

A Billionaire's Reincarnation Chapter 391-400

Chapter 391

Not only Black Rose couldn't understand, but also Zhu Ying and Long Shao's men couldn't understand why Long Shao, who was so arrogant and unwilling to chat with lowly people, came out with Chen Hao Xuan hooked up with him.

Long Shao, who had hooked up with Chen Hao Xuan, said happily to Chen Hao Xuan, "From now on, we are good buddies, so if you have any trouble on this island, just report my name."

Chen Haoxuan said happily, "I'm doing well at the base, and no one dares to look for me, so Long Shao doesn't have to think about my safety. On the contrary, you, Young Long, can you really convince your sister to take me out? I think it would be better to teach at the base instead."

Long Shao shook his head and said, "No, you must go out, didn't you just say that? If I want to learn all the secrets of picking up girls, I have to learn them in real life. If I stay here at the base, I won't learn anything because the girls know me and they won't dare to disobey me if I tell them to do anything. As for my sister where, don't worry, I still have the power to take someone out."

"Young Long, you also know that I am chasing your sister, so I don't want to leave for now." Chen Haoxuan pretended to be aggrieved and said.

Chen Haoxuan and the others were almost close to Zhu Ying, so with these words, Black Rose heard them. Hearing that Chen Haoxuan did not want to leave this lonely island for her, she was a little touched.

Long Shao stuck his head into Chen Haoxuan's ear and whispered, "Buddy, I'll tell you a secret, just know it yourself, don't tell anyone. My sister she is a psycho, she never thinks of herself as a woman, she doesn't like men nor women, she has been working out desperately since she was a child, this has made her body hard, even her breasts are hard, such a woman is no fun to play with at all. So I advise my buddy not to go after them, how nice it is to go out with me to pick up girls!"

Chen Haoxuan looked at Long Shao with a shocked expression, he thought to himself, Long Shao wouldn't have banged his sister, would he?

Seeing Chen Haoxuan's expression, Long Shao knew that Chen Haoxuan had misunderstood him, he explained, "Don't misunderstand, my sister is still a virgin till now, the reason I know is because my dad used to let me spar with her, and it was inevitable that I would run into each other when sparring."

"Oh." Chen Haoxuan looked like he had come to a realization and said.

"Then let's put it this way, I'll go find my sister now and ask him to let me have you." Long Shao said happily.

Without waiting for Chen Hao Xuan to agree, Long Shao ran towards Black Rose's residence with a few of his minions. Long Shao's hobby was to pick up girls and his wish was to get away with it and play around in the world of flowers every day. If her sister had not promised to give him Chen Haoxuan this time, he would have flipped out with her sister.

When Black Rose saw her brother running towards her place with a few of his minions, she hurried down from the roof and went back inside.

Before anyone arrived, Long Shao started shouting, "Sister, sister, are you in bad?"

Black Rose sat calmly in her boss chair and said, "Look at you as if you're in a hurry, what the hell is going on too say it!"

All of Long Shao's little brothers were outside the house, only Long Shao entered the house alone, Long Shao said quickly, "Sister, let me have that Li Si!"

Black Rose frowned and chirped, "No, he is the only one whose computer skills are close to Chen Hao Xuan's, he is very important to our consortium organisation, so he can't give it to you."

"Sis, just one person you won't even give to me? To know that I gave you the entire consortium organisation and you refuse to give me even one person, are you - are you doing me justice?" Long Shao said with a very aggrieved look.

As soon as Black Rose heard her brother say this, Black Rose felt embarrassed, his brother was right, the identity of the heir of the consortium organisation was automatically given to her by her brother, otherwise it would not be that easy for her to get the identity of the heir.

He knew his sister's heart was softening, so he stepped up and continued, "Sis, you know my only hobby is picking up girls, and that Li Si is even better at picking up girls than I am, if I had him as my military advisor to advise me, I would definitely have a very happy life. Sister, for your brother's sake to have a happier life, you should give me Li Si!"

"This man Li Si is really important to our consortium organisation, otherwise he would have been killed by me long ago when he chased me many times. How about this, I will give you a few hundred million, women love money, in their eyes flowery words, Lang Manga, warm taste are all floating clouds, money is what can really impress them." Black Rose said.

"Sister, you do not understand the heart of women, others do not say, take you! Although you never think of yourself as a woman, but no matter what you are always a woman, you say that women love money, do you love it? I don't see it, I only see that you love power, because you understand that power can bring you more money, am I wrong?" Long Shao said with an evil laugh.

"You're right, but I still can't say yes anymore, unless you get Dad to agree, don't even think about taking Li Si away." Black Rose said coldly.

When Long Shao saw that he could convince his sister, he thought of the secret that Chen Hao Xuan had just told him: "If a person is cheap, he is invincible". With a poof, Long knelt down in front of Black Rose.

Black Rose stood up with a swish of her eyes and said with a questioning look on her face, "What are you doing? Get up quickly."

"No, I can't afford to get up, I won't get up until you promise to give me Li Si, I won't kneel until I die." The expression on Long Shao's face could have been as sad as it was, but it would have been better if a few tears had been added. Then Long Shao cried out, "Sister, my good sister! I only have you as a sister and you only have me as a brother, why don't you love me at all! I degraded myself for you, if I didn't, dad would have chosen me as the heir, I became what I am now but for you, I sacrificed too much for you, I didn't expect you to treat me like this, if I had known this, I shouldn't have been so nice to you in the first place."

Black Rose hesitated, her brother she knew, her brother could not stand the suffering at first and took the initiative to withdraw from the competition for the heirship, she looked like she despised her brother as a soft egg. But now, listening to her brother's words, she really doubted that her brother had taken the initiative to quit in the first place in order to make her whole?

If it was an ordinary person, Black Rose would definitely give it to her brother without hesitation, but her brother wanted the hacker master who had once broken the website opened by Chen Hao Xuan, and he was counting on this person to help her dominate the entire cyber world!

"You don't say anymore, unless my dad's order, I will definitely not agree." After saying that Black Rose turned around and ran towards the back of the house, and when she was almost at the beach, she jumped into the sea with both feet.

Chapter 392

Long Shao saw her sister jump into the sea to swim in order to avoid him, he said to himself, "Humph, give it to me or just grab it, see what you can do to me."

Long Shao turned around and waved his beating hand, "Let's go." He left Black Rose's cabin with a few of his juniors.

Long Shao he went to look for Chen Hao Xuan, when he found Chen Hao Xuan he saw that Chen Hao Xuan was playing with the group of beautiful girls again, he could tell that the group of beautiful

girls were really happy when they were playing with Chen Hao Xuan. He was envious! He was only eighty percent good at picking up girls, and seventy percent of these women loved him for his money, and only the poor ten percent of women really loved him.

Unlike Chen Haoxuan, all the women on the island love him, and the better Chen Haoxuan is at picking up girls, the more he wants Chen Haoxuan to be his ah's little brother. He walked towards Chen Haoxuan, and as soon as he got close, all those beautiful girls who were playing around Chen Haoxuan left, they were all very powerful young Dragon. Seeing the scared expressions of those beauty girls, Long Shao couldn't help but sigh in his heart.

"Li Si, I'll take you away now, so hurry up and pack your luggage." Long Shao said to Chen Haoxuan.

"Your sister, has she agreed?" Chen Haoxuan asked.

"Can she not agree if I step in? Hurry up! Don't procrastinate." Long Shao was impatient, his sister was still on the island, if his sister found out, he didn't know how his sister would punish him, so he had to trick Chen Haoxuan away as soon as possible, if Chen Haoxuan refused, he would just kidnap Chen Haoxuan away.

"Young Long, wait for me, I will go and say hello to your sister, otherwise she will think that I don't care about him and don't even say hello to her when I leave." Chen Haoxuan said seriously.

"I am Young Long, what you say is an order, now I order you to go pack your luggage quickly." Long Shao said seriously.

In fact, how could Chen Haoxuan not know what Long Shao was up to, he just didn't say anything about it. At the same time, he was also doing it so that he could make Long Shao and the others think that he really liked Black Rose, so that they would trust him more.

"Young Long, if you don't let me go and say goodbye to your sister, even if I go with you, I won't teach you to pick up girls." Chen Haoxuan said stubbornly.

Long Shao he was impatient, he waved his big hand and yelled to the few junior brothers behind him, "Go, grab him and take him away on the helicopter."

Chen Hao Xuan resisted for a while before he was caught, he was pretending to be caught, otherwise with his strength, even thousands of such people would not be his match.

To make the drama more realistic, Chen Haoxuan let out a miserable cry for help: "Help! Kidnapping! Black Rose, my goddess, come and save me."

Zhu Ying, he was Black Rose's man, of course he had to look out for Black Rose, now that Young Long had their man arrested, he was in no position to stop Young Long, so he had to hurry and run to Black Rose.

Black Rose was swimming in the sea! From time to time, she caught some fish with her bare hands and threw them on the shore, ready to cook and eat them at night. "Miss, Miss, something has happened" Black Rose heard Zhu Ying's anxious voice, her body lying on the surface of the water, her hands stroked, while her feet stomped, she swam out five meters at once, such speed is too bad not to go to the Olympic Games.

Black Rose climbed up to her hut and said to Zhu Ying, "What the hell is going on?"

"Miss, go and stop Young Dragon, he's going to take Li Si away now." Zhu Ying said anxiously.

"This damned Young Dragon, he even dares to arrest my people, it's against him." Black Rose took out a Desert Eagle from the drawer of her desk and ran out, still too late, Young Long and the others had already left in the helicopter.

Black Rose she didn't know where his brother was going to take Chen Haoxuan because her brother didn't have a base like she did, her brother was a playboy and ran around the world all year round. With the person taken away, Black Rose wanted to take it out on someone, she turned to Zhu Ying and cursed

angrily, "Old Zhu, thanks to me trusting you so much, you saw my brother take Li Si away with your own eyes, why didn't you stop him?"

Cold sweat suddenly broke out on Zhu Ying's forehead as he guiltily said, "Miss, he is Young Dragon, how dare we subordinates stop him!"

Suddenly a question occurred to Black Rose and she asked Zhu Ying, "Did Li Si go with my brother willingly?"

Zhu Ying shook her head and said, "No, it was Young Long who lied to Li Si, saying that Miss had promised him that she would give him Li Si. But Li Si insisted on going to say goodbye to Miss, and Young Long just wouldn't let him, and finally Young Long got impatient and had Li Si taken away straight away."

Hearing Zhu Ying's words, Black Rose surprisingly felt a hint of sweetness in her heart, and she secretly said, "Li Si didn't even give face to my brother for my sake, it seems that he really loves me? But what exactly does he love about me? Is it because I'm beautiful?"

Chen Hao Xuan, who was now on Long Shao's helicopter, he stopped making a scene, he smiled and said to Long Shao who was sitting beside him, "Long Shao, do you think this is alright, I'll go out with you for a week, I'll teach you everything I know in this week, and then you'll send me back."

"Okay, no problem." Long Shao agreed with an evil smile, he didn't believe that Chen Haoxuan wouldn't be intoxicated by the world of flowers, by then, even if he drove Chen Haoxuan away, Chen Haoxuan might not even want to.

The helicopter landed in a villa by the sea. Chen Haoxuan thought he would stay here for a while, but he didn't expect that Long Shao would be so afraid of his sister, and in order to prevent his sister from finding him, he took Chen Haoxuan away in a car as soon as he got off the helicopter. Long Shao took Chen Haoxuan to Szhou, the city with the most beautiful women in China.

For the next few days, Chen Haoxuan followed Long Shao every day to go to bars, shopping malls and various entertainment. Chen Hao Xuan he saw that woman bad and very casual kind, he praised

that woman in front of Long Shao how good and good, and then proposed Long Shao to pick up, the result is that every time Long Shao succeeded, this can make Long Shao happy.

He likes to pick up women and play with them, but he is a man who is averse to new things and dumps them the next day as soon as he gets his hands on them. How does such a person know what kind of woman he picks up! Chen Haoxuan said yes, and he believed it.

Chen Haoxuan is glad that Long Shao is a man who likes new and old, otherwise his plan would have gone down the drain if he knew about it. Because a really good woman is not that easy to pick up, take Zhang Bening for example! Ma Yichen had been chasing her for years before he got her, and Shen Ruyan, Wang Fuyou and the four of them had been chasing her for so many years, but they hadn't got her until now, so it's hard to chase a good woman! Bad women are different, money is OK.

Chen Hao Xuan and Long Shao live a flamboyant life every day, while Black Rose is looking for them every day. Chen Hao Xuan's hacking skills are too important to Black Rose, so she wants to bring Chen Hao Xuan back.

Chapter 393

With Chen Haoxuan around, Long Shao was getting more and more corrupt. In the half a month that Long Shao had been with Chen Haoxuan, he trusted Chen Haoxuan more than his dad because Chen Haoxuan had helped him create countless happiness.

Chen Haoxuan felt that Long Shao already trusted him, so he asked Long Shao to take him to the various branches of the consortium organisation, saying that he wanted to meet the richest people in the world and at the same time wanted to see the fascinating environment of the branches. After thinking for a while, Long Shao agreed, but he asked Chen Hao Xuan to be as respectful to him as his other minions when he went with him.

Chen Haoxuan really took him there for Long Shao's sake, and he lied to him that he would teach him how to be handsome when he finished touring the entire consortium organisation. Long Shao really believed it, after all, Chen Hao Xuan is ridiculously handsome just the way he looks now.

Every time Long Shao took Chen Hao Xuan to a place, the leader of the group in the Dragon Group would take note of it and send heavy troops to the vicinity to capture the entire consortium organisation in one fell swoop when the time came.

The consortium is not very big, with only five branches, and its headquarters is in a primeval forest. Chen Hao Xuan had been to all the branches of the consortium and his mission was complete. As soon as he and Long Shao returned to the city, he poisoned them and brought them back to the Dragon Group. As soon as he had poisoned Long Shao, the leader of the group ordered all the people of the consortium organisation to be captured and those who resisted to be shot on the spot.

The people of the consortium organisation were powerful, but they had too few experts and were still scattered throughout the branches, so as you can imagine, the battle lasted only an hour, and in one hour the entire consortium organisation was destroyed, with most of the experts standing dead and the leader of the consortium organisation captured. What made the Dragon Team leader most happy was that this operation captured a total of 2 hundred hacker masters, these hacker masters were invited by the leaders of the consortium by all means, some of them were trained by themselves.

Two hundred hackers! Although this number is small, the strength of these two hundred people is comparable to a million people. These two hundred hackers were all captured by the Dragon Group, and the leader of the group even directly taught these two hundred hackers to do good deeds.

Chen Hao Xuan was the most relaxed, others were abused all day as undercover agents, but he ate, drank and played all day as an undercover agent, this is the difference between people.

The Dragon Group got rid of a consortium organisation and everyone was happy, but Chen Hao Xuan was a bit worried because Black Rose had not been caught.

Black Rose, she was lucky, if she hadn't come out to look for Chen Hao Xuan, she would have been a prisoner by now.

I was worried, but with just one Black Rose, no matter how powerful she was, she wouldn't be able to make any waves.

Chen Haoxuan's biggest enemy is gone, only agents like Abel and Miezi are left, these agents are powerful because they have a backstage, but because of their backstage they can't act recklessly. Chen Hao Xuan is now determined to make money, to make lots and lots of money, to be on the list of the world's rich, then, others want to touch him will need to think about the consequences.

The fastest way to make money is not to take money and start a company, but to work with others. Chen Hao Xuan is not like he used to be, he takes some time out of his day to talk business with others, he contributes technology, others contribute money and effort, and he takes fifty-five percent of the shares. Basically those businessmen he approached would agree to his demands because his technology surpassed the 21st world, in addition to working with a genius like Chen Haoxuan, there was no reason not to make money.

Chen Haoxuan he got a circular advertisement, no matter what group or company, as long as they are related to him they must advertise, you advertise this company, I advertise that company, then another company advertises your company Chen Hao Xuan also advertises on the website of the Thousand Buddha Stone Pagoda to so the companies that are related to him, which makes the whole of China's everywhere is the world of advertising, you go to the supermarket to buy something, the supermarket will give you a beautiful bag for free, the material is made of cloth, the advertising on it is painted more beautiful than flowers, which makes many citizens like to carry when they go shopping.

When you go for a taxi ride, there is a beautiful picture book on top of the taxi with a variety of food and goods with descriptions underneath. Go to a karaoke and spend a hundred yuan or more on singing and get a beautiful advertising suit. This advertising suit has dozens of different advertisements on it, each of which is very good looking, so it is not at all ugly, but rather makes people feel very trendy.

Handing out tissues is the most economical way to advertise, you just need to print the advertisements of the goods on the tissues, and then send people to hand them out at every intersection. Chen Hao Xuan spent a huge amount of money on advertising with tissues, all for free. The people responsible for handing out straight tissues were hired as temporary workers, and it was a good deal at 50 yuan an hour.

The various advertisements made the citizens of China aware of those companies in the advertisements, which caused all of Chen Hao Xuan's business to go up a few notches, and it can be said that for the 100 million RMB he spent on the advertisements, he made a billion RMB.

A year later in March, Chen Hao Xuan had been in this world for three years and he was now the richest man in the world, as five of the top ten on the world's charts had already done business with him, in addition to many other big families and big businesses that he had invested in, and his own businesses were even hotter, he could now say that he was doing all kinds of business, except of course illegal ones. He has a small amount of money that he can put aside now, which is about 10 billion US dollars, and is temporarily ranked third in China, not yet in the top 10 of the world's rich list.

But everyone who knows him well knows that he is already the richest man in the world, because his total assets all add up to what could be called a wealthy country, for the time being richer than some small countries, but less so than the big ones. If he took out some money in each line of business, he could put together more than 60 billion dollars, which is 10 billion dollars more than the current richest man in the world.

The 28th of April was the most sensational day in China, as dozens of major companies suddenly announced that their owners were Chen Hao Xuan, along with hundreds of other major groups around the world announcing that they were partners with Chen Hao Xuan and that Chen Hao Xuan was the largest shareholder in their new companies.

Chen Haoxuan disappeared for two years and many people suspected that he had been killed. But to their surprise, Chen Hao Xuan reappeared two years later, and when he did, it was such a sensation, almost two hundred large enterprises had connections with him, such strength even the number one man in the country would need to treat him with courtesy.

Chen Hao Xuan, he felt it was time to go back, comparing his strength was enough and he didn't need to worry about others harming him anymore. As for Abel and Miezi and their agents, Chen Hao Xuan saw them and went over to slap them a few times, as long as they did not leave evidence for them, no one would dare to do anything to him.

Chapter 394

There is another person in China, this ** family may have forgotten, he is not an ordinary person, he is Chen Hao Xuan's brother Chen Hao Rong. Chen Haorong's life is getting worse day by day, he originally had a million dollars, but he lost money in business, and finally even sold his beloved van, and then had no choice but to go to work.

Chen Hao Rong was willing to work, but his wife Fang Zhiyu was not. She was used to a good life, and suddenly she had to live a bad life, how could she suffer? She was willing to go with the rich old

man, but a week later she was back with Chen Haorong because she had been dumped and not given a penny.

The couple could not have been unaware of the sudden announcement of their relationship with Chen Hao Xuan by nearly two hundred major corporations around the world, and the first thing they thought when they heard the news was that God was not fair.

On the day of April 30th, the Chen family village was very busy because just the day before, Chen Hao Xuan had said on the Thousand Buddha Stone Pagoda website that he was returning to the Chen family village on April 30th. So the villagers of Chenjia Village organised a welcoming ceremony, Liu Junfeng, Yang Lin, they who were Chen Hao Xuan's junior brothers, the boss was coming back, how dare they not go to greet him. The mayor of Xinsan City, the governor of Pingyuan County, the wealthy Zhou Xiang of Xinsan City, and many businessmen from all over the world all came to the Chen family village with one goal in mind, to please Chen Hao Xuan and see if they could get the benefits they wanted on Chen Hao Xuan.

The people who welcomed Chen Haoxuan waited at the entrance of the village, but they waited and waited, but Chen Haoxuan had not yet appeared. It was only when the sound of a helicopter came from the sky at 11 o'clock that it occurred to them that Chen Hao Xuan had left by helicopter and would probably return by helicopter when he returned. The welcome ceremony they had made was useless, as Chen Haoxuan was not coming back from the village, so they had to run to the place where the helicopters landed to welcome him.

There were three helicopters in total, but fortunately the area where Chen's village was drying rice was wide enough, otherwise it would have been difficult for the helicopters to land. The doors of two of the helicopters opened, and the first to come down was Lin Hao, Chen Hao Xuan's security chief, followed by Jiang Dong and the others, who came down and stood in two lines in front of the helicopter Chen Hao Xuan was in. He was a big shot, how could he afford his current status if he didn't make a special appearance?

The door of the helicopter opened with a swish and Chen Hao Xuan was still the same Chen Hao Xuan, no change at all. He smiled and waved to the villagers as soon as he got off the helicopter, making it look like a state leader was visiting.

All the people were shouting loudly, "Welcome back Chen Haoxuan, welcome back Chen Haoxuan" They were speaking from the bottom of their hearts, Chen Haoxuan had returned, this would only do them good and no harm, they all wanted Chen Haoxuan to lead them to a good life soon now.

Chen Hao Xuan said loudly to the people who had come to welcome him, "I am glad that everyone has come to welcome me, in order to thank you for welcoming me, I will treat you all to dinner, okay?" Only a few thousand people had come, treating them to a farmhouse meal for tens of thousands of yuan would be enough, and it would still look generous, no less.

"Yes, yes" With a free lunch, who wouldn't say yes.

"Let's all disperse for now! Just come here for dinner when it's 12 noon. I still have things I need to take care of, so I'll leave first and come back to keep everyone company when it's time to eat." Chen Hao Xuan said loudly.

Lin Hao and the others were like two rows of guardrails, escorting Chen Hao Xuan away. Chen Hao Xuan he didn't want to go back to Chen Yina's home this time, because Chen Yina and her family had moved to his villa a long time ago.

Chen Yina, Zhou Ke Xin, Hua Ling Wei, Han Yue Cicada and Jiang Xiang Han, a group of girls who loved Chen Haoxuan deeply, they all waited for Chen Haoxuan at his villa, they waited at the door, they often couldn't help but pad their heels or stretch their necks to look in the distance, when they saw Chen Haoxuan appear around the corner, their longing made them lose control of their bodies, they quickly ran towards Chen Haoxuan, bringing up a burst of fragrance.

"Hao Xuan, you're back, I've missed you to death. Hao Xuan, how come you've been gone for two years, causing me to get lovesick. Brother Xuan, if you don't come back I'm going to post a missing person notice" Chen Yina and the girls hugged Chen Hao Xuan and spoke of their longing for him.

"I miss you all too, it's just that some things have been delayed, and for that I apologize to you all, I'm very sorry." Chen Haoxuan said sincerely.

Hua Ling Wei, who was standing next to her, wanted to go and hug Chen Haoxuan but didn't dare to, she was not Chen Haoxuan's girlfriend. Unlike Chen Yina and the girls, who had the status of girlfriends, no one would say anything if they wanted to hug.

Chen Haoxuan still doesn't know that his relationship with several girls is already known by Chen Yina. Chen Yina has graciously accepted Zhou Kexin, Jiang Xianghan and Han Yuechan, and she wouldn't have a problem if Hua Lingwei also joined her, after all, they are good friends. Isn't there a saying that says, "Fat water doesn't flow to the outside world. But Hua Lingwei just couldn't say it. If she could get rid of her worries, I believe she would live a happy life every day like Chen Yina and the others.

Li Ping, who was standing at the door of the villa waving to Chen Hao Xuan, shouted, "Little Xuan, why don't you come into the house now that you're at the door, come in quickly, Aunt Ping has cooked a lot of delicious food for you."

Chen Hao Xuan he put his arm around Chen Yina and entered the house, if he knew that Chen Yina had accepted Zhou Kexin and the girls, he would have hugged her left and right and entered the house. When he reached the door, Chen Hao Xuan cupped Li Ping's cheeks and gave her a kiss to show that he missed her, "Aunt Ping, I miss you so much, let me give you a kiss."

"Aunt Ping also misses you so much, come, let Aunt Ping see if you've lost weight or gained weight." Li Ping smiled and after looking for a while, she questioned, "How come it's still the same as two years? Nothing has changed at all."

"It's natural." Chen Haoxuan said, he was also eager to change a bit, preferably with darker skin.

"Hello brother-in-law, hello brother-in-law." On the side, Chen Feng and his girlfriend shouted nicely.

"Mmmmmmm, you two have both grown up, it looks like in a few years it will be time to help you with your wedding banquet." Chen Haoxuan joked.

"Brother-in-law, you haven't even married my sister yet, how dare I rush ahead of you!" Chen Feng joked with a slightly red face.

"Soon, as soon as your sister graduates, I will marry your sister." Chen Haoxuan said happily.

Chen Yina shyly secretly pinched Chen Haoxuan's waist, saying it in front of so many people, she was really embarrassed.

Chen Haoxuan he shouted out, "Ouch, Nana, why are you pinching me? Don't you want to get married to me?"

Chen Yina pinched Chen Haoxuan on the waist again, this time openly, and she said sheepishly, "I do want to marry you, but you shouldn't say it in front of so many people!"

Chapter 395

It was now 11 o'clock, time for the noon meal, Chen Hao Xuan promised to treat, so he asked Chen Yue Bin to take more than 20 villagers to the county to buy food, while Li Ping took 50 villagers to prepare the cooking, and many village ** move over to help.

At this time, Chen Hao Xuan is in the villa in the first floor hall and Zhou Xiang chatting with them, Zhou Xiang he to Chen Hao Xuan thumbs up, admiringly said: "Hao Xuan, you are really a dragon among people, a few years to business around the world, but also with so many big companies, with their support, your future achievements are unlimited ah!"

"Hao Xuan, if you have any profitable business in the future, you have to tell me first, I still have tens of millions of RMB to invest!" Hua Tianyu said to Chen Hao Xuan with a smile on his face, don't look at him with a smile on his face, he wasn't joking, he had put together these tens of millions of RMB to buy properties, because he felt that speculating in properties was not as fast as following Chen Hao Xuan to make money, so he sold all the villas and houses he had bought before, leaving only a villa for himself.

"You can buy shares of companies that are related to me! Preferably those that are just starting out, so that you don't make money fast. As for losing money, that is absolutely not going to happen, because as long as the company is related to me, I will not let it collapse, so it will definitely make money. This is something you just need to know. Don't tell anyone else! Otherwise the money we make will be less and less." Chen Hao Xuan said with a smile.

"Hao Xuan, where the hell have you been for the past two years?" Chen Yina, who was sitting next to Chen Haoxuan, couldn't help but ask, she had been thinking about this question for two years, and now that Chen Haoxuan was back, she would go crazy if she didn't ask.

Chen Haoxuan smilingly patted the back of Chen Yina's hand and said, "Can't you see that Lin Hao and the others are stronger than before?"

"You guys didn't just go to exercise to come these two years, did you?" Zhou Kexin questioned.

"That's right, we went to exercise, why I went to exercise, you ordinary people may not understand, but you should understand the saying, people float in the jianghu - there is no such thing as not being stabbed, this saying indicates that the stronger a person is, the more dangerous he or she is, and there is a high possibility of being victimised. Two years ago I was stabbed many times, you should still remember that! So for the safety of my life, and for the peace of mind of all those who care about me, I took my men to exercise for two whole years, and now their strength has surpassed that of human beings, plus I have been developing constantly in the past two years, and now I have few people who dare to mess with me anymore, that's why I took my men to exercise." Chen Haoxuan explained.

Chen Hao Xuan did not reveal his identity of the Dragon Group, after all, in the eyes of ordinary people the Dragon Group was a legend, and it would cause him a lot of trouble if he said it and spread the word. Besides, he was considered an officer, and those who were officials could not do business, which was a rule in many countries, unless he resigned from his official position.

"I don't see how you've changed now, do you? Is it possible that it's Lin Hao and the others who are training, while you've been developing your career?" Hua Ling Wei looked at Chen Hao Xuan and said curiously.

Chen Hao Xuan smiled, he stood up, walked to the TV cabinet, picked up an artwork placed next to the TV cabinet, the artwork was made of silver, it was a fat pig, Chen Hao Xuan picked up the pig made of silver with his right hand, then walked to Hua Ling Wei and gave the pig made of silver to Hua Ling Wei.

Hua Lingwei took it with a questioning face and said curiously, "What are you giving me the white silver pig for?"

"Take a closer look at the white silver pig." Chen Haoxuan reminded.

When Hua Lingwei took a look, she couldn't help but exclaim, "Ah..., this white silver pig was fine yesterday, but now there are several fingerprints!"

With a quick wave of his hand, a transparent silk thread flew out from his sleeve and curled around the white silver pig that Hua Lingwei was holding in her hand. Chen Haoxuan's speed was so fast that Hua Lingwei didn't even notice how the silver pig returned to Chen Haoxuan's hand.

Hua Lingwei was dumbfounded, she looked at her hand and then at the silver pig in Chen Hao Xuan's hand, her brow furrowed, she couldn't figure out why the silver pig suddenly appeared in Chen Hao Xuan's hand when it was clearly in her hand.

Then what surprised Hua Lingwei and the others even more was that the white silver pig was pinched into various shapes by Chen Haoxuan, giving the impression that what Chen Haoxuan was pinching was not silver, but mud.

"You are all now wondering why the white silver pig that Wei Wei was just holding in her hand suddenly appeared in my hand, aren't you? In fact, it was because I was so fast that you guys couldn't see it clearly, that's why you guys felt that the white silver pig appeared in my hand out of nowhere. This silver pig is made of silver, although he is not as hard as iron, it is very difficult for human beings to crush him, basically it is impossible for a normal person to do so, I can do it because of my strength. Now you see! This is what I have achieved in the past two years." Chen Hao Xuan said proudly.

"Hao Xuan, you are really omnipotent, you have not only done business all over the world in two years, but you have also developed a superb martial art, amazing!" Zhou Xiang said in admiration.

"Awesome, really awesome" The others also praised Chen Haoxuan.

Chen Hao Xuan and Zhou Xiang didn't chat with them for long before Li Ping came up to call for dinner. Today's lunchtime dishes were all fried in the front and stewed in the back. Because of the rush, the stir-fried dishes were served immediately, and by the time everyone was almost done eating, the stew would be cooked, so that there would be no delay in the meal.

Everyone in Chen's village went to Chen Haoxuan's to dine, and even quite a few people from the next village came over to dine. Chen Zhenghao and his wife did not go to dine, they did not have the face to eat Chen Hao Xuan's food, they ate at home by themselves, everyone else was eating mountains of food and seafood in the Chen family village where the rice was drying, while they were hiding at home nibbling on green vegetables, poor and pathetic.

Chen Zhenghao and his wife usually have some taste for greens, but today they are eating them in a dull and tasteless way. They look outside from time to time, and their mouths water as aromas come from outside. They are now living in poverty, after all, they can only earn an income by ploughing the fields and they are too old to be taken on by others if they work.

Since the Chen Zhenghao family had fallen on hard times, the people of the village had looked down on them, but as time went on, they began to feel sorry for the couple, who were old and had no one to depend on, no one to help them and no one to feed them.

After lunch, one by one, the characters said goodbye to Chen Haoxuan, who stood at the entrance of the village for two hours before sending them off. With all the guests gone, it was time to catch up with those close to him.

Chen Haoxuan went back to the villa to play with Chen Yina, Zhou Kexin and the girls didn't go back that day, they all stayed at Chen Haoxuan's villa, Chen Haoxuan didn't care, there was plenty of room in his villa. When it was time to sleep, Chen Hao Xuan slept with Chen Yina, but the poor thing was that he had only been in the room for two hours before Chen Yina kicked him out.

Chapter 396

Why did Chen Haoxuan get kicked out by Chen Yina? Apart from Chen Haoxuan and Chen Yina, no one else would have thought of the reason.

Chen Haoxuan turned around and walked towards the room where Jiang Xianghan and Han Yuechan were sleeping, covering his lower body with his clothes as he walked. In fact, he had been so violent that Chen Yina had been made to die by him, and in the end Chen Yina couldn't take it anymore, so she forced Chen Haoxuan out and told him to find another woman. Chen Haoxuan hadn't touched a woman in over a year, so how could he not be fierce?

The next morning, Chen Yina, Jiang Xianghan and Han Yuechan didn't stay in bed, with the excuse that they hadn't slept well last night. Chen Hao Xuan, who was the culprit, personally brought the egg congee to Chen Yina and the girls to eat.

Zhou Kexin, who could see why Chen Yina and the girls had stayed up, secretly blamed Chen Haoxuan for not going to her room.

If Chen Hao Xuan knew what Zhou Kexin was thinking he would be shocked, Zhou Kexin didn't even think about it, she slept with Hua Ling Wei last night, she was Chen Hao Xuan's woman, but Hua Ling Wei wasn't, did she want Hua Ling Wei to watch them do it?

Chen Yina and the girls didn't get up until noon, they were walking differently than usual now, everyone knew it but they didn't point it out.

At noon, Chen Hao Xuan personally cooked a meal for everyone, the food was all brought back by him from the Dragon Group, there were many precious ingredients, 100 years old ginseng, five-clawed golden dragon (always medicinal herbs, it smells good in stew) even bear paws, this bear paw was made by a member of the Dragon Group when he was doing a mission abroad.

Chen Hao Xuan in the kitchen before the dishes are ready, Chen Yina women can not help but to surround the kitchen door, gurgling, swallowing the sound of saliva constantly appear, drooling

there are also a lot of. All kinds of precious things were used by Chen Hao Xuan to make dishes, can it not smell good?

Zhou Kexin she stretched out her finger and poked Chen Yina's back, then winked at Chen Yina and then pointed at Chen Hao Xuan, Zhou Kexin wanted Chen Yina to ask Chen Hao Xuan when the meal would be ready. After Chen Yina understood, she spoke out to Chen Haoxuan, "Brother Xuan, is it ready? When will dinner be ready?"

Chen Hao Xuan turned around and smiled sweetly, saying to Chen Yina and the girls, "Look at your cravings, all good things are not so easy to cook, you'd better go out for a walk to save yourselves from thinking about dinner all the time."

"Xiao Xuan, what exactly did you make? Why does it smell so good! I wasn't even hungry, but when I smell this aroma, my stomach is croaking with hunger." Jiang Xiang Han asked.

"The aroma coming out now is chicken stew, the chicken is an old hen, I put in 100 years of ginseng, five-clawed golden dragon, fresh mushrooms, 100 years of daughter's red, abalone" Chen Hao Xuan kept saying, saying that Chen Yina and the girls' mouths were watering, hundred years of ginseng, hundred years of daughter, these things are very precious, Chen Hao Xuan actually used to cook the dish and put so much at once.

"Xiao Xuan ah! I think this chicken stew is almost done, and our stomachs are already hungry, why don't you let us eat first!" Jiang Xiang Han said what was on everyone's mind.

"Mmmmm, Brother Evil, just let us eat first! Hao Xuan, I'm really hungry" Chen Yina and the girls offered to eat the chicken first.

"You guys are hungry - that's better, didn't there used to be a story about finding delicious food, I remember this, a beggar took an emperor everywhere, the emperor had nothing to eat, he ate wild vegetables all day, then the beggar made a bowl of white rice for the emperor, the emperor ate it and praised it as the most delicious food. So what! The hungrier you are now, the more delicious you will feel when you eat later, so you'd better wait a bit until I've finished all the dishes before you start." Chen Haoxuan said with a smile.

Not being able to eat immediately, Chen Yina and the few of them all pouted their little mouths, expressing their dissatisfaction.

An hour later, Chen Hao Xuan finally brought out a green dish and walked out of the kitchen as he shouted, "Dinner is ready."

When Chen Yina and the girls saw that Chen Hao Xuan had cooked so many delicacies, but now he was bringing out a green dish, they did not give Chen Hao Xuan any face and protested, saying that Chen Hao Xuan was stingy.

"You don't have to despise me, listen to me slowly, this green vegetable is not simple, he is in the best environment the best soil planted, so he is very sweet, I cooked only put oil and salt, although the practice is simple, but this green vegetable must be done this way to be called a delicious food, such pure natural dishes, you don't eat I'll take away! " Chen Haoxuan explained.

The women were already hungry, and when they heard Chen Haoxuan say it was so delicious, they picked up their chopsticks and started to eat: "Wow, it's really delicious! So refreshing and sweet"

Such dishes Chen Hao Xuan had eaten a lot in the Dragon Group, so he didn't grab it from Chen Yina and the girls, he stood next to them, serving Chen Yina and the girls, someone of Chen Hao Xuan's status cooked for his women and served them on the side, saying that he was a good man, Chen Yina and the girls would definitely not say no.

Chen Hao Xuan brought out all kinds of delicacies in the kitchen. He introduced every dish he brought out before allowing Chen Yina and the girls to eat it. It wasn't that they were good eaters, but there were too many of them, and there were only so many dishes, so a little bit for each of them was almost gone.

During the meal, Chen Hao Xuan called Li Ping's family over, and when they finished eating, Li Ping and the others went downstairs, giving Chen Hao Xuan and the others the space.

Chen Yina and the girls were lying on the sofa one by one, doing the same action, holding their bellies, propping up their left hands and rubbing their bellies with their right hands, people who didn't know would think they were pregnant.

Chen Hao Xuan, he went back to his room and carried out several exquisite boxes from his room and gave them to Chen Yina, even Hua Ling Wei had one, Hua Ling Wei got the gift from Chen Hao Xuan, she blushed sheepishly, all the others were Chen Hao Xuan's women, she was the only one who was not, yet she had a gift all the same, it was obvious that she had a certain place in Chen Hao Xuan's heart.

"This is my gift for you all, open it and take a look." Chen Haoxuan smiled and said to Chen Yina and the girls.

Chen Yina, who was the first to open them, had changed a lot, she was no longer as self-conscious as before and had become very cheerful.

Hearing Chen Yina's words, Chen Haoxuan sweated furiously, crystal is a cheap thing, what he gave was a diamond shoe, which he had put together one by one with many diamonds. Chen Haoxuan spoke out and explained, "These are not crystal shoes, they are in diamond shoes, don't make any mistake."

Chapter 397

"Diamonds?" Chen Yina looked at the crystal shoes again and found that they were really made of diamonds, and they were also very thick, using diamonds to make crystal shoes, this definitely belonged to luxury .

"Mine is a white gold necklace." Jiang Xiang Han's voice was tinged with jealousy, she was also Chen Hao Xuan's woman, but Chen Yina's gift was several times better than hers.

"Sister Han, take a look at the proof inside the box again, look at it and you won't see her as a plain white gold necklace." Chen Haoxuan said mysteriously to Jiang Xianghan.

Jiang Xianghan picked up a certificate placed inside the box and knocked it carefully, and no wonder, the few words written at the top were scary enough, the necklace of Queen Catherine Kona: "This is the necklace worn by Queen Catherine Kona? Ho... Ho Xuan, how did you get it, it's so precious."

"It's a secret, hehehe" Chen Hao Xuan smiled smugly.

Next, Han Yuechan and the girls unwrapped their own gifts, each unable to help but let out a gasp of joy when they saw theirs. Each of their gifts was very precious, so precious that they could only use them for their collections, and it was not impossible to wear them out, for fear of attracting thieves.

At 3pm, Chen Hao Xuan took two bodyguards to the super supermarket in Pingyuan County. When he saw the super supermarket he himself was shocked by the scene in front of him, there were too many people coming to shop, a sea of people, there were several buildings nearby, but now they were all gone, replaced by a wide square, outside the square there were all kinds of small games, but no one was putting up snacks for sale. "I haven't seen it for two years, it has already developed to this extent, it seems I wasn't wrong about Liu Junfeng in the first place." Chen Haoxuan looked at the consumers coming and going and muttered to himself.

Chen Hao Xuan he led these two bodyguards into the super supermarket, he was wearing sunglasses so no one had recognised him yet. As he walked around, he found that Liu Junfeng had kept the supermarket in good order. Although the furnishings were a bit poor, Chen Hao Xuan would be satisfied if he put aside his future century view and looked at it from a 21st century view.

After taking a drive around the supermarket, Chen Haoxuan took his two bodyguards to look for Liu Junfeng. What Chen Haoxuan didn't expect was that the former office was gone and had been turned into a place for selling nutritional products, Chen Haoxuan found a waiter and asked him about it before he realised that the office had been moved to the top floor and the other floors were used for shopping.

Chen Haoxuan took the lift to the top floor and when he reached the top floor, as soon as the lift door opened, Chen Haoxuan heard a pleasant voice: "Hello, welcome to the supermarket office, may I ask which one of you gentlemen is looking for?"

Chen Haoxuan straightened his suit, stepped out of the lift and said to the receptionist lady who was right in front of the lift door, "I'm looking for your general manager, Liu Junfeng."

When the receptionist heard that the visitor was looking for their general manager, she spoke in a more polite tone, "Do you have an appointment?"

Chen Haoxuan took off his glasses and smiled at the receptionist, saying, "I am your boss Chen Haoxuan, I shouldn't need an appointment, right?"

Seeing that it was Chen Haoxuan, the receptionist was so frightened that her face turned a little pale, she squeaked and said to Chen Haoxuan, "Old - boss, the general manager and the others are having a meeting, shall - shall I go and call him now? "

Chen Hao Xuan waved his hand and said, "No, let him come to me when he finishes the meeting! By the way, where is the hospitality room?"

"Boss, this way please." The receptionist lady personally took Chen Haoxuan and the others to the waiting room to wait for Liu Junfeng.

Liu Junfeng didn't know what kind of meeting he was having and didn't come out until most of the hour, as soon as he left the meeting room, the receptionist's hurriedly ran to him and said anxiously, "General manager, the boss is here, he's waiting for you in the waiting room, go quickly."

"Yes, I know." Liu Junfeng walked quickly into the waiting room and saw Chen Haoxuan and the three of them drinking coffee, Liu Junfeng happily said to Chen Haoxuan, "Haoxuan, you suddenly came to see me today, is there a new assignment?"

Chen Xiaohua shook his head and said, "No, I just came to see how well you've managed the supermarket and casually ask again how many branches you've opened for me?"

Liu Junfeng went out and said, "Hao Xuan, it's better to go to my office to talk!"

When he came to Liu Junfeng's office, Chen Hao Xuan sat on the boss's chair that Liu Junfeng usually made, while Liu Junfeng stood in front of Chen Hao Xuan and reported his work: "Hao Xuan, the business of the supermarket is very good now, so good that all the people in the same business are red in the eyes, and the management is also very good, basically every employee works very seriously, after all, where the welfare is placed, if you don't work seriously and can't get the welfare you will also be. After all, the benefits are there and if you don't work hard enough to get them, you'll be fired. In addition, ten branches of our supermarket have been opened, the number is small but each one is as big as the supermarket in Pingyuan County."

Chen Hao Xuan nodded in satisfaction and said, "Well, not bad, although it didn't meet my expectations for you, but think about it, it's already very good that you, a new learner in business, can make it this far, cheer up, I think very highly of you, I hope you can open my supermarket to every corner of the world."

Liu Junfeng sweated furiously, in the eyes of others he was a genius, many people said so, he himself also thought so, but in Chen Hao Xuan's case, it was average. Liu Junfeng was definitely not convinced, but Chen Hao Xuan's skills were so much better than his that he couldn't help but be convinced!

"Hao Xuan, don't worry, I will continue to work hard and won't disgrace you." Liu Junfeng respectfully said to Chen Haoxuan, they were now talking about business matters, they couldn't be as cheeky and immodest as usual.

"Well, you go on with your work! I'm going to Xinshan City to take a look at Yang Lin and see how far that kid has developed." Chen Haoxuan said.

Chen Haoxuan left the super supermarket and he took his two bodyguards to Johor Bahru City, Chen Haoxuan he liked to visit secretly, he didn't know where Yang Lin had opened his entertainment places but he could find them because he had heard that Yang Lin had put the first word in front of the names of all the entertainment places with the word Chen in it, he had heard that he did this to show his respect for Chen Haoxuan.

Chen Haoxuan soon found a Chen's bar with the word Chen at the top, obviously it was his business, probably because it was daytime! The business inside the bar was average. Then Chen Hao Xuan looked

at several bars, nightclubs, game halls in succession and found that business was going well, so he wondered if it would be very hot at night.

Chen Hao Xuan came to a nightclub and asked for a private room, ordered many drinks and dishes, then called Yang Lin, who came soon after receiving Chen Hao Xuan's call.

Yang Lin pushed the door in, "Hao Xuan, my good boss and good brother, you've finally come to see me."

Chen Haoxuan happily said to Yang Lin, "Sit down, let's talk while we eat."

Chapter 398

At this time, an elegant beauty walked in outside the door, this beauty looked at Chen Haoxuan with an evil smile and walked step by step towards Chen Haoxuan: "Chen Haoxuan, have you missed me!"

"Ye Xiaonuo, why are you here?" Chen Haoxuan was a little surprised.

Ye Xiaonuo was not polite at all, she directly did next to Chen Haoxuan, also, how could she be shy as a big sister of a gangster, she said to Chen Haoxuan in a delicate voice: "You haven't called me for two years, did you forget about me?"

"No! I was just too busy, don't believe me, ask Yang Lin and the others, I likewise didn't call them." Chen Hao Xuan seriously to Ye Xiao Nuo, said, Ye Xiao Nuo is not an ordinary woman, anger her, you will not have a good day.

"Chen Haoxuan, I've helped you a lot in the two years you've been away, how do you plan to repay me? How about you just give your body in return!" Ye Xiaonuo smiled wickedly at Chen Haoxuan.

Chen Hao Xuan looked at Yang Lin in confusion, and Yang Lin hurriedly explained to Chen Hao Xuan, "Hao Xuan, actually it's like this, doing these businesses in entertainment places is very profitable, but it's too chaotic, and it's easy to get into trouble, the police want to investigate, the gangsters cause trouble, etc., so people generally don't dare to do it. The reason our business is so good is thanks to Miss Ye's help, otherwise our business would have been smashed long ago."

"Did any police come to trouble you?" Chen Hao Xuan frowned and asked, he remembered that the leader of the Dragon Team had already greeted the mayor of Xinsan City, it was impossible that there would still be people police coming to look for trouble, could it be that Yang Lin and the others had done illegal business?

"No, I don't know what's going on, our business hasn't been cracked down by the police, probably because we're not doing illegal business!" Yang Lin explained.

Chen Hao Xuan turned his head to Ye Xiao Nuo and said, "Ye Xiao Nuo, thank you for your help to us, in order to thank you, I would like to invite your Ye Qing Gang to join our entertainment business, let's make money together! I don't know if you are willing?"

"We're out to make money, to go the regular way - of course we'd love to, but it's too big, I need to discuss it with my father." Ye Xiaonuo said excitedly, this was a big credit, her dad would definitely think more highly of her in the future.

"Ye Xiaonuo, there are conditions for you to join us, there is only one condition, you can't do anything harmful to people, for example, you can't gather a crowd, you can't sell drugs such as flour in our entertainment venues, forcing good people into prostitution is even more not allowed, if I do this to you like this, I will make you sit in labour for the rest of your lives, can you do it?" Chen Haoxuan seriously said to Ye Xiaonuo.

"Of course I can, we used to sell flour, we were all forced to do so, who would do those inhumane things now when there is a way to live." Ye Xiaonuo said.

"That's fine, give me a call when you've discussed it with your dad, my phone number is still the same as before, I turned it off before because I was too busy." Chen Haoxuan said.

"Mm-hmm." Ye Xiaonuo said happily, she came over with Yang Lin just to meet Chen Haoxuan this time, she didn't expect to get such a good opportunity to do business with Chen Haoxuan, everyone knew that working with Chen Haoxuan would only make money and not lose money.

Chen Haoxuan turned his head to Yang Lin and said, "Yang Lin, tell us how is your development now?"

When it came to development, Yang Lin couldn't help but get excited and he said happily, "Hao Xuan, you probably don't know yet! We now have a monopoly on the entertainment business in the entire city of Xinshan, don't think that we are using violent means to smash the business of other fellow businessmen, we are not doing that. The reason our business is so good is because the entertainment places we have opened are safe, no one dares to cause trouble, plus the equipment is good and the environment is good, so many people like to come to us.

We have opened more than two hundred bars, fifty game halls and ten luxurious nightclubs"

"Well, I can't imagine that you are better at business than Liu Junfeng, tell me! What do you want? Even if it's my reward for you." Chen Haoxuan patted Yang Lin's shoulder and said gratefully.

Yang Lin thought for a moment, then happily said to Chen Hao Xuan, "Hao Xuan, if you don't mind send me a villa and a luxury van like the Flying Man." Yang Lin said he felt embarrassed, a villa of several million, in addition to a luxury van like the Flying Car Man is modified, the exact amount of money do not know, but no less than five million.

"Hehehe, I didn't expect you to have such a big appetite! But I promise, I'll send you a villa, plus send you the van I asked Speedy to give you his." Chen Hao Xuan was very quick to say, a villa is not much money, not enough, as long as the talent is there, it can help him earn more money. As for Speedy's van, Speedy didn't want it long ago, ever since he learned to build a new motor from Chen Haoxuan, he had thrown aside the van he used to use, he was now working on his new car all day, so if Chen Haoxuan asked Speedy for that van, Speedy would definitely give it to him.

"Hao Xuan, come let me toast you, you're too generous." Yang Lin said excitedly. There was no shame in working under Chen Haoxuan, but rather it was very cool, so cool that you wanted to work for Chen Haoxuan for the rest of your life.

Ye Xiaonuo, who was pestering Chen Haoxuan, smiled delicately and said, "Chen Haoxuan, I want a present too?"

Chen Haoxuan felt a headache as he turned to Ye Xiaonuo, with a bitter face, and said, "What do you want? Is it diamonds or gold?"

Ye Xiaonuo boldly stuck her head over and said to Chen Haoxuan, "I want you to give me a kiss."

Before Ye Xiaonuo could say it clearly, Chen Haoxuan quickly gave Ye Xiaonuo a kiss on her cheek and said, "Is that okay?"

Ye Xiaonuo shook her head discontentedly and said, "No, I let you kiss my mouth, not my cheek, so it doesn't count, you have to kiss my lips."

"Ye Xiaonuo, stop it, so many people are watching! How embarrassing it is to spread out!" Chen Haoxuan said awkwardly.

Hearing Chen Haoxuan's words, Ye Xiaonuo's rogue character came back as she huffed, "Humph, who dares to spread the word, I'll take the whole Ye Qing Gang to his house as guests."

"Yang Lin, come on, let's drink,, cheers." Chen Hao Xuan ignored Ye Xiao Nuo, there was no way, this woman had taught him two years ago, she was even more terrifying than Shen Ruyan.

"Chen Haoxuan." Ye Xiaonuo was annoyed that Chen Haoxuan dared to ignore her.

"Cheers." Chen Haoxuan raised his glass again to drink with Yang Lin.

Seeing Chen Haoxuan drinking one glass at a time, Ye Xiaonuo suddenly thought of a brilliant idea, and she said secretly in her heart, "Drink up! When you're drunk, I'll take you back, then we'll see how you can still be lazy when the raw rice is cooked."

Chapter 399

Chen Hao Xuan's body was so strong that he felt unbelievable, how could this little bit of wine possibly get him drunk, so before Chen Hao Xuan could drink, Ye Xiaonuo was already lying unconscious on the table.

There were no other women here except for Ye Xiaonuo herself, all of them were a group of masters, so Chen Hao Xuan did not feel comfortable asking other people to take advantage of Ye Xiaonuo while she was unconscious, so Chen Hao Xuan simply sent her back himself.

After Chen Haoxuan put Ye Xiaonuo back on, he went to look at his other businesses in Xinshan City. Although the people he worked with were trustworthy people, it didn't mean that they could do their jobs well, so Chen Haoxuan needed to go and see if they had any mistakes.

The All Energy Mobile Group, so big that even Chen Hao Xuan was surprised that he hadn't finished shopping for a few hours. If he wanted to shop around the entire All Energy Mobile Group, he wouldn't be able to finish it without a day. When it was almost evening, Chen Hao Xuan did not want to stroll around anymore, he felt that he had almost seen enough, so he called Zhang Tianqi out to learn about the situation of the All Powerful Mobile Group.

Chen Hao Xuan felt good after learning about All Mighty Mobile at Zhang Tianqi's place, so he took his two bodyguards and left. But when the car Chen Hao Xuan was in drove up to the entrance of the All Powerful Group's headquarters, it was stopped by a woman who was wearing jeans, green casual clothes and boasting a designer bag on her shoulder. She was standing in the middle of the gate of All Powerful Mobile's headquarters with her hands spread wide in a desperate stance.

The bodyguard driving the car stopped and said to Chen Haoxuan without looking back, "Boss, there's a woman blocking the road in front of us." A professional bodyguard would not turn back,

because the moment he turned back to talk to someone, he would probably be killed by someone else, if there was no one in front of him, then there was no problem.

"Xiaodou, go down and see what's going on?" Chen Haoxuan shouted to the bodyguard sitting on the passenger side.

The bodyguard called Xiaodou got out of the car and he said loudly to the woman who was stopping the road, "Hey, why are you stopping our car if you have nothing to do?"

The woman** shouted loudly, "Chen Haoxuan, come out."

Chen Haoxuan was stunned, his voice sounded familiar, but he couldn't remember for a while. Chen Haoxuan opened the door, got out of the car and walked towards the woman who had stopped the car. time to play house with you."

"Chen Haoxuan, I know I'm cheap, I keep pestering you and making you hate me. But what can I do, I can't help but come to you because of my longing for you. Do you know what? You were away for two years and in those two years I kept changing myself because I knew that all the girls you were involved with were Chinese, so I thought you only liked Chinese girls. To make you like me, I studied your Chinese culture, I dyed my blonde hair black and I wore special contact lenses so that my eye holes were black like yours. After all I've done, I just want to beg you to give me a chance, can you?" Leah's voice was pitiful with the vicissitudes of crying.

Leah's current Mandarin was indeed very standard, and with her current dress, I was afraid that even Chen Hao Xuan would not be able to tell that she was a foreigner if she did not say that she was a MiG.

People are all the same, the more they can't have something the more they want it. When she first just wanted to have fun with Chen Haoxuan, but she was rejected by Chen Haoxuan again and again, she was mad, no one would treat her like this, she was not convinced, she wanted revenge, and the way to get revenge was to make Chen Haoxuan fall in love with her. She waited and waited until one day when she was watching a TV drama she saw the female lead in the drama say, "If you want to know who you love, think about who you think about most, if you think about the same person every moment, then that person is your the person you love the most."

Because of these words, Leah knew that she was really hopelessly in love with Chen Hao Xuan, and although she waited for a long time, she felt that this was very Langman, think about it! You wait for someone for two years, and then two years later you see the person you've been waiting for for two years, isn't that a great feeling? The first time I saw him, I saw him.

Chen Hao Xuan turned around and waved to Xiaodou, saying, "Xiaodou, let's go."

Chen Haoxuan returned to the car and said to the bodyguard in the driver's seat, "Drive, let's see if she's tired of living." Women are timid, Chen Hao Xuan knew that, so Chen Hao Xuan deliberately let the bodyguard drive, he thought that when the car was about to hit Leah, Leah would be afraid of being hit, so she would hurry to let look.

Leah she was afraid of being hit, but she chose to close her eyes to love in order to suppress her fear.

With a magnetic sound, the car stopped, and the bodyguard driving the car, with a bitter face, turned back to Chen Haoxuan and said, "Boss, she won't let drive - what should we do?"

"Holy sh*t, if you want to die somewhere else, why do you have to come here to die." Chen Haoxuan cursed and got out of the car.

Chen Haoxuan walked up to Leah's heels, grabbed Leah's waist with both hands, lifted it upwards, and then just held it up. He kept his hands worthy as he lifted, because he didn't want Leah to touch him.

When Leah saw Chen Haoxuan lifting her, she was so frightened that she shouted in panic, "Ah..., what are you doing, put me down."

Chen Haoxuan lifted Leah to the security room at the entrance, he lifted Leah inside, then came out himself and closed the door, he said to the security guard watching the door at the entrance, "Wait until I leave before you let her out, got it?"

This was Chen Hao Xuan, their great genius boss, his words were like holy orders, how dare they, the security guards, disobey. One of the security guards excitedly said to Chen Haoxuan, "Boss, don't worry, we won't let her out until you leave."

Leah, who was locked in the security room, kept slamming the door and shouting, "Chen Haoxuan, Chen Haoxuan, let me out, Chen Haoxuan, don't you leave, let me out"

Only after Chen Haoxuan left in his car did the security guard let Leah out. Leah came out with tears streaming down her face, she was a titled Miss Qianjin chasing a man backwards, and her repeated failures nearly broke her weak heart.

Many people knew about Leah's love for Chen Haoxuan, even Leah's family. When her family found out that she liked Chen Haoxuan, not only did they not stop her, they also urged her to take the initiative to pursue Chen Haoxuan, and whatever support she needed, her family would give it.

To a large family like Leah's, it is hard to make it big without a strong partner, so Leah's family wanted to rely on Chen Haoxuan's strength to set their family on the path to glory.

With the support of her family, Leah believes even more that she has made the right choice, and she has secretly vowed to get Chen Haoxuan's love.

Chen Hao Xuan went back to the Chen family village and would continue to visit other businesses tomorrow, he was a man of the world, he would do what he did or not, he would do what was best.

When he returned to the Chen family village, Chen Hao Xuan had dinner and chatted with Chen Yina and the girls for a while before going to rest.

The next day, Chen Hao Xuan got up early in the morning, not because he didn't want to sleep, but because the noise of Lin Hao and the others training was so loud that he couldn't sleep. So Chen Hao Xuan got up, brushed his teeth and washed his face, went to the rooftop to play Tai Chi and then had breakfast.

After breakfast, Chen Hao Xuan took his two bodyguards out again, this time with Jiang Xiang Han and the girls, who wanted to stay with Chen Hao Xuan, but they were also afraid of gossip, so they were determined to go back to Johor Bahru.

Once they arrived in Johor Bahru, Jiang Xiang Han and the girls separated from Chen Hao Xuan, and they went back to their own homes. And for some reason Chen Hao Xuan told the bodyguard driving the car to stop and then said to Xiaodou who was sitting on the passenger side, "Xiaodou, get out of the car and go and invite all the people who are parked behind our car in the fifth car, if they don't come, you will do it the hard way."

Chen Haoxuan he had noticed early on that someone was following him, and he wanted to see who was so bold as to follow even him, Chen Haoxuan.

Xiao Dou got out of the car and soon he brought two people to Chen Haoxuan's window, one was a middle-aged man and the other was Leah, who Chen Haoxuan was even afraid of.

"Hi, Chen Haoxuan, good morning!" Leah was not at all ashamed of her stalking behaviour, and she greeted Chen Haoxuan happily.

Chen Haoxuan lowered the car window and coldly said to Leah, "Do you think that your family's Feiteng Group is so strong and big that you think I wouldn't dare to do anything to you? Listen carefully, I don't even put your family's Feiteng Group in my eyes, so don't make me angry or I will make your family's Feiteng Group close down within a week, and if I can't do that, I will give you all of my family's assets."

Leah's face paled with a swish, she had lived a carefree life since she was a child, if her family's Feiteng Group closed down, then she would never be able to use her name tag again. She knew the strength of Chen Hao Xuan, five of the top ten richest people in the world were in partnership with Chen

Hao Xuan, plus there were many other big companies that Chen Hao Xuan worked with, each of which was more powerful than their Fei Teng Group, so if Chen Hao Xuan really wanted their Fei Teng Group to close down, it would be 100% possible.

Leah, she sat down on the floor and cried, "Chen Haoxuan, why do you hate me so much and don't even give me the chance to love you, oooooooooo, can you tell me?" Leah was crying really sadly, and Chen Hao Xuan's bodyguard couldn't bear it anymore.

"Boss, I think it's better to forget it!" Chen Hao Xuan's bodyguard couldn't help but speak up for Leah, he thought that if Leah loved him, he would definitely be touched by Leah.

"You are not allowed to bother me again, let alone force me, or your family will be ruined by you." Chen Haoxuan coldly said to Leah.

Chapter 400

"Don't drive yet." Chen Haoxuan yelled at the driver who was driving.

Chen Haoxuan left, leaving only Leah and the private detective she hired, she sat on the floor crying, her heart really hurt and hurt by Chen Haoxuan. She thought Chen Hao Xuan would reject her and even scold her, but what she never expected was that Chen Hao Xuan would threaten her with her family's business, she couldn't figure out or understand what was wrong with her that made Chen Hao Xuan hate her so much? Was it just because she was a MiG?

The private detective Leah hired spoke out, "Miss Leah, it's his loss if he doesn't accept you, don't be sad, you are so beautiful and kind, you will find a better man than him in the future."

"A better man than him? Is there one? Is there really one in this world? I really can't think of another man as good as him except him. In fact, I know that he treats me like this because he doesn't want to hurt me, but he doesn't know that the more he treats me like this, the more I like him." Leah cried.

The private detective asked curiously, "Miss Leah, what makes you say that? Would you say such a desperate thing if he didn't want to hurt you?"

"And you're a private detective! What kind of detective are you if you don't even understand this. Just think about it yourself and you will understand that if I keep on loving, I will delay my life, or to be more serious you can say ruin my life. He does it for my own good, so he deliberately makes me hate him so that I love him less, no - but I'm not sure that if I keep pestering him, will he really strike a blow at my family's business?" Leah explained sadly.

"Miss Leah, whether he will strike a blow to your family's business or not, you should not pester him, after all, he already has a girlfriend, and if you insist on pestering him, isn't that a clear attempt to break them up?" The private detective, advised.

"I know that too! But I just love him so much - what's the alternative? I'd be devastated if you told me to give him up, I'd lose motivation for life. I remember something my dad told me, that people are selfish, so it's not wrong for me to pursue my happiness." Leah cried.

On Chen Hao Xuan's side, his two bodyguards were blaming him, "Boss, why did you just do that to Leah! No matter what, she is still pestering you because she loves you! If you don't like her, you can just ignore her, there's no need to force her with her family's business!"

"Right! You know, boss, when you said that, that Leah's face went white, I think she was hurt by you."

"What do you two know, you say I ignore her and that's it, but let me ask you - when have you ever seen me ignore her? I just did that for her own good, and for my own. If she keeps going on like this, there's a good chance that my girlfriend will get the wrong idea and she'll keep getting her feelings hurt, and to fix it, I have to let her die of loving me." Chen Haoxuan explained.

"Boss, you're a big shot, it's normal to have three wives and four concubines, so why don't you just take her! She's a big beauty anyway." The bodyguard who was driving the car raised his voice and suggested.

"There are plenty of women who like me, if I f*ck those women who like me and are pretty, then I definitely won't survive more than a few days." Chen Haoxuan said seriously.

Xiao Dou, who was on the passenger side, turned back to Chen Haoxuan curiously and asked, "Boss, why is that?"

"You think, if there are many, many women and you that, your even a hardcore will be ground into a needle, so one doesn't have too many flings, understand?" Chen Haoxuan said with an evil smile.

Suddenly the bodyguard driving the car spoke out, "Boss, the car Miss Leah was in just now seems to be following us again."

Chen Haoxuan looked back and saw that it was really Leah, he shook his head helplessly and said, "Pull the car over to the side of the road."

The car stopped at the roadside, and the car Leah was in stopped directly in the middle of the road, so it seemed that it was really here to find Chen Haoxuan.

Chen Haoxuan got out of the car, and he leaned on the roof of the car, looking at Leah who was running towards him with helpless eyes.

When Leah saw Chen Haoxuan, she smiled happily, perhaps because she had figured it out! She ran quickly towards Chen Haoxuan and she shouted happily, "Chen Haoxuan."

At that moment a racing car was coming fast, Chen Haoxuan noticed it too late and the car drove into Leah, he hurriedly warned Leah, "Leah, be careful of the car." At the same time, he quickly ran towards Leah, trying to save her.

A normal car would have slowed down when it saw someone in the road, but this car didn't, it went faster.

Leah, she didn't stop, she just didn't believe that someone would dare to hit her, after all, it pays to hit someone to death. Leah was knocked off her feet with a loud bang.

The car hadn't slowed down in the slightest, which made one suspect that it was a murder case.

Chen Haoxuan he caught Leah who fell from the air, he was ashamed that he did not save Leah, at the same time he complained why he was not more attentive, if he had noticed it earlier, Leah would not have been in trouble.

Chen Haoxuan angrily yelled at his bodyguard, "What are you waiting for? Go after the murderer and remember, I want him alive."

Chen Haoxuan's bodyguards hurriedly drove after the racing car, and the private detective Leah had hired also went after it.

Chen Haoxuan suddenly thought, how could he take Leah to the hospital when the car was gone, he was in a hurry when Leah opened her eyes, she weakly said to Chen Haoxuan, "Chen... Chen Haoxuan, I... I came to say I've decided that I'm going to go back to Rice and never come to China again. I came to see you because--it's to ask you to fulfill my one wish, to kiss me, your kiss will make me feel happy, so I want to leave China with happiness."

"I promise." Chen Haoxuan agreed readily, a kiss was just a kiss, no big deal.

Coughing, Leah coughed a few times, it was fine if she didn't cough, once she coughed blood was left out, which indicated that she had suffered a serious internal injury.

"Are you okay? You have to hold on, I'll take you to the hospital now." Chen Haoxuan said with concern.

Chen Haoxuan he was furious, normally there were so many cars coming and going on the highway, but now he had waited for a few minutes without seeing one.

Leah she was feeling very sleepy now, she couldn't feel her body, she knew she was going to die, she wasn't willing to die like this, Chen Haoxuan hadn't even kissed her yet! She hurriedly said to Chen Haoxuan, "Chen Haoxuan, I'm dying, quick - kiss me, leaving with your kiss may be the happiest time in my life." Leah spat out a few more mouthfuls of blood after she finished speaking.

Chen Haoxuan put Leah on the ground and let her upper body lean against his embrace, he took Leah's wrist and took her pulse, Leah's pulse was already weak, so weak that she could barely feel it.
