on ordering goods, these drugs are only about a few hundred dollars a bottle, the ones that can poison people are more expensive and need several thousand dollars, but he didn't have any drugs, he just needed many drugs that can make people suffer.

After spending a few thousand dollars, Wang Fuyou bought a small bag of medicine, he said to Ye Hongfei and the others, "Come, let's go to Xinsan University and find someone from the Xinsan University cafeteria, let him help everything will be fine."

"Hey ..... there are so many strange drugs, Chen Hao Xuan will lose his skin even if he doesn't die," Ye Hong Fei sneered, drugging these things they do often as gangsters, so he didn't feel anything out of place.

He didn't say anything and didn't leave, so it seemed he was acquiescing to what Wang Fuyou and the others were doing.

After the man in sunglasses walked out of the bar, he got into a car and a girl with dark skin but beautiful features sitting on the passenger side turned back to the man in sunglasses and said, "How did it go?"

"It's all done, they bought a lot of medicines from me, those medicines all have trace amounts of poison, and those poisons spread, if Chen Hao Xuan is poisoned by these poisons, he will be fine for the first few days, but after a few days his body will get worse and worse until he dies." The man in the sunglasses replied.

"Are you sure that your poison is hopeless?" The dark-skinned beauty asked again.

"I swear that no one in this world has worked out an antidote for this poison, not even me." The man in the sunglasses said confidently.

## **Chapter 332**

Wang Fuyou. They went back to the university and found the supervisor of the canteen. Wang Fuyou used a thousand dollars to bribe the supervisor of the canteen to spill the medicine in Chen Hao Xuan's dishes.

Chen Hao Xuan often went to the canteen to eat, which Wang Fuyou and the others knew, so they bribed the canteen supervisor and relied on him to administer the medicine.

If Wang Fuyou and the others knew that Chen Hao Xuan's body was invulnerable to all kinds of poison, I wonder if they would still toss it around like this.

The next day, during Chen Haoxuan's morning classes, Shen Ruyan stayed with Chen Haoxuan for the reason of protecting Chen Haoxuan, whether it was true or not, no one knew except her.

At noon, Chen Hao Xuan went to the canteen to eat, he now temporarily lives in a hotel and needs to drive to school every day, because it is far away, so he does not go back at noon, all eat in the

canteen. When she arrived at the canteen, Shen Ruyan was responsible for taking a seat, while Chen Hao Xuan was responsible for getting the food.

Shen Ruyan was a beautiful woman, so no one had the heart to grab a seat with her. Although Chen Hao Xuan was a big man, he did not like to bully the weak and he queued up honestly.

When he saw Chen Hao Xuan queuing, he immediately went to the window where Chen Hao Xuan was queuing and told the cook who was responsible for serving the food to the students to take a break and let him serve the food to the students.

When it was Chen Hao Xuan's turn, Chen Hao Xuan said he wanted two servings, the canteen supervisor was stunned, two servings, so what was the best way to put the medicine on one plate?

When Chen Hao Xuan saw the canteen supervisor dazed there, he couldn't help but rush, "Master, hurry up!"

"Oh oh, it's just fine." The canteen supervisor thought that since it wasn't highly toxic anyway, he could simply put some of the medicine given by Wang Fuyou in both portions.

Chen Hao Xuan carried a dinner plate in one hand and walked over to the seat that Shen Ruyan had hijacked, "This is yours."

"Wow, the food in the canteen seems good today!" Shen Ruyan laughed.

"I don't think it's the food that's good, but your mood is good." Chen Haoxuan said.

"Maybe so!" Shen Ruyan said with a smile.

When you are in a good mood, your appetite is good, it is true, and Shen Ruyan ate all the food on her plate. Chen Haoxuan only ate half of it, he could have finished it too, but he felt that the food today was a bit strange, it tasted weird, he didn't know what was weird about it.

Shen Ruyan and Chen Hao Xuan walked out of the canteen, on the way out the door, Chen Hao Xuan bought two bottles of cola, Shen Ruyan said she liked to drink orange juice, Chen Hao Xuan did not care, said a sentence, love to drink or not.

At noon, students usually choose to go back to their dormitories for a nap, Chen Haoxuan had no place to stay, so he had to sleep under a tree. As for Shen Ruyan, she had a dormitory not to return to, she sat next to Chen Hao Xuan against the tree.

An hour or so later, Shen Ruyan's stomach made a rumbling sound, and Shen Ruyan's had a bitter face with her hands covering her stomach.

Chen Hao Xuan, who was sleeping, heard this strange sound, he opened his eyes and saw Shen Ruyan's painful expression, he couldn't help but ask nervously, "What's wrong with you?"

"Chen Haoxuan, my stomach is very uncomfortable, it seems like I'm going to have diarrhea, what should I do, woo woo ....." Shen Ruyan said in tears.

"What to do, diarrhea is normal! You go to the toilet quickly!" Chen Hao Xuan urged.

"But my stomach is very uncomfortable, it's like I'm about to poop when I move, I'm worried that I won't make it to the toilet before - just ....." Shen Ruyan said awkwardly.

"Even if you have to poop in your trousers, you still have to go to the toilet!" Chen Haoxuan said.

"No, I don't dare to move, I'll really poop out when I move, oooooooooo ....." Just as Shen Ruyan finished her sentence, another gurgling sound came from her stomach.

"You don't want to poop right here, do you? This is a roadside! There are a lot of people crossing the road." Chen Haoxuan questioned.

"Chen Haoxuan, you... you carry me to the ladies' room, quick, ouch! I'm going to poop, hurry up!" Shen Ruyan pleaded to Chen Haoxuan, she could still control it now without moving, if she moved, she wouldn't be able to, so if Chen Haoxuan carried her to the toilet, she wouldn't have to move and might be able to hold back until she reached the toilet.

"Alright!" Chen Haoxuan picked up Shen Ruyan and quickly ran in the direction of the toilet, he ran very fast, but Shen Ruyan in Chen Haoxuan's arms didn't feel shaky at all.

Chen Hao Xuan only took ten seconds to run through a few minutes of the journey, Chen Hao Xuan put Shen Ruyan at the door of the girls' toilet, as soon as he put down Shen Ruyan, Shen Ruyan dashed into the toilet, then Chen Hao Xuan unexpectedly heard the sound of tearing clothes, thinking that it could not be that Shen Ruyan's clothes were torn by something hanging, right?

A few girls who came out of the ladies' room saw Chen Haoxuan standing at the entrance of the ladies' room, and they didn't care if Chen Haoxuan was here to peep, they went up and struck up a conversation with Chen Haoxuan.

Around fifteen minutes, Chen Haoxuan's phone rang, it was Shen Ruyan calling, pressing the answer button, Chen Haoxuan heard Shen Ruyan's crying voice: "Chen Haoxuan, help me go buy a pack of tissues, and help me buy a dress, ooooooo ....."

"Shen Ruyan, what's wrong with you?" Chen Haoxuan asked worriedly when he heard Shen Ruyan crying so sadly.

"I-I was about to poop when I went into the toilet, I couldn't take off my trousers in time, I didn't want to poop on my trousers, Ü-so I just tore my trousers, wooooooo... .."

"Ga ....." Chen Haoxuan was speechless and thought, "This is too tough, right?"

"You're so old, it's just diarrhea! It's no big deal, don't cry! Don't cry! You stay inside first! I'll have someone go buy it now, and I'll find a girl to take it over for you later." Chen Haoxuan comforted Shen Ruyan and said.

"Mmhmm, you hurry up."

Chen Haoxuan thought for a moment that it would take too long to go out and buy: "How about going to Yang Lin's to find a set of clothes?" Chen Haoxuan thought and went.

Chen Haoxuan quickly ran to the dormitory where Yang Lin was, and once he opened the door, he saw Yang Lin and his housemate gambling.

"Yang Lin, bring me a new set of your clothes." Chen Haoxuan said directly to Yang Lin.

Yang Lin put down the cards in his hand and said to Chen Hao Xuan with embarrassment, "Sorry Hao Xuan, I have a lot of clothes, but they are all worn out and I don't have any new clothes."

"Oh, wait a moment then." Chen Haoxuan said, Chen Haoxuan knew that Shen Ruyan was a bit of a cleanliness freak, otherwise just now she wouldn't have cried sadly for fear of sh\*tting into her trousers, so Chen Haoxuan wanted to ask if Shen Ruyan was willing to wear Yang Lin's clothes.

"Hey, Shen Ruyan, it's too far outside and I think you should be in a hurry, so I asked Yang Lin for a set of clothes, would you wear his clothes?"

"No good." Shen Ruyan refused dryly.

"Then how about this, I'll wear Yang Lin's clothes and you wear my clothes okay!" Chen Haoxuan said helplessly.

"Fine." Shen Ruyan agreed without even thinking about it.

### **Chapter 333**

Chen Haoxuan walked into Yang Lin's dormitory again. He said to Yang Lin, "Take a set of your casual clothes for me to wear."

"OK, get them right away." Yang Lin was quick to say, there was no need to be polite with Chen Haoxuan as they were iron buddies.

Yang Lin quickly found a set of crumpled white casual clothes for Chen Hao Xuan: "Hao Xuan, this is the style of clothes that are crumpled like this, it's very popular now, try it on." Actually, the casual clothes were not like this, it was because he had not folded the clothes and had casually stuffed them into the wardrobe, that was why they were wrinkled like this.

Chen Haoxuan could even design clothes, couldn't he still see why the clothes had become wrinkled like this. Chen Haoxuan didn't say anything, he took his clothes into the bathroom, took off his own clothes and put on Yang Lin's crumpled casual clothes.

When Chen Haoxuan came out after putting on the casual clothes, Yang Lin immediately gave Chen Haoxuan a compliment, "Handsome, I can't believe that you look so handsome in this popular casual clothes."

"Don't flatter yourself, go and get me a pair of slippers to wear, and a bag for my clothes, and two packs of tissues." Chen Haoxuan said to Yang Lin.

After Chen Hao Xuan had gotten all his things, he left Yang Lin's dormitory, handing him a cheque for 10,000 RMB before he left, saying that it was for his salary and these clothes for this month.

Chen Hao Xuan carried a bag back to the toilet where Shen Ruyan was, she waited at the door and waited until a girl was about to go to the toilet girls, Chen Hao Xuan greeted him and politely said to the girl, "This for students, I have a friend in the first door seat inside, can you help me put this on and give it to her for me?"

"Dang... sure." The girl said excitedly, being able to see Chen Hao Xuan at the entrance of the ladies' room, this should be considered a kind of fate, so she was excited.

The girl helped Chen Haoxuan take the bag in, the girl didn't take long to get in and come out, as she was leaving she asked Chen Haoxuan for an autograph, Chen Haoxuan graciously gave her one.

After five minutes, Shen Ruyan finally came out, she was wearing Chen Hao Xuan's tight white suit, very beautiful and individual, she was a little pale probably because she had just had diarrhea, which added a little bit of that sickly kind of pitiful beauty.

"I didn't expect you to look so good in my clothes." Chen Haoxuan exclaimed to Shen Ruyan.

"This set of clothes is for me, okay." Shen Ruyan said expectantly, she had just changed her clothes in the toilet and looked at them in the mirror in the toilet and found that they really looked good, so she wanted this set of clothes.

"That won't do, this set of clothes is only available to me in this world, and he represents my identity, if it wasn't for your special situation, I wouldn't let you wear my clothes!" Chen Haoxuan said.

"If you don't give it, you don't give it, humph, stingy bastard." Shen Ruyan said with a huff.

"I see that you look pale, let's go sit under the tree in front!" Chen Haoxuan tenderly said to Shen Ruyan.

"Mhm." Shen Ruyan replied with a smile, he felt that Chen Haoxuan was a person with a knife's mouth and a tofu's heart, he usually liked to be angry with her, but if she was not feeling well, just like now, Chen Haoxuan could be gentle with her.

Chen Hao Xuan helped Shen Ruyan to sit under a tree not very far from the toilet.

Not far from Chen Haoxuan, there were three men with binoculars who saw Chen Haoxuan and Shen Ruyan: "Wang Fuyou, what's going on? Why is Chen Haoxuan fine while Shen Ruyan has diarrhoea and has changed into Chen Haoxuan's clothes, did that dead fatty put the wrong medicine in."

"Damn fatty, he put the wrong medicine, let's go find him tonight, how can we face Shen Ruyan without fixing him up." Wang Fuyou said.

On Chen Haoxuan's side they all sat against a tree, Chen Haoxuan saw that Shen Ruyan kept moving around with an uncomfortable expression on her face, so Chen Haoxuan tenderly said to Shen Ruyan, "Lie down! Rest your head on my lap, this will be more comfortable."

"Mm." Shen Ruyan lay on the lawn with her head resting on Chen Hao Xuan's lap.

Seeing such a scene, Wang Fuyou and the others were all bursting with anger, and could be losing their wives.

Not long after, Shen Ruyan's stomach began to rumble again, this time Shen Ruyan did not hold back any longer, she immediately ran to the toilet.

The third time Shen Ruyan came out of the toilet, she could barely stand up, Chen Hao Xuan quickly stepped forward to hold her, "I think you have eaten bad stomach, it is a very serious kind, for your health, go to the school infirmary inside the house!"

"Mm." Shen Ruyan leaned on Chen Hao Xuan's arms and said vulnerably.

Chen Haoxuan directly picked up Shen Ruyan and went to the school's infirmary. When he arrived at the infirmary, the doctor checked Shen Ruyan's body and said that she had eaten badly and that she would be fine after taking some medicine to stop her diarrhea.

Shen Ruyan took the medicine, but it didn't work at all, she still had diarrhoea from time to time. Shen Ruyan's body was so weak that she needed Chen Hao Xuan to carry her to the toilet.

The doctor in the school infirmary saw Shen Ruyan's condition and rushed to call an ambulance. Shen Ruyan was sent to the hospital, and when the news reached Wang Fuyou and the others, they realised the importance, they did not expect that the mysterious man would sell them such a powerful laxative.

When Shen Ruyan arrived at the big hospital and examined her body, it was discovered that she had not eaten badly but had taken a laxative, and that the laxative contained a strong poison that would spread. Because Shen Ruyan had eaten the diarrhoea constantly, her body was getting weaker and weaker and her resistance would be lowered, so this would spread the poison more and more, spreading in Shen Ruyan's stomach in all directions.

Chen Haoxuan was very worried when he knew that Shen Ruyan had been poisoned.

That evening, a group of soldiers came to the People's Hospital, all looking as if they were high ranking officials, which caused the hospital director to come out to greet them.

"What happened to my granddaughter, who in the end is so hateful that they dare to poison my granddaughter ....." Walking in the front of an old man in his sixties\*\* cursed in a loud voice, looked like he was in his sixties, but his temperament and that sturdy body did not look like an old man in his sixties at all, thought she must be Shen Ruyan's grandfather.

"My daughter, don't let anything happen to you! If something happens to you, how can you let your mother live?"

"My good grandson, don't let anything happen to you ....."

In the corridor of the hospital, there was a sound of crying.

The director of the People's Hospital walked up to Shen Ruyan's grandfather and said in a bereaved voice, "Sir, why has the poison your granddaughter has been poisoned with never been seen before, we have extracted some venom and used all kinds of antidote medicines to detoxify the poison, all to no avail."

"You mean to say that my granddaughter can't be saved!" Shen Ruyan's grandfather shouted angrily as he lifted the dean's collar with both hands, how could he look like an old man in his sixties with such strength!

### **Chapter 334**

Chen Haoxuan stood out. To Shen Ruyan's grandfather, he said, "Sir, the director has done his duty, you'd better hurry up and send Shen Ruyan to a better hospital!"

"Right, Shen Zheng, quickly arrange for Ruyan to go to a military hospital and tell those military doctors that if they can't cure Ruyan, they will all roll up and leave." Shen Ruyan's grandfather roared loudly.

Shen Ruyan was quickly pushed out of the operating room, a group of doctors and a group of soldiers hurriedly protected Shen Ruyan and left, Chen Hao Xuan was not worried about Shen Ruyan, so he followed, but he was stopped by the heavily armed soldiers: "You can't go in, please go around."

He couldn't get in, so Chen Haoxuan went to look for Shen Ruyan's family. Seeing Shen Zheng who was about to get into the car, Chen Haoxuan said loudly, "Sir, I am your daughter's friend, can you take me with you? I also know some medical skills, I might be of use."

Shen Zheng heard someone call out to him, he looked back and the person calling out to him, he thought, was Chen Haoxuan, the handsome man known all over the world, he shouted to the guards who were outside to protect them, "Let him come over."

The guards let Chen Haoxuan in, and Chen Haoxuan took small steps to Shen Zheng and said, "Sir, take me with you I too."

"Just call me uncle, get in!" Shen Zheng said to Chen Haoxuan.

Chen Haoxuan and Shen Zheng sat in the same car, and the car started up and drove very fast. After travelling for about three hours, the car stopped, and by this time it had reached the military camp.

"Military doctors, military doctors, get out of here, come and save my granddaughter." Shen Ruyan's grandfather roared loudly.

Soon a group of military doctors in white coats quickly ran out, they had already prepared the equipment to save Shen Ruyan, as soon as they heard Shen Ruyan's grandfather's angry roar, they immediately ran out.

Chen Hao Xuan had no one to care for him in the military hospital, but he didn't leave for that reason. He sat on the bench by the corridor, closed his eyes and rested his mind.

Unknowingly, it was already dawn, when the angry roar of Shen Ruyan's grandfather came out of the hospital again: "What are you military doctors doing, you can't even cure the poison, how dare you take the state's salary."

"Division chief, we really haven't seen this kind of poison before, even our high professor in military medicine can't do anything about it."

"Tell me directly, is there any help for my granddaughter?"

"I'm sorry Master Teacher."

"Shen Zheng, I don't care what method you use you must find out who did this to Ruyan, I want him to pay for his life." Shen Ruyan's grandfather roared loudly.

Chen Haoxuan heard their conversation, Chen Haoxuan stood up and walked towards them.

Chen Haoxuan stopped Shen Zheng, who was about to go out, and spoke out, "Uncle, perhaps I can save Shen Ruyan."

"Ah..., what, you say you can save Ruyan?" Shen Zheng excitedly grabbed Chen Haoxuan Chen Haoxuan's shoulders with both hands, Shen Zheng was too excited and did not control his strength, which made Chen Haoxuan's shoulders vaguely painful.

Shen Ruyan's grandfather heard these words from Chen Haoxuan, he turned around and quickly ran towards Chen Haoxuan, rudely pushed his son away and seriously said to Chen Haoxuan, "It's you, you are Chen Haoxuan, I know you, are you really able to save my granddaughter?"

"I don't dare to guarantee that I can save her, but I will try my best." Chen Haoxuan said.

"I know you are a genius, as long as you save my granddaughter's life, I, Shen Guojun, will acknowledge you as my granddaughter-in-law." Shen Guojun said to Chen Hao Xuan very seriously.

Gah ....., what kind of thing is this! He didn't chase after Shen Ruyan, why did he think he wanted to marry Shen Ruyan.

"Division chief, you misunderstood, I already have a girlfriend. I want to save Shen Ruyan because she is my classmate and still my friend, just because of that." Chen Haoxuan said.

"Oops! I don't care about all that, you go save my granddaughter now quickly." Shen Guojun said anxiously.

Chen Haoxuan didn't care about nonsense, he called an army doctor and asked him to help him prepare what he needed.

Chen Hao Xuan checked Shen Ruyan's body, Shen Ruyan was still holding up for the time being, he personally went to test the toxins in Shen Ruyan's body, he didn't know these toxins, but Chen Hao Xuan could solve these toxins, he went into the military hospital's medicine storage room, took out many Chinese herbs, and western medicine, instead of beating these medicines into Shen Ruyan's body little by little, he took these medicines and configured them into a new antidote to the toxins.

The toxin in Shen Ruyan's body spread faster than Chen Hao Xuan imagined, and before his medicine was configured, the director of the military hospital came to tell him that Shen Ruyan was dying.

"Chen Haoxuan, go over quickly, my daughter is dying." Shen Guojun ran into the laboratory room where Chen Haoxuan was and anxiously said to Chen Haoxuan.

"Division Chief, I have found a cure for the poison in Shen Ruyan's body, but it will take time to configure this medicine, three hours at the soonest." Chen Haoxuan's hands were still working non-stop as he spoke.

"My granddaughter is dying now, go over and take a look before you configure the medicine." Shen Guojun said to Chen Haoxuan.

"You tell the dean and the others to think of something, this is going to delay Shen Ruyan's life until after three hours, she won't be able to die." Chen Haoxuan said.

Shen Guojun quickly left, but half an hour later, he and a large group of people came running to find Chen Haoxuan. Shen Ruyan's grandmother, her mother, knelt down in front of Chen Haoxuan and begged Chen Haoxuan to save Shen Ruyan.

"Chen Haoxuan, go now! Count on uncle to beg you, Ruyan is really dying, she has just been cut off once and has been stimulated to live by the dean with voltage, if you don't go over, she may never wake up again." Shen Zheng pleaded bitterly to Chen Haoxuan.

"You guys get up, I'll go check it out now." Chen Haoxuan said and quickly ran towards the operating theatre where Shen Ruyan was.

When Chen Hao Xuan reached the operating room, he immediately said to the dean, "Do you have any silver needles here, I want to do acupuncture on her, if you have them, bring them for me quickly."

"There are, I'll get them for you right now." The dean responded.

Chen Hao Xuan took Shen Ruyan's pulse and found that Shen Ruyan's pulse was beating very slowly.

After the dean brought the silver needle, Chen Hao Xuan took a blood transfusion syringe and inserted one end into the blood vessel in his own hand and the other end into the blood vessel in Shen Ruyan's hand.

"What are you doing here?" The dean was curious, a case like Shen Ruyan's should not be a blood transfusion, but a medicine transfusion!

"My blood has a strong anti-poison effect, so I'm trying it out, whether she can see the sun tomorrow depends on her fate." Chen Haoxuan said.

Shen Ruyan's body was too weak now, and it was likely that she would die at any time, so Chen Hao Xuan had prepared silver needles, so if the moment Shen Ruyan failed, he would use the method of returning light so that Shen Ruyan would not die for the time being, giving his blood enough time to fight those toxins by fire.

### **Chapter 335**

The effect of Chen Haoxuan's blood was even better than Chen Haoxuan had imagined. Shen Ruyan's breathing slowly got better.

After another while, Shen Ruyan's face slowly became rosy and those black blood slowly disappeared. While Chen Hao Xuan's face became paler and paler, he gave Shen Ruyan a blood transfusion while configuring the medicine to save Shen Ruyan.

This spirit of Chen Hao Xuan moved the doctors and nurses in the operating room, and a few of them even whispered and cried.

When Chen Hao Xuan had almost finished configuring the medicine, he pulled out the syringe for the blood transfusion. It was not that he was stingy because if he continued to draw blood like this, the blood in his body would be gone.

After spending four hours, Chen Hao Xuan as far as configuring the antidote, he asked the dean to help him inject this antidote into Shen Ruyan's body. After the explanation, Chen Hao Xuan fainted, he was not tired, it was because he had just pumped too much blood to Shen Ruyan, causing anaemia.

Chen Hao Xuan was carried to the ward by the yard and the others to rest.

As soon as she opened her eyes, she said, "Chen Haoxuan, I'm so hungry."

When she saw clearly the faces of several people at the bedside, she couldn't help but let out a scream, "Ah..., grandpa, grandma, dad, mum, brother ....., why are you all here?"

"Ruyan, you're finally okay, you scared us to death." Shen Guojun said happily.

Shen Ruyan tried to sit up, she braced her hands and made a push at her waist, it didn't work, her body couldn't make any power. "Mom, what's wrong with me, why don't I have any strength at all?"

"You're still talking! You were poisoned and didn't even know it, if it wasn't for Chen Hao Xuan, you might have reported to hell." Tao Qiu said to her daughter with a smile.

"Poisoned? Didn't I have a bad stomach from eating? How did it become poisoning?" Shen Ruyan said with a face full of questions.

"You were given a laxative containing poison, a poison we have never seen before, so we could not formulate an antidote in a short time. Luckily, there is the genius Chen Hao Xuan, who used his special blood to keep you alive before configuring the antidote." The dean, who was at the bedside, said.

"What about Chen Hao Xuan? How come I haven't seen it." Shen Ruyan asked curiously.

"He has passed out now because he gave you too much blood." Shen Guojun said.

"Then is he going to be alright?" Shen Ruyan said worriedly.

"He's fine, he's in good health, he'll wake up after a few hours of sleep." The dean interjected.

"Ruyan, mum heard that you confessed your love to Chen Hao Xuan in front of the whole school some time ago, and then you basically spent every day with Chen Hao Xuan, did he say yes to you?" Shen Ruyan's mother, Tao Qiu, asked.

"Mom, you don't have to say it, I'm embarrassed to think about that, I confessed my love to him that day because I wanted to get rid of Wang Fuyou's crazy demands, and I didn't really confess my love to Chen Hao Xuan." Shen Ruyan explained.

Shen Ruyan was fine, her family was happy, and the family was chattering away in the ward.

The first thing he saw when he opened his eyes was Shen Ruyan's beautiful face: "What are you doing?" Chen Haoxuan asked in a loud voice.

Shen Ruyan had been staring at Chen Hao Xuan's face for a long time, but she didn't expect Chen Hao Xuan to open his eyes suddenly, so she felt a little embarrassed when she was caught in the act. "You're awake?" Shen Ruyan said sweetly.

"Silly words, can't you see that my eyes are open?" Chen Haoxuan said.

"You... why are you so unemotional! I'm talking to you so gently, you should be more polite to me!" Shen Ruyan was dissatisfied with Chen Hao Xuan's performance and said.

"It seems like there is nothing wrong with you, right?" Chen Haoxuan said.

"It's fine, thanks to you giving me a blood transfusion and configuring an antidote for me." Shen Ruyan said gratefully.

"It's good that you're alright." Chen Haoxuan said.

"Chen Haoxuan, my grandfather asked me to give my body to you, how do you feel?" Shen Ruyan's words were astonishing, yesterday she still stank of Chen Haoxuan dying Chen Haoxuan, today she wants to pledge her body to him, this is too fast a change, right? Is it just because of saving her?

"I don't agree, because I already have a girlfriend, and when we graduate, I will marry her." Chen Hao Xuan rejected Shen Ruyan very simply.

Shen Ruyan stepped on the edge of Chen Hao Xuan's bed and said breathlessly, "It seems that I am the worst in your eyes, I even said to give my body to her and you didn't even consider it, immediately rejecting it, what a blow."

"You're not afraid of not finding a good home, what's the point of being sad!" Chen Haoxuan said with a smile.

Chen Hao Xuan sat up and found that his physical strength had returned to normal, this body's self-healing ability Chen Hao Xuan was very satisfied, he believed that when he trained his body to be very strong in that future century body, then he would really be invincible.

Chen Hao Xuan got out of bed and stood up, only to find that Shen Ruyan was still wearing his clothes, this set of clothes is his signature, yesterday was a necessity, today Shen Ruyan is fine, how to also want the clothes back.

Chen Haoxuan said to Shen Ruyan with a pleasing smile, "Shen Ruyan, you see your body has recovered, so you give me back my clothes!"

Shen Ruyan clutched her collar tightly, as if she was afraid that Chen Haoxuan would come and take off her clothes, she said in a delicate voice, "Just let me wear them for a few more days!"

Chen Haoxuan pulled the clothes of his status and said, "Look at the clothes on me, I appear like this others might throw a few cents in front of me! And you are different, this is a military camp, most of your family\*\* are here, you can just go and ask for two pieces by the way, why do you need to wear my dirty clothes!"

"No, who let you design the clothes so well, when my mother brought me breakfast this morning, you don't know, when she saw me wearing this set of clothes, she almost impulsively pounced on me and wanted to take off my clothes for her to try, she even complimented me for wearing such clothes, just like a leader." Shen Ruyan said smugly.

"You wear it for a few days, right? Fine, but I advise you better not wear it out, because when I designed this dress I told many netizens online that this dress is my signature, so only I can wear this dress, if others wear it, they will call you a pirate." Chen Haoxuan reminded.

"Don't worry, this is a military camp, there are no outsiders. And then the soldiers won't be that talkative, not to mention that my rank is greater than all of them, so they wouldn't dare to laugh if I asked them to." Shen Ruyan said smugly.

"Shen Ruyan, your body hasn't fully recovered yet, just wait until you're well before you matter New Mountain University! What about me! My body is already fine, so I'll go first, bye." Chen Hao Xuan waved his hand to Shen Ruyan and said.

"You go! Without me showing you the way, or someone else giving you a release pass, you are not out of the military camp, hehehe ....." Shen Ruyan smiled smugly.

## **Chapter 336**

"Then you take me out." Chen Haoxuan said to Shen Ruyan.

"Don't bring it. I want you to stay here with me for a few days, and then go back to Xinsan University with me, or I won't let you go." Shen Ruyan said smugly.

"Alright!" Chen Haoxuan said helplessly as he turned around and went to wash his face and brush his teeth.

Shen Ruyan her body had not fully recovered, but walking and such was no problem, all the doctors at the military hospital were shocked at how quickly she had recovered, and they knew the reason why,

it was Chen Haoxuan's blood. Chen Hao Xuan still didn't know that the syringe he gave Shen Ruyan's blood had been taken by the director of the military hospital for laboratory tests.

Shen Ruyan she was obviously familiar with the place, she sat in her wheelchair and let Chen Hao Xuan push him around, suddenly Chen Hao Xuan heard bang bang bang ..... dense gunfire, he looked down and said to Shen Ruyan, "Are they practicing their guns?"

"Yes! What - you want to play too?" Shen Ruyan said to Chen Haoxuan, she knew that boys generally liked to play with guns very much, but they could only do so in their dreams because citizens were not allowed to use guns.

"I'd like to shoot a few snatches if I can." Chen Haoxuan said excitedly.

"Good, you push me over and I'll let you shoot." Shen Ruyan said happily, she wanted to mock Chen Haoxuan properly later, as she thought Chen Haoxuan wouldn't be able to use a gun.

Chen Haoxuan pushed Shen Ruyan to the scene where there was a group of soldiers practicing target practice. Shen Ruyan called a man who seemed to be a squad leader and asked him to bring Chen Haoxuan with him when he trained the soldiers.

How soldiers are trained in the 21st century, Chen Haoxuan really did not know.

The squad leader handed Chen Hao Xuan a pistol, Chen Hao Xuan looked at it, played with it for a while, and then stood at the designated spot to shoot the target, just like the other soldiers. "Fire." The squad leader shouted loudly.

"Bang Bang ....." Chen Hao Xuan a bite went to shoot all the subs in the pistol, he shot while standing, unlike other soldiers, all kneeling on one foot to shoot, Chen Hao Xuan shot the bullets in the pistol, all of them, and those soldiers only shot one or two shots. Unlike Chen Hao Xuan, who aimed and shot all at once, those soldiers only shot once or twice.

Chen Haoxuan's targets all hit the red dot, which surprised Shen Ruyan! She really couldn't believe that Chen Haoxuan's marksmanship was that good, even if she had shot continuously she wouldn't have been able to achieve this result, she doubted if Chen Haoxuan had practiced his marksmanship.

After that, Chen Haoxuan took part in other training sessions, and what a result! Other people ran for half an hour, he ran in ten minutes, other people jumped two metres high, he directly challenged four metres, other people competed in swimming, he was even better, when he was on the shore, he quickly rushed forward, then leapt forward, head held high, his control was good, his body was like a fast boat in the water, fast forward from going, so other people just swam a distance of five or six metres, he was already on the opposite side of the river sunbathing.

Chen Hao Xuan and Shen Ruyan spent the day playing in the barracks, and at night, Chen Hao Xuan ate dinner at Shen Ruyan's and went back to his ward. At around 1am in the middle of the night, Chen Haoxuan sneaked out of the military hospital, he was like a ghost, the guards on duty could not even spot him, Chen Haoxuan he took advantage of a group of soldiers going out on patrol to escape.

The next day, Shen Ruyan got up early, she was about to take Chen Hao Xuan's clothes to wear, but she found it missing, there was a note pressed under a water cup on top of the cabinet by the bed, she picked it up and read it, it read: "I have my clothes on, I need to go back for something, bye. Oh, by the way, you sleep like a pig, you don't even know when you enter your room." A very cute pig's head was drawn at the bottom of the note.

Shen Ruyan did not believe that Chen Hao Xuan could get out, knowing that this was a military camp, a place stricter than a bank, it was impossible to get out. Shen Ruyan asked the military doctor for a lady's uniform and after putting it on, she went to the barracks to look for Chen Hao Xuan, only to admit that Chen Hao Xuan had really left after she had searched the whole barracks and found no sign of him.

Chen Haoxuan was no longer in the barracks, and her family was the busy type, so she had no one to play with, so she might as well go back to the university in Johor Bahru, as her body was almost recovered anyway.

So, that afternoon, Shen Ruyan went back to the University of Xinshan City. When he went back, he didn't find Chen Hao Xuan, and Wang Fuyou and the three of them weren't there either.

At this moment, Chen Hao Xuan was at the hotel where he was staying! He was considering whether he should move to the University of Johor Bahru, as it was expensive and inconvenient to live in a hotel.

Later that night, Chen Haoxuan received a call from Ai Beier, who told Chen Haoxuan that they had not found any proof that Chen Haoxuan's place was not demolished by them. Chen Haoxuan didn't do anything to them, just told them to keep checking. Chen Haoxuan was now sure that the person who demolished his place was not Ai Beier, but someone else. Because if it was Ai Beier's, Chen Hao Xuan gave them a week to investigate, they would have created many false clues during that time, even if they said they found one or two clues Chen Hao Xuan would be suspicious, but if they found nothing, Chen Hao Xuan would not have to be suspicious.

Wang Fuyou and the three of them, on the night of Shen Ruyan's accident, after Shen Ruyan was sent to the military hospital, they had someone go to the People's Hospital to inquire about Shen Ruyan. The doctor who arrived at the People's Hospital said that Shen Ruyan had been hit by a laxative containing a strong poison and should not be saved. They discovered with a start that they had been cheated, so they were looking everywhere for the mystery man.

On the 13th of April, Chen Hao Xuan moved to the University of Hsinshan, where he lived. The teacher probably made money and bought a house outside, so Chen Hao Xuan had a place to live.

This time Chen Hao Xuan's place is not so luxurious, a sofa, a spring bed, the rest is the furniture left by the teachers who used to live here.

Yang Lin wanted to move in with Chen Hao Xuan, but Chen Hao Xuan didn't dare to agree to it, as his current situation was not safe and he could be assassinated at any time. So for the sake of Yang Lin's safety, Chen Haoxuan did not agree to Yang Lin's request.

Inside a black car, a beautiful woman with dark skin was talking to a man wearing sunglasses. If Wang Fuyou and the others had seen this man wearing sunglasses, they would have pounced on him and shouted liar.

"Didn't you say that your poison was drugless? Look at Chen Hao Xuan, nothing happened to him after he was poisoned by your poison, and look at Shen Ruyan, she was poisoned by your poison and was fine in a few days, and now she's back running around." The dark-skinned beauty was displeased with the man wearing sunglasses and huffed.

### **Chapter 337**

"I admit that I have overestimated my own abilities. Miss please forgive me once and I promise never to make the same mistake again." The man in sunglasses said in shame.

"We have already researched Chen Hao Xuan's Vertigo Formation and can use it, and as for those strange things in his computer, we are working on it. Now there are too many people who want to rob Chen Hao Xuan, if we want to have an exclusive share of the high-tech technology, we must kill Chen Hao Xuan, only when Chen Hao Xuan is dead, the technology in our hands is the most advanced, no one can surpass it." The beautiful woman with dark skin, said.

"Miss, don't worry, this time my operation will not let you down, look." The man in sunglasses said as he lifted a cage containing a golden snake, which made a hissing and creepy sound.

After the beautiful woman with dark skin saw the snake in the cage, she exclaimed, "Snake King, you actually brought the Snake King, it seems that Chen Haoxuan will definitely die this time."

"This snake king of mine has grown up eating all kinds of poison, his toxicity is so strong that an African elephant would fall to the ground in less than ten minutes if he took a bite, or die in ten seconds if it was a human. He's not only very poisonous, he's also very strong in his own right, he's as fast as lightning and his body is so hard that normal things can't kill him, he's also so strong that you can't catch him unless you take a cage and let him fit himself in it." The man in the sunglasses said smugly.

"Then how do you get him to bite Chen Haoxuan?" The dark-skinned beauty asked.

"That's easy, I just need to get a bit of egg white on Chen Haoxuan's body and my snake king will smell it and bite him." The man in sunglasses smiled evilly.

"Then it's not too late, so hurry up and do it! When you do kill Chen Hao Xuan, I will let you join our team, and then you will live a life of glory and prosperity." The dark-skinned beauty said.

..... split line .....

Chen Haoxuan, who was tidying up his house at his place, and Shen Ruyan was also helping him out. Originally, Chen Hao Xuan wanted to call Yang Lin to help, but that guy Yang Lin said that he was picking up girls and said that for the sake of his happiness, he wouldn't go over to help.

"Chen Haoxuan, I helped you clean up the house, shouldn't you treat me to dinner by the evening!" Shen Ruyan was helping Chen Haoxuan mop the floor.

"That's for sure." Chen Haoxuan said.

"You have a few rooms here, how about I move over." Shen Ruyan said, she was wanting to eat the delicious food Chen Haoxuan cooked.

"No way." Chen Haoxuan refused without even thinking about it.

"Humph, rejecting me again, when you beg me sometime, I will definitely reject you too." Shen Ruyan said with dissatisfaction.

Chen Haoxuan moved a sofa to the side of a corner, then sat on it and sighed, "Oh, it's finally done, I'm exhausted."

"If I hadn't come to help you, you might have been even more tired." Shen Ruyan said.

Chen Haoxuan was about to go pour a drink when something suddenly flew in outside the window and stained Chen Haoxuan's clothes. "Huh..., what is this?" Chen Haoxuan questioned, he took his finger and wiped a bit of it under his nose and smelled it, "It seems to be an egg, strange, how can the egg white of an egg leak onto me?"

At this time a golden snake slowly slithered into Chen Haoxuan's place, hissing, Chen Haoxuan heard this strange sound and couldn't help but look around, nothing was there. Suddenly Chen Haoxuan felt as if his foot had been nailed by something, a bite down, shit, it was a golden snake, the snake was about a meter long, Bing Bang ball your size, was biting Chen Haoxuan's foot and would not let go.

Shen Ruyan, she was mopping the floor inadvertently looked at Chen Hao Xuan, and suddenly found a golden snake biting Chen Hao Xuan's foot, fear of snakes is the nature of girls, Shen Ruyan a scream: "ah -, there are snakes, help!"

Chen Haoxuan said to Shen Ruyan, "Don't shout, this snake seems to have been trained by someone, he bit my foot and kept feeding venom into me, when I thumped him, he dodged away and when I stood up, he was going to attack me, so I'm sure it's in someone trained to try to kill snakes."

"Ah..., what about that? A snake bite is going to kill you." Shen Ruyan cried, her whole body leaning against the wall, the mop protecting her chest, her body shaking, it seemed he was really afraid of snakes.

Chen Haoxuan squatted down, his eyes fixed on the golden snake, which was being stared at by Chen Haoxuan and did not dare to move. Chen Haoxuan slowly stretched out his hand and seemed to want to grab the golden snake. When the snake saw Chen Haoxuan trying to grab him, he stood up tall like a cobra, as if ready to give Chen Haoxuan a thunderous strike.

As Chen Haoxuan continued to reach out, the golden snake launched an attack to see, Chen Haoxuan only felt a flash before his eyes and the golden snake bit his palm. With a quick grab, Chen Haoxuan grabbed the golden snake in his hand. "Wow, I like this snake, I'm going to keep him." Chen Haoxuan grabbed the snake and said happily.

Shen Ruyan, who was cowering by the corner, said to Chen Haoxuan, "Chen Haoxuan, let him go quickly, I'm scared looking at him."

"This snake is definitely not an ordinary snake, because his venom makes me feel pain, you know, I was once poisoned with a severe poison and ended up feeling nothing, while this snake's venom can make me feel pain, I believe his venom must be very strong. And yeah! Look at his golden snake's skin, it's beautiful! He's so strong, I suspect this is the one in a million snake king." Chen Haoxuan said.

After that golden snake asked for many bites of Chen Haoxuan, he stopped biting, perhaps he already knew that Chen Haoxuan was not afraid of his venom.

"Chen Haoxuan, you make him sound so powerful, why don't you hand him over to our Dragon Group? We have scientists in the Dragon Group too, so maybe we can find some secrets on this snake." Shen Ruyan suggested.

"It's fine, it's a gift from me to your Dragon Group!" Chen Haoxuan said.

Chen Hao Xuan his place did not have a steel cage, so he needed to go outside to buy one, and since this golden snake was too strong for an average adult to grab, and his toxicity was so strong, Chen Hao Xuan really did not dare to let him out.

There was a small shop selling small animals to the left of the University of Hsinshan, and Chen Haoxuan was going to buy a cage there. He had not gone far out of the University of Hsinshan when he was suddenly stopped by a black car, which suddenly drove in front of him, and if he had not reacted quickly and taken two consecutive steps back, he might have been under the car.

The door of the car opened and a man wearing sunglasses got out, he pointed at the golden snake in Chen Haoxuan's hand and said, "I raised this snake, please let go of him."

## **Chapter 338**

"So you got the egg white on me. Then you released the snake, the snake smelled the egg white and found me, and if he wanted to eat the egg white, he had to kill me so he could eat the egg white on me without fear, is that right?" Chen Haoxuan said with an evil smile.

"I tell you, I am the King of Poison, I can make any kind of poison, if you let go of the snake in your hand, I will not bother you again in the future, but if you don't, I will be killed by me." The man who was called the King of Poison threatened Chen Haoxuan, saying.

"But I'm not afraid of you, come and grab it if you have the guts!" Chen Haoxuan said to the Poison King with a smirk.

"Humph, you asked for this." The Poison King waved his hand at Chen Haoxuan, then laughed wickedly, "You have been hit by my Three Steps Down, as long as you take three steps, your brain will die."

"Is that so?" Chen Haoxuan laughed evilly as he approached the Poison King step by step, he stopped when he reached the third step and said interestingly to the Poison King, "Poison King, are you not saying that I have already been hit by your Three Steps Down? How come I'm not doing anything now? Is your poison no good, or am I just too good."

"It's... it's impossible! How come you're not afraid of any poison." The Poison King said in a tangled voice.

"The reason is simple, you are the Poison King and I am a divine doctor, I can cure all your poisons." Chen Haoxuan said.

"You're lying, just now I sprinkled out three steps of poured poison powder, you haven't even taken the antidote after being hit." With an expression of disbelief, the Poison King said to Chen Haoxuan.

"It's actually very simple, I'm a divine doctor! In order to treat all kinds of poison and all kinds of diseases, I had to test the poison with my own body! If you are envious of me, you can practice it yourself!" Chen Haoxuan said as he moved closer.

"You... don't you come over." The Poison King kept throwing packets of poison powder at Chen Haoxuan, but this could not stop Chen Haoxuan's advance at all.

The snake that Chen Haoxuan grabbed in his hand seemed to be very excited as he kept opening his mouth and sucking in the poison powder that was in the air.

Seeing that Chen Haoxuan could not even get rid of all the poison, he now believed that Chen Haoxuan was invulnerable to all kinds of poison, so he took out his last resort, a pistol, and quickly pulled out a pistol and pointed it at Chen Haoxuan, shouting coldly, "Stop, come over again and I'll shoot."

Chen Hao Xuan took the snake in his hand as a whip and whipped it hard at the Poison King's wrist, with a snap, the Poison King's wrist was hit by Chen Hao Xuan, the Poison King didn't hold the pistol for a moment, making it fall to the ground. As soon as the Poison King's pistol hit the ground, there was a sudden bang and Chen Haoxuan was shot in the chest.

When the Poison King saw that Chen Haoxuan had been shot in the chest, he laughed out loud and bent down to pick up the pistol that had just fallen to the ground. Chen Haoxuan was actually fine, he had put a few \*\*pieces in his chest pocket because of his previous sneak attack experience, the bullet was just blocked by his own steel piece and did not hurt him.

Chen Hao Xuan saw the Poison King trying to pick up the pistol, he lifted his foot and kicked the Poison King in the head, Chen Hao Xuan quickly bent down to pick up the pistol on the ground and quickly went to a corner.

The Poison King knew that Chen Haoxuan was alright and that he was no match for him, so he tried to escape.

Chen Haoxuan saw the Poison King trying to escape, he raised two fired two shots, bang bang, the Poison King's two legs were shot, helplessly kneeling on the ground. With a bang, a bloody hole appeared in the Poison King's forehead, which was done by the Poison King and their own men. Chen Haoxuan only judged the approximate position of the blocker by the part where the Poison King had been shot.

He searched for a long time but could not find it, so he did a move to lure the snake out of the hole, he took off his jacket and threw it out. He then fell to the ground and looked sideways in front of him.

It was probably the clothes Chen Haoxuan had just thrown out that attracted the sniper's idea, because they snipers rely on their sights to see their targets, so once Chen Haoxuan's clothes were thrown out, they needed to move their sniper rifles, and this slight movement of his would sometimes be noticed.

Chen Haoxuan only took two seconds to look, and as soon as the two seconds passed, he immediately ducked back. "Looks like I should get Shen Ruyan's help." Chen Haoxuan pulled out his mobile phone and muttered to himself.

The call soon went through, "Shen Ruyan, I am now in front of the University of Xinshan City, someone is sniping me with a sniper rifle, I beg you to help me, see if you can catch those who are trying to catch me." Chen Haoxuan said.

"Just wait, I'll be there soon." Shen Ruyan's voice came out from the phone.

Shen Ruyan came quickly and Chen Hao Xuan told her to hide elsewhere and check the sniper's location. In order to find out the sniper's location, Chen Hao Xuan had to take a risk, he ran the S line and moved forward, bang bang ....., the characteristic sound of a sniper rifle rang out.

This time, not only Shen Ruyan found out, even Chen Hao Xuan himself found out. The problem was that they only had a pistol, not a sniper rifle, and the distance was too far for a pistol to hit, and Chen Haoxuan didn't have the confidence to do so. So the only way is to get closer, Chen Haoxuan continued to run by S route, Shen Ruyan also followed Chen Haoxuan to run by S.

The sniper fired many shots without hitting Chen Haoxuan, so he simply retreated. The sniper jumped from the other side of the building and got into a van as soon as he landed.

When Chen Haoxuan arrived at the spot where the sniper had just been, the sniper was long gone.

Having pounced again, Chen Haoxuan was upset, if you were the one who had been assassinated all day, you wouldn't be happy in your heart.

"Chen Haoxuan, the sniper jumped straight down the stairs from the other side and ran away."  
Shen Ruyan said to Chen Haoxuan.

"Shen Ruyan, you go back now, talk to the leader of your Dragon Group, as long as he helps me take care of these troubles, I will recommend one of my apprentices to you, her hacking skills are not as good as mine, but compared to others she is a super expert, in addition I will share some of the things I designed with your Dragon Group, such as weapons, traps, bewitching formations and this kind of stuff. If the cooperation is good, I will consider making you guys the most powerful people in the world." Chen Haoxuan said seriously to Shen Ruyan.

"What you said can't be true, right?" Shen Ruyan was a bit in disbelief, the benefits Chen Hao Xuan gave were really too much and too big.

"You can't see that those dead foreigners just want to steal my technology, otherwise why would they specialize in stealing my computers. Giving technology to foreigners, I might as well give it to people from my own country." Chen Haoxuan said.

"Okay, I promise, I'll go now." Shen Ruyan said happily, as she ran out ten meters, she suddenly ran back again, stood in front of Chen Haoxuan, stood on her heels and kissed him, "Wait for me, I'll be back soon."

Chen Hao Xuan wiped his lips and looked at Shen Ruyan's departing back, saying secretly in his heart, "If I am given a few more years, what agents, ninjas ....., I will destroy as many as come. Unfortunately, now the excitement they are not strong enough, and I am not very strong, alas -, I have to ask the Dragon Group for help, I hope the Dragon Group in China will not let me down."

Shen Ruyan told their group leader about Chen Hao Xuan's request for help, and their group leader didn't know how happy he was, especially with Chen Hao Xuan's last words, if the cooperation was good, I would help you become the most powerful person in the world. They thought that Chen Hao Xuan must be in possession of some powerful technology, otherwise how could he dare to say that he would become the most powerful person in the world.

The leader of the Dragon Group sent ten experts to protect Chen Hao Xuan. These ten experts were the ten most powerful in the Dragon Group, each of them had their own skills, and ordinary people were as weak as an ant gang in their eyes.

The men sent by the Dragon Group arrived at the University of Xinshan that afternoon, and Shen Ruyan took them to Chen Hao Xuan's residence.

"His name is Hua Speed, because he likes flowers so he gave himself the surname Flower, and Speed is the speed of speed, because his swordsmanship is so fast that the naked eye cannot see it. He was called Smiling Tiger because he was cheerful. All day long he likes to joke around, so people gave him the flower name of Smiling Tiger. His ability is to speak well. And he can also read faces, tell fortunes, etc.

His name is Marksman, and you should know what he is capable of without me telling you. He is called Hercules, his strength is natural, he can match the strength of an African elephant, we once examined his body, his muscles are very hard when he fires a punch, an ordinary person will feel like they are hitting a stone, plus his bones contain a small amount of metal.

His name was Speedy, he could lighten up and run faster than a car. Her name is Divine Thief, she is a cartilaginous person, she can usually get into very small spaces, and she can open whatever locks there are. His name is Speedy, he is a guy who likes to show off a lot, he is a good car fan, he modifies his own car, the fastest speed he can float in his modified car, he usually just picks us up and drops us off.

His name is Death and his skill is to make all kinds of concealed weapons and all kinds of poisons, he and you have one thing in common, both are invulnerable to poisons. Her name is Feier, she is my best sister, she is a master hacker, she also makes all kinds of electronic machinery. The last one is me; la! My nickname is Beauty, Commander."

"You're a commander, so that means you're smart?" Chen Haoxuan looked at Shen Ruyan in surprise and said.

"Yes! Didn't expect that, did you?" Shen Ruyan said smugly.

"I can't understand how you can be a commander with your intelligence and command so many experts, I envy you!" Chen Haoxuan said to Shen Ruyan.

"Hmph, Chen Haoxuan you look down on people, I can be a commander because I'm really good at commanding combat, I once became perfect for more than fifty missions, all of which were commanded by me, you say I'm awesome." Shen Ruyan said.

Chen Hao Xuan ignored her, Chen Hao Xuan said to all the Dragon Group members, "My name is Chen Hao Xuan, thank you all for coming to help me, when this is over, you will all get what you want."

"You're blowing it, aren't you? Did I say I want the most perfect motor and you can give it to me?" Speedster gave Chen Haoxuan a blank look and said.

"Of course I can, I will make a motor who is only as big as a teapot, don't look at him as small, he can reach a speed of 600 kilometres per hour, and his manoeuvring sound is so small that if you drive slowly, you basically can't hear it. I don't know if you want such a motor?" Chen Haoxuan said to Speedster.

"For this motor, I'll fight." Speedy Man said excitedly, he was a car fanatic, and the motor Chen Haoxuan said made him impatient to get it.

"What about me? What can you give me?" The man called Speedy said.

"I can help you make a retractable wing, although you can't fly, but in he can take you down from a high glide, so you can go all that way." Chen Haoxuan said.

"What about me? What about me!" The girl named God Thief excitedly said to Chen Haoxuan, "Your bones are soft, but it's a disease that makes you unable to carry heavier objects. I can treat your disease, but if I help you heal your cartilage, you won't be able to stretch as freely as before." Chen Haoxuan said.

"Wow oh, you're so awesome, you can even treat a disease like cartilage, I worship you so much." The divine thief said to Chen Haoxuan with affection.

The girl called Little Feier walked up to Chen Haoxuan and said to Chen Haoxuan very seriously, "I don't want all of it, I just want to learn your hacking skills."

"That's no problem, as long as your character is reliable, I will consider handing you over." Chen Haoxuan was quick to say.

The others had walked up to Chen Haoxuan, wanting to ask Chen Haoxuan if this had what they wanted, what Chen Haoxuan had just said was not something that could be made at once, it would all take a lot of time to make, so he didn't want to promise to give them anything right now.

"Everyone, stop arguing, when this is done, you will definitely be satisfied with your gifts is all." Chen Haoxuan said.

"Everyone stop arguing, all follow me, I'll take everyone to your rooms." Shen Ruyan said loudly.

Now Chen Haoxuan's place had become wider, because Chen Haoxuan had rented the house next door as well, and in the middle the wall had been torn down by him, so two rooms had become one, could it not be wider?

Shen Ruyan's teammates came to him for the first time, so how should he, the host, treat them to a good meal? So Chen Haoxuan took them to the villa hotel and ordered a sumptuous table of delicious food.

Hercules was worthy of being a fierce man, and when Chen Haoxuan offered him wine to drink, he waved his big hand, "No." He asked the waiter to bring him a case of sixty-degree white wine, and the way he drank it even Chen Haoxuan felt he was powerful, one bottle in one breath.

Although Chen Haoxuan didn't know how good they really were yet, he believed they couldn't be any worse just by listening to their abilities. Chen Hao Xuan then thought, when he had finished with those who wanted to kill him, he would bring them to the Chen family village and let them help train Jiang Dong and the others, maybe Jiang Dong and the others would improve.

Chen Hao Xuan and the others didn't go back until 12pm, and when they did, three of them were drunk. He carried Smiling Tiger and Speedy back on his back, while Little Feier carried Speedy back with God Thief.

Back at the residence, Shen Ruyan sat next to Chen Hao Xuan and said to him, "How is it, our Dragon Group is not low in strength, right?"

"How do you know without having fought, just like you, average intelligence, but you became their commander, just because of that, I doubt it." Chen Haoxuan said.

"Can't I say that you're not angry with me?" Shen Ruyan huffed, she really couldn't understand, Chen Hao Xuan chatted with other people quite normally ah! And also very polite, but with her it was different, all day long he said this is not good and that is not okay, often he was angry out of internal injuries.

"I'm telling the truth! If you don't believe me we can try." Chen Haoxuan said.

"How can we try?" Shen Ruyan said with great interest.

"How many does one plus one equal?" Chen Haoxuan asked.

Shen Ruyan warmly stretched out a finger and nudged Chen Haoxuan's forehead, laughing, "You're silly! One plus one certainly equals two!"

"You're the one who's stupid! I didn't say what was added, what if I said it was a couple! If they had a baby together, wouldn't that make three? So you! Use your brain more in the future, otherwise your commander will soon be replaced by someone else." Chen Haoxuan said.

"You're being sophomoric." Shen Ruyan said unhappily.

"Whether it's crooked or righteous, it's good to make sense anyway." Chen Haoxuan smiled and said.

"I can't say no to you." Shen Ruyan said with a small beak.

"I see that you have drunk a lot of wine tonight, you'd better go to bed early!" Chen Haoxuan said to Shen Ruyan.

"Will you kiss me again?" Shen Ruyan looked at Chen Haoxuan expectantly and said, having drunk wine courage came with it.

"I am going to charge for this!" Chen Haoxuan.

Shen Ruyan didn't care if Chen Hao Xuan was willing or not, quickly I kissed Chen Hao Xuan on the lips, then got up and ran off to bed with a smile.

Looking at Shen Ruyan's back, Chen Hao Xuan felt that he was not too girly? Even a girl dared to bully him, and several were forcefully kissed by girls, and once they were forced to climb out of the window to escape.

The next morning, Chen Hao Xuan personally cooked breakfast, after eating breakfast, Chen Hao Xuan took Shen Ruyan and the girls to go to the University of Xinshan City to hang out, he was not the usual large array, more than two meters tall muscle man, pink and cute little beauty, noble prince-like handsome man, scruffy covered in gasoline smell of the vicissitudes of the brother ....., all kinds of people, each has his own characteristics.

The first thing you need to do is to take the girls out with you, Chen Hao Xuan is not afraid of anything anymore, and he can't wait for someone to come to him for trouble. What a pity! Both Ai Beier and Mei Hui Zi were hiding somewhere, otherwise they would have gone straight to their trouble, and the other enemy, until now Chen Hao Xuan didn't know who the other party really was.

Yang Lin, who met Chen Hao Xuan, was too surprised to speak when he saw those people following Chen Hao Xuan, and could only say in his mind, "Chen Hao Xuan is too powerful to have collected these monsters. That two-metre tall muscular man's strength, I don't know if he is stronger or Zhang Tiezhu's strength in the heart of Chen's village."

Yang Lin ran up to Chen Haoxuan and greeted him, "Haoxuan, are these your collected minions behind you?"

"It's good to have such strong henchmen! They are actually the ones I hired to protect me, as you know, I've been unlucky lately, I've been chased by people a lot, just yesterday I was even poisoned by someone called the Poison King, and almost killed by a sniper. For the sake of my life, I had to hire an expert to protect me." Chen Haoxuan said in a funereal voice.

Hearing Chen Haoxuan's words, Yang Lin was surprised! Apart from Jiang Dong and the others - not many people could understand Chen Haoxuan better than him, Jiang Dong and the others were all experts, but Chen Haoxuan didn't even use Jiang Dong and the others, instead he went to hire other experts, could it be that Chen Haoxuan's enemies were too strong, even experts like Jiang Dong and the others couldn't defeat them, that's why he hired more powerful experts, was that the case? Yang Lin's heart was filled with questions?

## Chapter 339

"Hao Xuan. Could it be that your enemies are several times stronger than Jiang Dong and the others?" Yang Lin asked seriously.

"That I don't know, because I don't even know how many enemies I have right now." Chen Haoxuan laughed helplessly.

"Ah..." Yang Lin was shocked by Chen Hao Xuan's answer, he did not expect Chen Hao Xuan's enemies to be so many, so many that Chen Hao Xuan himself did not even know how many there were, Yang Lin was feeling scared for Chen Hao Xuan, but Chen Hao Xuan's expression did not show the slightest bit of fear, only a helpless smile, such boldness was not something that ordinary people could possess.

Seeing Yang Lin reveal a surprised and scared expression, Chen Haoxuan knew that Yang Lin was afraid that he had dragged him down, so Chen Haoxuan patted Yang Lin's shoulder and said with a smile, "You don't have to worry, my enemies only want to deal with me, they won't go after people who are related to me, unless you are with me, my enemies won't go and attack you."

Hearing Chen Haoxuan's words, Yang Lin was embarrassed, he was indeed afraid, but he did not want to leave Chen Haoxuan for this reason, because he himself had ambitions, he knew his strength, he could not do it on his own, so he did not want to leave Chen Haoxuan, he had to rely on Chen Haoxuan to fulfil his dream. He knew Chen Haoxuan's potential, if he gave Chen Haoxuan a few years, Chen Haoxuan would become a great man, this was what his instinct told him, to become the godfather of the underworld, only Chen Haoxuan could help him accomplish it.

"Hao Xuan, you misunderstood, I did not mean to leave you, I was just surprised, as you know, I am just an ordinary person, to hear that your enemy is so powerful, I, an ordinary person, am not surprised - do you think it is normal?" Yang Lin hurriedly explained, although he was now working as Chen Hao Xuan's subordinate, he didn't feel it was a shame at all, instead he felt proud, because he was working with the right person, when this person rose to power - that was when he would be powerful.

"Good brother, let's go, let's show off." Chen Haoxuan put his arm around Yang Lin's shoulder and said happily.

Yang Lin said to Chen Haoxuan as he walked, "Haoxuan, haven't you always kept a low profile? Why have you learned to show off too?"

"Oh ....., I was trying to draw my enemies out, why - you're afraid." Chen Haoxuan looked at Yang Lin with a smirk and said.

"Afraid for sure, but when I saw those experts behind you, all the fear disappeared quite naturally." Yang Lin said.

"Not afraid, then let's continue strolling!" Chen Haoxuan laughed.

Chen Haoxuan's group was very conspicuous, no matter where they went there would be many students and teachers looking at them, because each one of them in the group had a unique aura, one look and they knew they were not ordinary people.

Chen Haoxuan took Shen Ruyan and the others around the University of Xinshan City twice without attracting the enemy out, so they had no choice but to go outside and show off, hoping to meet the enemy outside.

In a bungalow not far from the University of Xinshan City, a thin youth pushed the door in, and the youth said respectfully to a beautiful woman with dark skin sitting in the living room, "Miss, Black Snake and the others have sent word that Chen Haoxuan is wandering around the University of Xinshan City with a group of strange people, and is now walking out of the University of Xinshan City with that strange group of people. "

The dark skinned beauty smiled, her smile was like a black rose in the process of opening, she laughed, "You trash, you don't even know the identity of the strange group of people following Chen Hao Xuan and you come to report to me, my father spent so much money to support you, what have you all done for my father? Hmph."

"Miss, we thought it was important, so we were going to try to tell you that Chen Hao Xuan had nine more strange people around him before we went to find out their identities, I hope you can understand." The youth explained respectfully.

"Hmph, do you think I, Black Rose, am a waste like you guys? I tell you, the information you are telling me now - I already knew it yesterday afternoon, and I know the identity of that strange group of people. You're too Lang to cost my dad money, so I'm going to help my dad get rid of you, you useless piece of sh\*t." With a swish, somehow a pistol appeared in Black Rose's hand.

The young man saw Black Rose pointing the gun at him and was so scared that he sat down on his butt, he knew this person Black Rose, she was called Black Rose because she was beautiful but her heart was black, the Black Rose who killed without blinking, how many people she had killed, no one knew except herself.

"Miss, I am loyal to your father, you can't kill me, if you kill me, your father will condemn you." The youth's trembling voice begged for mercy.

"Ho ho ho ....., do you think I don't know what you went to yesterday? Do I need to tell you?" Black Rose sneered.

Hearing Black Rose's words, the youth's forehead instantly broke out in many cold sweats, he desperately was kowtowing, bang bang bang ....., only after a few times his forehead was bleeding. "Miss, for the sake of my loyalty to your dad for so many years - you can spare me this time! I promise that next time such a thing will never happen again."

"Hmph, when facing the enemy, you dare to go to a prostitute~, people like you shouldn't live in this world, go to hell!" Black Rose said and pulled the trigger, with a swoosh, a bullet hole appeared in the youth's forehead.

"Someone, drag this trash out." Black Rose chirped.

Soon a few peasants walked in outside the door, and those few peasants carried the already dead youth out with no expression.

Black Rose sat back on the sofa, removed the muffler mounted on her pistol and muttered to herself, "Chen Hao Xuan, don't think that with the Dragon Group protecting you, you can come back at me, I will show you the power of my Black Rose, just wait! Hehehehe ....."

Chen Hao Xuan took Shen Ruyan and the others for a long drive around Xinshan City without finding any enemies, which made Speedy and the others very dissatisfied, they were here to protect Chen Hao Xuan, not to accompany him on his shopping trip. But Shen Ruyan, Little Feier and God Thief had a great time because Chen Haoxuan had bought them many nice gifts and they not only did not protest to Chen Haoxuan, they would tell Chen Haoxuan that they wanted to come shopping again tomorrow.

Without a single gain, Chen Haoxuan had to take Shen Ruyan and the others back.

At around 22:00 pm, Ai Beier and Miezi were walking in the garden of the campus when suddenly a black shadow rushed out from behind a dense tree and a huge fist hit Miezi's chest, surprisingly Miezi's breasts were big enough, but her elastic breasts did not play a role under the strong force, with a bang, Miezi's body flew backwards and fell into the flowers a few meters away.

## **Chapter 340**

In the light of the garden path. Although the strong man was masked, she recognized him immediately because Chen Hao Xuan had a man like that with him, and she also knew the strong man's nickname, Hercules, and she thought that Hercules had been sent by Chen Hao Xuan.

"You were sent by Chen Hao Xuan?" Ai Beier coldly said to the masked giant man.

"Hmph, it seems you have recognised me, so go to hell!" The masked giant man said and roared as he charged towards Ai Beier.

It felt like the masked man was a huge tank coming at her, it made her feel oppressed, she didn't dare to fight the masked man hard, she turned around and went around the back of the masked man, then a sweeping kick hit the back of the masked man. A burst of pain came from her foot, and it felt like she had not hit a human being with her foot, but a rock. With that he turned quickly and grabbed Abel's neck with one hand and lifted her up. "What a beautiful woman! If Chen Hao Xuan hadn't asked me to kill you, I would have slept with you properly."

"If you kill me, our Rice Secret Service will not spare you." Abel held her face red as she struggled to get those few words out, the masked giant man was too strong and being caught by him this made her lose the power to resist.

Mieko, who was not dead, but had just been injured by a punch from the hooded man, woke up after a moment's fainting. She saw Abel being lifted up by a giant man with one hand, and she hastily pulled out her pistol and shot him twice in the back of the heart, bang bang.

The masked giant man roared and quickly turned around, throwing Abel at Mieko. As Ai Beier's body flew towards Miezi, blocking Miezi's line of sight and making it impossible for Miezi to continue shooting, she stretched out her hands to catch Ai Beier.

"If you dare to hit Chen Hao Xuan's attention, just wait for Chen Hao Xuan's revenge!" The huge masked man said, covering his chest and running towards the back of the hill.

Mieko said to Ai Beier who was panting on the ground, "Ai Beier, shall we chase after him?"

"Better not, his words were full of confidence when he escaped, so I suspect they have accomplices in the back of the hill, if we go after them, there's a good chance we'll never come back." Ebelle gasped.

"Then we'd better hurry back to where our men are staying! With them around, we don't have to be afraid even if Chen Hao Xuan and the others come." Mieko suggested.

"Then let's go quickly, or we won't even be able to leave when Chen Hao Xuan's men come." Ai Beier said.

At the back of the hill of the New City University, a huge masked man took off his shirt, only to see a suit of armor inside, the armor was ugly but it could protect the upper half of his body, the huge masked man took off the armor and threw it aside, muttering to himself, "Still Black Rose is powerful, let me wear the armor beforehand, otherwise I would have died at the hands of those two little b\*tches today."

Half an hour later, in a bungalow not far from the University of Johor Bahru, the masked giant could no longer be called a masked giant, because he was no longer masked, his face had no scars, but his features were so unpleasantly long, one word ugly, anyone who saw him would be reminded of Wen Chou in the Three Kingdoms period. If Hercules and him stood together, everyone in the world would say that Hercules was a beautiful man, because Hercules was really so much better looking than him, not because Hercules was handsome, but because the masked giant man was so ugly.

"Berserker, how are things going?" Black Rose, sitting on the sofa, asked coldly, she was wearing a short skirt and crossing her legs, which made people want to glance inside, but Berserker didn't dare, Black Rose was not only ruthless but also powerful, if anyone tried to hit her, they would die a horrible death.

"Abel and the girls fell for it, they really see me as Hercules. Oh yes, I want to thank Miss for the warning, if it hadn't been for Miss, I might have been shot and killed by Mieko." Berserker said.

"Can you not carry a pistol with Abel and the girls in their position? Use your head more, anyone can figure it out." Black Rose said smugly.

"Yes, yes, yes." Berserker didn't get angry, he was afraid to get angry, if he did he would be killed by Black Rose.

"Don't go out during this period, just stay at the residence, I will arrange for some beautiful girls to accompany you." Black Rose said to Berserker.

Hearing that there were beautiful women to keep him company, Berserker's mouth was exposed, he happily said to Black Rose, "Thank you Miss, I, Berserker, will definitely not let down the cultivation of Miss."

"Alright, go back if you're alright!" Black Rose waved her hand and said.

After Berserker left, Black Rose said smilingly, "Chen Haoxuan, aren't you known as the smartest person? Then I'll play you to death."

On Chen Hao Xuan's side, he suddenly received a call from Ai Beier, and as soon as he pressed the answer button, he heard Ai Beier's angry roar, "Chen Hao Xuan, are you waging war on us? I'm telling you, don't think that just because you've hired experts from the Dragon Group - we'll be afraid of you, I'm telling you, I've already sent twenty experts from Rice, and Ai Beier has also sent fifty high-ranking ninjas from the island, when they arrive it will be your time to die."

"Ai Beier, stop for a moment, can you let me say a few words?" Chen Haoxuan interjected.

"What else do you have to say? Tell you it's all too late, wait for death to come!" Ebel's angry voice came out of the phone.

"I don't want to say anything, I just want to ask why?" Chen Haoxuan was torn, he hadn't messed with Ai Beier all this time! But why did Ai Beier hate him so much?

"Do you think I won't recognise Hercules if he's masked? You don't even think about how many people in this world can look like him with that size, I don't want to say anymore, bye."

The beeping sound made Chen Hao Xuan feel speechless, Chen Hao Xuan turned his head to Shen Ruyan and the others and said, "You have just heard it, right?"

Shen Ruyan and the others nodded their heads.

"Isn't your Dragon Group very mysterious? Why would she, an agent from Rice, know your identities? Can you tell me the reason?" Chen Haoxuan asked with a bitter face.

Little Feier said awkwardly, "Our Dragon Group's system was attacked by the hackers from Rice, and because our computer technology was poor, they succeeded and they stole a lot of our precious information. Those hackers were most likely the people from the Rice Dragon Group, that's why Abel knew our identity."

"You guys know you have poor computer skills - then why do you still exist the information in the system connected to the internet cable, wouldn't you have used the oldest method to print out the information and store it?" Chen Haoxuan chided a little angrily.
