

A Billionaire's Reincarnation Chapter 371-380

Chapter 371

Gah, Chen Hao Xuan is now a supreme expert, if it was an ordinary person, he can fight 10,000 to 20,000 people alone, now a small gang dares to threaten him, against the sky.

Soon, one after another, the gang gathered in front of Chen Haoxuan, Chen Haoxuan's expression remained so calm, he looked at those gangsters with contempt, yes, Chen Haoxuan looked down on these small gangsters who were afraid of the soft and the hard.

A gentle middle-aged man walked up to Chen Haoxuan and said politely to him, "Are you Li Si, please?"

Chen Haoxuan didn't say anything and nodded his head to show his acquiescence.

"Do you have two beautiful-looking female friends?" The middle-aged man asked again, this middle-aged man did not look like a gangster at all, and gangsters were not that svelte.

"Yes. Are you looking for them? If so - that's a pity, they left last night, left angry, I asked them - and they wouldn't tell me, I don't know what happened to them during the time I was away to make them leave overnight. " Chen Haoxuan said.

"Then do you have their contact details?" The middle-aged man asked.

Chen Haoxuan said coldly, "I do, but why should I give it to you? Were you the ones who made them angry yesterday?"

The middle-aged man hurriedly waved his hand and explained, "Friend, you misunderstood, it wasn't us who made your friends angry. I want your friend's contact details because I have a friend who really likes those two female friends of yours, so I want to help him ask you for their contact details."

"Ho ho ho can I take it as pushing me when you bring so many people to ask me for their contact details? You are not sincere at all, and I am doing them a disservice by giving you their contact details. They are all very good friends of mine and I don't want them to get hurt. Besides, that punk just said that you Dock Gang is vicious, would I dare give you my friends' contact methods to people like you?" Chen Haoxuan said.

When that middle-aged man heard Chen Haoxuan's words, he turned his head and fiercely glared at the punk who had first spotted Chen Haoxuan, his eyes were full of killing intent. Chen Haoxuan knew that the punk was finished.

The middle-aged man didn't want to talk nonsense to Chen Haoxuan anymore, he waved his big hand and said, "Take him away."

Fifty gangsters surrounded Chen Haoxuan, and Chen Haoxuan did not want to make a move at Shuanghuan University, so he cooperated by standing up and following the Dock Gang's men. The Dock Gang's men were afraid that Chen Haoxuan would suddenly run away, so they surrounded Chen Haoxuan in the middle and slowly walked out of Shuanghuan University.

After leaving Shuanghuan University, Chen Haoxuan was pressed into a medium-sized van. Half an hour later, Chen Haoxuan was sent to a warehouse by the docks, where his hands and feet were tied to a stool.

Chen Haoxuan's eyes were not blindfolded and his mouth was not gagged, only his hands and feet were tied. He realised that he had not seen the middle-aged man since he had arrived at this pier. Chen Hao Xuan he asked curiously to the gangsters guarding him, "Was that middle-aged man just now the big brother of your dock gang?"

A gangster who was smoking a cigarette said to Chen Haoxuan, "It doesn't matter if I tell you, no one in Shuanghu Province dares to fight against our gang anyway. The middle-aged man you saw today is the second brother of our gang, apart from our big brother Qiang, he is the biggest.

In the past, we only had a few dozen brothers in the Dockers' Gang, and we were living off drug trafficking, and we were having a bad time. But when our second brother joined the Dock Gang, our

Dock Gang's life became better and better day by day, and the second brother came up with a plan that gave us many more ways to make money, and this line of Han Junlang was the one he found a way to pull in"

"You guys seem to worship what you call second brother, so why don't you guys make your second brother the real big brother?" Chen Haoxuan said.

Another punk spoke out, "You don't know about that! Although he is a great talent, he has little ambition, and he is repaying his kindness by working for the Dockers, so he will not do anything to betray Keung."

Chen Hao Xuan kept chatting with the thugs who were guarding him, Chen Hao Xuan was already very eloquent, no, the thugs who were guarding him would not only give him drinks but also cigarettes.

Twenty minutes later, the door to the warehouse was opened and the second brother, as the gangster called him, came in pushing Han Junlang, who was in a wheelchair. When he saw Chen Haoxuan, he couldn't wait to ask, "Tell me, where did those two beautiful women go? If you tell me, I will immediately let you go and give you 100,000 RMB as a compensation gift." A hundred thousand RMB as a compensation gift, it seemed that he had really been charmed by the male disguised as a woman, Chen Hao Xuan, to the point of delirium.

"If I tell you, what will you do to my two friends?" Chen Haoxuan asked.

"I-?" Han Junrang thought for a moment, then said, "I would make them both my girlfriends."

"Then what will you do to me if I don't say anything?" Chen Haoxuan asked again.

"Hmph, if you don't say anything, I'll tie a big rock to you and throw you into the sea to feed the fish." Han Junlang frowned and said.

"Then you can throw me into the sea!" Chen Haoxuan closed his eyes and looked ready to die.

Han Junrang was furious! He wanted Chen Hao Xuan in male disguise so much that he would not kill Chen Hao Xuan now no matter how angry he was, because if he killed Chen Hao Xuan, it would be difficult for him to find those two big beauties from yesterday again.

Han Junlang he said loudly, "Take off his sunglasses for me, I'd like to see what kind of person can have two such beautiful female friends."

Taking off Chen Hao Xuan's sunglasses was not an option, Chen Hao Xuan was not wearing any make-up, if he took off his sunglasses, Han Jun Lang and the others would be able to recognise him.

One of the punks standing on Chen Haoxuan's left walked towards Chen Haoxuan and tried to remove Chen Haoxuan's sunglasses. When the punk was about to get close to Chen Haoxuan, Chen Haoxuan's hands and feet shot up at the same time and he stood up so violently that the rope tied to him was torn off by his terrifying strength.

The man who wanted to remove Chen Haoxuan's sunglasses saw that Chen Haoxuan was able to rip the rope off with such force that he sat down on his butt in fear.

Chen Haoxuan walked towards Han Junlang step by step as he said coldly, "Didn't you want to throw me down to the sea to feed the fish? Then I'll be kind and dig a pit to bury you alive."

Chapter 372

When Second Brother saw that Chen Hao Xuan could rip the rope by brute force, he could guess that Chen Hao Xuan was a powerful character, so he couldn't let Chen Hao Xuan get close to Han Junlang, if something happened to Han Junlang, their dock gang would come to an end. So Second Brother hurriedly shouted to his boys, "All together, grab him."

Chen Hao Xuan suddenly accelerated to Han Junlang, whose eyes were wide open and he looked at Chen Hao Xuan with astonishment. Chen Haoxuan lifted his foot and kicked Han Junlang in the chest, only to see Han Junlang's chest slightly concave, if you listen carefully, you will also hear the sound of bones breaking. That's right, Chen Haoxuan broke several of Han Junlang's sternum bones. Han Junlang's

body kept flying backwards, and Second Brother who was behind him was unlucky, as he was behind Han Junlang, so he flew backwards along with him.

With a bang, the second brother hit the wall behind him and with a vomit, the second brother spat out several mouthfuls of blood because of the violent impact.

"How dare you come to bully me, you're just looking for death." Chen Hao Xuan roared, every punk who came near him was knocked away by him, those who were knocked away either had broken legs or arms. Just now when Han Junlang didn't come, that punk told Chen Haoxuan that they were a group of people who did all the bad things, so there was no need for Chen Haoxuan to show mercy, if he let this group of punks go, when they recovered from their injuries later, they would harm people again.

After Chen Haoxuan had knocked everyone down, he walked slowly to the door of the warehouse. When Han Junlang saw Chen Haoxuan walking towards the door, he couldn't help but feel happy in his heart, because with Chen Haoxuan leaving, he wouldn't have to worry about Chen Haoxuan throwing him down to the sea to feed the fish anymore. But his hopes were soon dashed by Chen Haoxuan's move, as Chen Haoxuan walked towards the door not to leave, but to close it.

That's right, Chen Haoxuan prevented Han Junlang and the others from running away, so he was going to close the door of the warehouse and prepare for a shutdown.

After closing the door, Chen Haoxuan walked towards Han Junlang, his face smiling, and in Han Junlang's eyes, the gentler Chen Haoxuan's smile was, the more panic Han Junlang felt in his heart.

Chen Haoxuan once again walked up to Han Junrang and said with a smile, "I feel that you look really handsome in a wheelchair, so in order to keep you looking handsome like this, let me help you remove your legs!" Chen Haoxuan said as he slowly lifted his feet.

When Han Junlang saw Chen Haoxuan lift his feet, he didn't need Chen Haoxuan to say anything, he could guess that Chen Haoxuan wanted to break his legs with his feet, he was afraid, his heart was full of fear towards Chen Haoxuan, he begged Chen Haoxuan with a crying and pleading voice, "No! If you let me go, I can give you money."

Chen Haoxuan's foot platformed up slowly, but fell quickly with a click, followed by Han Junlang's voice of a pig-kil ling gang: "Ah..., my foot."

The second brother, who was still behind Han Junlang, had only wanted to scare him because of Chen Hao Xuan, but he didn't think Chen Hao Xuan would really dare to kick off Han Junlang's foot, which is against the law! What's more, Han Junlang's father knew many people in the official circles, so even if Chen Hao Xuan's kick didn't result in a death sentence, he would be killed in jail. Second Brother, if he didn't stop Chen Hao Xuan from killing Han Junlang, Han Junlang would definitely not let him go, so he anxiously said to Chen Hao Xuan, "Wait, this brother, I see that you are also in the road, give me face, we compensate you 100,000 RMB, can we just let this matter go?"

"Lao Tzu, I'm not short of money." Chen Hao Xuan said and kicked down again.

This time Han Junlang was luckier as he passed out straight away and didn't have to suffer from the pain.

The always calm Second Brother also panicked when he saw Chen Hao Xuan, no matter what kind of person he was, he would be scared when he encountered a powerful enemy, unless he was someone who really wasn't afraid of death. He said to Chen Haoxuan in a trembling voice, "Brother, his backstage is very tough, if you are caught you will definitely die, so just stop! Get out of here while the police are still here."

"Humph, do you think I will be afraid of you guys? If I was afraid I wouldn't have come with you guys, I wouldn't have left so easily if I had come. Because I'm going to uproot you Dockers, for no other reason than the fact that you've done so many bad things that to keep you would be irresponsible to society and to the motherland. I won't let kill you, you can rest assured of that, but for you to continue doing evil in the future, so I will make you different from normal people." Chen Haoxuan said coldly.

"Han Junlang's family will not let you go." Second Brother still wanted to threaten Chen Haoxuan with the power of Han Junlang's family.

"Hey, sorry, I've never heard of Han Qi Group, furthermore, I used a fake ID at the hotel, and you guys have never seen my appearance, so as long as I go out and casually dress up, even if I stand

directly in front of you guys, you won't be able to recognize me. " Chen Haoxuan said with a wicked smile.

With a sweep of his right hand, Chen Hao Xuan swept Han Junlang to the ground with his wheelchair. Han Junlang's head came into close contact with the ground and this intense pain made him reluctantly wake up, he had not even opened his eyes when he heard a miserable sound. He saw Chen Haoxuan sitting on his second brother's lap, then grabbed his second brother's foot and pulled it upwards.

Ah..., another miserable sound reached Han Junlang's ears, a sound that made his body tremble again and again. He hurriedly closed his eyes and loved to pretend to be dizzy, he was worried that Chen Hao Xuan would come back to abuse him when he found out he had woken up.

Chen Hao Xuan nullified all the people inside the warehouse and then forced a gangster to reveal the location of their headquarters. He saw Chen Hao Xuan forcing a gangster to reveal the headquarters of the Dockers, and he knew that the Dockers were finished, and from tomorrow onwards, they would disappear from the world. And there would be hundreds more handicapped people in Shuang Hu Province, hundreds more handicapped people among the punks.

Chen Hao Xuan he left the warehouse and went alone to the headquarters of the Dock Gang, the Dock Gang's headquarters was in a bar, Chen Hao Xuan he started to make trouble as soon as he arrived inside, after he attracted the Dock Gang's big brother out, he started to strike out greatly. Ten minutes, it only took Chen Hao Xuan ten minutes to take care of the Dock Gang, mainly because there were only a few dozen people in the Dock Gang headquarters and the other members were not there, so Chen Hao Xuan took care of it quickly.

The two pillars of the Dock Gang were both ruined by Chen Haoxuan, and the Dock Gang was completely destroyed.

That night, the news in Shuanghu Province broadcasted the incident. The news said that it was probably a firefight between the triads for profit, because when those reporters interviewed the members of the Dock Gang, all the members of the Dock Gang refused to say who beat them up, because they were afraid of revenge from the ruthless Chen Hao Xuan.

Chapter 373

Chen Hao Xuan used disguise to change his appearance, in fact, disguise is not how magical, just rely on some cosmetics to dress up. Chen Hao Xuan spent 50 yuan on a photo studio to make a fake ID card, the name is Li Wu, the age is 25 years old, after the ID card is done, Chen Hao Xuan used hacking technology to turn his fake ID card into real.

The next day, Chen Hao Xuan went to Shuanghuan University to apply for a job as a security guard. When he applied for the job, he said he had been a security captain, plus he secretly bribed those in charge of recruiting, so Chen Hao Xuan became the security captain of Shuanghuan University. After he became the security captain, he didn't do anything, he just liked to go around Shuanghuan University blindly.

Maybe Han Junlang called the police, who came to Shuanghuan University many times, but didn't recognise Chen Hao Xuan. After following Su Shiyin for five or six days, Chen Hao Xuan found that Su Shiyin was someone he could trust, so he found a way to get close to Su Shiyin.

On Thursday morning, Chen Hao Xuan was dressed in a security uniform and stood majestically underneath the girls' dormitory, his appearance had changed a little, but it did not affect his handsomeness at all. When many female students came down from the dormitory building and passed by Chen Haoxuan, they couldn't help but look at Chen Haoxuan, after all, there are not many security guards who are as handsome as Chen Haoxuan, and some bold female students even went straight to Chen Haoxuan to ask for his phone number. But those girls failed, they were all rejected by Chen Haoxuan. Chen Haoxuan is not an ordinary person, he does not have so much time to chat with these girls on the phone.

Chen Haoxuan waited for about ten minutes and finally Su Shiyin arrived. When Su Shiyin came downstairs and saw Chen Haoxuan, her eyes showed a curious look and she secretly thought to herself, "How come this security guard is so handsome to be a security guard?"

When Su Shiyin was about to pass by Chen Haoxuan, Chen Haoxuan extended his right hand to stop Su Shiyin's way, Chen Haoxuan smiled and said to Su Shiyin, "Su, can I talk to you?"

Su Shiyin didn't answer, she turned around and tried to go around, but Chen Haoxuan blocked her way again, she frowned and said in a delicate voice, "Get out of the way."

"Su, I actually came to Shuanghuan University to do security for you, I've been observing you for a while and found you a reliable person. So I want to do business with you, I wonder if student Su is interested?" Chen Haoxuan asked.

The first thing that came to Su Shiyan's mind after hearing Chen Haoxuan's words was "liar", she was just curious why such a handsome man would come to work as a security guard, but now she understood that he was a liar.

Chen Hao Xuan saw that Su Shi Yin did not say anything, so he spoke out again, "Su, what I said is true, there are many people here, if you want to see my true identity, let's go out and find a quiet place, I will make you believe it."

"Find a quiet place, that means no one's around? Then surely he wanted to molest her, so he is a yin thief." Su Shi Yin said darkly in her heart.

"I don't know you and I don't want to cooperate with you in business, so please move aside, if you don't move aside again, I will call the police." Su Shi Yin said coldly to Chen Haoxuan.

Chen Hao Xuan knew Su Shi Yin's character, she would not trust people that easily. In order to convince Su Shi Yin that he was not a bad person, he looked around and he saw that there was no one around for the time being, so he said to Su Shi Yin, "No matter whether you work with me in the future or not, you are not allowed to tell anyone my identity. I'm telling you now, I'm actually Chen Hao Xuan."

Pfft, Su Shi Yin laughed out, she looked at Chen Hao Xuan with a smile and said, "Hehehe, you don't even look in the mirror, although you are a bit handsome, but compared to the real Chen Hao Xuan is a heaven and a earth. Hehehe, you even said that you are Chen Hao Xuan, good thing you talked to me, if you talk to other girls, you die a bit miserably because you insulted their Prince Charming."

Chen Hao Xuan pointed at his face and said, "Actually, I put on makeup, that's why you couldn't recognize me, if you come with me to a place where no one is, I can remove my makeup and show you."

"No, I know you are not a good person just by looking at you, get out of the way." Su Shiyin said coldly.

Chen Hao Xuan opened his mouth to speak, but Su Shi Yin turned around and ran towards the girls' dormitory building, probably to find help.

Looking at Su Shiyin's nervous back, Chen Hao Xuan stroked his face and muttered to himself, "Did I really draw my makeup like a **?"

Chen Hao Xuan continued to wait for Su Shi Yin in the girls' dormitory, his time was precious, he didn't want to waste it again, he must get Su Shi Yin's reply today, if Su Shi Yin agreed to work with him, he welcomed her with open arms, if Su Shi Yin refused to work with him, he wouldn't force her.

Chen Hao Xuan looked up and observed the girls' dormitory. He found that most of the girls in the dormitory had gone to class and only a few of them stayed in the dormitory. Chen Haoxuan hesitated for a moment, he said in his heart, "Ya Ya, just come down, I'll go up."

It was not that easy for boys to get into the girls' dormitory, they had to have someone from the girls' dormitory come down to vouch for them before they could go up, if not, they were all considered **. Chen Haoxuan was someone who had studied at university, he knew that girls' dormitories usually had such rules, so he thought of a way. The solution was simple, and that was to go over the wall. There was another way, which unfortunately Chen Haoxuan would never use, and that was to dress up as a man. If he dressed up as a woman, no one would keep him out of the girls' dormitory.

Chen Haoxuan saw that no one was paying attention, so he quickly climbed over the wall and entered. The wall was only two metres high, which was similar to the threshold of Chen Haoxuan's home.

As Chen Haoxuan ran up the stairs, he met some girls who were coming down the stairs, Chen Haoxuan he said to those girls in a very serious manner, "You don't need to panic, I am here to check the fire safety." If Chen Haoxuan had not said so, he might have been reported.

Chen Haoxuan arrived at Su Shiyin's dormitory, the door to the dormitory where Chen Haoxuan Su Shiyin lived was closed, Chen Haoxuan knocked on the door, he did not make a sound, he knew that if he made a sound, Su Shiyin would not open the door.

When she saw that it was Chen Haoxuan, she let out a cry of surprise and then tried to close the door. Chen Haoxuan hurriedly stretched out his foot so that Su Shiyin could not close the door behind her. Chen Hao Xuan's strength was greater than even Hercules', no, with a gentle push, the door opened.

Su Shiyin opened her mouth and wanted to shout for help. She now decided that Chen Haoxuan was an a**, and she wanted to shout for help. Chen Haoxuan didn't allow it, he quickly stepped forward and covered Su Shiyin's mouth, saying, "Don't shout, I won't harm you, trust me."

Chapter 374

Su Shiyin looked at Chen Haoxuan, she nodded her head, signaling that she would not shout.

Chen Hao Xuan had just let go of Su Shi Yin when Su Shi Yin opened her mouth and shouted, fortunately Chen Hao Xuan was quick and covered Su Shi Yin's mouth again.

"I'll show you the real me, if you still refuse to believe me after seeing the real me, I'll leave immediately and never bother you again." After Chen Hao Xuan finished speaking, he released Su Shi Yin's mouth, this time Su Shi Yin did not shout for help anymore, she looked at Chen Hao Xuan with questioning eyes.

Chen Hao Xuan walked into the bathroom of Su Shi Yin's dormitory, Su Shi Yin saw Chen Hao Xuan walking towards their dormitory, she first froze and then sprinted towards Chen Hao Xuan, her classmate's underwear and panties were hanging in the bathroom! So she couldn't let Chen Haoxuan go in. "No going into the bathroom." Su Shi Yin shouted loudly.

Chen Haoxuan stopped in his tracks as he turned to Su Shiyin and questioned, "Why?"

"Because because there are things inside that cannot be seen by boys." Su Shiyin said awkwardly.

Chen Hao Xuan thought about it for a moment and thought to himself that it was normal to have things commonly used by girls in the girls' dormitory bathroom. So Chen Hao Xuan stopped going in and washed his face at the tap by the balcony, and once he washed it with clean water, he turned to look at Su Shi Yin and said, "Now you know me, right?"

Su Shi Yin saw Chen Hao Xuan's face, she couldn't help but put her finger in her mouth and bite it, she was incomparably surprised because it was Chen Hao Xuan in front of her, no one would not know Chen Hao Xuan as far as China is concerned, because his website is the most popular website in the world, the DJs on his website are the hippest songs in the music industry, he gets rich faster than a money printing machine, she just loved listening to the DJs produced by Chen Hao Xuan, she never thought that Chen Hao Xuan would come to her, and she even thought of him as an a**.

"I'm Chen Haoxuan, you should know me!" Chen Haoxuan pointed at the bridge of his nose and said.

Su Shiyin nodded and said, "Well, I know you."

Hearing Su Shi Yin's words, Chen Hao Xuan let out a sigh of relief as he said to Su Shi Yin, "If you know me, you should know that I am a businessman, I am looking for you because I want to cooperate with you, I appreciate your talent for finance, so I want to invest in your stock speculation, property speculation, etc., how about a 50/50 split of the benefits?" Fifty-fifty, this for Chen Hao Xuan he made money, because he didn't need to care about anything, just give Su Shi Yin tens of millions of RMB, in the future, no matter how much Su Shi Yin made, he could get half of it, this was absolutely profitable.

As for losing money, Chen Hao Xuan doesn't have to worry, if he can personally come and ask Su Shiyin to help him, Su Shiyin must have the strength to do so. People like Su Shiyin, who is very talented in finance, are not just talented, because in terms of speculating in stocks and so on, if there is not enough money, then the speculation will not work. But with Chen Hao Xuan's support, it's different. Chen Hao Xuan can invest his money in a big way, and Su Shiyin can use Chen Hao Xuan's huge funds to break out in the financial world where she belongs.

This is an absolutely profitable business, but it is also very risky and can lead to a huge loss of money. Therefore, if you want to speculate in stocks, houses, etc., you must hire a great person to help you speculate. The reason why Chen Hao Xuan gave such a big benefit to Su Shi Yin was because he didn't want Su Shi Yin to betray her, he thought that as long as he made the other party feel like she wasn't losing money, the other party wouldn't betray him.

"But I'm still a student!" Su Shiyin said in surprise, she knew how to speculate, she earned all her pocket money and tuition fees from speculation, but that didn't mean she liked it.

"I know you're a student, tell me, what do you feel you can learn in school? Finance? Let me tell you, a person who wants to learn what they want to learn is not taught slowly by people, because by being taught by others, you will always be only in the reach of the person who is teaching you. That's why you have to learn on your own, and learning in the real world is one of the fastest ways to learn. If you don't believe me, take my money and go speculate in stocks, speculate in houses, you can speculate in what you can and try it out, and after a few months, when you go back and compare yourself with your teacher, your teacher will be ashamed of himself." Chen Haoxuan smiled and said, there is no way, talent is not good to pull ah! You can only use the lull.

"Aren't you afraid that I'll lose your money?" Su Shiyin looked worried and said.

"I've been observing you for a week, if you didn't have financial talent, I wouldn't have spent so much time in your identity Lang! So you have to be confident in yourself." Chen Haoxuan encouraged Su Shiyin and said.

"Alright! I'm convinced by you, just tell me! How much money do you want to pay me to fire?" Su Shiyin asked, Su Shiyin was thinking that Chen Haoxuan should give him a couple of million to speculate.

"Fifty million RMB." Chen Hao Xuan said with a smile.

"Ga" Su Shiyin bit her finger again, her pronunciation was a little unclear because she was biting her own finger, "I wouldn't dare." One or two million words she did not put on her mind, but fifty million is different, this is too much money, if she lost her money, selling her would not earn that much money.

"This 50 million RMB is for you to practice, even if you lose it, it doesn't matter, but if you lose 50 million RMB you have to learn some experience, otherwise I won't dare to work with you again. Once you have enough experience I will give you more money to speculate, maybe 100 million, maybe 500 million, exactly how much it is this needs to depend on your strength." Chen Haoxuan smiled and said.

"Five hundred million?" Su Shi Yin a little want to faint feeling, fifty million is scared her, this five hundred million more make her feel like she is dreaming, and this dream is very unreal.

"So you have to work hard, yo! I think very highly of you, you want it, if you make 200 million RMB with my money you will get a share of 100 million RMB, what a great deal! Besides, you should know that our Chinese stock market is being made by foreign masters, which is the hard-earned money of Chinese people. It's a shame that they can't make it so easily! So you have to work hard, after you learn enough experience in the Chinese stock market, I will arrange for you to go abroad to earn foreigners' money, so that all foreigners will become poor at best." Chen Haoxuan said.

"But, if I have so much money at once, will I be checked?" Su Shiyin said worriedly.

"It's certain that your bank card will be investigated if you suddenly have several hundred million RMB on it, but don't worry, I will talk to the bank in advance." Chen Haoxuan said.

"I am still afraid." Su Shiyin said worriedly.

"You can take your time! If you really I can't, I won't force you because we are directly in a cooperative relationship." Chen Hao Xuan comforted Su Shi Yin and said.

"Alright! I'll try." Su Shi Yin agreed, to do great things, whether it was a woman or a man who wanted to, none wanted to live their lives in mediocrity, except for the incompetent of course.

"That's right!" Chen Haoxuan said gratefully.

After that Chen Haoxuan and Su Shiyin talked a lot inside the dormitory, finally Chen Haoxuan simply took Su Shiyin out, he took Su Shiyin to a lawn opposite the teaching building, he told Su Shiyin all about his views on finance, Su Shiyin was amazed at Chen Haoxuan's knowledge, she didn't expect that Chen Haoxuan knew so much about finance, there were many speculation methods Chen Haoxuan said she had never heard of.

Su Shiyin she kept absorbing Chen Haoxuan's knowledge, while she kept saying in her mind, "So it can still be fried like this."

When it was almost noon, Chen Hao Xuan stood up, stretched his back and said, "Ah, I didn't know it was already noon, Su Shiyin, can I treat you to dinner?"

Su Shiyin stood up, twisted her small waist and said happily, "Then I'll treat you."

"Let's go! I'll treat you to a big meal." Chen Hao Xuan said boldly, this girl Su Shi Yin, he had to befriend her properly, this girl might help him make lots and lots of money in the future.

At this time, Chen Hao Xuan had already put on his sunglasses, he took Su Shi Yin to the hotel opposite Shuanghuan University, he ordered the most expensive and best wine and food to celebrate that he had found another talent.

After eating and drinking, Chen Hao Xuan seriously said to Su Shi Yin, "You must not tell anyone about my identity, okay? I can't tell anyone about me coming to you either, I'll tell you when it's time to talk."

"Why?" Su Shiyin asked curiously.

"The world of the strong is up to you, when you become a big shot in the future, you will understand." Chen Haoxuan sighed.

"Oh." Su Shiyin was disappointed because she didn't understand.

"I'm staying at Shuanghuan University for too long, so I'll be leaving later, I'll credit your bank card in a few days for the money, you work hard, I'm leaving." Chen Haoxuan stood up and said.

Su Shiyin hurriedly stood up and shouted, "Wait, can you you sign for me?"

"Hehehe, you're not a fan of mine too, are you!" Chen Haoxuan said with a smile, as he said he took out his cheque book and signed a big name on the cheque, using a cheque signature to give away, I'm afraid only Chen Haoxuan could think of that in this world.

After receiving Chen Haoxuan's signature, Su Shiyin took out a book and carefully slipped it inside. She studied finance and knew the value of Chen Haoxuan's signature. She was sure that once Chen Haoxuan became one of the world's biggest figures, it was certain that her signature on this cheque would be worth millions of dollars. Because Chen Haoxuan's development is particularly fast, this proves that Chen Haoxuan is a very powerful person, as long as Chen Haoxuan does not die, after ten or so years, he will become the richest man in the world, this is her hunch. In addition, Chen Hao Xuan rarely gave autographs to people, so the autograph in her hand was even more valuable.

Su Shiyin herself did not expect that a few hundred years later, the signature of the cheque in her hand would be sold by her children and grandchildren for a sky-high price of one billion RMB. A few hundred years later, the RMB is not as valuable as the RMB now, which is worth more than the US dollar. The reason why it was sold for so much money was because Su Shiyin herself spent millions to have a luxury frame made by a famous craftsman, and she put the cheque signature inside the frame, which greatly increased the value of the cheque signature. These were things that neither Su Shiyin, nor Chen Hao Xuan had thought of.

Chapter 375

After Chen Hao Xuan left Su Shiyin, he started to look for talents again, he wanted to be strong, so strong that his enemies did not dare to compete with him.

In this month, Chen Hao Xuan found many more talents, and together with the previous ones, he had already found more than 50 talents and invested a total of 5 billion RMB.

Originally, Chen Hao Xuan wanted to continue his search, but the team leader called him back, saying that there was a very important task for him to do. When Chen Hao Xuan joined the Dragon Group, his first condition was freedom, he could not go on the mission, but he had to take this mission because it had the figure of Black Rose in it.

When Chen Haoxuan returned to the Dragon Group, the team leader immediately called Chen Haoxuan to his office: "Haoxuan, you still remember Black Rose, right? Her organisation has recently been assassinating a big star in China. They have been looking for crowded places to assassinate each time, and we suspect that they are trying to strike fear into the hearts of our citizens in China. That big star was lucky enough to escape the first assassination, and the second time the assassin was killed by the police and said three words 'Black Rose' before he died. Now Flower Speed is protecting that big star. Although Flower Speed he is very powerful, he can only protect people and cannot find out the real killer, so we need to send someone who is smart and powerful.

In our Dragon Team, you are the only one who has come into contact with Black Rose, you know Black Rose better than any of us, that's why we asked you to protect that big star. We want you to uncover the organisation behind the Black Rose."

"When Flower Speed went to protect that big star, did he encounter any assassins?" Chen Haoxuan asked.

"Flower Speed only went over there yesterday, so he hasn't encountered any for now. If you promise, I would like you to go over to replace Hua Speed now." The group leader said to Chen Haoxuan expectantly. The impact of Black Rose's people assassinating a big star was too great, think about it! It's normal for a big star to have a hundred thousand or so people at a concert, if the big star is assassinated in the eyes of a hundred thousand or so people, plus the fans watching the concert on TV, it adds up to a horrible number, the impact can be imagined.

Besides, Black Rose was the one who had assassinated Chen Hao Xuan, and this time she wanted to kill someone in front of the eyes of the Chinese people for no reason, he suspected that the organisation behind Black Rose must have some ulterior motive, so he had to send Chen Hao Xuan, he knew Chen Hao Xuan's ability, and he believed that Chen Hao Xuan would be able to uncover Black Rose and the organisation behind her, and of course their purpose.

"Can you give me the information of that big star?" Chen Haoxuan said.

"That's for sure." The group leader happily handed Chen Haoxuan a CD with the details of that big star inside. He was a smart man, Chen Haoxuan asked him for that big star's information, it was obvious that Chen Haoxuan had agreed to it.

Chen Haoxuan took the disc and he said to the team leader, "Team leader, if there is nothing else I will go back and prepare first, I will go and replace Flower Speed as soon as I am ready."

"Well, you go ahead! If there's anything you need just let me know." The team leader said with a smile, he was satisfied with Chen Haoxuan, he had talent and also knew what was important.

After Chen Haoxuan left the team leader's office, he went back to his lab, to uncover Black Rose and the organisation behind her, Chen Haoxuan needed to capture the assassin alive, killing was easy, but capturing an assassin alive was difficult, because it wasn't that they couldn't be caught, but usually assassins would choose to commit suicide after being caught.

Chen Hao Xuan returned to his laboratory and took a lot of things. Although there were many things, they were all small in size and Chen Hao Xuan hid them all inside his windbreaker. After that good stuff, Chen Hao Xuan set off, he borrowed the latest motorbike made by Speedy, that motorbike was made with the motor he designed, it was terribly fast. In addition, the motorbike designed by Speedy was awesome, it looked wild and domineering, and with Chen Hao Xuan in his trench coat, it was awesome as hell.

Chen Hao Xuan rode his motorbike to Yashui City in Jiuhua Province, where the group leader said the big star was. Chen Hao Xuan drove his motorbike across the grassland, and whenever there was a dirt slope on the lawn, his motorbike would fly up, which was exciting and cool.

The base of the Dragon Group was far away from Yashui City, but that was not a problem, Chen Haoxuan's speed could reach Yashui City in no time.

It took Chen Haoxuan four hours of driving to reach Ya Shui City. He drove his motorbike to the entrance of a high-class villa, which was high-class in the eyes of others, but in Chen Haoxuan's eyes it was equivalent to a building. Chen Haoxuan shouted loudly to the security guard at the door, "I am Haoxuan, here to protect Miss Song."

Hearing Chen Haoxuan's words, the security guard at the door hurriedly opened the iron door to let Chen Haoxuan in. Before Chen Haoxuan came, the team leader had already contacted the police in Ya Shui City, so the security guard opened the door as soon as he heard Chen Haoxuan's name.

Chen Hao Xuan did not use a fake name this time, he used his real name, but he did not use his surname, so if he did not take off his glasses people would not know that he was the same Chen Hao Xuan from Johor Bahru City.

When he got to the entrance of the villa, he saw several people in police uniforms, and the one standing at the front was a beautiful female police officer. When that female officer saw Chen Haoxuan walking over, she warmly said to Chen Haoxuan, "Mr. Haoxuan, I'm glad you're here to help us."

Chen Haoxuan walked over, extended his right hand and said, "Hello, I'm Haoxuan, nice to meet you."

The pretty female police officer also extended her own delicate right hand to shake Chen Haoxuan's hand, "I am Captain Ya Yuyan of the Ya Shui City Police Department, nice to meet you."

"I wonder where Miss Song and that colleague of mine are? I would like to meet them." Chen Haoxuan said.

"They are inside the house, I will take you there." Ya Yuyan said enthusiastically.

Chen Hao Xuan followed Ya Yuyan to the hall, Chen Hao Xuan saw Hua Speed, he waved to Hua Speed, when Hua Speed saw it, he came to Chen Hao Xuan in a flash. "Team leader I'll take your place to protect Miss Song, you can go back now." Chen Haoxuan said to Hua Speed.

"Great, I finally don't have to stay here all day." Hua Speed said happily, it seemed he hadn't taken a step outside for the past few days and was driving him crazy.

When Song Fangfang she heard Chen Haoxuan's words, she immediately stood up and said in a delicate voice, "No, I want Hua Speed to stay and protect me." Song Fangfang had seen Hua speed's skills and she thought that only an expert like Hua speed could guarantee her life.

Hua speed had also protected several big shots before and knew the heart of the person being protected. He said to Song Fangfang, "Miss Song, you are doubting Hao Xuan's skills, aren't you? Let me tell you, Hao Xuan is the most powerful expert in our organisation, he is an all-round genius, he basically knows everything, our entire organisation will not know as much as he alone does, so you can rest assured."

Chapter 376

"Really?" Song Fangfang looked at Chen Haoxuan with a questioning look in her eyes. Chen Haoxuan's current appearance was cool, but it didn't mean that Chen Haoxuan was great, maybe he was a vase as well.

Chen Haoxuan could see from Song Fangfang's eyes that she was worried, showing a hand to convince the public was a sure thing. Chen Haoxuan waved his hand and a transparent silk thread flew out from his sleeve, the thread was already small, plus it was transparent, which made it even more invisible. Chen Hao Xuan's hand swung, a vase on his right quickly flew to his hand, making it feel as if Chen Hao Xuan was taking things from space.

"Wow oh, " Song Fangfang and the girls were amazed, they thought Chen Hao Xuan was an expert in internal energy, because those internal energy experts on TV could fetch things from space like this to Chen Hao Xuan.

Hua Speed he looked at Chen Haoxuan with envy and said, "Haoxuan, how did you do that, can you teach me?" Hua Speed he liked flowers, in fact, he liked beauty, and that move Chen Haoxuan just did was not only beautiful but also cool.

"When I finish my mission, I'll teach you when I get back." Chen Haoxuan said to Hua Speed.

"That's a deal then, I'm off, bye." Hua Speed said hello to Chen Haoxuan and left, as for Song Fangfang and the others, she didn't put it in her eyes, although he was a member, his status was higher than Song Fangfang and the others, there was no need to care about them.

After Hua quickly left, Chen Hao Xuan walked to Song Fang Fang, he took out a large ring from his pocket and handed it to Song Fang Fang, saying, "This ring is actually an alarm, if you are in danger, just tap this ring hard and I will come to your side in the fastest time."

Song Fangfang took Chen Hao Xuan's ring, put it on her hand and said happily, "Thank you Hao Xuan."

Song Fangfang she was not very beautiful looking, not even Zhou Kexin could compare to her, but she was innocent looking and gave people a warm feeling, her voice was even more outstanding than her looks, her voice was sweet, as if it was the sound made by nature.

"Hao Xuan, how do we need to cooperate with you?" Ya Yuyan asked Chen Haoxuan.

Chen Haoxuan waved his hand and said, "No, you guys do what you need to do! No need to listen to me, no need to care about me, and don't mind me."

Ya Yuyan skimmed her lips and said secretly in her heart, "They really are a nest, just like Hua Speed, they don't like to work with others much less be in charge of them. They are so powerful, I wonder what department they work in?"

Next, Chen Hao Xuan began to check Song Fangfang's villa, he took a small box, it was something that received signals, as soon as it touched something that could send out a signal, he would ring, Chen Hao Xuan was to see if anyone in Song Fangfang's villa had installed an eavesdropper or something like that.

The whole villa was checked and it was fine, so Chen Hao Xuan started to lie down in the villa to sleep.

Song Fangfang, she and Ya Yuyan sat in the hall, they both looked at Chen Hao Xuan lying on the sofa and were speechless, how can one protect someone like this, if he sleeps too much, what if the bad guys come? Although Hua speed is not as cool as Chen Haoxuan, he at least stays by Song Fangfang's side, and he will not rest even if Song Fangfang does not rest, unlike Chen Haoxuan, who lies down and sleeps.

Chen Hao Xuan, who had closed his eyes and loved to sleep, suddenly spoke out, "Have you two seen enough? I've said it, you guys do what you need to do! No need to pay attention to me."

For her own safety, Song Fangfang had to remind Chen Hao Xuan, she said in a delicate voice to Chen Hao Xuan: "Hao Xuan, I know you are very powerful, but those assassins are not vegetarian, they will take sniper rifles or sneak in to assassinate me, how can you see if the bad guys are coming if you close your eyes and love, and how can you protect my safety? "

"Don't worry, with me around, you definitely won't die." Chen Hao Xuan confidently said, his eyes did not open when he spoke.

Song Fangfang, who pulled on Ya Yuyan's sleeve, said, "Yuyan, let's go for a walk outside." Song Fangfang was trying to see if Chen Haoxuan would follow.

"Well, let's go!" Ya Yuyan also aimed at Song Fangfang's intention.

Song Fangfang and Ya Yuyan walked out of the villa and looked back, furious that Chen Hao Xuan was still sleeping on the sofa.

Song Fangfang pulled Ya Yuyan and walked to the back of the villa, she whispered to Ya Yuyan, "Let's try this ring of his to see if it's useful or not, okay?"

"Good." Ya Yuyan nodded her head in agreement, she wanted to see how long Chen Hao Xuan could come in.

Song Fangfang slapped one hand on the wall, the ring she wore in her hand vibrated slightly, Chen Hao Xuan who was sleeping in the hall felt the ring on his finger vibrate, he immediately got up and pulled out something that looked like a compass, after he looked at it, he put the compass in his pocket and quickly ran to the window in the hall, that's right, he wasn't going to take the front door, he needed to get to Song Fangfang's identity in the fastest way possible, if he wasn't afraid of the house collapsing, Chen Hao Xuan would have wanted to just crash into the wall to get out more conveniently.

There was a loud boom and a window next to Song Fangfang and the girls suddenly flew out, followed by a black shadow. They were so frightened by the sudden sound that they couldn't help but scream, "Ah..."

Chen Haoxuan patted Song Fangfang and Ya Yuyan's shoulders and said indifferently, "What exactly is the matter with finding me?"

Hearing Chen Haoxuan's voice, Song Fangfang and Ya Yuyan turned around and saw the hole next to Chen Haoxuan and the window not far away, they understood, they felt that Chen Haoxuan had kicked the window straight out. "I just slipped accidentally, in order not to fall I quickly went to hold the wall, probably too hard, so the ring vibrated a little." Song Fangfang scared meaning looking at Chen Haoxuan said, a kick flying a window, how fierce people, she is not afraid to be strange.

Chen Haoxuan suspected that Song Fangfang was deliberate, was trying to test whether he could really get to her with the fastest speed. Chen Haoxuan said indifferently, "Be careful in the future." He then drilled back in from where he had just burrowed out and went back to the sofa to continue sleeping.

Song Fangfang looked at the ring on her hand and muttered to herself, "This ring really seems to work, yeah!"

At night, Ya Yuyan and Song Fangfang slept together, this was for Song Fangfang's safety, although Ya Yuyan was a woman, she was at least a police officer, stronger than ordinary people and bolder than average**, so it was best for her to sleep with Song Fangfang. But to be the most perfect, it would be to sleep with Chen Haoxuan, just saying, neither Chen Haoxuan nor Song Fangfang would agree.

For the sake of Song Fangfang's safety, Chen Hao Xuan moved a sofa next to the door of Song Fangfang's room, and then he slept on his own.

In the middle of the night, when Song Fangfang got up to go to the toilet, she saw Chen Hao Xuan lying in front of her room, sleeping, and she couldn't help but feel a little more kindly towards Chen Hao Xuan. But she was curious as to why Chen Hao Xuan wore sunglasses to bed at night, was it just to be cool?

Chapter 377

The next day. When Song Fangfang got up, she found that Chen Hao Xuan was no longer sleeping on the sofa. There are not many opportunities to see a master practising martial arts, so Song Fangfang and the girls quickly went to wash their faces and brush their teeth and then ran to the garden with great enthusiasm. Unfortunately, Chen Hao Xuan was no longer practising martial arts, but was instead closing his eyes and playing Tai Chi.

Song Fangfang had her breakfast and then she suggested to Ya Yuyan that she wanted to go out shopping, now that someone was trying to assassinate Song Fangfang, how could Ya Yuyan let Song Fangfang go out. But Song Fangfang made Ya Yuyan agree with one sentence, "I am a human being not a pig, I need to be free, I can't just keep hiding in the villa because someone wants to kill me, so if the person who wants to kill me is never caught, will I be unable to go out for the rest of my life?"

Ya Yuyan brought two police officers with her to go with this, and they all sat in a long version of the van. When Song Fangfang wanted to go out, of course Chen Hao Xuan had to follow, and he rode his motorbike behind Song Fangfang and the girls.

Song Fangfang who was sitting inside the car knew that Chen Hao Xuan would definitely follow, she turned her head and saw Chen Hao Xuan on his motorbike through the glass at the back of the car, she couldn't help but admire, "I wonder where he bought his motorbike, it's so cool, if he goes to be a male model, he will be very popular."

"Nowadays, men are dressing themselves up to attract girls." Ya Yuyan, who was sitting next to Song Fangfang, said.

"Yuyan, he's from your police force, so you should have seen him, right? Does he look particularly ugly, that's why he wears a pair of sunglasses all day long and doesn't even take them off when he sleeps." Song Fangfang asked Ya Yuyan.

"I don't know, I only know that they are a very mysterious department in China, and everyone in that department of theirs is a supreme master, I heard our chief say that they also have the power to kill before they kill." Ya Yuyan said seriously.

"They have so much power, why would they come to protect a small person like me?" Song Fangfang questioned.

"It's probably because you have too much influence on China, that's why our police sent the most powerful people to protect you." Ya Yuyan said.

Chen Haoxuan was wearing sunglasses, so it was impossible to tell whether he was ugly or handsome, but it was cool for sure. The bored Song Fangfang and the girls used Chen Haoxuan as a topic of conversation, which was normal, men talk about women when they are with men and women talk about men when they are with women.

The car slowly drove into the lively downtown area, Song Fangfang picked a random place and got off, she had come to shop, and shopping should be done along the streets.

Chen Hao Xuan parked his motorbike and quickly walked behind Song Fangfang. In the lively downtown area, it is not like a villa, so Chen Hao Xuan had to follow Song Fangfang every step of the way in case something untoward happened.

Chen Hao Xuan couldn't wait for Song Fangfang to come out, because Song Fangfang would be able to attract Black Rose's gang out, and only then would he have a chance to catch them.

Song Fangfang and Chen Haoxuan were very much alike, both were celebrities and wore sunglasses because they were afraid of being recognised. If not for Ya Yuyan and the others, strangers would have thought that Chen Haoxuan and Song Fangfang were a couple.

Song Fangfang, who loved shopping, would basically go into every shop and look around, and if she saw something interesting, she would buy it no matter how big it was.

Song Fangfang stopped when she passed a lingerie shop, she wanted to buy some lingerie, she turned to Chen Haoxuan and said, "I'm going to buy lingerie."

Chen Haoxuan said indifferently, "I didn't stop you from going!"

"You're just a dork, I mean I'm going in to buy underwear, you boys are not allowed to follow." Song Fangfang said seriously to Chen Haoxuan, and her words included Ya Yuyan's two men.

"They can go without, but I can't go without, if you feel embarrassed, you can just treat me as air." Chen Haoxuan said.

"Uh huh." Song Fangfang no longer paid attention to Chen Haoxuan, she took Ya Yuyan's small hand and walked into the lingerie shop, which was very upscale, all the lingerie shops were filled with famous brands, the women who bought lingerie inside were either thousandaires or noblewomen, senior white collars.

The business of this lingerie shop was very good, as soon as Chen Hao Xuan entered, he saw more than ten women dressed in famous brands trying to choose lingerie. Those women who were choosing lingerie in the lingerie shop could not help but frown when they saw Chen Haoxuan enter, they thought Chen Haoxuan was a peeping tom or an a**, if not for Chen Haoxuan's pugnacious appearance, they would have spoken out and cursed.

Chen Haoxuan ignored everyone's gaze, he stood behind Song Fangfang with a straight face, Song Fangfang was immediately embarrassed, the attendant who was introducing the merchandise to Song Fangfang was also embarrassed, the lingerie shop did not stipulate that boys were not allowed to enter, but basically boys would not enter the lingerie shop.

Song Fangfang originally wanted to choose a few pieces of character underwear, but Chen Haoxuan was there and she was embarrassed, afraid that Chen Haoxuan would think she was a very bad girl, so she had to frown and buy a few pieces of conservative underwear. Walking out of the lingerie shop, Song Fangfang angrily said to Chen Haoxuan, "You are so ungentlemanly, how can you follow in when a girl is buying lingerie? If I go to the fitting room to try on lingerie, will you follow too?"

Chen Haoxuan was not angry, he could understand Song Fangfang, he said lightly, "If you want me to go in all right, if not I will let Ya Yuyan follow you in, then I will wait by the fitting room door." Chen Hao Xuan swore he really had no interest in Song Fangfang, who was no match for Chen Hao Xuan's girlfriends, Chen Yina, except for her great singing.

Ya Yuyan pulled the corner of Song Fangfang's clothes and advised, "Fangfang, don't be angry, he is also thinking of your safety."

Chen Hao Xuan once again said, "Let me tell you straight out, you are not my type, because apart from singing well, you are not good at anything else, compared to my girlfriend, it is a world away. If you insist that I am **trying to take advantage of you, I would rather take advantage of Ya Yuyan than you, because Ya Yuyan at least has a pretty face and plump breasts. And you, ugh-, miserable." Song Fangfang was angry with him for the slightest thing, and it was only right that Chen Haoxuan bullied her a little.

Song Fangfang was so angry with Chen Haoxuan that her face was red, and Ya Yuyan was just as red, but she was not red with anger, but with shame. She was happy that Chen Haoxuan said she was beautiful, but Chen Haoxuan said her breasts were plump, which made her shy.

"I'm going to the bar for a drink." Song Fangfang said angrily, she was in a bad mood and wanted to use alcohol to dispel her sorrow. Being called ugly and having small breasts, anyone would be angry.

Chen Haoxuan did not make a sound to stop her, as he saw it, it was easier for Song Fangfang to go to a crowded place like a bar to attract the assassins out, so that he would have a chance to catch those assassins.

This was not what Ya Yuyan had in mind. When they were protecting people, it was best to go to places with fewer people, and they were not allowed to go to places with more people. "Fang Fang, those places in bars are too messy, if you really want to drink, I'll have someone buy the wine back for you."

Chapter 378

Because of Chen Haoxuan, Song Fangfang was not in the mood for shopping, she bought had Ya Yuyan's men buy a lot of red wine back.

Chen Haoxuan was a little disappointed that he had not seen the assassin for so long.

When she returned to the villa where Song Fangfang lived, she dragged Yanyu Yan to drink with her. As for Chen Haoxuan, she didn't call him, if Chen Haoxuan dared to sit there and drink the wine she paid for, she would drive him away.

What kind of wine had Chen Hao Xuan never had, he wasn't going to be scolded for drinking a little wine! He asked one of the policemen to buy him a lot of snacks and a bottle of white wine of over 50 degrees, a high alcoholic beverage with a hot and spicy tummy. So Chen Hao Xuan hugged a pile of snacks while watching TV and eating snacks and drinking wine, so uncomfortable.

When Song Fangfang saw that Chen Hao Xuan was so relaxed, she was in an even worse mood, she started to drink a big gulp of red wine, she was obviously very poor at drinking, she started to get drunk after only half a bottle, she sang a song every now and then.

When Chen Hao Xuan heard Song Fangfang's song, he couldn't help but think, as a Chinese, shouldn't he support Chinese music? Being from the future century, he had many good songs. If he gave all the songs to the Chinese singers, then the voice of China could definitely spread all over the world. To give or not to give? Chen Hao Xuan was hesitant.

"Alas..., let's see how they perform! If they perform well, he'll give a few songs, if they don't, no deal." Chen Hao Xuan looked at Song Fangfang and said darkly in his heart.

Song Fangfang, she was drunk and bold, she swayed in front of Chen Haoxuan, pointed at Chen Haoxuan's face and said, "You even wear sunglasses in your sleep, you must look ugly."

Chen Haoxuan he stood up, turned his back to Ya Yuyan, took off his sunglasses and said to Song Fangfang, "Not really ugly, right?" Song Fangfang was now drunk, and drunk people had a poor memory and blurred eyes, so he wasn't worried that Song Fangfang would recognise him.

Song Fangfang stuck her head in front of Chen Hao Xuan's face, looked carefully and said, "It seems to be quite handsome?"

Ya Yuyan she also wanted to see what Chen Hao Xuan really looked like, she put down her wine glass and ran over quickly. Ya Yuyan was not drunk, so Chen Haoxuan did not dare to let her see what he looked like, so Chen Haoxuan put his sunglasses back on.

Ya Yuyan was disappointed to see Chen Hao Xuan put her sunglasses back on, but she wouldn't give up, she said to Chen Hao Xuan in a delicate voice, "Hao Xuan, you were willing to let Fang Fang see what you looked like, why didn't you show it to me?"

"She's different, she's so drunk now that she can't tell north from south, so if I show her, she'll forget in the blink of an eye, don't believe me, ask her?" Chen Haoxuan smiled and said to Ya Yuyan.

Ya Yuyan held Song Fangfang to prevent her from falling, and she seriously asked Song Fangfang, "Fangfang, how does Hao Xuan look like? Do you know who he is?"

Song Fangfang said dizzily, "He's so handsome, it's... I don't know who it is, I forgot."

Chen Haoxuan spoke out and said to Ya Yuyan, "Help her to rest! She has a press conference tomorrow and needs to go early."

The next morning, it was Ya Yuyan who woke up Song Fangfang. As soon as Song Fangfang woke up, she excitedly grabbed Ya Yuyan's hand and said, "Yuyan, I saw Hao Xuan's face yesterday, he's not ugly at all, he's very handsome."

When Ya Yuyan heard this, she was immediately interested, and she happily said, "Tell me what he really looks like?"

It was fine if she didn't want to, but when she thought about it, Song Fangfang completely forgot what Chen Hao Xuan looked like, she frowned and said, "I - I forgot."

Ya Yuyan gave Song Fangfang a blank look and said, "Forgetting and you still say he's handsome, I think you were simply drunk yesterday and saw the unattractive-looking Hao Xuan as a big handsome guy."

Song Fangfang shook her head and said seriously to Ya Yuyan, "No, I really saw his appearance, it was really handsome, and I felt that his appearance was familiar! I just don't know why I can't remember it now."

"No impression at all?" Ya Yuyan asked.

"Other than feeling that he's handsome, I've forgotten everything else." Song Fangfang was also torn.

There was a knock on the door, then Chen Hao Xuan's voice came from outside the door, "Get up, you have a press conference at 10 this morning."

Chen Hao Xuan guessed that this time Song Fangfang had a press conference, Black Rose's people would definitely take this opportunity to assassinate Song Fangfang, because the last few assassinations were in crowded places, it was obvious that Black Rose's people just wanted to make things bigger, this time the press conference, although not many people went, but there were many media in, if Black Rose's people killed Song Fangfang in front of many media, it would be the same as killing Song Fangfang in front of hundreds of millions of people, whether Black Rose's people had succeeded or not, it was still very sensational.

With time running out, Song Fangfang hurriedly dressed up and headed out. It was the Yashui police who were responsible for the security and set-up of the press conference, so it could start as soon as Song Fangfang passed.

When Song Fangfang held the press conference, all the media kept asking about the assassination. Song Fangfang said that she would not bow down to the evil forces and was determined to fight them to the end.

When the press conference reached 10:40, Chen Haoxuan saw a sudden reporter stand up and throw a ball-shaped object at Song Fangfang. Chen Hao Xuan he saw, he quickly took out a foldable steel plate from his windbreaker, he quickly folded the plate into a box, then used the box to catch the thing that reporter threw, once he caught it, he violently pressed the box with his hand.

The reporter who suddenly stood up and threw something at Song Fangfang saw Chen Haoxuan's action, the corner of his mouth could not help but hook a smile, what he threw was a liquid bomb, Chen Haoxuan took an iron box to contain it instead of running quickly, wasn't this looking for death?

Chen Haoxuan's hands were also shaken with blood. Chen Haoxuan didn't have time to bandage his wounds, he threw the box and flung his hand, the transparent silk thread wrapped around the bomb-throwing journalist's hand, at the same time, Chen Haoxuan stepped on the podium with one foot and leapt down, because the bomb-throwing journalist was far away from the podium, so Chen Haoxuan couldn't jump to the assassin in one go.

There were many reporters coming today, filling the whole house. In order to prevent the assassin from escaping, Chen Haoxuan stepped directly on the shoulders of the reporters and ran towards the assassin, his speed was fast, so no one he stepped on would feel much pain.

The assassin wanted to run so badly, but he had no choice but to have Chen Haoxuan's silk thread wrapped around his hand. He quickly pulled out a more than a pocket knife, he wanted to cut the thread, but he had no time, Chen Haoxuan was already in front of him, if he didn't attack Chen Haoxuan, he would be captured by Chen Haoxuan.

The assassin stabbed Chen Hao Xuan's palm with the knife in his hand, Chen Hao Xuan quickly withdrew his right hand and had his left hand to grab the assassin instead, he succeeded, he grabbed the assassin's clothes with his left hand, he pulled back with force, a flip, when he flipped over his right hand pressed to the assassin's back, the assassin was pinned to the ground by Chen Hao Xuan, so he sat on the assassin's back, first he took out a quick cloth thimble on the assassin's mouth and then he tied the assassin up.

Chapter 379

Everyone in the room looked stunned. Chen Hao Xuan's performance had exceeded the range of human beings, it took only ten seconds to catch an assassin, and when he did so, he even put the bomb thrown by the assassin into an iron box and pressed it with his hand, the explosion shook his hand and made it bleed, after which he rose up in the air and stepped on someone else's shoulder to catch the assassin, this was definitely not something a human being could do.

Song Fangfang and Ya Yuyan were pale, having just been frightened by the loud sound of the explosives, they could now see but not hear, as their ears were temporarily deafened.

Journalists who had seen all kinds of big scenes were just strong, unlike Song Fangfang who would just look at Chen Hao Xuan at a loss for words, they had picked up their cameras and clicked, if Chen Hao Xuan wasn't wearing sunglasses, he might have been so illuminated by the glare that he couldn't see anything. Chen Haoxuan his strength is great, he single-handedly carried the assassin to come back again behind Song Fangfang, the assassin although he caught, but he did not dare to be careless, there may be assassins hidden in the crowd.

Chen Haoxuan he said to Ya Yuyan, "Dismiss the meeting as soon as possible." Chen Haoxuan could not wait to force the assassin to reveal the Black Rose and their organisation.

Ya Yuyan knew why Chen Haoxuan wanted to go back quickly, so she stood up and addressed the reporters who were still taking pictures, saying in a delicate voice, "This is the end of today's press conference, everyone please go back!"

None of the reporters chose to go back as they asked questions, "May I ask who this gentleman in sunglasses is? Is he Song Fangfang's bodyguard? Mr. wearing sunglasses, may I ask you to reveal your name and occupation?"

The ones maintaining the order were Ya Yuyan's men, and no one was allowed to leave without Ya Yuyan's orders. When Ya Yuyan saw so many reporters asking questions, she looked at Chen Haoxuan at a loss for words, as if asking Chen Haoxuan what to do?

Chen Haoxuan was very upset as he said to Ya Yuyan, "If you still want to be the captain then adjourn the meeting quickly, if not, you can leave if you take off your uniform." Chen Hao Xuan was a member of the Dragon Group, he had the power, not to mention the tiny captain, even the chief he could just be the other side's position, higher still, but it needed enough reason.

She didn't want to lose her position just like that, so she hurriedly told her men to get rid of them. After all the reporters were driven away, Chen Haoxuan asked Ya Yuyan to go and buy a big suitcase and come back, after the suitcase was bought, he loaded the assassin into the suitcase, he carried the suitcase and said to Song Fangfang, "You follow me, only I can protect you." Then he said to Ya Yuyan, "You can just go straight back to the villa, no need to follow."

After Chen Haoxuan finished speaking, he carried his suitcase and headed outside, Song Fangfang hurriedly followed quickly, she had already ascertained how powerful Chen Haoxuan was, and Chen Haoxuan was right, only he could indeed protect her. For example, the bomb today, if it wasn't for Chen Haoxuan, she would have been blown up long ago.

Reporters are the ones who make money from all kinds of news. They were kicked out, but they didn't give up, they surrounded the exit of the press conference, and once Chen Haoxuan came out, they started filming wildly and asking constant questions again. There were police officers clearing the way for Chen Haoxuan and the others, so Chen Haoxuan did not have to worry about assassins approaching for the time being.

Chen Haoxuan came to his motorbike, he tied the suitcase to the back of it and then sat on it. When he saw that Song Fangfang had not yet got on his motorbike, he couldn't help but turn around and urge, "Come on up!"

If there was no luggage at the back of the motorbike it wouldn't be cramped, but with a suitcase that could hold a person, her body would have to be against Chen Haoxuan's back if she sat on it, and she was a conservative girl. She squeaked and said to Chen Haoxuan, "Can I ride in the car?"

"Why are you talking so much nonsense! Come up quickly if you don't want to die." Chen Haoxuan angrily scolded.

Song Fangfang beamed and sat up, her two feet to one side, sitting like a lady. Chen Haoxuan was driving very fast, so Song Fangfang could easily be thrown off if she sat like this, no, Chen Haoxuan's displeased voice came again: "Sit across, you can easily be thrown off if you sit like this, hurry up, I'm in a hurry."

If she sat across, Song Fangfang's breasts would be against Chen Haoxuan's back, Song Fangfang was reluctant, but seeing how Chen Haoxuan was really in a hurry, she gritted her teeth and said secretly in her heart, "Forget it, he saved herself anyway, what's the point of letting him take advantage of her." Song Fangfang got out of the car and changed her position to sit. When she sat up, she tried not to let her breasts press against Chen Haoxuan, so she kept leaning back.

Chen Haoxuan didn't care about that, he didn't even turn his head back, his hands were like eyes, he grabbed Song Fangfang's hands backwards and pulled, making Song Fangfang hug him. "Hold on tight, I'm not responsible if you fall." Chen Haoxuan reminded.

When the smoke slowly cleared, Chen Haoxuan and Song Fangfang had already disappeared.

Song Fangfang, who was sitting behind Chen Haoxuan, was so frightened by Chen Haoxuan's speed that she hugged Chen Haoxuan's waist tightly, not daring to open her eyes. After driving for an hour or so, Chen Haoxuan began to slow down, and he spoke out to remind Song Fangfang, "Hold on tight, we're going into the mountains."

Chen Hao Xuan's speed slowed down and he turned a corner, turning into a mountain road next to the highway, a mountain road he had never been to before. The mountain road was not as good as the concrete road, but it did not matter, Chen Hao Xuan pressed a button on the front of his bike, which saw his motorbike become higher, so that he did not have to worry about the ground touching the rocks.

The mountain road that Chen Haoxuan was on was one that the villagers used to take, but since there was a highway, they no longer took the mountain road.

As soon as he stopped, Song Fangfang got out of the car and vomited as soon as he got out. Chen Haoxuan ignored Song Fangfang, he unloaded the luggage tied to the rear of the motorbike and opened it. The assassin was so suffocated that his face turned red. As soon as Chen Haoxuan opened the luggage, he saw the assassin looking at him with angry eyes.

Chen Haoxuan lifted the assassin out and tied him up under a pine tree, then he took off his trench coat, only to see that there were many various small things hidden in his trench coat, then he took off his shirt, he took off his shirt, only to see that there was a roll of cloth tied around his waist, he took that roll of step off and put it on the ground and opened it.

The assassin's eyes were filled with fear when he saw the things on the floor, he saw medical drugs, all kinds of tools needed to operate and all kinds of odd things, he was not sick, so Chen Hao Xuan was obviously trying to abuse him by taking these out.

Chapter 380

Song Fangfang. After she vomited for a while, she was much more comfortable, she turned to look at Chen Haoxuan and saw a large pile of things placed in front of Chen Haoxuan, even scalpels, silver needles were there, she was curious, curious why Chen Haoxuan took out these things. She spoke out to Chen Haoxuan and asked, "Haoxuan, what are you doing here?"

Chen Haoxuan looked back at Song Fangfang, then squatted down and took two balls of cotton and walked to Song Fangfang, saying, "Thimble these two balls of cotton into your own ears, then turn your back to me and don't turn around without my permission. Of course, if he's not afraid of blood, you can watch."

She had been so scared by the loud sound of the bomb during the press conference that her face had turned pale, and afterwards, riding on Chen Hao Xuan's motorbike, which was going too fast, had scared her just as pale, and now that Chen Hao Xuan wanted to abuse people with scalpels and other tools, her face had turned even paler even as her body trembled a little. She listened to Chen Haoxuan and hurriedly threw cotton into her ears and turned around and tongued down, her hands still covering her ears.

Chen Hao Xuan turned around, walked up to the assassin and said coldly to the assassin: "I know you have poison hidden in your mouth, as soon as I pull off the cloth in your mouth you will medicine break the poison in your mouth to take poison and commit suicide. I will tell you now that I am not only a master, I am also a doctor, and there is no poison in this world that I cannot cure. So whether you take the poison and ki ll yourself or bite your tongue, without my permission - you can't die.

The reason I brought these out first is to be prepared, and also to remind you never to anger me or I will use my medical skills to make your life worse than death. Imagine what it will be like when I cut off the flesh of your body piece by piece, and you will only be in pain, but you can't faint or die from the pain in any way! I thought you might be tempted to try it. The look in your eyes tells me that you hate to ki ll me? Well then! I have some homemade itching powder with me, and when I sprinkle it on my body, it itches like crazy, and if it's a wound, it's even worse. I know a lot of things, if you don't want me to use the things I know on you, you'll have to tell me honestly who sent you to assassinate Song Fangfang, and why you want to assassinate him?"

The assassin hesitated for a moment before closing his mouth and biting down, leaving a black liquid at the corner of his mouth.

Chen Haoxuan's mouth curled up into a smile, he knelt down and took out a bottle of green liquid from inside his trench coat, twisted open the cap, grabbed the assassin's chin with his right hand and squeezed hard, the assassin couldn't help but open his mouth, Chen Haoxuan poured half a bottle of green liquid into the assassin's mouth, then let go of the assassin's chin, then quickly tapped the assassin's chest, which made the assassin couldn't help but swallow the green liquid in his mouth.

"This green liquid can cure all poisons, the poison you have just taken can ki ll you very quickly but he is easy to treat, in advance is you are not dead yet. Do you feel comfortable in your body now? If so, that proves that your poison has been lifted. If you don't cooperate with me, there's no need for me to

pretend to be a good person anymore, so bear with me, maybe if I'm not careful you'll die and you won't have to suffer the pain of your skin." Chen Haoxuan said as he paused once again.

He picked up a sharp scalpel, he took it and gently cut on the assassin's arm, which instantly left a large amount of blood.

"To speak or not to speak?" Chen Haoxuan asked coldly.

The assassin was still very hard-headed and refused to say anything.

Chen Haoxuan also stopped talking, he threw a piece of ginseng into the assassin's mouth, ginseng is very tonic, eating it made him feel a hundred times more energetic, even if it hurt, he would not pass out. The assassin understood this, so he opened his mouth and tried to bite his tongue.

When Chen Hao Xuan saw this, he spoke out, "It's useless for you to bite your tongue and kill yourself, with me here, even if you lose the lower half of your body, you can't die. You should have heard of people who have had their tongues cut out and are still alive, right? The cure for a broken tongue existed in ancient times, let alone now. So bite if you want, I won't stop you, but I will save you."

The assassin believed Chen Hao Xuan's words now, he didn't dare to bite, he only hoped now that Chen Hao Xuan would give him a pain.

He used the scalpel to cut off a piece of flesh on the assassin's arm, then grabbed the assassin's jaw and forced him hard to eat it. As soon as Chen Haoxuan let go, the assassin vomited non-stop, eating his own flesh, something he didn't dare to think about.

"Say it or not?" Chen Haoxuan asked again?

"Please, kill me!" Assassin he knew his organization, anyone who betrayed the organization would be tortured to death by the people of the organization in a very cruel way, he once tortured to death a person who betrayed the organization, thinking of that scenario, his body could not help but shiver.

"If you want to die, you can, tell me - why do you want to assassinate Song Fangfang?" Chen Haoxuan asked.

"You kill me! Stop pushing me, because no matter how much you push me, I won't say anything." The assassin gritted his teeth and said.

"I don't believe this." Chen Haoxuan said as he took a bottle of salt and sprinkled some on the wound on the assassin's arm, which immediately caused the assassin to break out in a cold sweat of pain.

Chen Haoxuan he cut several more wounds in succession, on his thighs, on his hands, sprinkling salt and then itching powder, the assassin was tortured to death. Chen Hao Xuan used a few silver needles to insert in the assassin's head, the assassin could not feel the pain of his body for the time being. The pain was just killing him, but now the pain disappeared all of a sudden, which made the assassin feel as if he had flown from hell to heaven all of a sudden.

"To speak or not to speak? If you don't say anything, I'll thia a bamboo tube into your mouth, then connect a bamboo, sprinkle some honey on the bamboo, then there will be ants stretched around the edge of the bamboo slowly crawling into your mouth, and then from your mouth into your stomach, you can imagine what a horrible scene that would be." Chen Haoxuan said.

"I said I said" The assassin finally broke down, and at the same time he figured out that his death was certain, but it depended on how he died, all he was asking for now was that after telling Chen Haoxuan what he wanted to know, Chen Haoxuan would let him die without feeling any pain.

"Then why don't you speak up?" Chen Haoxuan chortled coldly.

"Young Long sent us to assassinate Song Fangfang, I heard that Young Long is also a fan of Song Fangfang, Young Long invited Song Fangfang out at a party, Song Fangfang ignored Young Long, Young Long holds a grudge, so he sent us to assassinate Song Fangfang, wanting to make Song Fangfang lose her reputation." The assassin said honestly.

"What is the relationship between Black Rose and Young Long?" Chen Haoxuan asked.

"Black Rose is Young Long's sister, and our entire organization is basically managed by Black Rose alone, while Young Long, he's just a playboy who just knows how to play with women all day."
