

## A Billionaire's Reincarnation Chapter 341-350

### Chapter 341

"We didn't expect the Rice hackers to be that good either." Little Feier said in a demoralised voice. She was the one responsible for the Dragon Group's computer system! Chen Hao Xuan was simply blaming her alone now!

"Now that Ai Beier thinks I sent Hercules to attack them, what do you guys think about this?" Chen Haoxuan asked.

"Someone must have wanted to set us up, so they found someone about the same size as Hercules to assassinate Ai Beier and the girls." Shen Ruyan spoke out.

Hercules stood out, his fists clenched to a crunch as he said angrily, "If I find out who impersonated me, I'll tear him up."

"I agree with Shen Ruyan, so let's think about how to deal with this matter! Should we have a fire fight with Ai Beier and the girls, or should we catch the person impersonating Hercules and hand him over to Ai Beier, or should we reconcile with Ai Beier and the girls?" Chen Haoxuan said.

"Reconciliation, my ass! Even if someone is trying to frame you, there is no need for you to reconcile with her, as long as she dares to come, we will make her look good." Hercules huffed, someone impersonating him was upsetting him and he was eager to find someone to fight.

"Fine, we won't reconcile, we'll fight them, but everyone must leave Abel and Mieko alive, they're useful to me." Chen Haoxuan said.

The next morning, Chen Hao Xuan went to the headmaster, he wanted to withdraw from school, he had too many enemies, if he continued to stay at the University of Johor Bahru it was likely that he would drag the students and teachers of the University of Johor Bahru down with him, so he wanted to withdraw from school.

In an office on the first floor of the teaching building of the New City University, the headmaster was trying hard to persuade Chen Hao Xuan, "Hao Xuan, you are the best student of our New City University, we all don't want you to leave, if you have any hardship you say it, we will help you."

"Principal, can you answer a few questions for me first?" Chen Haoxuan said with a smile.

"You say?" The principal said politely.

"I'm at the University of Johor Bahru - what can you teach me?" Chen Haoxuan said.

"It's-." The principal didn't know how to answer Chen Haoxuan, Chen Haoxuan was a person known as a genius, with countless times more knowledge than they, the teachers, and they didn't have anything to give to Chen Haoxuan, nor were they qualified to teach Chen Haoxuan.

"I know more than any of you teachers, so you don't have anything to teach me anymore, so I'm wasting my time by continuing to study at the University of Johor Bahru, so it's normal for me to drop out, I don't want to waste my time anymore, please give permission to the headmaster." Chen Haoxuan said seriously.

"Alright! You've said that, how else can I keep you. I'll do the formalities for you now, and I hope you'll take more care of your alma mater when you become stronger in the future." The headmaster said to Chen Haoxuan.

"I will." Chen Haoxuan nodded and said.

After Chen Haoxuan completed the withdrawal procedures he took Shen Ruyan and the girls and left New Mountain University. Not long after Chen Haoxuan left, the headmaster told them about Chen Haoxuan's withdrawal and the whole school sighed, Chen Haoxuan was their goal and now that Chen Haoxuan had withdrawn, they felt like they had lost their power and people had become blind.

Zhu Tian, he was different from others, when he heard that Chen Hao Xuan had dropped out, he was sitting on the ground and laughed out loud, and kept slapping the ground with his hands, so it could be seen to what extent he was happy. "Hahahaha ....., Chen Hao Xuan you finally left, you left I am the big brother of the University of Hsinshan, I am the master of the University of Hsinshan, hahahaha ....."

Chen Hao Xuan dropped out of school, some people are happy and some people are sad various emotions spread in the University of Hsinshan City. Zhu Tian, who was soon showing off with his men at the University of Johor Bahru, would have his minions swarm him if anyone dared to say anything bad about him.

Chen Hao Xuan he bought a three-storey building on the outskirts of Johor Bahru City, which was surrounded by no one living there, which was useful to Chen Hao Xuan, at least he didn't have to worry about dragging innocent people into it anymore.

While Abel and the girls were still here and it was still dark, Chen Haoxuan asked Hercules and the girls to dig a hole in the ground just in case. Originally, Chen Hao Xuan wanted to make a bewitching formation, but seeing how confident Shen Ruyan and the others were, Chen Hao Xuan wanted to see how strong they really were.

After digging the hole in the ground, Chen Haoxuan and the others ate and drank on the roof of the building: "I say you guys should drink less, we are going to have a fire fight with Abel and the girls tonight, don't blame me if you get drunk and die." Chen Hao Xuan spoke out and reminded.

"Hao Xuan, don't worry! I am a huge drinker, it would take at least a few cases of white wine to get me drunk, so you don't have to worry about me, hahaha ....." Hercules finished taking a bottle of white wine and gulped it down.

"Beautiful commander, can you give me two Desert Eagles?" Chen Haoxuan turned his head to Shen Ruyan who was sitting beside him, Chen Haoxuan felt that their nicknames were funny and felt like characters from a cartoon, but he didn't despise them because he knew that they didn't use their real names because they didn't want to drag their families into it.

"Yes, when we finish eating - I'll go and get it for you!" Shen Ruyan was quick to say that there were many weapons kept in the Speedster's car, not to mention two Desert Eagles, or even two machine guns.

It was almost night time when Chen Hao Xuan and the others began to defend themselves.

On Ai Beier's side, she and Miezi were driving their car with eighty experts towards the place where Chen Hao Xuan was now staying to kill them. In the car, Miezi said to Ai Beier, "Ai Beier, we've brought so many experts this time, we should be able to force Chen Hao Xuan to hand over his techniques!"

"I think smartly he will, if he doesn't agree, he will only die." Ai Beier said coldly.

"If you can even if he doesn't agree don't kill him, capture him and maybe we can force him to tell us why he knows so much." Mieke said.

"Ten pistol masters, ten snipers, sixty high ranking ninjas, Chen Hao Xuan and the others will definitely lose today." Ebelle sneered.

When Ai Beier and the girls had almost reached Chen Haoxuan's residence, they had their men surround Chen Haoxuan's residence at the first opportunity. When their men had surrounded Chen Haoxuan's place, Ai Beier took a small loudspeaker and shouted loudly, "Chen Haoxuan, your place has been surrounded by me, surrender if you don't want to die, or don't blame us for not giving you a chance."

Soon Chen Hao Xuan's voice came out from inside the darkened building, "Are you so sure you can take me down?"

"I'm telling you, you are now surrounded by eighty experts, and there are ten snipers among the eighty experts, you will say goodbye to the world as soon as you show your heads." Abel said loudly.

Chen Hao Xuan by a window on the third floor said to the marksman beside him, "Find those ten snipers and take them out, this is the best chance to prove that you are a marksman."

## Chapter 342

"Just watch!" The marksman said with confidence. Then he left with a sniper rifle in his arms.

Soon Chen Hao Xuan heard the sound of bang-bang-bang gunshots, Chen Hao Xuan could hear that these gunshots were all coming from the roof of the building, which showed that it was the marksman who fired the gunshots, to an expert like the marksman would never fire without aiming, so Chen Hao Xuan was sure that every time the marksman fired a shot, one less sniper of Ai Beier's would be fired.

Seeing that Chen Haoxuan had dared to resist, Ai Beier was furious as she loudly chirped, "Go, arrest Chen Haoxuan for me."

Sixty senior ninjas and ten agents killed Chen Hao Xuan's residence from all sides, bang bang ..... shots rang out continuously.

Each of Chen Haoxuan and his men were desperately pulling the trigger as one by one, Abel's men fell, and after Abel's men lost two dozen men, their men managed to enter Chen Haoxuan's residence.

Seeing that her men had entered Chen Haoxuan's residence, Mieko smiled, they ninjas were masters of close combat, and with forty or so senior ninjas entering the cramped building, she thought Chen Haoxuan would surely be defeated.

Chen Hao Xuan now had the Dragon Group as his backer, he was not afraid of anything! He wandered around the building with his twin guns, banging a few shots when he saw his enemies. Chen Haoxuan was so fast at shooting that basically all his enemies would quickly report to hell.

Chen Haoxuan and the others had now all scattered, each going to kill their own enemies. Hercules, sitting on a sofa in the living room on the first floor holding a machine gun, he saw five or six ninjas coming in through the first floor window and picked up the machine gun and fired a burst.

The ninjas were really agile and when they saw Hercules shooting at them with the machine gun, they immediately looked for a place to hide, they were agile but there were always a few unlucky ones, Hercules hit two of them.

Seeing the three ninjas approaching him, Hercules threw his machine gun aside and fought them with his bare hands, not as fast as the three ninjas, but he was so strong that the ninjas he caught could only die. After a dozen cuts to Hercules' body, he managed to kill the three ninjas, his wounds were just skin wounds to him.

Hanasu, he was the god of death in the eyes of the ninjas, all the ninjas who fought him in a fire fight were killed by his slash, how fast was Hanasu's slash, all the ninjas didn't see it because they felt their necks go cold and they lost their precious lives.

Screams continued to emanate from Chen Haoxuan's residence. Hearing these screams, Abel and Mieko's faces went white, they could hear that the people who were emitting a gurgling scream were their men.

"Could it be that Chen Haoxuan has made a bewitching formation inside this building?" Ai Beier's trembling voice said.

"It's not a Vertigo Formation, it's the Dragon Group's experts, our men are no match for them." Mieko said with a pale face, having lost so many high ranking ninjas last time and so many this time, she didn't know what kind of punishment she would suffer back on the island.

Fifteen minutes, it only took fifteen minutes for Chen Haoxuan and the others to finish off all of Ai Beier's men, Chen Haoxuan shouted loudly from inside the building, "Ai Beier, all of your men are dead, do you still want to fight me now?"

"Chen Haoxuan, don't be complacent, this time we have sent out just ordinary agents and ninjas, if we send out real experts, you won't even know how you will die." Ai Beier said coldly.

Chen Haoxuan led Shen Ruyan and the others out of the building and walked towards where Ai Beier and the girls were, Ai Beier and the girls did not run away because they knew the strength of those behind Chen Haoxuan.

Chen Hao Xuan walked up to Ai Beier and said to Ai Beier, "If I told you that the people who assassinated you last night were not the work of Hercules, but someone wanted to frame me, would you believe me?"

"Who else but Hercules has such a physique at New City University." Ai Beier looked at Chen Haoxuan and said coldly.

"Being as strong as Hercules is Hercules? Let me tell you, I, Chen Hao Xuan, am not some fool, if I wanted to kill you all, I would not have sent him alone, I would have sent a sharpshooter to snipe you from a distance, then sent Flower Speed to fight you in close combat, and sent Death to poison you beforehand ....., and with all of them working together, you would all die even if you were gods. So there is no need for me to be foolish enough to send a man here to kill you two, and even if I were to do so, I would not send Hercules, because fighting alone is not his specialty, and his specialty is best brought to its maximum when he fights in a group ....." Chen Haoxuan gushed.

After hearing Chen Haoxuan's explanation, Ai Beier was somewhat convinced, and she asked in confusion, "Then who are the people who assassinated us?"

"I guess it's the gang who demolished my residence." Chen Haoxuan said indifferently.

Mieko she interjected and chortled at Chen Haoxuan, "Chen Haoxuan, what do you mean? You didn't try to assassinate our people, why don't you explain?"

Chen Haoxuan spread his hands and said helplessly, "I wanted to explain, but you guys wouldn't give me a chance! There's also the fact that you guys have been looking for trouble with me again and again, so I guess you must think I'm afraid of you, so this time I'll fight you openly and honestly, but I didn't expect you guys to be so rookie."

Miezi's chest was rising and falling in anger as she angrily said to Chen Haoxuan, "Just because it's to show us that you're not to be messed with, you're going to kill all our men?"

Chen Haoxuan still had both hands in the air and said, "Do I have to stop you if you want to die?"

"Good, Chen Haoxuan, I will remember that from you." Miezi said coldly.

"You should not hate me, but the person who set me up, if he had not made you misunderstand me, how could you have suffered such a great loss." Chen Haoxuan said.

"We will find him out, as for you, I advise you to cooperate with us, otherwise you won't have a good time." Ai Beier said.

"A life too ordinary would take away my joy of being a human being, so I would welcome you all to come and find me in trouble." Chen Haoxuan laughed lightly.

"Chen Haoxuan, let me ask you, now that we have fallen into your hands, do you want to kill us, or set us free." Ai Beier asked seriously.

"Of course I'll let you guys go! How can I say that we are old acquaintances, so how can I kill you! Right!" Chen Haoxuan said with a smile.

"Good, Chen Hao Xuan, I hope you are still alive when we come back to China to look for you again, if you are dead, I will go dig your grave." Ai Beier said coldly.

"I won't even die if you die... Go now! Seeing you guys - I'm upset inside." Chen Haoxuan cursed.

## Chapter 343

Abel and the girls left. When they left, there were only two of them, all the others had been wiped out by Chen Haoxuan and the others.

After Ai Beier and the girls left, Shen Ruyan told Hercules and the others to bury the dead ones.

In a bungalow not far from the University of Xinshan City, Black Rose was happy, half of her plan had been completed, the next half was waiting for her to lead her men to capture Chen Haoxuan, and capture Chen Haoxuan - her plan was complete. Black Rose said in a delicate voice to the few people in front of her, "Ai Beier and Mei Hui Zi brought a large group of experts to seek revenge on Chen Haoxuan, but they were wiped out by Chen Haoxuan and the others, leaving only Ai Beier and Mei Hui Zi undead. Although Chen Haoxuan and the others won, they must be battered and bruised by now, so now is the best time to go and capture Chen Haoxuan."

"Miss, we are all ready." Berserker said.

"Good, if we succeed today, you will all be relied upon by my dad, now all of you set off with me." Black Rose waved her big hand and chirped.

Black Rose was much stronger than Abel and the girls, although Black Rose only had about fifty men, her men were as strange as those of the Dragon Group, all of them were top experts.

Black Rose and her men were fast. When they arrived at Chen Hao Xuan's place, Hercules and his men were burying the body!

Shen Ruyan, she ran to Chen Hao Xuan with a gasp and said, "Chen Hao Xuan, it's not good, there are a few cars parked not far away and many people came down from them, I suspect they are here to trouble you."

Chen Hao Xuan leaned back on the sofa and said indifferently, "If I'm right these are the people who demolished my place, they made Ai Beier misunderstand me and made Ai Beier bring people to find me in trouble. We just had a fight with Abel's people, so they thought we must be bruised and battered now and wanted to come and pick up the pieces, humph, to pick up the pieces - dream on."

"Do we fight them now or?" Shen Ruyan asked.

"Don't fight yet, let's see what they really are before making a decision." Chen Haoxuan said.

Chen Haoxuan told Hercules and the others to all retreat back into the building.

Black Rose she did not ask her men to surround Chen Haoxuan's residence because she only had one goal, that was Chen Haoxuan, the others ran away, besides, she thought that the power could only be maximised if it was concentrated.

Black Rose hid behind a small hill with his men, and she shouted in a delicate voice to Chen Haoxuan's residence, "Chen Haoxuan, you just fought with Abel and the others - you must have taken a lot of casualties yourself, right? Ohhhh ....., let me tell you, I arranged all this, I've brought fifty top experts here now, so if you're smart you'll surrender obediently and avoid the pain of skin."

Chen Hao Xuan used a tape recorder to record this part of Black Rose's speech, he stopped the recording and said loudly, "Who are you? Why do you want to deal with me?"

"Chen Haoxuan, you are a smart man, without saying anything you should know that we are here for your technology, we need your computer technology, as long as you give us this technology, we promise not to hurt you, and also help you solve all your enemies, if you need money, we can also give it to you, ten billion RMB, hundred billion RMB, whatever you want to drive. " Black Rose said loudly.

Chen Hao Xuan, who was inside the building, listened to Black Rose's words and whispered to Shen Ruyan and the others, "This condition sounds like a good deal yeah!"

Little Feier was very nervous, she was worried that Chen Haoxuan would really give his computer technology to the mysterious enemy, others did not know the power of the internet, but she knew it very well, nowadays most people like to rely on the internet for transactions, some big banks have got online banking, if those bad guys got Chen Haoxuan's computer technology, then they could be lawless in the internet world.

Little Feier said to Chen Haoxuan nervously, "Chen Haoxuan, you can't give it to them, if you give it to them - they will ruin the online world."

Chen Haoxuan said indifferently, "It's not like I promised them, I just said that their terms were tempting, they can offer a hundred billion RMB, so I guess their backers must be very powerful."

Hercules waved his fist and cursed, "Powerful, my ass! I can even squeeze them to death."

"Chen Haoxuan, I have a hunch - these people are not easy to deal with, so I advise you to retreat if you can." Smiling Tiger said.

"The other side can't really be that strong, can they?" Chen Haoxuan said with an expression of disbelief. The firefight between Hercules and his men and Abel's men just now had shown Chen Hao Xuan how strong they were, and he didn't expect Smiling Tiger to propose that he retreat.

Shen Ruyan interjected, "Chen Haoxuan, you'd better listen to Smiling Tiger! His premonitions have always been accurate."

"You guys go through the tunnel first, and I'll drive away in Speedy's car." Chen Haoxuan said to Shen Ruyan and the others.

"No, it's too dangerous for you to go alone." Shen Ruyan said seriously to Chen Haoxuan.

"Don't worry about it, as long as Speedy's car is okay, I will be fine." Chen Haoxuan said confidently.

Flying Car Man walked up to Chen Haoxuan with interest and said, "You think your car skills are better than mine?"

"That's for sure." Chen Haoxuan smiled and said, he drove a car in the future world that was many times faster than a car in the 21st century, and it was hard to think of bad driving skills when he drove such a fast car all day.

"Then I don't mind joining you, do I?" Speedy was eager to see Chen Haoxuan's driving skills.

"No problem." Chen Haoxuan agreed.

Shen Ruyan she took Chen Haoxuan's hand and said reluctantly, "Chen Haoxuan, you'd better retreat with us!"

"Trust me, I'll be fine, we'll meet at the Chen family village after we escape." Chen Haoxuan seriously said to Shen Ruyan.

"Alright! But you must be careful, if something happens you call us immediately, we will come to your rescue right away." Shen Ruyan urged with concern.

"Speedster, let's go." Chen Haoxuan waved to Speedy and shouted.

Coming to the garage on the ground floor, Chen Haoxuan got into Speedy's car. Speedy's car had the appearance of a luxurious van, but inside it was big, except for the space for a dozen people, everything else was mechanical and complicated, and Chen Haoxuan could not understand it for a while.

When Speedy saw Chen Haoxuan admiring his car, he said smugly, "My car is not bad, is it! This car can reach 500 kilometres per hour, it's the fastest car in the world, he's not just fast, he has a lot of horsepower, the glass is bulletproof glass, the tyres are bulletproof tyres, you'll feel like you're driving a tank when you drive my car."

"Well, to design such a car in the backward 21st century - you are indeed a talent." Chen Haoxuan said to Speedy with relief.

### **Chapter 344**

"My car is not like a normal car. So let me tell you how to use it!" Flying Car Man said, he carefully told Chen Haoxuan how to use the car, he only said it once, he knew Chen Haoxuan's memory was very strong, so there was no need to say it a second time.

"OK I've got it clear, just sit tight!" Chen Haoxuan said and got out of the car and went to open the iron door of the garage, then quickly returned to the car, stepped on the accelerator and with a roar, the black luxury van rushed out violently.

Black Rose saw a van drive out from Chen Hao Xuan's residence and she chirped, "Hit his tyres."

Bang bang ..... shots rang out at once: "Miss, the car is too fast to hit." A sniper who was lying on the ground looked up to Black Rose.

Black Rose saw that the car was driving towards them, she thought that Chen Haoxuan was trying to fight him, she chirped loudly, "Everyone prepare for battle."

Chen Haoxuan, he was driving around and around, and he was doing a nice drift every now and then, people who didn't know would think he was putting on a show! Chen Haoxuan drove like this purely for his own safety, if he drove in a straight line, the enemy could easily hit him, so he had to drive around.

Soon, Chen Haoxuan was close to Black Rose and he drove straight towards them, bang bang, hitting two unlucky people who were too late to dodge. Chen Hao Xuan jerked the steering wheel, a beautiful whipping tail, ah-, a man with a pistol desperately shooting at Chen Hao Xuan was swept away.

Stepping on the gas again, boom ....., Chen Hao Xuan crashed everywhere like a madman.

"Berserker, smash that car for me." Black Rose stood on a dirt slope and chanted loudly. The ones she had brought with her were all top experts! How could she not be angry when three of them were killed by a car in one go.

Berserker, his weapon was different from the others, not a gun or a sword, but a huge hammer, weighing fifty pounds, in his hand was like a wooden stick, he could juggle it any way he wanted. He heard Black Rose's words, so he raised the huge hammer towards Chen Hao Xuan's car and went from there, trying to smash Chen Hao Xuan's car flat with one hammer.

He heard Black Rose's voice in the car and thought to himself that the leader of these people must be this woman, so he drove towards Black Rose.

At that moment Black Rose saw the person driving, and when she saw that it was Chen Haoxuan, she gave a sinister smile, she did not dodge and stood still.

Through the illumination of the headlights, Chen Haoxuan saw Black Rose's appearance clearly. Just when Chen Haoxuan thought that Black Rose would be run over by him, Black Rose suddenly rose up into the air with a bang, and the sound coming from the roof of the car, Chen Haoxuan knew that it was Black Rose.

"Speedy, what is the roof of your car made of?" Chen Haoxuan asked worriedly.

"Just don't worry! The roof of my car is made of the best steel plates, so even if she throws a grenade on top of the car, it will be fine." Speedy said proudly.

Chen Hao Xuan he had rushed out in Speedy's car just to find out who the enemy was, and now that he knew, it was time to leave. Because Black Rose was on top of the car, Chen Hao Xuan drove the car very fast, making a sharp turn from time to time, trying to throw Black Rose off.

When Mad Buster and the others saw Black Rose on the roof of the van, which was getting farther and farther away from them, they were so anxious that Mad Buster roared loudly, "Quick - get in the van and catch up with her, we must save Miss, or if anything happens to her, we will all de die."

Black Rose was now lying motionless on the roof of the van, not that she didn't want to move, but the car Chen Hao Xuan was driving was too fast and if she moved, she would probably be thrown out.

Chen Haoxuan, who was driving, laughed, "Speedster, what do you say we take her to a place where no one is around and then let you tame her properly, okay?"

"Easy for you to say, if she dares to follow, she's not afraid of me and you, that's why I don't dare to touch this kind of poisoned rose." Speedy Man laughed.

Chen Hao Xuan said to Speedy, "You drive, I'll go to the roof and meet her."

"No, our mission is to protect you, not to let you take risks, I don't agree with you going." Speedy said to Chen Haoxuan seriously.

"If you say no, then no!" Chen Haoxuan said and opened the car window and quickly climbed out.

Chen Haoxuan climbed to the roof of the car, and Speedy had to drive, otherwise they would all be deceased.

Because Chen Haoxuan was on the roof of the car, so Speedy drove fast but steadily, so both Chen Haoxuan and Black Rose could stand on the roof of the car.

"Can you tell me who you are?" Chen Haoxuan asked to Black Rose.

"My name is Black Rose." Black Rose said coldly.

"Do you have a boyfriend?" Chen Haoxuan asked a question that made Black Rose almost fall down.

"Ahem ....., whether I have a boyfriend or not is none of your business, now let me tell you, the purpose of me coming to you is to get the computer technology in your hands, if you are willing to give it to me, you will get no help and support from us, if you refuse to give it, then you are our enemy and we will stop at nothing to eliminate you." Black Rose said to Chen Haoxuan.

"Can you tell me your identities?" Chen Haoxuan asked.

"It's not that I won't tell you, but I'm afraid you'll be scared if you know, and it won't do you a bit of good to know our identities, instead you'll get into a whole lot of trouble, so it's better for you not to know. Now you just tell me, to give or not to give?" Black Rose said.

"You can say it after you beat me." Chen Haoxuan said.

"You asked for it." After Black Rose finished speaking, she raised her hand and gave Chen Haoxuan a sharp punch.

Chen Haoxuan dodged it with a tilt of his head, and he swung his tail with a crocodile, trying to drop Black Rose with a kick. But what Chen Haoxuan didn't expect was that Black Rose's strength was even stronger than his. Black Rose grabbed Chen Haoxuan's foot and threw it, directly throwing Chen Haoxuan onto the beach at the roadside, after which she herself jumped off.

Since it was dark, Speedy did not know that Chen Haoxuan and Black Rose were now fighting on the beach by the roadside, but he noticed for a long time that there was no movement on the roof of the car, so he stopped the car, got out and looked at the roof to find that both Chen Haoxuan and Black Rose were no longer there. Chen Hao Xuan was an important person in China, so Speedy drove back quickly. He saw two dark figures fighting on a beach by the roadside, and he didn't have to guess to know that it was Chen Hao Xuan and Black Rose.

As Speedy tried to get out of the car to help Chen Haoxuan, a few cars drove quickly in the distance, and he knew that they were Black Rose's men.

Chen Haoxuan also saw the situation on the roadside and he said loudly to Speedy, "Speedy, don't worry about me, I will have a way to escape on my own."

Outnumbered, it would be futile for Speedy to help even if he went, and he might even drag Chen Haoxuan down, so he chose to go first on his own.

## **Chapter 345**

Chen Haoxuan and Black Rose fought. The more he fought, the more frightened he was. He did not expect Black Rose, a woman, to have such a strong body, her strength was several times greater than his, her body was several times stronger than his, and her speed was not slow either, if Chen Hao Xuan had not given his full strength, he would have been defeated by Black Rose. Chen Haoxuan wondered if Black Rose's chest was hard, his fists and feet felt hard when they landed on Black Rose's body.

Chen Hao Xuan knew that he was no match for Black Rose and now that Black Rose's men had arrived, if he did not find a way to escape, he would definitely be caught by Black Rose and her men.

Chen Haoxuan's right hand became a claw and grabbed at Black Rose's face. Women, no matter how ruthless they are, care very much about their looks, so she took a quick step back and as soon as Black Rose stepped back, Chen Haoxuan ran desperately towards the sea.

By the time Black Rose reacted, Chen Haoxuan had already run ten metres away. With a cold snort, Black Rose pulled out the dagger she carried and threw it at Chen Haoxuan. Chen Haoxuan felt danger

behind him, a feeling that made him run around involuntarily. A flash of silver light passed by his ears, and Chen Haoxuan was glad that he had just chosen to run around.

The angry voice of Black Rose came from behind Chen Haoxuan: "Shoot shoot shoot, shoot shoot."

The sound of bang bang bang ..... kept ringing out as Black Rose and the others shot and chased after Chen Haoxuan.

What do you mean by dancing on the tip of a knife, Chen Hao Xuan's current situation was similar, he couldn't hear the sound of bullets passing by him every now and then, the crackling sound made him feel like death was calling him.

With a poof, Chen Haoxuan jumped into the sea. Chen Haoxuan jumped into the sea and immediately dived and swam to the right. When Black Rose arrived at the place where Chen Haoxuan had jumped, she said loudly to her men, "Shoot, shoot me into the water, it's his bad luck to be killed."

The crackling sound went on and on, Black Rose saw that Chen Hao Xuan's body had not surfaced yet, so she threw several grenades down in succession, boom boom boom, countless fish surfaced, but there was no Chen Hao Xuan.

"Chen Haoxuan has run away, everyone split up and chase after him." Black Rose said in a delicate voice.

The place where Black Rose and the girls were now was not considered a suburb, there were many residents in the area, and many of them had called the police when they heard the gunshots.

At this moment, Chen Hao Xuan was swimming towards the deep sea, he came out for air every twenty minutes, and when he came out for air, he tended to hold his head high and show half of his face to breathe in the fresh air as soon as Kailiang passed. He knew that Black Rose and the others would not let him go easily and would definitely do their best to find him, so he only dared to show half of his face to breathe, so that it would be difficult for Black Rose and the others to find him.

Chen Hao Xuan swam and swam, and before he knew it, two hours had passed, and Chen Hao Xuan had no idea where he had gone.

In the endless sea there was a medium-sized fishing boat drifting in the sea. On the bow of the fishing boat was a young girl of 16 or 17 years old who was sitting on the bow looking at the endless sea. Her name is Li Yujia and she is still in her third year of school. Since it is Saturday and she doesn't have to attend classes, she loves to have fun and has come to fish with her father.

She was bored with the sea, so she took a net and threw it out into the sea, it was not a big net, as long as she could throw it, she was bored and saw if she could catch some fish.

Perhaps it was fate that Li Yujia's net fell on Chen Haoxuan, who wanted to go to the surface for air. Chen Haoxuan thought it was Black Rose and the others, so he desperately fought for it, but the problem was that there was no place to borrow strength in the sea.

Li Yujia, who was holding onto one of the ropes of the net, knew she had caught a big fish by the pulling force from the rope, so she tried desperately to pull it upwards. "This fish is very strong, it must be a very big fish, when I catch him, dad will praise me, hehehehe ....." Li Yujia thought happily in her heart.

Chen Haoxuan had no place to lend a hand in the water, so he was caught by a little girl in this way.

When Li Yujia pulled the net out of the water, because it was night, there was only a faint moonlight, so she only saw a white thing constantly fighting in the net, she thought it was the belly of a fish, usually the belly of a fish is very white, she thought this fish was too big, she definitely could not subdue him, so she shouted loudly to the cabin, "Dad, Uncle He, Uncle Li, you guys come quickly! I've caught a big fish. I've caught a big fish."

Four middle-aged men quickly came out of the cabin, and the one who ran to the front was Li Yujia's father, Li Hai, who said to his daughter, "Yujia, where is the fish you caught?"

Li Yujia pointed to the bow of the boat and said, "It's right here, it's a big fish, you guys help get it up."

Li Hai took a torch and went to the bow of the boat and shone it into the sea, "Ah..., it's a man."

"Dad, you're kidding! How can there be someone in the sea!" Li Yujia said looking into the sea with her dad's torch shining, now she finally saw clearly what she had come from online, she covered her small mouth and took a few steps back in surprise.

Li Hai's mates hurried over, they saw Chen Hao Xuan scrambling in the fishing net and were terrified, they thought it was a water ghost, they were fishermen and had heard many stories about water ghosts, although they had never believed them before, now they did. One of them voiced out, "Let's release him quickly."

As Li Hai and the others were about to cut the fishing net with their pocket knives to let Chen Haoxuan out, Chen Haoxuan had already managed to break free from the net and he tore it with force, scaring Li Hai and the others into hurrying back to the middle of the boat. "This water ghost is so powerful." Li Hai Hai.

"Oooooooooo ....., dad, I'm so scared, oooooooooo ....." Li Yujia was so scared that she hid close to the cabin, she didn't expect her spur of the moment to net a water ghost up, this scare scared her young mind enough, if not for her dad and the others, she would have fainted from fear.

Chen Hao Xuan broke free from the net on his upper body, but not from the net on his lower body, he couldn't care less, he was very short of oxygen now, if he didn't swim to the surface for air, he would die from lack of oxygen. For those who can swim, they can swim in the water without using their feet. Chen Haoxuan desperately paddled with both hands, and with a whoosh, Chen Haoxuan swam out of the sea, and the fresh breath made him feel good.

Li Hai and the others saw Chen Hao Xuan swimming out of the water breathing heavily, they thought the water spirit was angry, so they knelt down and kept kowtowing, with their mouths constantly saying, "Children don't know what to do, please don't be offended, please forgive us if you are generous!"

## Chapter 346

Chen Haoxuan breathed for a while. Only when his body was back to normal did he go to observe the situation nearby. There was just one fishing boat nearby, and four people were kowtowing to him at the edge of the fishing boat, begging for mercy. When Chen Haoxuan heard their words, he couldn't help but laugh out loud, it was so unbelievable that he was being treated like a water ghost.

Chen Haoxuan saw that those people were ordinary fishermen, and he was tired after swimming for so long himself, so he climbed on board the fishing boat.

It was fine if Chen Haoxuan didn't come up, but once he did, Li Hai and the others turned pale with fear. "What... what do you want?" Li Hai asked in a trembling voice.

Chen Haoxuan smilingly said, "Don't misunderstand, I'm not a water ghost, I'm a human being, a real human being."

"You... you are human? Then why are you in the water?" Li Hai asked in a squeaky voice.

"I was in the water because I was being chased by bad guys, I'm a better diver, I can dive for about twenty minutes at a time, and when I got here and just tried to swim out of the water to breathe, I was caught by you guys with a fishing net, I'm sorry for scaring you." Chen Hao Xuan finished by bending down with a bow and an apologetic expression.

Li Hai had been holding a torch to shine on Chen Haoxuan, so Li Yujia was able to see Chen Haoxuan's appearance clearly. She could not help but be dumbfounded when she saw Chen Haoxuan's handsome face, thinking how could there be such a perfect man in this world.

Ugly things tend to be feared, but beautiful things tend to gain people's goodwill. Regardless of whether Chen Haoxuan was a bad person or not, Li Yujia was not as scared as she was just now, and she walked out of the cabin and said to Chen Haoxuan, "Not a good person or a bad person?" This question was not asked in an ordinary innocent way, that someone admitted that he was a bad guy.

"Oh ....., I said I am a good guy - do you guys believe me? Lol -, you guys don't have to be afraid of me, I won't hurt you, I just want to rest for a while, when I'm done resting, I'll leave right away." Chen Haoxuan finished speaking and sat down at the bow of the boat to rest.

Hearing Chen Haoxuan's words, Li Hai and the others breathed a sigh of relief, and Li Hai said to Chen Haoxuan, "Young man, if you don't mind then come sit in the cabin and do it! I'll send you ashore when the day comes."

"Then I'll be polite." Chen Haoxuan stood up and suddenly found himself soaked to the skin, he awkwardly said to Li Hai, "Uncle, I wonder if I can borrow a set of clothes, my clothes are all soaked."

"No problem, wait for me, I'll go and get them." Li Hai said readily, these people who live on the sea are generally very warm-hearted, because in the sea is very dangerous, distress often happens, the general fishermen will go to rescue when they see people in distress at sea, over time has become a character, when they see people in distress at sea, within their ability to save.

The quality of Chen Hao Xuan's clothes is nothing to write home about, after all, he designed them himself, and although they are wet, they do not affect his beauty. Li Yujia saw Chen Haoxuan wearing such nice clothes, plus Chen Haoxuan's temperament was so noble, she thought Chen Haoxuan must be rich or noble. She walked next to Chen Haoxuan and apologetically said to Chen Haoxuan, "That - that sorry, I actually brought you here online."

Chen Haoxuan looked at the little girl in front of him in surprise, "You-, what are you doing out here alone in the middle of the night without sleep to net fish?"

Li Yujia lowered her head, rubbing the corners of her clothes with her two small hands, and said embarrassingly, "I was bored, so I took the net to net the fish, but I didn't expect to catch any fish, but a man instead."

Hearing Li Yujia's words, Chen Haoxuan laughed out loud, "Your luck is too good too, you caught me with a casual cast of the net. Your deed reminds me of a story about a fisherman who caught a mermaid, and your luck is much better than that fisherman, catching me, a beauty fish, hahaha ....."

The others in the boat laughed along with them, it was indeed very funny.

Li Yujia stomped her little feet and said in a delicate voice, "Nasty, you guys just stop laughing at me."

Li Hai soon came out with a set of clothes, a shirt often worn by peasants and a pair of shorts that reached the knee, as well as a pair of slippers. Chen Hao Xuan changed in a small bathing room and then hung his clothes to dry on a bamboo pole on the boat.

The fishing boat was a medium-sized one, so Chen Hao Xuan didn't have to bend down at all when he walked inside.

Li Hai took a bottle of wine and some peanuts and put them on a small table, he said to Chen Haoxuan enthusiastically, "Come, sit here and have some wine to warm up your body."

"Then I'll make myself at home." Chen Haoxuan sat with his feet crossed at the small table and drank several sips of white wine in succession before his body felt warm.

"Young man, this place is five or six kilometres offshore, how did you swim over here?" Li Hai questioned, if Chen Hao Xuan said he swam straight over, Li Hai would not believe it, because this is the sea, not like the river so good to swim, swim so far unless it is a fish, people are definitely not able to.

"My water is very good, so I swam straight here." Chen Haoxuan said with a smile as he ate peanuts and drank wine.

"Then you swam over by grabbing some kind of floating object?" Li Hai still didn't believe that a person could swim that far.

"No, I've been diving all the way here, and every twenty minutes I surface to breathe." Chen Haoxuan said honestly, he had come over by diving, so the sea Lang was useless to him.

"That's incredible, diving all the way to five or six kilometres in the ocean you were a fish in your last life right?" Li Hai said with an incredulous look on his face.

"Hehe ..... practiced." Chen Haoxuan laughed.

Because of Chen Haoxuan's sudden appearance, this made Li Hai and the others lose their sleep, so they accompanied Chen Haoxuan together to drink and chat.

Li Yujia she sat next to Chen Haoxuan, she tilted her head and asked Chen Haoxuan out loud, "Why do you feel like you look familiar? I feel like I've seen you somewhere before."

There were too many people who knew Chen Haoxuan plus they were just ordinary fishermen, so there was no need for Chen Haoxuan to hide, he smiled and said, "That's because I'm Chen Haoxuan."

Hearing Chen Haoxuan's words, Li Yujia suddenly remembered the Chen Haoxuan she had seen on TV before, the clothes were exactly the same as what Chen Haoxuan was wearing just now, she was surprised and said, "You - you are really Chen Haoxuan?"

Chen Hao Xuan saw that Li Yujia did not believe him, so he took out his wallet, all the cash inside his wallet had been thrown away in the small shower room where he had changed clothes, leaving only his bank card ID card and other important things, he took out his ID card and handed it to Li Yujia, smiling, "This is my ID card, take a look to see if it is me."

Li Yujia took Chen Hao Xuan's ID card and said excitedly, "It's really Chen Hao Xuan, I really didn't think I'd catch the world's most perfect guy with a random net, if I tell the world about this, maybe all the girls will change their profession to become fishermen and think about when they'll catch a Chen Hao Xuan too."

**Chapter 347**

"You have the nerve to say that. If I wasn't a good swimmer - I would have drowned if I hadn't been caught in your net and stayed in the water for so long." Chen Haoxuan's tone was faintly complaining.

"I'm sorry, I didn't know anyone was in the water either." Li Yujia said guiltily.

"Forget it, it's not like you did it on purpose. By the way, do you have a mobile phone? Lend me one to make a call." Chen Haoxuan said.

"I have one." Li Yujia took out a pink mobile phone and handed it to Chen Haoxuan.

Chen Haoxuan took Li Yujia's mobile phone and called Shen Ruyan and the girls. After learning that Shen Ruyan and the others had safely arrived at Chenjia Village, Chen Haoxuan was relieved. Although Shen Ruyan and the others had arrived at Chenjia Village, they were outside Chen Haoxuan's villa, as Jiang Dong and the others did not dare to let Shen Ruyan in without Chen Haoxuan's order, so Chen Haoxuan gave Lin Hao a call and told them to treat Shen Ruyan and the others well, and also told them to be ready for battle at all times.

After hanging up the phone, Chen Haoxuan returned the phone to Li Yujia and then continued drinking.

Chen Hao Xuan spent the night in the cabin that night. The next day, Li Hai drove the fishing boat back to shore at first light, and by noon, Chen Hao Xuan returned to the shore. In order not to let Black Rose and the others find him, he wore Li Hai's clothes, a hat, and a pair of sunglasses, which looked very different in the past. Chen Hao Xuan he took Li Yujia ashore with him, because he wanted to thank Li Yujia for their help, so he wanted to take Li Yujia ashore to withdraw some money for them from the bank.

Li Yujia and the others were ordinary fishermen who needed money at home, otherwise they would not have to work hard all day in the sea to net fish. They excused themselves for a while, but Chen Haoxuan insisted on giving it, so they accepted, after all they needed money.

Chen Haoxuan went to the bank and withdrew 60,000 yuan in cash and gave 50,000 yuan to Li Yujia, telling her to take it back and share it. When she said goodbye to Li Yujia, Li Yujia also asked Chen Haoxuan for an autograph and a group photo.

Chen Haoxuan said goodbye to Li Yujia, and he hailed a taxi to go back to Chenjia Village. When Chen Haoxuan returned to the Chen Family Village, Shen Ruyan and the others were admiring Chen Haoxuan's villa, which was beautiful and unique, which made them wander around Chen Haoxuan's villa.

Chen Haoxuan returned to the villa and called Shen Ruyan and the others to the living room on the first floor for a meeting. Chen Haoxuan said to Shen Ruyan and the others, "Last night, Smiling Tiger was right, they are indeed very strong, and each one of them is a top expert, if not for our timely retreat, the consequences would have been unthinkable. But I'm just wondering, who are they that they are so powerful?"

"I don't know." Shen Ruyan frowned, torn, she felt as if their Dragon Group was useless, the enemy knew them like the back of their hand, yet they knew nothing about them.

"It seems that your Dragon Group is not very strong in this world!" Chen Haoxuan said indifferently.

"At least it's stronger than those of your men!" Death, who rarely spoke, coldly said to Chen Haoxuan.

"Those men of mine have only trained for a year, how can they compare to those of you who have been training since you were young. If you give me five years, I am confident that I can train my men to be supreme masters." Chen Haoxuan said confidently, no one in this world could understand the structure of the human body better than him, he only needed to slowly teach Jiang Dong and his men his knowledge of the structure of the human body, and then teach them how to use it, and they would be able to become supreme masters.

When Shen Ruyan she heard Chen Hao Xuan's words, she took Chen Hao Xuan's hand and said seriously, "Chen Hao Xuan, since you have such ability then why don't you train some potential people, they can protect your life once they become experts, it will be of great benefit to you."

"Jiang Dong and the rest of them are ah! They can beat dozens of ordinary punks with one now, because of the time, they are just ordinary masters now." Chen Haoxuan said.

"You can get a secret base and train them to become supreme masters before they come out, so who would dare to mess with you again!" Shen Ruyan suggested.

"That seems like a good idea, but where do I have to go so that they won't be discovered?" Chen Haoxuan was torn.

"Go to our base! We have everything, all kinds of talents, machinery, medicinal herbs, etc." Shen Ruyan said happily.

"It's not like I'm from your Dragon Group, it's not appropriate to go anywhere to train your own men!" Chen Haoxuan said.

"You are more powerful than that hacker in Rice, so you should know what kind of organization our Dragon Group is, we have many people in the Dragon Group, some of them have power and some don't, some don't need to listen to the Dragon Group's orders and some do. Those like us who are relatively low in strength need to listen to the Dragon Group, if it's the kind of people who are very powerful and strong who want to listen or not don't give a damn." Shen Ruyan explained.

"They don't listen to your Dragon Group, then why does your Dragon Group still let them join the Dragon Group?" Chen Haoxuan asked curiously.

"We let them join the Dragon Group and gave them some power because we were afraid that they would be lawless, and you should also know that masters are generally prone to getting into trouble, and they will use violence to solve problems once they get into trouble. But if we give them the status of a member of the Dragon Group, they can use their status as a member of the Dragon Group to solve the problem instead of using violence. Moreover, if our Dragon Group is in danger, they will also help out, so it will be beneficial to our Dragon Group for our country, China.

If you join our Dragon Group too, you can ask our group leader for things like not being able to restrict your freedom and giving you certain powers. Of course, you will definitely need to pay for getting this, you can teach your computer skills to Little Feier, or you can use your knowledge to help our country of China." Shen Ruyan said.

The Dragon Group, this was the most mysterious and powerful institution in China, if Chen Hao Xuan became a member of the Dragon Group, then he could have the green light to do business in the future, and if any official dared to give him a hard time, he would still scare the other party to death if he took out the identity of the Dragon Group. Chen Haoxuan was most satisfied with what Shen Ruyan said, that he could make the request that his freedom could not be restricted.

Now that all countries wanted his technology, it would be better to give it to other countries than to his own motherland. Thinking of this, Chen Hao Xuan seriously said to Shen Ruyan: "You tell your group leader to tell him that I agree, but I have conditions. Firstly, my freedom cannot be restricted. Secondly, the tasks given to me must be approved by me, and if I do not agree, you must not force me. Thirdly, I need your support, such as giving me a small base with a training place and an institute, and also giving me - the materials I need for my research.

In return, I will let my apprentices teach you computer skills, and if I have time, you can ask me for advice. I can also help you train people for free, if you want."

## **Chapter 348**

"That's certainly good! If you do decide to come down. I'll contact our group leader now." Shen Ruyan said excitedly, Chen Haoxuan was an amazing talent in China, his joining the Dragon Group would definitely make China shine.

"Just promise me what I want, and I will say yes." Chen Haoxuan said.

Cooperating with the country, Chen Haoxuan could cut out a lot of trouble, not to mention the many benefits the Dragon Group gave him, there was absolutely no need for him to refuse.

"Great, I'll call the group leader now." Shen Ruyan said happily.

Shen Ruyan didn't care if Chen Haoxuan agreed or not, she ran into Chen Haoxuan's residence and closed the door. Half an hour later, she ran out with glee, she sat on her butt next to Chen Haoxuan, wrapped her arm around Chen Haoxuan and happily said to Chen Haoxuan, "The group leader has agreed, he said to prevent the enemy from finding you again, so you can come with us to the Dragon Group now."

"What about those men of mine?" Chen Haoxuan did not want to leave Jiang Dong and the others behind, they were an indispensable force for him.

"Of course I'll bring them with me!" Shen Ruyan said with a smile.

"Good, you guys wait for me for a few hours, I'll deal with it and go back with you." Chen Haoxuan said as he stood up and walked outside.

Chen Hao Xuan gathered Jiang Dong and the others and told them to pack their things and prepare to go with him right away, then Chen Hao Xuan went to Chen Yina's house and said goodbye to Li Ping, Chen Hao Xuan mastered Li Ping and he would be away for a few years.

Li Ping knew that Chen Haoxuan would be a big man in the future, and that people who do big things should not develop in a small place, so she could understand. She kept urging Chen Haoxuan to take good care of himself and come back to see them more often when he had time.

Chen Haoxuan asked Li Ping and her family to stay at his villa, which was empty anyway since he had left, so he might as well give it to Li Ping and her family. As for his BMW, he gave it to Chen Yubin to drive, and those motorbikes of Jiang Dong were temporarily kept in the garage of the villa, so if Chen Feng wanted to drive it, it was no problem to take turns.

Chen Hao Xuan came out from Chen Yina's house, he immediately gave Liu Junfeng a phone call and told him to manage the supermarket well, if he earned enough money to open a second supermarket, he would open a chain of supermarkets, where to open was up to Liu Junfeng himself.

Chen Yina and the girls, Chen Hao Xuan also called them and told them he would be away for a few years.

Chen Hao Xuan was most amused when he called Yang Lin, who said: "Hao Xuan, come to Xinsan University quickly, now Zhu Tian is deadly, as soon as you dropped out of school he started collecting protection money, anyone who dares to say a word to him, he will beat. If I wasn't one of your men, I could have been beaten by him."

"Oh ....., Yang Lin, from now on it's up to you, because I have something very important to do and it might take me a few years before I come back. By the way, I will bring Jiang Dong and the others with me." Chen Haoxuan said.

Immediately, Yang Lin's crying voice came out from the phone, "Hao Xuan, how can you bear to leave me alone! Take me with you, okay?"

"Go to Liu Junfeng's place more often when you have nothing to do, learn how to manage business from him, and if I see you performing well when I return, I will make you a big brother right away and put you in charge of managing multiple entertainment venues." Chen Hao Xuan said.

"But Hao Xuan, you know that you have a problem with Zhu Tian, and he is so powerful now, he will definitely come after me if you leave." Yang Lin said worriedly.

"This I can say hello to Ye Xiaonuo of the Ye Qing Gang, she should help you." Chen Hao Xuan said.

"Hao Xuan, can you tell me what is so important? It needs to go for years at a time?" Yang Lin asked curiously.

"I'll tell you later, now is not the time." Chen Haoxuan said.

"Alright then! I hope you'll talk to Ye Xiaonuo and ask her to send a few of her juniors to protect me." Yang Lin said.

"Alright, I'll hang up first, I'll let you know the results later." Chen Hao Xuan hung up the phone after saying that.

Chen Haoxuan dialed Ye Xiaonuo's mobile phone, Ye Xiaonuo who was dazed in the villa suddenly heard her mobile phone ringing, picked it up and saw that it was Chen Haoxuan calling, which made her happy, she hurriedly pressed the answer button. "Chen Haoxuan, you're calling me, did you miss me?"

"Gah ....., Ye Xiaonuo, it's like this, I'm going to leave the city of Hsinshan for a few years, so I'm asking you to take care of a student studying at the University of Hsinshan for me, his name is Yang Lin, if you agree, I'll give him your mobile phone number, he will naturally call you if something happens, okay? " Chen Haoxuan asked politely.

"Why don't you just let him join our Ye Qing Gang, as long as he is from our Ye Qing Gang no one dares to bully him, when you come back, then let him quit our Ye Qing Gang, but I want you to promise me a request." Ye Xiaonuo said in a delicate voice.

"What request?" Chen Hao Xuan questioned, if Ye Xiaonuo's request was too much, he would not agree to it, after all, if Ye Xiaonuo did not agree, he could ask Li De to help take care of it! As for why he chose Ye Xiaonuo, it was because Chen Haoxuan wanted Yang Lin to have more exposure to the underworld, so that he would be more comfortable when he was allowed to manage this type of business of entertainment in the future.

"You'll be my kaiju?" Ye Xiaonuo smiled delicately.

Chen Hao Xuan was not an ordinary person, it was still possible for Ye Xiaonuo to be his kaiju, but for him to be Ye Xiaonuo's kaiju, that was absolutely impossible, so Chen Hao Xuan didn't even think about it and said, "Absolutely not possible." Chen Hao Xuan wondered if he looked like a white boy, so Ye Xiaonuo wanted him to be her kaiju all day long.

"Then you'll sleep with me for one night?" Ye Xiaonuo said very straightforwardly, she said this in a normal tone, but her face was red and tan, only Chen Haoxuan couldn't see it.

Hearing Ye Xiaonuo's words, Chen Hao Xuan didn't even know what to say about Ye Xiaonuo, saying that she was a very casual person! She said she was a very picky person, and she wouldn't even look at a bad man, but she said she wasn't a casual person, but she wanted to sleep with him, someone she hadn't known for a long time.

"That won't work either, you should find a man you like." Chen Haoxuan said.

"Don't I just like you! If I didn't like you - I wouldn't be stalking you like this! Hmph." Ye Xiaonuo said petulantly.

"The problem is that I don't like you!" Chen Haoxuan said tangled.

"You don't like me then why would you call me and beg me for help?" Ye Xiaonuo huffed.

"I just said it wrong, it should be like you, but not love you. You should understand, I have a girlfriend, you don't mind, but my girlfriend does." Chen Haoxuan said.

"You dare to say that you have only played with your girlfriend and not other women?" Ye Xiaonuo is a shocking statement, worthy of being in the road, dare to say anything, if she is allowed to drink a bottle of two pot head, maybe directly to a few thousand little brothers to force Chen Hao Xuan, let Chen Hao Xuan be her kaiju.

## **Chapter 349**

Chen Haoxuan sweated furiously. He said seriously to Ye Xiaonuo, "I don't want to hurt you, so no matter what you say - I won't agree to it. As for whether you agree to help me take care of Yang Lin, it's up to you."

"Chen Haoxuan, honestly, you are such a good man, if I did this to other men, they would have fallen under my skirt long ago. If you don't say yes, forget it, I will make you say yes when you come back. As for that little brother of yours, I promise that I will protect him." Ye Xiaonuo said confidently.

"Then I'll thank you." Chen Haoxuan said happily, and he chatted with Ye Xiaonuo for a few more minutes before hanging up the phone.

After hanging up the phone, Chen Hao Xuan looked up at the sky and muttered to himself, "I am low in strength now and you all come to bully me, when I come back again, you will all be my defeated men." A few years later, Chen Hao Xuan really did it, and when he came out a few years later, his enemies were all scared out of their wits by him, and he not only had strong men, but also great wealth.

In two or three hours, the helicopter sent by the Dragon Group would arrive. Chen Hao Xuan had promised the Dragon Group that he would let his disciples join the group to teach Little Feier their computer skills. So he needed to pick up Kong Manni from the University of Johor Bahru. As for Li Mingmei, Chen Haoxuan asked her to continue to help him manage the Thousand Buddha Stone Pagoda website.

Chen Hao Xuan drove the Speedster's luxury car to pick up Kong Manni. When he went there, he called Kong Manni and told her to pack her things and wait for him at the entrance of the railway station in Xinsan City.

Chen Hao Xuan drove the car very fast, as Black Rose and the others were looking for him, and it would be a big deal if they found out if he drove slowly.

In fact, Black Rose and the others searched for a long time last night at the place where Chen Haoxuan jumped into the sea, on the shore and in the sea, but they could not find Chen Haoxuan.

Because Chen Jia Village was Chen Hao Xuan's hometown, they were familiar with it, and it would be disadvantageous to them if they went there, plus there were many mountains there, and if Chen Hao Xuan fought a guerrilla war with them, maybe they would fall as Chen Hao Xuan's prey, so they did not go to Chen Jia Village.

Kong Manni, she was Chen Haoxuan's disciple, so she believed that Chen Haoxuan would not harm her. She hurriedly packed her things and left, she stopped a taxi at the entrance of the university in Xinsan City and came to the train station in Xinsan City.

She didn't know why Chen Hao Xuan had suddenly asked her to pack her things and come to the train station in Xinsan City.

At that moment a luxurious van pulled up in front of her, the door opened and the visitor was none other than Chen Haoxuan wearing sunglasses. As soon as Chen Haoxuan got out of the car, he said to Kong Manni, "No one followed you when you came here, right?"

"Ah...?" When she heard Chen Haoxuan's words, Kong Manni couldn't help but be dumbfounded, she was just an ordinary student, who would be so bored to follow her.

"Is there or not?" Chen Haoxuan asked anxiously.

"No... no." Kong Manni shook her head in a tangled manner and said.

"Just no, I'll take the luggage, get in the car and take the passenger seat." Chen Haoxuan said.

Chen Hao Xuan put Kong Manni's luggage in the trunk, then quickly got into the car and drove away.

"Boss, what exactly has happened - to make you so anxious?" Kong asked curiously.

"I'm telling you now, you must listen carefully, I want you to join a powerful organization in China, if you join, your status will not be lower than a mayor, your task is to take the computer technology you know to protect our network in China, teach a few more people at random, think about it." Chen Haoxuan said seriously to Kong Manni as he drove.

"Ah..." Hearing Chen Haoxuan's words, Kong Manni was surprised, she didn't expect Chen Haoxuan to let her join a powerful organization with a higher status than the mayor, her heart tangled up in this, she wondered what organization possessed that much strength. She asked Chen Haoxuan in a delicate voice, "Boss, can you tell me what kind of organisation they are?"

"I'm telling you, you can't just say anything, or you'll be in trouble. Listen carefully, what I'm asking you to join is the Dragon Group, one of the highest divisions in China, this division is mysterious and powerful, they usually have nothing to do, but whenever they have something to do it's a big deal. You are my disciple, and your computer skills are the most powerful in this world besides me, so the Dragon Group wants you to join and use your skills to protect the country." Chen Haoxuan explained.

Hearing Chen Haoxuan's words, Kong Manni was excited and thrilled, the Dragon Group! This was one of the most mysterious departments in China, she had also heard of this department and knew that the people in this department were all heroes and geniuses, but she never thought that she would be lucky enough to become a member of the Dragon Group. "If I... if I join, can I go out and play when I'm bored like before?" In Kong Manni's eyes a department like the Dragon Group was very strict about not being able to just go out.

Chen Hao Xuan smiled and said, "Your worries are more than that, as I just said, there is generally nothing to do in the Dragon Group, so you can play as much as you want, but as long as there is a mission, you must go on it without taking leave, and also, your identity cannot be told to anyone else except your colleagues, even your relatives. As for your powers, you can only reveal your identity if your situation requires it."

"How much is the pay?" Kong Manni was moved, she was curious to know how high the salary would be if she joined the Dragon Team, if it was high, she would send more money to make a good life for her family.

"Hehehe ....., I didn't expect you to be a little money-grubbing! Don't worry about it, the salary will definitely be high, after all, all the people inside the Dragon Group are geniuses, if the treatment is not good, only a fool would join!" Chen Haoxuan laughed.

"Boss, thank you, if it wasn't for you, I'm sure I wouldn't have this opportunity." Kong Manni finished and quickly gave Chen Haoxuan a kiss on his cheeks.

"Hey-, it's so troublesome to be handsome and get molested by girls all day long." Chen Haoxuan joked.

"Nasty, I'm thanking you for this, okay." Kong Manni said petulantly, did thanks need a kiss? No one believed it, if she didn't have a good feeling towards Chen Haoxuan, put a knife on her neck - she wouldn't even kiss.

"Then I shouldn't be too nice to you in the future, or else if you push me down on impulse sometime, who will I find to cry to!" Chen Haoxuan joked laughingly.

## **Chapter 350**

"Oh. By the way, are you joining the Dragon Group with me as well?" Kong Manni said expectantly, if Chen Haoxuan also joined the Dragon Group, then she wouldn't have to worry so much, she knew Chen Haoxuan's character, he was a good man, whether it was her relatives or her men, he would take care of them, so she was expecting Chen Haoxuan to join her, after all, she would be scared when she was a weak woman going to a strange place.

"Not only am I going, even those of my men in the Chen family village will be there, we add up to thirty-eight in total, so you don't have to worry about being alone when you get there. Little ninny, you have to behave well when you get to the Dragon Group, it's up to you whether you can soar to greatness or not." Chen Haoxuan said.

Kong Manni nodded earnestly and said, "Mm, I will not let down my boss's cultivation of me."

"That's good." Chen Haoxuan said with a smile.

After that neither Chen Hao Xuan nor Kong Manni spoke again, Chen Hao Xuan was driving seriously, while Kong Manni had her head down wondering what she was thinking about. In fact, Kong Manni was sighing, sighing at her bad fate, complaining that God had let her meet such a wonderful man, but this man was someone else's.

When Chen Hao Xuan drove back to Chen's village, the helicopter sent by the Dragon Group had already arrived at Chen's village and was now parked at the place where Chen's village was drying rice.

Today, all the villagers of Chenjia Village came to the edge of the paddy-drying area and looked at the two majestic helicopters, a gasp of amazement escaped their lips, it was the first time they had seen the helicopters up close, and the excitement in their eyes told them they were eager to try out the feeling of riding in a helicopter.

When Chen Haoxuan led Jiang Dong and the others towards the helicopter, the villagers of Chenjia Village finally knew why there was a helicopter parked in Chenjia Village, it was to pick up Chen Haoxuan. Seeing Chen Haoxuan and the others carrying their luggage, they couldn't help but start discussing, "Look - Chen Haoxuan and the others are all carrying their luggage, could they be trying to go somewhere far away?"

"I think they must be going for a long time, otherwise why else would they be carrying so much luggage!" A villager said.

They were none other than Chen Zhenghao and Li Xin, who felt ashamed and guilty every time they saw Chen Haoxuan, and wanted to redeem Chen Haoxuan as their son. Unfortunately, what they did back then was too much, which made it impossible for them to reclaim Chen Haoxuan as their son.

A gust of wind blew up and the helicopter slowly took off. The helicopter flew away and the villagers left, leaving only Chen Zhenghao and his wife. "Alas-, what a wonderful son! He became a billionaire by his own efforts, and even called himself a brother to many dignitaries. I should have been happy to have such a son, but how could I have been so stupid as to abandon him when he hadn't shown his talent!"

"It's not your fault, it's all my fault, if I wasn't such a b\*tch, our life now would be less bitter." Li Xin said guiltily.

"Let's go! , let's go to Li Ping's and ask Hao Xuan what the hell he's doing there, he needs to make a helicopter trip." Chen Zhengho said to his wife.

Chen Hao Xuan was curious and looked out the window of the helicopter and found that they were now in Tibet. He had doubts that the headquarters of the Dragon Group would be in the capital, but he did not expect it to be in remote Tibet, but this was good, he did not expect it and the enemy did not expect it.

After another two to three hours, the helicopter finally landed, and it seemed that their destination had arrived.

Chen Haoxuan and the others got off the plane and found that they had arrived at a large pasture with a large number of sheep and horses. Jiang Dong and the others had the same expression as Chen Haoxuan, they doubted if the Dragon Group people wanted them to herd sheep.

Seeing Chen Haoxuan's and their expressions, Shen Ruyan smilingly explained, "This large pasture is just to cover people's ears, our Dragon Group's base is located in those deep mountains behind this pasture."

"Oh, so that's how it is!" Chen Haoxuan looked like he had come to a realization and said.

"There are hundreds of people inside the ranch who are responsible for managing these sheep and horses, in addition they are also responsible for protecting the outskirts of the Dragon Group, they all look fierce, that is deliberately pretending to be so that ordinary herders cannot come to this area to herd sheep, you guys don't look at them as herders, they are all experts. Let's go! I'll take you guys in." Shen Ruyan said to Chen Haoxuan and the others.

Chen Hao Xuan liked this place very much, and he planned to find a horse to take out for fun after he met with the leader of the Dragon Group, as he had never ridden a horse before, so he was looking forward to it and wanted to try riding one.

After entering the ranch, Shen Ruyan and the others drove Chen Hao Xuan and the others to the base of the Dragon Group in a couple of electric coaches.

When the coaches arrived at the foot of a mountain, Chen Haoxuan thought he would have to climb the mountain next time, but to his surprise, a cave suddenly appeared at the foot of the mountain, and there were smooth concrete paths inside the cave, with bright lights on both sides and at the top of the cave. It took two minutes to drive all the way out of the cave, which showed how long the cave was. When he came out of the cave, Chen Hao Xuan looked up and could not see the sky, but only a large amount of foggy water. He thought that the Dragon Group's people relied on this foggy water to keep their headquarters undetected by the enemy.

"This foggy water is natural because we are now in the valley and there is a big mountain spring in the valley and the water from the spring is very cold, so it produces fog. Also these mountains may have rare minerals in them, so you can't use appliances that need signals in here. Just because this place has these two features, our Dragon Team has always been safe." Shen Ruyan explained.

Chen Haoxuan took out his mobile phone and looked at it, and there was indeed no signal.

At that moment a group of people in the distance looked towards Chen Haoxuan and the others, "Hey guys, look, it looks like a new partner has come, let's go and have a look."

There were more than fifty people running towards Chen Haoxuan and his group, when they saw Chen Haoxuan, they swept away, not putting Chen Haoxuan in their eyes at all, because they were geniuses like Chen Haoxuan, only they were only in certain areas, unlike Chen Haoxuan who was an all-rounder, despite this, they did not like Chen Haoxuan very much. However, Kong Manni and the others were very welcoming. Kong Manni was still in the car and they ran over to him, exasperating Shen Ruyan with her constant petty curses.

And Kong Manni was even so frightened that she hugged Chen Haoxuan tightly, as Chen Haoxuan sat in front of her, so her plump breasts pressed tightly against Chen Haoxuan's back. Chen Haoxuan's body couldn't help but stiffen, and he was sure that Kong Manni's breasts must have been squeezed out of shape.

"Boss, I-I'm scared." Kong Manni hugged Chen Haoxuan tightly and said nervously.

Hearing Kong Manni's words, Chen Hao Xuan was discontented and said to Shen Ruyan, "Shen Ruyan, are all the people in your Dragon Group very horny? If that is the case, please send me back immediately now."
