

## A Billionaire's Reincarnation Chapter 351-360

### Chapter 351

Shen Ruyan explained to Chen Haoxuan awkwardly, "This is probably because there are too few female members of our Dragon Group. Plus they rarely go outside, so - that's why it's like this, although they are a bit horny, they definitely won't be promiscuous, you can rest assured of that."

"I don't care what kind of bitterness they have in them, my people can't be bullied anyway, if I find out that they are bullying Kong Manni, don't blame me for being ruthless." Chen Hao Xuan said seriously to Shen Ruyan, in his eyes, force was not the strongest, but intelligence, in the 21st century he was confident to eliminate all enemies, but he did not want to cause too much trouble for himself, that was why he chose to hide. Otherwise just by having the knowledge of the future century he could make all his enemies disappear from the world, for example he could use hacking techniques to hit his enemies' economy, use their money to recruit troops, he could create all kinds of weapons that transcend this era, etc.

He could do all these things, but if he did, he would become the enemy of all countries and wars would arise, and many people would die then, and that was something he did not want to see. That's why he chose to hide, not for fear of the enemy, but because he didn't want to drag innocent people down with him. He wanted to wait until he had trained Jiang Dong and the others to become supreme masters, then he would develop his wealth in secret, and when he became a wealthy man with a large number of minions, at that time, if countries wanted to move him again, they would have to think carefully about the consequences.

Kong Manni, happy with Chen Hao Xuan's words "My people can't be bullied anyway", was happy not because Chen Hao Xuan defended her, but because of the three words in those words "my people."

Shen Ruyan was in a better position to chase away the wolf-like group of people.

The coach stopped in front of a cave where three old men were standing, all of whom had the aura of a superior person, and it was clear from a glance that they were no ordinary people.

Shen Ruyan got off the bus and walked up to the three old men, respectfully shouting, "Team leader, two elders, we have completed our mission."

One of the old men standing at the front nodded and said admiringly, "Well, worthy of being the beautiful commander of our Dragon Group, there is no mission that cannot be completed as long as you are on the job."

"That's right, I, Shen Ruyan, am one of the few wise men." Shen Ruyan smiled smugly.

Shen Ruyan turned around and said to Chen Hao Xuan, "This is the leader of our Dragon Group, he doesn't have a name because he has never used his real name since he joined the Dragon Group, when he becomes the leader of the Dragon Group he will always be called Group Leader, so you can just call him Group Leader from now on. He is the most powerful master in the Dragon Squad, but he never teaches us, he just pesters us to spar with him all day long.

This is also the elder of our Dragon Group, he is responsible for managing the safety of our Dragon Group, he is a very mysterious person, because until now, we don't know exactly what skills he has entered the Dragon Group, we only know that he has managed the Dragon Group in a well organized manner, we all call him Elder Dongfang, if you need anything in the future, just ask him."

"Team Leader, Elder Martial Fool, Elder Dongfang, how are you?" Chen Haoxuan arched his hand to the group leader and their three elders and said.

"Nice to meet you, nice to meet you ....." The group leader and the others also arched their hands and greeted Chen Haoxuan.

After the greetings had been exchanged, it was time to get down to business, Chen Haoxuan said to the group leader, "Excuse me, where is the base arranged for me?"

The group leader warmly said to Chen Haoxuan, "Haoxuan, you have just come to our Dragon Group, I welcome you on behalf of the whole Dragon Group, in order to do our best as hosts, we have prepared a sumptuous banquet, so when the banquet is over, I will take you to your base, okay?"

Chen Hao Xuan could not refuse the invitation from the leader of the Dragon Group, and Shen Ruyan and the rest of their backbone were all present during the banquet, and they were all very warm to Chen Hao Xuan and the others. The banquet did not end until 2 hours, and after the banquet, Shen Ruyan personally took Chen Haoxuan to his base.

Shen Ruyan took Chen Haoxuan to another valley, this valley was a few dozen acres wide, not too big, not too small. "This valley is the innermost valley of our Dragon Group, there are caves on every mountain here, it is said to be a cave, but when you enter it, it is the same as a building, there are many empty rooms inside the cave, you can use it as a dormitory or as a laboratory. This will be your base from now on, are you still satisfied?"

"The place is a bit small, but it's quiet and safe, it's a good place, this is it." Chen Haoxuan nodded and said.

"Come on, let's show you around your base." Shen Ruyan took Chen Haoxuan's hand and walked towards the edge of the mountain.

When they reached the edge of the mountain, Shen Ruyan pressed three times in succession on a small, slightly concave stone on the stone wall, and boom ....., a large square hole appeared in the stone wall. "Please." Shen Ruyan made an inviting gesture to Chen Hao Xuan and the others, smiling as she said.

"Very secretive, sort of high tech." Chen Haoxuan commented on the design of the base.

Entering inside, Chen Hao Xuan felt like he was in a high-class building with a lot of houses, there were houses for offices and bedrooms for sleeping .....

"There are a large number of houses in here, you guys can use them as you like. By the way, if you guys want to get in touch with our people here in the Dragon Group, you can only do so through the internet connection." Shen Ruyan said.

Chen Haoxuan let Jiang Dong and the others choose a house one by one, they could choose whatever they wanted, but the house they chose couldn't be too far away from the others' houses. As for Kong Manni, she lived with Little Feier.

Chen Hao Xuan, he did not choose a house because he did not like living inside the cave and he planned to build a small house halfway up the mountain sometime. Although he didn't choose a house in the cave, he chose a few large houses after all, one for designing machinery, one for designing computer technology, and one for research .....

When it was almost dark, Chen Hao Xuan and Shen Ruyan walked out of the Dragon Group and came to the ranch on the outskirts of the Dragon Group.

Once they arrived at the pasture, Chen Hao Xuan said to Shen Ruyan, "Help me find the fastest horse."

"Good, you come with me, I know there are a few good horses inside the pasture." Shen Ruyan happily said to Chen Haoxuan. Riding horses on the prairie was something she also enjoyed, so she brought Chen Haoxuan out as soon as he suggested that he wanted to ride a horse.

"There are thousands of horses inside the pasture, and there are a few horses that are locked up alone because those horses are so grumpy that if they are locked up with ordinary horses, they will fight ....." Shen Ruyan introduced as she led Chen Haoxuan to the horses.

"These are the horses, the black one is the best, then the red one, you choose first!" Shen Ruyan said to Chen Haoxuan.

Of course a man liked the black one, because black was more manly. "I want the black one." Chen Haoxuan said happily.

## **Chapter 352**

Chen Haoxuan and Shen Ruyan led their horses out of the pasture. Shen Ruyan rode on the horse with a flip and said to Chen Haoxuan with a sweet smile, "Get on the horse! I'll take you for a ride."

Chen Hao Xuan looked at the imposing horse and then said to Shen Ruyan awkwardly, "Actually, I don't know how to ride a horse, can you teach me?"

Poof-, Shen Ruyan laughed beautifully, she didn't expect the omniscient Chen Hao Xuan to not know how to ride a horse, she said to Chen Hao Xuan in a delicate voice, "I didn't expect a genius like you to not know how to ride a horse, this is incredible."

Chen Haoxuan was not satisfied with Shen Ruyan's contempt for him, he said to Shen Ruyan with his head held high, "I am not an all-powerful god, even gods have things they don't know, what's so strange about that!" Chen Hao Xuan said, "Teach me how to ride a horse, or I won't recognize you as a friend anymore."

"Well, well, well! It's just teaching horseback riding, why are you so serious?" Shen Ruyan beamed and said.

Shen Ruyan got off the horse and walked next to Chen Hao Xuan and started to teach him how to ride a horse: "You have to master the rhythm of ups and downs and hold your legs on the horse's belly to keep your body weight on the centre line of the horse's body, that's basically it, you have to ride a little slower at first, you will get it after a while."

"Okay, I'll try." Chen Haoxuan said as he rolled over and rode on the horse's back, grabbed the rope and gently pulled it, then kicked the horse's belly gently with both feet, "Heave."

The horse Chen Haoxuan rode was the best horse in the ranch, this horse was ridden out to graze by the ranchers every day, plus the ranchers took turns riding him every day, so he usually didn't resist the person riding him, probably because he was used to it!

The horse Chen Haoxuan was riding trotted up, at first the undulations created by the horse's running made Chen Haoxuan very uncomfortable, but after a few minutes, Chen Haoxuan became familiar with the rhythm of the undulations, he relaxed and he started to pick up speed.

Shen Ruyan kept the same speed as Chen Haoxuan, she was laughing at first when she saw Chen Haoxuan's cautious look, but after a few minutes, she couldn't laugh anymore, she doubted that Chen Haoxuan had just lied to her, saying that he couldn't ride, but he dared to ride so fast and so well in a few minutes, who would believe it when he said that!

Chen Haoxuan rode faster and faster, Shen Ruyan hurriedly took the horse whip and smacked the horse's buttocks before chasing Chen Haoxuan, she said loudly to Chen Haoxuan: "Didn't you say you didn't know how to ride a horse? Now you ride better than me, humph."

"Hahahaha ....., it's not like you don't know I'm a genius, of course geniuses learn things fast! I just rode slowly and got familiar with the essentials of riding a horse, so I can now say I can ride. Come on, let's compete to see who is faster." Chen Hao Xuan laughed loudly and smacked the horse's buttocks so hard that the horse felt a pain in its buttocks and ran desperately.

Who was Chen Haoxuan, he was the most distinguished chief professor of the future century, he had studied power for more than ten years, so he could not only use power, he could also create power, his control of power was unmatched. He was now familiar with horses and he could do all kinds of difficult moves on them, simply because everything was within his grasp.

In order to make the horse run as fast as he could, Chen Haoxuan matched the horse's undulation and forward force with all his heart, making the horse run faster than ever before, such was the benefit of knowing the force.

Shen Ruyan looked at Chen Hao Xuan who was getting farther and farther away from her, she could not help but curse Chen Hao Xuan in her heart for being shameless, he was obviously an expert in horse riding, yet he lied to her that he did not know how to do it, and asked her, a rookie, to teach her.

"Chen Haoxuan, wait for me." Shen Ruyan shouted loudly to Chen Haoxuan.

"Hahahaha ....., Shen Ruyan, hurry up! You catch up with me, I'll award you a kiss." Chen Hao Xuan laughed out loud with bravado.

"F\*ck you, who wants your kiss!" Shen Ruyan cursed, but she still wanted to catch up with Chen Hao Xuan.

Chen Haoxuan and Shen Ruyan ran fast across the prairie, for it was now afternoon, and as the sun was setting, the clouds in the sky were red and beautiful, like they were on fire. Such an evening sunset could never be seen in the city and could only be seen in flat places, such as the sea or the prairie, where it was most beautiful to watch. Chen Haoxuan's current scene was beautiful and poetic, just like a couple chasing each other.

Chen Haoxuan was very happy today, he loved the feeling of riding a horse and felt that it was much more exciting than driving.

Chen Haoxuan stopped at a relatively high lawn, he jumped off the horse and let it graze on its own while he himself lay on the lawn, looking at the endless prairie and the beautiful evening sunset in the sky.

"It's not a mountainous place, but this gives one a sense of freedom and liberty, a feeling one cannot feel in the city. It's as beautiful as the sea, which wants to be an ordinary herdsman here." Chen Haoxuan lay on the lawn and muttered to himself.

At this time Shen Ruyan came running on her horse, she jumped off the horse and ran next to Chen Hao Xuan, kicked Chen Hao Xuan gently with her foot and chirped, "I told you to wait for me, why didn't you listen, humph."

Chen Haoxuan said indifferently, "Who knew you were that bad at riding horses."

"You-." Shen Ruyan's breasts were rising and falling with Chen Haoxuan's anger, if Chen Haoxuan added more fire, maybe her clothes would be burst by her breasts.

"Don't be angry! I'm just kidding with you! Come, lie down together and enjoy the feeling of nature." Chen Hao Xuan patted the lawn next to him and gestured for Shen Ruyan to lie down next to him.

"Humph, who wants to lie down with you." Shen Ruyan chirped, her mouth saying this, but she still wanted to stay next to Chen Hao Xuan, she sat next to him, wrapping her hands around her legs and looking into the distance.

"Shen Ruyan, how long have you been here?" Chen Haoxuan asked out loud.

"Almost ten years, I remember I came to the Dragon Group for training when I was twelve." Shen Ruyan said with a smile.

"So you were a genius at the age of twelve?" Chen Haoxuan turned his head to look at Shen Ruyan and said.

Shen Ruyan said awkwardly, "No, I'm not! It's just that I'm smarter than the average person, plus my grandfather knows our team leader, so my grandfather recommended me to the team leader, and the team leader took me in when he saw my natural talent."

"Through the back door?" Chen Haoxuan joked.

"Go, you're the one who went through the back door! I got in on strength, okay? Only - just relying on a little relationship." Shen Ruyan said awkwardly.

"Can you tell me what you like?" Chen Haoxuan smiled and said to Shen Ruyan, he now had quite a good feeling towards Shen Ruyan, so he wanted to give her a gift.

Hearing Chen Haoxuan's words, Shen Ruyan looked at Chen Haoxuan happily and said, "You don't want to give me a gift, do you?"

## Chapter 353

"No! Just casually asking." Chen Haoxuan pretended to lie.

Hearing that Chen Haoxuan had no intention of giving a gift. Shen Ruyan beamed her small mouth and said disappointedly, "You don't even want to give me a gift, so why did you ask me what I like! Hmph."

"I was curious for a moment!" Chen Haoxuan laughed awkwardly, if Shen Ruyan didn't want to say, he would, he thought that as long as something was beautiful, girls would like it.

"I like pretty flowers." Shen Ruyan said lightly, although Chen Haoxuan didn't say he would give her a gift, she still told Chen Haoxuan - what she liked, because she expected Chen Haoxuan to give him a gift.

"Like ordinary girls who like flowers." Chen Haoxuan said with a smile.

Shen Ruyan lay next to Chen Haoxuan, she didn't say anything, she was a bit nervous, it was her first time lying with a boy, although it wasn't a bed she was lying on, but it felt like lying on a bed.

Chen Haoxuan was also annoyed enough these days, now that he was on the prairie, he was in a much better mood, plus those annoying things would not appear for the time being, which made him feel all relaxed.

He fell asleep for a few hours, and if Shen Ruyan hadn't woken him up, he might have slept straight into the next morning. Chen Hao Xuan woke up and saw that it was completely dark, so he and Shen Ruyan found a horse that was grazing in the distance and rode back.

When Chen Hao Xuan returned to the Dragon Group, Jiang Dong and the others were getting their accommodation, the Dragon Group had been very kind to them and had sent them a large amount of furniture, all of which was high class.

Chen Hao Xuan didn't ask for any furniture, he needed to work hard these few years, not enjoy himself, he wanted to go back to being like he was in the future century, doing all sorts of research every day, allowing himself to be single-minded in his pursuit of what he wanted. But he didn't intend to keep fighting for his life, instead he planned to fight for a few years to get rid of his troubles and he would start enjoying his life.

That night, Chen Hao Xuan didn't sleep, he was getting his research institute, he kept directing the people from the Dragon Group to help him bring in the things he needed. She couldn't help Chen Hao Xuan, but she liked watching him work. She felt that Chen Hao Xuan was very handsome on his working days, and even felt that it was a pleasure to watch him work.

His research institute was huge, it took a whole night to get it done, no, I should say this was just the beginning, because a lot of equipment was not available in the Dragon Group, not to mention the Dragon Group, even the whole world did not have the equipment Chen Haoxuan needed. There was no choice but to do it by Chen Haoxuan himself.

Chen Haoxuan handed Jiang Dong and the others over to Shen Ruyan for the time being, allowing Shen Ruyan and the others to train Jiang Dong and the others, and reminded them that if they got itchy, they could find Jiang Dong and the others for a competition.

Chen Hao Xuan, who has never come out since he entered the cave, has turned into a madman who spends his days and nights building all sorts of equipment and researching all sorts of things. Machinery, strange liquids, strange data inside computers, all sorts of strange things that dazzle the eyes.

Shen Ruyan, the team leader, the Eastern Elder and others often visited Chen Haoxuan, and they often asked him questions, which made Chen Haoxuan so upset that he asked Jiang Dong and the others to take turns to send a man to guard the entrance every day, not allowing anyone to enter his research institute.

Shen Ruyan went to play with Chen Haoxuan several times, but was kicked out by Chen Haoxuan. She was so angry that she swore in front of Chen Haoxuan that she would never speak to him again, but Chen Haoxuan did not even look at her and continued to do his research. After that, Shen Ruyan never went to see Chen Haoxuan again. However, Jiang Dong and the others were in trouble, as Shen Ruyan

seemed to have transferred her anger towards Chen Hao Xuan to Jiang Dong and the others, and she had the masters of the Dragon Group beat up Jiang Dong every day.

So Jiang Dong and the others stopped training every day and fought with Shen Ruyan every day. Although they lost every time, they were much stronger than before.

Chen Hao Xuan is now a madman, and there is also a madman among Jiang Dong and his group, that madman is not Jiang Dong nor Lin Hao, but Zhang Tiezhu. Zhang Tiezhu has always thought that his strength is the greatest, but he met Hercules, whose strength is several times greater than his, and he is not willing to do that, so he desperately exercises his body every day, saying that he exercises, but in fact it is more accurate to say that he is destroying his body, because he hardly rests, he exercises his body all the time, even sleeping outside.

Jiang Dong and the others, they did not want to fight as hard as Zhang Tiezhu and Chen Hao Xuan, but Shen Ruyan and the others forced them to fight and beat them up every day. In order not to be treated like this again, they had no choice but to seriously absorb the experience of sparring with Shen Ruyan and the others.

One day, half a month later, Chen Hao Xuan suddenly walked out of his institute and handed over a dozen buckets of green liquid to Jiang Dong, instructing them to lie down inside the green liquid every night after sparring with Shen Ruyan and the others and sleep for the night.

Jiang Dong had absolute trust in Chen Hao Xuan and they listened to him, lying down in the green liquid the night after being abused by Shen Ruyan and the others. The next morning, Jiang Dong and the others woke up to find that their bodies were full of strength and all their injuries had healed, which made them suspect that Chen Hao Xuan was a god.

After Shen Ruyan and the others knew about the green liquid Chen Hao Xuan had researched, Hercules and the others were curious to try it out and found that lying inside the green liquid was very familiar, and they felt their bodies came alive after lying for a few hours, plus they also found that the scars on their bodies were gone. After this disappearance was known by Shen Ruyan, Shen Ruyan forced Jiang Dong to give her a bucket of green liquid. If Chen Hao Xuan knew what Shen Ruyan wanted those liquids for, Chen Hao Xuan might have been very upset because Shen Ruyan wanted it for beauty purposes.

The green liquid that Chen Haoxuan had researched was very useful to the Dragon Group, because every member of the Dragon Group was a genius, and although they were all very powerful, injuries were inevitable, and if they had this green liquid from Chen Haoxuan, then they in the Dragon Group would be equivalent to having protection for their lives.

When Chen Haoxuan didn't come out, the team leader was too embarrassed to bother Chen Haoxuan, so he wrote down what he wanted to say to Chen Haoxuan on a note and then asked Jiang Dong to put it on the dinner plate when they brought Chen Haoxuan his meal.

When Chen Haoxuan saw the team leader's note, he graciously handed the team leader a copy of the details of making the green liquid. Seeing the information given by Chen Haoxuan, the team leader realised that the green liquid was called "Nutrient Water." The nutrient water contained a large amount of medicine that was good for the body, so once Jiang Dong and the others lay down on it, their wounds would be healed by the next day.

#### **Chapter 354**

Chen Haoxuan he was curious about this body of his. He worked so long hours in a row and only rested for two or three hours a day, yet his body did not show any bad conditions, which made him want to study his own body to see how amazing his body really was.

Coming to the conclusion that his body had a strange energy, an energy that could keep his cells from dying for days without him, a greater energy in his blood that could be used as medicine and any virus could be destroyed, other than that he was pretty much the same as an ordinary person.

Chen Haoxuan didn't find any amazing secrets inside him, so he went back to researching various things he needed.

Kong Manni, now living a good life, gave the protection software designed by Chen Hao Xuan to the Dragon Group the day after she first arrived, and the Dragon Group immediately gave this protection software to important departments of the Chinese government. She dared not make any decisions about what Chen Hao Xuan designed, but she dared to give it to the important departments of the Chinese government, but as for the others, she did not dare to give it to them without Chen Hao Xuan's consent.

For the sake of China's network not to be attacked by foreigners, Kong Manni used the computer technology she learned from Chen Haoxuan to design a protection software similar to Chen Haoxuan's, but also a set of functions, such as antivirus, protection and cleaning computer rubbish. She gave the software to Li Mingmei and asked her to upload it to the website of the Thousand Buddha Stone Pagoda for people in China to download, who need to be verified, one ID card can only download one protection software, all Chinese people are free, as for foreigners, the fee is 1,000 RMB, and there is no English version, if you want to use it, learn Chinese.

Because of Kong Manni's help, China's network has never been attacked by foreigners again. For a while, all those QQ thefts, various game numbers stolen, money stolen ..... things all disappeared.

The reason is that no one but Chen Hao Xuan has the ability to do this, not to mention that the Thousand Buddha Stone Pagoda website is owned by Chen Hao Xuan.

Unknowingly two months had passed and the equipment needed for Chen Hao Xuan's research institute was finally ready. In order to let the people from the Dragon Group know his strength and let them support him better, he asked the people from the Dragon Group to visit his institute.

When they saw Chen Hao Xuan's research institute, the first thing they wanted to say was "high tech", they had never seen such good equipment before. Chen Hao Xuan personally showed them what he had made and they were dazzled by it.

Chen Hao Xuan wanted to use the same method he used to exercise his body to exercise Jiang Dong and the others, so he kept researching the drugs he used to use, if it was in the future world, he could have dispensed those drugs in a day, but the problem was that this was the 21st century, an era of backward technology, so he had to start from scratch.

He designed the ultra-thin tablet computer, the motor and various things that he had promised Speedy before. These were all goods that Chen Haoxuan was going to use to make money.

At the end of June, Chen Hao Xuan went to the group leader and borrowed one billion RMB from him, then Chen Hao Xuan called Hua Tianyu and wanted to work with him. Chen Hao Xuan is a genius, and working with a genius makes money, and will never lose money, unless the other party wants to harm Li, so Hua Tianyu is very willing to work with Chen Hao Xuan.

Chen Hao Xuan wanted to cooperate with Hua Tianyu to make LCD TV sets and ultra-thin tablet computers, and he invested 500 million RMB in one go, accounting for 80 percent of the shares. Although Hua Tianyu only took 20%, he definitely took advantage of it because he did not need to contribute money and was only responsible for helping Chen Hao Xuan manage the business, and Chen Hao Xuan said that as long as he did not mess up, the official side would have a green light.

The most profitable thing is not high-tech products, but food. Chen Hao Xuan wrote down the preparation methods of some food products in the future century, such as beauty medicine, fried chicken legs, delicious roasted chicken claws, etc. For the food category, Chen Hao Xuan chose to cooperate with Zhou Xiang, Chen Hao Xuan invested 500 million RMB to let Zhou Xiang open chain shops all over China.

Originally, Chen Hao Xuan wanted to invest in several industries at once, but the problem was that he lacked talent, so he had to wait until later to make plans.

After investing in two industries at the same time, Chen Hao Xuan once again researched what he needed.

He used the same method he used to exercise his body to exercise Jiang Dong and the others. Jiang Dong and the others were excited and excited at first, but later on, they felt as if they had gone to hell. Chen Hao Xuan made them eat all sorts of strange things, made them do all sorts of moves, and - and also used electricity on them, and sometimes Chen Hao Xuan even locked them in an iron cage and then brutally pushed them down into the mountain springs in the valley.

The mountain spring in the valley was not ordinary, it was so cold that people turned purple. Chen Hao Xuan made them fight inside the cage, the one who won the fight could come out first, and the one who lost - unless you passed out, you could not get out. Those who lost the fight would get out and Chen Hao Xuan would have Hercules and the others teach them a hard lesson.

All along, Jiang Dong and the others had thought that Shen Ruyan and the others were demons, beating them so much that they couldn't stand up every day. But when Chen Hao Xuan suddenly trained them personally, they realised that Chen Hao Xuan was the real devil, and under his training, Jiang Dong and the others would never stop training as long as they were not about to die.

The people of the Dragon Group all thought that Chen Hao Xuan was a madman, training people like that, no one could stand it. But they didn't know why, but Jiang Dong and the others put up with it. The others didn't know why Jiang Dong and the others could endure it, but they knew because Chen Hao Xuan trained with them, except that Chen Hao Xuan only trained in his research institute, and Chen Hao Xuan trained three times more than Jiang Dong and the others. So Jiang Dong and the others thought that Chen Hao Xuan was not lying to them and really wanted them to become strong, plus they did not want to be looked down upon by Shen Ruyan and the others anymore, so they persevered.

After Chen Haoxuan trained Jiang Dong and the others for a month, he began to hide in the Institute. He gave Jiang Dong and the others a task to hold a wooden board every day and told them to punch on the board when a hole was made in the board but it did not break, they were considered to have completed it.

A punch on the plank that made a hole but didn't shatter was something that no one else in the Dragon Group could do except for a few elders and group leaders and Hua Speed. So Hua Speed became Jiang Dong's temporary coach for them. Hua Speed he was not very strong, but his speed was unmatched, so he was qualified to teach Jiang Dong and the others to exert the fastest speed.

Shen Ruyan and the others were not convinced, so with nothing better to do they followed suit and practised.

In the past, the Dragon Group was very boring, but since Chen Haoxuan and the others had arrived, it became lively.

## **Chapter 355**

The group leader thought that Chen Haoxuan's method of training people was cruel. But he had to admit that it was very effective, Jiang Dong and the others could be said to have grown in strength by the day, and their strength grew rapidly, so they also let Shen Ruyan and the others follow Jiang Dong and the others to be trained by Chen Hao Xuan.

Unknowingly, half a year had passed, and half a year later, the city of Xinsan was now completely changed and had become the second most prosperous metropolis in the country of China, simply

because Xinsan had the All Powerful Mobile Phone Collective, the Hua Collective, and the Zhou Collective, three of the largest enterprises in the country of China, and their three enterprises had several million employees.

The majority of people, whether Chinese or foreigners, who can afford to buy a mobile phone will now buy an all-powerful mobile phone. The all-powerful mobile phone has been produced for more than a year, but it has not been able to meet the huge market, so the factory that produces the all-powerful mobile phone has been working in two shifts.

The factory, which produces all-powerful mobile phones, has been expanding non-stop since it first started, with new factories being built one after another, and has become the number one enterprise in China, although it is still a little short of those big foreign enterprises.

The Hua Group and the Zhou Group, because of Chen Haoxuan's help, are doing better and better. If they need money, Chen Haoxuan will give it to them, if they need technology, Chen Haoxuan will give it to them, if they can't get any documents, Chen Haoxuan will take care of it.

Although they are still unable to beat Hercules and the others, they are basically unable to find an opponent in the 21st century in a fair one-on-one competition.

It was fortunate that the team leader had the good sense to let Hercules train with Jiang Dong and the others, otherwise Hercules and the others would definitely not be a match for Jiang Dong and the others now.

Chen Haoxuan he now looks very vicissitudes, he basically did not have a good rest in the past six months, he was working every day. Shen Ruyan she saw Chen Hao Xuan so hard working, not less heartbroken.

Most of the things Chen Hao Xuan had researched in the past six months were used to exercise their bodies. Jiang Dong and the others all thought that their strength was already very strong now and they didn't need to use all kinds of drugs anymore, they just needed to exercise more and their strength would reach its peak. Seeing that Chen Hao Xuan was working hard every day for them, they could not bear it, so they advised Chen Hao Xuan several times, but Chen Hao Xuan did not listen.

It was normal for Jiang Dong and the others to be ignorant, as they were from the 21st century. But Chen Hao Xuan was different, he was from the future century. The reason why he was so strong in the future century was because he kept using various methods to change his physique, he started to change his body since he studied the human body and it took him more than twenty years to change his body to the strongest state.

Jiang Dong and the others are only six months old now, and it would be impossible for them to be as strong as he used to be without a decade or so. If why it would be shorter than his previous time, it was all because he already knew how to make those medicines machinery and other things, so the time was much shorter. Chen Hao Xuan wanted to make Jiang Dong and the others stronger, so he didn't agree to Jiang Dong and the others' requests. He continued to research various things and gave Jiang Dong and the others deadly orders that they had to complete the tasks he gave them every day, or else they would get out.

That day, Chen Hao Xuan walked out of the research institute, his current appearance was unrecognisable to anyone except Shen Ruyan and the others, even Chen Yina and the others could not recognise Chen Hao Xuan. Even Elder Dongfang's beard was not as long as Chen Hao Xuan's. The reason was that Chen Hao Xuan's hair was very long and his beard was even more outrageous, more than twenty centimetres.

When Jiang Dong and the others saw Chen Haoxuan coming out, they stopped their training and ran to Chen Haoxuan, shouting down happily, "Boss." Their eyes were a little red, because they couldn't bear to see Chen Haoxuan go on fighting like this.

"Chen Haoxuan, you finally came out, I thought you had really gone crazy and planned to hide inside the cave for the rest of your life." Shen Ruyan said to Chen Haoxuan in a complaining tone.

"Boss, you are not under much pressure now, there is no need to work so hard, your body is important!" Jiang Dong said to Chen Haoxuan with concern.

Hearing Jiang Dong's and their concern, Chen Hao Xuan laughed out loud, "Now in the 21st century no one can be stronger than my body." Chen Hao Xuan is now so desperate because the future century him is back, he studies things and forgets to eat and sleep when he studies them, this is the real him.

Hercules, who walked up to Chen Haoxuan, looked at him with contempt and said bullishly, "Are you as physically strong as me?"

"How about we compare." Chen Haoxuan smiled and said to Hercules. Chen Haoxuan knew that Jiang Dong and the others were not training as hard as they used to because they felt that they were already strong, so Chen Haoxuan wanted to hit Jiang Dong and the others with a vengeance and let them know that they were still ants in front of the masters.

"What's the competition?" Hercules said confidently to Chen Haoxuan, he had never seen anyone stronger than him since he was a child, and this confidence could be said to be innate.

"I will not only compete with you in strength, I will also compete with you in martial arts." Chen Haoxuan said.

"Come." Hercules said and made a precautionary gesture.

Jiang Dong and the others had the good sense to make way for an open space.

"You have to be careful, yo!" Chen Haoxuan laughed and lifted his foot to move forward, and as soon as he landed on his front foot, his person had already appeared in front of Hercules.

"Wha-, what's going on here? He's now ten metres away from Hercules, he's only taken one step, how come he's already in front of Hercules' heels? What the hell is going on here?" Jiang Dong and the others exclaimed in shock.

"Although I didn't see how Chen Hao Xuan appeared in front of Hercules either, I guess that Chen Hao Xuan ran to Hercules with the fastest speed, he was so fast that we couldn't see." Shen Ruyan suspected.

Hercules, who saw Chen Haoxuan suddenly appear in front of him, startled him. But he quickly calmed down, he roared out and formed his hands into claws, trying to claw Chen Haoxuan's shoulders, his strength no one could know better than him, as long as the person he grabbed, no one could escape.

Chen Haoxuan he was half a beat slower than Hercules, but he was several times faster than Hercules, before Hercules could grab his shoulders, he had already grabbed the wrists of Hercules' hands with both hands. "Use your strength!" Chen Haoxuan said to Hercules with a smirk.

When Hercules saw Chen Haoxuan grabbing his hands, he became angry and he used his five layers of strength to try to break free of Chen Haoxuan's hands.

## **Chapter 356**

Hercules exerted five layers of strength. Not succeeding in breaking free from Chen Haoxuan's grasp, he was surprised, in the Dragon Group, except for Zhang Tiezhu who could resist his five layers of force, no one else could, he did not expect the svelte Chen Haoxuan to be able to resist his five layers of force and still have the upper hand.

Hercules' confidence was dealt a serious blow, he didn't care so much, he roared and exerted his whole body, his body crackled with strength, strength, it was the sound of a body full of power.

But Hercules still couldn't break free from Chen Haoxuan's hands, now he admitted that Chen Haoxuan's strength was greater than his.

Shen Ruyan and the others looked dumbfounded, Chen Haoxuan was well known to them all, he was out of breath even when he was running a year ago, so it was clear how poor his body was a year ago. But now, his strength was even greater than that of Hercules, so it was evident how terrifying Chen Haoxuan's strength was now.

"Is that all the strength you have? Come on, I know you're giving in to me." Chen Haoxuan smiled and said to Hercules, he spoke with such calmness that he didn't seem to put Hercules in his eyes at all.

Hercules roared again, and his body once again resounded with crackling sounds, and the veins on his body bulged out like an earthworm on his body, but he still did not escape Chen Haoxuan's clutches.

Chen Haoxuan took the initiative to let go of Hercules, stepped back and said to Hercules, "I have more strength than you, now let's have a kung fu match!"

Although Chen Haoxuan was not an enemy, could Hercules not be furious that he had defeated the man who had always believed himself to be the strongest in the world in terms of strength! He rushed towards Chen Haoxuan with his bare hands and fists, his two fists dancing rapidly.

Chen Haoxuan stood in one place, his hands constantly defusing Hercules' fists, Hercules was fast, he was faster, and slowly, it became Chen Haoxuan attacking and Hercules protecting.

Hercules found an opportunity to take a step back as he looked at Chen Haoxuan in shock. In his heart, he said, "I didn't expect Chen Hao Xuan, who had been hiding in the cave, to become so powerful."

"Worthy of the boss, one word 'strong'." Jiang Dong said excitedly.

"Boss, the world is invincible, boss, the world is invincible ....." Chen Hao Xuan's minions cheered loudly one after another.

Hercules took a step back, but Chen Hao Xuan did not, since Chen Hao Xuan was standing there, he smiled and said to Hercules, "I will stand inside this circle, if you can force me out of this small circle it will be considered as your win." Chen Haoxuan said as he stretched out his right foot, spinning in place and drawing a circle with his foot.

"You - you deceive people too much." Hercules gritted his teeth and roared in anger, Chen Haoxuan did this to his advantage, but it also showed that Chen Haoxuan did not take him seriously at all, how could this not make him angry.

"Yes just said that no one can match my strength, and the same goes for my body, you don't believe me, can you blame me for that?" Chen Haoxuan said with a smile.

Shen Ruyan, who was on the sidelines, asked Chen Haoxuan in a delicate voice, "Chen Haoxuan, haven't you been working on something for the past six months? Why have you suddenly become so powerful?"

"I have been researching various things, but whenever I have time, I exercise alone in the research institute, and the way I exercise my body is several times more ruthless than yours, so it is normal for me to be stronger than you." Chen Haoxuan explained.

"So... so you don't sleep?" Shen Ruyan asked again.

"Sleep! Every time I work my body until I'm bruised, I'll lie down in the nutrient water and sleep." Chen Haoxuan said.

"You - you're a madman." Shen Ruyan's eyes were red when she said this, she was now admiring Chen Hao Xuan yet complaining that Chen Hao Xuan did not treat himself as a human being, researching things every day and working out desperately when he had the time, what he said about sleeping, she thought was almost like recuperating from her injuries.

"Boss, even if your body is made of iron, you can't work so hard! It's fine now, if it keeps going like this, it might ..... Boss, count on us to beg you, just take a good rest and rest!" Lin Hao seriously said to Chen Hao Xuan.

"Boss, you have to take care of your health ....." Jiang Dong and the others advised Chen Hao Xuan one after another.

Seeing Jiang Dong and the others care about him so much, Chen Hao Xuan was touched, he smiled and said to Jiang Dong and the others, "I know my body, I don't need to be fine, you guys don't need to worry about me."

"Chen Haoxuan, pay attention, I'm going to make a great move." Hercules said loudly to Chen Haoxuan, he did not want to sneak up on Chen Haoxuan who was chatting with Jiang Dong and the others, he just wanted to win against Chen Haoxuan openly and honestly.

Chen Haoxuan hooked his finger at Hercules and said with a smile, "Come on!"

Hercules quickly charged towards Chen Haoxuan, and when he was almost close to Chen Haoxuan, he used his shoulder to ram Chen Haoxuan, trying to knock Chen Haoxuan straight out of the circle.

When Hercules was about to hit Chen Hao Xuan, Chen Hao Xuan made a move of four-two paddle a thousand jin, he quickly grabbed Hercules' body and mentioned it upwards, drawing Hercules' impact upwards so that he could not knock him out of the circle.

Chen Hao Xuan's move of four-two-twenty caused Hercules to fly straight over Chen Hao Xuan's head and fall ten metres away.

Undeterred, Hercules quickly climbed up and charged at Chen Haoxuan again. He used all his skills, but Chen Haoxuan was just that powerful, no matter how hard he tried, he could not force Chen Haoxuan to leave the outside of the circle.

Hercules' body was a hundred times stronger than an ordinary man's. If Chen Haoxuan didn't make a serious move, Hercules could have fought him for days and nights. Hercules' had this time, but Chen Haoxuan did not, so Chen Haoxuan suddenly pulled Hercules into the circle, grabbed Hercules' neck from behind Hercules' back, put one hand on Hercules' waist, roared, and lifted Hercules up.

Chen Haoxuan grabbed Hercules' neck with his right hand and held his left hand against Hercules' waist, so Hercules could not break free. As soon as he moved, Chen Haoxuan's right hand would exert force and choke him so hard that he could hardly breathe.

After lifting him for a while, Chen Haoxuan threw him hard, throwing Hercules' body fifty metres away. Hercules' body was over two hundred pounds, so it was clear that Chen Haoxuan's strength was that terrifying.

Hercules was not an ordinary person, so Chen Haoxuan did not have to worry that Hercules would fall to his death.

Chen Haoxuan turned to Jiang Dong and the others and said, "These days - you guys have been thinking that you are very strong, so tell me, can you beat Hercules and the others?"

Jiang Dong and the others shook their heads in shame.

Chen Hao Xuan continued, "Then how do you guys feel about my strength?"

"Boss's strength is certainly very strong!" Jiang Dong and the others said.

"I'll be honest with you guys, my current strength can treat you guys like ants and kill as many things as I want. If you don't want to be ants, then train hard for me, don't learn a little skin and think you are invincible." Chen Haoxuan roared loudly.

## **Chapter 357**

Gah ..... Only now did Jiang Dong and the others realize that they had turned out to be small existences all along, and they felt ashamed of their earlier self-righteous thoughts.

Slapping sounds rang out as the group leader and Martial Fool Elder and Dongfang Elder walked out, the one who applauded was the group leader, he looked at Chen Haoxuan with relief and said, "As expected of a genius Chen Haoxuan, in just half a year you have already become a supreme expert."

"What I admire most is not your force, but your perseverance, which is so strong that it is admirable." Elder Dongfang arched his hand towards Chen Haoxuan and said.

Elder Martial Fool took a step forward and pointed at Chen Haoxuan, "I want to compete with you." In fact, he had wanted to compete with Chen Haoxuan for a long time, but Chen Haoxuan had always been hiding in the Institute in the cave, so it was impossible to find Chen Haoxuan, unless he defied the group leader's orders and broke in hard. Now that he saw how strong Chen Haoxuan was, he was so itchy that if it wasn't for the group leader and the others, he would have just gone out and competed with Chen Haoxuan, even if Chen Haoxuan refused, he wouldn't have cared.

"Elder Martial Fool, I know my own strength, I am not yet a match for you, so if you want to compete with me, then wait another six months!" Chen Haoxuan said.

"How do you know you're not my opponent if you don't compete?" Elder Martial Fool said to Chen Haoxuan in a very irritated manner.

"Because I've seen you compete with others, so I'm sure I'm not your opponent." Chen Haoxuan said seriously, Chen Haoxuan he was a person who did not like to lose, no matter if it was a match or what, he did not do things that he was not sure of, if he used someone to try to find him for a match, he would refuse and then when he thought he was stronger than the other person, he would go and find them for a match.

Of course, it was not that Chen Hao Xuan could not defeat Elder Martial Fool; if he was given the freedom to, say, allow him to use tricks, he could defeat Elder Martial Fool in a short time. But in a fair fight, Chen Haoxuan did not think he had the strength to do so. Chen Haoxuan had seen a match between Elder Wuzi and Hua Speed before, and Hua Speed's speed was similar to his, but Hua Speed's speed was like a snail's pace in Elder Wuzi's eyes, so it was clear how powerful Elder Wuzi was.

In the eyes of Shen Ruyan and the others, Elder Wuzi was a very powerful and invincible strong man. However, it was different in Chen Haoxuan's eyes. Chen Haoxuan only thought that Elder Martial Fool's skills were only moderate and not considered powerful. Because the Chen Haoxuan of the previous future century was several times stronger than Elder Wuzi, Chen Haoxuan was confident that he would be able to defeat Elder Wuzi in six months.

Elder Martial Fool had wanted to compete with Chen Haoxuan for a long time, and now that it was so easy to see Chen Haoxuan come out, such a good opportunity did not come along very often, so how could he let Chen Haoxuan go? He said loudly to Chen Haoxuan, "Chen Haoxuan, the competition will not kill you, so what are you afraid of? Do you want to be a coward?"

Chen Haoxuan glanced at Elder Martial Fool, then suddenly ran quickly towards the inside of the cave, that speed was so fast that one could only see a black shadow flash by.

Seeing Chen Haoxuan running into the cave, Elder Martial Fool was furious and he immediately chased after him, "Chen Haoxuan, stop."

When Elder Martial Fool chased after him into the cave, he found that Chen Haoxuan had already run into the Institute, and he knew very well how important the things inside the Institute were, so he did not dare to barge in. He roared loudly at the door, "Chen Hao Xuan, you coward, you are even afraid of a competition, are you still a man."

"I have already said that I am not your opponent yet, if you want to compete, then wait for six months later!" Chen Haoxuan replied loudly.

"At most, I will only put out five layers of power, so that's always fine!" Elder Martial Fool said loudly.

"I, Chen Hao Xuan, never take advantage of people, so if you want to compete with me, then let's do it fairly. Alright, I have to work now, so if you want to compete with me, wait for half a year!" Chen Haoxuan said loudly.

"Humph." Elder Martial Fool huffed and walked away.

As soon as Elder Martial Fool left, Chen Hao Xuan came out, he had been wasting his time working for the past six months and hadn't had a drink or a good meal for a long time. He came out, wanting to tidy himself up and enjoy himself for another day.

Chen Haoxuan had just walked into one of the halls when he found Shen Ruyan had arrived. Shen Ruyan happily said to Chen Haoxuan, "I thought you wanted to stay at the Institute for the rest of your life!"

"Oh ....., if it was the old me - maybe I would, but the current me - definitely not." Chen Haoxuan said with a smile.

"Your beard and hair are so long, why don't I cut them for you?" Shen Ruyan looked at Chen Hao Xuan with strange eyes and said.

"Then I'll trouble you." Chen Haoxuan said as he sat down on the sofa in the hall.

"Wait for me, I'm going to get the tools for the haircut." Shen Ruyan turned and ran outside.

Hearing Shen Ruyan's words, Chen Hao Xuan hurriedly said loudly to Shen Ruyan, "No need to go get it, just cut my bald head."

Shen Ruyan stopped, turned around and said to Chen Haoxuan in surprise, "Ah..., a bald haircut, how did you think of a bald haircut?" Shen Ruyan still wanted to help Chen Hao Xuan design a hairstyle, but she didn't expect Chen Hao Xuan to ask her to help him cut his bald head.

"What's wrong with a bald head, at least I don't need to worry about my hair falling out when I'm researching, and it's cool and comfortable to be bald, what's wrong with that." Chen Haoxuan said.

"Alright then!" Shen Ruyan said disappointedly, she found a sharp knife from the TV cabinet in the hall, then said to Chen Haoxuan, "Come on, let's go to the bathroom, make the hair make and then put some shampoo on it, it's better to shave it this way."

Chen Haoxuan didn't say anything as he stood up and walked towards the bathroom by the hall.

In the bathroom, Shen Ruyan carefully helped Chen Hao Xuan shave his hair, cutting his bald head was not technical, Chen Hao Xuan's hair was soon gone. After shaving his hair, Chen Hao Xuan wanted to shave himself, but I don't know if Shen Ruyan was addicted to shaving, she hid the knife behind her back and pouted, "I'll shave for you."

"No, it's better for me to do it!" Chen Haoxuan still wanted to shave by himself.

"No, if you don't let me shave for you, I won't give you the knife." Shen Ruyan said petulantly, she felt a strange feeling helping Chen Hao Xuan, a feeling that was very pleasant to her mood.

"Alright!" Chen Haoxuan said helplessly.

Shen Ruyan was carefully shaving Chen Hao Xuan, while Chen Hao Xuan who had nothing to do looked at Shen Ruyan's face, he suddenly found that Shen Ruyan was very beautiful, very much like a virtuous wife. Chen Haoxuan suddenly thought of Chen Yina and the girls, and he couldn't help but curse himself for being shameless: "Holy sh\*t, how can I be so shameless! There are already a few women and still thinking about other women."

"Scratch that." Shen Ruyan said with a smile as she stepped back and held her hand against her chin, looking at Chen Haoxuan, nodding from time to time as if she was admiring her work.

## **Chapter 358**

"Chan Ho Hin. You're really unisex yeah! You're a stunning beauty in girls' clothes and a stunningly beautiful man in boys' clothes, and now you have a bald head, which shouldn't look good, but you have a very strange beauty, like a work of art that you can't get tired of looking at. In the end, I came to the

conclusion that you are a pest, causing every girl who has seen you to fall in love with you." Shen Ruyan looked at Chen Haoxuan with admiration and said in a delicate voice.

Chen Haoxuan touched his bald head and said with a bitter smile, "It's all inborn - what can I do." If he could choose, Chen Haoxuan would rather have an ordinary face than this current one that could charm even himself. Just because he was so handsome, this made him have many enemies for no reason, even some that he didn't even know himself. As to why there were so many enemies, Chen Haoxuan knew that it was because he had charmed the women that those enemies loved.

Shen Ruyan pulled Chen Hao Xuan's hand and walked outside, happily saying, "Chen Hao Xuan, you haven't been out for so long, you must have more fun with me today."

"I'm not going out today, I just want to enjoy myself today, if you have nothing to do, I'm more than welcome to join you." Chen Haoxuan said.

Hearing Chen Haoxuan's words, Shen Ruyan froze and thought to herself, "Have a good time? And with him, could it be - could it be that he wants me to do that with him? This - how can this be! How can he think of me as such! It pisses me off."

Shen Ruyan was just about to open her mouth to refuse Chen Hao Xuan, but a sudden voice cut her words short. "Boss, I've finally met you." A gorgeous beauty ran up to Chen Haoxuan.

"Little ninny, I haven't seen you for half a year - I wonder how you've been these six months?" Chen Haoxuan smiled and said to Kong Manni, who was now even more beautiful and mature than before.

"I've had a good six months, Little Feier and everyone cares about me. But it's not good for you, boss. You didn't come to me for half a year, so I wondered if you had forgotten about me. This time, if I hadn't run fast, I might not have seen you again." Kong Manni complained.

"Oh ....., little Nee-san has learned to be petulant too! It seems that she has really grown up." Chen Haoxuan joked.

"Boss, I want you to make it up to me, or I'll ignore you." Kong Manni beamed and said to Chen Haoxuan.

"Tell me, how do you want me to compensate you." Chen Haoxuan said with a smile.

Kong Manni walked next to Chen Haoxuan, wrapped her arms around Chen Haoxuan's hand and smiled happily, "I want you to play with me."

"Sure! But one day at most." Chen Haoxuan also wanted to have a good day of fun, and it was best to have Kong Manni with him.

Shen Ruyan suddenly felt as if she was transparent, she was standing right next to Chen Hao Xuan, but Chen Hao Xuan and Kong Manni were flirting with each other, it seemed. Shen Ruyan suddenly felt uncomfortable in her heart, just now Chen Hao Xuan still - still wanted to do that with her, now Kong Manni came, Chen Hao Xuan just ignored her, if she did not want to do that with Chen Hao Xuan, but she was just very upset in her heart. She said to Chen Haoxuan in a delicate voice, "You just said that you would stay with me for a day, why are you promising little ninny now."

Hearing Shen Ruyan's words, Chen Hao Xuan frowned and thought for a while, saying, "I just thought back, I never promised to stay with you for a day! It's because you remembered wrongly, right?"

Kong Manni's eyes looked at Shen Ruyan with hostility as she said in a delicate voice to Shen Ruyan, "Hear that wood, the boss didn't promise to accompany you."

"You-, humph." Shen Ruyan was so angry that she stomped her foot.

"Shen Ruyan, there is nothing to be angry about, if you don't mind playing together! It's more fun with more people." Chen Haoxuan said to Shen Ruyan.

The speaker did not mean to say it, but the listener did: "Hardly - does he want to play double-flight? When did he become so bad, did he not vent for six months, that's why ..... only ....." The more Shen Ruyan thought about it, the more shy she became, and finally she stomped her foot and chirped at Chen Hao Xuan, "\*\*." After saying that, she turned around and ran.

He looked at Shen Ruyan's back and wondered, "I didn't molest her! Why did she suddenly call me an a\*\*?"

"Maybe she made a fool of herself thinking that the boss wanted to molest her!" Kong Manni sweetly said to Chen Haoxuan.

"Really can't understand her." Chen Haoxuan sighed.

With Kong Manni is different, what Chen Hao Xuan wants to eat, Kong Manni will immediately go and get it, if it needs to be peeled fruit, she will peel the fruit and feed it to Chen Hao Xuan, if it is melon seeds, she will patiently peel the shell of the melon seeds with her hands, so that Chen Hao Xuan can take it and eat it .....

Chen Hao Xuan he lay on the sofa, eating the food Kong Manni fed him as he asked Kong Manni, "Little Neezi, have you been out for the past six months?"

Kong Manni handed a piece of apple to Chen Hao Xuan's mouth and said, "Yes! I went back for half a month to play when my mother had her birthday a while ago. I told my family that I am now working in a big company and I can get a salary of tens of thousands of RMB every month, and they were all very happy, and of course, I was happy too."

"It's good to be happy." Chen Haoxuan said with a smile.

"Boss, can I ask you one thing?" Kong Manni suddenly asked.

"If Shen Ruyan likes you, will you like her?" Kong Mani expected Chen Haoxuan to say no.

"No, because I already have a girlfriend." Chen Haoxuan said with certainty.

"It's good that you won't. Let me tell you, I found out that Shen Ruyan seems to like you, because several times when I came looking for you I saw her hanging around in front of your institute all day long, and have you noticed that she gets angry whenever a beautiful woman comes near you?" Kong Mani said.

"That I haven't really noticed." Chen Haoxuan said tangled, honestly, he didn't want Shen Ruyan to like him, because he didn't want to hurt anyone who fell for him.

"Boss, I know you don't want to make Shen Ruyan sad, so you're upset now, right? Actually you don't need to be upset because I have an idea, you just need to be cold to her and have less contact with her, after time, she will forget about you." Kong Mani said.

"I've been with the Dragon Group for half a year, and I basically haven't said a few words to her in these six months, but she still likes being with me?" Chen Haoxuan said tangled.

"Then you used to come to me whenever Shen Ruyan came to you, and as soon as I came, she would leave, and over time she could naturally sense that you really didn't like her. This is ruthless, but it's something that has to be done." Kong Mani suggested.

"I think I'd better just ignore her." Chen Haoxuan said.

Chen Haoxuan and Kong Mani were chatting, while Shen Ruyan she rode to the place where she was lying with Chen Haoxuan before, she sat on the grass, hugging her feet and repeating a phrase out of her mouth, "How come Chen Haoxuan is so horny! How did Chen Haoxuan ....."

Kong Manni. She has always known that she and Chen Hao Xuan are impossible, and the reason she likes to stay by Chen Hao Xuan's side so much is because she likes the feeling. When she finds her Prince Charming, she will choose to forget about her love for Chen Haoxuan.

Kong Manni she stayed with Chen Haoxuan for a whole day, a day that was the happiest she had been in the past six months, and she wanted to continue to stay with Chen Haoxuan, but Chen Haoxuan said he had to go to work.

In the Dragon Group - even a floor sweeper is a genius, and generally people who are geniuses are very busy, but all the geniuses in the Dragon Group don't think they are busy, they only think Chen Haoxuan is busy. Because even if they were busy, they still had time to rest, but Chen Haoxuan did not.

Another month passed unnoticed, and on this day, October 1st, Chen Haoxuan walked out of the cave again. Chen Haoxuan went to the group leader's office and found the group leader. The moment he saw the group leader, the first thing he said was, "Group leader, lend me one billion RMB."

"Do you want it now?" The team leader said very plainly, his tone seemed to be borrowing not a billion RMB but a hundred RMB.

"Well, put the money on my bank card right now." Chen Haoxuan said.

"Mm, no problem." The team leader agreed readily, he couldn't even say no to borrowing money from a supreme genius like Chen Haoxuan, because if he didn't lend Chen Haoxuan the money, maybe Chen Haoxuan would just use hacking techniques to steal the money once he got angry, stealing foreign ones was fine, but if he stole China's, it would be bad. Besides, as far as Chen Haoxuan's skills are concerned, are you still afraid that he won't have the money to pay back?

"Also, I want to leave for a while." Chen Haoxuan said to the group leader.

When he heard Chen Haoxuan's words, the team leader's expression got serious, in all seriousness, he would rather give Chen Haoxuan a billion RMB than let Chen Haoxuan leave. Because outside they

could not guarantee Chen Haoxuan's safety, and if something happened to Chen Haoxuan, the biggest loss would be to China.

"What's the matter with you?" The group leader asked curiously.

"I have very few men and they can't help me manage more business, which makes me a lot less money, so I'm going away for a while to find some geniuses to help me manage my business. You should also know that modern warfare depends not on hot weapons, but on money, and without money you can't produce and order people to fight for you. So I want to make money, lots and lots of money, and when I become rich and powerful, plus strong in my own right, see who still dares to mess with me." Chen Haoxuan said seriously.

"What if someone else messes with you?" The group leader was curious to know the consequences of messing with Chen Haoxuan.

"If he's an ordinary person, I'll beat him up hard, if he's a boss, I'll let his company go out of business, and if it's someone like Abel and the others, I'll earn their country's money hard and make money until they want to make peace with me." Chen Haoxuan said coldly.

The group leader stood up, slapped his hands and said happily, "You're the best at using money I've ever seen, go for it, I support you."

"Thank you, that's fine I'll leave now, you remember to put the money on my bank card for me, bye." When Chen Hao Xuan left Dragon Group, he didn't take anything with him.

That day Chen Hao Xuan returned to Xinsan University, it was already 1am when he returned to Xinsan University, he climbed directly from the window to the dormitory where Yang Lin lived with his bare hands, he walked into Yang Lin's bedside, took out a small bottle in his hand and then placed it in front of Yang Lin's nose, after Yang Lin took a breath, Chen Hao Xuan carried Yang Lin and jumped down from upstairs.

Chen Hao Xuan was now a master, and now he - even if Black Rose came - was no match for him, but if Black Rose and the others all came together, he would be no match, which is why he sneaked in to find Yang Lin.

Chen Hao Xuan carried Yang Lin to the back of the mountain and put him under a tree, then he took out a bottle of liquid similar to the cold of wind oil and put it in front of Yang Lin's nose, once Yang Lin smelled it, he immediately woke up, he opened his eyes and saw a black shadow standing in front of him, he was so scared that he immediately did up.

"Who are you?" Yang Lin asked nervously, suddenly Yang Lin realised that this was not his dormitory, but the forest, and he was scared.

Chen Hao Xuan took out his lighter and flicked it on, the light of the fire shone on his face, he smiled at Yang Lin and said, "You don't know me after not seeing me for six months?"

"Ah - you're Hao Xuan? Hao Xuan, is it really you? When did you come back?" Yang Lin said in surprise.

"I just came back, but I'll be leaving soon. Now let me ask you, how are you doing now?" Chen Haoxuan said.

"I-I'm doing well now, not long after you left half a year ago, Zhu Tian came to trouble me and ended up being taught a hard lesson by Ye Xiaonuo. After that I joined the Ye Qing Gang, and because I was taken care of by Ye Xiaonuo, I quickly became a big brother, and I now have dozens of little brothers." Yang Lin respectfully said to Chen Haoxuan.

"Do you still want to do business now?" Chen Haoxuan said to Yang Lin seriously.

Hearing Chen Haoxuan's words, Yang Lin was instantly ecstatic, he knew that his time to soar to greatness was coming. "Of course I want to." Yang Lin said excitedly.

"Good then, I'll give you 100 million RMB for now, you take this money and do business in the city of Xinshan, open bars, karaoke, nightclubs, foot washing cities, internet cafes, game halls and other entertainment venues, I hope that when I come back I can see that Xinshan City is full of shops opened by you. I will only give you 100 million, if you fail, you will only be a gangster big brother, because I can't give an important business to an incapable one to manage, so I hope you work hard, if there is anything you don't understand ask Liu Junfeng, Zhou Xiang, Hua Tianyu and the others." Chen Hao Xuan said seriously to Yang Lin.

One hundred million RMB? Yang Lin was dumbfounded, he didn't expect Chen Hao Xuan to think so highly of him and let him, who had never done business before, take 100 million RMB to do business, he knew that this was Chen Hao Xuan's trust in him, in order to live up to Chen Hao Xuan's trust, he, Yang Lin, vowed that he would monopolise the business of all entertainment venues in Xinshan City.

"Hao Xuan, don't worry, I will definitely work hard." Yang Lin nodded his head firmly and said.

"I believe you can do it, otherwise I wouldn't give you 100 million RMB at once. Let me tell you about your salary now! You don't actually have a salary, but you do have shares, this accounts for ten percent of all shares, meaning that if you take this 100 million RMB and go into business and make 200 million RMB, you will get a share of 20 million RMB, so go for it if you want to become a billionaire!" Chen Haoxuan said with a smile.

"Mm-hmm, I will, I will." Yang Lin nodded his head excitedly.

"I'll credit your bank card in a few days, now I'm leaving, I have other things I need to do."

## **Chapter 360**

Seeing that Chen Hao Xuan wanted to leave, Yang Lin hurriedly spoke out, "Hao Xuan, wait, I want to ask Jiang Dong how they are doing?"

"They! They are all very powerful masters now, if they were ordinary people, they would be able to fight over a thousand by themselves, impressive, right?" Chen Haoxuan said with a smile, he was very

satisfied with Jiang Dong and the others' progress, so he felt proud every time he mentioned Jiang Dong and the others' strength .

"Ah..., they have already managed to defeat a thousand with one, their progress is too fast, isn't it? Hao Xuan, tell me, where exactly did you take them to train?" Yang Lin had been wondering where Chen Hao Xuan had taken Jiang Dong and the others for the past six months, and had thought about it for half a year.

"I can't tell you now, I will tell you when the time is ripe." Chen Haoxuan said.

"Alright!" Yang Lin said disappointedly.

"Alright, I'll leave if there's nothing else, remember, don't tell anyone that I'm the boss behind the scenes." Chen Haoxuan said.

With a swish, Chen Haoxuan flew away as if he had turned into a black shadow.

Looking at the direction Chen Haoxuan left, Yang Lin muttered to himself, "If only I had his skills."

After Chen Haoxuan left the university in Xinshan City, he went to the place where he ran the garment factory, she didn't care if it would scare Miao Yuxiang, she climbed in through the window and entered Miao Yuxiang's room, he turned the light on and called out to the sleeping Miao Yuxiang, "Xiang Xiang."

When she saw a man sitting at the foot of her bed, she immediately screamed, "Ah..."

"Don't you shout, I'm Chen Hao Xuan, not a bad person." Chen Haoxuan explained.

Miao Yuxiang shook her head so she could clear her head, and she opened her eyes again, "Ah-, boss, you- how did you suddenly appear in my room?"

"Hehehehe ....., have you forgotten that I'm the omnipotent one?" Chen Haoxuan said with a smirk.

"That's right too, the boss is a genius." Miao Yuxiang said with a smile.

"I came to find you because I want you to be the manager of the garment factory, are you willing?" Chen Haoxuan asked.

"A promotion and a pay rise of course I'm willing." Miao Yuxiang said excitedly.

"Good then, from now on you are the manager of the garment factory, your task now is to invest all the money earned from the garment factory in the past six months and exaggerate the production, can you do that?" Chen Haoxuan seriously said to Miao Yuxiang.

"Can." Miao Yuxiang nodded firmly, no matter before or now, as long as Chen Hao Xuan was not around, the garment factory was managed by her, so she was confident that she could do a good job.

"By the way, Jiang Dong he said he missed you and asked you to wait for him to come back." Chen Haoxuan said.

"Nasty, how can he let his boss relay such words! How humiliating." That said, but her expression was all happiness and joy.

"Remember, don't tell anyone that I've been back. If you have nothing to say to me - I'll leave." Chen Haoxuan said.

"The garment factory has been fine, no trouble." Miao Yuxiang said.

"That's good, you go back to sleep! I'm leaving." After saying that, Chen Haoxuan turned off the light and with a swish, the person disappeared.

Chen Haoxuan arrived at Zhou Xiang's house, Zhou Xiang was different from the others, he was married, so Chen Haoxuan didn't dare to barge into his room directly for fear of just running into them exercising in bed. Chen Haoxuan called Zhou Xiang's mobile phone, which took a long time to be answered: "It's old Zhou, this is Haoxuan, can you come out for a moment? I'm on the rooftop of your house now." Now that Chen Hao Xuan and Zhou Xiang were familiar with each other, plus Zhou Xiang was doing business with him, he followed Hua Tianyu's example and called Zhou Xiang Lao Zhou.

"Yes, of course I am, just wait, I'll be right there." When Zhou Xiang heard that it was Chen Haoxuan calling, his sleepiness disappeared in a flash and he hurriedly dressed and ran out.

Zhou Xiang ran to the rooftop and saw a dark figure standing there by the rooftop, he shouted out loud, "Hao Xuan, is that you?"

In an instant, Chen Hao Xuan appeared in front of Zhou Xiang, "It's me, I came to see you today because I need your help."

"Hao Xuan, it's not like you don't know what kind of relationship we have! You can just say what you need to do, why are you being so stubborn?" Zhou Xiang said in a very righteous manner.

"I want to start a few more businesses, but I don't have any talents to help me manage them. Chen Haoxuan said.

"You wait, I'll let me think about it." Zhou Xiang said and closed his eyes, thinking carefully.

Half a minute later, Zhou Xiang opened his eyes and he said happily, "There, I have a nephew who is now studying at university in the capital, his family is very poor, but he is very smart, he relies on his intelligence to do business while studying, from working part-time to setting up a stall to opening a small shop, and now he is already the owner of a company, only the scale is very low. As for his character, I think it's very good, because he's a notoriously filial son, and he never fights, and if someone hits him he won't fight back, he'll have the law to punish the other person."

"Well, from what you've said, I'm quite satisfied with him." Chen Haoxuan said.

"His name is Zhou Ta, and he is now at the Capital University of China in the capital city of Beijing." Zhou Xiang said.

"I remember that, I'll go to him every day. Do you know any other reliable talents?" Chen Haoxuan was now asking for as many talents as he could get.

"I know a lot of talents, but there are not many reliable ones, so apart from my nephew, there are none." Zhou Xiang said.

"Well, that's it then, I've disturbed your rest, I'm leaving, bye." Chen Haoxuan said and turned around and jumped down from the rooftop, being good at it was different, he didn't even bother to climb the stairs.

Zhou Xiang, who looked at the place where Chen Hao Xuan jumped down, said to himself, "If only he was my son-in-law." Zhou Xiang had not known until now that her daughter had already had an affair with Chen Hao Xuan, and if he had known, he did not know whether he should be happy or sad.

Chen Haoxuan left Zhou Xiang's house, he found a hotel and stayed there, as soon as it was light, he took a car to the capital of China, he needed an ID card to fly, he was worried that the enemy would find him, so he chose to do a car.

Chen Hao Xuan came to the capital of China, he bought some cosmetics, he put on a beard, a wig and a pair of sunglasses, dressed up, he became a middle-aged man, now even if Chen Yina and the girls saw him, they would not recognise him.

Chen Hao Xuan walked into Beijing University just at the right time when Chen Yina and Zhou Kexin were coming out of Beijing University.

Chen Yina brushed past Chen Hao Xuan, and when she saw him, she stopped.
