

A Billionaire's Reincarnation Chapter 381-390

Chapter 381

"What kind of an organisation is yours?" Chen Haoxuan asked.

"Our organization is a group that is a combination of various geniuses. We have no purpose, our only aim is to make money, and we will do anything to make money." The assassin said coldly, he could not feel the pain in his body right now, so he spoke quite calmly.

"Your organization's Black Rose once brought people to trouble Chen Haoxuan, why did she bring people to trouble Chen Haoxuan?" Chen Haoxuan asked.

"Because Chen Haoxuan is an all-round genius, Black Rose wanted to capture him to the base and wanted to force him to work for the organization, what Black Rose wanted most was actually Chen Haoxuan's computer technology, she wanted to use it to steal money from various banks, unfortunately Chen Haoxuan was very cunning and he got away several times."

"How many people does your organisation have? Where is the base?"

"I am only a peripheral member and have no way of knowing about the organisation."

"Are you testing my patience?"

"No, no, no, I really didn't lie to you, everything I know about the organisation I actually learned from Young Dragon's mouth. Our organisation is very strict, people without strength can't become real members at all, people like Young Long, don't look like he is the son of the leader, he actually doesn't have much power, he can't order any of the real members, he can only order us, the peripheral members."

"Why do you guys want to join this organisation?"

"What else is there to say? It's for the money, of course! I'm telling you, the greatest ability of our organisation is not to kill people, but to make money. Each of us peripheral members is paid a million a year, and if we were real members, all of us would be billionaires.

"Where is Young Dragon?"

"He's a playboy, he picks up girls in different places every day, if you want to find him, then go to a place for sex! Maybe you'll be lucky enough to meet him."

"Do you have a picture of him, if you give it to me, I promise to make your death painful."

"No."

"Then tell me what he looks like, and remember not to play tricks on me, or I'll go to your family and tell your family to go down and keep you company."

Chen Haoxuan didn't have a pen and paper or a computer, so he could only write it down first and then slowly make it up on the computer when he got back. The assassin was still honest, it seems he was really afraid that Chen Haoxuan would kill him at his home, he honestly described Long Shao's appearance to Chen Haoxuan, he not only told Chen Haoxuan what Long Shao looked like, but also told Chen Haoxuan all about his personal **good dress.

The assassin sat on his butt as soon as he was untied. He had been tossed around by Chen Haoxuan for so long that his body had long since lost a shred of strength.

Chen Hao Xuan took out a red pill and handed it to the assassin, saying: "Eat it, you will have a very beautiful illusion, you will slowly die in the illusion, this is called poison, but it is very precious, in ancient times many dignitaries chose to eat this poison when they were about to die, because eating this poison

will only feel very happy, you will not know when you will die, so people call it heavenly pills. That's why people called him the Paradise Pill."

The assassin took the poison handed to him by Chen Hao Xuan and swallowed it in one clean gulp without even thinking.

Seeing that the assassin had really swallowed the poison, Chen Haoxuan was relieved to know that what the assassin had just said was true, and that his words were good even when a man was about to die.

Chen Haoxuan put the things on the ground on himself again, then walked over to Song Fangfang and gently touched her with his foot. Song Fangfang looked up and saw Chen Haoxuan standing beside her. She knew Chen Haoxuan must have something to say to her, so she removed the cotton she had put in her ear and said to Chen Haoxuan in a trembling voice, "Is there something wrong?"

Song Fangfang had just thinned her ears with the cotton, but she could still hear the piteous screams of the assassin, so she was afraid of Chen Haoxuan, and seeing Chen Haoxuan standing beside her with no expression on his face, her body trembled a little, and yes, she was worried that Chen Haoxuan would kill her.

"Go back." Chen Haoxuan said indifferently to Song Fangfang.

"Oh." Song Fangfang tiptoed behind Chen Haoxuan.

Chen Haoxuan got on the motorbike and as soon as Song Fangfang got on she hugged Chen Haoxuan, although she was afraid of Chen Haoxuan, she was more afraid of death, she had already seen Chen Haoxuan's driving skills when she came, so she didn't need Chen Haoxuan to say anything, she took the initiative to hug Chen Haoxuan's waist.

Song Fangfang's body was pressed against Chen Haoxuan, Chen Haoxuan could feel Song Fangfang's body trembling, he curiously spoke out and asked, "Your body is trembling, are you afraid of me?"

"No, no, no, I'm not feeling well, so - that's why I'm like this." Song Fangfang explained in a squeaky voice.

"Hold on tight." Chen Haoxuan reminded and drove his motorbike back to Ya Shui City.

When he got back to Ya Shui City, he called the team leader and asked him to send Flower Speed over to protect Song Fang Fang while he went to arrest Young Long and uncover this organization of Black Rose.

After Chen Hao Xuan made the call, he was very nonchalant about commandeering Song Fangfang's laptop, which made Ya Yuyan feel very strange, she had been protecting Song Fangfang for some time and knew that Song Fangfang did not like people using her things, but this time, Chen Hao Xuan took Song Fangfang's laptop and Song Fangfang did not protest. Yanyu Yan did not ask why Song Fangfang did not protest, as she now had something more important to ask Chen Haoxuan.

Ya Yuyan got up and sat next to Chen Haoxuan and asked Chen Haoxuan, "Haoxuan, where did you get that assassin?"

Chen Haoxuan didn't say anything, he picked up a piece of paper and pen from the side, drew on it and then handed it to Song Fangfang, "Why don't you send someone here to collect the corpse?"

"You... how can you kill him? If you kill him, how can we investigate the case?" Ya Yuyan huffed and chided Chen Haoxuan for his wrongdoing.

"He's not a normal assassin, assassins of their rank won't let others catch them, and even if they were caught by others, they would bite through the poison in their mouths to kill themselves, or bite their tongues and other various methods to kill themselves. So if you want to interrogate, you police officers will definitely not be able to do it." Chen Haoxuan said.

"How do you know we can't do it?" Ya Yuyan said unconvincingly.

"Were you guys able to catch the assassin before he could react? If you can't, you won't have a chance to interrogate him, because he will choose to commit suicide if he can't get away. You should also have seen how I caught him; the moment I caught him, the first thing I did was to thia a piece of cloth to gag him before I tied his hands and feet. You police officers can't do any of this, and even if you could, you wouldn't be able to force the assassin to reveal who wanted to ki ll Song Fangfang." Chen Haoxuan said.

Chapter 382

"If we can't, can't you?" Ya Yuyan said unhappily .

"Of course I can, because with me around, the assassin doesn't even have the power to die. You are unaware that the assassin, who kil led himself once in front of me, was saved by me, then I kept torturing him, and finally he had no choice but to reveal the mastermind." Chen Haoxuan said.

"Then... then you shouldn't have killed him either?" Ya Yuyan frowned and said.

"I didn't ki ll him, he kil led himself, as for why he ki lled himself, just ask your superior." Chen Haoxuan's eyes were still fixed on the computer as he spoke.

"Who is the mastermind, tell me quickly?" Ya Yuyan asked seriously.

"I can't tell you now, when the time is ripe, you will know. Oh, by the way, later on my colleague will come over to protect Song Fangfang instead of me, so as soon as my colleague arrives, I will leave, that colleague of mine you all know, is the flower speed who protected Song Fangfang before." Chen Haoxuan said.

"Oh." Ya Yuyan didn't feel much for Chen Haoxuan, for one, she hadn't seen Chen Haoxuan's appearance, and for two, she hadn't properly chatted with Chen Haoxuan, so she didn't feel upset when Chen Haoxuan said he was leaving. But if she could, she still wanted to see what Chen Haoxuan looked like.

Ya Yuyan she sat down next to Song Fangfang and went to chat with her. As for Chen Hao Xuan, he used Song Fangfang's laptop to draw out Long Shao's likeness slowly, and after he finished the drawing, he sent the picture to his email address. Then he wrote many songs inside Song Fangfang's laptop, which was considered a gift to Song Fangfang, hoping that Song Fangfang could use these songs to beat out the talent of China.

Hua Speed came by plane. The plane was fast but needed to wait, so it took him six hours to arrive in Ya Shui City. When Hua Speed arrived, Chen Haoxuan told him to protect Song Fangfang well, then carried Song Fangfang's laptop and walked up to Song Fangfang, put the laptop on the table in front of Song Fangfang and said, "I'm leaving, from now on, Hua Speed will protect you. Inside this computer are a few songs I wrote, I'll give them to you, and I hope your songs will bring happiness to more people." Chen Hao Xuan turned around and left after saying that.

Song Fangfang wanted to shout at Chen Haoxuan, but she remembered the scene on the mountain and she couldn't shout out, she was afraid. The sound of manoeuvring came from outside, the sound of manoeuvring was getting further and further away, it was obvious that Chen Haoxuan had already left. She looked down at her laptop on the table and opened it up. There was a folder inside the computer with the title "Popular Songs" and when she clicked on it, she found that it was really a song, with lyrics and sheet music.

Song Fangfang is a singer, and when she saw this song, which she had never seen before, she forgot about Chen Hao Xuan and everyone else.

Ya Yuyan and her colleagues listened with rapt attention, they had never heard such a delightful song before, it was so comfortable to listen to! It was even more addictive than inhaling flour. After the song was finished, Ya Yuyan said, "This is the food of the spirit."

Song Fangfang, although she was singing by herself, she sang herself intoxicated, and after she finished singing, she ran excitedly to Hua Speed, not caring about the difference between men and women, grabbed Hua Speed's hand and said, "Hua Speed, tell me - where is Hao Xuan?"

Flower Speed shook his head and said, "That's impossible, unless he takes it upon himself to see you, you'll never see him in your lifetime."

"Why?" Song Fangfang's face was full of questions, in the past, everyone else needed to make an appointment to see her, but now that she wanted to see Chen Hao Xuan once, Hua Speed surprisingly told her that if Chen Hao Xuan did not take the initiative to see her, she would never be able to see Chen Hao Xuan for the rest of her life, this status was too noble, right?

"Because he's the most powerful figure in our organisation, plus he's very busy, he has a lot of things to do, so he simply doesn't have time to come and chat with you. If it weren't for the fact that the organisation that assassinated you is a former enemy of his, he wouldn't have come to protect you at all." Blossom Speed explained.

"Just get in touch with him for me! Maybe if he's happy you'll agree to come see me!" Song Fangfang held on to a sliver of hope and said.

Hua Speed still shook his head, "No, he's doing something big recently, I don't want to disturb him. But when he's not busy anymore, I can tell him that you want to see him."

"Who the hell is he? It's so hard even for someone of my status to meet her." Song Fangfang was curious.

"Him! He's a very powerful person, he can be said to be omnipotent, right! As long as he wants to do something, there is nothing he can't do, so not to mention you, even the main~chairman has to be polite when he meets him. Even our organisation had to beg him for a long time before he would join. The song he wrote for you, I think he wrote it because he was bored and had nothing better to do, so you don't have to thank him specifically." Blossom Speed said.

"Writing it when he was bored, that's too talented, isn't it?" Song Fangfang said in surprise.

"Hey, not to mention writing songs, he sometimes gets interested and makes a few random little things that are high-tech products that span this century, so his talent is imaginable." Blossom Speed said smugly, with that smug look as if it was himself he was boasting about.

"It's really that impressive?" Countless question marks appeared inside Song Fangfang's mind.

Chen Hao Xuan, he drove his motorbike straight back to the Dragon Group base, he went to the team leader's office when he returned to the base, he had gone out on a mission this time, and of course he had to report to his boss first when he returned.

"I forced out of the assassin's mouth that it turned out that it wasn't terrorists trying to disturb our country, but Black Rose's brother, Long Shao, who was responsible for it. He was a fan of Song Fangfang's, and when he accidentally met her at a party, he tried to ask her out, but she didn't even give him a second thought.

This is a small matter, I have something more important to tell you. I learned from that assassin's mouth that their organization was organized by various geniuses, and their purpose was to make money. How many people they people organized, the assassin I caught didn't know, because he was a member of the periphery, so he didn't have the power to enter the core. But that assassin knew from the mouth of the young dragon that the people on the periphery of their organization were paid millions a year, and the real members, each of them was a billionaire, and their leader was a man who was even richer than the rest of the world. So I guess that there shouldn't be too many people in their organisation, because if there are too many people, they can't each have that much money." Chen Haoxuan reported to the group leader.

Chapter 383

After listening to what Chen Haoxuan said, the group leader's brow furrowed, the mysterious organization Chen Haoxuan said was too powerful, the outer members were comparable to the elite of the army, the real members could be on par with the members of the Dragon Group, but it was the former members, now it was much stronger than them. Although it was not as strong as the current Dragon Group, but no matter what, the organisation behind Black Rose was a powerful existence, and an outlaw organisation, such an organisation would not be able to exist in China, so the group leader wanted to eliminate him.

But the organisation behind the Black Rose was so powerful that it would be bad if they were pushed to the limit and they did something harmful to the country. The organisation thought about it for a long time, but in the end it was simply left to Chen Haoxuan to deal with, and in the Dragon Group only Chen Haoxuan had the ability to do so. Because Chen Hao Xuan said, that organization behind Black

Rose not only train killers to make money, but also use hacking technology and other methods to make money.

And Chen Hao Xuan, he knew everything, no one in the 21st century could match his computer skills, and those thirty-six bodyguards he had trained himself did not have to fear any assassins. So, as long as Chen Haoxuan was the one to strike, the enemy would have no advantage.

Thinking of this, the team leader put on a pleasing smile and said to Chen Haoxuan, "Haoxuan ah! You also know that only you are the most powerful in our Dragon Group, you know everything, so I want to give you full responsibility to eradicate the organization behind Black Rose, you must not resist, because no one in China can get rid of them with the least cost except you."

"Black Rose wants to move me, and you want to eradicate them, of course I am willing to help." Chen Hao Xuan smiled as he finished handing the team leader a flash drive and said, "There is a picture of Young Dragon in here, I used his appearance to find his real identity, you guys help find it, don't alert him when you find it, just tell me, I will find a way to rely on him to uncover the whole organization behind Black Rose."

"Good, I will ask Shen Ruyan and the girls to look into it, and let you know as soon as there is any news." The team leader said seriously.

"Good, then I'll go to my research institute, if there's any news from Young Long, just text me." Chen Haoxuan left after saying that.

He had stopped looking for geniuses to help him make money for the time being, he had already found so many now that it was enough for the time being. He believed that in just one or two more years, he would become an existence that could be rich, and then, he would dare to appear in front of the world in a proper manner. Miezi and Ebeier, the agents, would not dare to resist even if Chen Haoxuan stood in front of them and scolded them at that time.

Chen Hao Xuan's biggest enemy now is not Ai Beier nor the 10,000-strong Mei Hui Zi, but the iceberg beauty Black Rose. Only by getting rid of her and her organisation can Chen Hao Xuan enjoy his life in peace.

Chen Haoxuan he once again went into the research institute to study something, he went in this time, as before, and never came out. Many people think that Chen Haoxuan is a monster because normal people cannot do without sunlight, but Chen Haoxuan can, and often forgets to eat, but he is just fine.

Chen Haoxuan quietly researches all kinds of strange things in the Dragon Group, while Song Fangfang she has the whole of China, and even many foreign countries, cheering for her songs. what is the most popular in the 21st century? The songs that Song Fangfang sings now are all innovative songs, so they are very popular. She held a concert on the 20th of December, and the number of people who showed up was surprisingly a million fans, and it is remarkable if a general superstar has a concert with 100,000 or so people showing up.

But Song Fangfang's concert was attended by a million fans, knowing that her concert was held in a large stadium with a capacity of 100,000 people. But now that a million fans have come, does she want to apologise to over 900,000 people? This was absolutely not possible, all these fans had come from all over the world and if they couldn't get into the concert, maybe they would get into trouble.

So Ya Yuyan, who was protecting Song Fangfang, suggested getting a few large screens to go around the stadium and have a live broadcast. Although people watching the concert outside wouldn't pay, and Song Fangfang would have to pay backwards to get in, it would be better than the fans causing trouble.

Song Fangfang had only sung five of the songs given by Chen Haoxuan and reached world superstardom. This made Song Fangfang very grateful to Chen Haoxuan, and she now thinks of Chen Haoxuan whenever she has nothing to do. She wanted to thank Chen Haoxuan in person, and she also wanted to meet him.

Not to mention, Song Fangfang's singing voice really works, and many foreigners have learnt to sing her songs, which has unknowingly made many of them speak a little bit of Chinese.

Song Fangfang now has a bad habit of slapping her hands when she is bored, and when people ask her what she is doing! She said she was swatting flies, but in fact she wanted to see Chen Hao Xuan, who had told her before that no matter where he was, as soon as she vibrated her ring, he would be there in the shortest possible time. If Chen Hao Xuan was still in Ya Shui City, he would know that Song Fang Fang was looking for him, but the problem is that he is now in the distant Dragon Group, which is too far

away, plus the Dragon Group is a place with no signal, so how can the ring Chen Hao Xuan is wearing move!

The first thing that I want to do is to give a bunch of pills to the people of the Dragon Group to eat before they go to bed every day. This was no ordinary pill, it was a pill that could change a person's constitution, if you had germs and other things in your body that were bad for your body, they would be forced out of your body by the pill's medicinal power.

So, since the people of the Dragon Group took Chen Hao Xuan's pills, they needed to take a bath every morning when they got up because something like mud would come out of their bodies, and over time, their bodies got better and better and their skin got as white as Chen Hao Xuan's, which made the Dragon Group have a few more little white faces.

Jiang Dong was the funniest, he once said, "Since I took the boss's pills, my back doesn't hurt anymore, my legs aren't sore, and my appetite is so good that I can eat everything."

Shen Ruyan also often joked, saying, "Since taking Chen Hao Xuan's pills, my body is getting healthier and healthier, my skin is getting better and better, my person is getting more and more beautiful, and my body is even more S-shaped, if it continues to develop like this, all the men in the world will be charmed to death by me."

When Chen Hao Xuan was in the future century, what he studied the most was human beings, he found out that human beings were actually very powerful, but because of the food problem, it made them weaker and weaker. So Chen Hao Xuan researched this pills to change the physique, when all the harmful substances were excreted from the body of everyone in the Dragon Group, then their strength would be increased several times.

Chen Hao Xuan only also Jiang Dong and their thirty-six disciples, but now the whole Dragon Group has become his disciples, who made him so powerful, following his footsteps can make your strength soar.

Chapter 384

The first time I saw Chen Yina and the girls were doing well, so I went back to the Dragon Group. The majority of the Dragon Group** did not go back for New Year's Eve, while Jiang Dong and the others,

they were following Chen Haoxuan, Chen Haoxuan did not dare to go back, how dare they propose to go back, so Chen Haoxuan was not alone.

On New Year's Eve, Chen Haoxuan and the others hosted a banquet within the Dragon Group, because the group leader and several elders had all gone back for New Year's Eve, so the one with the highest status in the Dragon Group was Chen Haoxuan, who took the main seat and raised a large bowl of white wine: "Brothers, today is New Year's Eve, I don't want to talk too much nonsense, if you are buddies, just take one." They were not ordinary people, drinking a few bottles of white wine down would make them blush a little at most, so they chose to use a large bowl for convenience and also to be bolder.

"Bottoms up, bottoms up" Jiang Dong and the others stood up and raised the large bowl and drank it all.

After the bowl was finished, Chen Hao Xuan picked up a wine jar and poured it full for himself. What Chen Hao Xuan and the others were drinking now was no ordinary wine, it was a daughter's red that had been treasured for a hundred years, all of which had been found in the group leader's wine cellar. In fact it was sort of stolen, Chen Hao Xuan found it unintentionally, he heard from the chef of the Dragon Group that the group leader collected a lot of good wine, so he took the divine thief to steal the group leader's wine openly and honestly, the divine thief was responsible for unlocking the door, he was responsible for solving the computer secret.

The men of the Dragon Group were already bold, plus it wasn't them who stole it, it was Chen Hao Xuan who stole it, so what were they afraid of? Besides, this century-old daughter's red was a priceless treasure, something that money couldn't even buy.

Jiang Dong he raised the large bowl with both hands, stood up and said to Chen Haoxuan, "Boss, thank you for always taking care of us, otherwise we would still be a group of wage earners now, I'll toast you on behalf of us ex-soldiers."

"Good, cheers." Chen Hao Xuan said and drank it all again, this hundred years old daughter red he really liked to drink, if he didn't have to accompany Jiang Dong and the others, he would have raised the wine jar and drank him a few jars first.

Hercules, raised his wine glass and stood up, said to Chen Haoxuan, "I Hercules no one, because I have never met anyone stronger than me, only you Chen Haoxuan, I am convinced, I toast you a bowl."

"Hahahaha, Hercules ah! In fact, if you work a little harder, the item of strength can definitely compare me to you, because you were born with divine strength. And I only got my current strength by working a hundred times harder than you, so you want to beat me - it's easy, you only need to work a little harder to beat me, come on, cheers." Chen Haoxuan laughed loudly.

Hearing Chen Haoxuan's words, Hercules perked up, there was hope that he could reclaim his position as the number one in strength.

Zhang Tiezhu, he said to Hercules in a bold manner, "Hercules, don't be too happy, have you forgotten that I am also born with divine strength, so what! Maybe if you don't outclass our boss, you'll be outclassed by me."

Hercules slapped the table with a boom, the delicious food on the table almost toppled over, he roared at Zhang Tiezhu, "I haven't put you in my eyes, if you can really compare me, I can even call you brother."

Chen Hao Xuan he also slapped the table hard and yelled at Hercules, "What are you slapping for, if you slapped this table with no food, I'll take you for an experiment."

Chen Haoxuan's words made Hercules not dare to be arrogant anymore, Chen Haoxuan could be more daring than the sky, he had really caught one of them for experimentation, and that person was almost killed by him, but his medical skills were really remarkable, people who were about to die were saved by him. He couldn't beat Chen Haoxuan, so if Chen Haoxuan really wanted to experiment on him, he had no way to resist. In order to prevent Chen Haoxuan from catching him for experimentation, he meekly apologized to Chen Haoxuan: "Haoxuan, I'm sorry, I was too impulsive just now, I won't dare next time."

Now in the Dragon Group, except for the Divine Thief, all the other females had gone back for the New Year. Divine Thief, who was now sitting next to Chen Haoxuan, had drunk quite a lot of wine, and she said to Chen Haoxuan with a red face, "Haoxuan, didn't you say before that you would cure my cartilage disease? When are you going to help me treat it?"

Only when God Stealer said that did Chen Haoxuan remember, he apologized to God Stealer, saying, "Sorry, I was really busy a while ago, how about this, I'll start helping you with your treatment in a few days, okay?"

The Divine Thief jumped up happily, not caring what Jiang Dong and the others thought, she gave Chen Haoxuan a quick kiss on the cheek and cheered excitedly, "Yes, yes, yes, my cartilage disease is about to be cured!"

When Jiang Dong and the others saw God Stealer kissing Chen Hao Xuan, they couldn't help but coax and laugh, "God Stealer, you see our boss isn't going back for the New Year, and you're the only girl in the Dragon Group, so why don't you just keep our boss company during this time? That's right! God Stealer, you can stay with Hao Xuan all you want, we will never tell anyone, after all, you need a man to love you too."

"You guys are dying! How can you say such things? The divine thief said, splashing Jiang Dong and the others with wine.

Jiang Dong and the others also poured wine from their bowls at the divine thief, and for a while, the whole Dragon Group was filled with the tantalizing smell of wine, while the Group was also filled with the sound of laughter. If the group leader were in the Dragon Group right now, he would have sat down helplessly and slapped the ground: "My wine! This is a hundred-year old daughter's red! I've always drunk it in small cups of a hundred, but you guys - I made a trip back and all the wine that was over fifty years old was drunk by you, how could you be so cruel to me."

Because it was New Year, Chen Hao Xuan also gave himself a holiday, but his holiday was at night; he helped the Divine Thief develop a cure for cartilage disease during the day and partied with Jiang Dong and the others at night. Jiang Dong and the others ate big fish and drank big gulps of wine every night, which made them feel as if they were the good men of Mount Liang.

Such days passed quickly, and after the New Year the men of the Dragon Group returned in droves. The leader of the group, who was the first to return, kissed the smell of wine as soon as he returned to the group and said to himself, "Who's drinking? It smells so good, yo? Huh? No, why does this wine smell so much like my daughter's red? You know you can't even buy such a good Daughter's Red on the

market, could it be - could it be that they drank my wine?" Thinking of this, the team leader ran back to his office like a gust of wind.

His wine cellar was behind the bookcase in his office, and he moved a book on the bookcase, and as soon as he did so, the bookcase moved away automatically, and as soon as the team leader walked in, the team leader's miserable voice soon came out, "My wine? Who is it? Who who stole my wine?"

Jiang Dong and the others heard the leader's miserable and angry voice, and they ducked back inside the cave.

The divine thief, who was very nice, was worried that the group leader would go after Chen Haoxuan, so she ran into Chen Haoxuan's institute and told Chen Haoxuan to go out and hide for a while first.

Chapter 385

Others might run away, but Chen Hao Xuan would not, he ran straight to the team leader where he directly said, "Your daughter's red was used for experiments, unfortunately it failed, otherwise our Dragon Team's strength would definitely be greatly enhanced."

The team leader had nothing to say, Chen Hao Xuan used it for research, he really believed it. But what made him almost vomit blood was that Chen Hao Xuan asked him if he still had any daughter red, and if he did, he would give him a few hundred more. This made the team leader flee and never dared to mention the word "daughter red" again.

The girls came back one after another, and as soon as they returned, they saw God Stealer running to Chen Haoxuan's research institute all day long, so they suspected that during their absence, God Stealer had gotten involved with Chen Haoxuan.

The divine thief is not very beautiful, but she has her advantages, she is a soft-boned person, and men like soft women the most, so they suspect that Chen Hao Xuan had done the divine thief on impulse when he drank on New Year's Eve. How else could the divine thief have free access to Chen Haoxuan's institute, knowing that even the team leader didn't have that power.

Shen Ruyan and Kong Manni are both jealous, they both have a crush on Chen Haoxuan and are prettier than the Divine Thief, but Chen Haoxuan doesn't even give them a chance.

At the end of February, God Thief carried a hundred-pound machine out of Chen Haoxuan's research institute, scaring Shen Ruyan and the girls, who were training outside, to run over and help God Thief carry it. Because of her cartilage disease, she could not lift anything heavier than about ten pounds. But now, she was carrying a hundred-odd pounds of machinery, and she wasn't afraid of being crushed.

As the divine thief looked at Shen Ruyan and the others who had anxious faces running towards her, she waved her big hand and said in a petulant voice, "No need to help me because my disease was cured by Hao Xuan, my carrying a hundred or so pounds now is not hard at all, hehehe"

"Really cured?" Shen Ruyan had a surprised face and asked, knowing that the divine thief's cartilage disease was hereditary and could be said to be innate.

"Didn't he tell you guys before - he can help you change your physique, so of course he can cure this cartilage disease of mine." The divine thief said triumphantly.

"What's that you're carrying?" Kong Manni's voice was tinged with a touch of jealousy.

"This is the massage chair Hao Xuan made for me, it's very comfortable." The Divine Thief said happily.

"Oh." Kong Manni's jealousy got even bigger.

"You guys are busy, I'm going to ask the team leader for leave, I'm going home to tell my family that I've recovered from my cartilage disease, and by the way, I'll beg the team leader to let my mother come to the Dragon Team for treatment of her cartilage disease." She wanted Chen Hao Xuan to help her treat her mother's cartilage disease.

She used her talent to steal many important documents for the Dragon Unit, so she asked the team leader to bring her mother to the Dragon Unit for treatment, and the team leader agreed, but on the condition that she had to be blindfolded when she came.

As soon as she returned, God Stealer brought her mother to the Dragon Group on the third day. Her mother could only stay in Chen Hao Xuan's research institute and could not come out because she was not a member of the Dragon Group, until half a month later when she had recovered and was picked up by her daughter, God Stealer. Her cartilage disease was cured by Chen Hao Xuan, as was her daughter.

This year is a new year, and this year is also the most lively year in China, because many business geniuses suddenly appear in China, and they all open big companies one by one, or else they are golden fingers and so on, which makes the economy of China rise again.

Although there are not a lot of rich people, the city is very densely populated, so there are shops everywhere in the city, and many of them have shops upstairs because they don't have shops.

This is actually just the beginning of China's economic boost, because those geniuses Chen Hao Xuan hired are just getting started, when they become skilled, then China's economy will soar and so will Chen Hao Xuan's strength.

Chen Hao Xuan, of all his so many businesses, the most profitable is not the all-powerful mobile phone, nor the LCD TV, but his Thousand Buddha Stone Pagoda website, he made a fortune on the traffic alone, now his website others want to advertise, a random small ad will take several million, and the time is only a few months. His website still has as many hackers as before, but none of them have ever been able to break his website.

Zhang Qing, who was the first to do business with Chen Hao Xuan, is now a wealthy family man with millions of dollars, and he can take out a few million casually, but if he were to take out a huge sum of money, he would need to transfer all his businesses to get it. People in his hometown said that he had followed a good boss, and many said that Old Man Zhang had saved a living Bodhisattva, otherwise how could Zhang Qing have been so well convinced to do business with Chen Hao Xuan.

I don't know if it was Chen Hao Xuan's benefit of being reborn, but whenever he did business, it was prosperous. Even those buying businesses in Chen's village have grown so big that the bamboo in the entire city of Xinshan is bought by Chen Yue Bin. Of course this could not be done without the support of Wang Long, Zhou Xiang, Hua Tianyu and others, otherwise how could they develop so fast.

The Chen family village, now out of many rich people, those people are related to Chen Hao Xuan, are working for Chen Hao Xuan. No - the days are worse. Think about it, what can you earn from ploughing a field in today's society? Especially with only a few acres of land, if you want to make money, unless you invest a lot of money like Chen Haoxuan.

On the first day of March, Chen Hao Xuan went to the head of the group to ask about the whereabouts of Long Shao, but surprisingly, he had not found him yet, which made Chen Hao Xuan doubt the ability of the Dragon Group again.

As long as Black Rose was not eliminated, Chen Hao Xuan could not feel at ease. So he wanted to use his hacker identity to enter the organisation behind Black Rose. He thought that Black Rose was an organisation made up of all kinds of geniuses, and if he made some fame in the cyber world with his hacking skills, then Black Rose would definitely find a way to draw him in, and this was a good opportunity to get close to the organisation behind Black Rose.

How quickly could he make a name for himself? Hack into the banking system? Infiltrate the Ministry of Defence to steal some information to prove his hacking skills? After thinking about it for a long time, Chen Hao Xuan felt that it was not a good idea and finally decided that it was better to attack his own website.

Chen Hao Xuan's Thousand Buddha Stone Pagoda website is now under the charge of Li Mingmei, Chen Hao Xuan was worried that after he had breached his website, Li Mingmei would still cry in fear, so he informed Li Mingmei first.

Chapter 386

That night, Chen Hao Xuan made a false impression by making his website inaccessible to internet users for an hour, and then put a few big words on the website: "Chen Hao Xuan's computer skills are no better than this." At the bottom, he wrote the pseudonym "Ranger Yilong".

An hour later, internet users who like to play on the Thousand Buddha Stone Pagoda website knew that "Ranger Yilong" Chen Hao Xuan's action had hackers all over the world frantically attacking Chen Hao Xuan's website, trying to take advantage of the fact that Chen Hao Xuan's website had just been breached because they could hack into it, but their level was so poor that they attacked a lot without any results. So one by one, those hackers tried to find a way to go to Ranger Yilong and tried to ask him for advice.

Chen Hao Xuan, who is now trying to make a name for himself, made a hacker forum website, which is illegal and was built by hacking techniques, and should have been censored, but Chen Hao Xuan's hacking skills were so high that the cyber police couldn't do anything about it. Chen Hao Xuan taught some insignificant hacking techniques to then hackers, these techniques were skin deep and not worth mentioning in Chen Hao Xuan's eyes, but in the eyes of those hackers this was simply the secret, the best hacking techniques of the 21st century.

The next day, there were many mysterious people coming to Chen Hao Xuan, all wanting Chen Hao Xuan to join their camp. Chen Hao Xuan directly stated his conditions, whoever paid him a high salary, he would work for. Chen Hao Xuan believed that the ones who offered the highest salary among them must also be the organisation behind Black Rose.

Hackers are in high demand in this era, no, many people from hacker organizations have offered high prices, one million plus a share, ten million plus a share, one of them even offered a high price of 500 million RMB plus a third of the share. In order to know if the other party is the organization behind Black Rose, Chen Hao Xuan put forward another condition, saying that although his hacking skills only are very powerful, he is not good at fisticuffs, so if you want to pull him in, you need to not only give him a very high treatment, but also give him absolute security protection, and those without strength will go aside.

The mysterious man who offered 500 million RMB plus a third of the share, he sent Chen Hao Xuan a photo in order to convince him that they were very strong, there were many people in the photo, all fighting, one of them was the most obvious, he was holding up a huge stone, at least a thousand pounds, his body shape resembled Hercules, which reminded Chen Hao Xuan of the giant man who was posing as Hercules.

Chen Hao Xuan suspected that this mysterious man who offered a sky-high price was someone from the Black Rose, so Chen Hao Xuan tried to communicate with him, asking the mysterious man what their organisation was for and what he wanted him to do in the past.

Better yet, Chen Haoxuan agreed to go to that mysterious organisation and meet at the seaside in Ya Shui City two days later. In order not to be recognised, Chen Hao Xuan made a fake mask overnight, this mask is very real, he must need to shave his hair in order to wear it, because he is just like a head covering that goes straight in.

A handsome man always has the advantage that he can easily get a woman's favour, so why not just make a mask and be handsome anyway! It was already the next morning when he made the mask. He stood in front of the wardrobe and saw his current appearance in the mirror above the wardrobe, with his long, trim hair, thick eyebrows, big eyes, high nose, thin mouth and pointed chin, he was simply handsome as hell. "As expected of something I made, with a look like this, even if you don't do anything you don't have to worry about starving to death." Chen Haoxuan looked at himself in the mirror and said smugly.

Even Chen Haoxuan himself had to admit that he was much more handsome with the mask on than he was in person.

Tomorrow was the meeting time, and as Chen Haoxuan looked at himself in the mirror, he suddenly wanted to go and scratch Kong Manni and the girls to try how resistant they were to his current appearance. "Will they say they like me at first sight as soon as they see me?"

Chen Haoxuan he called the group leader before he went out and asked the group leader to inform the others that a new member was coming to the Dragon Group today.

When Chen Haoxuan walked out of the cave, all those who saw him could not help but praise Chen Haoxuan's handsomeness, Jiang Dong saw the current Chen Haoxuan and said to himself, "Why is this kid so handsome for nothing? He's even more handsome than our boss, and he's not afraid of being jealous to death."

When Shen Ruyan saw Chen Hao Xuan, her left hand covered her small mouth and said secretly in her heart, "This man is so horrible looking." The horror she said was not ugly, but too handsome, so handsome that people were afraid of falling in love with him accidentally, so she said he was horrible.

Kong Manni she didn't seem to be charmed by Chen Hao Xuan's current appearance, as she saw him she snorted in a small voice, "Hmph, what's the use of being handsome, you're nothing compared to our boss."

Little Feier, who like Kong Manni compared Chen Hao Xuan to the masked Chen Hao Xuan: "Beauty or ugliness, I don't care at all, I only care about computer skills, Chen Hao Xuan's computer skills are unmatched, so I think Chen Hao Xuan is the most handsome."

The Divine Thief: "The person who can heal is the most handsome, just like Chen Haoxuan."

They were all thinking it in their hearts, neither of them said it, it was because they weren't afraid, but they were embarrassed to say it, saying it out loud others would think they were interested in Chen Haoxuan.

Chen Haoxuan walked up to Kong Manni, smiled cordially and said, "Miss Kong Manni, I've heard of your great name for a long time, it's great to meet you today. I wonder if Miss Kong Manni is free tonight? I would like to invite Miss Kong Manni to join us for dinner."

"No." Kong Manni refused without even thinking about it.

After that, Chen Hao Xuan tried out Shen Ruyan and the girls and found out that they had a good feeling about him, except for Kong Manni. Chen Hao Xuan did not intend to tell them the truth, he chatted with the Dragon Group for a while and found that no one could recognise him, so he was relieved and went back to pack his things, ready to depart tonight.

High-tech products could not be worn, so Chen Haoxuan only brought a dagger and some household items. The Dragon Group was in the remote prairie, where there were no vehicles, so Chen Haoxuan asked Speedy to drive him to Yashui City. When he arrived at Yashui City, Chen Hao Xuan let Speedy go back while he took a bus to the pier by the sea.

When he arrived at the promised pier, Chen Haoxuan met a big fat man, very fat, at least two to three hundred pounds. Chen Hao Xuan walked over with his luggage bag and said to the big fat man, "Mr Zhu, it's nice to meet you."

"Mr. Li, I'm glad to see you too. Come, let's get on the plane and talk slowly once we're on board." This big fat guy was exactly the one who was with Black Rose, his name was Zhu Ying, don't look at him as he was so fat, he was a very powerful sumo wrestler and a very shrewd person.

Chapter 387

Chen Hao Xuan got on the plane and the helicopter slowly took off, Zhu Ying he looked at Chen Hao Xuan with his after light and secretly laughed wickedly in his heart, "Humph, this person is really stupid, don't he know that the higher the salary the more dangerous it is? When they get to the underground base, if they are not willing to teach their skills to others, then they will be locked up in the underground base for the rest of their lives as senior slaves, even if they agree, they will not have freedom of life."

The senior slaves Zhu Ying was talking about were those in their base who were not willing to teach their skills to others, and the people of the base would lock them up alone so that they could use their skills to earn more money for the base. For example, if Chen Hao Xuan was not willing to teach his skills to others, he would be locked up, fed, housed and entertained, but not allowed to go out of the underground base, and also need to use his skills to serve the base, otherwise he would be beaten by them.

The helicopter Chen Haoxuan was in had glass on both sides that could not be seen from the outside, not even from the front. The pilot of the helicopter relied on wearing a strange pair of glasses to see the outside. Chen Hao Xuan suspected that the glasses were actually videos, and the reason why he could see the outside scene must be that there were cameras installed outside the helicopter.

Chen Hao Xuan, who was secretly laughing in his heart, had a very small object in his mouth, a tracker, so that wherever he went, as long as there was a signal, the team leader and the others would be able to know.

The helicopter had been flying for nearly six hours straight and by this time Chen Hao Xuan could no longer tell where he was going. It wasn't long before Chen Hao Xuan could feel the helicopter slowly descending.

Zhu Ying spoke out to Chen Haoxuan, "Mr Li, don't be too surprised later! Our island is a paradise out of this world."

"After doing the helicopter for so long, we've finally arrived." Chen Haoxuan sighed.

When he got off the plane, Chen Haoxuan was amazed by the beautiful scenery in front of him. It really looked like a paradise, with a flock of petrels flying across the sky, coconut trees and many young and beautiful women all over the sea, many exquisite wooden houses on the shore, and behind the houses was a patch of flowers What was beautiful and spectacular was that there was a peak in the middle of the island, and when you looked closely, there was a castle on the peak.

Seeing such a scene, Chen Haoxuan couldn't help but ask Zhu Ying, "This isn't a tourist area, is it?"

Hearing Chen Haoxuan's ignorant question, Zhu Ying laughed as he said smugly, "This is not a tourist area, this is our base, our base is considered an isolated island, except for the people in our base, basically no strangers can be seen here, not even passing ships, and even if there were, they would be killed by the people in our base, or captured and used as slaves. "

Zhu Ying pointed to a group of beautiful maidens playing on the beach and said, "Some of those maidens were tricked by us outside, some were bought, some were snatched at sea, all of them were beautiful. You are now a member of our base, so you have the right to pick a few beautiful maidens to serve you, the beautiful maidens you pick to go can be played with however you want, if that is not enough for you, you can make a merit, when the time comes you will get a generous reward, as many beautiful girls as you want."

"If I want to go out and have fun, should I do a helicopter or go out in a yacht?" Chen Haoxuan asked.

"The people who come to our base are not ordinary people, they are all supreme geniuses, so for your safety, we usually don't let you go out at will, and if you insist on going out, we will send our experts to protect you." Zhu Ying introduced.

"So I'm not without freedom?" Chen Haoxuan pretended to be a little angry and said.

"Mr. Li, don't misunderstand, everyone in our base has freedom, you can walk around the island as you like, if you want to buy something, you can let us buy it for you, if you want to play with women, there are thousands of beautiful girls in the island, you can play with them as you like, if you have a woman you like outside, you can also let us go and get her... .." Zhu Ying said many benefits in a row.

Chen Hao Xuan pretended to be satisfied and laughed, "It seems like the benefits are great!"

"That's for sure, for those who work for our base, no matter what kind of request he wants, we will try our best to satisfy him." Zhu Ying smiled wickedly.

"Then I want that beautiful girl with big breasts, I wonder if I can just have it now." Chen Hao Xuan looked at a big-breasted beauty girl who was playing around not far away with a very ** expression and said.

"Not now, because you need to meet our chief's daughter Black Rose later, and after she has arranged a job for you, you can take the beautiful girl you like to play with." Zhu Ying said with a yin smile.

"That's a good feeling." Chen Haoxuan laughed yin.

Zhu Ying led Chen Haoxuan to a wooden house built on the sea. Along the way towards the wooden house, Chen Haoxuan did not know how many black roses he had seen, and it seemed that this black rose really lived up to its name.

Walking into the wooden house, Chen Haoxuan once again met this black rose that was harder than a man's body. Zhu Ying respectfully addressed Black Rose, who was sitting on a boss chair and sleeping, and said, "Miss, my subordinate has brought Li Si here."

Black Rose opened her eyes and when she saw how handsome Chen Hao Xuan was, she first froze, but soon sobered up and said in her heart, "Why is this man so handsome for nothing! Even a heartless person like me almost had a heart attack."

Black Rose straightened her outburst and her voice was devoid of any emotion as she said to Chen Haoxuan, "Introduce yourself."

"My name is Li Si, I am 22 years old, I am black and also an orphan, so I have no home and have been living around Lang. my hacking skills were learnt from an old beggar who died not long after he taught me. After that, I worked hard and made a lot of money by relying on the hacking skills I learned from the old beggar, and then with my own money, I worked hard on my hacking skills. It took me a total of five days to successfully hack into Chen Haoxuan's Thousand Buddha Stone Pagoda website, so you should know without my introduction that my skills are hacking techniques." Chen Haoxuan introduced himself.

"Can you demonstrate in front of me how you hacked into Chen Haoxuan's Thousand Buddha Stone Pagoda website?" Black Rose said.

"Of course you can, but you de first give me a well-configured computer." Chen Haoxuan was quick to say.

"Just use my computer!" Black Rose said as she stood up and gave up her seat to Chen Haoxuan.

As Chen Haoxuan walked up to Black Rose, he whispered, "You're so beautiful, so beautiful that I can't get enough of you."

Chen Haoxuan didn't say this casually, he wanted to penetrate the inner circle, he had to gain the trust of his enemies. Wooing Black Rose was the best option to make them think that he would do anything for Black Rose, so that they would not be wary of him at every turn and he would have the chance to destroy this mysterious base once and for all.

Chapter 388

Black Rose was sworn to be better than a man at a very young age, as her father was a patriarchal man who neglected her from a young age, and for this reason she did not see herself as a girl, she worked hard and learned all kinds of things, and over time she forgot that she was a girl and only remembered when she took a bath. Her dedication was recognised by her dad, making her the heiress as she wished, while her brother became the seed boy to carry on the family's legacy. Now when she hears Chen Hao Xuan's confession, she surprisingly has a feeling of fear, why exactly, she can't figure out.

In fact, if Black Rose had called a random woman to ask her, she would have known why. She had always thought of herself as a man, so she had never loved a man and hated it even more when people treated her as a woman. She was now like a caveman who would be scared the first time.

Black Rose pretended to be angry and said to Chen Haoxuan, "Show me your talent or you will deceive to death."

"As you command." Chen Hao Xuan said with a smiling look. He made it to the boss chair that Black Rose had just sat on, and he took a deliberate breath and exclaimed, "It smells so good."

Seeing Chen Haoxuan's appearance, Black Rose wanted to kill someone, if Chen Haoxuan hadn't forgotten to show off his talent when he spoke, he would most likely be a corpse by now.

Zhu Ying twisted his sweat for Chen Hao Xuan and said secretly in his heart, "This Li Si is so bold that he even dares to slight the murderous Black Rose."

His own website, of course, was easy for him to breach, but in order to show Black Rose and the others that his website was powerful, it took him an hour to breach his own website. Chen Hao Xuan slapped his desk and said happily, "Chen Hao Xuan's website is really hard to break, it took five days the first time and one day the second time, admire it!"

Black Rose was thrilled to see that Chen Hao Xuan could really break Chen Hao Xuan's website, she thought to herself that with this Li Si, it didn't matter if Chen Hao Xuan wanted it or not, because she thought that if Li Si could break Chen Hao Xuan's website, his computer skills must be higher than Chen Hao Xuan.

Unfortunately, Black Rose would not smile as she said to Chen Haoxuan, "You have passed your interview, from now on you will be a member of our consortium base, I hope you will have a good time at our consortium base."

Chen Haoxuan stood up and stretched out his hands to shake Black Rose's hand, but unfortunately Black Rose did not give him any face, so Chen Haoxuan had to withdraw his hand and smiled awkwardly, "I will have a good time for the sake of a certain beautiful woman."

Black Rose ignored Chen Haoxuan as she shouted to Zhu Ying who was standing at the door, "Old Zhu, take Li Si to arrange accommodation."

"Yes Miss."

Chen Haoxuan followed Zhu Ying out of Black Rose's residence, and as soon as he came out Chen Haoxuan began to inquire about how old Black Rose was, whether she had anyone she liked, etc. This made Zhu Ying even more certain that Chen Haoxuan was in love with Black Rose.

Chen Hao Xuan chose a luxurious wooden house at random, and when he was done he went to choose a beauty queen, he directly chose three beauty queen, he couldn't help but be horny! Among smart people, those who love money and are horny are the best to control.

After Zhu Ying had settled Chen Hao Xuan, he went back to the Black Rose's residence: "Miss, I think the real Li Si should be reappointed because he is horny and loves money, and he has just chosen three beauty maidens. The most - the most important thing is that he likes Miss very much, and he just told Old Zhu that he will definitely chase her down."

"Then tomorrow you tell him to teach the hacking techniques that broke Chen Hao Xuan's website to the other hacking masters, tell them I said so, if he agrees then rehire him, if not, lock him up in the underground base for me and let him make money for us forever." Black Rose said coldly.

"Yes, Old Zhu knows what to do."

The next day, Chen Hao Xuan was called out by Zhu Ying early in the morning, as soon as he went out, Black Rose came to his residence, Black Rose asked those three beautiful girls chosen by Chen Hao Xuan, those three beautiful girls were full of nymphomania and said a big pair of good things about Chen Hao Xuan, what handsome as hell! He was so handsome that he could not be beaten!

The three maidens were full of nymphomaniacs saying good things about Chen Hao Xuan, such as he was so handsome that he would do anything for her.

Chen Haoxuan was taken to a cave by Zhu Ying, inside the cave there was a road that led all the way underground, after walking for almost ten minutes, Chen Haoxuan came to a spacious place where everyone wore eyes and white clothes, and more importantly, everyone here looked as if they were very cultured. Chen Hao Xuan felt that he had arrived in a computer world, as there were advanced computers everywhere, some of which he had never even seen before.

Chen Haoxuan pretended to have a shocked expression and asked Zhu Ying, "Old Zhu, will I be working here from now on?" Ever since Chen Hao Xuan heard Black Rose call Zhu Ying Old Zhu, he had been calling Zhu Ying Old Zhu as well.

"Yes, this is where you will work from now on, they are all your colleagues, don't underestimate them, they are all supreme geniuses like you, so you must not be proud here, or they will make things difficult for you at every turn." Zhu Ying reminded.

Chen Haoxuan pretended to be surprised and said, "Holy sh*t, I always thought that only Chen Haoxuan and I were considered supreme geniuses, but I never thought that everyone here was a supreme genius. But I'm curious, if they're so great, why don't they go and challenge Chen Haoxuan's website?"

With this query from Chen Haoxuan, Zhu Ying felt embarrassed, the hackers from their base were still researching how to break Chen Haoxuan's website until now, but they had never succeeded, and calling them absolute geniuses, this seemed a bit excessive.

Zhu Ying he awkwardly said to Chen Haoxuan, "Actually, they did go and try, but they were unsuccessful."

Chen Haoxuan got cocky, he said bullishly, "They all couldn't break Chen Haoxuan's website, but I can, they all call it an absolute genius, so shouldn't I be called a heaven defying expert?"

"Should be should be." Zhu Ying said with a compensating smile.

"Then let me ask you, my hacking skills are so high, will I be in charge here from now on?" Chen Haoxuan said confidently.

"Li Si, you might be disappointed, all departments of our base are managed by Black Rose, if she is no longer, it will be managed by our chief." Zhu Ying explained, inwardly scolding Chen Hao Xuan for not knowing what was good for him and wanting to be the head as soon as he arrived.

"Then at least have a small official to be?" Chen Haoxuan said discontentedly.

"This is of course, you will have a few disciples, you can make them do what you say." Zhu Ying said.

"Alright, alright! In order to get the heart of a stunning beauty like Black Rose - I'll put up with it." Chen Haoxuan frowned and said.

Chapter 389

When Zhu Ying introduced Chen Haoxuan to those hacker experts in the base, all the hackers looked up to Chen Haoxuan, a group of their hacker experts had attacked Chen Haoxuan's website for over a year without success. And Chen Haoxuan was just one person, and it only took five days, and now it took even one or two hours to break Chen Haoxuan's website, how could this not make them worship. However, if they knew that Li Si was Chen Hao Xuan, I believe they would not worship him like that.

Chen Hao Xuan he really taught those hacker masters how to break his own website, but he had a requirement that those who wanted to learn his techniques had to help him chase Black Rose, otherwise he would not teach. This makes Black Rose even more sure that Chen Haoxuan will not do anything to betray the base, but she feels scared, even fearful, sometimes with a hint of sweetness, a very torn feeling anyway, of Chen Haoxuan's pursuit.

Chen Hao Xuan he had long arranged, he line is to teach those hacker experts how to break his own website, and then let them try, the result put those hacker experts are happy, break Chen Hao Xuan's website is their most wanted to accomplish a year ago dream, did not expect to really achieve. The hacking experts were happy, but the internet users who like to browse the website of the Thousand Buddha Stone Pagoda were not happy, they could get in one minute and then not again.

The situation continued for two days, and on the third day it never happened again. The reason is that Li Mingmei, who is responsible for managing the Thousand Buddha Stone Pagoda website, had the Thousand Buddha Stone Pagoda website upgraded, the method of upgrading was taught to her by Chen Haoxuan, and the time of upgrading was also set by Chen Haoxuan.

Those hacking experts at the underground base all went to Chen Haoxuan, wanting Chen Haoxuan to teach them how to breach the Thousand Buddha Stone Pagoda website again. They all lamented that they had broken the Thousand Buddha Stone Pagoda website, but they had not been able to get their hands on the data of the Thousand Buddha Stone Pagoda website, otherwise they would have been able to replicate a website as strong as the Thousand Buddha Stone Pagoda, and even after learning this technique, they would have been able to create a stronger virus to steal wealth for them.

He pretended to attack the Thousand Buddha Stone Pagoda website for a day and a night, and then told the others that he could not break the Thousand Buddha Stone Pagoda website this time unless he was given six months to do so.

No one suspected that Chen Hao Xuan was lying, because the Thousand Buddha Stone Pagoda website was the highest level website in the world, so Chen Hao Xuan settled down, his job was quite easy, when those hackers encountered difficulties, he just went over to give a hand, and then taught them his skills.

He was very brave. There were only two helicopters and a few speedboats in the base, which were heavily guarded and no one was allowed to enter, but Chen Haoxuan tricked the guards and got into a helicopter with a bag.

When Black Rose saw the red rose petals flying all over the sky she was momentarily frozen, beautiful, so beautiful, and it would have been perfect if there hadn't been the sound of a helicopter. But it was also fortunate that there was a helicopter, the wind from the helicopter kept the sky full of red rose petals from hitting the ground for a long time.

Chen Hao Xuan, after he controlled the helicopter, poured down the red rose petals in a big handful, causing the black roses below to see the sky full of red rose petals. After all the red rose petals were poured down, Chen Haoxuan threw down a long piece of cloth with the words, "The day you fall in love with me, you will be a beautiful and touching red rose.

Seeing the words written on the cloth, Black Rose blushed, but her skin was dark and it was hard to tell without looking closely.

It wasn't long before Chen Hao Xuan was caught by the guards guarding the helicopter and it was he who surrendered himself. He was supposed to be executed, but Black Rose saw that he stole the helicopter and didn't run away, but instead flew the helicopter to scatter red rose petals on her roof, which made Black Rose love and hate Chen Haoxuan at the same time. She hates Chen Hao Xuan because he has the audacity to steal the helicopter for her and fly it to her roof.

What she loved was that Chen Haoxuan dared to steal a helicopter to confess his love to her for her, and made a Lang Manga scenario that made her feel loved.

The deadly crime was forgiven, but the living crime was not. Chen Hao Xuan was tied to a coconut tree by the sea and kept like this for two days without food or water. He was tied to a coconut tree by the sea, where he spent two days in the sun during the day and the wind at night, without food or drink.

The man in charge of security at the base asked Chen Hao Xuan why he hadn't been hurt at all, but he just kept his mouth shut and wouldn't say anything, no matter how he was asked. But once Black Rose asked, Chen Hao Xuan said everything, giving Black Rose face. Once Black Rose heard Chen Hao

Xuan's words, she realised that Chen Hao Xuan had used the magic rope commonly used by acrobatic troupes, so he could leave if he wanted to, and just tie himself up.

Once he let go of Chen Hao Xuan, Chen Hao Xuan began to pursue Black Rose again in various ways. He was the craziest once, he demolished five wooden houses and built a very large wooden house on the beach, which had nothing inside and was empty. Chen Hao Xuan he told the others that it was the auditorium for his and Black Rose's wedding later. When Black Rose found out, she didn't punish Chen Haoxuan, but she tore down the auditorium that Chen Haoxuan had worked so hard to build.

The island where Black Rose and the girls were staying was nice and beautiful, but it was boring and there was nothing new to do. But since Chen Haoxuan came, the whole island has changed and become interesting because Chen Haoxuan comes up with something new every day to woo Black Rose. Zhu Ying, who is now on the verge of becoming Chen Hao Xuan's dedicated buyer, as Chen Hao Xuan asks him to help him go out every day to buy many odd and strange things.

Black Rose would scold Chen Haoxuan severely at first, or teach him a lesson, but Chen Haoxuan was dead set on chasing her, and in the end, she simply turned a blind eye to Chen Haoxuan.

It took Chen Haoxuan a total of half a month to get Black Rose to this level with him, and his unless paid off, the people at the consortium base basically stopped suspecting him. Chen Haoxuan then began to secretly investigate the matter of the Consortium Base, he wanted to destroy it in one fell swoop.

Chapter 390

The bad guys are definitely sentenced, but those hacker masters in the consortium base, Chen Hao Xuan intends to if possible, he will propose the team leader to pull these hacker masters to form a website dragon group, compared to all the Chinese, plus are talented, such talent shot really is a pity.

Chen Hao Xuan, now in the consortium base life is all day to please others, he took a lot of goodies every day to please others, guards, beauty girls, hacker masters, etc., he got a lot of precious information from the mouth of these people.

Originally, Chen Hao Xuan thought that the whole consortium base was on the island, but he guessed wrong, the bit he was in was just a branch, no one had been to their headquarters except Black

Rose, and only Black Rose had been to the headquarters, so if Chen Hao Xuan wanted to go to the consortium headquarters, he would have to have Black Rose lead the way, and it would be a fool's errand to want Black Rose to lead the way. Unless, Chen Haoxuan chased Black Rose down so that he could meet the legendary head of the consortium.

Chen Hao Xuan he was now confident that he could get rid of the consortium base he was in, but if he did get rid of the consortium base he was in, he would alert the snake, and then it would be even harder to deal with the consortium organisation again.

Chen Xiaohua had been on the island for a month when a big shot came to the island, that was Long Shao, the younger brother of Black Rose. Long Shao he heard that there was a bold man who was chasing his sister like crazy, he didn't like his sister, more so he didn't like others being his brother-in-law because he felt as uncomfortable as being ridden by others, so he came to see what kind of man dared to be so bold as to even pick up his Long Shao's sister.

As soon as Long Shao arrived, he yelled at Zhu Ying, "Where is that man who dared to run away from my sister? Tell him to get out."

Zhu Ying quickly ran to find Chen Haoxuan, when he found him, he saw Chen Haoxuan playing with a large group of beautiful girls, he shouted loudly to Chen Haoxuan, "Li Si, Young Long is here, he wants to see you, go quickly."

Hearing Zhu Ying's words, Chen Hao Xuan said loudly to the beautiful maidens he was playing with, "Beautiful and beautiful nymphs, I have something to do, some day I will catch a shark in the sea and give you a taste!"

"Yes, yes, yes! If you don't have one by then, our sisters won't play with you." The group of beautiful girls spoke out one after another.

Seeing that Chen Hao Xuan was so popular with this group of beautiful girls, Zhu Ying couldn't help but frown, this was not a good thing, every beautiful girl wanted to follow Chen Hao Xuan, then who else was going to serve the others.

Chen Hao Xuan followed Zhu Ying to meet Long Shao, when Long Shao saw Chen Hao Xuan just like everyone else, he couldn't help but say in his heart, "Nothing to be so handsome for!"

Zhu Ying he was worried that Chen Haoxuan would say the wrong thing, so he introduced Chen Haoxuan, "Li Si, this is our consortium organization's Long Shao, and also our young lady's younger brother."

Chen Hao Xuan was happier than anyone else to see Young Long, at least he would no longer have to cheat on a woman's feelings, although that woman was not a good person, but he was still overwhelmed. Besides, Black Rose was too smart, with his intelligence he had chased her for a month without taking her down, which made him wonder if Black Rose was homo~sexual. Not so with Young Dragon, he was an incompetent playboy, and Chen Haoxuan could browbeat him and get the information he wanted from him.

Chen Haoxuan bowed slightly and said to Long Shao, "Hello, Long Shao."

Long Shao pointed at Chen Haoxuan and cursed, "You are Li Si who is after my sister? Tell me - what gives you the right to chase my sister?"

Chen Haoxuan patted his chest and said, "On the basis that I have a heart that loves your sister."

Black Rose, who knew her brother was coming, was holding a telescope on top of her hut, and she was wearing a headset on her ear. She had put a bug on Zhu Ying, so she could not only see Chen Hao Xuan and the others, but also hear their conversation clearly.

Long Shao poked Chen Haoxuan's chest with his finger and scolded him, "You're a toad who wants to eat swan meat, I'm telling you, no, as long as I, Long Shao, am still alive, you're not allowed to pick up my sister, do you hear me?"

"Long Shao, you should also know that no one who chases your sister ends up well, right? But why am I fine? Do you know why?" Chen Haoxuan laughed evilly.

"Why?" Long Shao was still really curious, in the past when others liked his sister, his sister thought they were insulting her and killed them all.

"This is a secret of mine, don't believe me, wait here and I'll perform it for you." Said Chen Hao Xuan handing Long Shao a telescope, and admonished, "You can just watch with the telescope here, watch and you will know why your sister didn't kill me."

Chen Haoxuan left, and when he came back all the beautiful girls who had not been chosen to leave were brought by him, and he deliberately took the group of beautiful girls to the beach where they could be seen by Long Shao, and then Chen Haoxuan said he would play a game with them, and the name of the game was kissing.

So, Long Shao saw through the binoculars that the girls were taking turns to kiss Chen Hao Xuan, making him drool with envy. He wanted to kick Chen Hao Xuan away and then take Chen Hao Xuan's place and let those girls take the initiative to give him kisses.

It took a long time for hundreds of beautiful girls to take turns kissing each other, no, it took Chen Haoxuan half an hour to run back. As soon as Chen Haoxuan returned, Young Long grabbed Chen Haoxuan's arm with an excited look on his face and said, "Quickly tell me - how did you get them to kiss you willingly?"

"Young Long, this is a secret, if you want to know, the two of us will go to the cabin and have tea, then I will tell you slowly." Chen Haoxuan said with an evil smile.

Long Shao thought to himself that since all of them were here, Chen Haoxuan should not do anything against him, so he said to Chen Haoxuan, "Okay, but think carefully, if you lie to me, even my sister will not be able to protect you."

"Young Long, look what you said, I wouldn't dare lie to anyone but you, Young Long! Let's go, let's go inside and talk." Chen Haoxuan said happily.

Chen Haoxuan led Young Long into the wooden house where he lived, this time Black Rose couldn't see or hear, and she was also eager to know what that secret Chen Haoxuan was talking about was.

Half an hour later, Chen Haoxuan and Long Shao walked out shoulder to shoulder, and laughed so loudly that if people who didn't know them, they would definitely think they were a pair of good brothers.

When Black Rose she saw such a scene, she questioned to herself, "What exactly is the secret that can make my dog-eyed brother be so close to him in an instant?"
